## GOVERNMENT WILL FALL UNDER OWN WEIGHT SAYS FRENCH MEMBER OF HOUSE

DISCUSSED AT OTTAWA AND HON. ARTHUR  
MEIGHAN DEFENDS WAR TIMES ELECTION  
ACT—COL. J. A. CURRIE DEFENDS  
CANADIAN OFFICERS

(Special to The News via G. T. P. Telegraphs.)

Ottawa, March 18.—The western viewpoint on the tariff was strongly put by J. A. Maharg, Unionist member for the Peace River, and president of the Saskatchewan Grain Growers' Association, who stated that the farmers of the west had no intention of tying themselves to any political party, or even with the Union Government, in view of his tariff remarks with the prediction that if the Government does not do something to meet the views of the west there will be resignations and by-elections before next session.

He predicted a decrease in the price of wheat if prices were not maintained.

On the address was made by Hon. Arthur Meighan, Minister of the Interior. Referring to Mr. Fielding's criticisms of the War Time Elections Act, Meighan said he had drafted the act and had no regrets to express. He said Sir Robert Borden and his colleagues in Paris, he said, were to be bound by the treaty, she must be represented when the treaty was being

Mr. A. Currie moved the adjournment of the debate. He defended the operations at St. George's. He said that no reflection was made on himself or any other who took part. It was unfortunate, he said, that people at St. George's should slander the living and the dead. He urged that the council increasing the number of defaulters should be reduced. J. E. Provost, speaking for the Government, declared that the Government had committed many mistakes and would fall under its own weight.

## SIR ARTHUR CURRIE WAR DANGER

Thmann Hollweg Says Em-  
William Was Kept Fully  
Informed of Danger.

(Special via G. T. P. Telegraphs.)

London, March 18.—Von Thmann Hollweg, former German Imperial Chancellor, defended himself against the accusations of Herr Scheidemann, former Chancellor of the Berlin Kreuzberg, that he concealed secret reports from Emperor Wilhelm. He declares his reports and the situation to the Foreign Secretary as it appeared from the material at their disposal. At no time was the Emperor in doubt regarding the situation of opposing the Entente, every year the increasing gravity of the situation, was imposed upon him.

## CHINESE ARE COMMITTED

Three Men Before Magistrate Sent  
to Higher Court by Mr.  
McMullin.

The Chinese theft case was again continued in the police court this morning before Magistrate McMullin and the accused were committed for trial. On the morning of March 2, following the theft at the Palace Cafe, Wong Kim and Leo Hing, assisted by Chow Hing, forced their way into the Panatorium on 6th Street, and stole an overcoat and two suits of clothes to the value of \$75.00.

Chow Hing admitted the theft and when asked by Constable Duff concerning the matter, he stated that he (the accused) met Wong Kim and Leo Hing on 6th Street, and together with them entered the Panatorium with a key that Wong Kim had in his possession, and stole an overcoat and two suits of clothes. Wong Kim took the clothing to his home at 819 2nd Ave.

Chow Hing tried to sell Lee Chu his overcoat for \$10, but Lee Chu would not buy it. It was on this evidence that Constable Duff arrested the accused.

Charge Dismissed.  
Wong Chu was charged with being the receiver of stolen property from the three accused, but the charge was dismissed.

## SIR ARTHUR CURRIE IS SUGGESTED FOR LIEUTENANT GOVERNOR

(Special via G. T. P. Telegraphs.)

Toronto, March 18.—That Sir Arthur W. Currie, commander in chief of the Canadian armies in France, may return to British Columbia as the next Lieutenant-Governor is the general hope of the province in the opinion of Senator G. H. Barnard, four times mayor of Victoria and for years representative of that city in the House of Commons.

THE EX KAISER: "What a blood-curdling noise!"

## MORE MONEY, SHORTER HOURS

Canadian Express Employees Secure  
Privileges Under Board  
of Conciliation Findings.

(Special via G. T. P. Telegraphs.)

Ottawa, March 18.—The Board of Conciliation in the dispute between the Canadian Express Co. and its employees, in which about 1300 employees were involved, between Halifax and Prince Rupert, have awarded employees an eight hour day, time and a half for overtime, the overtime including legal holidays.

Increases of wages granted are between \$50 and \$70 per month to receive 15 per cent increase, between \$70 and \$100 twelve per cent increase, over \$100 ten per cent. Female employees are included on the same basis.

## HOW TO DEAL WITH ORIENTAL QUESTION

Alex Manson Suggests Request be  
Sent to Peace Conference  
Embodying Provincial  
Views.

