FOURTEEN HUNDRED MEN IN WINNIPEG STRIKE; STREET CAR EMPLOYEES TO GO OUT

IMMEDIATE INTERVENTION BY FEDERAL GOVERNMENT
ASKED BY HEAD OF TRAMWAY COMPANY;
POLICEMEN REMAIN ON DUTY WITH
WAGES ADVANCED

(Special to The News via G. T. P. Telegraphs.)

Winnipeg, May 1.—Fourteen hundred men employed in the building trades will go on strike today, but street railway employees remain at work for the present, as do the metal workers. Scobie, business agent of the tramway operators, announced the vote stood 900 in favor of a strike and 79 opposed to it. The committee had given instructions to members to remain at work until called upon. A meeting is called for Thursday night to discuss developments. A telegram received from the Minister of Labor at Ottawa announcing that the Board of Arbitration was established.

A telegram in response to a message sent by A. W. McLimont, governor of the Winnipeg Electric Railway, asked for the immediate intervention by the Federal Government to prevent a strike. Both parties to the dispute have been informed by Ottawa action by the Department of Labor. Danger of a strike by the policemen was averted yesterday morning by a compromise on the salary question, the men gaining most of their demands.

ENONITES AND HUTTERITES BARRED

(Special via G. T. P. Telegraphs.)
Ottawa, May 1.—The Journal this morning says it is understood that the order in council passed under authority of the War Measures Act was signed yesterday afternoon barring Menonites and Hutterites from Canada. The action was taken immediately after the House passed clause 13 of the immigration act vesting the government with power.

MUCH WORK DONE BY THE GOVERNMENT

Hon. T. D. Pattullo Tells Board
of Trade of Some of Work
Which Has Engaged
His Attention.

It was a story of much work accomplished and of great things for the future that was told the Board of Trade yesterday afternoon by Hon. T. D. Pattullo, who, on the request of the Board of Trade, told some of the things which had been done by the Provincial Government and some of the plans they had laid for future work. There was no oratory about the minister's speech but he just recounted in plain conversational style a few of the many things that had engaged his attention at Victoria.

People's Business.
Mr. Pattullo in opening said that the business of the Government was the people's business and their representative should be able to give an account of his

REDS LOSING GROUND, SAYS J. J. COUGHLAN, AND WORKERS ARE BECOMING MORE SANE

MODERATE VIEWS EXPRESSED BEFORE INDUSTRIAL RELATIONS COMMISSION AT VANCOUVER;
WORKER SAYS LABOR MUST HAVE
BETTER STATUS

(Special to The News via G. T. P. Telegraphs.)

Vancouver, May 1.—Comparatively moderate views and a tendency toward a more cheerful outlook marked the second day of the Industrial Relations Commission in Vancouver. Although the number of unemployed is given at 10,000 one half are returned soldiers.

John J. Coughlan of the Coughlan Shipyards, one of the most important employers in B. C., said he thought the "Reds" had begun to lose ground in the last couple of months and he saw glimmerings of what he considered a return to sanity and responsibility. Three labor men took the witness stand. All three listed themselves as moderates, although affirming that the workers were unanimously determined to secure a permanently better status than in the past. A large delegation of working men was in attendance, although the majority of these were listeners only. No officials of the Trades and Labor Council were present, although a member of that body gave evidence opposed to the union being adopted officially by the council.

stewardship. He spoke of pre-war conditions and of the fact that prior to their taking charge much of the income of the country was derived from the sale of capital assets. There was an overhead charge of ten million dollars a year of which six and a half millions went to interest and sinking fund. There were regular statutory grants amounting to two millions and the administration of justice and other more or less fixed charges ran away with the rest of the ten millions. In order to meet these charges, the Government had almost doubled the taxes until the revenue almost met the expenses. His idea was that it was better to increase the revenue by developing resources than to bring down the expenditures.

Land Question.

