UNITE TO PAY TRIBUTE OF RESPECT TO THE MEMORY OF SIR WILFRID LAURIER

POLITICS FORGOTTEN AND MEN OF ALL SHADES OF OPINION FORGATHER AT WESTHOLME TO HONOR MEMORY OF CANADA'S GREAT-EST SON

"His life was an inspiration to all men, honest, sincere, pure, utterly fearless. He was a patriot who put truth and honor above place and power."—Fred Stork.

"No man ever labored more honestly and sincerely than did Sir Wilfrid Laurier. His efforts will be recognized by unborn generations."—E. A. Wakefield.

"Canada has had only two real leaders of men. Sir Wilfrid was one of these, through his intellectual power and sunny ways and he touched the hearts of the people."—Canon Rix.

"Every speech he ever made breathed of British institutions and the love of liberty."—Rev. H. R. Grant.

"He was a Canadian through and through. He got to the very hearts of the people."—O. H. Nelson.

A sincere tribute was paid to the late Sir Wilfrid Laurier at the Westholme Theatre yesterday when men and women of all shades of politics gathered to bear witness to his greatness. Mayor McClymont presided and the other speakers were Rev. Canon Rix, Rev. H. R. Grant, O. H. Nelson, E. A. Wakefield and Fred Stork. Politics was forgotten in the realization of the loss of a nation had suffered in the death of so great a man.

Mayor McClymont in introducing the speakers spoke of the fact that it was the work of the late statesman that made it possible for Prince Rupert to be on the map through the building of the transcontinental railway. The country had not produced any great statesmen, but the late Sir John A. Macdonald and late Sir Wilfrid Laurier stood prominently. One was a Canadian by adoption and the other by birth.

Most Eloquent Son.
O. H. Nelson said that in the life of Sir Wilfrid Canada had lost her most eloquent son. He took pleasure in appearing at that evening to pay a tribute to the memory of so great a man, and spoke of the growth of his influence in the country and of how rarely he had got to the very hearts of the people.

Victory Bonds Stolen from James Currie's Bakery and Clothes from Pantorium.

Five hundred dollars in negotiable victory bonds and receipts for two hundred additional were stolen from the James Currie bakery on Saturday night or Sunday morning. When the plumber arrived on Sunday at 8 a. m., he found the door open and it was later discovered that the bonds were missing. A number of other papers were taken but only about a dollar and a half in cash was secured. The door had apparently been opened with a pass key.

Another place which was entered in a similar way was the Pantorium on Sixth Street where two suits and overcoats were stolen. In this case there was a man sleeping in a rear apartment at the time the goods were taken.

Yesterday the Alice B. and other boats took a number of parties over at least one hundred spending the afternoon on the ice. The weather was not over cold and everyone seemed to enjoy the sport immensely.

NEW ZEALAND IS SPENDING MONEY

Reconstruction plans in New Zealand provide for a Government expenditure of over \$12,000,000 on public works, including extensive railroad and highway construction. Initial work will be started on the Dominion's \$65,000,000 hydro-electric development program. Fifteen hundred thousand dollars will be devoted to new public schools, and it is proposed to organize schools of agricultural instruction for returned soldiers.

Large sums will likely be spent on reclamation and drainage of swamp lands for grazing purposes. The United States Consul at Auckland, New Zealand, has reported that all these undertakings will call for more or less machinery, tools and structural material, and that it would seem wise for American interests to put themselves in a position to supply these needs, especially as far as railway material, farm implements and dredging machinery are concerned.

DAILY EDITION. Monday, March 3, 1919.

Monday Preachment To the Flock.

The people of Prince Rupert have cause to thank themselves that they are not as other men are. They have no poor among them. If there are any, nobody seems to know it.

As at other places the people are divided into many social sets, each enjoying life in its own particular way. There are rounds of social events among the permanent residents and now and then all meet at a public dance or gathering of some kind and there is more or less intermingling.