The Agricultural Committee of the Legislature this morning spent a good deal of time in discussing a resolution from the Advisory Board of the Farmers' Institute dealing with the Oriental question and requiring among other things that they be not given title to lands in this province, says the Victoria Times of Friday last.

The Committee failed to arrive at any definite conclusion and will further consider the matter at tomorrow's meeting. At the suggestion of A. M. Manson, Secretary of the Committee, it is altogether likely that tomorrow the House will be asked to adopt a resolution asking the Ottawa authorities to request that Sir Robert Borden represent to the Peace Conference that the immigration of races that will not assimilate with the Caucasian races be prohibited in such countries.

The Committee was of the opinion that this was about as far as they could go in the matter, and Mr. Manson's suggestion was considered a very excellent one.

## NO DAMAGES UNDER TORONTO RIOT SUITS

Toronto, March 18.—Judgment has been given by Mr. Justice Rose dismissing the actions of the various restaurant proprietors who sued the city for damages arising out of the returned soldier riots in August last.

## RAILWAYS ARE IN BAD STATE SAYS MINISTER

Transportation in Britain Must  
Be Handled By One Block  
of Capital.

(Special via G. T. P. Telegraphs.)

London, March 18.—Sir Eric Geddes, minister without portfolio, in introducing into the House of Commons a bill to establish a Ministry of Transportation, said with the exception of the street railways, the transportation system of the country was financially in a semi-paralyzed state. Only municipal street railways were prosperous.

In the present conditions, said the minister, it would be criminal to permit the old system of competition. One block of capital must do the work and not two in competition.

This would be bad news for some interests, but was a cold bath which the country must take.

## BOLSHEVIK PLANS FOR AIRCRAFT PROPAGANDA

(Special via G. T. P. Telegraphs.)

Washington, March 18.—The Russian Bolsheviki Government is planning an aircraft propaganda campaign in England and France, according to Swedish press reports. Aviators for the work are said to be in training at Moscow. The scheme is to drop papers containing Bolsheviki propaganda.

## UKRAINIANS AGAIN

## PRINCE RUPERT MILL TO COMMENCE CUTTING LOGS ONCE MORE APRIL 15 UNDER CONTROL OF VANCOUVER MEN

The Prince Rupert Lumber mill is expected to reopen on or about April 15. It has been leased by some Vancouver lumber interests and will be used to cut the logs which are at present lying in the water and in the woods at Queen Charlotte Islands. These logs have been sold to the lessees by the Imperial Munitions Board.

The lease of the mill is for a year, with the option of renewal. It is owned by J. S. Emerson of Vancouver and was in operation from July last until shortly after the signing of the armistice, when all the mills on the north coast shut down.

The new operators are expected to arrive here the middle of next week when they will take possession and make arrangements for the continuation of the work.

The mill is probably the most modern in type on the Pacific coast and is equal to any part of the world. It has a capacity of over 100,000 feet a day and the arrangements for handling the output are perfect.

## GOVERNMENT WILL DECLARE POLICY REGARDING RAILWAY

(Special via G. T. P. Telegraphs.)

Ottawa, March 18.—An early declaration regarding the policy of the Government towards the Grand Trunk Pacific Railway is promised by Hon. Dr. Reid. Prompt action by legislation is necessary, as the order-in-council under which action was taken is a war measure and there is a possibility of peace being signed at an early date.

## GREECE AND ITALY ASKING FOR CREDITS

(Special via G. T. P. Telegraphs.)

Paris, March 17.—Greece and Italy have joined the list of European nations that are negotiating with Canada for credit in loans which would be employed in the purchase of supplies of manufacturers' goods in Canada. France and Roumania have already signed contracting involving credits of \$25,000,000 each and negotiations with Belgium have been going on for some time. It is believed that Greece would be in a position to pay cash for most of the things she needs and would require only a small credit.

With Important Subjects  
Peace Conference.

(Special via G. T. P. Telegraphs.)

Paris, March 18.—No agreement has yet been reached by the Supreme Council of the Peace Conference in regard to the proposed levelling of the great fortifications of the Kiel Canal and of Heligoland. The question of the disposal of the German war vessels is also being discussed but with no decision in sight.

A committee is being drafted to prepare the final report of the commission on responsibility for the war.

Paris, (Later):—The Supreme War Council decides that the Heligoland fortifications must be dismantled and Kiel Canal internationalized and made available to vessels of all nations.

Oriental Question Again to the Fore.

