INTERIOR PULP MILL PROPOSITION WILL SOON BE GROWING INDUSTRY

Logging Camps and Pulp Plant Closed By Whalen Co.

VANCOUVER, June 7.—All logging operations of the Whalen Pulp and Paper Co. at Swanson Bay have been closed down and will not resume again for two months, according to announcement made by Henry Whalen, who has just returned from the northern camp. This shut down also includes actual pulp manufacturing operations at the big mill at Swanson Bay and most of the employees have been paid off. The reason for the closing down of the logging camps is that there are large supplies of logs on hand. Mr. Whalen left last night for Quatsino Sound where a similar condition prevails at the Port Alice plant. Many camps will also be closed down there.

STEAMERS SAIL FOR NORTH NOW

Shipping Board and Owners State No Difficulty Getting Independent Crews.

SEATTLE, June 7.—The Steamship Cordova, of the Alaska Steamship line, sailed last night for St. Michaels, Alaska, with an independent crew and the Victoria leaves today.

The Shipping Board and owners report that there is no difficulty in getting crews now to man their vessels.

IS UNWILLING LEAVE SILESIA

German Commander There Says Has Neither Power Nor Inclination to Do So.

BERLIN, June 7.—General Von Hofer, commanding the German forces in Silesia, has replied to the Allied ultimatum demanding the withdrawal of his forces from that country, stating that he neither has the power to do so nor would he be willing to recall the self-defensive forces from the places they are defending. The German forces are said to be increasing in the district and the situation is becoming complicated.

USK TOWNSITE CASE MAY BE SETTLED OUT OF COURT BELIEVED

A settlement out of court may possibly be reached in R. Lowrie vs. J. E. Merryfield, Paul Aivazoff, C. H. Thomas and J. A. Kirkpatrick case involving the Usk townsite. Today the case was continued in the assize court before Mr. Justice Gregory and the plaintiff's case was concluded at 1 o'clock, adjournment then being made. The contending parties it is understood are endeavoring to get together and settle their differences privately.

CROWN FORCES TAKE 100 REPUBLICANS

Battle Was Fought in Mill Street, Cork, and Sinn Feiners Killed.

CORK, June 7.—The crown forces have captured more than one hundred members of the Republican army in Mill Street after a battle in which three Sinn Feiners were killed.

MINERS IN ENGLAND CALL NEW CONFERENCE

LONDON, June 7.—The executive body of the coal miners union today issued a call to the delegates' organization to meet in conference to further consider the strike situation.

EXPERT LEAVES FOR ISLANDS

Dr. F. H. McLearn Was Here Yesterday—Will Probe Q. C. Deposits.

Dr. F. H. McLearn, of Ottawa, a member of the Geological Survey of Canada, was in the city yesterday on his way to the Queen Charlotte Islands to undertake a survey there. He was accompanied by C. H. Griekman and R. A. B. Jones, two student assistants from the University of B. C.

Included in the programme of the geological survey for 1921 is an examination of the vicinity of Skidegate and Gumbewa Inlets. The geological sections here are of importance, not only in working out relations of local economic deposits, but may also be used indirectly in the mainland as a sort of key locality, very important in B. C. geology.

Fossils Will Be Collected.

While in this district the party will investigate the reported oil shales and the economic deposits and particularly any condition controlling the distribution that will aid prospecting and drilling. Mr. McLearn is a paleontologist and he intends to make a large collection of fossils for the Victoria Memorial Museum at Ottawa. This is the national museum of Canada and contains the large collections of the geological survey.

The aim is to make the collection as complete as possible and representative of the natural resources of Canada. There is a history attached to the collection of fossils for the museum. In 1914 Mr. J. D. MacKenzie, now head of the local office of the survey, collected a large number of fossils, but lost them when the Prince Albert was wrecked in the north. Later another collection was made and these reached Ottawa safely, but when the parliament buildings burned the fossils were numbered among the missing.

GERMAN MINISTER OF POSTS AND TELEGRAPHS

Herr Geisberts, Central, is the Minister of Posts and Telegraphs in the Cabinet formed by Dr. Wirth.

GOLD STRIKE PEACE RIVER

Country is Wildly Excited and a Stampede is Already Commencing.

