T. D. Paterson is Elected in Delta

PRINCE RUPERT IS UNDER VICTORIA OFFICE IN DOMINION PUBLIC WORKS

Prince Rupert Public Works Office is to Remain Closed

Delta District has been Added to That of Vancouver Island with J. P. Forde of Nelson in Charge at Victoria; Nelson Remains Open

VANCOUVER, February 4.—(Special)—In connection with reorganization of the Federal Government departments which is being carried out, the Prince Rupert public works office will be closed permanently and the administration of the Skeena District and the northwestern part of the province will be added to the Vancouver Island district with office at Victoria and J. P. Forde of Nelson in charge.

Following the influence of R. F. Green, the member for West Vancouver, who has always had a strong influence with the Government as a Conservative of the old school, the Nelson office will remain open, in spite of the fact that it was marked for closure.

The official notification in regard to the changes is that they are made in the interests of economy and efficiency.

TRAINS WILL RUN DIRECT TO WINNIPEG

Through Trains Both Ways from Prince Rupert in the Coming Spring.

G. A. McNicholl, assistant general passenger agent for the Canadian National Railways, who returned a few days ago from visiting a convention of traffic officials in the east, says it was arranged at that meeting to give through trains from this city to Winnipeg in the spring in order that passengers may not have to change at Jasper as at present. Close connection would be made with the transcontinental train to and from Vancouver.

Mr. McNicholl says that the railway men were shown some moving pictures of the different sections of the country served by the National lines and among them was a fine lot of pictures showing a trip along this line with views of Prince Rupert and her industries. These pictures were obtained by the Canadian National Railway and are shown under their auspices. They make good advertising for this port.

WORKERS BACK TO WORK REDUCED WAGES

Returned Again on the Job at Esquimalt Where the Plant is Repairing.

VICTORIA, Feb. 4.—The strike of shipyard workers in the shops of the Esquimalt shipyard has ended and the men have gone back to work.

The two hundred men who went on strike have returned and have accepted the reduction of wages a day in their pay.

The settlement of this strike ends the work on the steamer "Atlas" which, along with the "Heron" at Esquimalt, is being repaired at the Esquimalt plant.

HAPPY REUNION OF RUPERT BOYS

First Contingent Had Stirring Banquet Last Evening at Smelson's Rooms.

PRESENTATION MADE TO OFFICER COMMANDING

The second reunion supper of the first Prince Rupert contingent, 68th East Grey's Own Rifles, which left here for the "great adventure" in November, 1914, took place last evening in Mrs. Smelson's Tea Rooms and was a rousing success. There were seventeen of the boys present including "Old Gy" Peck, the officer commanding who gained such popularity with his troops overseas. During the course of the proceedings last night he was the recipient of a handsome travelling clock and case suitably inscribed.

The first reunion of the first contingent of Prince Rupert men took place on June 4, 1916, in Poperinghe, Belgium, "la Hotel Prince Rupert" and it is interesting to note that last night's was "A L'Estaminet Poperinghe." Col. Peck was chairman last night, as he was chairman at Poperinghe, then a major.

The Toasts.

There were toasts to "the King" and a silent toast to "Our Fallen Comrades." The toast to "The First Rupert Contingent" was feelingly responded to by Major George E. Gibson who referred to the fallen boys and also told of the signal honor that had been conferred on their gallant commander, Col. Peck, who has won both the Victoria Cross and the D.S.O. Percy Tinker replied to the toast of "The Army" in a splendid speech as did James Neville to the toast to "The Navy." "The Women's Army" was responded to by Arthur Gollison. Col. Peck gave an address and the presentation was made by R. W. Cameron. Before the evening was through the pipes had arrived to further enliven the affair. There were also songs and choruses.

Those Present.

Those present were Lieut.-Col. C. W. Peck, V.C., D.S.O., M.P., O.C., Major George E. Gibson, James Neville, G. Percy Tinker, R. W. Cameron, A. Collison, H. F. Wearmouth, H. O. Grewe, J. F. Hutchingson, H. J. Bradbury, Frank Salter, A. Smith, A. M. Davies, Lieutenant Wilfrid C. Macdonald, Jas. Watt, J. D. Allen and M. M. Eamb.

