NO FURTHER SAILINGS OF COASTING STEAMERS UNTIL THE STRIKE IS SETTLED

MEMBERS OF SEAMEN'S UNION WALKED OUT THIS MORNING AND PRINCE GEORGE AND OTHER VESSELS ARE TIED UP

(Special to The News via G. T. P. Telegraphs.)

Vancouver, June 4.—Members of the Seamen's Union walked out here this morning and as a result all the steamers are being tied up and the crews paid off. There will be no sailing of the Prince George tomorrow for Prince Rupert and other points and the other vessels will tie up on their return to port until the strike is settled.

Jack Barnsley, local agent for the Union Steamship Co., has received word that all sailings are cancelled on their line, and it is understood that the skagway boat will not come north.

The stoppage of the boats means that no more food supplies will arrive here until the strike is settled.

STRIKERS HERE ARE DISMISSED FROM SERVICE

Grand Trunk Officials Say They Have Broken Their Agreements—Have no Grievance.

The clerks, checkers and machinists and some other employees of the Grand Trunk Pacific Railway Company who were out on strike in sympathy with the Winnipeg machinists were given until this morning at 10 to return to work. They were notified that unless they did this they would be dismissed from the service.

Officials of the company seen this morning said that the men had violated their agreement with the company which provides that they work under the conditions specified subject to thirty days' notice on either side.

The men who are out admit that they have no grievance against the company but say they are striking because they were called out from Prince George in sympathy with the Winnipeg strikers.

At Edmonton and other points the return order was given earlier. It went into effect on Monday morning.

Some of the local strikers who were rooming over the G. T. P. offices have been moving out during the last day or two. They decided that it was more graceful to move than to be asked to move.

The men are still out who were engaged on the excavation for the slips at the shipyards and as a result the work there is still held up.

The Tillamook owned and operated by the G. T. P., is in port today getting ready to leave for the north. She arrived from Vancouver a couple of days ago.

JAIL SENTENCE FOR SELLING INTOXICANTS

George Smith Loses \$300 Bail andn Gets Out of City; Warrant Issued.

George Smith, charged with keeping intoxicating liquor exposed for sale upon his premises, failed to appear in the police court this morning when his case was called. After his arrest on Saturday night, he was liberated on bail of \$300. Full evidence was led this morning before W. E. Collison and Mayor McClymont in the police court. The accused was sentenced to six months' imprisonment and a warrant was issued for his arrest.

Prisoner's bail of \$300 has been estreated. It is expected that the accused left on last night's steamer for the south.

HAS BEEN A BLIGHT ON THE BABY CROP

Victoria, June 3.—That in running a farm and bringing up calves men are more faithful to their trust than are women in their raising of children, was one of the frank assertions made by Dr. Margaret Patterson, of the Y. W. C. A., when she told an audience of women and girls in St. Andrew's Church what she thought of the health situation.

Dr. Patterson stated that the country was not flooded with pamphlets on health as it was with literature on backyard gardens, sheep wash, etc., because the people did not show enough interest in that matter. When a farmer found that his livestock were afflicted with a disease, experts were immediately appointed to go into the matter. "There has been a blight on the baby crop for some time, but there are no experts set aside to investigate this yet," declared the speaker. In Canada one baby in eight died before it was a year old.

Constable Watkinson of the Indian Department, left this morning for Port Essington to attend a case against a Chinaman who has just been arrested for selling liquor. Dr. Large is acting as magistrate.

The G. E. Foster arrived in port last night with a catch of 90,000 pounds of flat fish. The Sumner and the Skugaid also owned by the company, left for the halibut banks last night.

Miss Gillingham, office nurse of Dr. W. T. Kergin, left this morning for Edmonton on a short vacation.

The Prince Albert will sail early this afternoon for the Queen Charlotte Islands.

W. J. Mackenzie, merchant of New Hazelton, is in the city on a visit.

AUTOS SMASHED BY STRIKERS

Raid on Headquarters of Committee at Winnipeg by 3,000 Persons—Police Refuse to Sign.

(Special via G. T. P. Telegraphs.)

Winnipeg, June 4.—Strikers and sympathizers broke into the industrial bureau and attempted to raid the headquarters of the committee of one thousand late Monday afternoon. There were probably three thousand in the crowd. Two autos of committee members were smashed to pieces. Five police stood in the doorway and held the mob back amid dire threats. The mob tore the committee's sign from the building, carried it down the street triumphantly at the head of the parade.