EDMONTON, June 7.—The Peace River country is wildly excited over a gold find by Dr. Gauthier on an unnamed creek near the Cadotte River. There is much mystery surrounding the find but parties are preparing to invade the approximate district immediately despite the fact that the exact location of the discovery has not been divulged.

MANY SOLDIERS ARE KILLED AND WOUNDED

Sir Hamar Greenwood, Chief Secretary for Ireland, Makes Announcement.

LONDON, June 7.—Sir Hamar Greenwood, chief secretary for Ireland, has informed the House of Commons that 127 soldiers have been killed and 286 wounded in Ireland since January, 1920. Sir Austen Chamberlain, chancellor of the exchequer, announced that additional forces were being sent to Ireland immediately.

REPRESENTATIVE AT GENERAL ASSEMBLY PRESBYTERIANS DEAD

CLOVERDALE, June 7.—Alex Murphy, aged 56, who left here a few days ago to attend the Presbyterian General Assembly at Toronto representing the Presbyterians of Surrey district, died at Barrie, Ontario, as the result of an auto accident. Mr. Murphy was a retired farmer of this place.

FIVE POUNDS FOR A WIFE

Agreement Reached Governing Tribes on Border Sierra Leone and Liberia.

LONDON, June 7.—Five pounds sterling and no more will be the price of a wife according to the recently ratified convention between Great Britain and Liberia, the negro free state in Africa. This convention regulates the relations between tribes living on the border line between Liberia and Sierra Leone. Women's rights, in future, are to be recognized.

AMBUSCADE DISPERSED

DUBLIN, June 8.—The military last night dispersed an ambush of forty civilians, killing one, in County Waterford.

Establishment of Paper Mill at Prince George Entails Large Expense

PRINCE GEORGE, June 7.—"We propose making an enormous investment in this pulp and paper plant, but before doing so we wish to make sure that we shall get interest on the money," said R. J. S. Tyrhurst, manager of the Fraser Timber Syndicate, speaking of his company's project yesterday at Prince George. "We never expect to get our money back but we do want to be sure of a reasonable rate of interest."

Mr. Tyrhurst said that the government cruise of the pulp limits would be completed on June 19 and at the end of July the principal members of the syndicate will be on the coast for the purpose of signing up an agreement with the British Columbia government along the lines of the tentative arrangement entered into last December. The syndicate wishes to secure much better forest protection than at present and to have set aside at once any agricultural settlements that may be made and the rest of the limits set aside as a perpetual forest reserve.

At present the power prospects of the Willow River are being investigated and, failing that, power will be developed from the Nechako River. The latter is a low head proposition and very expensive. Another heavy expense will be the installing of booming and storage grounds for logs at a cost of \$180,000.

Mr. Tyrhurst is hopeful of the agreement being signed and the work started almost immediately, but he says that all depends on the British Columbia government.

NEW MINISTER OF LABOR IN GERMAN CABINET

Herr Robert Schmidt is the new Minister of Labor in the Cabinet formed by Dr. Wirth. He is a Socialist and was formerly the Minister of Agriculture.

NORTH IRELAND PARLIAMENT IS OPENED TODAY

Premier Craig Announces Personnel of Cabinet.

BELFAST, June 7.—The parliament of Northern Ireland opened this morning amid impressive scenes in the council chamber of the City Hall. Nationalist, Sinn Fein, as well as all the forty Unionist, members took their seats.

Hugh O'Neill, son of Lord O'Neill, was elected speaker and Sir James Craig, premier, announced the following cabinet:

Home Secretary, Sir Dawson Bates.
Finance, Marquis, H. M. Pollock.
Education, Marquis of Londonderry.
Labor, J. M. Andrews.
Agriculture, E. A. Archdale.
There was little outward display of party feeling. The high functionaries, including Vicecount Fitzallen, the new vice roy of Ireland, were received at the city hall by Lord Mayor Coates, who presented an address to which the vice roy replied.

BRITAIN SATISFIED WITH B. C. TIMBER

Included in Specifications of British Board of Works.

LONDON, June 7.—Practical tests of British Columbia spruce and western hemlock—by the British Board of Works, on behalf of the advisory committee on timbers of the Imperial Institute, have proved quite satisfactory, and as a result these woods have been included in the official timber specification of that department as alternatives to European joinery timbers.