WOMAN REFUSES ANY STATEMENT

Will Not Discuss Effect of Contamination Board Finding on Recent Order

VICTORIA, Feb. 4.—President of the Canadian National Railway when seen last night refused to make any statement in regard to the finding of the Contamination Board on his "no pollution" order. He said that so far discharged employees were concerned the case remained undecided.

FISH MARKET FOR LOCAL SALMON

Local Has Preferential With Vancouver and Expects to Sell Fish There.

VANCOUVER, Feb. 4.—Information reached the local office of the British Manufacturers' Association that B. C. salmon now stands on a preferential basis with Vancouver under a recent treaty. It is expected that this advantage will be of this to dispose of 700,000 lbs. of last season's pack still in the hands of the manufacturers.

A. Woodland, local manager of the Imperial Oil Co., said in a meeting on the Prince George steamer.

SON OF ROOSEVELT HOME AGAIN.

Captain Archibald B. Roosevelt, son of the late Theodore Roosevelt, returned home on a leave of absence from his command of the 1st Battalion of the 1st Canadian Trench Battalion, after a tour of duty in France a few days ago and looked the picture of health. The picture was taken upon his arrival.

Liberal Elected by a Large Majority

T. D. Paterson Chosen in Delta by Lead of 600; Government Seven to Good in B.C. Legislature

GLOVERDALE, February 4.—T. D. Paterson, Liberal, was elected in Delta constituency yesterday by a majority of approximately six hundred. F. J. A. Mackenzie, the defeated candidate, was also defeated in the general election in December, but on two previous occasions carried the constituency.

In the December election the figures were Oliver 1,334, Mackenzie 1,116, and Payne 1,107, the plurality of Oliver over Mackenzie being 218.

The present standing of the parties in the Legislature which meets on Tuesday will be Liberals 27, Conservatives 13, Independents, including Socialists and Soldier-Farmers, 7. This gives the Government a clear majority of seven over all others, and several of the independents will support the Government on their general policy.

RECITAL GIVEN BY PUPILS OF LOCAL CONVENT

Diplomas Distributed to Successful Students—Much Praise for Sister Superior.

MISS LORNA TITE WINS SILVER MEDAL

At the Convent last night there was a large attendance of parents and friends of the students at a recital and presentation of awards. Most satisfactory and enjoyable musical numbers were given by the young people, the playing of Miss Lorna Tite being particularly appreciated by those present. The opinion was generally expressed that the Sister Superior is deserving of much praise for the splendid work she and the other sisters have done in connection with the musical education of the young people entrusted to their care.

Diplomas Commercial diplomas were presented to Misses Willa Dyer, Grace Brooks, Ina Lindland, and Jean Bailey.

Pennmanship certificates awarded by A. E. Spott for satisfactory progress in pennmanship were presented to Misses Ina Lindland, Grace Brooks, Willa Dyer, Jean Bailey and Anna Lindquist.

MORE TALK OF LOCAL STEAMERS LEAVING ROUTE

Special Despatch Published Yesterday Came Originally From Ottawa.

MORE CARGO SPACE NEEDED IN NORTH

VANCOUVER, Feb. 4.—The proposal to put the Prince George and Prince Rupert on the San Francisco run making calls at Victoria comes here in a special despatch from Ottawa to the World but it is not confirmed. In shipping circles generally it is not thought to be more than a rumor present. The opinion was generally expressed that the Sister Superior is deserving of much praise for the splendid work she and the other sisters have done in connection with the musical education of the young people entrusted to their care.

The object in making any change, if it is made, is said to be in order to provide more freight accommodation between the ports of Prince Rupert, Stewart, Anxox, Alice Arm, Swanson Bay, Ocean Falls and Vancouver. At the present time the fast passenger boats are unable to handle all that offers in the summer, and as the development of the northern ports increase more cargo space will be required more than speed.

Discourage Through Traffic.

The differential imposed on the Prince Rupert route will tend to discourage through travel that way from the prairies and the far east and without that business the fast passenger boats are not required on the Prince Rupert run. There have been suggestions of their going on the Vancouver-Victoria ferry service to connect up with the Canadian National trains and handle the through business to Vancouver Island points. That is thought here to be more reasonable than the San Francisco route.

