## ARMIES TO ADVANCE IF GERMANS REFUSE TO ACCEPT PEACE TERMS; AUSTRIAN TREATY ALMOST READY

Peace may be Dictated from Berlin; Austrian Boundaries are Defined and Treaty to be complete by end of week; German Plan for League of Nations presented to Council of Four.

(Special to The News via G. T. P. Telegraphs.)

Paris, May 13.—It is possible that the armies of the Allies may yet march into Berlin and dictate the terms of peace from there. Undoubtedly an attempt is being made to rouse the Germans against accepting the peace terms which are offered. If the terms are refused nothing but military occupation will bring the people to a realization that they are not really the winners of the war but the losers, and that they must be prevented from ever again attempting to impose their will on the rest of the world.

London, May 13.—Reuters learns that in the event of Germany not signing the Peace Treaty, which is regarded as unlikely, all military arrangements have been made for the Allied armies to advance in exactly the same way they would have done had Germany not accepted the armistice terms.

Paris, May 13.—The Council of Four spent the greater part of the day on the Austrian boundaries and completed the task of defining them, in session with the Foreign Minister.

The Austrian treaty will be completed by the end of the week. The German delegates waited on the Council of Four and presented the German plan for the League of Nations. The principal feature of this is the formation of an international parliament composed of representatives of each nation.

### DUKES OPPOSE TAKING AWAY COAL ROYALTIES

Duke of Northumberland Gets Over Quarter of Million a Year Income From That Source.

(Special via G. T. P. Telegraphs.)

London, May 13.—The Dukes with incomes largely drawn from mining royalties put up a spirited fight at a meeting of the Coal Commission on the question of nationalization of the mines.

The Duke of Northumberland owns 250,000 acres of land with proved mineral rights and admitted that his average annual income from royalties was \$270,000. He declared, however, that the state collected three quarters of the value of the mineral in taxation.

### SASKATCHEWAN IS OUTWARDLY QUIET IN INDUSTRIAL SENSE

(Special via G. T. P. Telegraphs.)

Moose Jaw, May 12.—Saskatchewan has now been covered by the Industrial Relations Commission. Outwardly and in specific conditions, Saskatchewan is more quiet than Alberta and idyllically placid compared with British Columbia. There is practically no unemployment in any of the three cities visited, Saskatoon, Regina or Moose Jaw, and only one real strike was brought to the Commission's attention.

### HAYSPORT NO. 2 LOSES HER RUDDER IN STORM

The fishing schooner Haysport No. 2, which went out to the fishing grounds last Tuesday, returned yesterday minus a rudder, after being out about four days. She encountered some very rough weather in the Hecate Straits just after commencing to fish, and during the storm was unfortunate enough to lose her rudder, which, of course, forced her to turn back with only 3,000 pounds of fish. She is gone into drydock which will delay her two or three days.

## SOLDIER SETTLEMENT AND CIVIL SERVICE ACT TO BE PASSED DURING SESSION

WESTERN MEMBERS ASK FOR INCREASE IN MOUNTED POLICE FORCE—ONE MORE COUNTY COURT JUDGE FOR BRITISH COLUMBIA TO BE PROVIDED FOR

(Special to The News via G. T. P. Telegraphs.)

Ottawa, May 13.—The introduction by Hon. Arthur Meighen, Minister of the Interior, of the Soldier Settlement Bill, and the definite assurance by Hon. A. K. MacLean that the bill to amend the Civil Service Act will be introduced and put through this session, were features of the afternoon sitting of the House of Commons. Mr. MacLean emphasized the enormous labor involved in the act reclassifying 50,000 employees. The legislation and schedules make six or seven hundred printed pages.

### Mounted Police.

During the consideration of the North West Mounted Police estimates, western members pressed for a considerable increase in the force and expressed a fear that there may be developments which will call for a larger body of mounted men than now exists.

The House went into the resolution to amend the Judges Act to provide for the salary of an additional judge of the County Court of British Columbia at \$3,000 per annum.

### Drafted Men.

The Minister of Militia stated that 47,509 drafted men actually went overseas. The number also who volunteered for service after the Military Service Act was passed, other than class one men who came under the provisions of the Act was 29,007.

### COAL ONCE MORE IS BURNING QUESTION

Alderman Perry Wants to Know If the Fuel Commission Has Cold Feet.

Tenders for the supply of 35 tons of coal were received by the City Council and referred to the Finance Committee. The tenders were as follows: Peter Black, Alberta mine run, \$8.25; lump, \$9.50; Wellington, \$11.70. Albert & McCaffery, Yellowhead, \$9, f.o.b. wharf.

The submission of these tenders brought up the whole question of coal supply once more.