EXECUTIONS TOOK PLACE IN IRELAND

DUBLIN, June 7.—Three men convicted of participating in the recent disorders in Ireland were executed here this morning.

Thirteen New Cars Loaded with Local Fish Off for East

At 9:30 this morning a special fish train left this port for middle and eastern States comprising thirteen refrigerator cars loaded with halibut bought by the various companies at the Fish Exchange yesterday morning. The train was made up entirely of new cars which recently arrived in the city from the eastern shops for the local fish business. Each car being identical, the train formed a perfect line and was one of the prettiest ones that has ever been despatched from this port. Its sending out was celebrated generally along the waterfront in a quiet way and many were on hand to see it leave. Photographers were also present to obtain pictures just before it pulled out of the yards. The fish on board is all consigned to the Eastern United States market and each of the local packing plants is represented with car load shipments.

PRESBYTERIANS DEBATE BUDGET

Question of Church Union Will Not be Voted on Until Next Monday.

TORONTO, June 7.—A budget totalling \$1,800,000 for the year 1922 has been submitted to the Presbyterian General Assembly. This is an increase of \$209,000 over last year's estimate. The debate is now proceeding.

The vote of church union, one of the most important questions to be taken up by the assembly, will not be reached until next Monday, it is expected.

TWO MEN BELIEVED DROWNED IN FRASER

Old Man Aged 80 Swam Ashore While Other Two Believed Lost.

CHILLIWACK, June 7.—John and Roy Gregg are believed to have been drowned in the Fraser River on Sunday afternoon. The two men, with John Knox, were crossing the river to an island to attend to some stock when their boat upset. Knox, who is 80 years of age, swam to the island and was rescued yesterday afternoon. There is no trace of the other two men.

REINDEER AND MUSK OX WILL BE RAISED

Dominion Government Has Reserved Lands in North For Purpose.

OTTAWA, June 7.—That the Government intends to take action on the report of the commission which investigated the possibilities of musk ox and reindeer raising in Northern Canada was intimated in the House of Commons on Saturday by Premier Meighen. Certain lands will be reserved for the purpose.

FLOOD DEATH TOLL

PUEBLO, June 7.—The death tolls from the floods this morning reached fifty-five persons.

RED CROSS

A public meeting will be held in the Council Chamber, City Hall, on TUESDAY, the 7th inst. at 8 o'clock. All parties interested in the Red Cross National Crusade for good health are invited to be present.

LLOYD GEORGE IS ON THE SICK LIST

LONDON, June 7.—Premier Lloyd George is suffering from a chill and overwork and has been ordered by his physicians to take a complete rest. All his business and state engagements have been cancelled.

**Britain Facing
Delicate Problem.**

In the matter of a renewal of the alliance with Japan, which is to be taken up soon by Great Britain, there will be a delicate question involved for the latter country. Japan has nothing to lose in the making of the treaty for it will conflict in no way with any of her other alliances. On the other hand, Britain is not in such a position and, even though the renewal of the treaty may be a very desirable accomplishment as far as her relations with Japan are concerned, she has another friendly nation to consider. That nation is the United States. For some years past, and even at the present time, there has been little friendship lost between the United States and Japan and the two countries have been prone to treat each other with a certain amount of coolness. In fact a jealousy seems to exist. The result of Britain's turning down the alliance with Japan can plainly be imagined and, at the same time, too much friendly show with her might be like treading on the toes of the United States. The settlement of the question satisfactorily and the retaining of the good feeling that prevails between Great Britain and the United States and, simultaneously, with Japan is going to require a good deal of diplomacy and careful statesmanship. Happily the question might result in the forming even of a better understanding between the United States and Japan.

**Stewart Will Be
Hub of Mining.**

From present indications, it would appear that Stewart, this season, will be the hub of the mining activities of the north. In the past few weeks there has been a good deal of activity on the outside in the matter of financing a number of mines in that district and, shortly, the work of proving them will commence. In addition, of course, to all this work of a smaller nation, the Premier Gold Mining Co. has settled its strike and mining will resume as well as the big job of getting the tramway built this season. Thus Stewart, in the next few months, will doubtless be a busy place and will keep a large number of men employed. The work there will reflect indirectly on this city.

