British Coal Mines Again Operating

GREAT EFFORTS ARE NOW BEING MADE TO SETTLE THE IRISH QUESTION

Fort Norman Party Reaches Dawson and Tells of Conditions in Country; Immense Area on River Is Staked

DAWSON, July 5.—The Fort Norman oil recently struck is high grade and did not freeze during the 58 degrees below zero weather of last winter, according to the account given by the party headed by James Macdonald which reached here from Fort Norman on Saturday. The men proceeded on toward Edmonton today to record their claims.

The Fort Norman oil flowed like water when exposed to the air, indicating, the party believes, the feasibility of a pipe line to the coast.

The Imperial Oil Company's well is down 875 feet and is a genuine gusher. While dormant it exerted a pressure of forty pounds.

By the time the party reaches Edmonton it will have travelled 2500 miles. The members left for Dawson when the ice broke up on the Mackenzie River on May 12. Ice was piled fifty feet high along the shores for a hundred miles.

Speaking of the conditions under which they wintered at Fort Norman, the members of the party said most lines of food in the stores ran short but there was plenty of tea and flour. The dogs had to be fed canned salmon and herring, averaging a cost of six dollars a day for each dog.

Much staking of claims had been done. Up to the time the party left, the ground staked extended on both sides of the river for twenty miles to a depth of ten miles.

LIQUOR SALE BRINGS MANY TO VANCOUVER

Ten Thousand Americans Visited City for Holiday at Week End.

VANCOUVER, July 5.—Ten thousand people visited this city from Washington and Oregon points for the week end holiday and as a result the liquor vendors did a record day's business. Many came in by auto, there being a constant stream of cars coming and going on the road between here and Seattle. Miners came by train.

This is the first occasion on which the liquor selling on this side has proved a particularly noticeable attraction.

PROMINENT MINING ENGINEER DROWNED

Alex. Faulds Fell Into Stanley Park Reservoir Yesterday.

VANCOUVER, July 5.—Alexander Faulds, aged 70, former inspector of mines for the provincial government, was drowned in the Stanley Park reservoir when he became dizzy and toppled over the embankment.

In 1909 Mr. Faulds investigated the Fernie mine explosion for the Dominion government. Of recent years he has been following his profession of mining engineer privately. He was quite prominent in mining circles of British Columbia.

FUNERAL OF THE LATE MRS. HOLMBERG WAS HELD THIS AFTERNOON

The funeral of the late Mrs. A. A. Holmberg, who died last Friday, took place this afternoon at 2 o'clock from the B. C. Undertakers' Parlors, Rev. W. W. Wright officiating. There were a number of friends present to pay their last respects to the deceased lady before the remains were interred in Fairview Cemetery.

Mr. and Mrs. James Hutchinson, parents of Mrs. Holmberg, and Miss Edith Hutchinson, a sister, reached here from Chilliwack on Sunday night to be present at the funeral.

Among the floral offerings were pieces from the following: Railway Mail Clerks, Mr. and Mrs. C. M. and Mrs. J. L. Mackintosh, Mr. and Mrs. L. Styles, Mrs. and Miss McRobbie, Mr. and Mrs. H. R. Hill, Mr. and Mrs. A. Clapperton, Post Office Staff, Fred Jondry, Mrs. M. Peterson, Mr. and Mrs. M. McArthur, Peter Gamula, St. Andrew's Society, Mr. and Mrs. Glennie and Mrs. J. Ross.

Another Mining Company Commences Operations in Kitsault River District

ALICE ARM, July 5.—This camp has taken on a new lease of life this week with the arrival of the officials of the Consolidated Homestake Mining and Development Co. to start operations on the Homestake Group on the Upper Kitsault River. This company is composed of British Columbia investors and has its head office at Vancouver.

The party is in charge of C. H. Gerhardt and will begin operations as soon as camps can be established and materials can be delivered on the ground. It is the intention of the management to install a compressor and carry on active mining operations by driving a 200-foot tunnel cutting the main surface lead at depth. In the meantime, hand drilling is to be carried on.

HUDSON'S BAY CO. POWER SCHOONER IS HERE ON WAY NORTH

The Hudson's Bay Company motor schooner, Lady Kindersley, Captain Fuellmer, reached here yesterday afternoon about 3 o'clock to make a short call in this port and will be here for a day or so.

The Lady Kindersley is on her maiden trip for the company to Herschel Island and the mouth of the Mackenzie River, on a voyage which will take her several months. She will return south in October just before navigation in the Arctic Ocean, on account of the ice, becomes unsafe. The vessel is carrying North a very heavy cargo of oil, provisions, trade goods, river boats, powder and coal.

Among the passengers are Captain and Mrs. T. P. O'Kelly. Captain O'Kelly is well known in Prince Rupert and in fact all over the North. The skipper of the Lady Kindersley, Captain Fuellmer, is also well known here and was formerly master of the coastal freighter, British Columbia, before she was taken over by the Union Steamship Co. and renamed the Chilliwack.