May Be Replaced.

R. B. Teakle, who is expected here Sunday from Ottawa is expected to throw some light on the marine movements of the Canadian National. If the two boats are taken off they will be replaced with steamers which are considered more suited for the service.

VANCOUVER'S CHILDREN ARE BELOW NORMAL

Malnutrition is Responsible for Much of the 25 per cent of Subnormality.

VANCOUVER, Feb. 4.—Twenty-five per cent of the children attending the public and high schools of the city are physically below normal, according to a report issued last night by Dr. R. Wrightman, chief school medical officer. Malnutrition is accountable for a large portion of the subnormality. During the past year 14,282 children were examined in regard to their physical condition.

Satisfactory Win
Delta Constituency.

The victory for the Government in the Delta constituency by a large majority is a most satisfactory result. While a defeat there would have made no material difference at present, it would have made the life of the Government more precarious than it will now be. As it stands the majority will be sufficient to carry on without danger of a snap verdict being secured in the House. It is assured now that for the next four or five years at any rate, the present Provincial Government will carry on. This will make for stability and will give an opportunity to make good the promises in Prince Rupert district especially in regard to the erection of the Government Buildings.

There was an idea prevalent in many quarters that if there had been only two candidates in the field in each constituency, the Oliver Government would have been defeated. The outcome in Delta shows that this was not likely to have been the case. With two in the field the Government was stronger than with three.

Rumor Regarding
Steamers Interesting.

The rumor which came through on the wire from Vancouver yesterday and which is supplemented today in regard to the Prince George and Prince Rupert going off the run and being used elsewhere aroused a lot of interest yesterday, but as there is no information available of an authentic nature, it is useless to speculate on possibilities. It will be noted, however, that there was a somewhat similar rumor last year, and there is usually something behind these rumors. We hardly need to worry over the matter for if the G. T. P. does not give us a service, some other line will do so. We have a lot of business to offer and there is no doubt at all but we shall be well served with steamers.

Train Service
To Be Improved.

The official announcement is that we shall get back our through train service as far as Winnipeg. That is a concession for which we must be thankful. We shall no longer be a spur line, exactly. We must get busy and use every means to develop our resources and then we shall undoubtedly get a proper service. If the railway will co-operate with us, especially in regard to refer, cars it will help a lot, and that we are now expecting them to do.

Must Beware of
Insularity.

There is a tendency in an isolated community like this to get the idea that we are the whole thing and that the adjacent districts are of no particular account. This is one of the things we have to beware of. We must not become insular or conceited. We have to remember that our success depends wholly on the development of the district of which we are a part. Our district extends from the Queen Charlottes on one side to Prince George on the other and from Queen Charlotte Sound on the south to the Alaska boundary and the Yukon on the north. In all this great district there is steady progress being made. We must take an interest in all the developments and try to get the viewpoint of the people who live in the outlying sections.

Like to See an
Excursion Next Summer.

We would like to see arrangements made for an excursion under the auspices of the Board of Trade or some other organization which would give local business and professional people an opportunity to see the wonderful valleys of the interior, the mines of the north or the islands to the west. Some few Prince Rupert people have visited these places but most of them have not and it would be an education for them to find out what is being done there.

'Chaps'-
Read This

Once you know how "chaps" are caused, you will appreciate why your skin needs Zam-Buk. The keen frosty winds of winter and early spring dry up the skin—make it hard, brittle and without elasticity. Thus the outer tissues break open into smarting cracks and painful sores. That's how the trouble starts.

In cracked hands, chilblains, frost-bite, eczema and other obstinate skin troubles, use nothing but Zam-Buk. This unique healing balm, derived from a blending of rich herbal essences supplies the skin's deficiency of natural oils. If your trouble is on the hands, use Zam-Buk at night and slip on a pair of old gloves with Zam-Buk smeared inside. This precious balm will soothe away pain, inflammation and irritation, and grow new soft flexible skin. Redness, roughness, smarting or soreness is readily healed, through Zam-Buk's refined herbal ingredients being absorbed into the underlying tissues. Zam-Buk is powerfully antiseptic. The germs of skin trouble simply can't exist where it penetrates.