**Central Interior
Taking Its Place.**

The central interior is steadily filling up with settlers and there is a great period of prosperity in store there, judging from reports that are being received from persons who are studying conditions on the ground. Terrace, Telkwa, Burns Lake, Vanderhoof and Prince George are becoming important centres of agriculture and there is a good deal of activity in other lines. Around Terrace, Smithers, Burns Lake and Fort Fraser there is a good deal of speculation as to the mining possibilities. Terrace has its copper and oil prospects, Smithers, the Hudson Bay and Babine mining fields; Burns Lake, oil possibilities, and Fort Fraser, coal indications. Besides, at Prince George, there is a big pulp and paper proposition which is rapidly advancing out of the state of possibility into accomplishment. With agriculture as a stable and established industry and all these possible developments in other lines, there is good reason to believe that the central interior will soon take its place as a district second to none in commercial and industrial importance to other older and more advanced sections of the province. And thus again Prince Rupert, as the seaport, should benefit to a great extent.

**PRINCESS ALICE IS
MAKING SPECIAL TRIP**

Returning Will Have First Passengers of Season Outgoing From Far North.

The C.P.R. steamer Princess Alice will reach this port on Friday morning making a special run to Alaska ports on account of the heavy traffic that is offering out of Vancouver now for the Yukon and Alaska. The Princess Royal, which will open the regular summer schedule and will arrive here next Monday morning, is already booked up completely and it is

on account of the overflow that the Alice has been commissioned for the run. When the Alice returns from the North she will have on board the first passengers of the season from the Yukon. These passengers have spent the winter in the far North and this will be the first opportunity afforded them of getting out.

The police has been instructed to see that the all night taxis in the vicinity of Gomox Avenue is discontinued. As long as the question does not become vexed the city council has decided not to bring in formal legislation in this regard.

**No Return Of The Trouble
Since Taking "Fruit-a-tives"**

103 CHURCH ST., MONTREAL.
 "I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-tives", and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

**STREET EXPERT
HAS ARRIVED**

Wednesday Afternoon Council Will Decide on Policy of Work.

On Wednesday evening, the city council will meet in special session to again go into the whole question of the down town street surfacing scheme. Harold Thackeray, an expert in this line of work, has been brought here by the city to superintend the work, having arrived on Sunday night from the south. Yesterday he spent the most of the day with Mayor Rochester in going over the streets and, at the council meeting last night, the Board of Works, through his recommendation, asked that a scrapper, costing \$1816, and a road grader, \$712, be purchased. On motion of Ald. Parker, seconded by Ald. Silversides, it was, however, decided to hold the matter over until the special meeting on Wednesday so that the council may have an opportunity to acquaint itself more fully with the policy that is being adopted in carrying out the work. Speaking of the desirability of purchasing the machines, Mayor Rochester stated last night that Mr. Thackeray had stated that it would be impossible to go on with the work without them. While an outlay of some \$2500 would be involved the mayor felt that it was necessary and the work might as well be started right.

Wanted Policy.

Ald. Silversides asked what the policy of the Board of Works was to be in doing this street work. Had it decided to do it itself or had contract work been considered?

Ald. Kerr, chairman of the Board of Works, stated that the board had always felt that the putting on the rock would have to be done by the city itself. Contracts could be let for the crushing of the rock at Smith Island and the towing of it to the city but the road actual building could never be done satisfactorily on the contract basis. There would only be a very few men required in this work, anyway.

Ald. McNeill emphasized the fact that whatever plan was adopted the city would have to buy these machines.

Ald. Silversides still insisted that there should be some policy set out before the machines were purchased. Ald. Frizzell felt that the work might well be done by contract. Ald. Parker was of the opinion that the council should not authorize the purchase of the machines on the strength of a fifteen minute consultation that the Board of Works had had with the new superintendent. Anyway, when the order was placed there would be no delay in getting the machines here and he thought that they would arrive in plenty of time so that the work would be not delayed on this account.

In urging that the matter be laid over, both Ald. Parker and Ald. Silversides made it clear that they meant no reflection on the Board of Works.