Mr. Pattullo went on to speak of the land question and of the excellent results that had followed the enforcement of the Land Settlement Act. Its value lay, not so much in what was done by it

direct, as in its influence in making others settle up their lands. Lands in the northern interior were being sold now at low prices to settlers who were coming in fast. Lands had been set aside for the use of soldiers. This was being done by arrangement with the Dominion Government who had made it clear to them that they would handle the work of placing soldiers on the land. He gave Ottawa credit for having introduced a broad policy which would give the soldiers who wished to do so a good opportunity.

Speaking of the timber and of the immense output of spruce during the closing months of the war, Mr. Pattullo said that the output equalled that from the whole of the United States. In order to keep the timber business (Continued on Page Six.)

BOARD OF TRADE'S TRIBUTE TO VICE-PRESIDENT HINTON OF GRAND TRUNK PACIFIC

CREATION OF OCEAN DOCKS HERE IS NEXT PROBLEM AND
COLONEL PECK IS WORKING ON IT AND HAS
MADE CONSIDERABLE PROGRESS

"Resolved that this Prince Rupert Board of Trade do tender W. P. Hinton, vice-president and general manager of the G. T. P. Railway, its sincere appreciation of his untiring perseverance and zeal in the matter of procuring the operation of the drydock and the establishment of a shipbuilding industry at this port.

"And that this Board express its appreciation of the ready willingness on the part of Mr. Hinton to meet every reasonable request of the citizens and of his zeal in co-operating in all things that mean development of the city and the magnificent hinterland in the northern part of the province.

"And that this Board express the hope that Mr. Hinton's guidance of the activities of the G. T. P. may be left undisturbed."

Carried by acclamation.

"Now that we have the shipbuilding plant going here, we can divert our attention to something else. Col. Peck is now working on the creation of ocean docks here and has made considerable progress." These were the words of W. P. Hinton, vice-president and general manager of the Grand Trunk Pacific Railway, when replying to the vote of confidence in him passed by the Board of Trade at the meeting in the City Hall yesterday afternoon, with President McCaffery in the chair.

Mr. Hinton thanked the members of the Board for their tribute to his work which had been carried out under great difficulties. It was a trial of strength to a young man to have such things said about him. Of the future he was not sure. If the Government wanted him to work for them he would do it as well as possible; if not, someone he hoped would do it better. He did not think, however, that there would be any vital change made immediately. It was a good thing for them to get together sometimes. If there were any grievances they should be discussed and settled.

Prince Rupert's Future.

Speaking of Prince Rupert Mr. Hinton said that no city has one-twentieth part of the resources that this one had. There was in this district the nucleus of a great settlement which would support millions of people. The city was the logical centre for the mining and agricultural development of this country and when developed would be able to carry the debt of the province. The section was developing rapidly. Mr. Hinton spoke eulogistically of the work of the local member, Lieut.-Col. C. W. Peck at Ottawa. He had noticed with what avidity Col. Peck had plunged into parliamentary life. He saw the ministers every day and was working on the ocean dock and steamship line to the Orient. He worked night and day and should get good results from his labors. The spirit of co-operation was very vital to success. He found the lack of it when he took charge of the railway. If he had been able to do anything, he had been amply repaid.

Tributes.

Before the passing of the resolution, President McCaffery spoke of the fair treatment they had received under Mr. Hinton's management. All appreciated it in spite of the fact that they had been unable to get the station and other improvements.

A. M. Manson, M. P. P., spoke of the help that had been received from Mr. Hinton in connection with the shipbuilding delegation which had gone to Ottawa. In regard to the colonization work on the interior lands he heard nothing but good words of the general manager and he expressed the hope that no matter what was the future of the road Mr. Hinton would remain in his present position. He was the only friend the city had since the lamented death of the late Mr. Hays. L. W. Patmore, F. G. Dawson and W. G. Nickerson each spoke

along similar lines, Mr. Nickerson adding that the only grievance they had now was that Captain Nicholson's office was still in Vancouver when the headquarters of the steamship line should be here.