With all the relaxation and recreation there is a danger that those who are more fortunately placed will forget that there are always a number of new arrivals in the city, and others who have not the facilities for enjoyment that are possessed by those who are "in the swim." For these there is the appeal of the billiard room, the cabaret, and that is about all. It is a difficult position.

In dealing with matters of this sort often what we lack is knowledge. Social distinctions tend toward isolation of those who are on the outside and this drives them to seek company where they would not from choice.

Man is a sociable animal. He has to have the company of his fellows in order to exist normally. Those who have everything in the way of money and friends might well devote a little attention to those who are without. That is good missionary work. In a town like this it is worth thinking about.

No Standing Still; Progress or Failure.

Any system that fails to take account of human progress is a failure before it begins. Any person who fails to improve is a failure no matter how prominent he may be. Lenore Ulric, the actress, is reported to have said: "On the stage you've got to be satisfied that you can do anything, but never satisfied with anything you do." That is the secret of success. To quote further from the same young lady, as reported in the American Magazine for March, she says:

"On the stage you've got to be satisfied that you can do anything, but never satisfied with anything you do. The statement, of course, requires qualification. While being sure of ability, you must be modest too, I think, I don't mean meek and shrinking and self-distrustful. That is just what I don't mean. One has to be confident—quietly, steadily, buoyantly confident. Not conceited. No. That's different. To be conceited is to be satisfied—satisfied with what you have done. And to be satisfied with what you have done is never to do better. But confidence is, oh, such an indispensable asset! Lack of confidence never gets you past a manager's office boy, no matter how capable you are.

"I am never satisfied with my acting. Never. From the day of the first rehearsal I keep building my part. I'm never content to conclude that I'm getting as much out of it as possible. I could tell you of a thousand little things I've added to the role of 'Tiger Rose' since the opening night. I just keep molding and molding and molding it into better shape. And so, no matter how many times I play a part, it never gets tiresome or uninteresting—because, by keeping it growing always, I keep it always new."

Board of Trade Will Meet City Council.

It is expected that a delegation from the Board of Trade consisting of the chairmen of the various committees will meet the City Council tonight with a view to securing some help in carrying on the work during the coming year. Sending a special delegate to the Mining Convention to represent the city and district with a view to bringing the mining resources of the district before the mining men who will be there, costs a good deal, and there are many other similar things to be done. The board will easily raise a thousand dollars or more from its members, but more than that will be needed if the publicity and other work is to be properly carried on. It will be the business of the committees to show that the money is needed and that the work will be of benefit to the city as a whole, before they can expect to be given a grant. If they can do that, and doubtless they can, a grant would seem to be money well spent. The city must make her presence felt everywhere throughout the province, and the country at large.

"BR-R-R-RR!"

IS YOUR SKIN? BROKEN OUT?

Are you troubled with blotches, pimples or blackheads? Mr. O. M. Smith, of 630 21st St., Edmonton, says: "For skin troubles there is nothing can equal Zam-Buk. My skin was so blotchy I was ashamed of it, and although I tried every remedy I could think of, it got no better until I used Zam-Buk. This herbal balm has worked wonders—my skin is now perfectly clear and smooth."

Such ailments, although apparently on the surface skin, really arise in the underlying tissues, and Zam-Buk's success in such cases is due to its wonderful power of penetration, which enables it to reach the root of the trouble. The stimulative quality in Zam-Buk rouses the sluggish cells to healthy action. This promotes a vigorous circulation which carries off all impurities and a smooth, clear skin is the result.

Zam-Buk is equally good for eczema, ulcers, blood-poisoning, piles, burns, cuts, chapped hands and chilblains. All dealers, at 50c. a box.

BOARD OF TRADE WILL HAVE MUCH BUSINESS ON HAND

Meeting to Be Held This Week to Discuss Matters Pertaining To City and District.

The Board of Trade seems to have entered on a period of renewed activity. This week there is to be a general meeting at which a number of matters having to do with the progress of the city will be discussed.

