PRICE: FIVE CENTS

HITLER BIDS FOR CHANCELLORSHIP IMPROVED FINANCIAL CONDITION OF CITY IS ANNOUNCED

City Sells Bonds to Government; Taxes Are Coming in Nicely and Bank Debt Will Soon be Cleared

Mayor Cyril H. Orme reported to the city council last night that, as a result of recent sales of securities to the provincial government for sinking fund purposes, the city now had remaining on its hands only \$17,400 of unsold debentures. As a result of the sale of bonds, together with tax collections which were steadily coming in, the mayor declared that he hoped to be able to report within the next few days that the city's indebtedness at the bank had been completely wiped out. The mayor also hoped within a few days to be able to give the council a detailed statement in regard to city finances including collection of taxes.

In regard to the sale of bonds to the provincial government, \$69,000 had been disposed of at 75 for Workmen's Compensation Board sinking funds and \$25,000 more at 75 for other government sinking funds. These prices were not as good as the city would have liked to have obtained but they were a good deal better than would have been received if the city had had to go on to the open market at the present time. A further \$8,000 worth of bonds had been disposed of at seven percent to the Northern B. C. Power Co. leaving a balance of \$17,400 which it was being endeavored to dispose of through McDermid, Miller and McDermid.

CAMP IS CLOSED

Forty Single Men Moved to Town From Cloyah Bay—Shelter Provided For Them

Following the recent refusal of local single unemployed men to work out their board and clothes at 35c per hour as proposed by the provincial government, the Cloyah Bay relief camp, which has been in operation for the past year, was closed down yesterday and the men have moved into town to go on 40c per day direct relief.

At the request of the men that something be done to furnish them with shelter, Mayor Cyril H. Orme yesterday wired Victoria for permission to use the public works warehouse at Cow Bay for this purpose. The permission has been granted but it was stated this morning that only ten men had availed themselves of these premises. About forty men came into town following the closing of the relief camp.

DORE NOT IN FIELD

Mayor of Seattle is Not Running For Governor

SEATTLE, August 2 — Mayor John F. Dore yesterday denied a rumor that he would be a candidate for governor of Washington this fall. He declared, however, that he would take the stump against President Hoover and Governor Roland H. Hartley if necessary. Meantime, he had by no means completed his work as mayor and he intended to continue despite political influence, Dore declared.

LEADER OF FASCISTI

Rt. Rev. Monsignor Ignaz Seipel, Five Times Chancellor of Austria, is Dead Near Vienna

Rare Career

Was Combination of Politician and Churchman—Worked For Lawful Country and Church

VIENNA, Aug. 2.—Rt. Rev. Monsignor Ignaz Seipel, aged 58, former chancellor of Austria, died today at a sanitarium near here. He was the recognized head of the Fascist movement in this country.

A rare combination of politician and churchman, Monsignor Seipel used his talents for many years in unceasing labor for the greater glory of the Roman Catholic Church and the maintenance of law and order in Austria.

He was leader of the Christian socialist party in the war-born republic, was chancellor of the government five times and occupied several other responsible cabinet posts.

As head of the fascist movement in Austria, it was due largely to his support as chancellor that the "heimwehr," an unofficial body of thoroughly drilled men, became a rival of the social-democratic "shuetzbund" in Austrian politics. At times the tactics of the rival "armies" led the nation to the verge of civil war. The "heimwehr" had its chief strength in the provinces of the republic, while the "shuetzbund" held the fort in the socialist municipal government of Vienna.

Dr. Seipel had almost no political experience before the birth of the republic. Just before the collapse of the Austro-Hungarian monarchy he was made minister of social welfare in the last cabinet of Emperor Karl I and he was elected a member of the constitutional assembly of the new republic in 1919.

It quickly developed that the clerical party in the new state, which included all former employees of the monarchy, was willing to follow him blindly and this evidence of trust in his own country, coupled with respect for his priestly robes in other continental nations, gave him a wide appeal when he undertook to make a prosperous and going concern out of the German remnant of the old heterogeneous empire.