RESERVE ON FALLS RIVER MAY BE LIFTED

Hon. T. D. Pattullo Told Board of Trade of Plans Regarding That Power.

If an industry offers to establish at Falls River a certificate of improvement will be issued and the present reserve will be lifted. That was one of the interesting things said by Hon. T. D. Pattullo at the meeting with the Board of Trade yesterday. Mr. Pattullo further said that he thought it would be a good thing for the city if they could make a favorable agreement with a big company to supply them with power. Just now in the growing time of the city any outside influences were a great help in building up the city. Had the company which proposed coming here on a previous occasion been allowed to proceed, the city would have been far different from what it is now.

Y. M. C. A. Campaign Commences Next Week.

A big campaign to raise over a million dollars for the Y. M. C. A. will commence early next week. This is for the work of the Association throughout Canada, particularly in connection with the reconstruction work following the war. A strong local committee has been appointed and a vigorous campaign for funds is to be inaugurated.

It is quite unnecessary to tell of the work done by the Y. M. C. A. during the war and especially on the battlefields where the indefatigable secretaries have followed the line of trenches with their aids to the soldiers. Everyone knows of this, and because of it the Y. M. C. A. has acquired for itself a new standing in the estimation of the people.

The men are now returning and the need of the Y. M. C. A. work at home is almost as great as it was overseas. In all the large cities there are branches and it is understood that one will be opened in Prince Rupert before long. An organizer is to be sent here who will size up the situation and consult with the local people in regard to the need.

The present campaign, however, is not for the Prince Rupert "Y" but for the general fund throughout the Dominion. That there will be a good response from the people here goes without saying, if only it were done for the sake of showing appreciation for past services to our boys when overseas.

Japan in Limelight At Peace Conference.

It looks as if Japan was trying to get a stranglehold on China in return for her services to the Allies in the recent war. She already controls Korea and now she has designs on the bigger nation. Japan probably deserves some reward, although she did not do much of the fighting. She policed this ocean and was undoubtedly a great help to the Allies. At the same time it would be unwise to commence breaking up China. It would seem much more reasonable to make all other nations get out of that country than to let another nation in.

China is helpless because she is not a military country. To the victors the spoils is still the morality of the world. Japan does not see why she has not a right there just as much as Germany and Great Britain. If one is to grab, so must the other. That is the way she sees it.

President Wilson is taking a different view of the matter. He sees it from the ideal and correct viewpoint, but whether he can carry the nations with him remains to be seen.

COLONEL PECK TELLS IN EAST OF THIS CITY

Gives Interview in Montreal in
Which He Extols Advantages
of Prince Rupert.

Montreal, May 1.—"Steamship
service between Prince Rupert
and the Orient should be estab-
lished as soon as possible," said
Lieut.-Col. C. W. Peck, V.C., D.
S.O., and member of the Federal
Parliament, upon leaving Mon-
treal to pay a visit to New York
a few days ago in interview with
the Montreal Gazette.

The constituency of Skeena,
which Col. Peck represents at Ot-
tawa, is one of the largest in the
Dominion, being more than one
thousand miles in length and
more than three hundred miles
wide.

"It would be difficult to rival
the natural resources and advan-
tages of this great territory,"
said Col. Peck, when questioned
regarding it. "If development is
properly directed, it will prove to
be one of the Dominion's great-
est producing areas—a veritable
store house of wealth. It has
wonderful lumbering, mineral and
other riches, while its rivers and
coast waters give up an un-
paralleled harvest of food fishes.

Natural Resources.

"The natural resources of the
region are hardly known, and its
mineral riches have certainly not
yet been even properly prospec-
ted. The properties that have
been developed, such as that of
the Granby copper mines, on the
Portland Canal, demonstrates the
almost limitless possibilities of
territory.

