BANK DEBT IS PAID UP

Mayor Orme Gives City Council Statement on Municipal Finances For Year—Deficit Depends on Taxes

Seventy-One-and-Half Percent of General Levy Already Paid in—Arrears Disappointing

The city's financial showing for the year 1932 will depend to a great extent upon how local improvement taxes and taxation arrears come in within the next couple of months, it was intimated to the city council last night by Mayor C. H. Orme in a statement on civic financial matters. It is hoped that the deficit for the year will not exceed \$50,000.

The mayor advised the council that an overdraft of \$215,000 at the bank had now been paid in full. To date, the mayor announced, 71 1/2 percent of the general tax levy for the year had been paid in. Collections of arrears in taxation, however, had been disappointing. Whereas \$23,000 arrears had been received last year, only \$3,000 had come in so far this year. How the city would come out financially this year would depend to a great extent upon how these arrears and local improvement tax collections come in.

The mayor informed the council that, whereas an estimate of \$16,000 had been made to cover direct relief for the whole year, about \$14,000 had been expended up to the end of July. It appeared that the city would be at least \$8,000 low on the estimate for direct relief.

For penalty on payment of bonds in Canadian funds an estimate of \$16,000 had been made. Already \$12,000 had been spent and, at the present rate of exchange, it would cost another \$16,000 or more. The city had \$84,000 bonded indebtedness still to meet this year.

In answer to a question by Ald. Casey, Mayor Orme expressed the hope that the city deficit would not exceed \$50,000.

Premier Tolmie To Be Asked For Statement Of Government Policy

Prince Rupert Chamber of Commerce Not Satisfied With Attorney General's Refusal—Other Matters Taken Up at Meeting of Council

Following the recent refusal of Attorney General R. H. Pooley to approve of a brewery licence being granted to interests desirous of coming into Prince Rupert to establish a plant, the council of the Prince Rupert Chamber of Commerce, at a meeting yesterday afternoon, decided to take the matter direct to Premier S. F. Tolmie with a view to getting a definite statement of the government's policy. Several communications in connection with the brewery project, including an exchange of letters between the chamber and the board, were read at the meeting of the council and the same committee that is now dealing with the matter was authorized to prosecute its activities further.

RELIEF IS REQUESTED

Plight of Rooming House Keepers and Shack Owners Placed Before Council Last Night

Ask Assistance

So Many Unemployed Being Kept Now That it is Becoming Difficult to Carry On

The city council last night decided to take under advisement for two weeks a request made by a delegation of rooming house keepers and shack owners for assistance in respect to the present situation where owners of such places are continuing to give shelter to the unemployed who are unable to pay now and have no prospect of being able to do so in the near future.

The delegation was headed by J. E. Dyer who presented the case of the rooming house keepers and shack proprietors in the following letter:

"At a special meeting of the rooming house keepers and shack proprietors it was decided that a delegation present the following facts regarding the unemployed situation in this city as it affects them for your information and consideration with a view to obtaining necessary relief from a condition that is rapidly becoming distressful.

"First, the Regina Conference of the four western provinces, held about a year ago, agreed to the following, among other measures, for unemployment relief:

"Cities of over 100,000 to guarantee rent up to \$20 per month. Cities under 100,000 to guarantee rent up to \$15 per month \$5.00 of this amount to be found by municipalities, the balance to be remitted by the governments.

"Also allowances for rent for single men, fuel, water and light were recognized as legitimate charges.

"Premier Tolmie attended this conference and passed his approval on above.

"Considerable revenue has been lost to this city through the matter not having been taken up before. Advantage has been taken by several cities in the province, namely Victoria, Vancouver, New Westminster, Burnaby, Nanaimo, Nelson, etc.

"Second, rooming house keepers have in many cases been carrying men for many months past and are morally entitled to a refund for such unpaid back rent.