At a mass meeting the policemen's unions unanimously voted not to sign the modified terms contained in the ultimatum pressed by the police commission that the policemen must not participate in a sympathetic strike. The meeting resolved to support constituted authority at all times in maintaining law and order.

The possibility of military protection was increased. The city hall announced that the executive of the policemen's union had formally notified the city that if an attempt was made to force the new police pledges the entire force would go on strike.

TORONTO HAS 8,000 STRIKERS

Factories Closed and Construction Stopped—Committee of 10,000 Being Organized to Keep Order.

(Special via G. T. P. Telegraphs.)

Toronto, June 4.—Scarcely a ripple of excitement marked the first day of the sympathetic strike. It was said the strikers numbered 8,000, that nearly 300 factories were closed and construction of about forty buildings was halted. The city is absolutely under control. The mayor sent out an appeal to citizens asking for the maintenance of peace.

A committee of 10,000 is being organized to help the local authorities in the event of need. Mayor Church said the Ottawa Government should have forced all parties to settle the industrial trouble by arbitration and conciliation.

LLOYD GEORGE MAY VISIT CANADA IN COMING OCTOBER

Paris, June 4.—It is understood that Lloyd George is favorably considering a proposal from the American peace delegation to visit America this year. The Premier would go to the States to attend the first meeting of the League of Nations at Washington in October, returning home by way of Canada.

ANARCHISTS ARE RESPONSIBLE FOR OUTRAGES

Italian Plotter Was Blown to Pieces by Premature Explosion of Bomb.

(Special via G. T. P. Telegraphs.)

Washington, June 4.—An organized band of anarchists are responsible for the bomb explosions on Monday night simultaneously in Washington, Pittsburgh, Cleveland, Newtonville and Boston, Mass.; Philadelphia, New York and Hatterson, N. J. Persons for whom the bombs were intended all escaped. A watchman was killed in New York and several other persons injured. All buildings escaped.

One plotter was blown to pieces in Washington when an infernal machine intended for Attorney-General Palmer exploded prematurely. The dead anarchist was an Italian who came from Philadelphia, where the headquarters of the plotters is believed to be. Well written anarchistic literature was found distributed, following the explosion.

Radicals are being rounded up in hundreds and special legislation to meet the requirements of the situation is being considered by the federal authorities.

BOYS PLAY HOLDUP MEN WITH CHINAMAN

Were in Possession of Six-Chambered Revolver and Threatened Chinaman.

Four boys, the eldest of whom was fourteen years, were brought before the police court this morning, W. E. Collison, J. P., and Mayor McClymont on the bench. They were accused of unruly conduct on Eleventh Avenue, and of being in possession of a .32 six-chambered revolver.

The threatened holdup of a Chinaman figured in the story. The boys were warned by the magistrates.

NO REPEAL FOR WARTIME PROHIBITION

Likely to Be in Force Very Nearly Until National Dry Measure Becomes Effective in United States.

(Special via G. T. P. Telegraphs.)

Washington, June 4.—A poll of Congress made today indicates overwhelming sentiment against repealing the wartime Prohibition Act insofar as it relates to wine and beer, as recommended by the President. It appears certain the country will become dry on July 1 and will remain so until the conclusion of the war and the termination of demobilization.

Some members of Congress are of opinion that the President could declare the war ended as well as demobilization terminated at any time. In all legal matters the conclusion of war means the official proclamation of peace by the President, which cannot be issued until the treaty is signed by the enemy and ratified by the United States Senate. The prospect is that demobilization will be completed before the peace treaty is ratified. Under these circumstances the most the wet can hope for is removal of the ban on liquors for a period of a few weeks or months at the outside, between the date of the proclamation of peace and January 16 next, when constitutional prohibition goes into effect.

LIEUT. ALEX. YOUNG RETURNED TODAY

Lieut. Alex. McB. Young, son of Judge F. McB. Young of this city, returned from overseas this forenoon after more than three years' absence.

He enlisted here some time ago in the Naval Air Service and later on his being hurt while flying transferred to the Royal Naval Service, where he made a name for himself in the Zeebrugge engagement.

He is being welcomed home by his friends.

