Attilio Dominato Was Caught  
Operating Illicit Outfit Right  
Opposite Constable's House.

## FINED \$200 AND OUTFIT WAS CONFISCATED

An Italian by the name of Attilio Dominato was brought before Magistrate McMullin this morning in the police court on a charge of manufacturing intoxicating liquor on his premises and fined \$200 and costs.

It appeared from the evidence that Attilio Dominato lived at No. 551 9th Ave., West, just across from the residence of Constable Walter Adams. The constable was suspicious of the place, as he noted on several occasions people going in and coming out in rather a jolly mood. Last night he investigated and found the accused in the act of making the liquor with a distilling plant. The prisoner pleaded guilty and was given the minimum penalty. W. E. Fisher represented the Crown and W. O. Fulton as defendant for the accused.

## MERCHANT OF VICTORIA DIES

R. P. Rithet Who Has Resided on the Coast for 57 Years Passes to Rest.

Victoria, B. C. March 20.—R. P. Rithet, head of the wholesale firm of R. P. Rithet & Co., of Victoria and San Francisco, is dead. He was 75 years of age and for the past 57 years had been a resident of the Pacific coast. He was the owner of the ocean docks which served Victoria for many years and which now have been replaced by the Dominion Government docks at that port.

Mr. Rithet was mayor of Victoria in 1884 and was elected to the legislature in 1894. He was greatly interested in the projected British Pacific Railway connecting the Island with the Mainland via a bridge at Seymour Narrows, which was promoted 25 years ago, but which never materialized.

## SEATTLE LIKELY TO BE WORLD CHAMPIONS IN ICE HOCKEY GAME

Pacific Coast Champions Defeat Canadiens of Montreal in Own Sport.

(Special via G. T. P. Telegraphs.)

Seattle, March 20.—The Seattle Metropolitans, champions of the Pacific coast in ice hockey, are now one game up in the race for the championship of the world. Last night they outskated, outplayed and outguessed the Canadiens of Montreal, who are the National League champions in the first game of the series played here. The visitors had not a look in and the score of 7 to 0 in favor of the home team tells the whole story.

Naturally Seattle fans were wild with excitement. The crowded rink rang again as the home rosters cheered on the winning home team and after the match all the city was talking of the wonderful victory.

## PRINCESS PATS ARE BEING DEMOBILIZED

Lieut.-Col. Gault Bids Farewell to Men Who Fought So Well.

(Special via G. T. P. Telegraphs.)

Ottawa, March 20.—The Princess Patricia regiment of light infantry which distinguished themselves as members of the Canadian Expeditionary Forces, are being demobilized and the work will very soon be completed, the last man discharged and the unit disbanded.

There was a touching scene as the commander of the unit, Lieut.-Col. A. Hamilton Gault, organizer of the unit, addressed the men who had fought so well in the battles of the Empire and who are now returning to private life.

## WORK BEGINS ON SITE FOR NEW BUILDING

Two Storey Store to be Erected on Third Avenue Close to The News Office.

Work commenced this morning preparing the lot adjoining the Thompson Hardware store, and between it and the News office, for a two storey building, the first to be commenced following the new industrial movement in this city.

The building is to be used as a candy store on the ground floor, with a 90-foot basement which will be used for the manufacture of ice cream that will be sold wholesale as well as retail. The upstairs floor is planned to be used as a delicatessen store, so that the whole building will be used for commercial purposes.

An architect is now working on the plans and is preparing estimates of cost in order that it may be determined whether the building is to be built of brick, concrete or wood. Brick is favored at present.

The owners of the property are J. N. and Annie Killas who now operate a confectionary establishment on Third Ave. They expect to have the new building ready for occupation by June next when they will move in.

## OTTAWA WON HOCKEY MATCH AT VICTORIA

(Special via G. T. P. Telegraphs.)

Victoria, March 20.—The Ottawa hockey artists knocked slivers out of the local team here last night sending the puck between the bars no less than eleven times while the local Aristocrats scored only three.

It was a great game and the Arena rink at the Willows was crowded with an enthusiastic mob of fans who gave the visitors a full share of the applause.