"Prince Rupert was chosen only
after a most careful investigation
as the Pacific terminal of the
Grand Trunk Pacific Railway.
The fact is sometimes overlooked
I think, that it was only in 1914
that actual construction work on
this railway was completed, and
the linking up of steel accom-
plished. The war period has in-
tervened, bringing about a cessa-
tion of immigrants and of almost
all constructive efforts. The fu-
ture of the Grand Trunk as a
successful railroad appears to me
to be certain, in spite of the dif-
ficulties which have arisen, large-
ly through conditions no one
could have foreseen. The advan-
tages of Prince Rupert, and in-
deed of all the territory served by
that railway should now be turned
to good account.

483 Miles Nearer.

"The port of Prince Rupert is
situated on one of the world's
greatest natural harbors, and a
great deal has already been done
in connection with the work of
creating port facilities. It has a
splendid shipbuilding plant which
now has orders sufficient to keep
it busy for some years to come,
and also the finest drydock on the
Pacific coast. When you put out
to sea at Prince Rupert you are
483 miles nearer Yokohama than
when sailing from any other Pa-
cific port. This means a very real
shortening in the avenue of com-
merce between the East and the
West, and Canada cannot afford
to fail to take advantage of this
factor. The proposal is that
eight to ten steel vessels of the
type now being constructed in
various yards by the Dominion
Government, be placed in opera-
tion between Prince Rupert and
the Oriental ports. That a sub-
stantial trade awaits them there
cannot be any doubt, and on their
being placed in service there
would come a natural increase in
the traffic of the Grand Trunk
Pacific Railway, in which the Do-
minion Government has from the
inception been most vitally inter-
ested. A combination of private
initiative and reasonable govern-
mental assistance would undoubt-
edly insure good returns in this
direction.

Insurance Rates.

"While in London I had an op-
portunity," continued Col. Peck,
"of discussing with the officers
of Lloyd's the question of insur-
ance rates between Prince Rupert
and Oriental ports as compared
with other Pacific coast ports and
no difficulties that I know of are
to be anticipated in that direc-
tion."

Col. Peck knows the Skeena
country as few other men know
it, having been associated with
enterprises in that territory since
1901. His partner, Donald Moore
was killed at the battle of Festu-

GOVERNMENT SURVEY OF TRUNK ROAD FROM RUPERT TO HAZELTON

That the Provincial Govern-
ment intends to commence a pre-
liminary survey of a highway be-
tween Prince Rupert and Hazel-
ton was one of the interesting
things said by Hon. T. D. Pattullo
yesterday afternoon at the meet-
ing of the Board of Trade. He
said that some of the Govern-
ment's appropriation for new
work would be spent in this dis-
trict, but he thought if the Do-
minion did not go ahead with the
improvement of Shawatians Pas-
sage wharves, it might be more
important for the Provincial Gov-
ernment to make provision for the
fishermen than to commence a
road around the island.

CAPITAL MUST SHARE PROFITS WITH LABOR

Hon. T. D. Pattullo Says There is
Already Better Understand-
ing Existing.

In referring to the relation of
capital and labor in his speech
at the Board of Trade meeting
yesterday, Hon. T. D. Pattullo
spoke of the opening of the labor
bureaus and the splendid work
they were already doing. He said
that already he found there was
a better understanding between
capital and labor. Both were
realizing that they must get closer
together and share the profits.

bert when Col. Peck was wounded.
After a short stay in New York,
Col. Peck will return to meet his
regiment, the 16th Battalion, on
their arrival in Canada, and ac-
company them to the west. He
stated that the hospitality which
had been tendered to him in Mon-
treal and the many gallant officers
which he had the privilege of
meeting again here, would make
his visit to Montreal one which
he would long remember.

Harry Hanson, Esq.,
Prince Rupert, B. C.,

Dear Sir:

Your Hanson Hot Water Coil has been in our range for
just one year, and in all this time it has been 100 per cent
plus efficient. I use the "plus" advisedly for not only has
the coil provided an abundance of not warm but HOT water
at all times, but by placing the forty-gallon tank in our
large ten by ten bathroom it has kept it cozy in the coldest
weather.

Although our range is small, Mrs. Young informs me
she cannot see that the baking qualities are affected in the
least by the coil.

