## The Strike Bug is in the Air

### BOLSHEVIST SCHEME FOR GENERAL STRIKE IN GREAT BRITAIN AND IRELAND BEING OPENLY PLANNED

General Demand for 44 Hour Week in Vicinity of London; Parliament Which Meets Today Faces Ever Growing Menace; Important Program for Legislative Body.

(Special to The News via G. T. P. Telegraphs.)

London, February 4.—Every trades union worker in the vicinity of London will go on strike Thursday unless the Government enacts a 44-hour week law, it was announced today. The decision was reached at a meeting of union representatives last night.

London, February 4.—The Reconstruction Parliament convenes today with a large portion of the country's workers attempting to take reconstruction into their own hands. As the organization of the newly elected legislative body gets under way, Great Britain and Ireland face the constantly growing menace of a general strike, which is frankly admitted by many of its instigators to be the first attempt toward socialism of the national industries under a Bolshevik regime. The vital questions which this parliament must pass on are: Ratification of the peace treaty, settlement of the general strike, the definition of its attitude toward the Irish Republic, and the adoption of a general reconstruction program.

### BOLSHEVIKI WANT PEACE

Lenine Says They Will Pay Debts In Order to Stop the War.

(Special via G. T. P. Telegraphs.)

New York, Feb. 4.—The Russian Soviet Government wants peace and is willing to make concessions to get it but if the Allies insist on war, the Soviet will fight to the end, Premier Lenine declared in a copyrighted interview published here today.

Lenine said the Soviets were inclined to pay the debts of the old regime, if by that means war can be stopped.

Asked what he thought of Russia's eligibility to the League of Nations, Lenine replied that they are not forming a league of nations but a league of imperialists to strangle nations."

### SEATTLE TIED UP BY STRIKE

Seventy Thousand Workers are Affected By Decision to Drop Tools in Sympathy With Metal Men.

(Special via G. T. P. Telegraphs.)

Seattle, Wash., Feb. 4.—All immediate hopes of averting a city-wide strike of the majority of the 125 labor organizations, involving the greater part of 70,000 workers this morning at 10 o'clock, was abandoned late yesterday when Attorney George Dunworth, Chairman of the Citizen's Industrial Relations Committee, announced that the committee had discontinued mediation sessions. The committee, he said, could not see that it could be of further assistance in averting a strike.

A general sympathetic strike had been called on the question of 25,000 striking metal trades workmen, who left the shipyards and contract shops here on Jan. 21.

A general strike at Tacoma will occur at 10 o'clock Thursday, Feb. 6th, if at all. The Central Labor Council at a meeting yesterday advancing the proposed hour from Tuesday to confirm with the action by the labor unions at Seattle.

### REORGANIZED LAND SETTLEMENT BOARD

Maxwell Smith Retires and Place Is Taken as Chairman By M. H. Nelems.

Victoria, Feb. 4.—Melbourne H. Nelems has been appointed chairman of the British Columbia Land Settlement Board, succeeding Maxwell Smith. The reorganized board will have a membership of three, C. R. Ward and F. R. Dehart being the other members.

### SOCIAL HYGIENE PROGRAM FOR CANADA OUTLINED AT MEETING HELD IN OTTAWA

NUMBER OF VERY IMPORTANT RESOLUTIONS PASSED AT GATHERING LOOKING TO THE SUPPRESSION OF COMMUNICABLE DISEASES—AMENDMENT OF CRIMINAL CODE PROPOSED

(Special to The News via G. T. P. Telegraphs.)

Ottawa, February 4.—The first step toward the organization of a social hygiene program for Canada were taken when representatives of a number of provinces met here at the call of Acting Premier Sir Thomas White to discuss legislation for the control of venereal disease. The conference was suggested by the military authorities.

An important discussion took place and a number of resolutions were passed, in one of which the conference placed itself on record as being in favor of the immediate establishment of a Federal Board of Health.