The Oriental question has been discussed in the Legislature and the member for Omineca has been taking a hand in the debate. Among the suggestions made before the Agricultural Committee was one that Orientals should not be allowed to hold title to land. It must be remembered, however, that much land is already in the hands of Orientals and especially of the Chinese. Even here in Prince Rupert there are many Oriental owners, but in Vancouver and Victoria some of the finest blocks in the city belong to the Chinese.

Everyone is agreed that the Oriental question is a grave one. The Oriental and white races do not assimilate well. They are better each in his own country. At the same time these are days of progress when transportation is becoming very easy and it is going to be difficult to fence around a portion of the globe and say that certain people must not enter the enclosure. The tendency is toward broadening, not toward narrowing.

Where is Wrong in Owning Land.

If the Orientals had votes there would be much less of a tendency to be perpetually worrying them. At present they are doing no harm, but are often very useful. There are scarcely any coming into the country and those who are here have pretty well adapted themselves to the ways of the country and they charge almost as much for their services as white men. In that way the industrial difficulty has been solved.

It is not easy to see how the holding of land by Orientals is injurious. If they abuse the privileges in any way it is all right to put on restrictions but there have not been any serious arguments put forward to show that they do this. The only argument that has been used in the past is that they are expected to do menial work, but instead they become land owners and refuse to do the work that is expected of them. They compete in business with white men instead of carrying out the ashes and sweeping the floors for the white owners.

Treat Fairly All Who Come.

The Japanese and Chinese who are here must have fair treatment. The British way has been always to give everyone a fair chance. So it must be with the Orientals. There may, however be restrictions if there is a menace and it would be a menace to have thousands of coolies poured into this country. As there is no suggestion of this being done and as there are already laws and regulations to prevent their coming in any large numbers there is no need to worry.

Hindu Question Quite Different.

The case of the Hindus is quite different, however. They are British subjects and they have been fighting side by side with Canadians against the German menace. At the same time there is no good reason why they should be allowed to move to this country to the menace of our institutions. The Hindus are better in their own country and we must continue to insist that restrictions be maintained against any large immigration to British Columbia.

## IRISH CONCERT STRICTLY HIGH CLASS EFFORT

Dancing of Children Was Most Effective and Other Features Meritorious.

An altogether first rate Irish concert was enjoyed by a crowded house at the Westholme last night, the chief feature being the dancing and singing of the children who had been trained in the dances by Mrs. H. O. Crewe. The only other new entertainer was H. Graham Harris, whose baritone was a treat.

**Orchestra.**  
The Westholme orchestra under the conductorship of William Balagno was a great feature of the entertainment and two of the members, the conductor and Will Edmunds, both gave solos, one on the violin and the other on the cello. Both were well received and each deserved the reception he got.

Madame Aivazoff in Irish ballads was at her very best. She was thoroughly at home in this field of art and her efforts to please were much appreciated.

Mr. and Mrs. Brady gave a delightful little Irish sketch, showing the courtship of an Irish widow, which was picturesque and amusing.

**Address on Ireland.**  
E. A. Wakefield in an address on Ireland and St. Patrick spoke of the way in which the Irish had invaded every walk of life in almost every country. They were noted for their tenacity, honesty and their religious convictions. He spoke some words of praise of the work of the priests, including St. Patrick.

Of the dancing and singing of the young people it is difficult to say enough. The Minims were the most attractive because of the cute way in which they went through their dances. The sun-shade dance was very pretty and the little girls did their parts well. The chorus by the children was excellent and the gavotte by four senior girls was physically perfect and most gracefully executed. The choir also sang well.

## BOARD OF TRADE TO GET \$50 A MONTH

Two Aldermen Plead for More Liberal Treatment But are Voted Down.

At the council meeting last night a recommendation from the Finance Committee that the sum of \$50 a month for the rest of the year be set aside for the Board of Trade was adopted. Alderman McMeekin and Alderman Perry both favored more liberal treatment, the former arguing that by getting a donation from the council was the only way to make the absentee owners pay their share.

Alderman Perry thought the Board of Trade should be encouraged. They were working for the good of the city and they were putting a good deal of ginger into their efforts. Now that they had plenty of pep was the time to keep them going. He moved that the report be tabled for a week. He did not think \$50 a month enough.

Alderman McMeekin seconded the motion. Alderman Rochester said that if it was found that this was not enough there would be a come back. He did not believe in publicity just now. For the time being the least said about the city the better. He moved an amendment, seconded by Alderman Kirkpatrick, that the report be adopted. This was carried with McMeekin and Perry voting against.

