MAD TRADING IN NEW YORK MARKET

SENATOR BELCOURT, FORMER COMMONS' SPEAKER, DEAD

Buying Enthusiasm On Stock Exchange Rivals That Recorded in 1929

Tumultuous Activity of Purchasers Swept Aside Effects of Early Profit Taking—Rails and Automobiles Strong and Closed High

NEW YORK, Aug. 8.—With buoyancy comparable to the prosperity mad days of 1929, stocks stormed upward in tumultuous trading again today after sweeping aside early profit-taking. Hundreds of leading shares were showing net gains of \$2 to \$8 with trading at the rate of six million shares for the day. Rails and automobile shares were strong features and closed substantially higher.

KILLED IN CAR CRASH

James McKay, First Officer of Motorship, Loses Life Between Courtenay and Comox

COURTENAY, Vancouver Island, Aug. 8.—James McKay, first officer of the motorship Prucella, plying between Vancouver and British Columbia coast ports, was fatally injured Saturday when a car in which he was a passenger with two companions left the highway between here and Comox. He died six hours later.

MIRACLE BY COP

Scene For Incident Laid In Busy Montreal Street

MONTREAL, Aug. 8.—The scene was laid right at the busy intersection of St. James Street and St. Lawrence Boulevard—the time was a recent afternoon—and the characters were a six-foot traffic policeman, strictly on duty, a farmer, his wife and four children from St. Victor de Tring, a distant hamlet of Quebec, seated in a stalled automobile of 1919 vintage.

But, as the curtain rises, we find not the traffic supervisor of harsh reputation terrible in his wrath, nor the quivering motorist. And, as might well be expected, it wasn't the calm before the storm.

Hoisting high his white gloved hand, the traffic officer stopped all activity, walked over to where his prey were taking it easy eating bananas, straightened his jacket and with one swing of the crank started the aged machine.

Back to his position in the centre of the street he went, majestically waving on the waiting and highly amazed motorists.

The farmer moved his car along too, but he slowed down when he reached the side of John Law.

"Come and see us at St. Victor de Tring," the ruralites shouted in unison.

"Sure," accepted the officer.

PITTSBURG IS BEATEN

Pirates' Lead in National League is Cut Down to One and a Half Games Over Chicago

BOSTON, Aug. 8.—Suffering three week-end defeats, one at the hands of Brooklyn Dodgers at Brooklyn on Saturday and two others from the Boston Braves here yesterday, the Pittsburgh Pirates had their margin of leadership reduced to a scant one and a half games over the Chicago Cubs who defeated the Phillies in both ends of a double-header at Philadelphia Saturday and divided honors with the New York Giants at the Polo Grounds yesterday.

The Phillies, by losing the double-header to the Cubs, dropped back into fourth place behind the Boston Braves who shared honors with the Cincinnati Reds in a double-header at Boston Saturday prior to their double victory over the Pirates yesterday.

In the American League the New York Yankees and Chicago White Sox split at Chicago Saturday, the Yankees travelling to St. Louis to defeat the Browns in two games yesterday. The lead of the Yankees is now eight and a half games over the Philadelphia Athletics who defeated the Browns at St. Louis Saturday and divided honors with the White Sox in a double-header at Chicago yesterday.

LOST LIFE FROM DOCK

Further Particulars Received Regarding Drowning of Seaman From Steamer

Further particulars of the drowning of John Drummond, seaman, from the steamer Princess Charlotte at Juneau on Friday morning last were revealed Saturday afternoon by Capt. C. C. Saintey, the master, on arrival of the vessel here from the north enroute to Vancouver.

With another member of the crew, Drummond had intended going ashore at Juneau to purchase some tobacco. The other men went off by the plank on the boat deck but, the tide being low, Drummond essayed to climb ashore from the promenade deck. In endeavoring to do so, he lost his balance at the edge of the slippery dock and fell into the water between the ship and wharf. He immediately disappeared and, after he failed to come up, a boat was lowered and endeavorers instituted to recover the body with improvised dragging equipment.

Within twenty minutes after Drummond had fallen overboard his body had been recovered. The Lun'on fire department, which had been sent for, was on hand when the body came out of the water but efforts at resuscitation by use of a pulmotor proved ineffectual.

While there were slight bruises on the head suggesting that Drummond might have struck his head on the guard of the ship or some other projection before reaching the water, it was ascertained that death was directly due to drowning.

Drummond was 31 years of age and was married, his widow residing in Vancouver. The body was on board the Princess Charlotte being taken to Vancouver for burial.

