WINNIPEG IS AGAIN UNDER RULE OF REVOLUTIONARY SOVIET AND EVERYTHING IS TIED UP TIGHT

**Restaurants and Other Food Vendors Not Allowed to Operate;
Returned Soldiers Parade Through City; Premier Norris
Promises to Bring to Justice man who
Started Soviet There.**

(Special to The News via G. T. P. Telegraphs.)

Winnipeg, June 5.—The strike committee has issued an order calling out all workers in the few restaurants operating during the last week. All were closed at 11 o'clock yesterday. Orders have also been given calling off all milk wagons beginning today. Motion picture theatre operators and stage hands also go off duty today.

The Labor News is gleeful in today's issue over the backdown of the Police Commission on Tuesday.

The city is again under soviet rule directed from the labor temple. No daily papers are allowed to be sold on the streets. Three thousand returned soldiers marched through the streets today to the parliament buildings and to the city hall to announce their intention to uphold law and order and constituted authority. The labor temple strikers organized a parade of large proportions but they kept away from the line of march of the returned soldiers.

At the parliament buildings Premier Norris addressed the soldiers in reply to a resolution they submitted in which they said they were with him and all constituted authority. Norris assured them he would do all in his power to meet their demands to deport alien enemies, reduce the high cost of living and bring to justice the man who attempted and partially succeeded in putting a soviet government into force in Winnipeg.

EDMONTON DELEGATES GO TO HELP GET SETTLEMENT OF THE WINNIGEG DISPUTE

**FIFTEEN UNIONS HAVE GONE OUT IN SASKATOON;
EFFORTS BEING MADE TO END CONFLICT BY
SENDING INFORMATION EAST**

(Special to The News via G. T. P. Telegraphs.)

Edmonton, June 5.—To take a hand in bringing about a settlement of the Winnipeg situation the Edmonton strike committee has been asked by Secretary Robin of the Winnipeg strike organization to send delegates to the Manitoba capital.

Edmonton is complying with the request and two representatives are to proceed east presumably on Thursday evening's train.

The Winnipeg telegram is as follows: "Advisable that you send in delegate or delegates at once to Winnipeg to act with the strike committee here so that they will be able to send east the necessary information and take a hand in bringing about a settlement. Wire reply."

According to a telegram received Wednesday by the strike committee, fifteen unions have declared a strike in Saskatoon. Twelve hundred men are affected.

POPULAR LOCAL PEOPLE MARRY

**Miss Hilda Curtin Becomes the
Bride of J. B. Roerig, Both
of This City.**

Salt Lake City, Utah, June 5.—The wedding took place here this morning of Miss Hildegrade Ursula Curtin and Joseph Blaine Roerig, both of Prince Rupert, with Rev. Father Morgan officiating.

The bride looked very beautiful as she was given away by J. A. McIlwee and attended by her bridesmaid, Miss Marguerite McIlwee. The groomsmen were J. D. McAuley of Prince Rupert, who visited Salt Lake City especially for the occasion.

Among those present were Mrs. Des Rosier, a sister of the bride, and Mr. Roerig's mother.

The wedding breakfast, which was an elaborate affair, was served in the President's suite at the Hotel Utah. Mr. and Mrs. Roerig left later for San Francisco and after a tour of California will return to make their home in Prince Rupert.

LOCAL LONGSHOREMEN CALLED OUT TODAY

Just after the Princess Ena arrived yesterday, when the Longshoremen were about to commence discharging her cargo a telegram was received from Vancouver calling the men out on strike. They responded at once. This afternoon at the time of going to press they were holding a meeting to consider whether or not they should go back to work.

FISH CATCHES

The only fish boat catches in port today are the Progress with 6,000 pounds; Telma, 8,000, and the Flivver, 1,000 pounds of halibut, which sold to the Canadian Fish and Cold Storage Co., Ltd., at 10.5c and 5c per lb. Eleven hundred pounds of salmon sold at 12.1c per lb. for the reds and 5c per lb. for the whites to the Canadian Fish and Cold Storage Co., Ltd.