PREMIER SMUTS ON PEACE MISSION IN IRELAND TODAY

LONDON, July 5.—General Jan Smuts, prime minister of the Union of South Africa, is in Ireland on a peace mission. Today he conferred with Eamonn de Valera and Arthur Griffith but the topics which were discussed are not known.

IRISH VICEROY WILL NOT LIVE DUBLIN CASTLE

DUBLIN, July 5.—Lord Fitzalan, the new Irish Viceroy, will not take up his residence in the state apartments of Dublin Castle. Normally the Castle besides being the seat of government in Ireland is the official residence of the Lord Lieutenant, and the Viceroyal Lodge is merely a sort of rural residence.

The Viceroyal Lodge is at present being redecorated and furnished for the reception of the new Viceroy. He will have no other residence unless, as Lord Dudley did, he rents one for himself somewhere in the provinces.

After the first year of the war, Dublin Castle was turned into a military hospital. The state rooms became dormitories and operation theatres. The hospital is now gone.

But the official residence has been absorbed by the growing necessities of Irish government. The place now swarms with clerks far exceeding in number any formerly employed in Irish administration. They have been recruited not from the ordinary Irish civil service but for the most part from across the Irish Sea.

All the most important officials live in the Castle. It is not safe for many of them to leave it since men employed there have been shot dead in the streets. There is, therefore, no room for the Lord Lieutenant.

It is understood that he intends to entertain much more freely than Lord French, but he will do so at the Viceroyal Lodge. There will be garden parties and musical parties instead of the old-time formal functions for which the Castle was famous.

SINN FEIN AND UNION CONFERENCE

LONDON, July 5.—Reports give promise of some result from the conference in Dublin between the Sinn Fein and the Southern Unionists, preliminary to the attempt to get the North and South together in London.

It is understood the Sinn Fein will show good faith by releasing Earl Bandon who was kidnapped June 21.

TERIBLE OIL EXPLOSION IN BIG REFINERY

Eight Killed Outright and Ten May Die Result Accident at Whiting, Indiana.

CHICAGO, July 5.—Eight men were killed and 36 were injured, ten so seriously that they may die, as a result of an explosion in the Standard Oil refinery at Whiting, Indiana. The property damage is estimated at \$2,000. Two steel oil stills burst and the brick walls enclosing them falling shot burning oil for two hundred yards trapping the night forces which were at work.

MAN FROM NORTH WEDS L'DY FROM EAST HERE TODAY

The marriage of Leo McCormack of Wrangell, Alaska, to Miss M. Wickshire of Kentville, Nova Scotia, was solemnized this morning at the Church of the Annunciation, by Right Reverend Bishop Bunz, who afterwards joined the wedding party at breakfast at the home of Mr. and Mrs. Martin O'Reilly. The wedding was a quiet one, only Mr. and Mrs. O'Reilly assisting at the ceremony.

Miss Wickshire arrived here on the train Sunday evening and Mr. McCormack on the boat the previous day. Mr. McCormack is in business at the northern port.

Mr. and Mrs. McCormack left for a short honeymoon trip before returning to Wrangell to live.

Some British Mines will Close for Good Others are Working

LONDON, July 5.—There is a general resumption of work in the coal mines everywhere throughout the country following settlement of the big strike which disrupted trade and caused much hunger and suffering. Some of the mines are in very bad condition and it will be a long time before they are ready for work. Others will probably close permanently. In former strikes it was the custom to allow the pumpmen to work and keep the mines ready for operation but this time an effort was made to have all shut tight.

The embargo on coal and coke has been lifted and the railways throughout the country have resumed their full schedules, but even there it will be some time before everything is on its former basis.

British Columbia Will Send Men to Prairies; Local Conditions Good

VICTORIA, July 5.—Two thousand men are to be sent from British Columbia cities to the prairie harvest fields, according to the plans of the Department of Labor, because of the serious unemployment in most of the cities, especially Vancouver, where four thousand men are registered at the employment bureau. The number of unemployed who are not registered is not estimated.

Asked as to the local condition this morning, J. M. Campbell said he did not think Prince Rupert would supply any of the prairie harvest men. There was practically no unemployment here. A few men had come in from the prairies on the last train

FOREST FIRES IN ONTARIO

Clouds of Smoke Make it Impossible to Estimate the Extent of Danger.

ONLY RAIN CAN SAVE BIG CONFLAGRATION

ENGLEHART, Ont., July 3.—Many forest fires are raging in northern Ontario and unless rain comes quickly there is grave danger of the whole of northern Ontario being wrapped in a great conflagration.

It is impossible to estimate the extent of the fire area owing to the great clouds of smoke.

SEAFORTH REGIMENT HAS THE BEST PIPERS

Won Blithen \$1,000 Trophy in Contest Among Five Bands at Seattle.

SEATTLE, July 5.—In the competition among five crack kettle bandpipe bands for the Blithen \$1,000 cup, the band of the 72nd Seaforth Highlanders, of Vancouver, was adjudged the winner.

