Unemployed Army at Ottawa Is Dispersed; Premier Warns Against Staging Disorders

OTTAWA, Aug. 3.—Staged as a counter-attraction to the Imperial economic conference, the workers' economic conference here is over. Leaders of the conference have ordered their followers to return to the various centres whence they came where it is planned to stage a series of demonstrations.

Half of the five hundred delegates who gathered here had departed from the city by today, mostly on trucks and freight trains, leaving fourteen of their number in jail.

TOLMIE IS ON FENCE

Things in State of Flux at Ottawa, Declares B. C. Premier—His Return Indefinite

VICTORIA, Aug. 3.—Premier Tolmie is sitting on the fence here and is not sure which side he will get down off it, says Archie Willis, staff correspondent of the Victoria Times in a dispatch from Ottawa. So he himself said when questioned as to the progress made in settling differences between the Dominion and provincial governments over payment of unemployed moneys.

The Premier said everything was in a state of flux and he was not sure which way it would turn.

Dr. Tolmie has been here several weeks and does not know when he will be able to return to Victoria. Everything depends on how he gets down off the fence.

Premiers Eclipsed

Provincial premiers do not count for very much in the capital these days with so many knights, right honorables, honorables and the like around. The entire Dominion cabinet and their staffs are devoting practically all their time to the Imperial Economic Conference and the unemployment problem of one lightly populated province cannot get special consideration when the economic fabric of the entire empire is under study.

When questioned about the release of the Kidd report, Premier Tolmie said he had seen parts of it, but has not yet received a full copy, although it was filed in Victoria two weeks ago. He hopes to have it in a few days, providing his acting premier in Victoria thinks of sending one.

Dr. Tolmie had nothing to say as to the progress of the British Columbia case before the conference. He is looking well and says he feels fine.

WHOSE DUTY IS IT?

The federal government declares it is the duty of the provincial government to look after the unemployed but the provincial government has been putting it up to Ottawa. The municipalities also are a factor and have to bear the brunt of the trouble because the municipal councils are the only authorities that can be reached directly by the great mass of the people out of work.

Evidently the framers of the British North America Act, which is the basis of the Canadian constitution, did not anticipate any unemployment problem, so they did not provide for its control. However, in Canada anything not mentioned in the B. N. A. is supposed to be controlled by the federal government.

Up to the present the three governments have co-operated but there is an evident desire to shift so onerous a burden on some other shoulders. Nobody wants this newborn foundling and each says it belongs to the other.

PRINCE RUPERT ON THE OUTSIDE

At Edmonton there is a golf club named the Prince Rupert Club and its professional, Joe Pryke, recently won the Alberta open golf championship, with the result that the Prince Rupert Club has been much in the newspapers there. Evidently Prince Rupert is a winner on the prairies.

Just now the city of Prince Rupert is not exactly a winner as a seaport but that is only a brief lapse. Pretty soon we can expect that Prince Rupert will again be in the public eye as a successful centre even if the city does not produce a golf champion. There are enough people who have faith in the port to make it go and go with a proper winning swing, once world conditions improve.

VALUABLE BIRTHRIGHT

An eastern newspaper says that every boy or girl born in this country inherits a debt of \$600 at birth. It says this is so because the debt of the country, federal, provincial, municipal and railway, amounts in all to about six billions of dollars. This debt will never be paid but the interest has to be met so each child is saddled immediately with interest debts amounting to about thirty dollars annually. That is one cheerful way of looking at the financial problem.

BRITISHER WINS 800-METRE RACE AT OLYMPIC GAMES

Tom Hampson of England Sets New Time to Retain Honor For England; Canadians Follow Up

LOS ANGELES, Aug. 3.—Tom Hampson of Great Britain yesterday retained for England the 800-metre title, winning the final in a gruelling battle with Alex Wilson of Montreal and Phil Edwards of Hamilton who placed second and third respectively. Eddie Gonong of United States was fourth. Hampson set a new world's record of one minute, forty-nine and four-fifths seconds.

Stella Walsh of Poland won the women's 100-metre final with Hilda Strike of Montreal second. Miss Walsh repeated her new record of the day previous which was 11 9-10 seconds.

Harold Wright of Edmonton qualified in the 200-metres by winning his heat ahead of Ralph Metcalfe of United States in twenty-two and one-fifth seconds, neither runner being extended.