**Ten Years Ago
in Prince Rupert**

*The a cion brought by F. H. Nelson against Lynch Bros, for damages in the county court yesterday before Judge Young for wrongful dismissal and wages amounting to \$122.25 was dismissed with costs. W. E. Fisher appeared for the plaintiff and A. M. Manson for the defendant.

The house numbering committee of the city council last night reported that they recommended the tender of L. Bullock Webster be accepted for the work of numbering the houses in Prince Rupert, at the price of 20 cents per number. The recommendation was adopted.

The latest industry to be started in the city is the installation of a special electric plant to make ice cream, by C. H. Orme, the well-known druggist. Mr. Orme, who in the past has been importing this delectable delicacy from Vancouver and Seattle, feels that the time has arrived when the many patrons can best be served by making the ice cream fresh on the spot.

PRINCE RUPERT TIDES

Tuesday, June 7.

High— 1:39 a.m., 22.8 feet.
 15:35 p.m., 20.1 feet.
 Low— 8:18 a.m., 1.0 feet.
 20:22 p.m., 6.1 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 6 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as *the* smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—*more tobacco for the money.*

HEADACHES
Make Life Miserable

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head. There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist. The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lanlan, Owen Sound, Ont., writes:—My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and am glad to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy.

B. B. B. is put up only by the T. Mulhain Co., Limited, Toronto, Ont. Adv.

Among the passengers leaving on the first trip of the Pachena, Captain Swanson, for Stewart early this morning were W. J. Crawford and George Clothier.

A letter was read from C. W. Peck, M. P., at last night's council meeting advising that the "Opium Act" had been amended by the Dominion Government to practically meet the recommendations of the Vancouver city council which were also endorsed by the Prince Rupert council. The new act will provide for stiff punishments for those engaged in the traffic and medical attention for addicts.

In reply to an enquiry from the city council, Col. C. W. Peck, M.P., in a letter to the council read last night, intimated that he had brought the matter of more grants for Soldiers' Housing to the attention of the pensions' and re-establishment committees of parliament and understood that they were favourably inclined. There had been however, no report brought to parliament yet by these committees on the matter.

Colliery Company Sinks Shaft into Property on Fraser Lake by Railway

FORT FRASER, June 6.—The Fraser Lake Collieries, Ltd., is sinking a shaft on the shore of Fraser Lake about five miles from here, in spite of the fact that the company has as yet no title to the land. A new seam has just been struck of better coal than has ever yet been found, but its thickness is not as yet proved. It is a bituminous coal.

The officials of the company say that Premier Oliver, at the time of the election, promised that they should have the reserve lifted on the property and on the strength of this they went ahead and started development work. Now they are without title, for the Government has so far refused to cancel the reserve. They have so far spent about \$5,000 in development work.

There are a number of outcroppings of coal along the lake shore close to the railway, but they are more or less broken in character. A mile from the lake there is another important outcrop, all of fairly good quality coal. As the company works the mine and gets farther below the surface they expect the quality of the coal to improve.

APRIL REPORT OF FIRE CHIEF GOES BACK TO COMMITTEE

The report from the Fire Chief for the month of April was received by the city council last night but, as it involves the purchase of uniforms and no recommendation in that matter was made, it was decided to turn it back to the Fire Committee for its further consideration.

During the month of April there were 10 calls to the fire department. Outside of a fire on a gas boat, the extent of the damage of which was not known, there had been no loss from fire during the month. The expenses of the department had been \$1,230.01.

The Fire Chief recommended that seven uniforms for the department be purchased.

Unaffected by Time

More and more are appreciating the diamond as one of the very things that escape the ravages of time.

Custom is wise, therefore, in decreeing the diamond as a betrothal symbol. Fifty years hence it will be just as beautiful as on the day it was purchased.

Birks' Diamonds are favorably priced because of buying power.

LANDING FLOAT AT SALT LAKES CARRIED AWAY

Total Loss, Swimming Club Decide Permanent Pile Wharf is Only Plan to Adopt.

Deciding that a landing float at the entrance to the Salt Lakes is not going to be a stable proposition, the Swimming Club, at its meeting in the police court chambers last night, decided to call for estimates for the driving of piles and the building of a permanent and stationary landing. The only expense involved in this, it is expected, would be the driving of the piles for the members are ready and willing to donate their labor to the actual building.

