BRITISH AVIATORS CROSS ATLANTIC BY AEROPLANE IN RECORD NON-STOP FLIGHT

FLIGHT ACROSS THE OCEAN MADE IN SIXTEEN HOURS IN
DAILY MAIL \$50,000 COMPETITION BY BRITISH
VICKERS BOMBING PLANE—LANDING MADE
AT CLIFDEN, IRELAND, SAFELY

(Special to The News via G. T. P. Telegraphs.)

London, June 15.—Captain Jack Alcock and Lieut. Arthur Brown in their Vickers Bombing Biplane landed in Clifden, in the county of Galway, on the extreme west coast of Ireland this morning at 9:40, thus completing the first non-stop flight by aeroplane across the Atlantic ocean. Their trip was made in sixteen hours and twelve minutes and their landing was made at twenty minutes to ten, according to British summer time.

In taking the ground their machine struck heavily and the fuselage ploughed itself into the sand, but neither of its occupants were injured. Much of the flight was through dense banks of fog, with occasional drizzles of small rain, which hampered the airmen considerably during their flight.

Made Good Start.

St. Johns, Nfld., June 14.—The Vickers bombing plane with its two British aviators is expected to get away on its long journey across to Europe this afternoon between three and four o'clock in its attempted flight for the London Daily Mail's \$50,000 prize. The trial flights have been thoroughly successful, during which a speed of 120 miles an hour was obtained. Her engines worked perfectly during the trials and her wireless sent messages to both shore stations and to ships in port.

HIGH SCHOOL STUDENTS HAVE HIGH OLD TIME

Annual Picnic Proves Most Enjoyable Outing—Visit Digby Island and Take in the Sights.

On Saturday the High School students went over to Digby to enjoy their annual picnic. Through the kindness of George Frizzell the whole party was taken over in the Laura F., landing over there about ten in the forenoon. The day was spent in jollification and games and the weather conditions being so favorable, all enjoyed themselves heartily. Mill McLennan had charge of the party and acted the part of the mediator and judge of the happenings in a very capable manner. All the points of interest in the vicinity were visited during the day, such as the wireless station and the Quarantine Hospital. Fishing too, was indulged in and it is reported that some of the enterprising young men caught a bullhead. Generally however it was seaweed and pieces of old iron off the bottom which came up on the hooks.

The water was not particularly warm but this did not prevent some of the Salt Lake artists from enjoying a little dip in the refreshing waters of the bay. After a very big supper served in real picnic style on the beach, the students returned to take in the second show at the Westholme Theatre. It was pronounced a grand and glorious event by all who were present and the only detrimental feature was the fact that Principal Brady was unavoidably absent.

THIEVES BREAK INTO JABOUR BROS. STORE

Small Sum of Money Taken, But Visitors Were Unable to Open Safe, Although Attempt Was Made.

On Sunday night the store of Jabour Bros. on Third Avenue was entered and a small amount of money was taken from the till. The entry was made through a small window at the back of the building but it is believed that an ordinary sized man could squeeze through without very great difficulty. The safe had also been tampered with but the thief was unable to break into it. Several marks are left on the outside door of the safe as mute evidence of the intentions of the thief. The police are now investigating.

TO REPRESENT B. C. IN CABINET

Vacancy Caused by T. A. Crerar's Resignation Causes Much Speculation in Ottawa Circles.

(Special via G. T. P. Telegraphs.)

Ottawa, June 14.—It is considered probable here that the Franchise Act will go over until next session. The vacancy in the cabinet created by the resignation of T. A. Crerar, late minister of agriculture, has brought forward several competitors for the portfolio. The name of Dr. S. F. Tolmie of Victoria has been mentioned prominently. British Columbia, by representation, is only entitled to one place in the cabinet, and it has been intimated that the Hon. Martin Burrell will be made the head of the War Purchasing Commission. It is also pointed out that Dr. Tolmie is by no means the senior member for British Columbia in the House, and H. H. Stevens, member for Centre Vancouver, is said to have aspirations for cabinet rank.

GRAND LODGE OF MASONS ENDORSE PROHIBITION

(Special via G. T. P. Telegraphs.)

BIG WINDSTORM HITS WINNIPEG

Severe Damage to City by Gale and Electrical Storm—Thousands of Dollars' Worth of Damage Done.

(Special via G. T. P. Telegraphs.)