Another resolution states that, subject to the consideration of the governments of the respective provinces, the following general principles are necessary in any legislation looking to the prevention and control of venereal diseases: Compulsory notification, compulsory treatment, standardized treatment, authority to examine persons suspected of being affected with venereal disease, prevention of quack treatment, quack remedies and averting of such treatment and remedies, right of entry of public health authorities, etc.

A resolution advocating the amendment of the criminal code of Canada so that persons suffering from venereal disease in communicative form who knowingly or by culpable neglect communicates such disease to another person shall be guilty of a criminal offence, was also passed.

Another resolution passed advocates that the Dominion Government render financial assistance to the provinces in fighting these diseases and another advises examination of all seamen coming within view of the Immigration Act, before they are allowed ashore at Canadian ports.

F. Ritchie has received a telegram from his son, Bob Ritchie, who has just arrived at Montreal from overseas en route for Prince Rupert. He was in the Royal Flying Corps and received two decorations to his credit after downing eleven enemy machines and one balloon. He expects to arrive here within a month.

The Prince John arrived in port last night from Anyox and the Skeena at 7 p. m. She had 10,000 cases of salmon, and reported a fine trip.

### RETURNED MEN MEET MANITOBA GOVERNMENT

Eight Hundred Parade Through Winnipeg and Demand the Deportation of Aliens From Premier.

(Special by G. T. P. Telegraphs.)

Winnipeg, Man., Feb. 4.—Over 800 returned soldiers paraded to the Provincial Legislature last evening and demanded that Premier Norris and his Government state their position clearly on question of deportation of aliens. Contrary to general expectations, no returned man asked for a "job." The one subject engrossing them was the enemy alien and the demand that he be denied employment here and be deported back home to his own country. They said there was no rush but they wanted action to get results as soon as possible. The tone of the speeches was very moderate. Premier Morris said he sympathized with the demand and had the matter under consideration.

### GENERAL STRIKE IS SUGGESTED AS PROTEST AGAINST CURTAILMENT OF FREE SPEECH AND FREE ASSEMBLAGE

(Special to The News via G. T. P. Telegraphs.)

Vancouver, February 4.—Resulting from the refusal of proprietors of local moving picture theatres to grant the use of their houses to the Socialist party of Canada and the Federated Labor party for meetings Sunday night, the Vancouver Trades and Labor Council, through the medium of a special issue of the British Columbia Federationist, has sent out a call to all unions to hold special meetings for the purpose of deciding whether or not a general strike should be called as a protest to "maintain the workers' right to free speech and free assemblage."

### FRANK MOBLEY NOW IS GOVERNMENT WHIP

Frank Mobley, M. P. P., has been appointed chief Government Whip in the Provincial Legislature. He succeeds Fred W. Anderson, member for Kamloops, who did the work last year.

It will be Mr. Mobley's duty to arrange for the Government caucuses, to see that there are always enough Government supporters on hand during the sittings of the House to ensure that a snap verdict should not be taken, and generally to look after the interests of the party in the legislature.

## FINDING LAND FOR RETURNED SOLDIERS

Government Making Efforts to Get Best Results From Policy of Settlement.

With regard to the placing of soldiers upon the land, W. G. Black of the Soldiers' Land Settlement, has issued the following statement: "The Soldiers' Land Settlement is completing its organization with the utmost rapidity.

Legislation providing for the requirements of land near railways will be presented to Parliament at the next opening. All soldiers in Alberta and any other province, who are qualified by farm experience to go on the land next spring, will have equal opportunity of doing so.

### Crown Lands.

There is Crown Land available upon which they might settle, but the Settlement Board is discouraging all soldier settlers from locating at points remote from market facilities and on land not of the finest quality.

It is the policy of the Board to see to it that no soldier is permitted to settle under conditions whereby he will not be able to secure the highest results for his labors. Civilian settlement in the past has not been so regulated.