Keep Zam-Buk always at hand for dealing with cuts, burns, scalds, scalp sores, ulcers, abscesses, piles, eczema, poisoned wounds, salt rheum and all skin sores and injuries. All dealers 50c. box 3 for \$1.25. For TRIAL SAMPLE send 1c. stamp to Zam-Buk Co., Toronto.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

APPLICATIONS FOR GRAZING PERMITS UNDER GRAZING ACT 1919.

Applications for permits to graze livestock on the Crown range within each grazing district of the Province of British Columbia during the grazing season of 1921 must be filed with the District Foresters at Cariboo, Cranbrook, Fort George, Kamloops, Nelson, Prince Rupert, Vancouver, Vernon or with the Commissioner of Grazing, Department of Lands at Victoria, B. C., on or before March 31, 1921.

Blank forms upon which to submit applications may be obtained from the District Foresters at the above named places or from the Department of Lands at Victoria.

The grazing of livestock on the Crown range without permit constitutes trespass, prohibited by law.

GRANBY WINS
COAL CASES

Has to Pay \$30,000 for 200 Acres of Coal Lands; Appeal Entered

VANCOUVER, Feb. 4.—The Granby Consolidated Mining, Smelting & Power Co. yesterday almost entirely won its two appeal cases against the decision of Mr. Justice Gregory in favor of the E. & N. Railway Co., seriously affecting the rights of Granby in its coal operations on Vancouver Island.

In the judgments Granby wins absolutely in what is known as the Dunlop case and provincial legislation in this regard is upheld.

In the Ganner case the title to the property is found to be invested in the Granby Company, but in the case for the assessment of damages in respect of coal rights, these shall be considered as to coal "in nature." The outside price at this rate is set at \$150 an acre, so that in respect to the total 200 acres the outside amount of the claim that Granby may have to settle is \$30,000.

Notice of an appeal to the Privy Council has been given.

COMMITTED SUICIDE

Chauffeur of Late King Alexander Took His Own Life

ATHENS, Feb. 4.—The late King Alexander's chauffeur, Mitso Dimitriades, has committed suicide from grief over the death of the King, which, it will be recalled, was the result of a monkey's bite.

Mitso was King Alexander's inseparable companion on all his automobile rides and motoring was the King's fad. Alexander was, perhaps, the most affable sovereign in Europe and had a talent of making everybody feel at home. He was always very kind to all the members of his household, but seemed more strongly attached to Mitso than to any of the others.

When Alexander fell death approaching he called Mitso to his bedside and gave him a small gold cross which the King had worn all his life. After the King's death, Mitso became inconsolable. The other night while contemplating a photograph of the King he shot himself. A wreath sent by Madame Manos, King Alexander's widow, was one of the floral offerings at his funeral.

NO TRAVEL BETWEEN
HOLLAND AND SERBIA

THE HAGUE, Feb. 4.—The rupture of diplomatic relations between Holland and Jugoslavia has resulted in the virtual prohibition of travel of Dutchmen in Serbia. The Jugoslav government has announced it will not grant visas to Hollanders.

The break occurred over alleged bad treatment of M. Rappaport, an Austrian subject, who was Dutch consul at Belgrade during the war. The Serbians contended he was an enemy subject, unfriendly and in effect a spy.

Lashed by the Whips of Circumstance

To be lashed into action by the Whips of Circumstance is not an evil.

One needs it periodically to overcome the flatulence of prosperity.

Let us be frank with each other.

Manufacturers, Merchants, Newspaper Proprietors, and Public, we have all had a succession of fat years. Now some of us are timorous at the thought of lean months.

Well, lean months and lean years would be in store if we sat still and wailed --- but not if we show fight.

We are pleased to see fighting spirit awakening.

It is shown by the renewal of Daily Newspaper

Advertising Contracts for increased space this year.

But, greater evidence than that---New advertisers are planning to use daily newspapers to reach out for new business with old lines, and to introduce new lines into old established fields.

While such vision, and faith, and courage, is alive in men, there can be no fear for the future.

What of your fighting spirit? What are your ambitions?

Are you going to reach out and fight for business? Well, then, you have one mighty force to aid you--- that is Daily Newspaper Advertising.