FRENCH MAJOR IS KILLED IN SILESIA BY GERMAN CIVILIANS

LONDON, July 5.—A French major was killed by German civilians during a hostile demonstration in Benthin, Upper Silesia. The demonstration was in the form of a protest against a French battalion entering a town.

BUSINESS INCREASES AT LIQUOR STORES

VICTORIA, July 5.—A member of the liquor board here reports that business is increasing steadily at all stores.

NAVAL AFFAIRS ARE DISCUSSED AT CONFERENCE

Meighen Withdrawn Opposition to Discussion of Subject: British Views.

LONDON, July 5.—Lloyd George and the Dominion premiers have resumed consideration of the question of naval defence. Opposition to the discussion by Premier Meighen and others seems to have broken down. The Admiralty laid a confidential memorandum before the conference.

The British naval authorities and the cabinet have been insisting that the naval contribution of the Dominions to the Empire should be permanently fixed, subject of course to ratification by the Dominion Parliaments.

PRIZE LISTS SOON READY

Plans for Fall Fair Are Now Taking Shape—Airplanes Likely to Come.

The prize lists for the Northern B. C. Agricultural and Industrial Associations' fall fair will be ready for distribution in the course of a week's time and are now being rushed through by the printers. The new lists will be about the same size as last year's although there have been several changes in the classes and prizes.

This year a new plan is to be adopted in their distribution and instead of sending them out indiscriminately to the various post offices, proposing exhibitors will be required to communicate with the fair secretary requesting the number of copies they require for their localities.

It seems very likely that there will really be a hydroplane here as an added attraction at the forthcoming exhibition and two aerial companies are already in communication with the board with a view to bringing machines here. Final details have not yet been decided upon by the directors.

Fuller commercial and industrial exhibits will also form a feature of this year's exhibition. The board is considering the advisability of, this year, placing the commercial booths in the centre of the hall and giving the regular exhibits spaces along the walls.

Some British Mines will Close for Good Others are Working

Mrs. D. Rowley was among the arrivals from Alice Arm on the Camosun last night.

DAILY EDITION. Tuesday, July 5, 1921.

**Luke McLuke
Told Last Joke.**

Luke McLuke, the man who wrote a daily column of jibes and jests for the newspapers, has spun his last yarn. The feature was published by a large number of newspapers. This paper did not use it but now and then the Man in the Moon stole a joke for the edification and amusement of Prince Rupert readers. His column always had something in it to interest even the most sedate.

Luke tore the veneer from things and showed them in their true light. He often jeered at the girls and then again at the men. Old and young got their share. If he is gone to heaven he is probably making remarks about the angels. Should he be below he is telling Satan how he should wear his horns or asking why he does not pare his hoofs.

A few days before he died Luke wrote "If you could live your life over again, we'll bet that you would want to skip a lot of it."

**Why Kill Eagles to
Save a Few Fish.**

There is a bounty of a dollar each on eagles. For years it was suggested that a bounty should be put on these birds but without success. Now everyone who takes one to the proper government official may receive a dollar for killing it.

The eagle lives on fish sometimes. In some places the bird is protected by the state, but here the powers see no good in it. Even if it takes a few fish, so do many other birds and so do many animals. Why kill it? It has taken many an acorn to develop the eagle and now we want to destroy it. Some people would destroy all the trout because they eat the eggs and fry of the salmon. There are always people who would kill any living thing that did not make them money.

If only from an artistic point of view the eagle should be allowed to live. What is finer than to see the magnificent bird soaring in the air or hovering over its prey. Watch it chase the fish hawk and take the fresh caught fish from its claws. Kill it? No. Give the bird a chance. It has as much right to life as have we. If it eats fish, so do we. If it kills rats and mice, so do we. Give the fine creature a chance. The world is big enough for us all.

**What to do
On Dull Nights.**

There are in Prince Rupert dozens and possibly hundreds of men and women who are away from home. Many of them have nowhere to go to spend an evening except to the picture shows or clubs and they cannot go there every night. It becomes monotonous. It is this monotony that often drives men to do things which, under normal circumstances, their better judgment would guard them against. The same condition sends girls to places which, under other circumstances, they might consider questionable.

The desire for activity is strong in all normal people. Young people always want to be doing things. In Prince Rupert there is a lack of clean amusement and recreation for the dull evenings when outdoor life is not attractive.

**Library Would
Help Fill Need.**

A public library is needed today worse than ever it was, and there has always been a need for such an institution. Nearly a year ago those interested held a meeting and decided to try to secure a Carnegie Library for the city. This they failed to get. Perhaps this coming fall some other steps may be taken with a view to filling the need. A public library would educate and entertain many. It might be started in a small way and gradually build up. That is the course we have advocated from the first. At any cost we want a library and it is a standing disgrace to the city that it has long been without one.

 AND FURTHER TAKE NOTICE that application, under section 85, must be registered before the issue of such Certificate of Improvements.
 DATED this 15th day of April, A. D. 1921.
 LEWIS W. FAIRBROTHER.