Winnipeg, June 15.—A severe wind and electrical storm resulted in heavy damage here last night. The loss is not yet fully estimated, but it will run into many thousands of dollars. All telegraphic communication was interfered with while the storm lasted, and this morning many miles of wires are down, again cutting Winnipeg off from outside communication for a while.

Three persons, including former Chief of Police Donald MacPherson, were slightly injured.

THE ASSIZES

The criminal and civil sittings of the High Court will be held here in Prince Rupert by Mr. Justice Clement on Tuesday, June 24. There are six civil cases and one criminal case on the calendar. Of the civil cases five are applications for divorce. The criminal one is that of Thos. Snell of Pacific who has been sent up for trial on a charge of theft of four cases of dynamite from the G. T. P.

The library in the Red Cross hut on Third Avenue will be open on Tuesday evenings regularly from 7 to 8 and on Fridays from 3 to 5 in the afternoons and from 7 to 8 in the evenings.

W. J. Crawford, the well known transfer man of Alice Arm, reached town by the Prince Rupert last evening and will be here for a few days before returning to the mining centre.

VICTORIA UNIONS TAKE NO PART IN STRIKE MOVEMENT

EXCEPT THAT STEAMER SERVICE IS CUT IN HALF, EFFECT OF GENERAL STRIKE IS LITTLE FELT IN CAPITAL; VANCOUVER'S SATURDAY NIGHT WAS NORMAL

(Special to The News via G. T. P. Telegraphs.)

Victoria, June 16.—There is no general strike at Victoria, as many of the unions have refused to take part in a sympathetic strike, the issues of which are obscure, and many of the leaders who think are not in favor of striking at all unless as a unit.

One disability which is noticeable is caused by the shipping being partly interfered with. There is only one boat a day between here and Vancouver instead of two sailings, which means that the one steamer is crowded to capacity every trip.

In Vancouver.

In Vancouver the citizens are carrying on well without street cars. Hundreds of jitneys are taking their places, which is meeting the transportation situation fairly well. The shopping on Saturday night in the city was almost normal, and the streets and stores were as busy as ever. The railway shopmen are still working, and the trains are running as usual. Little sympathy is being expressed with the strikers, who are inconveniencing the whole community with no particular prudence of their own on which local public opinion could be brought to bear with a view of remedying. Notwithstanding this, however, there is a general desire to have the cost of living reduced. It is acknowledged everywhere that there is a revolutionary idea behind the present strike movement.

MARRIED STIFFS AND YOUNG BLOODS WILL PLAY SOCCER MATCH

The married members of the St. Andrew's Society will meet the single gentlemen on Wednesday night in a football match to be played on the Acropolis Hill grounds. The married ones are going to show that the responsibilities of wedded life with its consequent cares and petty worries have in no way impaired their capacity to kick, while the unattached members threaten to put it all over those whose example they have failed to follow. A keen game is expected, as there are good players on both sides.

MORE FISHING BOATS SAIL FOR OTHER PORTS

There were no fishing boats with catches in the harbor this morning. Those which had arrived on Saturday and yesterday have already left to discharge their catches elsewhere. The Molly May was in port on Saturday with 20,000 lbs. of halibut, and left again on the same day for Seattle. The Flattery which came in yesterday sailed for Ketchikan where she will unload. She had 5,000 lbs. of halibut.

The St. Andrew's Society will hold a dance on the evening of July 1.

Development of Interior Lands.

Prince Rupert people do not realize the strides that are being made in the way of settling up the interior farming country, especially the Bulkley Valley. With a permanent population there, this city will be able to secure a better and more regular supply of farm produce and also will find that the farmers from the interior will pay more or less regular visits to the coast, all of which means more business. As Prince Rupert develops into a sea port she will be able to handle more of the produce from the interior.

SCATHING REPORT ON BOLSHIEVISM

Norwegian Socialist Party at Lenine's Request Make Study of Real Conditions in Russia.

Some time ago Lenine asked the Norwegian Socialist Party, with which he had been coquetting, to send two members of the party to Russia to study the real conditions under Bolshevism. The Socialists of Norway deputed two Socialist lawyers, MM. Puntervold and Stang, to carry out this investigation. They have just returned after accomplishing their mission.