FINED FOR SELLING BOTTLE OF EXTRACT

James Wesley paid the sum of \$25 in the police court this morning after being fined in that amount in the court for having in his possession a bottle of lemon extract, the same being intoxicating liquor, as it contained 64 per cent of alcohol.

James Wesley, the Indian, had bought this bottle of extract from Lee Too, the Chinaman. The latter was also arraigned this morning in court and fined \$50 for supplying liquor to Indians. The fine was paid.

METAL WORKERS DID NOT WANT GO ON STRIKE

Workman Says 85 to 18 Against; Leaders Express Confidence That They Can Win.

Edmonton, June 4.—New light is thrown on the metal workers' strike at Winnipeg. The employees were against a walkout and the Western Labor News statements are shown to be misleading, according to a letter published in Winnipeg from one of the Vulcan Iron Works workmen. The cause of "collective bargaining" is not involved much in the labor crisis, as the report shows that only 18 out of 85 men wanted to strike.

The strikers say they believe that the railways cannot maintain the service if the holdout is prolonged. At a mass meeting yesterday the workers expressed themselves optimistic regarding the outcome of the strike. They are still confident that the basic trades can tie up the transportation service by sticking it out.

Strike pickets here interfered with the teamsters who were returning to work and as a result the Chinese are on strike.

Vancouver, June 4.—The railwaymen went on strike last night at midnight.

EDWARD HANSON DIES RESULT OF BURNS

Thought to Have Inhaled Fumes; Born in Norway Twenty-six Years Ago.

The death occurred at seven o'clock this morning at the general hospital of Edward Hanson, a fisherman, who was recently burned with gasoline on board his fishing boat Donaldal.

Mr. Hanson was born in Norway 46 years ago and made his home at Vancouver, having just recently come from there. He was admitted to the hospital on May 25 suffering from severe burns on the head and hands with gasoline and it is thought that a quantity of the gasoline fumes had been inhaled.

The late Mr. Hanson has a brother, Charles W. Hanson, also on the Donaldal, who is out fishing.

The body is at Haynor Bros.

Prince Rupert's Exports To the United States.

In the supplement to the commerce reports of the United States dealing with the American consulate of Prince Rupert are to be found some very interesting figures. According to that report the exports from this district to the United States for 1917 were valued at \$4,160,324, while for last year they fell to \$2,822,765. The reason for the falling off is not given, but it is assumed that it was caused very largely by the signing of the armistice. Blister copper exports dropped from \$1,259,852 to \$261,620.

The largest value is in the halibut which in 1917 was valued at over two millions, whereas last year it fell to slightly over a million and a half. There were large increases in the value of wood products exported to the United States, but fish, furs and zinc ore dropped off.

There are no figures available yet for any part of this year. There will, however, be a falling off in the total amount and especially in blister copper.

Stewart Has Been Replaced on Map.

Stewart is once more on the map. It has a newspaper. It has become a town once more.

The difference between a town and a village is that the town has a newspaper and the village has none. The Fourth estate adds dignity to the place and raises its status.

When a village is without a paper it lacks one of the chief institutions at which it can grumble and make slighting remarks. It has no safety valve. It has no way of communicating the fact to those at a distance that a new baby has arrived in the community without writing it in a letter; and there is no dignity about that. When the young man marries or the old couple celebrate their golden wedding the account has to be sent to the city paper which unscrupulously cuts down the detail and eliminates the local color.

Stewart has a newspaper and it is not of the village type. It is an indication that the town is prospering and that the head of Portland Canal is about to become very important.

Talking Shop Narrows Outlook.

There is a great tendency everywhere for people to talk shop. They never forget their work. That may or may not be the key to success if success means nothing more than the accumulation of worldly goods, but it tends to narrowness of outlook, a cramped mind, smallness of vision.

When a man gets away from his business the thing is to forget it, enter a new environment and absorb new ideas, broaden out. There is more to life than merely selling and buying. There is much more to life than gathering in dollars. Remember the commandment "Eight hours shalt thou labor and do all that thou hast to do and on the ninth forget it." The same applies to the employer as the employee.

There are times of course when a man has to work long and strenuously. There are times when the clock is not a consideration. Such times must come especially to the business or professional man. When he has finished, however, he will be like the soldiers, he will try to forget it.

Nurses' Hours Much Too Long.