Is the Day of Miracles Past?

Statement to the Public

Some adverse criticism seems to have been made by certain individuals against the formation here of the Citizens' Committee. Those who have formed themselves into this association regret that there should be the least misconception as to the objects of their organization and they want it made clear to the public that they are strictly non-partisan and neutral in any controversy that may occur between employers and employees.

Anyone who has followed in the press the conditions that have obtained in Winnipeg during the strike there must know that certain radical actions and usurpations of authority were taken, and that the orders promulgated, and the assumptions of supreme authority, were such as no liberty-loving people could long tolerate.

The orders that are alleged to have come from those who assumed this control were such as to work great hardship and much suffering on many people who had no direct interests in the dispute between the parties at issue.

Many abuses against personal liberty put in force during the early days of the Winnipeg strike will be recalled by those who followed the published accounts of the happenings there.

It is said that some of those who were active in fomenting trouble in Winnipeg are masquerading under English names, but whose real names indicate that they are men who should long ago have been interned for the period of the war—and the war is not over yet.

It is to combat just such things—just such interferences with personal liberty—that the local organization has been formed by men who have the best interests of the community at heart and who are resolved to support law and order in the event of a general strike here and any lawless element attempting to take advantage of the opportunity to usurp the authority properly vested in those elected to administer the affairs of the city.

The committee wishes to reiterate in the strongest terms that they have no grievance, no prejudices, and are not in opposition to any other organizations whatsoever, be they labor organizations, or employers' organizations, or that they contemplate any interference with any legal actions of any organization.

THEY ARE MERELY NEUTRAL. Their purpose is solely to uphold the authorities in administering right and justice to all.

EARLY STRIKE SETTLEMENT EXPECTED BY RAILWAYMEN TYPOS REFUSE TO GO OUT

**POSTAL EMPLOYEES LOCKOUT AT CALGARY MAKES THE
SITUATION MORE SERIOUS—RAILWAY UNION
HEADS URGE LOYALTY TO
EMPLOYERS.**

(Special to The News via G. T. P. Telegraphs.)

Calgary, June 5.—The situation here is looking more serious following the lockout of the postal employees backed by Premier Borden. The Premier wired from Ottawa that the strikers who disobeyed orders would not be taken back.

The bricklayers have voted to walk out on a 24-hour strike as a protest. Beyond that the local strike has made no progress since its inception.

The electrical employees are expected to take another vote, this time on the postal workers' proposition.

The Typographical Union, embracing all newspaper and printing shop workmen, voted against striking in sympathy with Winnipeg.

Ash Kennedy and other heads of the Railwaymen have issued a further communication to the various executives in which it is pointed out that the interests of the workers now struggling for a principle of right can be best served by loyalty to their employer and their organization. This has been the outcome of the misleading reports that were claimed in some quarters regarding the action of the big six. The communication referred to states that mediation was not being conducted and there was every reason to hope for an early settlement in justice to all concerned.

Major D. D. Young, who has resigned from the provincial forestry department, has been appointed general manager of the Taylor Mining Company and Major Angus W. Davis, late of the Consolidated Mining and Smelting company of Trail, will be superintendent of the mines. R. B. McGinnis, formerly of the Dolly Varden staff, will remain with the company and H. B. Browning has been given the post of accountant and storekeeper.

It is the intention of the Taylor Mining company to complete the railroad from the mines to tide water and then ship the 20,000 tons of ore which is ready to be moved as soon as transportation is available. The company has a fleet of ore carriers arranged to bring the product of the mines to the smelting centre.

The Taylor Mining Co., recently organized to take over the proposition, has as its directorate A. J. T. Taylor, of the Taylor Engineering Company; R. P. Butchart, president of the B. C. Cement Company; C. M. Rolston, local manager of the Imperial Oil Company; J. F. Tener, manager of the Pacific Lime Company, and H. C. Chiene, of the firm of Buttar and Chiene.