And Daily Newspaper Advertising welcomes the challenge.

The Daily Newspapers of Canada are resolved to do their part to make 1921 a Banner Year. They invite you to travel in their company.

DEATH OF MRS. J. FRED SMITH THIS MORNING

Deceased Lady Had Resided at Masset Where Surviving Family Resides.

The death occurred this morning at 7 o'clock of Mrs. J. Fred Smith after a long illness. Mrs. Smith was a native of England and had resided in British Columbia for eleven years, a good part of that time at Masset, where the family now reside. Mrs. Smith was 58 years of age and is survived by her husband, J. Fred Smith, who is assistant manager of the Hotel Prince Rupert. The funeral arrangements are in the hands of the B. C. Undertakers.

BOOTLEGGER CHEWED UP MARKED \$5 BILL

RICHMOND, W. Va., Feb. 4.—A police plot to capture an alleged bootlegger failed recently when Mrs. Mollie Richardson chewed up and swallowed the evidence, a marked \$5 bill. The three officers on the job sent a "spotter" in with the bill to purchase a pint of liquor, but reported later that they had only succeeded in losing the money.

HEART SO BAD

Was not safe to Leave her alone

Miss Eva P. Yalman, Kreuzersdorf, Ont., writes:—"I feel that I must write and tell you of the great benefit I have received from Millburn's Heart and Nerve Pills. About four years ago I was taken terribly ill, with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them, one day noticing the advertisement of Millburn's Heart and Nerve Pills I decided to try them, and before I had taken more than two boxes I could see they were helping me. I have taken about ten boxes, and am almost relieved of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Millburn's Heart and Nerve Pills are 50c. a box at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

BRINGING UP FATHER

QUEER NOTIONS IN MODERN ART SHOWN IN "MISS HOBBS"

Settings of exceptional interest were designed for the first Wanda Hawley starring production to be shown locally at the Westholme Theatre. It is entitled "Miss Hobbs" from the Jerome K. Jerome comedy.

Miss Hobbs, the character taken by Miss Hawley, is a super-feministic young woman who cares more for fads and futuristic art than love, babies and the house-wifely duties which take first place in the minds of most women. She is converted from her ideas, however, by—but that would be telling the story.

To carry out Miss Hobbs' artistic idea, the interiors shown are splendid examples of the impressionist school. The colors are strongly contrasted and there is excellent use of both curves and angles. White cockatoos with huge yellow crests form a colorful touch in one scene, while the Hobbsian taste in servants reverts to Orientals and blacks attired in barbaric costumes.

SHOCKLEY WINS GAME OF BILLARDS LAST NIGHT FOR WANDERERS

R. H. Shockley came to the rescue of the Wanderers Club in the billiard tournament with the Great War Veterans when he defeated J. May last night in the fifth of the games by a score of 200 to 151 which puts the Wanderers in the lead for this tournament. Tonight W. J. Nelson (Wanderers) and B. O. Oughton (Veterans) play. If the former can win his game it will put the Wanderers within two points of the Trail who are now leading in the season's standing.

FIRST PRACTICE OF VETERANS' BAND WAS HELD LAST EVENING

The first practice of the Great War Veterans' band was held last evening in the rooms of the association. There were ten prospective members in attendance and it is expected that by summer the band will be in a position to take engagements.

The membership of the new organization is not confined to returned men and any one playing an instrument will be accepted in the ranks.

WHIST DRIVE

First of Series to be Given by Rebekahs Proved Thoroughly Enjoyable.

The first of the series of whist drives given by the Rebekahs Lodge was held last night in the Rand Block and proved a very enjoyable event. The first prizes were won by Mrs. Ernest A. Woods and O. Rosenholme, while the consolation awards went to Mrs. H. Smith and W. G. Hughes. There were fifteen tables and following the whist refreshments were served.

The committee in charge comprised Mrs. S. V. Cox, Mrs. Harold Smith and Mrs. Charles Simpson.

SHIRLEY MASON A HIT IN BIG CIRCUS STORY

As a new star Shirley Mason shows that she deserves all the honors that have been awarded her. She appears in a delightful story of circus life, "Her Elephant Man," a picturization of Pearl Dokes Bell's novel by that name. Never did a little star twinkle more brightly, and never did the sweet and winsome personality of Miss Mason find so congenial a role as that of the circus star at the Empress tonight.