Where is the fuel board? inquired Alderman Perry. Is not this a matter for it? (To the mayor) I was wondering if the board had taken cold feet after being turned down.

Alderman Casey said he did not think the board had any power. The Council should declare itself on the matter of securing a season's supply.

Alderman McRae thought this a matter that properly belonged to the fuel commission.

Aldermen Currie and Rochester both advocated calling for tenders for the coal delivered at certain times as directed.

### ARRIVED SATURDAY

Trepassey, Nfld., May 13.—The arrival on Saturday of the big seaplanes N.C. 1 and N.C. 3 were declared after inspection to have been uninjured by the long trip from Rockaway Beach, N.Y. ## Failure to Greet Returning Soldiers.

A correspondent charges that Prince Rupert people have been very remiss in their duties in the matter of greeting returned soldiers generally, and this was only accentuated by the spasm of Sunday.

Unfortunately the charge is true to a very large extent. It has been found difficult to get information in regard to men returning here, but it is possible if sufficient effort had been made this could have been overcome.

There is certainly no excuse for the careless manner in which we have allowed many of our best men to drift back unwelcomed, except by a few friends.

In this city we are apt to get excited and then forget all about the matter just as we did with the housing and other schemes. The soldiers have a just complaint undoubtedly, and there is nothing to justify it.

## Swimming Club Conditional Grant.

The City Council made a superbly silly decision last night when it decided to grant the Swimming Club the sum of \$500 conditional on the Provincial Government granting a like amount. It seems as if the Provincial Government would be so keen to see the city come through with their mite that they would be sure to put up an equal share.

Imagine John Oliver being influenced by an argument of that kind. The local council may think the Provincial Government a group of kids, but they are not that small. Prince Rupert will get a Provincial grant for the improvement of the Salt Lakes if the Government can be shown that it is a worthy object, but they certainly will not be influenced by what action the City Council also takes.

Somebody in the Council is probably springing a joke, and the other aldermen have not noticed it. At any rate it is inconceivable that the city would withhold its grant even if the Province fails to grant a similar amount. The work at the lakes should be done at once and not be allowed to wait until the season is over. The mayor and aldermen talked fair when the delegation was present, but they do not seem to have meant it, judging by their action last night.

## Satisfactory Work At City Park.

The work at the city park is one of the most satisfactory bits of improvement the City Council has made in many a day. The park is picturesquely laid out and the place is bound to become popular as soon as the warmer weather comes. Already it is used a good deal.

While the bridges might have been more picturesque, if made with rustic effect from the timber cut on the ground, they will soon weather and conform to the general color scheme of the place.

The park is an ideal one for children and when the walks are completed will compare favorably with the parks in larger cities. The natural effect of the stream and wood is so good that a great improvement is made at very small expense. Later the improvements can be continued so that in time the public park at Prince Rupert will be unequalled.

One thing must be carefully guarded against, and that is the pollution of the stream. When a stream flows through a city it is difficult to keep it pure. For a stream flowing through a park, however, this is essential.

## TEN PER CENT INCREASE IN CITY SALARIES

All to Be Treated Alike in the  
Matter of Advances Say  
Council.

At the City Council meeting last night a general increase of ten per cent in city salaries was voted. The action was taken on the recommendation of the Board of Works.

Letters were read from Henry Smith, caretaker at the cemetery and from J. M. Duggan and a number of others asking for advances. Mr. Smith said that he had seven children to keep and the increasing cost of living was making this difficult.

The other men asked that they be given 60c. an hour and pay for Saturday afternoons on which they were not working, the advance to date from May 1 last.

Alderman Casey said there was no intention to pay for time that was not worked. The advance of ten per cent would apply to everyone, including the city engineer, who now was getting \$200 per month.

## THE MILLION DOLLAR DOLLIES ARE HERE

Fascinating Sisters Stars of a  
Charming Romance of  
Mystery and Love.

The fascinating Dolly Sisters, known everywhere for their cleverness and charm, are beloved by Jack Hobson and Tom Hylan, two young men of wealth and position.

While Roszika and Yancsi are skating one morning with them on the Biltmore roof, a celebrated specialist in mental disorders asks for an appointment at their home. There he tells them he has a peculiar problem to solve in which he needs their aid. They are to be taken somewhere blindfolded and remain for an indefinite period, receiving as a reward for the task that will then be disclosed to them one million dollars. The girls' love of adventure is aroused and both the mystery and the reward appeal to them.

Jack and Tom, when told about the affair, make up their minds to kidnap the girls and prevent them from carrying out any such hare-brained scheme. However, they are too late. Attending the performance at the Palace Theatre, where the Dolly Sisters are dancing, they rush around to the stage door, only to find that the girls have just been taken away in a closed car by the alienist.