### Delays.

If in the minds of some people any delay seems apparent it should be borne in mind that such has been occasioned entirely through the policy of the Soldiers' Settlement Board to follow a course which in the end may render assurance of success on the part of the settler undoubted."

## WEALTHY CLUBMAN ELUDES THE POLICE

In "Believe Me Xantippe" the Hero Wins His Bet and the Girl at One Time.

A Wealthy clubman, whose favorite expression is "Believe Me, Xantippe," on discovering that his apartment has been robbed, one night bets \$20,000 with two friends that he can commit a crime and elude the police for a year. He forges a check for \$100 and goes to Colorado, followed by many police circulars.

WALLACE REID  
in "Believe Me Xantippe"

where he lives for eleven months on a ranch. In the mountains he meets the daughter of a sheriff and she asks him if he is hungry. When he replies "Believe Me, Xantippe, I am," she recalls a police circular she had read and recognizes him as the fugitive, and with the aid of a gun, arrests him. He believes he has lost his wager, but it develops that his captor was not a legal officer of the law, in accordance with the terms of the wager, and in addition to winning his wager, he makes his fair captor his captive for life. There are numerous thrilling scenes which make this photoplay one of great attractiveness from a dramatic standpoint.

This film is to be shown, tonight at the Westholme Theatre.

The building permits for the month of January, 1919, were very limited, only two being issued to Mitchell & Currie for Brackman-Ker Milling Co., a garage valued at \$300, and to Mrs. Rose Nicholson for a cottage on first Avenue, Lot 31, block 17, section 1, valued at \$1,500. The total for the month was \$1,800.

## ALDERMAN CASEY ENTERS PROTEST

Takes Exception to so Much of Work of Council Being Done Behind Closed Doors.

At the regular meeting of the City Council last night Alderman Casey made several protests against doing so much of the business of the Council in committee instead of in open council. He was particular to state that no business done at the committee was legal unless it was confirmed by the Council.

The committee reported the appointment of Aldermen Casey and Perry to the committee to act in conjunction with the Great War Veterans in connection with their memorial. The report was made only after being asked for by Alderman Casey who reminded the Council that everything done at the Committee should be reported to the Council.

## IMPROVEMENTS FOR WESTHOLME THEATRE ARE BEING ARRANGED

Paul Aviazoff, proprietor of the Westholme Theatre, arrived from the south last evening. He says that he has contracted for the exclusive first run rights of all the great stars of the Paramount-Argenta and First National Exhibitors' Circuit and the Mack Sennet, Arbuckle and Charles Chaplin comedies.

Mr. Aviazoff also brought plans for the remodeling of the operating room which will be enlarged to accommodate two of the finest motion picture machines on the market which will be installed in the near future. This will provide for the running of a complete program without interruption.

### WATER NOTICE

#### DIVERSION AND USE.

TAKE NOTICE that Thos. J. Kirkpatrick, whose address is Terrace, B. C., will apply for a licence to take and use 1 cubic foot per second of water out of Thornhill Creek which flows north and drains into Skeena River about 100 feet west of Ferry Landing.

The water will be diverted from the stream at a point about 1500 feet south-east of the Skeena River, and will be used for power purpose upon the land described as Lot 539, Range 5, Coast District.

This notice was posted on the ground on the 9th day of January, 1919. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

THOS. J. KIRKPATRICK, Applicant.  
The date of the first publication of this notice is January 28, 1919.

### SYNOPSIS OF

#### LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires it, in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

#### PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

#### TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such portions of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly.

It is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchase from the Crown has been agreed to are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

For information apply to any Provincial Government Agent or to  
G. R. NADEN,  
Deputy Minister of Lands,  
Victoria, B. C.

Woodland Farm,  
Wednesday Morning

Dear Jane,

At last I've found a moment to answer your very welcome letter.