## HALIBUT AT JUNEAU

In addition to the fleet of halibut boats bringing catches the day before, the power boat Washington arrived yesterday with 35,000 pounds of halibut and the Corona with 7,000 pounds, says the Alaska Empire of Juneau in a recent number.

The Washington was delayed by a minor accident, which has been repaired and she will proceed to Prince Rupert with her catch.

The other boats disposed of their catches for 11 cents per lb. The local companies now have large shipments to be sent south on the next steamers.

## NO LIQUOR FOR WEST AFRICA

British Government Prohibits All Liquor Importation Into That Tropical Colony

(Special via G. T. P. Telegraphs.)

London, March 20.—At last realizing the evils which follow the use of strong drinks in a tropical climate the British Government has issued an order prohibiting the importation of liquor into British West Africa.

The new regulation means total exclusion of the beverage except for medicinal purposes, and to provide for the latter a system of sale under license is being arranged.

Bad in all countries and climates, liquor is particularly injurious in the tropics where its consumption in large quantities usually proves fatal in a short time.

## SETTLERS TAKE UP SMITH ISLAND LAND

Reports received from Smith Island say that nine men visited it from Manitoba a short time ago and as a result all nine have decided to settle there. Some of them have already purchased lands and others are looking for suitable locations. Most of the men have come to the coast to escape the rigors of the prairie climate and some of them will engage in fishing during the season.

## RAILWAY IS DISCUSSED IN COMMONS

Debate Taking Place This Afternoon When Sir Thomas White is Stating Policy.

(Special via G. T. P. Telegraphs.)

Ottawa, March 20.—In the House of Commons yesterday Sir Thomas White announced a resolution on which the bill will be based asking for Parliamentary sanction to the order-in-council appointing Hon. J. D. Reid receiver for the Grand Trunk Pacific Railway. The resolution is being discussed today.

This afternoon it is expected that the Acting Premier will make a statement of the Government's policy with regard to the Grand Trunk Pacific Railway and also the Grand Trunk Railway.

## NEARLY NINE MILLION CANADA'S POPULATION

Government Experts Make Estimate and Figure 8,835,000 People in Country.

(Special via G. T. P. Telegraphs.)

Ottawa, March 20.—Nearly nine million is the Government estimate of the population of Canada. A question in regard to it was recently asked in the House of Commons and the Government at once set its census experts to prepare the figures. The result as announced in answer to the question is that the population is estimated at 8,835,000.

When the last Dominion census was taken the population was returned as 7,206,643, but this was considered to be below the actual as in many cities the transients in the hotels were not counted even though they were really residents of Canada.

There was only one fishing schooner applying for clearance papers yesterday, the Altan, under Captain Bassi.

## Minister Makes Good In Regard to Lumber.

Hon. T. D. Pattullo is to be congratulated on his efforts in securing for the province, through the British Timber Controller, a large order for lumber. In an interview given a News representative during Christmas week the Minister of Lands said that he had been working for some time to secure orders and that he expected before very long to meet with success. The delay has been somewhat annoying, but the first order has come at last and this district stands to benefit always by any improvement in the lumber business.

## Slang is Simply Youthful English.

The Victoria Daily Colonist takes a column of editorial space to condemn the use of slang in the Legislature. Someone had been trying to express himself forcibly in modern colloquial and the Colonist did not like it. That staid and ancient publication ventured the opinion that the legislators should not only make laws but should set an example to the rest of the province in the matter of the use of the English language, not "as she is spoke," but as "she ought to be spoke."

We agree with the Colonist that slang while "zippy" and full of "pep" is not good form in a "joint" where the members "shoot off their faces" all day. We advise the legislators to "cut it," give it a "wide berth" or as the vulgar would say "let up."

While taking the stand that slang is not the best possible form for state occasions we must also express the opinion that the language used in the legal formulae could also be dispensed with. It, instead of being too young like slang, is too old. The middle aged is the dignified.

Slang is simply young English. It is used very largely by young people and from it the language grows. During the past few years the language has been growing very fast, so fast that people of two generations ago would hardly understand it as it is spoken today.