It is difficult to get nurses to serve in the hospitals, and it is no wonder. Nurses are expected to work on an average twelve hours a day. In some hospitals they work ten hours one week and fourteen the next. Imagine such a condition! Yet the nurse has to look pleasant all the time, must put up with trying patients and has no time to sit down. Surely it is time for the nurse to strike somebody.

LAND REGISTRY ACT.

(Sections 36 and 134.)
Re Application No. 10,607-1. File 6,100.
TAKE NOTICE that application has been made to register Thomas McManamon, of Prince Rupert, B. C., as owner in fee under a Tax Sale Deed from the Collector of the City of Prince Rupert, bearing date the 10th day of December, 1918, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the City of Prince Rupert, more particularly known and described as Lot Nineteen (19), Block Forty-two (42), Section Eight (8), (Map 283).
You are required to contest the claim of the tax purchaser within 35 days from the date of the service of this notice (which notice is being published in a daily newspaper), and your attention is called to section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—
"and in default of a caveat or certificate of his pending being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming an interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as a owner of the land so sold for taxes."
AND WHEREAS application has been made for a Certificate of Indefeasible Title to the above-mentioned lands, in the name of Thomas McManamon
AND WHEREAS on investigating the title it appears that prior to the 10th day of October, 1917 (the date on which the lands were sold for overdue taxes), you were the assessed owner thereof.
FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of Thomas McManamon unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

CAPTAIN P. RORVIK SELLS ROSE SPIT

John Hansen Purchases Halibut Boat Well Known at This Port.

The halibut fishing boat Rose Spit has changed owners. On Sunday a deal was completed by which the well known craft becomes the property of John Hansen, formerly of the Nornen.

Capt. P. Rorvik, who was the former owner of the little vessel, used her this spring in the herring fishing at Stephens Island. The boat is 49 feet long with a 12 foot beam.

CANADIAN PACIFIC AIRPLANE SERVICE

President of Company Says He Expects to Have Mail and Passenger Service.

"The Canadian Pacific Railway Company is fully alive to the great commercial possibilities of aircraft in the future transportation problem of Canada, and we are keeping abreast of developments," said E. W. Beatty, K. C., president of the C. P. R., at Victoria when asked what steps, if any, the great railway corporation is taking to include within the scope of its operations an aerial service in connection with its railway and steamship enterprises.

"Only yesterday I received word that the necessary legislative authority for the company to enter upon aerial transportation had been granted by the Dominion Parliament, and we will promptly proceed to the working out of plans whereby we hope to inaugurate a mail express and ultimately a passenger service in connection with our other services."

Mr. Beatty explained that he did not mean there would be an immediate aerial service established. But, he stated, the practicability of such a service is now recognized and undoubtedly within a comparatively short time the airplane as a commercial proposition would be greatly improved. It was a development that could be said to have arrived, and undoubtedly would be steadily improved.

ATTRACTIONS AT NEXT FALL FAIR

The sports and attractions committee of the Agricultural Association met last night and made recommendations regarding these things that make a fair a fair. Among others, there will be sports for the children, baseball and football for white and Indian teams, war canoe race, tug-of-war, a grand parade, a street fair, along with some aeroplane stunts.

The proceedings will wind up with a grand masquerade ball.

STEWART

George Cameron came down from the Premier mine up the Salmon River Valley last week and reported that during the mining operations he drove his pick into the face of the tunnel and it stuck—in solid silver. Some beautiful samples of silver ore from this mine are being exhibited around town. Among well known mining men who visited the mine during the week were H. B. Price of New York, W. H. Young of San Francisco, and W. W. Warren of Butte.

The following new directors of the hospital were elected at a meeting of the Stewart Hospital Association Friday night: W. B. George, W. C. Cameron, Roy Moseley, H. P. Gibson and J. Cullins. Immediate steps will be taken to reopen the hospital and to secure a medical man for the district. The hospital building is in good condition according to a report made by Government Agent Jack. The equipment is as modern as possible for a town of this size. The institution is ready to be opened as soon as a doctor arrives.

Harry Howson during the week crossed the Big Missouri range to the Forty-Nine group and brought back ore which when assayed went 359 oz. silver and \$120 in gold to the ton.

WILLIAM S. HART AT THE WESTHOLME

Famous Screen Favorite to be Seen Here in "The Riddle Gawne."