Ballantyne, Ottawa:—'Replying your telegram 31st ultimo, I desire to assure you that the Government have not under contemplation removal of floating drydock Prince Rupert to Vancouver. Drydocks are under minister of public works and I have never heard him make any such suggestion.'"

The train is expected on time tonight.

Are Merchants' Profits Higher Than Necessary?

People who have visited the cities to the south and east say that many of the articles sold in the stores there are higher than they are in Prince Rupert, and yet in Vancouver the official inspector says that the profits made by retailers and wholesalers are not high. The following is from Monday's issue of the Vancouver Daily Province:

"After three years' closest study of food prices, during which he had access to the books of every wholesale and retail grocery firm in the city and of every produce house, A. G. McCandless, inspector of taxation for British Columbia and the Yukon, stated that he had no hesitation in saying that the profits of those firms in the city handling foodstuffs were not exorbitant.

"I am just as keen as anyone I know in protesting against the high cost of living," said Mr. McCandless, "but I must confess that after the exceptional opportunities I have had to study the question I do not think that the trouble lies with the men handling the produce here."

"Mr. McCandless stated that he was retiring from office and did not feel that there were any restrictions on him to give this statement to the public.

"The profits of wholesale and retail grocery men and produce men in the very large majority of cases are under 10 per cent," said Mr. McCandless, "the profits for the last two years being much greater than in the preceding two years. Out of the profits the firms have to write off depreciation and pay their taxes."

"Depreciation was a big item, he said. A firm owning \$25,000 worth of motor trucks for instance having to write off 25 per cent. on them after one year's service. In 1917 and 1918 some firms made big profits but the government took 50 per cent. up to 20 per cent., and 75 per cent. of all profits in excess of 20 per cent. The result was that in many cases the taxes were greater than the net amount of money made by the merchant or contractor after paying the taxes.

From his experience, the inspector declared that he was satisfied the high cost of living was not confined to any particular locality, or country, but was world wide. Wild rumors and extravagant statements of profits made in handling foodstuffs, he asserted, were doing more than anything else to create havoc and unrest throughout the world.

Influence Small So Why Worry.

As mentioned in these columns before, Prince Rupert is very small insofar as its influence in regard to the strike is concerned. Many persons both among the union leaders and among the employers take the affair very seriously, but we must remember that any action taken here will have little effect on the general situation. In view of this it seems very unwise for any action to be taken here which would tend to cause friction or "start something." If there is to be a lengthy strike, let us go through with it and keep on good terms one with the other. There will be bitterness enough without inviting it.

Everyone has an opinion. We have ours and have not failed to express it as we intend to do on other issues that may come up, or on other phases of this issue. Instead of giving our own opinion today we quote that of Hon. Senator Robertson, which has a bearing on the present situation:

"Labor leaders, who advocate that might is right, who hold that law, justice and honor should be discarded at will, merit and receive the condemnation of good citizens. In a general sympathetic strike the force is directed against the whole community, who are innocent of any responsibility for the offence. Public indignation is immediately aroused because of the inconvenience, loss and suffering imposed upon innocent people. Therefore sympathetic strikes must always fail. Socialism has long recognized that trades unionism is an impossible bar to its revolutionary progress and seeks through the One Big Union movement to undermine and destroy the labor organizations whose policies are to regard obligations as sacred and inviolate."

COL. McMORDIE WAS WOUNDED 13 OCCASIONS

Bears Record Among Canadian
Officers Who Fought in
Great War.