War was responsible for many slang words. Games have brought into use even more. The tendency today is to move fast, whether in language or anything else, and it is just as useless to preach against slang as against the tendencies of the new boy or the new girl. Some take pride in using slang while others take pride in abstaining. It is like whiskey, it grows on a person and creates an appetite for itself.

## Baseball Becoming Most Popular Game.

There was a time when it was thought that lacrosse would be the national game of Canada and that in a few years it would be played everywhere. It has not made good, however, and instead of it, baseball is here to stay. The American game is capturing the country and nothing can stop it, even if anything wanted to do so.

Yesterday The News told of the commencement of the organization of a league here among the school boys. There will be a number of teams and every boy is being encouraged to take part. It is the most interesting development that has taken place this year. The boys who play organized games are seldom bad boys. They have not time or inclination to be. There must be some scope for their energies and if it is not found in one direction it will be found in another.

## "Tobin's Tigers" or Gallant 72nd---They're all the same

When it comes to eating pastries, like chasing jerries—they can't be beat. Many, many months they have gone without—war bread and war jam being the "limit"; causing a constant remark from each campaigner: "Just wait till I get back home." Cakes, pies and jam tarts are going to be "head-liners" on HIS home-coming bill-of-fare.

And you can give him the treat of his life; beat his imagination and tickle his palate beyond expectation by using WILD ROSE PASTRY FLOUR. You can bake these cakes, pies, etc., from a special pastry flour; get softer, fluffier crusts; richer cake bodies and save 25 per cent. shortening besides. There's nothing too good for HIS home-coming.

## WOUNDED BUT CARRIES ON WINS CROSS

**Sgt. Hoffman Does Splendid Work Overseas and His Sister Gets His Decoration.**

**DIRECTS HIS MEN EVEN WHEN DYING**

Sgt. Myron I. Hoffman, nephew of Harry Hoffman of this city, died a glorious death on the field of battle, winning the Distinguished Service Cross for extraordinary heroism in action with the American army. A San Francisco paper tells of it in a recent issue as follows:  
"Miss Florence Hoffman, a sister to Sergeant Hoffman, Red Cross nurse at Toul, France, has recently received from General Pershing a Distinguished Service Cross, awarded to her brother, Sergeant Myron I. Hoffman of the Three Hundred and Sixty-third Infantry for extraordinary heroism in action. Sergeant Hoffman was mortally wounded at the time he won this cross.

"Three members of the Hoffman family were enlisted in the service. Samuel O. Hoffman, a brother, is now in San Francisco, having been released from the aviation corps.

### Official Statement.

"The incident which won the cross and cost Hoffman his life is described by Captain Ward M. Ackley as follows:

"When all his officers had been killed Hoffman assumed command and had the company reorganized and ready for action when I was placed in command.

"It was about 8:30 p.m. that he was hit, after returning from the first aid station, so as to get some severely wounded men back who could not be taken back in daylight, owing to the heavy fire. A shell burst on the road right by his side as he was coming up to me.

"He was carried back, himself directing the men who were carrying him, and had the men go out of their way so as to take him past the battalion post of command to deliver his daily report. For this act I recommended him for the Distinguished Service Cross."

"On a previous occasion Sergt. Hoffman while engaged in the Argonne battle, when all his officers had been killed or wounded, took command of his company and reorganized it for an attack. For this he was recommended for a commission.

"Sergeant Myron I. Hoffman was a former employee of the law firm of Brittain & Kuhl. Another uncle of the dead hero, Milton L. Schmidt, lives in Paris.

A most enjoyable card party and dance was given last night in the K. of P. Hall by the members of Belist Chapter of the Order of the Eastern Star. Over one hundred guests enjoyed the hospitality of the ladies and a very delightful time was spent.

A whist drive occupied the time until supper was served and after that everyone danced to the strains of Harvey's orchestra. The winners of the first prizes were Mrs. D. H. Morrison and H. F. Pullen, and the consolation prizes went to Miss McLeod and Fred Roberge.

