Dominion's Delegations Take Proposals Under Advisement at Ottawa

Country Seeks Advantages From Canada on Anthracite Coal, Cotton Products and Textiles Now Coming From Foreign Countries

OTTAWA, July 29.—Advantages which Great Britain seeks from the Dominions in exchange for concessions she proposes to give through the Imperial economic conference are now in the hands of the various Dominion delegations for their consideration. Concessions asked from Canada include the following:

Advance in the Canadian duty on anthracite coal from 40c to 75c per ton with British coal remaining on the free list.

General reduction of one-third on existing duties on cottons and the placing of Britain on the free list on a selected line of cotton products mainly imported from foreign countries.

Free entry for British chemicals, now imported from foreign countries.

CONVENTION OF BOARDS

Gathering at Fort Fraser Now Well Under Way Following Opening Ceremonies Yesterday

Committees Named

Dybhavn on Resolutions—Quesnel and Williams Lake Invited

FORT FRASER, July 29.—The annual convention here of the Associated Boards of Trade of Central British Columbia was opened yesterday morning by H. W. Smale of Fort Fraser owing to the late arrival of A. M. Ruddy of Burns Lake, the president. Mr. Smale extended a hearty welcome to the delegates and said that the council had "fired the police" for the two days of the convention.

Sidney Godwin of Burns Lake, acting secretary, read the minutes and resolutions of the last convention. Letters were read from many invited guests, some of whom were present.

The secretary reported that, during the year, efforts had been made to induce Quesnel and Williams Lake to join the Associated Boards in view of similarity of interests. Quesnel replied that it would be glad to co-operate but finances would not permit its joining this year.

Samuel Cocker of Vanderhoof, L. B. Warner of Smithers and John McInnes of Prince George were elected to the credentials committee while John McKenzie of Smithers, John Dybhavn of Prince Rupert, S. F. Fleming of Burns Lake, B. W. Irwin of Fort Fraser and Mr. Meyer of Prince George were elected to the resolutions committee.

After the committees had reported, the convention got down to business. Sessions are continuing today.

Marvin Nelson Wins Swim at Sault Ste. Marie

SAULT STE. MARIE, July 29.—Marvin Nelson won the Wolf Week five-mile swim here, stroking the distance with Frank Pritchard second and George Young of Toronto third.

Betty Norton was fined \$50, with option of sixty days' imprisonment, by Magistrate McClymont in city police court this morning for being the keeper of a disorderly house.

Mitchell Expedition Found No Promising Claims In Air Hunt

One of Five Planes Has Returned to Juneau and Others Coming Out—Will Proceed to Great Bear Lake

JUNEAU, July 29.—A member of the Mitchell Exploration Co.'s aerial expedition which flew five planes into the Liard River district in Southern Yukon two months ago to prospect for gold has returned here. The party is said to be disbanding after abandoning all prospecting activities. It is stated that no promising gold prospects were found.

AMY IS WEDDED

Miss Johnson and J. A. Mollison Quietly Married in London Church Today

LONDON, July 29.—J. A. Mollison and Miss Amy Johnson, famous British flyers, were married at St. George's Church in Hanover Square this morning.

Mollison plans to take off on a trans-Atlantic flight to the United States on August 7. When he announced his plans for the flight, Miss Johnson said she wanted to go with him. Since then there has been no definite word from either as to whether or not they will make the flight together.

Mrs. Mollison, the former Amy Johnson, is a niece of T. H. Johnson, manager of the Canadian Fish & Cold Storage Co. here.

TUBERCULOSIS HIS SUBJECT

Dr. A. S. Lamb Gives Interesting Address Before Prince Rupert Rotary Club at Luncheon

Members of the Rotary Club listened with much interest at luncheon yesterday in the Commodore Cafe to an address by Dr. A. S. Lamb, travelling provincial health officer and chest specialist, on the subject of "The Prevention and Cure of Tuberculosis." Dr. Lamb described the clinical work in which he himself was engaged in the end of preventing tuberculosis and its spread, this work being carried on under the auspices of the provincial government and with the co-operation of the Tranquille Publishing Co. The speaker gave some timely hints in regard to the cure of the malady.

T. H. Johnson, past president, was in the chair owing to the absence from the city of President G. A. Woodland. Guests were Dr. J. P. Cade, James Bryant and Archie Thompson.

Lina Basquette, Actress Takes Poison; Loved Jack Dempsey and Could Not Live Without Pugilist

LOS ANGELES, July 29.—Lina Basquette, twenty-five year old actress, swallowed poison today a few hours after she had announced her engagement to Teddy Hayes, former trainer of Jack Dempsey, one time world's heavy-weight boxing champion, to stifle rumors that she might marry Dempsey. Beside the actress, police found a note to Jack reading: "I love you—only you. I couldn't help it. I couldn't go on without you."