That's as far as I got, when I heard a terrible noise in the kitchen, and rushing in, found that Bobby had pulled a pan of boiling water off the stove and scalded himself badly. Just imagine!—and I ten miles from the nearest doctor and no one here to help! Thank goodness Tom has always insisted upon keeping Zam-Buk in the house. The poor little chap was in such awful pain it was all I could do to hold him while I plastered the Zam-Buk on his arm and leg. Then I bound them up with strips torn from an old sheet, and now he's actually asleep! Could you believe it? I always knew Zam-Buk was good stuff, but I'd no idea it was so wonderful for ending pain. Whatever should I have done without it!

This started out to be a letter, but it sounds more like a testimonial for Zam-Buk! I'll send it off anyway, because I want to ask if you'll please send me half a dozen boxes of Zam-Buk as soon as you get this, as I have only enough for one more dressing.

Yours in haste,  
Mary

Mothers! Take the hint! Never be without a box of Zam-Buk on the shelf. Not only for scalds, burns and cuts, but for eczema, ringworm, ulcers, blood-poisoning, piles, cold sores, etc. it is without equal. And it costs no more than ordinary ointments. 50c. box. all dealers.

## CONCERT WAS GREAT SUCCESS

Seventy Voices Blend to Make Delightful Harmony at the Westholme Theatre Last Night.

### LARGE AUDIENCE AT INITIAL PERFORMANCE

To bring together a heterogeneous group of seventy people with seventy different kinds of voices and knit them into a homogeneous whole so as to produce exquisite harmony is a work for the gods. A brave attempt to do this thing has been made during the winter months by the Prince Rupert Musical Society and the choir which appeared in public for the first time last night at the Westholme Theatre was the first fruits of the effort.

J. E. Davey, the veteran conductor, who has been responsible for the training of the choir, had them well in hand last night, and the result was the subject of many encomiums from the audience. The selections chosen were old favorites and comparatively simple and they were sung with verve and the time was excellent. The attack was good and the general result was a surprise to everyone.

### Criticisms.

If criticism is allowed of work so excellently done, it might be suggested that the shading might be more marked. The pianissimo parts especially would stand a good deal of fining down and there might be more volume in the forte. Those are the difficult things in training a choir and will come with practice, if the choir sticks to gether and practises faithfully. Possibly more ambitious works may be undertaken for the next entertainment as these would give the choir training along these particular lines.

### Rectify Defects.

Conductor Davey on being asked if he was satisfied with the work done, expressed the opinion that the choir had done excellently, but there was plenty of room for improvement and that they would now get down to work to rectify their defects.

The tenors and alto parts were rather weak and should be strengthened.

### The Soloists.

Of the other parts of the program it is difficult to say enough. The singing of Mrs. Aivazoff was most delightful, her trained voice sounding to good effect in the large building. Dr. Large has a wonderful voice and he uses it with telling effect. The old Scotch songs given by Mrs. W. Millar and A. Clapperton were among the favorites of the evening and the duet of Messrs. Waddell and Clapperton was also well received. J. H. McMillan charmed with his violin and J. C. Brady's recitation was very humorous and excellently rendered. The orchestra did its work well.

### President Speaks.

At the conclusion the president of the society, W. E. Williams, said that a small group, of whom the most prominent was E. V. Ling, got together a few kindred spirits and had organized the society. They had made good progress but their motto was "Excelsior." They would start again next Monday to practise for the next concert which would be given in April. On Wednesday they would have an "at home" in the K. of P. Hall at which each member of the society would have the privilege of bringing a friend. There was no politics and no sectionalism in the choir and if there was any religion nobody would know it.

The audience was large and appreciative and all seemed to enjoy themselves.

## CALGARY LABOR MEN DENIED USE OF HALL

Calgary, Feb. 3.—The decision of labor men to hold a meeting on Sunday afternoon was called off owing to the hall being denied them. It was intended to have passed similar resolutions to those passed last Sunday, demanding the release of political prisoners and asking for the removal of the ban from prohibited literature.