Mrs. Bell has written a really remarkable story of the realm of swangies and sawdust, for it has all the romance, drama, thrill and realism of life under the big top.

BIRD GAME LAW IS VERY BENEFICIAL TO STATES, IS REPORT

WASHINGTON, Feb. 3.—The Department of Agriculture estimates that the passing of the Migratory Bird Law, which forbids shooting of game birds in the spring, has gained \$20,000,000 in food to the country. In many districts where the birds were almost extinct, they are rapidly increasing in numbers, it is said.

ANGELL LADY MUST WAIT FOR FORTUNE

CHICAGO, Feb. 4.—Miss Dellora Angell, who inherited the John W. Gates estate, will have to wait along for a few years on \$300,000 which was given to her the other day when her guardian was discharged. When she is forty years old, however, she will come into possession of the bulk of the estate, and will have \$38,000,000 with which to keep the wolf from the cabin door. She celebrated her 18th birthday last month.

SUNDAY MUSIC AT METHODIST CHURCH

There will be a special musical service at the Methodist Church on Sunday next, the program of which is as follows:

Organist, Mr. A. J. Lancaster.

PREPARATIONS FOR FISH DAY LUNCHEON

Last night, final plans were made for the fish luncheon to be given on Canada's fish day, Wednesday next, at the Hotel Central at which it is expected there will be a large attendance. This being a town that exists as a result of the fisheries, it is thought there will be a general desire of the citizens to be present.

The matter of fish cars was discussed and suitable action is being taken in this connection.

GUESS!

"MY CANADA" "MY CANADA"

\$300 Cash Reward to any Person Who is nearest right on 3 Guesses

Frankly, we want to draw your attention to the enormous imports of United States goods into Canada. We want you to realize what it all means to every Canadian—to Labor especially. So we will pay in Cash \$300.00 First Prize, \$100.00 Second Prize, \$50.00 Third Prize—and the next eleven prizes of \$5.00 each to any person who makes and sends in to us the nearest guess to the amount of money in goods that will be imported into Canada from the United States for FEBRUARY, 1921, as will be reported in

Canada's Trade Returns for February, 1921

The figures for February, 1920, were \$60,701,248.00; for February, 1919, they were \$52,255,909.00; for February, 1918, they were \$41,485,844.00; February, 1917, were \$53,578,037.00, and for February, 1914 (before the war) they were only \$23,286,731.00. You see where we are and what we are coming to in Canada! What will the figures be for February, 1921? Are you a good guesser? If so, win one of the prizes.

HOW TO WIN

Get two of your neighbors to give you only ONE DOLLAR each for a year's trial subscription to "MY CANADA" (regular price Two Dollars per year), and send in the money with your three guesses. Each subscriber is also allowed three guesses! Will you risk an hour of your time to win THREE HUNDRED DOLLARS? Come! "GO, GET IT!"

"MY CANADA" will be published monthly. It lives to help you and Canada to better things. It goes without saying that the more readers we have the better this National periodical will be. This is not only true commercially, but we feel that every additional reader means so much added moral support.

Your guess must be in by FEBRUARY 28th, 1921. As the old adage would say, "obey that impulse"—obey it now! Help us by this means to reinforce our convictions as to the future and the present in Canada, and of leading the way to better things for you, and yours, and us. Address your guess and send subscription to the publishers, "MY CANADA," Suites 314-5 Stair Bldg., Toronto.

BOND HOUSE OPENS BRANCH IN THIS CITY

General Manager Here Arranges With Thomas McClymont to Handle Local Office.

Arthur Bernstein of the National Bond Corporation was in the city yesterday making arrangements for the opening of a branch office in this city and the agency has been taken by ex-Mayor McClymont who will have charge of the local affairs of this financial concern.

The company proposes to do here a general business in foreign exchange and will deal in Victory bonds, Canadian Government and municipal bonds, and all classes of good bonds and debentures. They will buy and sell drafts on all foreign countries and do everything which pertains to the operations of a good financial house.