Although before he ventured into politics Dr. Seipel had been absorbed by the calls of his religion, he showed remarkable ability to grasp administrative, economic, financial and labor problems, but the obstacles laid in his path by influential sections of the public eventually halted his efforts and led to the failure of many of his policies.

On July 1, 1924, a fanatical workman member of Seipel's party, convinced that Austria's distress was due to inaction by the government, fired two shots at the chancellor. One bullet pierced Dr. Seipel's liver and the other penetrated his right lung. The wounds nearly caused his death, and he felt their effects for years afterwards.

Dr. Seipel was born in Vienna on June 19, 1874, of humble parentage. He studied theology at Vienna University and was ordained a priest in 1899.

VANCOUVER WHEAT

VANCOUVER, Aug. 2.—Wheat was quoted at 53 1/2c on the local exchange today.

President Von Hindenburg

Once more has political crisis on his hands in Germany.

Imperial Conference Anxiously Awaiting Canada's New Offer

Premier Bennett is Preparing to Make Adequate Concession For Adequate Concession—British Textiles, Autos and Machinery Mentioned

OTTAWA, Aug. 2.—Delegates to the Imperial economic conference are eagerly awaiting the full terms of Canada's new offer. The assumption is widely drawn that Premier Bennett is preparing to make adequate concession for adequate concession. Rumor particularly mentions British textiles, automobiles, iron and steel machinery but there is, as yet, no official statement.

IS NAMED TO BOARD VON GRONAU AT CHICAGO

S. J. Hungerford Appointed Director of Canadian National Railways

OTTAWA, Aug. 2.—Appointment of Samuel J. Hungerford, acting president of the Canadian National Railways, as a member of the board of directors was announced today.

CHICAGO, Aug. 2.—Capt. Wolfgang von Gronau and three companions landed here this afternoon from Detroit in the course of their flight to the Pacific Coast and thence around the world. The party intends to spend several days here.

Hitler Demands Control in Germany; Is Ready to Take Over Chancellor's Position

BERLIN, Aug. 2.—Despite the disappointing showing of his National Socialist (Nazi or Fascist) party at the polls in Sunday's general election, Adolph Hitler declared last night that he would accept the chancellorship of Germany should it be offered him by President Paul von Hindenburg. Despite the indecisive result, Hitler demanded that control of the Reich should be handed over to him.

Hindenburg and Hitler will confer today and the future political events in Germany will, it is understood, depend much upon the results of that conference.

Fifteen persons were killed throughout the country on the eve of polling in the election, it was revealed last night.

DELEGATION OF WOMEN

Milk, Clothing School Books and Increased Relief Allowances Demanded—Complaints Made to Council

Presenting demands for milk for babies of the unemployed, school books for children of unemployed and men receiving part time relief work, necessary clothing for unemployed men, their wives and families and an increase in the present relief allowances, a delegation of five women from the Women's Labor League appeared before the city council at its meeting last night. After a desultory discussion, the women were informed by the mayor and aldermen that steps were now being taken through funds made available by the Rotary and Gyro Clubs, to provide women and children with clothing. If any babies were shown to be in actual need of fresh milk, the city would endeavour, in the future as it had done in the past, to furnish same. As for school books, the council held out little hope of this request being met while the more important necessities of food and clothing remained a problem. The mayor and members of the aldermanic board impressed upon the woman that the city was doing the very best it could to meet the situation with the resources at its command. At the close of the discussion, it was decided to hold a meeting of the special relief committee on Wednesday night of this week when the women will be invited to present personally any complaints they may have in regard to administration of relief with a view to rectifying same if possible.

Members of the delegation referred to the necessity of the children being provided with proper food and clothing. They asserted that the present was a period of virtual "baby starvation." They cared not who provided the money so long as the necessities were forthcoming and they believed that it was the duty of the city council to give assistance.

City Doing Its Best

The mayor and aldermen then explained to the women how plans were being made to provide clothing for the women and children and gave assurance that, if fresh milk were found to be necessary in certain cases, it would, no doubt, be provided. It was only financial stress that prevented the city from doing more than it was doing. It should be remembered that the city must pay for everything it got and already it was having difficulty in paying for the goods which had been obtained. There was no lack of sympathetic feeling on the part of any member of the council, the mayor declared.