The veterans had intimated their intention of attending the gathering.

## Training the Invalided Soldier

WHEN the first Canadian casualties were announced every heart in Canada thrilled with the thought—"What will the country do to help these men overcome the handicaps they have suffered?"

Since that day Canada has been quietly developing a wonderful organization to help restore the strength and earning capacity of her invalided soldiers.

This work is in the charge of the Department of Soldiers' Civil Re-Establishment. It is divided into three classes.

### Ward Occupations.

Soldiers who, on account of their injuries, are confined to wards or to their beds in hospitals are taught handicraft work of various kinds. This work is not meant to train a man in work by which he could earn a living. It is encouraged rather because it diverts the soldier's mind from his disability, and gives him light exercise. In this way it assists wonderfully in the soldier's recovery.

### Occupational Therapy.

This work is conducted in hospitals. It is intended mainly to help in the cure of the patient. But it often serves as the ground-work for a course in Industrial Re-training. The following gives some idea of the breadth and scope of the subjects taught in these classes:—Mechanical drawing, woodworking, boot and shoe repairing, machine shop practice, gardening, poultry raising, civil service instruction, book-keeping, stenography, telegraphy.

### Industrial Re-Training.

When a man is so injured by war service that he cannot follow the occupation or trade that he worked at before

enlisting, the Department trains him for a new occupation.

For this work, use is made of Technical Schools and Universities at fourteen centres throughout the Dominion. Here primary training is given by specially planned courses. This helps a man begin his actual re-training work intelligently.

Most of the re-training is given in actual factories and shops. Hundreds of large and small concerns have co-operated whole-heartedly in this work—placing at the disposal of the Department, without charge, their equipment and the services of many of their staffs.

Ninety-five per cent of those who have been granted "Industrial Re-training" courses by the Department have been successful in becoming self-supporting in a new trade or occupation.

These benefits are given by the Department to ex-members of the Canadian, British and Allied forces living in Canada, who come within the classes for which these benefits are provided.

During the period a man is being "Re-trained" he and his dependents are granted adequate pay and allowances.

To any one interested in the work of this Department information will be gladly given on application to—

## FISH CATCHES FOR JANUARY KEPT SMALL BY BAD WEATHER

The fish catches for the month of January varied little from the two previous months. Toward the end of the month there was a considerable increase in the boats coming in, but owing to the bad weather the average catches were small.

The prices have been very high, higher than ever before, but now they are on the down grade and promise to go lower.

Many boats have just left for the fishing grounds and it is confidently expected that the catches of the independent and privately owned boats will be larger and more frequent from this time on. Owing to the tieup caused by the disagreement over the shares under the company lay, there will be a distinct loss from the company boats and if the boats remain in harbor long the total for the month of February will be small.

The following are the complete returns for January:—

## MILD WEATHER AND VERY LITTLE SNOW

At Edson, Alta., it is a general rule to expect below zero weather much of the winter and from three to four feet of snow. But this season the coldest it has reached has been just zero point, and no more snow than what we have here at the present time.

In Edmonton it is the same, very little snow and extremely mild weather. In both places the Chinook winds have been very frequent.

The fire recently at Edson burnt down a whole business block, not a building left on it. It makes the third fire that has swept Edson, taking nearly a whole block each time.

## DENIED AUTHORITY OF BRITISH LAWS

(Special via G. T. P. Telegraphs.)

Dublin, February 3.—Twelve Sinn Feiners were found guilty Saturday of illegal drilling in a private hall here and sentenced to six months' imprisonment. When arraigned they denied the authority of British laws and waved a republican flag.

### GOVERNMENT CONTROL

London, Feb. 3.—Government control of the British railways is likely to continue until two years after the war, according to information received here today.

## BARTENDER IS FINED FIFTY ON AN APPEAL

John Rose Conducts Own Case in County Court But Loses and Pays.