Blindfolded, the girls are taken into a magnificent Indian Palace, scarcely a stone's throw from Broadway. When the bandages are taken from their eyes they behold a scene of Oriental splendor.

The outcome gives the plot. The picture is to be at the Empress tonight.

## SWIMMING CLUB GETS GRANT OF \$500 ON CERTAIN CONDITIONS

In reply to a request made by a delegation to the City Council last week, the Council last night decided to grant the Swimming Club the sum of \$500, provided the Provincial Government did the same dollar for dollar.

The Swimming Club asked for \$4,000 and speakers told the Council a week ago that the Provincial Government would put up dollar for dollar to the extent of \$4,000. The matter was referred to the Finance Committee which made the recommendation which was adopted last night.

## WALLACE REID MAKES BIG HIT LAST NIGHT

Here Again Tonight at the Westholme in "Less Than Kin."

Wallace Reid, one of the most popular screen stars in the country, was seen in two fine portrayals in "Less Than Kin," his latest Paramount starring vehicle, which was displayed last night at the Westholme Theatre.

In this photoplay Mr. Reid appears as Robert Lee, the disreputable son of a capitalist, and Lewis Vickers, a young American refugee, who has fled to Central America after killing a man in defence of a woman. He takes part in a revolution and is compelled to leave the country with other revolutionists after the death of Lee. Vickers and Lee were alike as two peas and Vickers assumes Lee's name and foists himself upon the dead man's relatives who accept him as genuine.

Trouble follows speedily, for Lee was a scoundrel and Vickers is obliged to suffer for his sins. It all ends happily, however, and Vickers is pardoned and finds love.

Records will be granted covering only land suitable for agricultural purposes and which is not timber land.  
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions to be made jointly, but each making necessary improvements on respective claims.  
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.  
Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.  
Pre-emptor without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Willing to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.  
Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.  
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residence and improvement conditions.  
For grazing and industrial purposes, areas exceeding 640 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.  
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

## TOWNSITE PROPERTY ALLOTMENT ACT.

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.  
For information apply to any Provincial Government Agent or to  
G. R. NADEN,  
Deputy Minister of Lands,

### CONTRAST IN WELCOMES

Editor The News,

While no returned soldier grudges the honor paid to Colonel Peck, V. C., and Capt. McGregor, V. C., or that fitting welcome should be given to the 16th Canadian Scottish, the contrast between their welcome and that given to Prince Rupert long service men is so great that these men are beginning to wonder if they had a nightmare in believing they had helped to win the war.

The great majority of the soldiers now coming back believe that Prince Rupert has the coldest welcome of any place from the Atlantic to the Pacific. Halifax, with boatload after boatload passing through offers refreshment and the glad hand to every man, as does every city and stopping place on the way to the coast.

Though Prince Rupert abounds in platform patriots and patriotic organizations who say there is nothing too good for the returned men, the fact is not apparent when the boys come home, however much they were loved when absence made the heart grow fonder. Men passing on to up-river points go on without a smile or a "how do you do," which even from a business point of view is poor policy. One Terrace man with his discharge certificate in his pocket could not cash a cheque until he could be identified by a local businessman, and being a stranger was up against it until two fellow soldiers vouched for him.

At the gathering on Sunday night the reception of the local returned men was absolutely contemptible, although they were advertised as sharing in the civic welcome. Very few of them even had a seat at all, let alone sharing in the smiles of Prince Rupert's lovely ladies so beamingly bountiful on the killed lads of Vancouver and Victoria. They had no chance to form part of the procession from the wharf, which was no great kick, as Captain McGregor, V. C., was also a forgotten factor until a returned man ushered him into an auto.

The city fathers would be well advised to save the stamps on mailing the illuminated address, as a number are likely to be returned with or without thanks.

Neither Colonel Peck nor Captain McGregor, splendid soldiers and true gentlemen, would endorse the city's attitude to its returned men.

RETURNED SOLDIER.

## SPACE ALLOTTED IN EXHIBITION BUILDING

**Alderman Perry Says Commercial  
Booths Will Have to  
Go Outside.**

A request from Alderman Perry on behalf of the exhibition directors was made to the City Council last night for a grant of \$1,500 towards the fair, and also a suggestion that the road leading to the buildings should be improved and that the exhibition directors be given control of the grounds for three days.

The alderman mentioned that the whole of the exhibition space had been already taken up and that any booths for selling goods would have to be erected outside. They expected to sell concessions there if the city gave them control of the grounds for the three days of the fair.

The matter was referred to the committee for report.