One of the women complained that her husband had been called a "beggar" by a city official when he had gone to get his relief. Another had been asked "why he did not support his own family?" Various members of the council expressed resentment at insulting remarks being made to citizens who were so unfortunate as to have to go on relief.

Some of the women complained of unequal distribution of relief. Some families were getting more than others irrespective of the number of children. Members of the council expressed surprise that relief was not distributed pro rata to the size of families. This is one of the matters that will be gone into at the special meeting tomorrow night.

DUTY OF PROVINCE

Premier Bennett Passes Buck on Unemployment—Dominion is Doing All it Can

OTTAWA, Aug. 2.—We are doing everything that this country can stand to assist the needy, which is primarily the duty of the provinces, and maintain our national life, Premier R. B. Bennett said today to a delegation of the national conference of unemployed councils.

The program of the deputation, the Prime Minister considered, would not achieve the desired aim.

TAXES ARE REFUNDED

R. Eston Phye to Get Part of Improvement Levy Back in View of Building Being Burned

On recommendation of the finance committee, the city council last night decided to refund to R. Eston Phye of Hartford, Conn., a proportionate amount of general taxes amounting to \$41.23 with respect to a building on lots 13 and 14, block 22, section 1, which was destroyed by fire on May 17, 1932. Mr. Phye had paid his taxes on the property prior to the building being burned down.

Ald. S. D. Macdonald questioned the wisdom of making such a refund but was informed that the Municipal Act provided specifically for such refunds being made if the city so desired.

City Saves Money Under Bond Deal

Transfer of Securities Recommended By Finance Committee is Adopted By Council

The city council last night adopted a recommendation from the finance committee that \$8,000 Province of Ontario bonds (six percents) held in the hydro-electric fund be sold and that the proceeds be invested in Prince Rupert hydro-electric bonds as per offer of W. Ross Alger Corporation Limited, Edmonton, to yield the city eight percent.

The city stood to gain \$180 on saving in interest and a further \$1800 if United States exchange rate was the same next April as it was now. Ald. Collart, chairman of the finance committee, informed the council.

THREE DOLLARS FOR ONE IS RELIEF PLAN

It was pointed out during a discussion on unemployment relief matters at last night's city council meeting that the policy was still in effect whereby, for every dollar expended by the city on direct relief such as food, shelter and clothing, the provincial and federal governments were each pledged to put up a dollar. Therefore, for every dollar made available locally for relief purposes, three dollars could be actually spent.

OTTAWA DEMONSTRATION IS QUELLED BY POLICE

OTTAWA, Aug. 2.—The police dispersed a crowd of seven hundred demonstrators here today, making ten arrests. The demonstration was part of the program of the Workers Economic Conference.

LABOR MAN PRESIDENT

S. S. Woodsworth, M.P. Named Head of Merger of Laborites and Farmers

CALGARY, August 2 — J. S. Woodsworth, M.P. for Winnipeg-North Centre, was yesterday elected president of the Co-operative Commonwealth Federation at a conference of Laborites and Farmers from five Canadian provinces.

OPTIMISTIC TONE

A Vancouver wholesale house writing to a local businessman says there are very definite indications that business has been holding its own for the last sixty days, price increases are being talked of and some increases have gone into effect. Three months ago such a statement would have sounded fantastic.

A circular attached to the letter tells of a store which increased its business twenty-three percent over the previous period due to aggressive merchandising, maintenance of advertising and stimulation of enthusiasm on the part of employees.

Another statement in the circular says: "Advances in the bond market and price increases in commodities lend a cheerful note to the month of July." The price index is the highest since the middle of January and Dun's list registers thirty-seven advances as against sixteen declines. "More is now being heard of the huge replacement demand which has been built up through three years of depression. Returning confidence will eventually unloose this demand."

All this indicates that the present is the time to buy as goods are not likely to be as low as at present for any length of time. Also it indicates that the period of depression is passing and that very soon we shall be wondering what it was all about.

Wrestling, free style—final.
Cycling, 1000 metres, scratch—final.
4000 metres, pursuit race—final.
2000 metres, tandem—final.