Lieut.-Col. McMordie, who is a well known citizen of Prince Rupert and who was expected to return home on Saturday but who may be delayed on account of the strike, bears a splendid record for bravery and has been wounded no less than thirteen times. Telling of this the Toronto Globe in a special from Niagara Falls, Ontario, says:

"It is believed the record for number of wounds in the Canadian army is held by Lieut.-Col. S. P. McMordie, who arrived in the city today to visit his brother-in-law, Mayor H. P. Stephens. He was wounded thirteen different times, yet was at Mons with his railway unit when the armistice was signed. He went overseas in 1915 with the 48th Battalion of British Columbia. He first served in the infantry and the Pioneers. Then, losing an eye, sooner than go home he took charge of a railway construction unit and continued in active service. His wife is a sister of Mayor Stephens. Col. and Mrs. McMordie will likely go back to British Columbia to reside."

WILLIAM S. HART IN "THE RIDDLE GAWNE"

Splendid Production by Big Man
of the Movies at the
Westholme.

"The Riddle Gawne" is said by those who attended the Westholme Theatre last night to be a splendid dramatic production. The ever-popular William Hart is the leading man and he is even more dramatic than usual.

Hart is one of those big powerful men of masterful disposition who carries the audience with him and always has a strong appeal especially with the ladies. That is shown in this play. There was a large attendance and doubtless there will be another big house tonight.

In addition to the big feature the Fox comedy "Social Pirates" is a screamer of no mean order. It is different from the ordinary comedy.

CHAFFEURS WINNERS OF BASEBALL MATCH

Score of 15 to 8 in Favor of Car
Drivers Last Night.

A game of baseball which caused much interest was played last night at the market square between the Chaffeurs and the Cadets, the score being 15 to 8 in favor of the former. Jack Kelly acted as umpire and a large number of spectators were present.

The lineup of the teams was as follows:

Chaffeurs—Catcher, Geo. Tite; pitcher, Harry Lauder; 1st base, H. Menzie; 2nd base, Don Graham; 3rd base, J. Robinson; short stop, Harry Astoria; right field, Samuel Weston; left field, Robert Arthur, and centre, John Karkle. Cadets—Catcher, George Hill; pitcher, Ralph Smith; 1st base, Geo. Roberts; 2nd base, S. Suga; 3rd base, William Mitchell; short stop, Geo. Mitchell; right field, Tom Sherman; left field, Charles Currie, and centre, Howard Frizell.

LAKE WILL BE READY FOR BATHING SUNDAY

The sand is all in place at the Salt Lakes and work on the dam has begun. It is expected to have the lake in good shape with the water raised for Sunday so that if the weather is warm those who wish will be able to enjoy a swim and see the new work which has been done at the local summer resort.

Visitors to the lakes will be surprised to see the improvement which has already been made.

The first league baseball game of the season will be played at Acropolis Hill grounds tomorrow evening at 6:30 between the Colts and the Sons of Canada. A good game is expected.

before purchasing a baking powder that may possibly contain injurious ingredients. Many food scientists claim that baking powder containing alum is unsafe for use in food. The mere fact that some brands of baking powder have the words "No Alum" on the label is not sufficient proof that they are what they are represented to be. Our chemists find a good many have "No Alum" on the outside but large quantities of it inside.

CROWDS OUT TO SEE "HER BODY IN BOND"

There was a crowded house at the Empress last night to see the much talked of story "Her Body in Bond" and they were not disappointed. The story was dramatic and tense and one to be remembered. Mae Murray, as the leading lady, was simply splendid and there will undoubtedly be a big crowd to see the repeat performance tonight.

The eighth episode of "The Woman in the Web" carries the story forward with renewed interest and is being followed by a large number of regular habitués of the theatre with tense interest.

TO-DAY

In medicines, as in every other necessity, the public is satisfied with nothing but the best! This explains the ever-increasing demand for Zam-Buk. Not only is this great balm the best household remedy to-day, but it is also the most economical.

Zam-Buk's superiority is due to the fact that it is all medicine, containing none of the coarse animal fats or harsh mineral drugs found in ordinary ointments. Again, the medicinal properties are so highly concentrated that they contain the maximum amount of healing, soothing and antiseptic power, so that a little of this balm goes a long way.