**OCEAN FALLS
IS GOOD TOWN**

**Residents Seem Happy and
Everything is Peaceful and
Prosperous.**

(By Bert Finch.)
 OCEAN FALLS, July 5.—Over seven hundred employees are working full time at the Pacific Mills here, a plant of which the province may well be proud of for it exceeds Sturgeon Falls, Spanish River or Sault Ste. Marie and other big Ontario plants in size and production.
 At the present time, the falls are fully in evidence for the dam is overflowing one hundred and fifty tons of water a minute, a fall that has not previously occurred in years.

Ships Loading.

Last week the Admiral Line steamer Admiral Schree, took away two thousand tons of paper to Portland, Oregon, and the Union Australian steamer Warratta loaded over two thousand tons to Australia and New Zealand. The Canadian Government Merchant Marine steamer Canadian Rover has just completed taking on a cargo of similar size for California. Such shipments as these are continually being sent out and there is usually at least one large ocean vessel here loading.

Rents Low.

Rents here are very low and but \$12 to \$15 a month for the company for beautiful five and six roomed houses. The bungalows have every modern convenience to provide for the comfort of the employees.

One thing noticeable here is the prosperous look of each and every one of the residents. The men, women and children dress well and all look happy and contented.

The large store of the company, managed by H. Barker, does a surprising business. The hotel is always full of travellers, visitors and employees of the mill and H. McAllister, the manager, is most pleasant and up-to-date in his methods.

Little Disorder.

Very seldom is drunkenness ever seen here and the company has the name of being very strict in its dealings with alcoholic beverages and those who are, in any way, connected with their use or dispensation. Corporal Clearwater, of the Royal Canadian Mounted Police, has little opportunity to make arrests for misbehavior and Judge A. Tyson has a rather quiet court.

The streets and sidewalks, all made of plank, are kept in excellent condition and the floats for the smaller boats are very convenient and commodious. The fire apparatus of the town is modern and there is plenty of equipment.

Churches Thrive.

The churches here are doing good work and are filled to the doors every Sunday. The moving picture house, on week nights, puts on up-to-date pictures and the theatre is always well patronized.
 There is also a well-equipped hospital but there is little sickness, the most of the patients suffering only from minor injuries received in the woods and on the docks. There are very few accidents in the big mill.

Dr. Quinlan There.

Dr. W. J. Quinlan, who is well known to Prince Rupert people, is post master here. He is ever ready to oblige and has become alike popular with the residents and with visitors to the place. On the arrival of every big steamer, many tourists crowd off to take snapshots of the mill, the falls, the beautiful wooded mountains and many of these have occasion to meet the genial doctor.

Ocean Falls can be called the town of peace and prosperity for each are seen on every hand.

**IMMIGRATION CLAUSE
NOT CONTAINED IN JAP
TREATY NOW PROPOSED**

Premier Meighen, Through Secretary, Wires City Council to This Effect.

In reply to the cable from this city sent to Premier Meighen as a result of a resolution passed at last week's meeting protesting against the renewal of the Anglo-Japanese treaty on the grounds of immigration, there

was a cable read at last night's meeting from the premier's private secretary intimating that the present proposed pact had nothing to do with immigration matters. The agreement with Japan over immigration does not expire until 1923, it was stated in the cable.

*** PRINCE RUPERT TIDES ***

Tuesday, July 5.
 High— 6:44 a.m., 22.5 feet.
 13:37 p.m., 26.0 feet.
 Low— 7:24 a.m., 1.0 feet.
 19:28 p.m., 5.7 feet.
 Wednesday, July 6.
 High— 1:31 a.m., 22.8 feet.
 14:21 p.m., 29.5 feet.
 Low— 8:07 a.m., 0.5 feet.
 20:16 p.m., 5.2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

A protest from J. E. Gilmore against the petition for a temporary sewer for Blocks 5 and 7 Section 1, was received and filed by the city council last night. The petition has not reached the city authorities.

The city council last night decided to grant the use of the Acropolis Grounds to the Elks on August 3 for their Flag Day for the children provided suitable arrangements can be made with the football and baseball associations.

Chris Weston, who was just discharged from the General Hospital on Sunday, is back again in that institution the victim of an automobile accident which occurred this morning on Third Avenue, near Third Street, when he was struck this morning by a car.

PEACE TREATY WITH CHINA

Document is Based on Trade Agreement Recently Drawn Up Between the Countries.

SHANGHAI, July 5.—The treaty of peace which is reported to have been signed with Germany was based on the trade agreement under which Germany gives China a declaration in which she consents to the abrogation of consular jurisdiction in China.

Germany expresses her inability through force majeure to renege to China all her rights and privileges in Shantung, and undertakes the fulfillment of her obligations arising from the articles in the China section of the Versailles Treaty, the restoration to China of the German "gleis," and the reimbursement of the expenses for the internment of Germans in China.

It is provided that the nationals of either of the two countries have the right to travel, to reside, and to engage in trade in all places in the other country where nationals of a third nation are allowed to do so; that their life and property are under the jurisdiction of the local courts; and that they shall pay no imposts, taxes, or contributions higher than those paid by nationals of the country wherein they reside.