LOS ANGELES, Aug. 2.—Eddie Tolan, bespectacled American negro, won the one hundred metres sprint final feature of yesterday's Olympic Games activities, in 10.3 seconds, equalling the world's record established by Pere Williams of Vancouver at the 1928 Olympic Games in Amsterdam. Ralph Metcalfe was second, Jonath third, Simpson fourth, Joubert fifth and Yoshioka sixth.

Robert Tisdale of Ireland won the 400-metre hurdles final, Hardin, being second, Taylor third and Lord Burghley fourth.

O'Callaghan of Ireland won the hammer throw in record distance.

In the 100 metres semi-finals, Tolan's time was 10.7 seconds and Metcalfe's, 10.6. Both Tolan and Metcalfe are American negroes.

In one of the 100-metre semi-finals, the runners finished as follows: Metcalfe, United States; George Simpson, United States; Jonath, Germany; Luti, Argentina; Pearson, Canada; Wright, Canada.

In the other semi-final, the runners finished as follows: Tolan, United States; Joubert, South Africa; Yoshioka, Japan; Williams, Canada.

No More for Canada
Canada did not add any further Olympic titles on Monday to the one Duncan McNaughton of Vancouver won on Sunday in the running high jump because a couple of colored Americans sprinted too fast and because wrestlers from overseas were too crafty on the mat.

Only Hilda Strike, a Montreal girl, and Danny McDonald of Toronto stepped Canada under the spotlight of the Olympiad as Ireland and United States took turns at scoring triumphs. Miss Strike galloped into the women's 100-metre final, but her mates, Mary Frizzell of Vancouver and Mary Vandervilt of New Liskeard, were left behind in the other semi-final.

Hurrah for Ireland
Ireland added to the glory of the British Empire when Robert Tisdale of Dublin, former Oxford University star, won the 400-metre hurdling title. Lord Burghley of

Percy Williams

Vancouver star of Amsterdam Olympics in 1928 who made disappointing showing this year at Los Angeles.

England, defender, ran fourth in the final.

Then Dr. Pat O'Callaghan of Ireland threw the hammer 176 feet, 11-18 inches, to retain the title won four years ago at Amsterdam.

Eddie Tolan, Michigan's mid-night express, took over the 100-metre crown from Percy Williams of Vancouver.

While five of his countrymen were being beaten in their first matches, Danny McDonald got a wrestling victory that keeps him in the hunt for an Olympic mat title.

He threw Yoshiokohno of Japan in four minutes and fifty-eight seconds.

BASEBALL POSTPONED

Owing to rain and wet grounds, last night's Senior League baseball game between Empress and Elks was postponed.

Leads America's Women Divers

Three perfect poses of Katherine Rawls, 15-year old Miami marvel, who astounded officials by defeating Georgia Coleman for national diving honors at Long Island. The petite miss will represent America in the Olympics.

FIGURES IN SPORT

LAWSON ROBERTSON, TRACK COACH

Failure in the contracting business in 1908 not long after he had returned from London, England, where he attended the Olympic Games as a sprinter and jumper, switched Lawson Robertson to his career as a track and field coach. It was an uncanny ability to handle temperamental athletes that thrust him to the head of the profession as a coach of the Olympic track teams of United States in 1912, 1920, 1924, 1928 and 1932. He, himself, had competed in the 1904, 1906 and 1908 Olympic Games at St. Louis, Athens and London respectively.

Robertson's regular coaching jobs have been with the New York Athletic Club for seventeen years beginning in 1908 and since 1925 with the University of Pennsylvania which he attended in 1916.

Born in Aberdeen, Scotland, September 24, 1883, his parents emigrated to the United States when he was a small boy, the family set-

ting in Brooklyn. As a gangling, awkward youth, Robertson firmly believed that he was unsuited for athletic endeavor and he never donned a track suit during High School days. Circumstances, however, changed his attitude and, in seven years of active competition after leaving school, he became a member of three Olympic teams, holder of national sprint championships and, with H. L. Hillman as partner, established world records for three-legged sprints.