The company, which sees in Prince Rupert a field for its operations, is a very strong one. It has its headquarters in Vancouver and has on its board of directors such well known and eminent men of business as Sir Douglas Cameron, K.C.M.G., Brig.-Gen. Sir Henry M. Pellatt, C.V.O., Sir John M. Gibson, K.C.M.G., K. G. C. A. Barnard, K.C., Brig.-Gen. J. Duff Stuart, Hon. Alex Henderson, K.C., J. S. Cowper, until recently member of the legislature for Vancouver and a former editor of this paper, Arthur F. Bernstein, general manager, Charles E. Campbell, and F. G. Elliot.

TAX PIANOS AND DOMESTIC SERVANTS

Paris Levies Lower Rate on Women Than Men Employees.

PARIS, Feb. 4.—This city has just been authorized to collect higher taxes on pianos and domestic servants. For the privilege of being managed by an automatic cook or a diplomatic maid, Parisian families will now have to pay 40 francs a year. If the servants are men the amount is doubled.

A sliding scale of 40 francs for one woman servant to 200 francs for five of them and from 80 to 500 francs for men servants is provided for in the bill. No provision is made for families having more than five servants, the law-maker probably holding this to be sufficient tax on the family's patience. Taxes and governesses are assessed 150 francs each.

The tax on pianos is to range from 50 to 60 francs. A mechanical piano will cost its owner the higher sum.

MAY SELL CHAMPAGNE WITHOUT ANY KICK

WASHINGTON, Feb. 4.—Thirsty citizens who buy bottles labelled "champagne" only to discover the contents to be "kickless" cider, have no legal redress, District Attorney Laskey has ruled. Mr. Laskey says that any man who purchases champagne these days is a violator under the Volstead act and the law could not be invoked to aid in its violation.

METLAKATLA BAND HAD ITS FIRST CONCERT

Fine Program Rendered Before Large and Appreciative Audience.

The first concert given by the Metlakatla Silver Band, since its re-establishment, was held recently at Metlakatla and was a great success. A capacity audience greeted Charles Auckland, bandmaster, and his musicians, and throughout the evening gave evidence of their pleasure and appreciation with hearty applause.

The following program was rendered in splendid manner: March, "Thunderer," Sousa, Cornet solo, "The Minstrel Boy" by Charles Auckland, Song, selected, by Mrs. Athous, Orchestra, "When I Leave the World Behind," March, "Middy," Alford, March, "Billboard," Kiohr, Overture, "Twilight," E. Newton, Euphonium solo, "Air Varie," by James Provost, Cornet number, "Georgie Waltzes," Pettie, Overture, "Schauspiel," Bach, Overture, "Polyphonie," Pettie.

POOR CONDITION OF RUSSIAN RAILROADS

Leon Trotsky Says Engines and Cars Broken Down and Condition Terrible

LONDON, Feb. 4.—A Moscow wireless despatch reports that Leon Trotsky has resigned the position of Commissary of Communications and has been replaced by M. Yemshanyov.

At the recent Congress of Soviets, Trotsky said that the condition of Russian railroads was terrible. The number of broken-down locomotives and cars was growing and repairs were in a chaotic state.

He said repairs on locomotives were difficult because there were over 100 different types and it was difficult to collect the spare parts. He advocated no more than seven types of locomotives and suggested mass production.

"In order to begin our socialist economic system," he said, "we must sweep out all this monstrous motley of techniques and rule-of-thumb chaos which remains to us from the past, by means of standardization."

The fire brigade had a call at 6 o'clock last evening to the Smith Building where a small blaze caused by ashes being thrown against the side of the building was extinguished with little damage.

MEMBERS LEAVE FOR VICTORIA

Alex. Manson and H. F. Kergin Gone to Attend Session of Legislature.

Alex. Manson, the re-elected member for Omineca, and H. F. Kergin, the new member for Athin, left last night for Victoria where they will attend the session of the Legislature which opens Tuesday.

At the last session Mr. Manson was deputy speaker, and there is a possibility of his being chosen speaker to succeed John Keen, now clerk of the House. The Government has not as yet announced its plans in this connection, however. There was a rumor that Mrs. Ralph Smith would get the position, but she has also been mentioned as a likely member of the cabinet, sitting as president of the council without portfolio. This would be preliminary to giving her charge of a department.