One of the subjects will be a resolution asking the G. T. P. Railway to put on a small boat to connect the nearby points with the city and giving a regular service for carrying mails, passengers and freight. This has special reference to a service up the Skeena river.

Another resolution, it is understood, will ask the representative for the district, Colonel Peck, to draw the attention of the Government to certain changes in the salmon fishing regulations which are desired by the people who live here.

The third subject will have to do with the sending of delegates to Vancouver to attend the mining convention as representatives of the district.

Other matters may be taken up also so that it is clear there will be a busy time.

"A PERFECT LADY" AT THE WESTHOLME

Madge Kennedy, the Bright Movie Star, in a Delightful Role Tonight in the Newest Play.

The photoplay to be screened at the Westholme Theatre this evening is one of the newest Goldwyn pictures. "A Perfect Lady" is a photoplay full of exciting situations and humorous

moments. The story deals with the arrival of a burlesque troupe in a provincial town, where for the time being the narrow minded minority have the ascendancy. The purity squad decide to inspect the performance and if necessary ban the show, their action turning out to be the best advertisement possible. It is from this action and the subsequent departure of the manager that the tale arises and its incidents are well worth reading on the screen. Tonight's show at the Westholme is too good to be missed by those who like a good picture.

PRESTON ALLEGES ELECTION PLOT

Says He is Not Surprised That Trade Commission Has Got No Orders.

Speaking at the annual meeting, held at Arono, of the Durham County Liberal Association, which had just elected him president, W. T. R. Preston said he had been engaged for more than a year following the trail of the perpetrators of the alleged frauds that had taken place in connection with the military vote at the general election. The case against the highly placed culprits, he said, is now complete. He alleged that certain persons in England and in Canada had been implicated in irregularities in connection with the elections. The distance separating the parties necessitated cabling and letter-writing, always a dangerous pos-

sibility by conspirators. The existence of these documents, he said, made denial on oath of the charges now being made impossible.

Not Surprised at No Orders.

The speaker said he was not surprised that the Trade Commission to Europe had not been successful. To an Englishman election fraud is synonymous with forgery, perjury and burglary. The Canadian election frauds were public property in England. Fools of Canadian officers were boasting in clubs and hotels how they had "dished" Laurier. Mr. Preston said that Englishmen had told him before he left London that unless the perpetrators of these frauds were denounced by Canada, confidence was certain to be destroyed in Canadian integrity. That this is the situation is evident, he declared, from the fact that with the assistance of six Canadian Ministers in Europe no orders have come to Canada, although one New York company has secured business over there to the amount of \$200,000,000 since the armistice was signed, while Canada is relegated to the bankrupt and ungoverned countries of mid-Europe for trade, where they may be willing to take our goods if we will lend them the necessary money with which to pay us for their purchases.

Officers Elected.

The other officers elected were: Vice-Presidents, Shuter Haskill, Port Hope; Thomas Baker, West Durham; Secretary, Mrs. Barron, Newcastle; Treasurer, William ones, Newcastle.—Toronto Globe.

PAY TRIBUTE OF RESPECT TO MEMORY OF SIR WILFRID

Continued From Page One.

ality. He had gone to school in a Scotch community with the Scotch children and neither could understand the other. Both could fight, however, and fight they did.

Mr. Nelson went on to say that he was glad to pay a tribute to the late Sir Wilfrid because he was a native son although of a different race and on the other side of politics. He was a Canadian through and through. His enemies thought he carried his Canadianism too far, but it was the opinion of the speaker that the work of the late Sir Wilfrid Laurier had only just begun.

Loyalty.

When speaking on the question of loyalty the late statesman had said: "Your loyalty is in your veins, mine is in my heart." This showed the grip he could exercise. He also spoke of the fact that he was not ignorant of and did not minimize the danger of there being two languages in Canada. Perhaps future years would see the fruition of the work of uniting the two races.