It was reported at the meeting last night that the float on which the members spent so much time and did so much work this spring was carried away by the high tide of last Sunday and, being washed up on the shore in the creek, had been smashed up again. This occurrence, in large measure, caused the decision against installing such another landing. It is believed that the float was allowed to drift by one of the larger boats which visited the place, the captain not taking the trouble to see that it was secure on his leaving.

PROFESSIONAL GOLF PLAYERS START ROUND

Twenty-two from United States and Britain Commence at Gleneagles.

GLENEAGLES, June 7.—British and United States golfers today began the first qualifying round of the Thousand Guineas professional tournament here. There were twenty-two from both countries.

BENNY LEONARD WAS BEST FIGHTER IN THE OPINION OF EXPERTS

HARRISON, New Jersey, June 7.—Benny Leonard last night defended the lightweight title against Rocky Kansas of Buffalo. There was no decision by the referee as the giving of such is illegal in New Jersey. Experts at the ring side, however, decided Leonard had cleverly out-pointed Kansas who fought aggressively all the twelve rounds before thirty thousand fans.

SAM DARLING, HORSE TRAINER, HAS PASSED

Trained Two Winners of the Derby Classic in His Day.

NEW YORK, June 7.—The news of the death of Sam Darling, the noted English trainer of race horses, has been received here. Darling died recently at Bookhampton, Wiltshire. In his day he had trained two winners of the Derby, the greatest turf event of the world.

CAR DRIVERS ASKED TO PASS OTHER WAY WHEN BALL GAME ON

At the meeting of the city council last night, it was moved by Ald. Parker, and seconded by Ald. Kerr, that the city engineer be authorized to spend enough money to complete the getting of the playground at Sixth Avenue and McBride in shape for the use of the children. The work that yet remains is the spreading of cinders on the ground.

A request is also to be made to drivers of all cars that when juvenile League baseball games are in progress on Seventh Street that they refrain from driving their cars through that street so that the games may not be disturbed. This matter was brought up by Ald. Frizzell, who stated that, besides disturbing the games, the driving of cars through there was dangerous to the small players and the spectators.

Boxing gloves were laid on the shelf yesterday in Jack Dempsey's training camp at Atlantic City and all work has been ordered suspended for four or five days because of an ugly gash over the champion's left eye which opened up on Sunday in the wind up of the hardest day's work he has engaged in since coming into training at Atlantic City. A stitch was made close to the wound on Sunday night. The cut was first made ten days ago when the champion collided with a sparring partner during a mix-up.

Britain is showing the skill of her superiority at golf in an undecided manner at the tournament which is in progress at Gleneagles, Scotland. Yesterday her players won the foursomes competitions as a part of the International match. The next big golfing event will be the British open (International) championship matches which will be held at St. Andrew's, Scotland, opening June 20, and her players are determined that they are going to show the rest of the world how golf is really played when they enter.

The death of Charlie Embleton will prove a great loss to local sporting circles. Himself a baseball player, he was always enthusiastic and ready to support anything in the line of clean and manly sport and showed his spirit in a concrete way. He was associated with baseball leagues in the city for ten years and in the early days was one of the valuable players. Having been off the field for some years, this season he was again entered with the Elks' baseball team in the City league and was one of their reliable, steady players. His passing will be a real loss to the aggregation and to baseball generally.

The following players will represent the Sons of England in the Senior League football fixture against the Sons of Canada tomorrow night: A. A. Easton, S. Darton, H. F. Wearmouth, H. Hamilton, H. Fanthorpe, G. Kelsey, H. Fanthorpe, G. Westwood, G. P. Tinker, H. M. D. Lambie, J. Farquhar, E. Craggs and L. Warren.

The Man in the Moon SAYS—

THE city clerk dampened a little of his enthusiasm for water sports on Sunday when he fell into the chuck off the Salt Lake float.

HE is such a humorist, himself, that everybody hopes that it looked as funny to him as it did to those who were standing around.

GEORGES CARPENTIER says he's going to do more than reopen that gash over Jack Dempsey's eye.

The old adage "Give him an inch and he'll take a mile" does not apply to barbers.

In fact one wonders if you told him to scalp you if he would give you a decent hair cut.