Physicians said that Miss Basquette's condition was critical. The twice-married actress took caustic poison.

After spending the evening with Hayes, she had been so despondent, Hayes said, that he telephoned her after taking her home.

"Are you all right?" Hayes said he asked.
"Sure I'm all right, I have just taken poison," Hayes said she replied.

Hayes said that he then rushed to the apartment and was so busy giving first aid that he could not open the door to the police.

The police came in reply to an anonymous telephone call and broke in the door, finding Miss Basquette writhing in agony on a divan.

Miss Basquette attempted suicide once before in 1930 after an unsuccessful effort to obtain custody of her child from Harry Warner, brother of her former husband, Sam Warner.

Hunts for Georgia River Gold Here On Way to Mine

Wellington Beaton, president of the Georgia River Gold Mines Ltd. and F. B. SKELETON IS FOUND

Remains of Charles McLair, Who Lost Life in 1924 in North Reach, Recovered by Police

VICTORIA, July 29.—Radio advices received from Prince George state that the provincial police have recovered the skeleton of Charles McLair who disappeared with his partner, Otto Saunders, in 1924.

The two were prospectors from Hazelton who attempted to raft down Cariboo Creek. It is believed that Saunders lost his life in the turbulent waters and that McLair died of exposure in a vain attempt to reach civilization.

The skeleton was found last October by a trapper of the name of Ludwig Smaaslet on Motl Creek nine miles from where it empties into the Pelly River. Smaaslet reported the find but the police had to wait until weather permitted bringing out the remains. An inquest will be held in Prince George.

Government Would Have Been Threatened But For Hoover's Speedy Action; More Injured

WASHINGTON, July 29.—General MacArthur, who took charge of the evacuation from Washington of bonus-seeking veterans following yesterday's fatal riot, expressed his belief that the government would have been threatened had not President Herbert Hoover acted speedily in ordering out troops to take charge of the situation. Cavalry troops and steel-helmeted infantry from Fort Myers with fixed bayonets charged into the city after the first blood had been shed in the clash between veterans and police. More than fifty veterans, police, spectators and soldiers were injured in clashes which followed the arrival of the soldiers to force the evacuation of Anacostia Camp.

The army by today had smashed the grip which has been held on Washington for months past by thousands of veterans, demanding immediate payment of bonuses for war time services. As mute evidence of the struggle, four scarred areas now mark the once populous encampments of the bonus expeditionary force. The troops still remain in command.

The veterans were driven forth by tear gas and flaming torches were applied to their crude shelters clustered in small groups. The ex-soldiers headed from the city seeking to organize elsewhere.

William Huska of Chicago is the soldier who was killed.

ANNUAL FALL FAIR

The annual fall fair is to be held this year as usual but with special emphasis on the encouragement of home production.

It is the aim of the directors this year to make the flower show by far the biggest ever held in Prince Rupert and also to get local exhibitors to enter their vegetable products and try for the prizes.

The present season has been cool and damp, thus giving the flowers and vegetables a very good start. Should hot weather follow during August it is quite possible that garden conditions will be better than usual. If those who are growing flowers and vegetables will bear the exhibition in mind and try to develop a few of their best plants, there should be no difficulty in making a much better display than last year.

There are a few people in the city who have already expressed their intention of trying to secure a share of the prizes but this year there should be more take part. A good healthy competition would be a great factor in increasing the local interest in gardening.

SHOWED REAL INTEREST

The action of the minister of trade and commerce in the federal government in requesting the chairman of the grain commission to visit Prince Rupert to study the local elevator situation at first hand and to confer with the local businessmen in regard to it was a commendable step and showed that Mr. Stevens is beginning to take an interest in this port. We hope he will follow this up and help Prince Rupert to secure recognition. If there is any way of increasing the usefulness to the country of the local grain elevator and thus at the same time make the northern section of the Canadian National Railway more profitable, we hope Mr. Stevens will do it. He will certainly receive the support of all sections of the community here. Less politics and more business would please us greatly.

FOR HIGHER FOOD VALUES USE KLIM . . .

THERE'S no doubt about it — foods cooked with Klim taste better and are better. For with Klim Powdered Whole Milk you can add so much more nourishment and health value to your favorite dishes.

Klim is nothing more than pure, pasteurized country milk, in powder form, with only the water removed — replace the required amount of water and you instantly have rich, full cream milk again ready to use for drinking, for cereals, for cooking or for any other purpose where you would normally use high grade milk.

If your recipe calls for a cup of milk, just add to your dry ingredients four tablespoonfuls of Klim, stir it in and add a cup of water.

Klim contains the vital ingredients that make milk the world's most perfect food — try Klim today. It's economical to use, keeps without ice and definitely makes your milk cooked dishes tastier, richer and higher in food value.