Dr. Grant.

Dr. Grant spoke of the fact that in the history of Canada there were only two outstanding figures. The lives of Sir John A. Macdonald and Sir Wilfrid Laurier were parallel in many respects. They were both brought up in the hard school of pioneer life and each devoted his time to the welfare of his country. One was instrumental in having the C. P. R. built and the other did the same for the G. T. P., both transcontinental railway systems.

Both men were imperialists but of different schools. Sir John

said there were only two ways in which Canada could move, one was toward the United States and the other towards Great Britain. By the union of the provinces he was able to prevent the movement toward the States.

Laurier's imperialism was summed up in the words of Kipling, "Daughter am I in my mother's house, but mistress in my own."

Canon Rix.

Canon Rix spoke of the outstanding figure of the late statesman. The Canon said that he had been brought up in a home and a community that revered the name of Laurier. His intellectual power and sunny ways touched the hearts of the people. There was only one man his equal in eloquence, D'Arcy McGee. His predominating characteristic was religion. His knowledge of scriptures made him eloquent.

The American Consul.

E. A. Wakefield said the Knight of Athabaskaville had gone beyond but his influence still lived. No man ever labored more honestly and sincerely than did Sir Wilfrid Laurier. His efforts would be recognized by future generations. He was one of the great men of the world of his time. He occupied a peculiar position and his honesty of purpose could not be questioned.

Mr. Wakefield compared the late Sir Wilfrid with Roosevelt, and showed how both were patriots and fair to friend and foe alike. Both had the love of country at heart and both so lived that no one could reasonably question the integrity of either.

Sir Wilfrid of the sunny smile was well known in the United States, said Mr. Wakefield. As a representative of that country he expressed sympathy with Canada in her great loss.

Fred Stork.

Fred Stork said they were gathered to pay the last tribute to a great and good man. Sir Wilfrid had been prominent in Canadian life for upwards of fifty years. His magnetic personality, brilliant attainments and beauty of character were outstanding. Canada had lost her greatest citizen. It was fitting that at Prince Rupert they should gather to pay a tribute to the man who had a peculiar interest in the place.

Referring to his efforts to have a Canadian navy operating out of this port, Mr. Stork said that the life of the statesman was an inspiration to all men. He was honest, sincere, pure and an utterly fearless patriot who put truth and honor above place and power.

Much in Common.

"History," said Mr. Stork, "is largely the history of the various

characters that appear on the scenes. In no country is party strife as bitter as in Canada. No man has been more misrepresented than the late Sir Wilfrid and no man has remained more serene, loving and loved. He had much in common with Lincoln. His life was spent in trying to form a close unity between two great races. No marble column is necessary or bronze statue to perpetuate the name of this great man. The white flower of a blameless life will be remembered.

The theatre had been given for the occasion by Paul Aivazoff and the sum of \$26 which was collected at the door was given to the War Veterans' Memorial fund.

SYNOPSIS OF

LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not under land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other reasons, make intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record statutory pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided that improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

TOWNSHIP PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any Municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better; and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives' the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me.

I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism".

WHALING SEASON TO OPEN ABOUT APRIL 1

Steamers Being Overhauled in Preparation for Early Start; Two Stations on Queen Charlottes.

Preparations are now under way for an early commencement of the 1919 whaling season. It is announced by S. C. Ruck, manager of the Consolidated Whaling Corporation, that the season will open this year by the first week in April when the fleet of steam whalers will set out from Victoria on the annual hunt for whales.

The vessels are now being overhauled in batches of four and it is anticipated that the mammal hunters will be ready to put to sea by the latter part of next month. The British Columbia stations at Kyquoot, Rose Harbor and Naden Harbor are being prepared for the opening of the whaling season and everything will be in readiness for active operations by the time the steam whalers arrive at their respective bases.

The Boats.