William S. Hart, one of the great favorites of the screen, is the star at the Westholme Theatre this evening. He appears in a great six-part production "The Riddle Gawne." This is a powerful play, and is certain to attract good houses.

William S. Hart himself is an attraction of no mean order. He has the knack of obtaining the confidence of his audience right from the first, and has the goods to back up his popularity.

In addition, there will be a two-reel comedy, a Fox comedy entitled "Social Pirates." These Fox comedies have already become famous and are well worth seeing.

MAE MURRAY HERE IN "HER BODY IN BOND"

A six-part feature, "Her Body in Bond," is the feature tonight at the Empress Theatre. Mae Murray is the star and the drama, which is somewhat of a problem play, is intensely interesting.

This play has been shown throughout the big centres and wherever it has gone it has drawn crowded houses.

The eighth episode of "The Woman in the Web" is even more interesting than previous instalments of the story.

The Union Steamship Camosun arrived in port at 5:30 yesterday afternoon from Anyox and left for Vancouver at 8 p. m.

Never forget to look through the classified list on Page 5.

SYNOPSIS OF

LAND ACT AMENDMENT

Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.
Where pre-emptor in occupation not less than 5 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.
Records may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years.

Pre-emptor holding Crown Grant may record another pre-emption, if he registers land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; they may be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes, areas exceeding 50 acres may be leased by one person or company.

PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.
TOWNSITE PROPERTY ALLOTMENT ACT.
Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.
For information apply to any Provincial Government Agent or to

TO-DAY

In medicine, as in every other necessity, the public is satisfied with nothing but the best. This explains the ever-increasing demand for Zam-Buk. Not only is this great balm the best household remedy to-day, but it is also the most economical.

Zam-Buk's superiority is due to the fact that it is all medicine, containing none of the coarse animal fats or harsh mineral drugs found in ordinary ointments. Again, the medicinal properties are so highly concentrated that they contain the maximum amount of healing, soothing and antiseptic power, so that a little of this balm goes a long way.

Another reason why Zam-Buk is most economical. It will keep indefinitely and retain to the last its strength and purity. Best for skin diseases and injuries, blood-poisoning and piles. All dealers, 50c. box.

Dead Fish Strewed Sea and Muddy Water in Dixon Entrance

Confirmation of the news of the earthquake shock which was reported here two weeks ago in a special despatch to the Daily News from Masset is now received in the Alaska newspapers. The following is from the Alaska Daily Empire:

"A phenomenon, unexplained unless by the suggestion that it was due to an undersea eruption, has been reported to the Juneau Customs House by Deputy Collector A. P. Kashevaroff at Nakat Inlet, on Portland Canal. For days the waters of Dixon Entrance and adjacent thereto were muddy and discolored, and large numbers of dead fish of various kinds were reported.

"The report of the phenomenon received from Deputy Collector Kashevaroff addressed to John W. Troy, Collector of Customs, tells the story:

"Nakat Inlet, Alaska, 'I have the honor to report a phenomenon taking place here on the 12th day of May, or about that time.

Beginning from the 12th day of May the sea water in our vicinity became very muddy and for two succeeding days the density of the mud increased until the 14th when the water was so muddy in the bay and in Dixon Entrance that objects a foot under the surface could not be seen. On May 15 fishermen trolling here as well as the natives reported the sea water very muddy from Cape Fox to the old village of Metlakatla, B. C., and up Portland Canal for a great distance. They reported a large number of dead fish, cod, red snapper and even king salmon, floating on the surface of the water. This was specially true as to the waters around Fillmore Inlet and down toward Metlakatla. From the above I would think there must have been some violent submarine upheaval or eruption. The fish must have been killed by gasses escaping from the bottom of the sea or some other deadly cause. I have interrogated a number of persons endeavoring to determine if there was any quake, but have met with none so far who experienced anything of the sort.

"Very respectfully,
(Signed) A. P. KASHEVAROFF,
"Deputy Collector."

WASHINGTON WILL HAVE CELEBRATION

(Special by G. T. P. Telegraphs.)
Washington, June 4.—Washington is preparing to celebrate Independence Day with a pageant and parade typifying the return of peace and friendship to the world. Every nation which has an accredited representative in the national capital has been asked to take part in the big demonstration and many are preparing elaborate floats depicting the art, industry and national life of their respective countries.

M. DesBrisay, manager and owner of the Wales Island cannery, passed through the city last evening on the Camosun en route to Vancouver.