TOUR PARTY IS COMING

Across-Canada-Group Due in Prince Rupert Next Week

VANCOUVER, July 29.—Combining transportation methods by land, water and air, the second Across-Canada Tour conducted by the Canadian National Railways will arrive in Vancouver on Sunday morning. A matter of 21 days have been allotted to this tour and more than 8,000 miles covered.

This party travelled from Eastern Canada via the Great Lakes and came west to the coast via Banff and Lake Louise. After spending the Sunday morning in Vancouver the members of the party will journey to Victoria where they will pay a visit to the famous Butchart Gardens returning to Vancouver again on Monday morning. On Monday evening they sail for Prince Rupert, arriving there Wednesday morning and will return to their homes in Eastern Canada after a short stay at Jasper Park Lodge and Minaki Lodge enroute.

Several members of the party will take advantage of the air service between Vancouver and Victoria and will fly over on Sunday.

The party is under the personal supervision of S. M. Green, general agent, passenger department for the Canadian National Railways in Montreal.

UNIQUE MEETING

War Prisoner and Captor Renew Acquaintance in Railway Yards

WINNIPEG, July 29.—Captive and captor recently met again after 17 years—this time under the auspices of a common enemy—railway police.

Dusk on a December evening in 1916, Lieut. W. Forbes Lee of the Royal Warwickshire Regiment has his platoon "standing to" in a quiet sector of the front line at Chapelle d'Armentieres, France. A plane crashes behind the trench line. They drag in a German pilot, dazed but unhurt except his pride which is badly wounded that he should be captured, through lack of

gasoline. When Lieut. Lee turns his prisoner over to brigade headquarters he asks for a memento. He receives an identification disc and the two men part with a curt "cheerio."

Dusk on a recent evening in 1932 thirty-three men stand by the line, but this time it is a railway line at Caprool, Ont. They are waiting for the west-bound freight to pull out of the yards. They hope to beat a ride on it. W. Forbes Lee spots an empty cattle car at the head of the train, and in the dark he shares a seat with a man apparently well equipped for the 800-mile journey to Winnipeg. He wears breeches, top-boots and a wind-breaker.

They do not speak but lie down and go to sleep. But in the morning conversation warms, as it will between strangers beating a freight. Lee is going to Vancouver to a job. The stranger, obviously a foreigner but speaking English, is going to visit a brother in Regina.

Discussing the war, the stranger says he was a German pilot but was taken prisoner when his plane crashed in the British lines on his second patrol. Lee thinks it a coincidence, and relates how he took a prisoner a German pilot, by name of Eric Mullor. The stranger says he is Eric Mullor who was so well treated by the British officer 17 years ago.

LEGION WINNER

Regiment is Defeated 4 to 2 in Remarkable Soccer Encounter

In a game which was played in a downpour of rain and which was remarkable in a number of respects, Canadian Legion defeated Regiment last evening by a score of 4 to 2 and moved into a tie with Merchants for the leadership in the Stuart Benefit Shield football series. Owing to the rain, only a handful of spectators was in attendance and the time of the match was cut to thirty-five minutes each way.

James Mitchell acted as referee and gave eminent satisfaction to both sides. Alex Harvey and Jimmy Kelly were linesmen. The teams took the field as follows:
Canadian Legion—S. Gurvich; Gomez and Hunt; Haddon, S. Currie and Greer; D. Gurvich, McGreish, Baptie, Bussanich and Ferguson.

Regiment—Walters; Thurber and Blake; Eby, DeJong and Wingham; Wilson, Colussi, Cameron, Vance and Christison.

The teams showed themselves to be evenly matched in the first half, both goals being visited in turn. Wilson got away for the Regiment on the right wing and gave a lovely centre but there was no one there to meet it. After nine minutes of play the Regiment took the lead when Gomez gave away a corner kick, Wilson taking the ball which was deflected by Hunt past his own goalkeeper. Oddly enough the second goal for the Regiment was scored in a very similar manner, Wilson heading in after twenty minutes to have the sphere deflected by Gomez, the other Legion full back, into his own goal. The Canadian Legion then took up the attack and McGreish came close with a header. Dido Gurvich missed several opportunities by dilly-dallying in front of goal. After twenty-five minutes, Currie scored the opener for the Legion on a corner kick taken by Dido Gurvich. The teams crossed over with the score standing two to one.

Second Half
Ten minutes after the start of the second half, Baptie equalized for the Legion following a scrimmage in the Regiment goalmouth after a corner had been taken by Greer. The Regiment team seemed to fall to pieces, the players failing to hold their positions. Three minutes from full time Hunt scored a remarkable goal to put the Legion in the lead, Walters had picked up a goal kick and sent the ball to the half-way line where Hunt met it the first time and sent it right back over Walters' head into goal. It was a long time since a goal had been seen to be made from the half-way line on the local soccer field. One minute before time, Currie ad-
