RADICAL PROPOSALS ARE ENDORSED BY SYNOD OF ANGLICAN CHURCH HERE

**PASS RESOLUTION ENDORSING PENSIONS FOR MOTHERS
AND COLLECTIVE BARGAINING FOR INDUSTRIAL
EMPLOYEES—JOINT CONTROL OF
INDUSTRIES SUGGESTED**

The following resolution of the Social Service Council of Canada read by Archdeacon Heathcote was approved by the Anglican Synod yesterday:

"The Social Service Council declares for the right in industrial life of organization and of collective bargaining on the part of employees and employers alike.

That profit sharing in industry and co-operation in commerce should be encouraged and extended, though promising no general or permanent solution of the problems of industry and commerce.

"That there can be no peace nor permanent solution of these problems nor can the maximum of efficiency be reached until suspicion and fear give place to confidence and brotherliness in the spirit and according to the teachings of Jesus.

"That to this end employable workers must be insured against unemployment, accident, disease and old age.

"Each worker must have a wage sufficient to provide decent housing, sufficient food and clothing and education and reasonable culture and recreation for the family.

"Provision must be made for an additional and fair return for special skill, ability, prowess and inventiveness.

"That as rapidly as possible the ideal of eight hours for work, eight hours for sleep and eight hours for recreation and culture must be realized.

"All parties to industry—employers, employees, managers and the community—must be given a due share in its control and, therefore, in determining wages, hours, and all working conditions and these must meet frequently in free and frank conference over all problems that concern any or all."

Insurance of Mothers.

The subject of social service was very ably placed before the synod by Rev. W. Leversedge of Anxox. He indicated what were

the causes of social disorders and the present distressing conditions of unrest. He also moved resolutions to the effect that there should be mothers' allowances from the state to assist families whose means are limited to enable the children to have proper care and education. There was especial need for such a pension where the father has died, leaving a widow and small children unprovided. The home, he said, was the proper place of influence for the child but at present the widow has to leave her home to work for the feeding and clothing of her young family. The state would do well to provide for the proper training of fatherless children and there is no better place for this to be done than in the home under a mother's influence.

L. M. de Gex suggested that the Government might adopt a form of state insurance to fill this need.

Archdeacon Heathcote spoke very eloquently in favor of the work of the Social Service Council.

CANON RIX TELLS OF THEOLOGICAL COLLEGE

**Soldiers are Resuming Studies
After Campaign in France
and Flanders.**

Canon Rix was first speaker at the conference at the resumed session of the Anglican Synod on Wednesday evening. He very eloquently spoke of the proceedings of the last meeting of the General Synod. He also told the synod of the work of the Anglican Theological College of British Columbia in Vancouver which is training men for the ministry in each of the dioceses in this province.

The number of students at the college during the war was necessarily small as no candidate of military age or fit for service was accepted during the war.

Among soldier students who have returned to complete their course are some with bravely won decorations and one who went from the college as a private and has returned to finish his studies as a colonel.

PORT SIMPSON SPORTS ENJOYED BY BIG CROWDS

**Rain Falls to Damp Spirits of the
Natives at Week End
Celebration.**

It rained! And then some. But in spite of all the rain, it could not interfere with the spirit of the very jovial crowd which thronged the little village of Port Simpson for the sports at the week end. There were visitors from Kincolith, Greenville, Metlakatla and from Alaska. The object of the celebration had been accomplished, which had been planned as a general reunion of all the Tsimshian speaking people, to bring them more in touch with one another. In former days this would have been done in another way, but having adopted more modern methods and customs for the uplifting of the younger people by promoting clean and healthful sports and to develop a clean spirit of rivalry among them.

The opening parade was marked by a very interesting float that was featured by the Young Peoples' Education Association of Port Simpson. One half of the float was a representation of the people in very early days, dressed in their robes and head-dresses, etc., the other half of the float showed how far they had advanced from these customs.

Football.

Owing to the very rainy weather, baseball was out of the question, so football matches was the order of the day. On the first day the Kincolith team was defeated by the Port Simpson team 2-0. On the second day the Greenville team was also defeated by the Simpson team, the score being 6-0.

Many very interesting costumes were shown on the night of the masked ball, the best being that of Mrs. F. Magar, representing "Miss Canada," and that of Mrs. Ross in "Britannia."

The athletes of the day was Wm. Jeffrey who starred in every event that he took part in, coming in first in the 220 yard dash and one mile and his team winning in the one mile relay and second in the 100 yard dash.