## PLOT FOLLOWS PLOT IN "ROSE OF BLOOD"

**Theda Bara at Her Best in Drama of Russian Revolution, Packed House Last Night.**

Plot and counter plot follow each other in "The Rose of Blood" the thrilling Russian drama starring Theda Bara, which was shown to a packed house last night and will be on the program again tonight at the Westholme Theatre.

There were some Russians at the show last night and they were carried away back to the familiar scenes, imagining themselves again in their native country. Never had they seen anything in Canada so realistic and so faithfully portraying the scenes as they actually happen in that land.

Those who were there were loud in their praise of the film which showed to advantage the superb art of the great actress, Theda Bara.

### SYNOPSIS OF LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 2 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homestead; title obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

**PRE-EMPTORS' FREE GRANTS ACT.** The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

### TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.

**Zam-Buk**  
Saved me a lot of money

writes Mr. R. Howard, Sr., of Bracebridge, Ont. He continues: "Four years ago I sustained a scratch on my leg, which turned to an ulcer. I was confined to my bed for six months under doctors' treatment, during which time I did not earn a cent, and in addition, spent dollars upon dollars before a cure was effected."

"Recently I sustained a scratch on my other leg. It became very inflamed and swollen, and finally turned to an ulcer. This time, however, I knew about Zam-Buk, and I acted very differently. I used Zam-Buk alone, with the result that not only was the ulcer healed in much shorter time than the previous one, but I was able to go to work all the time it was healing, and I did not lose a single day's pay. I sincerely hope that my experience may be the means of showing other working people the great healing value of Zam-Buk and of saving many from needless expense and unnecessary suffering."

Zam-Buk is just as good for eczema and all skin diseases, ringworm, boils, piles, cuts, burns, etc. 50c box, 3 for \$1.25, all druggists, or Zam-Buk Co., Toronto. Send 1c stamp for postage on free trial box.

## "GOOD FOR NOTHING" AT EMPRESS THEATRE

Another First-Rater Tonight,  
Along With "The Mystery"  
Which is Fast Reaching  
Top Notch.

"The Good for Nothing" which is to be screened at the Empress Theatre this evening is an entirely new show. With it will be repeated the eleventh episode of "The Mystery of the Double Cross." This great serial grows more and more interesting with every chapter, and is proving to be a great drawing card. In the photoplay there are three stars, Carlyle Blackwell, Muriel Ostriche and Evelyn Greeley, who share the honors, and they form an irresistible combination. Their success in this play, "The Good for Nothing," is remarkable.

There is also a Mutt and Jeff cartoon, as well as a splendid up-to-date Pathe Gazette, making altogether a very varied and interesting program, which the patrons of the Empress are sure to enjoy this evening.

## NECHAKO LIBERALS IN ANNUAL MEETING

Ten New Members Join—Premier  
Oliver's Land Policy  
is Endorsed.

A well attended annual meeting of the Nechako Liberal Association was held on Saturday, March 8, in the Board of Trade Building, says the Vanderhoof Herald. The meeting was called to order by President J. B. Armishaw, and the general routine of business was taken up and passed satisfactorily.

A general debate took place on the land policy of the present government which resulted in the meeting being unanimously in favor of the action taken by the Oliver Government.

At the close of his term of office as president, Mr. Armishaw addressed the meeting, expressing his feeling of gratitude toward the association for the way they had strived to help the executive in the good work which they have been striving to accomplish.

### New Members.

Ten new members were given admittance to the association. Some of the newly arrived settlers that have become members of the association expressed their pleasure in finding such a live Liberal association established in Vanderhoof.

### Officers Elected.

The election of officers for the coming year was as follows: President, J. B. Armishaw; vice-president, Sam Milne; secretary, F. E. Donovan; executive committee, H. L. McKenney, G. Cameron, Dave Turcotte, Jos. Jones, Joe Beaudoin, and Harry Ingham. The only change from last year's executive being H. L. McKenney in place of Joseph Redmond, who had acted very efficiently during the past year, but who finding the duties rather too arduous expressed the desire to have some other person appointed in his place. A resolution was passed unanimously to have a memorial leaf placed in the books of the association expressing their grief at the loss of their esteemed leader, Sir Wilfrid Laurier. Messrs. Herdmann and Campbell of Chilco did their part in the way of entertaining by their well placed and humorous speeches.