"Third, the relief given at Campbell Bay was closed down at less than an hour's notice on the first of this month and the men brought into the city. Many of these men naturally applied to us for rooms and, al-

though we have personal experience in most cases of their ability and willingness to pay their debts, the fact remains that they are without money and have no prospects of earning any. We are being pressed for payment of our rent, and each man taken in represents an outlay on our part. Our income from tenants has now dwindled to such an extent that, after paying the fuel, water and light accounts, there is no money left over for rent, and barely enough for our own food and clothing.

"We also had the unpleasant experience of witnessing the forced sale of the household effects of one of our number for a fraction of their value to defray the rent bill. The goods which were taken over by the landlord probably represented the investment of a lifetime's savings. It is surely a crude sort of law for a civilized country which permits one man to profit at the expense of another at a time like this. There may perhaps be excuse and necessity for its operation in more prosperous times but we are of opinion that it is a law which would be better in abeyance for the present. It is more than likely that there will be more of us forced to undergo this same experience as time goes on, as we are rapidly reaching the end of our resources and cannot maintain apartments much longer unless some means can be devised for our relief. We may be forced to organize like the unemployed in order to protect ourselves from legal or other aggression."

City Cannot Do More

The council had no lack of sympathy as far as the rooming house keepers and shack owners were concerned, Mayor Orme explained in reply to the delegation but the fact of the matter was that the city of Prince Rupert could do no more to relieve the situation than it was now doing. As it was, it was in the lap of the Gods whether or not the city would come through financially this year. The city simply did not have the money to pay its share. When it was taken into consideration that relief, social services and penalty on Canadian funds alone would cost the city \$95,000 this year, the financial position in which the municipality found itself might be more easily appreciated.

Ald. Casey did not agree with the mayor. If the city helped in paying for groceries, clothing and shoes under relief why should the owners of rooming houses and shacks not be given the same consideration? His opinion was that the load, such as it was, should be divided. He moved that the matter be laid on the table for two weeks so that every alderman might be able to consider it in the meantime and come at the next meeting prepared to make a decision.

S. O. C. WIN ORME CUP

Elks Defeated 4-1 Last Evening and Canucks Cinch Trophy By Winning Both Halves

Sons of Canada again demonstrated their superiority last night when they took the measure of the Elks with a 4-1 score to cop the second half of the Senior League baseball season and cinch the Orme Cup, emblematic of city championship, as they had already won the first half of the season schedule.

Stiles was on the slab for the champions and let the Lodgemen down with three bingles, two of which came in the first inning. His team-mates accorded him good support after that inning when they made two errors, and Elks collected their only run of the game. Chenoski did the hurrying for the Antlered Herd and allowed only four bingles one of which went for a circuit clout when Moran busted one to deep centre. Elks gave poor support to Chenoski, however, six errors being charged against them. The big pitcher fielded a wonderful game himself, making five assists and two putouts and engineering two double plays.

The Box Score

Box score for S. O. C. vs Elks. S. O. C. scores 4, Elks scores 1. Batting averages and other statistics are listed.

(4), Elks (4); double play, Chenoski to Johnson to Barry, Chenoski to Barry; time of game, 1:20; umpires, Windle and Stalker.

Windle Tops Big Six Standing

Lambie Displayed From Lead By Going Hitless in Final Game

Benny Windle, manager of the Empress team, emerged leading batter with a mark of 364 following last night's final game. Bill Lambie, who had been leading for most of the season, went hitless last night and it was just enough to drop him below Windle in the standing. Alex Mitchell is third with 349. Windle is the only Empress player in the standing while Lambie and Bury of Sons of Canada are both up there. Elks have three batters in the Big Six. Mitchell, Farquhar and Barry. Following is the final standing:

OLYMPIAD WILL PAY

No Deficit This Year But Rather Satisfactory Surplus Expected

LOS ANGELES, Aug. 16.—Rather than the customary deficit, it is expected that the Olympic Games this year will show such a surplus as to make it possible to return to the public coffers a grant of \$1,000,000 which was made by the State of California in connection with the staging of the great athletic classic. This was intimated by officials of the Olympic Games yesterday. It will be at least 30 days, however, before the balance sheet in connection with the Games is out. It was revealed yesterday that there had been a total of 1,680,000 paid admissions during the two weeks the Games were in progress. These admissions were from \$1 to \$3 each.