Tariff autonomy is to be subject to the proviso that nationals of one country shall not pay import, export, or transit duties higher than those paid by nationals of the other. Though provision is made in this article with regard to the customs duty on Chinese goods, China is still entitled to the privilege of applying Article 261 of the Versailles Treaty.

The German Government will assist Chinese students in Germany in securing their education or practical experience.

At the ratification of the Agreement, China's Trading with the Enemy Act lost its effect, and all German trademarks which have been registered at the Customs House also recovered their validity if registered again by the owner. As to the German imports into China, the custom duty may be paid according to the general tariff prior to the adoption of the national tariff.

It is further stated that in consideration of the fact that Germany undertakes to pay, in a lump sum, a portion of the war indemnity to the Chinese Government, China also agrees to cease, at the signature of the agreement, all further liquidation and after the ratification of the agreement, agrees to return to German owners all the proceeds from the liquidation of German property and all the German property still under sequestration. As to the Deutch-Asiatic Bank and the Chin Hsing Mining Corporation, the Chinese authorities concerned will discuss methods of settlement with the Bank and the Corporation themselves.

PLAYER'S

NAVY CUT CIGARETTES

Ten Years Ago in Prince Rupert

July 5, 1911.

The Board of Trade recommended to the city council last night that the proposed water and power projects for this city be dealt with individually and not be combined. Among those favoring this plan at the Board meeting were J. A. Kirkpatrick, M. P. McGaffery and L. W. Patmore.

Walter Warner, of Porcher Island, visiting here, predicts a great future for Porcher Island as a summer resort. He says that it has fine sandy beaches which will be suitable for bathing. There are also great gardening possibilities there.

William Templeman has declined the nomination for candidature in Comox-Allyn for the next federal election. He feels that the district should be represented by a man resident in it.

The Prince Rupert Merchants' Association was organized last night. The officers elected were: President, J. E. Merryfield; vice president, G. J. Frizzell; treasurer, J. J. Sloan; executive, Geo. D. Tite and W. P. Lynch.

GRANT FOR BAND MADE

City Council All Favor it if Finance Committee Can Arrange.

A delegation from the Great War Veterans' Association appeared at last night's council meeting to present a request that a municipal grant of \$500 be made to the band for the purpose of buying instruments. They were successful in gaining the favor of all the members of the council for the grant and the practical assurance from the Finance Committee that it would be made although there was a small "tempest in a teapot" as to the procedure of making it.

Sunday Concerts.

W. R. Love, spokesman of the deputation, outlined the history of the formation of the band and intimated that, if they were successful in obtaining the grant, they would be willing to put on a series of Sunday concerts wherever the city asked.

Mayor Rochester expressed himself as favoring the grant if the Finance Committee could provide for it and also suggested that some arrangements be made to provide for an admission fee to raise further funds.

Ald. Kelly was in favor of the grant being made on the spot by the council and moved a resolution to that effect. This was seconded by Ald. Silversides.

Finance Committee.

This brought objection from Ald. Dybhavn who stated that he was certainly in favor of the council thus supporting the band but felt that the usual courtesy should be extended to the Finance Committee in referring the matter to it.

Ald. Parker also felt this way regarding it and felt that there was no reason for stepping aside from the usual custom of making grants. He moved an amendment that it be referred to the Finance Committee and this was seconded by Ald. Perry.

Ald. Kelly then stated that the Finance Committee must know where it stood and he was going to stand by his original motion for the immediate making of the grant.

Ald. Parker took exception to Ald. Kelly's stand and stated that if Ald. Kelly intended to force his resolution he would vote against the grant altogether.

Varied Opinions.

Ald. McNeil thought that it would make little difference whether the resolution or the amendment passed for he was confident the band would get the grant anyway. Ald. Kerr was of the same mind. Ald. Frizzell also favored the grant but thought it should go to the Finance Committee first.

Finally after considerable discussion, Ald. Kelly changed his resolution to read that the city council favored the grant providing the Finance Committee could arrange it and this passed unanimously. Ald. Silversides seconded the new motion and Ald. Parker and Ald. Perry withdrawing their amendment.

The Great War Veterans' lineup for the Senior football fixture against the Callies tomorrow night will be as follows: Davies; Ross, Stewart; Lumsden, Griggs, Davis, Hardy, Deleourt, Harding, Main and Wiggins. Spares—Ross, Kirby and Young.

Miss Helen Graham, of Queen Charlotte City, arrived in town today and is registered at the Hotel Prince Rupert.

The Man in the Moon SAYS:-

DROUGHT in England, heat wave in Eastern Canada.....in Prince Rupert.

A GOLF player is pretty sure to win for he is likely to make the last hole under seventy.

SOMEONE suggests that the best clothes to wear here is duck. Tell him not to be a goose.

THE next problem to solve is how many thousands of miles of press matter was used in connection with the big fight.

DENPSEY is a lucky man. He saw himself as others saw him and he shall see him when the film is shown here.