Motor Boat Races.

Owing to weather conditions the motor boat races have been postponed till a more favorable time. Many boats were entered for this event.

The crowds gathered so thick at times that it reminded these present of the Rupert fair, only in this instance none were without beds.

EMPLOYEES OF CAR SHOPS ALL ON STRIKE

**Trades and Labor Council Will
Meet Tonight to Discuss
the Situation.**

At a short meeting at the G. T. P. car shops yesterday afternoon the employees decided to strike at 4 p.m. The strikers are the machinists and helpers, blacksmiths and their helpers, carpenters, car repair men, watchmen, wipers, the store keeper and assistant, painters, boiler makers and electricians.

The longshoremen have agreed to discharge the cargo which comes here on the boat Saturday, but whether they will do any more work after that seems doubtful.

There is a meeting of the Trades and Labor Council to be held tonight at which the whole situation will be discussed by the men. Possibly by that time there will be word from Winnipeg as to the progress of the strike there.

CHINAMAN IS FINED \$100

**Charlie Kye Found Guilty of
Supplying Liquor to
Indians.**

Charlie Kye of the Canada Cafe was fined \$100 and costs or three months in default this morning by Indian Agent C. C. Perry for supplying an Indian woman by the name of Helen Kennedy of Port Essington on May 24 with liquor that tested 3.4 per cent.

The accused was brought before Mr. Perry on May 24 and the case adjourned until this morning for the purpose of enabling Mr. Cross of the Customs Department to test the liquor. Reading his report, it was readily seen that the accused had broken two laws, that of supplying liquor to Indians after being warned by Constable Watkinson and selling liquor that contained more than 2 1/4 per cent alcohol.

The Indian Department have made it their business to post at all canneries on the Skeena and Naas rivers, notices warning persons against selling liquor of any kind whatever to Indians, also all cafes and public places have been warned.

LOYAL TO PRINCE RUPERT AND TO EACH OTHER, SAYS JUDGE YOUNG IN ADDRESS

**MEMBERS OF BOARD OF TRADE AT INITIAL LUNCHEON
ADVISED TO ELIMINATE POLITICS AND WORK
TOGETHER AS UNIT**

"Every eligible man should join the Board of Trade without being asked.

"We are on the ground first and it is our work to build the city.

"Sitting down, dreaming and waiting is no good.

"We are cursed with politics. Politics is drawn in and mixed with things which are not political. Injecting politics into everything is like throwing the monkey wrench into the engine.

"Be loyal to Prince Rupert and to each other and pull together. Let it be Prince Rupert first, last and all the time and then we shall marvel at the advancement we make." — Judge Young at Board of Trade Luncheon.

A great and inspiring address was given by Judge Young yesterday afternoon at the first of a series of luncheons which are to be held on board the S. S. Prince Rupert. It was replete with anecdote and humorous allusions and was thoroughly enjoyed by everyone. At the conclusion the speaker was loudly applauded and heartily thanked.

The Judge mentioned in opening that he was not allowed to talk politics and that he was not permitted even to vote because of his position. He wondered if it was because people thought judges less competent to choose a parliamentary representative than anyone else. While agreeing that it was proper judges should not express themselves verbally he thought they should be allowed to give expression to their opinions by their votes.

Discussing as an outsider the question of how a board of trade should be run, His Honor said that those on the outside were always better able to run a business than those on the inside.

All Should Gain.

One of the first principles he suggested was that every eligible man in the community should join the board of trade without being asked, and should pay his dues regularly and attend the meetings and work hard. The board should be a hive of industry in which no drones were allowed to exist. There was no law to compel this except that of the court of public opinion. No man could afford to live to himself without paying the penalty.

Other essentials to the success of the Board were unity of spirit and energetic action. The Judge said that he had grown old in places that were about to become cities. The cities had to be built and we being on the ground first it became our duty to do it. The next generation would have the enjoyment of living in it, riding round the mountain and up the Skeena River. When speaking of the work of his father the young man would say: "He did it all right."

"We have a hard road to travel," continued the speaker. "We must do the work ourselves. Sitting down dreaming and waiting is no good. People look to this Board, to the business elements, the brains of the place who are in possession of the information necessary to progress.

Unity of Action.

"Of course there will be differences of opinion. By expression (Continued on Page Three).