FARM LOANS for SOLDIERS

Cheap Implements, Livestock and Harness

THE Soldier Settlement Board has arranged with manufacturers of implements and harness to give soldier settlers a wide choice of first class implements at prices substantially below those quoted to civilians; and in the Prairie Provinces the United Grain Growers, Limited, will give soldier settlers special prices on implements, wagons, and other commodities.

By collective buying in large numbers for cash, it can also offer soldiers the lowest possible prices on horses and other live stock.

It can supply a good harness set for approximately \$31.50 at point of manufacture.

All these concessions are in addition to the Board's offer to secure for the soldiers good

land, conveniently located, and to give financial assistance in the way of loans to establish them on the land.

Land and Loans

With certain exceptions, a soldier who has served with good conduct in the Canadian, Imperial or Allied forces in an actual theatre of war or outside the country in which he enlisted (or widow of any such man) may secure loans to purchase land, live stock and equipment and erect buildings—

- (1) Up to \$4,500 to cover the cost of the land and discharge encumbrances.
- (2) Up to \$1,000 to erect buildings. Both these loans to be paid on the instalment plan. Payments extending over 25 years.

- (3) Up to \$2,000 to buy implements, live stock, and equipment. The soldier will begin to pay off this loan in the third year, and will have four years to pay.

Only five per cent. will be charged on these loans.

A cash payment of one-tenth the price of the land will be required, except in special cases.

Qualified settlers on Dominion Lands may secure loans up to a maximum of \$3,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan.

If you figure you have more than a fifty-fifty chance to make good as a farmer, write to your Provincial Superintendent at Rogers Building, Vancouver, B. C.

CALIFORNIA WINE MAKERS FOR MEXICO

Many Thousands are Preparing to Leave California Because of Prohibition Laws.

(Special by G. T. P. Telegraphs.)

Mexico City, June 4.—As a result of the prohibition amendment to the national constitution of the United States there promises to be something in the nature of wholesale emigration of vine growers and wine makers from California to Mexico.

Information received from that state that there are in the neighborhood of one hundred thousand persons engaged in that industry who are looking toward Mexico as affording the only possible relief from ruin with which they are threatened by the prohibition laws. They are the owners of hundreds of thousands of acres of vine grapes which will become of little value with the enforcement of the amendment, since the varieties of fruit adapted to wine making are not suitable for other purposes except to a limited extent. There are extensive areas, especially in the northern portion of Mexico, which possess all requisite of soil and climatic conditions for the growth of grapes and making of wine to fully as great an extent and as high character as California.

The Mexican Consul General in San Francisco is taking an active interest in giving proper information to California wine growers and has notified his government that at least eighty thousand persons, largely of foreign ancestry, are now preparing to leave their adopted state, and intend coming to Mexico. President Carranza has signified a lively interest in the movement and plans are now being prepared by the Department of Agriculture for welcoming these immigrants and helping them in re-establishing their industry.

CASSIAR NEWS IS LATEST NEWSPAPER

Edited by James Cullins at Stewart and is a Bright Sheet.

The Cassiar News published and edited by James Cullins made its appearance at the week end and is a bright sheet, well edited and well written, and should prove valuable to the new mining town. In its editorial column it says:—

"The Cassiar News is the latest newspaper venture in British Columbia and is starting under favorable conditions. With such a large amount of advertising already, the publisher can promise a larger paper in the near future. 'The publisher is well known in the newspaper world and to the people of the north, and needs no especial introduction. This is our second venture at Stewart. In 1910, with Capt. Percy F. Godenrath, we started the Portland Canal Miner. Conditions are much better now than they were then and the outlook for an important town here is even brighter."

In February, 1910, we started the first newspaper in a tent on Fifth Street and had to dig through six feet of snow to do it. But the Cassiar News has a more civilized home—in a comfortable building on Fifth Street. "This newspaper will be published weekly in the interests of the whole of the Cassiar district.

Rents are advancing and bid fair to reach very high levels. The only practical way to checkmate this movement is to own your own home. We offer you Lot 44, Block 9, Section 5, Fifth Avenue between McBride and Fulton Streets, for \$700.00. We can get you a building loan of 50 per cent of the value of the lot and building at 8%. As well located lots with sewer connection seem certain to advance in price in the near future would it not be good business to buy now?