IT is said the reason for the Mink Trap fly improvement was that the Indians got religion and insisted on the removal of the big dam.

THE big heat wave started to come this way, and then it forgot.

WHAT may be a crime for a man may be only a misdemeanor for a young woman.

WHEN talking about shoes, two rights always make a wrong.

NOW this is the truth. Just take it from me. Put the patch in your mouth And no, on your knee.

NOW that people are talking dress reform, it is suggested that the Sunday turkey should not be cut so low in the neck.

THE only car that does not need a horn is the one with the name in front "Dodge Brothers."

TRAIL RANGERS ARE ACTIVE ORGANIZATION

Boys Spent Dominion Day in Camp at Head of Shattalans Lake.

The Trail Rangers of the First Baptist Church held their regular meeting at their room in the church building last night, routine business engaging their attention.

The boys spent Dominion Day at Dinnawaplaquitt camp at the head of Shattalans Lake. Going up on Thursday evening, the boys pitched their tent and prepared for an early start next morning. They spent the time fishing and exploring. A number of trout were caught in the creek and in Woodworth Lake and a most enjoyable time was spent. They were taken to the lake in Assistant Tally Sutherland's boat. The Rangers were in charge of R. B. Linzey.

SIGHTED UPTURNED BOAT IN JAP INLET

Rev. W. F. Rushbrook, of the mission boat Northern Cross, has reported to the local police the sighting of an upturned and partly submerged Jap fish boat at Jap Inlet. An investigation was made and there were no signs of life on the boat but not far off there was another Japanese fishing boat with the crew aboard. The provincial police is awaiting further details to reach the city.

NO KETCHIKAN CELEBRATION

Rained So Hard Yesterday That It Was Impossible to Pull Off Events.

The Prince Rupert baseball players and the accompanying party returned this morning at 8 o'clock on the Pachena from their visit to Ketchikan. They left the northern town at 10 o'clock last night and had a good trip down although a heavy ground swell was encountered on the first part of the trip which had unpleasant effects on some of the party. On the whole the trip was thoroughly enjoyed.

The locals only had opportunity to play one baseball game, that one on Sunday night when they lost 3 to 2. The Alaskans kept the Rupert boys scoreless until the ninth inning when Vic Menzies got on first with a good clean single and was brought home by a three bagger from Clementson who stole home himself. Although there was only one man down at this stage, the Ketchikan pitcher was successful in striking out the next two batters thus ending the game. It was played on the new baseball field on the hill back of town which at the present time is rather soft. It can, however, be developed into a good field with further improvements.

Rained All Day.

The proposed Fourth of July celebration yesterday proved a dismal failure. It rained so hard all day that it was impossible to hold any of the proposed events and the committee thus lost a good deal of money. The only receipts were \$300 or so that was taken from the Sunday baseball game. An endeavor was made to have the locals stay over, but this was impossible for many of the players had to get back to their work in the city.

TENNIS PLAYERS LOST FIVE SETS OF EIGHT

Local Ladies Met With More Success Than Men At Smelter Town on Dominion Day.

Miss Betty Barrow, Miss Phyllis Jenks, T. R. Hooper and G. M. McKay, the local tennis players who visited Anyox, returned to the city from the North on the Camosun last night. They report having been accorded a splendid reception at the smelter town.

Three out of eight sets played at Anyox on Dominion Day were won by the local and they attribute their defeat in the others to lack of concerted play and practice. Miss Barrow and Miss Jenks were in excellent form but the men did not show up so well.

Ladies' Doubles.

Miss Barrow and Miss Jenks won the ladies' doubles from Miss Girard and Miss Stone. In the singles, Miss Barrow defeated Miss Stone and Miss Jenks was beaten by Miss Girard. In the mixed doubles Mr. Hooper and Miss Barrow defeated Mr. Manning and Miss Stone while Mr. McKay and Miss Jenks lost to Mr. Lee and Miss Girard. In the men's singles Mr. Hooper lost to Mr. Manning and Mr. McKay to Mr. Lee. In the men's doubles Mr. Hooper and Mr. McKay lost to Mr. Lee and Mr. Manning.

SIR TOM WINS

Seattle Yacht Retains Lipton Cup Defeating Vancouver Challenger.

VICTORIA, July 5.—The Seattle Yacht, Sir Tom, retained the Lipton Cup defeating Vancouver's challenger Patricia in the second twelve mile race of the series by two minutes. Sir Tom's time was two hours, seven minutes, thirty seconds.

Buy advertised goods and buy them from the local merchant who advertises.

Sport Chat

Ocean Falls has a Japanese baseball team which, it is said, with a little careful practice and coaching, might even rival in proficiency the well known Asahi team in Vancouver. It is managed by Mr. Oseki, a level-headed and shrewd coach, who gives a lot of time to training his boys. Last week this team played a very snappy game with the machinists which resulted in a win for the latter by a score of 4 to 3.