Another reason why Zam-Buk is most economical. It will keep indefinitely and retain to the last its strength and purity. Best for skin diseases and injuries, blood-poisoning and piles. All dealers, 50c. box.

LIEUT. YOUNG APPEARS HERE IN THE COURT

Judge Congratulated by Bar Association on Safe Return of His Son.

At the opening of court yesterday afternoon before Judge Young his son, Lieut. Alex. Young, R.N., took a seat at the barrister's table and his appearance there was the occasion for a little ceremony, this being his first appearance in court here since he was called to the bar in Victoria when home on leave some months ago. As suggested by one of the barristers afterwards this was his first appearance before his father when holding this kind of a court.

W. E. Fisher, president of the Bar Association, rising said:

"I wish to congratulate you on the return of your son from the front and also to congratulate him on the good work he has done while over there. It is very gratifying these days to see the return of these boys who left us and I think for the parents who have the boys return, it is a matter of great moment to them to have them back with them again."

Citizens Proud.

Mr. Manson—"I only want to add my word to what Mr. Fisher has said. Alex. Young was only a boy when he left and he went and gave the very best account of himself that any man could give. He was fortunate in more ways than one. He was fortunate first of all that he saw some of the most brilliant service that any man was permitted to see who served either in the army or in the navy. He was fortunate in that he was spared to return from that brilliant incident of the navy at Zeebrugge and it goes without saying that not only are the citizens of Prince Rupert proud of him as one of their boys, but I know the congratulations of every citizen go out to you as a father and to him as a son for the account that he has given of himself as a young Canadian."

Reminiscences.

Mr. Fulton—"I can only add my congratulations to your honor upon the return of your brilliant boy, whom we all liked so well and also congratulate Alex upon the escape from the office drudgery which is entailed in a five-year articles of which he still had a certain portion to look forward to when he left. I well remember the expression that used to flit over his countenance when he saw a big pile of papers in the filing basket when he came to work. All the terrors of war are nothing in comparison with the feeling of satisfaction (?) in escaping those files. We are immensely glad to see him back again whole and hearty."

Judge's Reply.

...Judge Young—"I am sure it places me in a somewhat embarrassing position to have these matters stated more particularly when on the bench, but I appreciate the sentiments you have expressed. If you are glad to see him back I am sure several in our house are equally glad to see him. We are greatly to be congratulated on having him back and whatever he has done over there it is nothing but a satisfaction to me to know that he passed through these various engagements and came back safely. I thank you very much for your congratulations to us."

I.O.D.E. CINDERELLA AT ST. ANDREW'S HALL ENJOYABLE AFFAIR

The cinderella dances given under the auspices of the Adair Carss Chapter of the Daughters of the Empire, Mrs. E. G. Wright, convenor, in St. Andrew's Hall last night was a most enjoyable affair. There was a large and select attendance and everyone seemed to be out for a good time.

This was one of a series given under the auspices of the chapter during the season and the efforts of the ladies was much appreciated. Mrs. C. Kemp, Mrs. Gilhuly and Mrs. George Kerr were at the door; Mrs. S. V. Cox had charge of the punch bowl and Howard Steen was floor manager.

FARM LOANS for SOLDIERS

Agricultural Training For Soldier Settlers

A SOLDIER is entitled to the benefits of the Soldier Settlement Act if he can satisfy the Agricultural Qualification Committee in his district that—

- He has performed the required military service;
- He is sincere in his intention to make farming his permanent occupation;
- He is physically capable and is fitted in general to make a success of the farming business.

If he is otherwise qualified, but has not had sufficient practical agricultural experience, the Committee may recommend that he be given agricultural training. A generous scale of allowances for soldiers in training has been adopted.

Training Centres For Soldier Settlers

The applicant who is recommended for instruction in agriculture may first be sent to a Training Centre, specially operated for the purpose, where he will learn, by practical experience, how to handle and feed horses and other live stock; milking; the operation of farm machinery, ploughing, etc.; general farm building work; farm blacksmithing; the different kinds of soil and rotation of crops; the selection and judging of live stock and the marketing of farm products. Short lectures on the business management of a farm will be given.