STOLE PAIR OF PANTS

**Joe Villamore Sent Up for Ten
Days as Punishment.**

Joe Villamore, commonly known as the "Phillipine Kid," was brought before Mayor McClymont and W. E. Collison in the police court this morning charged with the theft of a pair of pants from J. E. Jacobson last Friday night. He was sentenced to ten days in the lockup.

The prisoner pleaded not guilty but after hearing the evidence the magistrate decided that the clothes were taken by him. He was arrested yesterday afternoon by Constable Adams.

One Big Union Soon in Force.

The One Big Union seems likely to be a going concern soon. A large majority of the workers have voted for it and a convention is to be held at Calgary early in June to perfect plans for the new organization.

The new plan of organization is an experiment. It may be a success or it may be a failure, much will depend on the constitution that is drawn at Calgary and the way in which its provisions are carried out. If it is handled wisely it may prove of value to the workers and employers. If it has the effect of preventing strikes it certainly will be a good thing.

There was a time when British people objected to the men joining international unions because it was said that they were controlled by foreign agitators. If the One Big Union comes into being this will be an impossibility for the institution will be purely Canadian and the dues will be kept in Canada.

Whether the unions will be stronger under the new organization than the old remains to be seen. Some people think there will be little real difference. It is an experiment and it is hoped will be an advantage to everyone.

Splendid Address At Board of Trade.

Judge Young gave some first rate advice to the members of the Board of Trade at the luncheon yesterday, advice which is good for everyone. He inferred that much of our success depended upon our mental attitude towards our surroundings. If we think success, success will come to us; if we think failure it is almost impossible to succeed. His suggestion is that we shall cultivate the broad outlook, the spirit of optimism and the spirit of unity, learn to eliminate the small worries or at any rate to allow them only their proper proportion.

Everyone who attended the luncheon yesterday came away feeling what a good lesson the Judge had given to the other fellow. One member expressed this by suggesting that the press should give the speech the widest publicity. We are all apt to see the goat squirming around in the other man's optic, but when the hornet buzzes around in our own it is hardly noticeable. How many today remember their own weak spots that the Judge probed? How many remember the advice which is particularly applicable to their cases?

If we take home the kind of talk given yesterday, it has value. If it only sets us using the binoculars on the faults of our neighbors it does nothing more than create Pharisees, who say as they gather their robes of holiness around them: "Lord I thank Thee that I am not as other men. I am not a hidebound politician, I am always prepared in a business way; I am an optimist when it serves my purpose, I do not even let the rain interfere with my making money, I am public spirited if it does not cause me any effort."

Without doubt the address was an excellent one and was exceedingly timely. The Board of Trade is to be congratulated on making so good a start with their monthly luncheons.

Prince Rupert in The Public Eye.

It is no wonder that Prince Rupert is in the public eye. When figures are published abroad like those used in this paper yesterday in regard to the harbor output, it is no wonder that we attract attention. Out of a total catch on the coast for the month ending April 24 of 4,231,171 lbs. there was landed at Prince Rupert no less than 2,070,500 lbs. or nearly half the entire catch of the coast. No wonder the people here are optimists.

Prince Rupert Suffers For Sins of Winnipeg.

Prince Rupert is suffering for the sins of Winnipeg. Somebody in Winnipeg started a strike. We do not know anything about the merits of the case, but we do know that the whole city there has been tied up in a business way for nearly two weeks. Now the strike has spread to Prince Rupert. If this sort of thing is to continue we shall have strikes every other day. Whenever there is a disagreement in any part of the country, work here will stop. That certainly will curtail the output throughout the country.

LAND REGISTRY ACT.

(Sections 36 and 134.)

Re Application No. 10607-1, File 6400. TAKE NOTICE that application has been made to register Thomas McManamon, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 10th day of December, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot Nineteen (19), Block Forty-two (42), Section eight (8), (Map 923).

You are required to contest the claim of the tax purchaser within 33 days from the date of the service of this notice (which may be effected by publication in a daily newspaper), and your attention is called to section 134 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of his pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent, whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim in respect of the land sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Thomas McManamon

AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1917 (the date on which the said lands were sold for overdue taxes), you were the assessed owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Thomas McManamon unless you take and prosecute the proper proceedings to establish your claim, if you were the assessed owner thereof, or prevent such proposed action on my part.

LOYAL TO PRINCE RUPERT AND TO EACH OTHER, SAYS JUDGE YOUNG IN ADDRESS

Continued From Page One.

of the differences unity of action is found. When dealing with Board matters the members should look at each other as perfect strangers in regard to the business in hand. There should be no thought of social standing, of family or political differences. Everything but the business in hand should be forgotten. Without that attitude there can be no sympathetic union.