### Assured Future.

The meeting throughout was in complete unity, and if appearances are indicative of what we may expect in the future we may be sure that Liberalism in the Nechako valley has an assured future. Delegates were elected to attend the annual convention of the Central Liberal Association, which is to be held sometime this month in Prince George.

Sunlight dispels the shadow that once hung over wash day

IN fact many women do not say "wash day" any more. They say "Sunlight Day". It's a genuine pleasure to use Sunlight Soap because it means an economical wash, it means a quick wash. Why? Because, Sunlight is absolutely pure—you need only half the quantity as compared with ordinary soaps, nor will Sunlight harm any delicate fabrics, or hurt your hands. And it really takes the labour out of the washing in surprisingly little time as you will see by following the directions.

## TREASURER JOHNSON TELLS OF RUPERT

No Municipal Bill This Year—  
Compulsory Tax Sales to be  
Held Every Year.

The new municipal bill is not going through this year, only amendments were dealt with.

The municipal bill committee sitting at Victoria decided in favor of compulsory tax sales each year, and the elimination of the present costly system of advertising tax sales. Instead of having one set day for holding compulsory sales it was decided that such sales should merely be tied down to the month of September, giving the municipalities a leeway of thirty days in which to carry it out.

It was the unanimous opinion of the committee that a notice in the Gazette and the newspapers stating that a tax sale would be held on a certain day would be sufficient, without the enumeration of the various properties, and that the taxpayer should be notified of such sale merely by the attaching of a slip to his regular tax notice, stating that the property will be sold on a certain date if the arrears have not been met.

City Treasurer Johnson, of Prince Rupert, said that his city had held tax sales each year since 1913, and he cited an instance where 800 lots had been advertised for sale, but when the sale came off there were only 200 lots left to be sold for arrears. No soldiers taxes had been paid since 1914.

C.P.R. FARM LAND—Choice farms in well settled districts in Western Canada; low prices; twenty years to pay; irrigated lands in Sunny Southern Alberta, with loan of \$2,000 in improvements to assist new settlers. Act now—they are going fast. For free booklets and full information write H. G. Loughran, 626 Hastings St., Vancouver, or Allan Cameron, General Supt. of Lands, 987 1st St., East, Calgary.

and the Nechaco Valley, the former of 14,500 acres, the latter of 40,000 acres. Of these areas, in the first instance, there are 3,000 acres and in the latter 7,300 acres available for settlement.

An area for settlement of 1,500 acres has been established at Fernie, but the land will not be available until this spring. Similarly, 600 acres will be available at Cranbrook for cultivation at an early date. It is hoped to have 15,000 acres available at Courtenay during the summer.

The report also notes a proposal to have a small area of from two to three thousand acres in the Salmon River Valley, where land has been appraised for this purpose.

The Board has investigated a proposal to irrigate 8,000 acres of land at Cherry Creek, in the Kootenay District, and has made reports on the Coldstream estate, the Pitt Meadows lands, and lands at Creston.

The Board acts as drainage commissioners for the draining of 400 acres of land in the Cameron District, its members are also dyking commissioners for the Sumas reclamation scheme, which it is hoped will reclaim 30,000 acres of magnificent land at a cost of \$1,250,000.

## OCEAN FREIGHT RATES BEGINNING TO SLUMP

Still Very Highly Compare with What They Were Few Years Ago.

Important reductions in lumber freight rates from Puget Sound, Grays Harbor and Willapa Harbor to the Hawaiian Islands, Valparaiso, Callao, Capetown and other South African ports, have been made since the first of February, according to the weekly freight circular of the Shipowners' Association of the Pacific Coast, with headquarters at San Francisco.

On February 1, the rate from the three Washington districts to the Hawaiian Islands was \$18 to \$20 a thousand board feet. The circular just received gives a new March rate of \$17 to \$18. The rate to Valparaiso and Callao on February 1 was \$45 a thousand board feet. The new rate on February 1 to Capetown and other South African ports was 320 shillings. The new rate is 310 to 320 shillings.