## Why They Are Buying WAR-SAVINGS STAMPS

The housewife is economizing in comfortable ways and investing in War-Savings Stamps at \$4.02 each this month. In 1924, when these stamps are redeemed at \$5.00 each, every dollar will have greater purchasing power.

The business man is cutting off small and unnecessary expenditures and buying War-Savings Stamps. He knows his money is available any time he really needs it, with added interest. \$5 for \$4 in five years is an excellent return on money otherwise idle.

School children are buying Thrift Stamps at 25 cents each and are filling their Thrift Cards in order to acquire a War-Savings Stamp. They are helping their country and acquiring the habit of Thrift.

Men on the farms are buying W.S.S. because the Government uses the money to finance export orders for the food raised on Canadian farms. This makes their market sure.

Men, women and children of all ages and conditions of life, are investing in W.S.S. because it is a convenient way to "build a bond". The security is absolute and the interest is unusually high. Some day they will look back with great satisfaction to the day when they bought their first War-Savings Stamps.

Have You Bought Your Stamp Today?

**Zam-Buk**  
Saved me a lot of money

writes Mr. R. Howard, Sr., of Bracebridge, Ont. He continues: "Four years ago I sustained a scratch on my leg, which turned to an ulcer. I was confined to my bed for six months under doctors' treatment, during which time I did not earn a cent, and in addition, spent dollars upon dollars before a cure was effected.

"Recently I sustained a scratch on my other leg. It became very inflamed and swollen, and finally turned to an ulcer. This time, however, I knew about Zam-Buk, and I acted very differently. I used Zam-Buk along with the ulcer healed in much shorter time than the previous one, but I was able to go to work all the time it was healing, and I did not lose a single day's pay. I sincerely hope that my experience may be the means of showing other working people the great healing value of Zam-Buk and of saving many from needless expense and unnecessary suffering."

Zam-Buk is just as good for eczema and all skin diseases, ringworm, boils, piles, cuts, burns, etc. 50c box, 3 for \$1.25, all druggists, or Zam-Buk Co., Toronto. Send 1c stamp for postage on free trial box.

**LINA CAVALIERI IN "LOVE'S CONQUEST"**

Famous Actress in Stirring Tale of the Days When Italy Was a Power.

Madame Cavaleri is seen as a beautiful widowed ruler of the Duchy of Athens, at the beginning of the sixteenth century, whose time is mainly occupied in caring for her son, and refusing offers of marriage made to her by the rulers of neighboring duchies. When she spurns Prince Zaccaria, a distant relative, who has made her a present of a magnificent lion, he conspires with a follower to kill her son in the belief that this may win Gismonda for him and make him Duke of Athens.

The child is thrust in an enclosure in which the lion is confined and when Gismonda hears of the supposed "accident" she loudly proclaims that she will instantly wed the man who saves her son. The child is rescued by Almerio, a huntsman, and though not of noble birth, but quite well-bred and the son of a former Governor of Naples, he slays the lion and saves the child. On seeing him, however, Gismonda repents of her vow and with her son retires to a convent, pending her appeal to the Pope for a revocation of her vow, it having been made in the shadow of the Cross.

The story is told in picture at the Westholme tonight.

**"HOUSE OF GOLD" AT THE EMPRESS THEATRE**

Emmy Wehlen Seen on Screen in Brilliant and Dramatic Feature.

Brilliant and dramatic is the feature screen romance, "The House of Gold," one of the most forceful in which the exquisite star, Emmy Wehlen, has ever appeared. As Pamela Martin she depicts the disgust of a woman of refinement for the loveless marriage into which she has been tricked.

Discovering the cruel lie by which she has been duped, Pamela refuses to go on with the mockery. Her defiance of her husband calls forth the worst side of his nature and the powerful vivid scenes which follow find their climax in a manner that could not possibly be anticipated.

The unusual features of this five-act photodrama makes it a picture long to be remembered, and Miss Wehlen has never had a better opportunity for the display of her superb emotional gifts.

**LABOR DANCE WAS ENJOYABLE AFFAIR**

The St. Patrick's dance in aid of the Federated Labor band took place last night in the St. Andrew's hall with about two hundred guests present and proved most enjoyable. Many were late on account of the St. Patrick's concert, but after that attraction was over, the dance floor filled up and everything went with a swing. E. Craggs had the honor of being the Master of Ceremonies. W. Reid saw to it that excellent refreshments were served and R. T. J. Rose and W. Derry looked after the door entrance.