With A Selected Farmer

After the course at the Training Centre, the length of which depends on the progress of the individual but

will not exceed three months, the man is placed with a carefully selected farmer in the district in which he intends to settle, to complete his training. During this period (not exceeding one year), the soldier is visited from time to time by representatives of the Soldier Settlement Board, who check his progress and recommend when he is considered qualified to take up a farm of his own.

It will be evident that by this system of preliminary training the soldier settler will gain a thorough practical knowledge of farming without expense; will learn to appreciate the responsibility involved in the venture, and at the same time gain a clear conception of just what farm life means.

On His Own Farm

When a settler is deemed qualified by the Agricultural Qualification Committee, the Board will assist him to become established on a farm of his own, and will, through its Agricultural Advisers, continue to co-operate with him in his work, thereby ensuring his success and consequent ability to discharge his obligations and become permanently established.

Fair To Both

The procedure outlined not only gives the soldier an opportunity of first becoming familiar with his environment and of acquiring the experience requisite to success, but ensures adding to the nation's fundamental industry only competent and satisfied producers.

Detailed information regarding the provisions of the Soldier Settlement Act and further particulars regarding agricultural training may be obtained from the Provincial Superintendent,

DOLLY VARDEN PETITION IS WITHDRAWN

Mortgage Holder Was Responsible
For Move, But is Now
Satisfied He Will Be
Protected.

The petition presented to the Dominion Government praying for the disallowance of the amended Dolly Varden Mines Railway Act has been withdrawn, says a coast exchange.

While there has never been any question concerning the competency of the British Columbia Legislature to deal, as it saw fit, with the report presented by the Select Committee of the House in connection with the dispute between the mining concern and the Taylor Engineering Company, the withdrawal of the petitions eliminates the newly injected phase and leaves the Taylor Company free to go ahead and develop its legally acquired property without hindrance by possible legislative entanglements.

Mortgage Holder Acted.
According to the information gleaned in Victoria the petition sent to the Dominion Government on behalf of the Dolly Varden Mining Company was prepared at the instigation of George Wingfield, of Reno, Nevada, in whose name there stands a mortgage against the mine amounting to \$150,000.

It is also understood that as soon as it was realized that the property was required by the recent statute to pass to the control and ownership of the Taylor Engineering Company in default of settlement in cash of its claims against the mining corporation, Mr. Wingfield sought to take the course which suggested itself to him as a means of obtaining what he considered adequate protection for his mortgage.

Apparently having been satisfied in the meantime that his investment under the immediate jurisdiction of the new concern will be subject to no greater risk than previously, Mr. Wingfield, it is stated, has caused the petition for disallowance to be recalled.

WORK OF SALVING MARIPOSA WILL BE STARTED AT ONCE

Work of salvaging the Alaska Steamship Company's liner Mariposa, which was wrecked near Wrangell in November, 1917, will be attempted this year, and equipment in the work has already been received at Wrangell. The Treasury Department recently gave the Alaska Steamship Company a permit to use Canadian salvage in connection with the work.

The permit to use Canadian salvage vessels was granted after the Alaska Steamship Company had made a showing that no American vessels were available for that purpose and the work must be completed before September 1 if it ever is done.

The Mariposa and cargo, which has lain on the rocks on the Alaska coast was valued at more than a million and a half at the time of the disaster.

Your Eye is Like a Camera

THE eye is an optical instrument, similar to a camera in construction, and, like a camera, its intricate system of lenses is sometimes disarranged, so that an improper focus results.

It is our business to find out if the eyes are in perfect visual condition, and to grind lenses that correct all slight deficiencies.

Let us help you to clear comfortable vision, with a pair of suitable glasses.

It is an investment well worth considering.