Passing through Stockholm on their way back to Christiania they communicated some of their impressions to the Swedish Socialist organ Social-Demokraten. They had been given every freedom to pursue their studies, had interviewed most of the leading Bolshevists, beginning with Lenine himself, whom they called a Peter the Great of Bolshevist Russia, and Trotsky, who is making of Russia a Socialist military power. The latter boasted of having created a large and well-trained army that could give a good account of itself against any invading force.

Red Terror.

The Red Terror, nevertheless, continued unabated, as the soldiers belonging to the Red Army lived mostly on exactions and plunder and the levying of blackmail. A summary court was unceasingly at work emptying the prisons of hostages. Peters, the president of one of these revolutionary tribunals, declared that these tribunals altogether had not executed more than 3,000 "counter-revolutionaries." This statement the Norwegian investigator found later to be a great under-estimation of the facts, as there are over 500 of these tribunals at work, which must be credited some with hundreds, some with thousands of these summary executions.

As regards the working class, they could not be worse off than they are in Petrograd and Moscow, where they have no work and are starving. Starvation, moreover, was no vain word, for it is impossible to imagine anything more pitiable than the conditions prevailing in this respect in both capitals.

Bitter Complaints.

The complaints against the Soviet Government were bitter, despite the severity of the police measures and the spying system in force. Whinnings and grumbings were heard everywhere from almost everybody. The starvation was mostly due to faulty administration and the deplorable state of the railway communications. As an instance of this, M. Puntervold states that of 7,000 locomotives on the railway lines he was told that over 4,500 were out of use through disrepair. When he asked a leading railway official why they were not attended to the latter replied that the men were too weakened by hunger to be able to carry out such fatiguing work, and that it takes five men to lift the weight that one could easily raise before. "You cannot," he said, "get them to work at light jobs more than a couple of hours a day." It is a vicious circle; men are starving because the locomotives are out of repair, and the locomotives continue out of repair because the workmen are starving.

Vicious Circle.

This vicious circle is now met with constantly in everything Russian except the vivid imagination of the Bolshevist leaders, who continue to boast that Bolshevism is conquering the world and that all the peoples before long will be converted to its tenets and will impose them by force upon their reactionary governments.

Should Capitalize Scenery Along Railway.

The scenery along the Grand Trunk Pacific line is the equal of if not superior to that of any other route to the coast. Some of the mountain and river scenery is unsurpassed. All who have made the trip speak most highly of it and of the accommodation on the trains.

Up to this time the scenery has not been capitalized. It has not become well enough known to attract large numbers of visitors, but the time is not far distant when thousands of people will travel by way of Prince Rupert simply because of the wonderful scenery that way. The variety is something which excites comment. The tourist tires of rugged mountains, but here he gets not only rugged mountains but all the combinations that can be imagined. Some day it will be known to the world and then the world will come this way.

ALGERINE REPLACES "TEES" AS SALVAGE SHIP

When Alterations Completed Will Be Finest Equipped Salvage Ship Afloat.

The former sloop "Algerine" is being converted into a salvage ship at the present time at Victoria. The vessel was acquired by the Pacific Salvage Company recently for this purpose, and when the extensive alterations necessary are completed she will be the finest salvage vessel afloat. The alterations which the vessel is at present undergoing will cost in the neighborhood of \$100,000, and she should be ready for commission in about a month.

The original mainmast of the ship has been taken out and another stepped in its place. The stick is sixty-four feet long, and is two feet thick at the butt. From this will pivot three heavy derrick booms, and a steel boom. Capstans and winches, the most powerful of their kind, are being installed, together with a wireless apparatus capable of sending 3,000 miles. It's receiving radius is very much wider. The vessel is very powerfully engined and will be able to do sixteen knots under forced draught.

When the Algerine is put into commission the chartered steamer Tees, which is presently being operated by the company will be returned to her owners. The Algerine will make a lengthy cruise south just as soon as she is fit for sea.

RETURNED MEN RAILROADING

Percentage of Profits for All Men
Who Stay With Job Until
Completed—Will Pay
Minimum Wage.

McArthur, Stewart & Williams, a new contracting firm recently organized in Vancouver, have taken a contract from W. P. Tierney & Co. for a mile and a half of work on the Copper Mountain Railway near Princeton. The principals of the firm are returned soldiers, Capt. Rex McArthur, formerly superintendent of construction on the Hudson's Bay road, having seen service in France with the Canadian Railway Corps, while Lieut. Stewart was in the trenches with the 8th (Winnipeg) Battalion.