It was his work in developing track stars that brought lasting fame to "Robbie." He developed seven world champions for the New York Athletic Club and the University of Pennsylvania. Perhaps the most outstanding of the men he coached have been Barney Berlinger, Ted Meredith, Matt McGrath, Pat Ryan, Larry Brown and Dan Ahern. His teams at the University of Pennsylvania captured the national senior indoor track and field

championships in 1918, the cross-country intercollegiate championship the same year, the indoor intercollegiate championships in 1923, 1924, 1930 and 1931 and the outdoor intercollegiate championship in 1920.

Robertson is married and is the father of five children. During the war he served as physical instructor in the aviation services with the rank of lieutenant.

MR. JUSTICE ORDE DIES

Leading Jurist of Ontario Passes Away Last Night in Toronto at Age of 62

TORONTO, Aug. 2.—Hon. John Fosberry Orde, justice of the Court of Appeal in the Supreme Court of Ontario, died here last night. He had been ill for more than a month. Mr. Justice Orde was originally a Nova Scotian. He was born in Great Village, N.S., in 1870. Called to the bar in 1891, he began the practice of his profession in Ottawa. He enjoyed a very large practice and specialized in corporation work. He was elected president of the Carleton Bar Association in 1908 and was at one time Honorary Treasurer of the Canadian Bar Association. In 1908 he was appointed a King's Counsel.

Mr. Justice Orde took an active interest in many civic and benevolent enterprises. He was a director of Ashbury College. From 1908 to 1912 he was chairman of the Ottawa Licence Commission. At one time he was honorary secretary of the Victorian Order of Nurses. He was a member of the Council of the St. John Ambulance Association. He also did much to further the work of the Ontario Anti-tuberculosis Association and the Children's Aid Society.

He was an Anglican. At various times he occupied the positions of honorary lay secretary of the Diocese of Ottawa and president of the Laymen's Missionary Movement. In politics he was a Conservative. An enthusiastic sportsman, Mr. Justice Orde was president of the Royal Canadian Golf Association and vice-president of the Ottawa Golf Club. His favorite recreations were golf, canoeing, fishing and billiards. He belonged to the Rideau, the Ottawa Golf, the Toronto and the Toronto Golf Clubs.

He married Miss Edith Cox in 1892, and had two sons and one daughter.

Objection to Garbage Dump

Protest at Nuisance on Highway Made By Eagles' Lodge to City Council

A letter from Angelo Astori, secretary of the Fraternal Order of Eagles, read at last night's meeting of the city council, entered vigorous protest on behalf of the membership of that organization at the deplorable condition in regard to disagreeable odor which had been created by the action of the city in placing its garbage dump on the Skeena River Highway near the end of the city limits. The lodge strongly urged the council to devise ways and means of overcoming the nuisance.

The communication was referred without discussion to the board of works.

notified that certain repairs must be made to same, particularly in the interests of fire protection, it was reported last night to the city council which recently gave instructions that such inspections be made. In the inspections particular attention was given to the condition of furnace rooms.

RESOLUTION ON RELIEF

City Council Heads What Municipalities Union is Doing in Unemployment Situation

The city council last night heard a lengthy report from a special committee of the Union of British Columbia Municipalities which recently held a conference with the provincial government and other went into the present unemployment relief situation as it affects the municipalities.

The report outlined a resolution which had been forwarded to Hon. W. A. Gordon, federal minister of labor, in regard to unemployment. The committee took exception to the federal government taking the condition in the east as an index of that in the west which, owing to its mild weather, had become a mecca for thousands of unemployed. The schedule of monthly relief allowances for single and married unemployed as proposed by the provincial government was considered entirely inadequate. The committee urged that a line of credit would have to be extended the municipalities if they were to carry on financing relief work as they had been doing. The committee, in its resolution to Mr. Gordon, further urged the necessity of a federal government representative being appointed to the province of British Columbia in connection with the operation of relief.

The report of the committee was referred to the relief committee. The mayor expressed the opinion that the executive of the Union of British Columbia Municipalities had been on the job as far as unemployment relief was concerned. Suggestions which had been offered by Prince Rupert were taken care of in the resolution of the committee.

The Survival of the Sweetest

(By Barbara B. Brooks)

CORN FLAKE MACAROONS Two egg whites, one cup coconut (shredded), one-half cup chopped nutmeats, two cups corn flakes, one cup brown sugar, one-half teaspoon vanilla.