In view of the large majority given Peterson in Delta, it is quite possible the Government may open the Vancouver constituency again and give Mrs. Smith a portfolio, possibly that of education.

LAWYERS MAY HELP KEEP MENTAL BALANCE

Address to Manitoba Bar Association by Edward Anderson, K.C.

WINNIPEG, Feb. 4.—"The lawyer by training, association and precedent should be able as no other profession or aggregation of bent to act as a balance wheel and bring the world back to sanity and right-mindedness," said Edward Anderson, K.C., president of the Manitoba Bar association, in the opening address before the annual convention of the association in the Fort Garry hotel.

He pointed out that a disregard of constitutional authority is prevalent and that every unbalanced mind promulgating some doctrine finds an audience. Hatred and jealousy, national and individual, are rampant, and it is difficult to keep a proper mental balance, he continued.

He was optimistic regarding conditions in Canada and the United States, and said that Bolshevism has less chance to make progress in a community where the great principles of common law are administered because people trained under this system have a high regard for precedent, tradition and constituted authority. Lawyers have always played a prominent part in governing society and their duty today is greater than ever before, he added.

SENATOR WOULD FORBID SMOKING

WASHINGTON, Feb. 4.—The president and even senators and representatives might have to take the streets to enjoy cigar, cigarette or a pipe as an aid to statesmanlike reflection, if a bill offered by Senator Smoot becomes law. It forbids smoking in government departments or "any independent establishment of the government" as a fire protection measure.

NORMAL BUYING IN THE SPRING

Industrial Canada says Conditions will Improve Soon, with Lumber Active

TORONTO, Feb. 4.—Canadian industry is facing the present price situation with courage and looks to the future with optimism. By the spring there should be a return to normal buying, according to the general view of Canadian manufacturers as expressed in the Canadian Products Annual Review Number of Industrial Canada, which constitutes a valuable symposium of industrial opinion. A revival of activity in the metal and iron and steel industries is anticipated by the Spring. The Vice-President of the Canadian Car and Foundry Company says that while financial conditions may delay the placing of orders for a time, it is felt that within the next two or three months these obstacles will be removed. If labor becomes settled, particularly in the building trades, the President of the Steel Company of Canada looks for a business revival shortly. The outlook of the pulp and paper industry is regarded as favorable, with the promise of largely increased production.

The President of the Laurentide Company says that all newsprint mills in the Dominion are contracted up to full capacity, and they have the assurance of the publishers that they expect to use the full amount of their contracts.

Motor Cars

In the automotive industries, T. A. Russell, President of Willys-Overland Limited, points out that 70 per cent of the cars now in use are business vehicles. "This," he says, "gives the motor car industry a confidence in its future, and manufacturers generally are looking forward to a gradually improving demand after the first of the year. There has also been a decided check on production in the last six months, and it takes so long to get under full production, when a break has been made, that quite a few keep observers expect to see an actual scarcity of motor cars during the months of March, April and May." Wm. M. Gray, Vice President of the Gray-Dort Motors, Ltd., is equally optimistic. As far as their plant is concerned, he regards the outlook for the 1921 market as "very favorable."

Shipbuilding

In the shipbuilding industry the situation is complex. With the reduction in prices of materials and the increasing efficiency of labor, prices are steadily coming down, and the managing director of Canadian Vickers, Ltd., Montreal, states that it is confidently predicted that with the further reductions, both in wages and materials, anticipated in the near future, prices will be so reduced as to enable Canada to compete in the open markets of the world, if exchange difficulties can be overcome. J. E. McLurg, of the Halifax Shipyards, however, sees no encouragement from the present situation and believes that by next July every shipbuilding plant in the country will be closed down for lack of orders.

Lumber Outlook

In the lumber industry the general opinion is that with the small production in recent months and with very much reduced stocks, the industry should experience a prosperous year. In the mining industry, while conditions on the whole are quiet, a revival of gold mining is anticipated in Ontario and British Columbia, and the Fort Norman oil discoveries of the Imperial Oil Company are fraught with great significance for the country.