In your perfection of a modern household necessity, I
congratulate you.

Sincerely,

(Signed) R. B. YOUNG.

What Your Money Did Last Year What Y.M.C.A. Plans to do This Year

ON May 5th throughout Canada, the National Council of the Young Men's Christian Associations inaugurates a Red Triangle Campaign to raise \$1,100,000. F. L. RATCLIFF, Chairman Finance Committee.

What Soldiers Say About the Y.M.C.A.

Lt.-Col. W. P. Purney, Dominion President, Great War Veterans' Association, Sydney, N.S. Jan. 25, 1919.

"There is no bone of contention between the G.W.V.A. and the Y.M.C.A. The Y.M.C.A. has done a work that no other institution could or would do. Speaking as president of the organization, and for our members, I wish the Y.M.C.A. God-speed in their splendid work."

Philip Gibbs, War Correspondent, London Chronicle.

"I want to pay a very big tribute, my warmest tribute to the work of the Y.M.C.A. Very quickly after each battle these men of the Y.M.C.A. brought out their tents and equipments, by means of which they could give hot cocoa, coffee and cigarettes to these men in the lines, and words cannot say what a cup of coffee meant to men plastered in white clay like those I have described. I remember seeing and marvelling at the rapidity with which the Y.M.C.A. got up their tents and equipment under Vimy Ridge, within a few hours of the capture of that place."

Major General Sir David Watson, Quebec, P.Q., Commanding Officer, 4th Canadian Division.

"The Y.M.C.A. over here is doing a most noble work, and I am proud of the work that is being carried out by the Canadian Y.M.C.A."

No. 46823, Pte. F. Frieman, 21st Battalion.

"On behalf of the boys who travelled from Halifax I really take pleasure in thanking you for the splendid work done by your representative on the train. Judging by unfavorable reports, I, while in England, had been prepared for a neglected welcome of returned soldiers. But I am glad to say they are more than well looked after on the road to their homes, and in Halifax."

T. A. Hector, Regina.

"I would like to take this opportunity before finally leaving the Military Service of thanking you and the Y.M.C.A. organization, first for the many good things I enjoyed in France, and secondly for the cheerful, helpful work during the journey homeward. I voice the appreciation of many others."

Signaller L.D. Smith, Belmont, Manitoba, 43rd Battalion.

"Let no man now say anything against the Y.M.C.A. to me, or he will get what for if I catch him. It is in France we found the great need of the Y.M.C.A., and, believe me, it is a Godsend to the boys in the trenches."

Driver E. L. Milton, Vancouver, B.C., 45th Battery.

"The prices charged by the Y.M.C.A. canteens are rivalled by no other canteens, and more than that they sell Canadian goods—Canadian cigarettes, Canadian maple sugar, milk, fruit, and cereals. I cannot see anything wrong with the Y.M.C.A., and if the people at home knew its real value to the boys at the front they would give it all the support it needs."

Corporal G. Waterman, Vancouver, B.C.

"I think that this idea of a representative of the Y.M.C.A. on the homecoming troop trains is an excellent one, and I hope that it will be continued until the last Canadian comes home."

Y.M.C.A. Budget for 1919

THE total budget of the National Council of the Canadian Y.M.C.A. this year calls for an expenditure of \$2,869,669. The cost of the Y.M.C.A. work for the soldiers overseas, estimated at \$1,350,000 for eight months ending August 31st, will, it is expected, be provided for by the balance of funds on hand overseas, by the liquidation of overseas assets and 1919 canteen earnings. WAR VETERANS' ENTERTAINMENT GREAT SUCCESS

Large Sum of Money Realized
From Sale, Supper, Dance and Raffles.

The big entertainment in the St. Andrew's hall yesterday afternoon followed by a dance, turned out to be a huge success, a little over a thousand dollars being realized for the War Memorial Fund.