Beat egg whites until they are stiff enough to hold their shape but not until they lose their shiny appearance. Fold in sugar carefully. Fold in corn flakes, nutmeats and coconut. Add vanilla. Drop on a well greased baking sheet. Bake in a moderate oven (350 degrees F.) about 15 to 20 minutes. Remove pans from oven, place on damp towel and remove macaroons immediately with a spatula or sharp knife. If macaroons become hardened to pan, they may be put in the oven a few minutes to soften.

Yield: one and a half dozen macaroons.

SENATOR IS DEAD

MOOSE JAW, Aug. 2.—Senator Wellington Bartley Willoughby, K. C., B. A., LL. B., former Conservative leader of the Senate, died last night from cancer of the throat. He was born in Charleston, Ont., 73 years ago, his birthday being July 10, 1859.

Educated at the University of Toronto, the late Senator Willoughby was married October 19, 1892, to Susan Smedley Jones of Philadelphia who predeceased him.

After graduating as a barrister, deceased became a member of the Alberta, Ontario and Saskatchewan bars. He was a member of the Senate of the University of Saskatchewan and a bencher of the Law Society of Saskatchewan, having formerly been a bencher of the Law Society of the old Northwest Territories. Although a barrister, he was largely interested in agriculture.

Senator Willoughby first aspired to public office in 1895 when he was an unsuccessful candidate for the House of Commons in the county of Cardwell, Ont. He was elected a member of the Saskatchewan Legislature from Moose Jaw in 1912 and sat in the provincial house until he was summoned to the Senate on October 23, 1917.

During the war Senator Willoughby took an active part in patriotic fund work. He was a member of leading clubs in Moose Jaw, Regina and Ottawa. He was a director of the Standard Trusts Co. of Winnipeg and of other companies. He belonged to the Church of England.

GOODS ARE DISCUSSED

Some Criticism As To Clothing Being Furnished Unemployed— Mayor Defends Present Plan

After Ald. Casey had offered complaint as to the quality of goods which were being distributed by the city to relief workers, suggesting that merchants were "sluffing off old stuff," the city council last night, after considerable discussion, decided that, in future, the men will be given detailed figures as to the actual cost of each article with which they are supplied. Heretofore, the policy has been to inform the men as to the total cost of an issue of several articles of clothing.

Ald. Casey started his criticism by showing to the council a boot from which the heel had become loose after being worn for only one day. He urged that the men be given credit slips and be permitted to buy clothing themselves. He thought this would be the better way.

Mayor Orme resented the statement of Ald. Casey that the merchants were "sluffing off old stuff." He considered this statement to be quite untrue. On the other hand, he believed the clothing which was being distributed by the city was generally excellent value for the cost. The system of the city distributing the clothing had been adopted in order to obviate confusion and obtain the best value possible. It was quite possible that, in a large order of goods, one article with a flaw might be found. It did not follow that everything should be condemned.

After various of the aldermen had stated that they saw no objection to the men being informed as to the cost of each individual article, it was decided that they would be henceforth so informed.

Widow of Senator Dead in Victoria

Mrs. Mary N. Riley Died Monday Night in Capitol City Where She Lived Many Years

VICTORIA, Aug. 2.—Mrs. Mary Riley, widow of the late Senator George Riley and a resident here for several years, died here Monday night. Before her marriage in 1900, Mrs. Riley was Miss Mary N. Bal-four of Buffalo, N.Y. She is survived by one daughter.

City Paying Its Light Account in Bonds to Company

A recommendation from the finance committee that \$8,000 of Prince Rupert bonds be sold to the Northern British Columbia Power Co. at a yield of seven percent and that the proceeds be applied in payment of the power company's account against the city for light and power was adopted by the city council last evening. It is estimated that this will carry the city to the end of October as far as light and power is concerned.

Ald. Collart, chairman of the finance committee, stated that the power company had expressed its willingness to take the bonds on these terms in payment for light and power supplied the city. It was a better price than the provincial government had paid the city for its bonds and the city stood to gain by accepting it.

Secure Cash During Hard Times

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.

Daily News Want Ads.