**NEW HAZELTON**

An audited statement of the receipts and expenditures for the Red Triangle Fund for the year will be published in newspapers and magazines within a few weeks. This statement will show where all the money contributed by the Canadian people came from and how it was spent.

## ROWE THINKS NOT GETTING FAIR SHARE

At Meeting of City Council Last Night Complaint from Plumber Was Received.

At the meeting of the city council last night the following plaint was read from C. O. Rowe, of Rowe's Plumbing & Sheet Metal Works:

"Will you kindly explain why we are not receiving a fair share of the plumbing and sheet metal work of the city. We are an all-Canadian concern and pay taxes and assessments on property and hold a paid up license to do business in the city, also have been residents of the city for over ten years. We cannot see any reason why we are being discriminated against, unless it is that we do not belong to a particular 'bunch.'"

"In looking over the statement prepared by the city purchasing agent we find that one of our competitors on ordinary purchase account received \$424.74, another \$364.15, while our concern received the magnificent sum of \$10.00."

"Our concern are not after any hand out, but we would surely like a square deal." The mayor said the matter would be looked into and they would see that Mr. Rowe got his share of the work.

**PROHIBITION BENEFICIAL**

Says one motor car builder who is also a bit of a philosopher: Old John Barleycorn is getting ready to take the count. By next July he'll be groggy and by January 1, 1920, the average citizen will not be able to fill a thimble. What will this mean for the automobile industry? A great deal, viz.:

1. There will be few motor car accidents, because rum has been at the bottom of most disasters.
2. There will be fewer arrests for speeding, because it is rum that makes the auto go.
3. The pest of the roadhouses and their bars will be removed, thereby enhancing touring for those who don't care for barroom loitering and the pursuits thereof.
4. Billions of dollars spent for booze will be available for other purchases. The motor car industry will benefit by this.
5. There will be more alcohol to put into anti-freeze mixtures—not for the human system, but the automobile's system.

**BONE OF GIANT SLOTH IS FOUND**

**Wonderful Animal Was Largest on Earth Except the Elephant.**

New York, March 15.—The notion that animals of the age of mammoths lived only in distant parts is disproved by the gift in the last week of a fossil bone of a giant sloth which Dr. A. R. Le-doux found imbedded in the beach at Long Branch forty years ago, and which he has now presented to the Museum of Natural History.

It is a heel bone, fifteen inches long and weighing, in its semi-petrified condition, twenty pounds. While it is incrustated with barnacles and small oyster shells, it shows no mark of erosion and it could not have been transported a great distance. The animal must have died within a few miles of Long Branch.

Sloths flourished in the glacial period and were larger than any quadrupeds then existing except the elephant. Their hind legs and tail were both massive, for the tail helped support the animal when it reached up for the leaves of trees on which it fed. Remains of sloths are not uncommon in South America and are found in the southern States, but this bone seems to mark the northern limit of their range. It has not been previously recorded as occurring north of Georgie. Col. Roosevelt gave three specimens of the sloth family to the museum, which had been found in a cave in Last Hope Inlet, Patagonia. An exploration of this cave twenty years ago proved that the species had survived beyond its initial period and was not only contemporaneous with primitive man but had been stabled or imprisoned and fed by him within the cave.

**LONG DELAYED LETTER.**

Plastered with German postage stamps, a letter posted at Auckland, New Zealand, and addressed to Mrs. Creighton, of New Westminster, B. C., bearing the mailing date of May, 1917, has finally been delivered to its owner. Mrs. Creighton's missive was taken from a vessel captured by the German sea raider Wolf, which for many months played havoc with British and Allied shipping in the south Pacific and succeeded in making her way back to a German port. The German postmaster into whose hands the captured mail sack fell, evidently impressed with the inviolability of the mails, forwarded the captured letters after the armistice was signed.

Word has been received in town telling of the death of Mrs. A. J. Kelch, late of Usk, B. C., while visiting her sister at Ojai, near Santa Barbara, Cal. **How Often Should Glasses Be Changed**

How long will I have to wear my glasses before they require changing? This is a question often asked and difficult to answer, as it depends on the condition of the eyes. But you may take one thing for granted—if you have your glasses absolutely correct in the first place, and use only high-grade lenses, they will last you longer than if they are only the "near-right" kind.

In this connection, we may say that we always aim at fitting glasses that keep the eyes in a permanently normal condition, and our patrons seldom require their correction changed.

If the glasses you are wearing are not giving you perfect eye-comfort, come in and let us make a thorough scientific examination of your eyes and your glasses. We make no charge for this service.