HUNT FOR TREASURE

\$5,000,000 Still Remains in Laurentic, in Davy Jones' Locker Since 1917

LONDON, Aug. 8.—When the White Star liner Laurentic was sunk by a mine in 1917 off Lough Swilly there were bars of gold worth \$30,000,000 in her strong room, consigned to bankers in the United States, and about \$5,000,000 in shilling silver pieces. The greater part of the gold was recovered in 1926, but about \$5,000,000 remains in the wreck, and diving operations are being carried on by the salvage ship Estoy for the lifting of the remainder of the valuable metal.

One bar of gold, of an estimated value of \$100,000, has been taken out of the sunken vessel by the Estoy recently, and it is believed that there are still 30 bars of gold in the Laurentic's hold.

Diving operations show that the Laurentic—a vessel of 14,000 tons—is now a mass of twisted steel and timber almost buried in the sand at a depth of 90 feet. For the past two years the steamer Estoy, belonging to a private syndicate, has been at work endeavoring to recover the remaining gold.

Salvage operations are being considerably handicapped by unfavorable weather.

SENATOR IS DEAD

Mon. N. A. Belcourt Succumbs To Seizure At Summer Home Near Ottawa Yesterday

Noted Career

Long Prominent in Legal, Newspaper and Public Life of Canada

OTTAWA, August 8.—Senator Napoleon Antoine Belcourt, K.C., LL.M., LL.D., P.C., of Ottawa died yesterday at his summer home at Blue Sea Lake, Quebec, the victim of a seizure. He was seventy-one years of age.

Born in Toronto September 11, 1860 the late Senator Belcourt was the son of Ferdinand Napoleon Belcourt, founder and organizer of the first French-Canadian life insurance company in Canada. Both his parents were descendants of early French pioneers of New France.

Deceased received his education at St. Joseph's Seminary, Three Rivers, Quebec, and at Laval University, going in for the study of law. He was called to the Quebec bar in 1882 and to the Ontario bar in 1884. He was created a King's Counsel in Quebec in 1898 and in Ontario the following year. He established practice with offices in Ottawa and for many years was head of the firm of Belcourt & Ritchie, later Belcourt, Ritchie, Chevrier and Leduc and now Belcourt, Leduc and Ceneat. The late Senator Belcourt frequently appeared before the Supreme and Exchequer Courts of Canada and the Judicial Commission of the Privy Council in London.

Former Speaker

The late Senator Belcourt was unsuccessful candidate to the House of Commons for the city of Ottawa in 1891 but was elected in 1896 and re-elected in 1900 and 1904. He was Speaker of the House of Commons from 1904 to 1906 and in 1907 was summoned to the Senate.

Senator Belcourt was a great supporter of the Imperial connection but this did not prevent him from being an active advocate of reciprocity with the United States. He was prominent in educational circles and for many years was owner and editor of "Le Temps," an Ottawa daily newspaper. He was a frequent writer in magazines and newspapers on legal, social and educational questions. He was president and director of several corporations.

A Liberal in politics, Senator Belcourt was a Roman Catholic in religious belief.

The late Senator Belcourt was first married in 1889 to Hectorine Shehyn, daughter of Senator Joseph Shehyn of Quebec, who died in 1901. In 1903 he married Mary Margaret Haycock of Ottawa. They had three daughters and three sons.

CO-OP MOVE PROGRESSES

Alberta Farmers Are Applying System to Purchases

CALGARY, Aug. 8.—Alberta's latest venture in the field of co-operatives—just a year since being brought under the wing of the central organization of the United Farmers of Alberta—is flourishing.

It is co-operative purchasing. While not extended to all lines of commodities and farm needs, the purchasing agencies include lubricating and fuel oils, greases, binder twine, coal, gopher poison and formaldehyde, as well as some staple goods.

Norman F. Priestley, vice-president of the U. F. A., informed the Canadian Press the present seeding season witnessed rapid strides in co-operative purchasing.

Pattern for all other purchasing associations that are being formed, the Coronation Constituency U. F. A. Co-operative Association was formed in March, 1930. It now has 32 locals. During the past year, since May, 1931, 11 constituency organizations have been formed. The constituency associations have from seven to 28 locals each. Each constituency also has from 100 to 600 farm families associated with it.

Lubricating and fuel oils, along with gopher poison, are the chief articles being handled by the associations at present, said Mr. Priestley. Distribution of the oils is being carried out as best possible without any capital investment in warehouses or distribution systems.

"We are endeavoring to avoid capital expenditures on buildings. That is something that has caused many a co-operative venture a lot of trouble, and our co-operative purchasing agencies aim to avoid it," said Mr. Priestley. He added that each constituency association, through an appointed manager, was operating with a saving to its members, and that if warehouses and the like were built they would eat into the savings being effected.