The speaker said that he had looked down on the cockpit of political struggles for the past fifteen years and he had seen that we were cursed with politics. All sorts of things were drawn in and mixed with things which were not political.

"We speak by majorities and it is a good thing for people during the campaign to express their views in order that others may be able to judge, but when the fight is over all should put on their coats and shake hands and get together. The professional politicians will inject politics into everything. Then there is the innocent politician who wears a political label on his back. The animal is seen on election day telling that he has never known any member of his family vote other than Conservative or Liberal as the case may be. Injecting politics into everything is like throwing the monkey wrench into the engine. There are not many such men in the north and the west. The place is too big for them."

Great Part.

In regard to energetic action it was the duty of every man to see that British Columbia took her proper place in Canada and to see that Prince Rupert took her proper place in British Columbia. This was the time when it would be decided whether this was just the end of steel or a great terminus at the end of a transcontinental railway. He was satisfied that this was going to be a great port. The people showed splendid confidence in the place because of their geographical position and their wealth of resources. He suggested that we should remember the words of Mr. Erb when he said that the success of the shipbuilding in this city would depend upon the assistance that was given it. This warning of Mr. Erb's given before the work commenced was most timely. If it fails now it is our own fault.

Preparedness.

"The secret of success is preparedness. There is only one case where that has failed and that was in the recent war with Germany. In Vancouver and Seattle the rats once had possession of the warehouses, but the people were looking for opportunities and the discovery of the goldfields gave both a start. We should make an effort to get the ocean docks, to get ships sailing from here across the ocean, get our coal in the interior developed, keep working, see that the Alaska trade came here where it belonged."

We were sometimes told that Vancouver was stealing our trade, that was not true. Vancouver was just taking it. It was for us to not let them. There were some little people who talked about Vancouver knocking us. That was all nonsense. The great mass of businessmen realized that development here would help them. There was room for two big cities on the coast which would help each other.

The Judge spoke of a visit to Los Angeles where everybody spoke of nothing but Los Angeles to such an extent that it affected everyone. He mentioned the desirability of advertising, and suggested as one of the means the admirable little paper Resources. The more money it got the bigger and better it would be. He also spoke of the desirability of co-operating with the railway for without the railway there could be no city.

The Judge said he could not omit the opportunity of speaking a word for the returned soldier, and of the duty of taking care of him by giving him a good position. "Be loyal to Prince Rupert and to each other and pull together," he concluded. Let it be Prince Rupert first, last and all the time and then we shall marvel at the advancement we make." A vote of thanks was moved by H. S. Wallace and seconded by G. W. Nickerson and carried by acclamation. M. P. McCaffery presided.

PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

UNITED AIRCRAFT TO HAVE BRANCH HERE

So Says Article in Recent Issue
of Vancouver World.

Victoria, Prince Rupert and Nelson are to possess branches of the United Aircraft of British Columbia, Ltd., the company which is being incorporated under the control of Messrs. H. S. and J. B. Hoffer of Vancouver, where the headquarters of the concern will be situated, says the Vancouver World.

With a capital of \$100,000 the company has secured sales rights in this province for the J. N.-4 plane, purchased from the Imperial Munitions Board by a syndicate represented in this country by F. G. Ericson of Toronto, and in the United States by the United Aircraft Engineering Corporation of New York. This latter syndicate, which is headed by Roy Conger, F. G. Ericson and C. W. Diffin will have representation on the Vancouver Company.

It is the intention of United Aircraft of B. C. to specialize in sea planes, and a number of the J. N.-4 planes will be adopted for use on water surfaces. The company will build hangars and establish aerodromes, and is expecting the arrival of the first load of planes from the east in ten days or less.

NEW COMMAND

Master of Sitka Going to Seattle
to Fetch King and Winge.

The halibut fishing schooner Sitka owned and operated by the Canadian Fish & Cold Storage Co. Ltd., left last night for the halibut banks under Commander J. Robinson, formerly of the fishing boat Vienna.

Capt. Monas, who was her former master, will sail for Seattle very shortly to take command of the Independent Fishery schooner King and Winge, which is tied up there.