PILOT HERE REQUESTED

Chamber of Commerce Decides to Follow Up Suggestion of Master of Motorship

Acting upon a suggestion made in a letter from Capt. Dan Davies, master of the Reardon-Smith motorship Fresno City, which recently loaded grain cargo here for the United Kingdom or Continent, the council of the Prince Rupert Chamber of Commerce yesterday afternoon decided to communicate with Hon. Alfred Duranleau, minister of marine and fisheries, requesting that a qualified local person be appointed to act as a pilot for ocean-going vessels entering and leaving the port of Prince Rupert. Capt. Davies strongly recommended that some arrangement be made whereby a qualified local official should be authorized to pilot vessels to and from Langara Island.

Capt. Davies, in his letter, complimented Prince Rupert on having such courteous and efficient port officials. Conditions here were such that it should be a pleasure for any shipmaster to visit the port. The fact that a cargo of 8500 tons of wheat had been loaded into the Fresno City in 15 hours' time testified to the great efficiency of loading facilities here.

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.

Ratepayers' Ass'n Still Curious In Regard to Matter

A letter from the Prince Rupert Ratepayers' Association seeking further information in regard to the transfer of lots at the corner of Third Avenue and McBride Street by the city to the Rotary Club for use as a gymnasium site was read at last night's council. The city solicitor had already replied to a previous inquiry of the Association explaining that the price paid for the property by the Rotary Club had been \$3,000. The assessed value was \$9,000. The property would become taxable in five years' time as the title would not be registered until that time had expired by the Rotary Club trustees. The reply of the city solicitor further pointed out that the city had adopted no set policy with respect to disposal of tax sale lots. As the council could not see where any further information could be given that was already conveyed in the city solicitor's letter, the communication of the ratepayers' Association was filed.

WOULD WORK OUT TAXES

City Council to See What Can Be Done About Saving Homes From Tax Sale

A letter from James Postulo, read at last night's meeting of the city council, contained a request that he (Mr. Postulo) be given a chance to do some work for the city in order to meet his 1930 tax bill. Otherwise, he would be unable to pay and he would lose his property.

Ald. Casey expressed the opinion that the city should make some arrangement, if possible, whereby those facing the prospect of having their homes sold out for taxes this year be given the opportunity to work out the taxes. He suggested that the finance committee ascertain just how much would be required and the banker interviewed with a view to having a special fund established for this purpose.

Ald. Black referred to the fact that Vancouver city was moving along the line of requesting special legislation whereby principal and interest on back taxes would be consolidated and those who are behind be given the chance to pay up in installments over a number of years. This, he thought, would be beneficial here and he suggested that representations might be made along this line.

Ald. Rudderham inquired if tax sale proceedings could not be set aside for one year but was informed by City Solicitor Jones that this could not be done under the present act.

A motion by Ald. Casey and Ald. Rudderham that the matter be referred to the finance committee for report was adopted.

SUPPORT HOME INDUSTRY

OUR natural resources in lumbering, fishing and mining are second to none and our future prosperity is unalterably attached to these assets. Every person, not only in Prince Rupert but also in the Skeena and Bulkley Valleys can do their bit by giving their mental and physical support. Pull for the lumber industry—boost for the establishment of a pulp plant in Prince Rupert. Take pride in the quality of our sea products and tell the world. Give the mining industry that support and optimism that leads to greater things. When arranging for next winter's fuel requirements remember that you have a local industry already established producing the highest grade article offered on this market.

AIR DRIED SHINGLES

Retain the cedar oil in the wood, affording extra and better preservation than kiln-dried shingles from which the essential oil has been evaporated. Our shingles are made on Queen Charlotte Islands and, as a home product, deserve your preference. Shingle makers wages on the Islands are spent eventually in Prince Rupert, while Vancouver wages never come north. Support a home industry and your own welfare by specifying Air Dried Shingles.