There is a lot of good baseball talent at Ocean Falls and the boys from the paper town are very anxious to have a match with the Prince Rupert team at an early date. Already they have invited the locals down and are awaiting an answer to the challenge. Ocean Falls is known to be a very hospitable town and many of the local baseball officials have expressed their desire of making the trip. With the annual Ketchikan games over and Anyox and Alice Arm also visited it is now likely that definite steps will soon be taken to arrange the return match with the Falls which Prince Rupert has owed for a couple of years.

Last week a big fellow from Swanson Bay blew into Ocean Falls offering to bet \$300 that Carpenter would knock Dempsey out in seven rounds on Saturday. Two eager lakers were ready with the cash to cover but the Swanson Bay man took cold feet and when it came time to put up the money, the visitor was not there.

A billiard contest is now in full swing at the hotel at Ocean Falls and splendid play is to be seen there nightly. There are a number of classy players and competition among them is very keen. It is likely that if the Prince Rupert ball team goes there a billiard tournament between the two towns could also be arranged at the same time, as was done at Anyox. It would not be necessary to go out of the baseball team for the talent, either, for there are some good players such as Shakespeare, Easson and Anderson who would be able to take part if the more strenuous game does not effect their execution with the cue.

The local baseballers blew in suddenly to Alice Arm last Saturday afternoon and found the players of the silver camp scattered in all directions. However, the Alice Arm boys are ever accommodating and never miss a battle so a team was improvised and a few hurried instructions were given to one or two of the members to hold the bat with the trade mark up and the route to run around the diamond was shown. Then the game was played by Camp Jimmie McAlennan and the players wet to battle, "Doohey" Falconer being in the box for Alice Arm. Errors, it is reported, were very plentiful including a balloon throw of Lidstone's to first, allowing the runner on third to get home. Cant, another local player, who was safe on third on a passed ball to the catcher, commenced going back to second and, starting to quibble, was meekly tagged out. By losing this game by a score of 14 to 7, Alice Arm suffered her first defeat of the season. The Prince Rupert boys were able to connect with the Alice Arm battery and the fielders of the home team misjudged several high flies.

POWER OFFER NOT EXTENDED

City Council Adopts Report Utilities Committee Against Extension, Reconsideration Allowed.

A recommendation of the Utilities Committee disapproving of the extension of time until March 8 next year for the acceptance by the Prince Rupert Pulp and Paper Co. of the city's offer to supply 500 horse power of energy at \$25 per horse power year was adopted by the council. Aldermen Parker, Dybhavn and Kerr voting against the report.

In speaking of the report of the Utilities Committee, Ald. Perry stated that the committee had decided on the recommendation in view of the uncertainties of the demands that might be made on the city for power in the meantime. Ald. Kelly moved the adoption of the report and Ald. McNeill seconded it.

POWER OFFER NOT EXTENDED

Ald. Parker said that he was opposed to the adoption of the report. The Prince Rupert Pulp and Paper Co., he said, was making an honest attempt to establish a large industry here and he believed that the city should support it in the way of extending the time for accepting the city's offer for power. It would mean a large pay roll here and he thought the city should meet the company half way. Eventually a large pulp plant might be operated and there was a possibility that the company might go into the power business itself and then be able to supply to the city.

POWER OFFER NOT EXTENDED

City Council Adopts Report Utilities Committee Against Extension, Reconsideration Allowed.

A recommendation of the Utilities Committee disapproving of the extension of time until March 8 next year for the acceptance by the Prince Rupert Pulp and Paper Co. of the city's offer to supply 500 horse power of energy at \$25 per horse power year was adopted by the council. Aldermen Parker, Dybhavn and Kerr voting against the report.

In speaking of the report of the Utilities Committee, Ald. Perry stated that the committee had decided on the recommendation in view of the uncertainties of the demands that might be made on the city for power in the meantime. Ald. Kelly moved the adoption of the report and Ald. McNeill seconded it.

Honest Attempt.

Ald. Parker said that he was opposed to the adoption of the report. The Prince Rupert Pulp and Paper Co., he said, was making an honest attempt to establish a large industry here and he believed that the city should support it in the way of extending the time for accepting the city's offer for power. It would mean a large pay roll here and he thought the city should meet the company half way. Eventually a large pulp plant might be operated and there was a possibility that the company might go into the power business itself and then be able to supply to the city.

Financing Project.

Ald. Dybhavn was of the opinion that the attitude of the committee in making the recommendation was not right. If this action were taken it might terminate the whole proposition of establishing a pulp mill here. The company was now financing its project and he felt that it should be dealt with as leniently as possible.

Ask Reconsideration.

Just before adjournment of the council, Ald. Parker suggested that the question be reconsidered at next week's council meeting and a resolution to this effect was moved by Ald. Silversides, seconded by Ald. Frizzell, and carried unanimously.

SCOTTISH WON.

FORT WILLIAM, July 5.—The Scottish footballers defeated Fort William yesterday by a score of seven to one.

HOSPITAL MATRON AT SMITHERS AND WELL KNOWN RANCHER WED

Mr. and Mrs. Louis L. Devoin
Are Spending Honeymoon in
Prince Rupert.