SMITHERS MAN WEDS

St. Mathew's Church, Winnipeg, was the scene of a quiet wedding on Saturday, April 10th, when Miss Florence Underhill, daughter of J. H. Underhill of that city, was joined in the bonds of matrimony to David Jennings, of Smithers. After the ceremony the newly married couple left on a short trip to the coast and arrived at Smithers on Wednesday night. The bride was until recently resident at Smithers and a number of friends were at the station to welcome the bride and groom.

INTERNATIONAL GAME PLAYED YESTERDAY PROVES INDECISIVE

Score Stands at One Goal Each When Time is Called.

The international football game which was played last evening ended in a draw, the score being one each. The teams seemed evenly matched in the first half but from the start after half time the Englishmen got away with the pigskin and only sheer ill luck prevented them winning.

Day for the Sons of England made the only score for his side, but Wearmouth showed up well.

W. Murray for the land of the heather saved his side from defeat by sending the leather under the bar. Abbott also played well.

In spite of the inclement weather there was a fair attendance of spectators and considerable enthusiasm was shown when the scoring was going on. The teams were as follows:

Sons of England—Slocum, Wearmouth, Menzies, Whatman, Kelsey, Booth, Hardy, Wells, Tinker, Day and Craggs.

St. Andrew's—Martin, Hamilton, W. Murray, Arthur, Kelly, Abbott, Lamb, Sellers, Kinghorn, Mitchell and Gray.

LOCKWOOD IS AT HIS BEST IN "PALS FIRST"

Distinguished Star Does the Most Brilliant Work of His Career in New Picture.

Harold Lockwood has the most congenial role of his brilliant career as Danny Rowland in "Pals First," a six-act production which is to be seen at the Westholme tonight.

As Danny Rowland, a thief, a pick-pocket, a safe-cracker owing two years to San Quentin prison, who finds refuge with his pal, Dominic, in Winnierest Hall when he is believed to be the long absent master of the house, Dick Castleman, only to be exposed by his pal when Dominic hears of his engagement to Dick's sweetheart, Jean Logan, obliging him to reveal himself as the real Dick Castleman and to explain that his deception was practiced for the purpose of bringing back the lost soul of his pal, Harold Lockwood has a most colorful role in a picture which it is believed will be numbered among the most successful vehicles he has ever had.

As Danny Rowland, the hero, Lockwood does the best work of his brilliant career. Only an actor of the most finished abilities could essay this light, romantic, spirited role of a rogue and a gentleman, and keep his audience in sympathy with the character. His sense of comedy is equal to the finest in the history of the screen, a talent which, coupled with his romantic gifts, places him far above the run of most stars.

COLONEL PECK SHOWN AT MOVIES TONIGHT

Splendid Picture of Him and the Other Officers Taken at Cologne.

A surprise was sprung at the Empress Theatre last night when during the showing of a British current events picture, Colonel Peck was seen stepping to the front. There was a good deal of enthusiasm shown over the event and because of the special local interest of the picture it will be repeated tonight. The Colonel is seen alone and also in company with other officers at Cologne just after the victorious army marched in. The picture is an excellent one.

The feature film for the evening is a new one "Neighbors," starring Madge Evans and Johnnie Hines. It is a five-part story and is said to be above the average.

The seventh episode of "The Woman in the Web" will prove as full of tense interest as any of the former episodes and as the plot develops the interest increases.

A Harold Lloyd comedy rounds out a first rate show.

FARM LOANS for SOLDIERS

Cheap Implements, Livestock and Harness

THE Soldier Settlement Board has arranged with manufacturers of implements and harness to give soldier settlers a wide choice of first class implements at prices substantially below those quoted to civilians; and in the Prairie Provinces the United Grain Growers, Limited, will give soldier settlers special prices on implements, wagons, and other commodities.

By collective buying in large numbers for cash, it can also offer soldiers the lowest possible prices on horses and other live stock.

It can supply a good harness set for approximately \$31.50 at point of manufacture.

All these concessions are in addition to the Board's offer to secure for the soldiers good

land, conveniently located, and to give financial assistance in the way of loans to establish them on the land.

Land and Loans

With certain exceptions, a soldier who has served with good conduct in the Canadian, Imperial or Allied forces in an actual theatre of war or outside the country in which he enlisted (or widow of any such man) may secure loans to purchase land, live stock and equipment and erect buildings—

- (1) Up to \$4,500 to cover the cost of the land and discharge encumbrances.
- (2) Up to \$1,000 to erect buildings. Both these loans to be paid on the instalment plan. Payments extending over 25 years.