At present, he said, he was unable to estimate the amount of business being done by the co-operatives, but added "it's a large amount."

PREMIER BENNETT AND CONFERENCE

Certain London newspapers have shown a tendency to blame Premier Bennett of Canada for holding up the business of the Imperial economic conference now in session at Ottawa by tardiness in placing Canada's full proposals before the parley. One of the metropolitan correspondents goes so far as to charge the Canadian Prime Minister with "buffoonery." From a Canadian standpoint, however, it is quite possible that Mr. Bennett's "deliberateness," which might be a better way of describing it than as "tardiness" or "buffoonery," may be all to the good. Despite the lamentations of the London press and the protestations of Mr. Havenga of South Africa of alleged beating around the bush, there would seem to be no reason why the conference should not still be a great success. In fact, developments of the past few days would seem to indicate that it will be.

PRINCE RUPERT AND OLYMPICS

Prince Rupert people have been showing a great interest in the activities of the Olympic Games at Los Angeles during the past few weeks. Many people who otherwise take little interest in athletic or sports affairs have been following the Olympic Games with much enthusiasm. This may be explained by the fact that the Olympic Games represent the highest standard of fair and impartially administered amateur athletic endeavor. Their international control removes anything that might savor of the partial no matter where the Games may be held. The Daily News has been bringing the people of Prince Rupert the splendid reports of the Canadian Press exclusively each day and will continue to do so until the close of the Olympiad on Sunday next.

INTERESTING DIARY

It was away back in 1880 that the father of E. C. Stevens of Skidegate hiked from Hazelton into the Manson River country which is attracting considerable interest now because of its gold bearing gravels. Mr. Stevens washed gold but his cleanups were never very large and in the fall he returned to Hazelton without becoming rich. For many years Mr. Stevens kept a diary and he tells of weather conditions, of the people he met and of what they did. It is an interesting sidelight on the early days in British Columbia.

MARATHON FEATURE EVENT AT OLYMPICS SUNDAY

Zabala of Argentine Finished First in Long Grind Yesterday; Ferris of Great Britain Second

LOS ANGELES, Aug. 8.—Zabala of Argentina carried off the honors in the marathon, feature track event at the Olympic Games here yesterday. The race started early in the afternoon and was concluded in the evening. Ferris of Great Britain finished second in the long grind and Toivonen of Finland, third.

The course was a little over 26 miles and Juan Zabala covered it in the record time of two hours 31 minutes and 36 seconds. Sam Ferris was but 19 seconds behind, also breaking the former record of two hours, 32 minutes and 30 4-5 seconds. With Toivonen third, Duncan Wright of Great Britain was fourth, Teuda of Japan fifth and Kin of Japan sixth. Twenty-eight ran, many dropping out before the finish. Cliff Bricker of Canada was twelfth, Johnny Miles of Hamilton fourteenth and Eddie Cudmore of Toronto eighteenth.

More than three hundred thousand persons witnessed the classic event.

The four hundred metre relay for men was won by United States, the Canadian team placing fourth.

In the men's 1600-metre relay, United States won, the Canadians coming third.

In the 400-metre relay for women the United States also won with Canada a close second.

The women's high jump was won by Jean Shiley of United States. Eva Dawes of Toronto was third.

Records Broken Saturday

In the trials of the 4x100-metre relay for men on Saturday, a United States team which included Frank Wykoff created a new record of 40 6-10 seconds, a German team being second. The former record was 40 8-10 seconds made at Amsterdam in 1928 by Germany.

In the 1600-metre relay heats United States made a mark of three minutes 8-10 seconds.

Finland Wins Steeplechase

Finland ran away with the final of the 3000-metre steeplechase in 10 minutes, 43 seconds.

Boch of the United States won the decathlon with a Finlander second and a German third.

The average daily attendance at the Olympic Games during last week was over 50,000. Weather conditions were ideal throughout the week.

SPORT NOTES

With an eye to the future of track and field athletes who will carry Canada's banner to view Olympic contests four or eight years from now, the British Columbia Olympic Clubs Association has been formed in Vancouver to give British Columbia's youthful athletes an opportunity to develop their talent. British Columbia has been well represented at previous Canadian meets but facilities for discovering and developing promising Olympic material have been lacking and the number of star performers relatively small.

Large numbers of British Columbia boys and young men have never donned spikes or trunks to see what they could do in track and field competition. The finest athletic talent may be lying unrecognized, waiting only the opportunity to be discovered. Organization was needed and the British Columbia Junior Olympic Clubs was formed. Under its direction British Columbia's youth will be given an opportunity to experiment in all branches of track and field events and to discover the sport best suited to them. Athletes in all parts of the province will be organized into district clubs and an inter-sectional track meet held annually. In this way promising athletes will be coached along to carry the Maple Leaf to further Olympic victories.