The new firm, which has already men on the ground, proposes to start operations at once and is anxious to employ none but returned veterans. Between 100 and 150 men will be required and already a number have been engaged. Capt. McArthur is authority for the statement that the wages paid will be the minimum set by the Dominion fair wage officer, and, in addition, a percentage of the profits will be paid to all who remain on the work till completion.

The firm will sell from its store to the employees at a profit of 10 per cent, and the net returns from this operation will be returned to the employees in the shape of a recreation tent, where magazines, gramophone and other amusements will be provided.

The aim of the firm is to conduct the work as closely as possible to a co-operative basis. The offices of the company are in the Credit Foncier Building.

CHARLIE CHAPLIN AT THE WESTHOLME

4-Reel Program Offered, Showing the World-Famous Comedian.

Tonight's the night that Charlie Chaplin appears at the Westholme Theatre in his second million dollar play "Shoulder Arms." This one is in three acts, and is a scream of laughter from beginning to end. Chaplin has become an institution these days, and the fame of his name draws big houses everywhere. His delicate little shy smile which flits across his features in and out of season is as famous as his little moustache. In addition to his appearance this evening there will be another six-reel feature starring Valeska Suratt in "The Slave." This is a Standard production and is a first class show, making an attractive program for the patrons of the Westholme.

"BROADWAY BILL" AT EMPRESS THEATRE

Splendid Combination Program
Billed for Tonight—Complete
New Show.

His pals called him "Broadway Bill." Lots of cash and nothing else to do but spend it made him one of the regular patrons of the Great White Way. He spent it, too, in dissipation and frivolity. But the thought of even the chance of losing his sweetheart brought the young man up with a jerk. He resolved to forsake the ways of foolishness and prove his real worth. So he goes to the lumber camps and gets a job as a lumber jack. There are some irregularities which the foreman is investigating, and he proceeds on the assumption that dead men tell no tales. But he does not manage to put "Broadway Bill" out of the way so easily. For red blooded realism, the manner in which Bill puts it over is well worth seeing.

"The Geiser of Berlin" and one of the best of comedies, complete the program.

D. G. Stewart, accompanied by Mrs. Stewart and family, left for Vancouver on the Prince Rupert last night. Mr. Stewart is making a combined business and pleasure trip and expects to return shortly, but Mrs. Stewart and family will holiday for a short time in the south.

OUTBREAK OF FIRE IN FAMILY SHOE STORE

Half an Hour After Store Closed
On Saturday Night, Fire
Was Discovered.

About quarter to eleven on Saturday night an alarm of fire was rung into headquarters from the down town section, where smoke was seen issuing from the premises of the Family Shoe Store. The department was quickly on the job and managed to confine the outbreak to the store.

The blaze had apparently originated at the back of the front store, and had a good hold when the firemen arrived. The flames were prevented from breaking through to the dwelling houses above, however, and were quickly subdued. The origin of the fire is a mystery, as the store was closed for the night only half an hour before the fire was discovered, and at that time everything was in good shape.

Considerable damage was done to the shoe stock, chiefly by smoke and water, although the leather goods burnt will also amount to a fair sum. The full extent of the damage is not yet estimated, and it is understood it is covered by insurance.

D. H. Morrison, local builder and contractor, left on a business trip to Vancouver on the steamer yesterday evening.

There was a very heavy mail on the train last night, a large quantity of overseas mail and newspapers arriving.

GOING SOME

John Maynehlanko, accompanied by Mrs. Maynehlanko, left Prince Rupert a week ago Saturday for up river in search of land. On Monday morning he saw a piece near Sealy which he thought would suit him, so he put the deal through right there and paid for twenty acres in the afternoon, after getting all the papers made out. They moved onto their new homestead on Tuesday morning and by night had a whole acre ploughed. Wednesday morning they started putting in the crop.

Mrs. W. S. A. Crux was a passenger for the south on the G. T. P. boat last evening, leaving to join her husband in North Vancouver. Miss Crux will remain here until the school term closes.

Miss Paynter, of the Prince Rupert General Hospital nursing staff, was a passenger for the south on the boat last night, leaving for her home in Ladysmith on a fortnight's holiday.

Miss Margaret Allen arrived back in the city by the train last night after a two weeks' holiday in Hazelton.