(3) Up to \$2,000 to buy implements, live stock, and equipment. The soldier will begin to pay off this loan in the third year, and will have four years to pay.

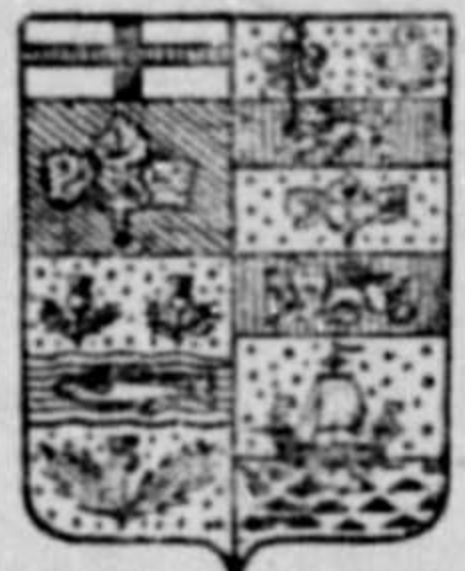

Only five per cent. will be charged on these loans.

A cash payment of one-tenth the price of the land will be required, except in special cases.

Qualified settlers on Dominion Lands may secure loans up to a maximum of \$3,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan.

If you figure you have more than a fifty-fifty chance to make good as a farmer, write to your Provincial Superintendent at Rogers Building, Vancouver, B. C.

LIBERALS WILL CONVEY SOON

National Convention to be Held in Ottawa Early in August; Trade Policy.

A National Liberal Convention is to be held in Ottawa on August 5th, 6th and 7th. The convention has been called by the Liberal representatives in the House of Commons, under the leadership of D. D. McKenzie, M. P. for North Cape Breton. The purpose is threefold:

1. To make a declaration of Liberal principles as applied to present conditions throughout Canada.
 2. To establish a nation-wide party organization.
 3. To select a party leader in the place of the late Right Honorable Sir Wilfrid Laurier.
- The convention will comprise three delegates from each federal election district throughout the Dominion elected at a district convention.

Calgary Platform

"The policy of the Liberal party of Canada with respect to reciprocity and lower tariff met defeat in 1911, was reasserted in the Winnipeg platform of 1917 and in the Calgary platform of 1919. As there is now a prospect of an early election in which the trade question will be the most prominent issue, it is a matter of supreme importance that all who believe in greater freedom of trade, wider markets and a reduction of the present 42½ per cent. tariff, should attend the primaries and district Liberal conventions and so assist in the selection of delegates to the National Convention at Ottawa and the nomination of candidates for the House of Commons.

Powerful Forces.

"Lack of unity of action among the producers and consumers of Western Canada would be fatal now. The powerful forces which have always been against us are alarmed and only by dividing us into factions and classes can they again attain power. The plan of their campaign is now becoming clear and encouragement is being given to the formation of new parties and multiplicity of candidates. This is their only hope of again defeating us. We cannot hope to have any large section of the press support our cause; and the powerful agencies of the Big Interests are everywhere. This condition has become intolerable. Only united action can emancipate us."

PRINCE GEORGE

This district sold \$5,497 worth of war savings stamps during the month of March. For April there was a slight decrease in the amount.

C. W. Moore of the Waverly Mining Co. who is in town says that drilling is to be done for exploratory purposes near Barkerville.

William Lowery who was assistant postmaster here for a time after his return from overseas, has taken a position as timekeeper with a construction gang near McBride.

Neil McDonald, a pioneer from this district, has returned after four years in France.

C. Thompson who left here last fall for the east returned yesterday on the Prince Rupert from Vancouver.

SCHOOL PUPILS GET USEFUL PRESENTS

Five Hundred Toothbrushes Given To Children of the City By Dr. Bayne.

There was great excitement at the schools today when the children were presented each with a tooth brush and a capsule of tooth paste by Dr. Bayne, the local dentist. The young folks proudly carried their gifts home but before going were given full instructions by the teachers how to use them.

No less than 500 tooth brushes were given away today to pupils of the public schools.

Your Eye is Like a Camera

THE eye is an optical instrument, similar to a camera in construction, and, like a camera, its intricate system of lenses is sometimes disarranged, so that an improper focus results.

IT is our business to find out if the eyes are in perfect visual condition, and to grind lenses that correct all slight deficiencies.

LET us help you to clear comfortable vision, with a pair of suitable glasses.

IT is an investment well worth considering.