The marriage took place at the General Hospital at Smithers on Sunday morning at 7:30 o'clock of Miss Everleigh, former matron of the Smithers' hospital and Louis L. Devoin, a well-known rancher of that district, Rev. William Deans, of Telkwa, officiating. Mr. and Mrs. Devoin reached here on Sunday night on the first lap of their honeymoon trip and are still in the city.

Both bride and groom are well known and popular in the North. Mrs. Devoin came to Smithers some months ago to take charge of the hospital in the railway town. Mr. Devoin is a real old timer of the central interior and was at one time a proprietor of one of the Hazelton papers. Later he went to Smithers and near that town has established one of the finest farms of the district, supplying the town of Smithers with milk and other dairy requirements.

CONFERENCE WITH IRISH OF STATES

DUBLIN, July 5.—Views were exchanged and certain agreements reached at a conference of representatives of Irish Republicans of the United States and Southern Ireland. The conference adjourned until Friday.

CHINESE KEEP FISH ALIVE IN CRATES UNTIL THEY ROT

VICTORIA, July 4.—An unpleasant picture of the unlawful and insanitary condition of certain fish crates, lying sunk in the waters of the Inner Harbor, and moored to a raft at the foot of Herald Street, was outlined by Dr. Arthur G. Price, City Health Officer, in the city police court yesterday. The occasion was the prosecution of Roy Yick, under the provisions of City By-law 314, W. W. Northcott, J.P., after hearing the evidence, and the defence of the accused that the fish in question belonged to certain Japanese, who had left the crates at the raft, reserved judgment until today.
Roy Yick was formally charged with unlawfully keeping fish alive in crates in the waters of the Inner Harbor, contrary to the by-law cited above. He pleaded not guilty, and said the fish were not his, but had been brought to the raft by Japanese fishermen.

Mostly Rock Cod.
Dr. Price testified that he went to the raft owned by the defendant last Saturday morning. The raft was moored to the shore of the Inner Harbor, at the foot of Herald Street. A number of crates, floating with their tops level with the surface of the water, were tied to the raft. In each of these crates, fish were swimming about. The fish were mostly rock cod.

Bad Conditions.
Some of these fish were in a very bad condition, said the doctor. He took one fish as a specimen of what they were at the worst. He produced the fish in court. It was almost dead when he saw it on Saturday. It was blind, the eyes turned white, and was blindly and feebly washing about on the surface of the water. There were many other fish in the crates in a like condition. He could only hazard a guess as to how long the fish had been there without food; but it would not be less than a week. Such fish would be quite unfit for human food.

Thomas Lancaster, City Sanitary Inspector, described the rafts used by the Chinese fish dealers in the Inner Harbor. He said that they were built of logs, with buildings on them for the cleaning and storing of fish. The crates were made of lath. The Japanese fishermen brought in the fish to the Chinamen, who were supposed to kill the fish and store it in ice.

Ownership.
Mr. Northcott said that there was no doubt there had been an infraction of the by-law, and a serious state of affairs had been disclosed; but the question in the case was the ownership of the fish. City Prosecutor Harrison submitted that under the by-law the defendant, who owned the raft, was responsible for the condition of the fish kept there. Mr. Northcott said he would reserve his judgment.

ANCESTRAL HOME IS PRESENTED TO HAIG

LONDON, July 4.—Bemersyde, near Melrose, Scotland, the ancestral home of Field Marshal Earl Haig and from which he takes a part of his title has been purchased by Public subscription and has been formally handed over to him. His lordship in a moving letter of thanks, says: "An old dream of mine, rather than a hope has been realized in this gift."

Joe Morrison, the first baseman for the Elks, left yesterday on the Princess Alice for Ketchikan where he will spend the week.

SMITHERS

Dr. E. G. Arthur, provincial inspector of hospitals, visited here last week and complimented the local institution on the enviable record it had established in a medical and surgical way among the hospitals of the province.

The citizens of Smithers at a meeting last week decided that a liquor warehouse should be established at this place. The question of incorporation has also been revived.

W. H. Doodson has announced that a larger and better equipped cold storage plant will be erected on the site of the one which was destroyed a fortnight ago by fire. It will be in operation by the end of August.

D. D. Munro and T. A. McMartin made a trip last week to Ootsa Lake.

Mr. and Mrs. L. S. McGill have left for a fortnight's visit to Vancouver and Victoria.

The citizens of this place plan to provide more fire protection for the town and estimates have been called for the erection of a fire hall. J. S. Kennedy has been elected fire chief and D. C. Sangster, F. Ockleshaw and H. G. Windt have been nominated for fire warden.

PRINCE GEORGE

Staff Captain Jaynes, of the Salvation Army, visited here last week and has established a corps of the organization in Prince George.

Land sales in the local office of the Battenbury Land Co. are reported quite brisk by the manager, L. Vibbard. Among the purchasers during the past week: Dr. K. Ewart, William Sherman and Jack Pearson.