The newly formed body already has practically every important athletic club in British Columbia linked up, from Vancouver Island on the coast and the Okanagan in the east, to Prince Rupert and Quesnel in the north. Standards of competition have been drawn up,

slightly under existing Olympic trial standards. Each year a meet will be staged in Vancouver in conjunction with the annual Canadian Pacific Exhibition. Athletes outside of Vancouver fulfilling standards in trial meets in their various districts, will be guaranteed transportation and living expenses while competing in the Vancouver meet, which this year will be held on August 29.

AIR DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the Islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.

Canine Is Gentle Nursemaid

Oh! Grandma! Why are your teeth so long? But this Little Red Riding Hood has no need to be frightened. Touser is really a very gentle nursemaid. It's an English picture.

Man in the Moon

They say that the game of bridge has fallen on evil days in Prince Rupert.

Jake says nothing else could be expected considering the shameless way in which the same ash tray, cup and saucer and notion tray were passed around as prizes at the various evening parties.

I am always out of luck. If I had invested some of my surplus cash in Consolidated or some other first class stock I could have been rich over night. The only thing lacking was surplus cash.

Jake says he's invested millions and made millions but it was all in his imagination. Some day he thinks he'll really do what he has often thought of doing. He's already saved a dollar and a-half toward his first investment.

THEATRE IN MONTREAL

House of Drama Being planned in Canadian Metropolis

MONTREAL, Aug. 8.—Theatre Montreal—"a centre for the artistic, as distinguished from the commercial, theatre"—is to be established here by "a group of ambitious young men, experienced and interested both in good drama and fine music," states a manifesto issued by the backers of this non-commercial project.

If sufficient bookings from various organizations are forthcoming, the group will take over premises now known as the Theatre des Arts, an up-town structure located almost equidistant from the French and English cultural centres of this city.

"Registered under the name of Theatre Montreal, the group which is purely administrative, has approached several of the leading theatrical and musical organizations and concert managers in the city who have unhesitatingly expressed themselves as approving and appreciating the effort," says the manifesto. "Furthermore, they have promised to do all that lies in their power to ensure its success."

"The personnel consists not of speculators or of men attempting to make the theatre a means of getting a good financial corner. Rather it is a group whose members have been active in a practical role in theatrical and musical organizations for years for the love of the arts of music and drama."

"At present Montreal lacks a centre of local entertainment, and is compelled to adopt the uneconomical and inartistic method of giving concerts and plays in halls that were not built for the purpose and which have neither the requisite stage equipment nor the necessary house staff."

The Theatre des Arts has a seating capacity of 1,500, a full-sized stage and good backstage facilities. The acoustics are first class. One of the most experienced theatrical directors in the city will be at the disposal of lessees at all times both for advice and for practical assistance. Backstage there will be a trained stage and lighting crew and an expert staff of scene painters. Complete service at front of house, including box office facilities and staff of ushers, will be available at minimum expense.

LOCAL ITEMS

Game Warden Ed. Martin returned to the city on this afternoon's train from a brief trip to Terrace on official duties.

Mrs. J. A. West and little daughter of Vancouver, who have been spending a few days at Terrace, returned to the city from the interior on this afternoon's train.

Mr. and Mrs. G. A. Woodland, who have been on a two weeks' trip to various interior points between here and Prince George, returned to the city on this afternoon's train.

Mrs. Norman A. Watt and young son, who have been holidaying for the past few weeks at Lake Kathlyn and Lakelse Lake, returned to the city from the interior on this afternoon's train.

Some concern was felt at the week-end over the safety of Dick Edgar of this city who failed to return to Sunnyside cannery, out of which he was fishing with a sailboat, after the opening of the weekly close season Saturday evening. Edgar turned up safely yesterday afternoon, having blown further out to sea than usual.

Led by Potentate Roy A. Faye who is accompanied by his wife and daughter, a party of 17 Shriners, members of Aleppo Temple of Boston, disembarked here today from the steamer Prince Rupert after making the round trip to Skagway following a recent convention and ceremonial in San Francisco. They proceed from here to Boston via Jasper Park.

C. N. R. PICNIC CANCELLED

Following a series of postponements owing to unfavorable weather, the Canadian National Recreation Association has decided to cancel its annual picnic for this year.

DELIVERED SAFELY

So often we are given a message of remembrance to be taken home to members of the family and yet how seldom do we deliver it. We might even say we met the person but forgot entirely that he wished to be remembered to anyone in particular. Try to carry those little messages to their destination; it makes everyone glad to know someone else thought about them.

Secure Cash During Hard Times

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.