The rates, however, have a long way to go before they will descend anywhere near the level of the freights of 1915. As an example, the rate to Hawaii in those days was \$9.50 a thousand board feet as compared to the end of the war rate of \$18 to \$20 and the new March rate of \$17 to \$18.

No changes have yet been made in the lumber freights to San Francisco, Southern California, New Zealand; Lytleton, Dunedin, Sydney, Melbourne and Adelaide, Australia. The rates to those places remain as follows: To San Francisco, \$7; to Southern California ports, \$8; to Auckland, Wellington, Lytleton, Dunedin and Sydney, \$42.50; to Melbourne and Adelaide, \$48.50.

The fall in the rates to Hawaii, Valparaiso, Callao, Capetown and other South African ports, is expected to stimulate shipping of lumber to those centres from the three Washington districts.

## How Often Should Glasses Be Changed

HOW long will I have to wear my glasses before they require changing? This is a question often asked and difficult to answer, as it depends on the condition of the eyes. But you may take one thing for granted—if you have your glasses absolutely correct in the first place, and use only high-grade lenses, they will last you longer than if they are only the "near-right" kind.

In this connection, we may say that we always aim at fitting glasses that keep the eyes in a permanently normal condition, and our patrons seldom require their correction changed.

If the glasses you are wearing are not giving you perfect eye-comfort, come in and let us make a thorough scientific examination of your eyes and your glasses.

We make no charge for this service.

## CAUGHT WOLVES IN MIDST OF CAROUSAL

Twelve Fierce Animals Killed and Many Others Took to Flight.

Joe Chesna, an old-time prospector and miner of the Big Chena arrived in town Sunday for a load of supplies, says the Fairbanks Citizen. Yesterday he narrated how he, with his partner, Andy Batolla, recently killed twelve wolves in a small gulch near their camp.

The attention of the men was attracted by snarling and yelping noises coming from the gulch. Thinking that some of their neighbors' dog teams had run away they went to investigate and found instead of a dog team a large number of big wolves. The band had cornered two moose and were devouring the carcasses. The animals were fighting among themselves over the spoils and that was what attracted the attention of the men.

Hastily putting the guns into action they succeeded in killing quite a number before the band broke and ran. The next morning the men again visited the scene and found nothing but the bones of the moose left, the wolves having returned in the night for their prey.

Joe estimates that there must have been at least a hundred of the ravenous animals in the pack, which is an unusual thing, as scarcely over three to five wolves have ever been noticed together in that section at one time. Three pelts were brought to town, being a source of good revenue as there is a bounty of \$15 on each animal slain and the price of a good pelt is worth considerably more. The average length of the animals was about seven feet from tip to tip.

## CONCRETE VESSEL IS LAUNCHED IN ENGLAND

The Armistice, the first large self-propelled sea-going reinforced concrete vessel to be built in Great Britain, was launched at the yard of the Ferro-Concrete Ship Construction Co., Barrow-in-Furness, on January 6 last. Her principal dimensions are as follows: Draught, when loaded, 15 ft. 5 in; length, between perpendiculars, 205 ft.; breadth, moulded, 32 ft.; depth, moulded, 19 ft. 6 in.; indicated horse-power, 400; speed, about 7 1/2 knots.

The vessel is single-deck cargo steamer, with two holds, the forward one having a total capacity of about 42,000 cubic ft., the after one a capacity of about 21,000 built for Lloyd's and Board of cubic ft. The vessel has been Trade requirements, and is classed A1 experimental. The vessel is rigged as a two-masted fore and aft schooner of the single-deck type, and has straight stem and elliptical stern, a short full poop, 37 ft. long and a top-gallant fore-castle 24 ft. long. The entire hull of the vessel, including the poop, bridge-house and fore-castle, etc., is constructed of reinforced concrete. The accommodation for the captain, officers and engineers is fitted in the poop, and the crew in the fore-castle. A deck-house is built adjoining the boiler casing over the chart-house, and a wireless room, with a steering house over, forming the support for a flying bridge and wheel-house.