An appeal by the Indian Department was heard yesterday afternoon before Judge Young in the County Court against the decision of Police Magistrate Carrs in the case of John Rose, bartender of the Empress Hotel. This charge, which was one of selling near beer to Indians, was dismissed in the police court, it being held for the defence that the accused mistook the Indian for a Japanese. Yesterday afternoon the accused conducted his own case and called many witnesses to prove that the beer alleged supplied was ordinary near beer, commonly called "two per cent."

A. T. Cross of the Customs Department gave the official analysis showing the alcoholic content of the liquid, and F. W. Dawson, wholesale merchant, also gave evidence regarding the trade understanding.

After examining five or six witnesses the accused gave evidence on his own behalf, proving the case to the complete satisfaction of the prosecution. The charge being made under the Indian Act, which prohibits the supplying of alcohol in any proportion to Indians, was found proven by Judge Young, who imposed a penalty of \$50 with the alternative of three months at Okalla Prison Farm.

The accused was complimented upon his "placid conduct" of the case.

## Eye-Sight Service

WE believe that there is only one way to gain your confidence—the good will of the public. To serve you faithfully and honestly and to apply the principle of the "square deal" to all our transactions with you.

WE have now a constantly increasing class of patrons, but modesty prevents us from quoting their very flattering opinions of our services. No doubt you know some of them, and we will be satisfied to have you act on their recommendation.

OUR earnest desire is to give you the best in glasses, to preserve and amplify your sight, and to obtain your respect and esteem as well as your custom.

Come in and see.

## A FULL HOUSE SEES "THE BRAZEN BEAUTY"

Empress Theatre Crammed With Enthusiastic Crowd to Watch Priscilla Dean.

"The Brazen Beauty," a photograph of excellent qualities, was displayed at the Empress Theatre last evening to a crowded house, and the play was one which was enjoyed thoroughly by the audience. Priscilla Dean in the title role lived up to her reputation, which is no mean one in the movie world. As a girl with a will of her own, and who expresses it in no uncertain manner, she excelled, and her portrayal of her part was splendid. Famous for the brightness of her acting in "The Brazen Beauty," which will be repeated this evening at the Empress Theatre, this delightful artistic will please the most finical of audiences. The play is a constant succession of delightful and tense situations, and is sure to bring a full house again this evening to the Empress.

## CHURCH CHILDREN

Report to City Council showed Every Care Been Taken to Insure Their Safety.

At the meeting of the City Council last night a report from the acting city clerk regarding the disposal of the Church children was read. The report showed that the children had been sent to Montreal in care of the C. P. R. and at that point their aunt from Bridgeport was to meet them. In case there should be any mistake however it was also arranged that the Salvation Army at that place should also meet them and see that they were taken care of.

On the recommendation of the city solicitor it was decided to ask the Provincial Government to pay half the amount expended in taking care of the children, amounting to \$500.

A letter received from the chief of police at Bridgeport, Conn., showed that the relatives were eminently respectable people and well able to take care of the children.

## A SOUND RECOMMENDATION

Professor Swanson, head of the department of Political Science in the University of Saskatchewan writes thus of War Savings Stamps: "I do not know of any better way of assuring the future prosperity of the country than through financing the national requirements through the purchase of these stamps. Take out a policy of insurance against want by buying Savings Stamps Now."

This is the tribute of one of the best known young Canadian authorities on economic subjects. The War Savings Plan recommends itself to Professor Swanson and other authorities on economics, because they realize that only through saving can Canada make that industrial progress, which lies within her reach. The problem is just as much one of saving as it is of production. It is the net, not the gross, return that counts.

Miss J. E. Ludgate was among the arrivals from the East on Sunday night's train. She is book-keeper for the Kitsumkalum Timber Co., at Zimacord, B. C. The mill is closed down at the present time on account of very heavy snows, but will commence operations as early in the spring as possible.