PERHAPS they don't know summer is here and are trying to protect the customer from getting a cold in the head.

THEN again, perhaps, they like your company and want you to call again soon.

HOWEVER, you might get the desired effect if you went to each barber in town the same afternoon and asked each time for a SHORT hair cut.

WANT AWNINGS ON STATION PLATFORM

The new station plans were again laid over for a week by the city council last night so that they may be taken up with the railway officials here. The council seems to be highly satisfied with the plans and the only recommendation brought in last night was that the platform be provided with awnings so that passengers alighting from the trains may not get wet if it is raining.

JUNEAU MINE NOW CLOSED

American Gastineau Company Ceases Mining Permanently.

JUNEAU, June 6.—The mine and mill of the Alaska-Gastineau Mining Company ceased operations permanently last Thursday. Dismantling of the plants has already commenced.

In making a statement, Mr. Geo. T. Jackson, general manager, said:

"Owing to the heavy rainfall of last Sunday, coupled with the warm weather of the past two days, so much water has come from the hills to the Perseverance mine we have been unable to handle it with out pumps, so the mine and mill will be closed."

"We had previously announced that we would operate through June," he continued, "but with this question of water confronting us we received orders to close down at once."

"The paper mills will be built Thane, for sure," he concluded, "but the actual date of the starting of the construction has not as yet been determined."

With the closing of this property a number of men will be thrown out of employment but it is thought that many will be retained for dismantling work.

CUBAN CHILD MAY HAVE BEEN VICTIM OF WITCH DOCTORS

HAVANA, Cuba, June 7.—

Provincial authorities are conducting a searching investigation into the mysterious disappearance from his home on a ranch near Guantanamo of Conrado Martinez, aged 5 who it is reported, may have been a victim of witch doctors.

Three men and a woman are being held without bail for examination, one of them being known locally as a "healer" and seller of patent medicines. The aunt of the missing lad, his sole relative, says that his sister disappeared a year ago under similar circumstances.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

PRINCE GEORGE

The plans of the local station were approved by the Board of Railway Commissioners on May 3. It is understood. This information was obtained by George Fenwick, secretary of the Prince George Board of Trade, communicating with the secretary of the Railway Commission. The latter stated that there is no information as to when the work would start, but that the station has to be in operation by August 1, of this year.

The Rose Ball held on Thursday night in the Ritts-Kiffer hall by the Ladies' Auxiliary of the hospital, was a pronounced success. This is an annual affair and the ladies of the society are to be congratulated upon the success of their efforts. Under the capable presidency of Mrs. Dixon, the hall was transformed into a veritable fairyland, a mass of roses and colored draperies giving a most delightful effect. There was a large attendance, and dancing was carried on until the small hours of the morning.

The trial of Allan Haynes, president of the Prince George Mercantile Co., successors to the old Prince George Co-operative association, opened Thursday before Judge Robertson in the county court. The charge is one of failing to account for certain monies of the company due from promissory notes. The case was adjourned until June 10. W. P. Ogilvie is prosecuting and P. E. Wilson appears for the defendant.

DECIDE ON PRICES FOR SALMON HERE

Meeting Canners in Vancouver Last Friday Announces Prices.

VANCOUVER, June 7.—A meeting of the salmon canners operating in northern British Columbia, known as District No. 2, decided Friday that the prices to be paid the fishermen during the coming season, for sockeye salmon, shall be:

On the Skeena and Naas rivers, 30 cents per fish, if caught with private or independent gear, and 30 cents per fish if caught with cannery gear. On Rivers Inlet, Smiths Inlet and Fitzhugh Sound, 35 cents per fish, caught with leased gear.

TERRACE

Work has started on the completion of the road from the head of the Lakelse lake to the hot springs hotel. This road will run along the east side of the lake a distance of about four miles and will enable passengers and freight to reach the hotel by land without it being necessary to take the launch, which has been the only means of reaching there in the past. It is not expected that motor cars will be able to use the road this year however.

Ole Dale is the latest farmer to go into the honey producing business. Ole received his hive of bees on Sunday from the Coast.

A small but appreciative audience attended the concert given by the Leslie Grossmith Co. on Tuesday night. The programme which was made up of piano and violin numbers, and an abridged version of the "Private Secretary," was greatly enjoyed.