Distributed among the three British Columbia plants will be the whalers William Grant, Orion, St. Lawrence, Black, Brown, Blue, White, and Green.

The whalers Kodiak, Unimak, Tanganak and Patterson, after completing overhaul will be dispatched via Seattle to Akutan, Aleutian Islands. These vessels have been laid up at Point Ellice all winter and are now being outfitted for service.

In point of catch the Akutan station was the most productive station of any controlled by the whaling corporation last season.

More Whale Meat.

This year it is proposed to pack a greater quantity of whale meat at the Akutan plant to meet the increased demand for this variety of food.

The whalemeat cannery at Kyquoot will also be operated to the extent of its full capacity throughout the season. There has developed a large market for canned whalemeat and the Kyquoot cannery will supply the bulk of the season's orders.

The company will operate three steam whalers from the whaling station at Bay City.

The tenders Gray and Elihu Thomas will ply between the stations, carrying supplies on the northbound trips, and returning with cargoes of whale oil and whalemeat.

Attention to Salmon Trollers

The finest and most economical engine on the market today is the

Doman Engine for Trolling

Made of the finest materials possible, by a firm who have the whole interest of the fisherman at heart, it is an Engine hard to beat.

Made in all sizes, from 5-7 H.P. to 85 H.P., the Doman engine has been put on the market specially for fishing boats. It burns distillate as well as gasoline, and a mechanical turn of mind is not necessary to run a "DOMAN" fishing boat engine.

For heavy duty, the "N. & S." engine with reversible propeller is the best.

MUCH MONEY RAISED FOR SMITHERS CHURCH

Double Event by Ladies of St. James Proves Very Successful.

Thursday last was field day for the Women's Aid of St. James' Church, Smithers, and the success which attended the efforts of that society constituted a total eclipse of all similar undertakings within recent years, says the Interior News. Despite a bitterly cold day, the townspeople turned out in such force as to make every phase of varied plans an avenue of successful cash-raising for the benefit of the church.

The afternoon was devoted to a tea held in the church, and it was here the ladies got in their best work, that went so far toward stacking up the splendid pile of \$232.05. In two prettily decorated booths the ladies vended tempting home cooking and a great variety of beautiful articles of adornment and utility, which, with the tea, realized the sum of \$161.50.

In the evening a concert was given in the Kennedy, hall, which was thoroughly enjoyed by the crowd which took up the seating capacity. From this source and its condiments an additional \$70.50 was realized, which will make it possible for the treasurer to negotiate the bank side of Main street with impunity and becoming dignity.

AT KETCHIKAN

Mr. and Mrs. C. T. Gardner Arrive Home After Being Married in California.

Mr. and Mrs. C. T. Gardner were arrivals on the Princess Mary this morning from Venice, California, where they were married on Christmas Day, says a recent issue of the Progressive Miner of Ketchikan.

Mr. Gardner, who is in the forestry service here, has made his home in Ketchikan for many years and is well known all over the territory, while his charming bride, who was the widow of the late Mike Wadding, superintendent of the Loring Cannery for many years, is equally well known and liked.

Both Mr. and Mrs. Gardner are popular with the social set in Ketchikan and the First City will surely extend its welcome and congratulations to this happy couple. They will be at home in the Forestry bungalow on Newtown Hill shortly.

Several of the skaters who were over at the Salt Lakes last night took an impromptu cold bath before returning. One of them fell through the soft ice where the tide was coming in, carrying his partner with him, and no sooner were they out than three more did a similar stunt. By the aid of a roaring camp fire they dried their clothes and returned none the worse for the adventure.

See what happened to the scandal-mongers in "A Perfect Lady" Madge Kennedy's latest Goldwyn picture at the Westholme tonight.

the "sweetest" story that ever was told

It came from home to "her man" in the trench. It started visions; smacking of lips—almost a stampede for home. It was a wonderful letter; painting word-pictures of the cakes, tarts and pies that were all to be the prize of this fighting man upon his return.