Bert Pearson of Hamilton also won his heat with Daniel Joubert of South Africa second.

In every heat of the 200-metre quarter-finals was the former Olympic record shattered. Ralph Metcalfe of United States started by making the distance in 21 5-10 seconds which Eddie Tolan, also of the United States, equalled in the second heat. Then Luti of Argentina lowered the time to 21 4-10 seconds which Jonath of Germany equalled in the fourth heat.

Broad Jump Final

Edward L. Gordon of United States won the broad jump final with 25 feet 3/4 inches.

Another former record was shattered when Lillian Copeland of the United States threw the discus 133 feet 2 inches.

Moving pictures yesterday confirmed officials' decision on Monday awarding the 100-metre final to Eddie Tolan by inches over Ralph Metcalfe.

great style in running second and third to Tom Hampson of Great Britain. Hampson won by only a foot from the fleet-footed Wilson in a pulse-tingling finish that had 50,000 spectators on their feet. Edwards, the Canadian negro, who had set the pace the most of the way, was only a short distance back. The rest of the field trailed far in the rear.

In the final of the women's 100-metre dash, Stella Walsh was barely a foot ahead of Hilda Strike of Montreal.

Robert Rankine of Canada qualified in the five thousand metre run, taking fifth place in the second heat.

Bert Pearson and Harold Wright

qualified in their heats of the final of the 200-metre run. The final will be run today.

TURRET CAR-A-WEEK CONTEST

"I never thought my Handwriting would win a Car"..... said

MAJOR R. SELLAR, M.C. Manager, Dining Hall, C.P.R. Shops, Winnipeg, Manito. b.

WINNER OF THE NINTH TURRET CAR-A-WEEK CONTEST!

YOUR Writing has an equal chance to Win!

Give your handwriting a good chance by entering each of these weekly contests. There is a new contest each week and a new winner of a car each week—you might win any week's contest. Your chance of winning is just as good if you are a poor writer as if you are a good writer—it is the character or interesting features of your writing that count—not the fact of your being a good or bad penman. The committee of judges which selects the winner is headed by Mr. Frederic D. Jacob, for fifteen years Dominion Government Graphologist. Every week 100 other contestants receive an analysis of their handwriting.

The car will be delivered the day the winner is announced.

This week's (THE TWELFTH) CAR-A-WEEK CONTEST closes August 10th, 1932. All entries mailed after that date will be entered in the next week's contest. The winner of this Contest will be announced August 24, 1932.

The weekly prizes are awarded not for good writing but for writing which reveals character or temperament, unique or unusual features.

NOTE

The only condition of entry in this contest is that you write the following on the backs of 4 front panels from empty Turret Cigarette (20's) packages with portion of excise stamp attached—on the back of one panel, your name; on the back of another, your occupation; on a third, your street and town; and on the fourth, your province. Fasten the four panels together and mail, on or before the closing date shown above, to Turret Cigarette Handwriting Contest.

Small Fruits Now Ripe and Wasting In Steady Rains

The seemingly incessant rain which Prince Rupert has been experiencing for some time is now seriously interfering with the harvest of small fruits such as raspberries and black and red currants which are now ripe and in shape for picking. Much of the fruit has already become mildewed and, if the rain does not soon cease, the crop will be an almost total loss. Owners of small fruit patches are now anxiously scanning the skies in the hope of an immediate improvement of weather.

John Flewin, who has been spending the past few months at Port Simpson following his arrival from Victoria, where he has been residing the last few years, was a passenger aboard the Catala last evening going through from Simpson to Namu whence he will proceed to Ocean Falls to take a position.

BANKHEAD IN DRAMA

Play of Tropics is "Thunder Below," Current Feature on Capitol Theatre Screen

"Thunder Below," featuring Tallulah Bankhead and showing at the Capitol Theatre the middle of this week, is an exotic romance of a tropic land in which a woman of charm, played by Miss Bankhead, is the object of the favors of four men. One loves her, another reveres her, another torments her and the fourth overwhelms her with adoration.

The two leading men are Charles Bickford and Paul Lukas. The former leads the feminine star into marriage and the latter leads her into love.

Miss Bankhead is charming, attractive and compelling as the only white woman amid heat-maddened men in a tropical community where nature's law is the only code of behavior. In addition to Bickford and Lukas, Eugene Pallette and Ralph Forbes play leading male roles in a pulse-surgic drama with torrid import.