A sale of work took place in the early part of the afternoon, the ladies of the G. W. V. A. being in charge. This was followed by a home-cooked supper also prepared and served by the ladies of the G. W. V. A. from 5 to 7 p.m. Captain J. M. McGregor, V. C., M. C., D. C. M., was the guest of honor for the evening. The hall was beautifully decorated with the flags of the Allies, mingled with long colored streamers, and Japanese lanterns which were very effective. The music by H. A. Harvey, Miss Stevens and Willie Martin, was of the best, the dancers being loath to leave the floor after the home waltz was played. Refreshments were served during the evening.

The door keepers were R. McDonald and J. Ellet; Andy Hepburn was M. C., and Joe Hutchinson announced the raffles which took place between the dances. The prize winners were the following:—Manicure set won by W. F. Barker; ladies' umbrella, D. M. Stewart; cut glass vase, Mrs. L. W. Patmore; gents' umbrella, E. Shaughnessy; ladies' kamona, Mrs. Robinson; silver cigarette case, Mrs. W. A. Patterson; hand painted pillow, Mr. McDonald; sack of flour, R. Arthur; jardiniere S. Miller; box chocolates, Miss M. THE FINEST PICTURE AT THE WESTHOLME

"The Blindness of Divorce," and
"Toto" Make Fine Picture Program.

"The finest picture that has ever come to the Westholme" is how the great problem play "The Blindness of Divorce," was described last evening. This great photoplay will be shown again this evening and is sure to draw full houses at each show. For a thoroughly high class program, that given at the Westholme leaves little to be desired and the comedy part, "Toto," rivals Chaplin in laughter making.

"Toto" the loose-jointed comedian in "The Junk Man," is not merely ridiculous, he is comic, he is humorous, he is cleverly funny, and you will laugh with him as well as at him. The grave and the gay are represented in the best manner at the Westholme and special orchestral selections will be played.

GREAT STORY OF WESTERN PLAINS

"The Trail of Yesterday" is at
Empress Tonight and "The
Woman in the Web."

A story of the great Western plains and ranches is that to be screened at the Empress Theatre this evening when Bert Lytell appears in "The Trail of Yesterday." This play gives him a fine chance to show some of the athletic stunts in which he excels. In addition to being known from coast to coast as a player of distinction on the speaking stage Mr. Lytell is a man of powerful physique which is an asset in this photoplay.

There is also the third episode of "The Woman in the Web," which grows more exciting each week.

MUCH WORK DONE BY THE GOVERNMENT

(Continued From Page One.)

going they must extend their markets and make an effort to take care of the foreign market. The order which had been secured for seventy million feet to go to the Old Country was more than the total annual output previously for export purposes. He thought that they would now be able to handle the export timber business as the Government had insisted that the lumbermen organize to promote the industry.

Pulp.
Speaking of pulp the minister said there should be a number of mills in this neighborhood. There was room for one or two on the Skeena River, and at Buckley Bay the timber might well be converted into pulp as there was 6,300 horse power going to waste in the river. There was also the power at Falls River and at Mill Bay and other points.

Mr. Pattullo went on to tell of the improved grazing policy inaugurated by his department, of the development of mining through the application of the measures passed recently, of the oil prospecting which they were about to commence and which if successful would pay off all the debt of the province, of the appropriation for research work and the establishment of industries, of the efforts to have an excursion of businessmen visit this district from Vancouver and Victoria, of the need of more people to help develop the country so that the burden of taxation might not be so heavy.

"We must face the situation with courage and optimism, but fortify ourselves with prudence and foresight," concluded the minister.

VANDERHOOF

Lieut. Alex. G. Elliott, who was one of the first volunteers to leave the Nechaco Valley, has returned home. He joined the Prince Rupert Light Infantry, was drafted to the 30th, was in France by April, 1915, took part in much severe fighting and was wounded, was given a commission, joined the Imperials and later, through the instrumentality of Lieut.-Col. Peck, transferred to the Canadian Scottish. He took part in many engagements with that battalion and after the armistice was signed marched through Belgium into Germany to beyond Cologne.
