Dominions Not Prepared to Assist.

Writing to the London Times, Professor Borriedale Keith, of Edinburgh University, says the process of development of Imperial relations was inevitably accelerated in an unprecedented manner by the formation of the League of Nations. The Dominions were thus compelled at a much earlier date than had been anticipated to assume a status for which they were not fully prepared, a fact which Mr. Fielding has emphasized more than once in the Canadian House of Commons.

Broader Viewpoint International Relations.

Imperial relations, therefore, are now in a transitional state, which may be of considerable duration, and the immediate problem for the Imperial Conference meeting next month is to seek to devise some reasonably effective way of co-ordinating Imperial foreign policy.

PILES

Are Generally Caused By
CONSTIPATION.

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery.

Ninety per cent. are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are classed under three headings, i.e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

ointments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed.

Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles.

They contain no cathartics or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not gripe, weaken or sicken.

Milburn's Laxa-Liver Pills are 25c a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The Man in the Moon SAYS:

A special twenty-day sale at bargain rates has been declared by the local blind pigs. After June 15 we'll be able to buy our liquor at the government store.

THERE'S a reason why so many conventions will be held in B. C. this summer, and they won't be all Methodist conferences either.

DID you ever stop to think how far a law abiding eastern toper will travel to buy a few drinks legally?

UNDER the importation law the railways had it all their own way. With the advent of Government Control what they lose in the express car will be made up in the passenger coaches.

FIRST a launching and then a new fish car. Prosperity is in sight.

FISH being a brain food, the Ottawa Citizen suggests that some of the cabinet ministers in that city should have whale on toast for breakfast every morning.

CROOK PLAY TO BE PRESENTED TONIGHT

Drama "Kick In," Comedy "Don't Lie to Your Wife," and Vaudeville.

Willard Mack's famous play, "Kick In," to be presented at the Westholme Theatre tonight by the Athon Stock Co. is acknowledged to be the most wonderful crook play ever written.

It is a thrilling play of the underworld, showing the much-talked-of third degree methods, as used by the police in the larger cities. The play is said to have the biggest surprise finish ever written into a stage story, and it is brim full of tense moments and sensational climaxes.

The Athon Company will also produce the hilarious comedy "Don't Lie to Your Wife," said to contain more laughs to the square inch than anything they have yet played—and that will be going some, as this clever organization has given Prince Rupert about the best line of amusement that has been presented for some time.

Cliff Lancaster will put on his comedy vaudeville act and there will also be seven reels of pictures to help things along.

On next Tuesday night a big fat greased pig will be given away to the holder of the lucky number, with the proviso that who ever wins it must catch the pig on the stage in full view of the audience.

CUTTING TIES IN INTERIOR

Kept Many Men busy Along the C. N. R. during the Past Winter.

PERMISSION IS OBTAINED FOR USE OF HEMLOCK

SMITHERS, May 27.—One of the chief industries of the Bulkley, Nechaco and Skeena River valleys during the past winter has been the getting out of ties for the Canadian National Railways. In all something like 1,250,000 ties have been taken out in addition to telegraph poles and piles.

The chief contractors engaged in the work have been Olaf Hansen of Prince Rupert, D. Jennings and Jack McNeill of Telkwa, Wm. Coop, and the Fort Garry Lumber Co. The largest contract was that of the Prince Rupert man who took out 520,000 ties besides poles and piling. He has had a large organization in charge of the work, including H. G. Olsen, manager; Harry Orme, superintendent east of Smithers, and Fred Cook west of Smithers; R. E. Allen, manager of the Royal Mills.

Hemlock Now Used.

Since the visit a few months ago of W. H. Grant of Toronto, general tie agent for the Canadian National Railways, permission has been given to supply hemlock, the western hemlock having been proved to be even superior to jack pine or any other wood. Practical demonstration of its value was given Mr. Grant when he was here and he is now convinced of its value.

The industry is over for the season but will in all probability commence again in the fall as the railway has to have ties to keep the line in good shape.

FISHERIES OFFICE DISCOUNTS RUMOR CURRENT ABOUT TOWN

The local Dominion Fisheries office has received no official word as to the reported capture of a Japanese sealing schooner in northern waters and J. T. G. Williams, inspector, is inclined to discount the wild rumors that have been current on the street for the past twenty-four hours. There may have been some foundation for the report but the stories now out must be greatly amplified. If anything serious had occurred the office would have been notified by wireless from the Matspina it is thought.

HALIBUT FISHERMAN CHARGED MAKING NO ACCOUNT OF MONEYS

N. H. Mork was charged in the police court this morning with misappropriation of \$345.79, being money received from the sale of fish of the last catch of the halibut boat Rambler. Instead of liquidating the boat's debts and dividing up with the other members of the crew, the accused is said to have kept the money himself and made no accounting whatsoever. Magistrate McMordeie adjourned the case until tomorrow.

GEORGE WALSH SEEN IN THRILLING PICTURE

Breezy Actor in "Putting One Over" Does Stunts and Fights

"Putting One Over," George Walsh's latest vehicle, is to be shown at the Empress Theatre tonight.

Walsh's bright and breezy impersonation of the motor car salesman who becomes a victim of mistaken identity through the machinations of crooks, is a delight and a joy. His ludicrous attempts to explain his identity and escape from the fate of inheriting millions have taken his audiences by storm.

Thrills aplenty, too, there are in this picture and the mystery element is worked out with true William Fox skill. Walsh performs stunts worth seeing and battles with his accustomed fearlessness and abandon until, as usual, he wins the girl.

SMITHERS, May 27.—Smithers has the first Boy Scouts hall in the province of British Columbia built solely for their use, so far as can be ascertained. A building is being erected here which when complete it is estimated will be worth \$1,500.
Smithers has a troop of about thirty scouts and they are a fine lot of lads, well set up, bright and keen. They are learning to play the bugle and before long will have a bugle band.
The moving spirit in encouraging the boy scouts is E. E. Orchard, proprietor of the Hotel Bulkley, who donated a lot on which to build, the second lot being purchased by the parents

FOOD CONTROL NOW TOO LATE

Berlin People Receive Letters Telling Conditions in Russia.

BERLIN, May 26.—Lenine's abandonment of government control of foodstuffs came too late to relieve the situation in Bolshevik Russia, according to letters received in Berlin from a family which has lived in Petrograd throughout the Bolshevik regime.
"The conditions are worse for us than they were when food was issued on cards," one letter states. "We are told now that we may buy food and the peasants are told they may sell food without violating government regulations. But there are no food shops. And the peasant-about Petrograd have little food to sell. They don't want paper rubles."
"They even refuse all sorts of manufactured articles in exchange for what little food they may have. They are afraid to give it up, as they are not sure that they can get another crop the coming year."

Sterile Districts.
"The Petrograd district is so sterile that little is produced here in normal times. Transportation is so bad, and the peasants in the grain districts have been so badly treated by the Bolshevik requisitioning parties that the government simply couldn't continue the small rations it was issuing on cards. So it told us to do for ourselves a job which it could not accomplish with all its power and military force."

"The re-establishment of free trade and the announcement that government restrictions have been reduced will not put food into cities which have no supplies, which have no adequate railway connections with grain districts and no means of reconciling peasants who attribute most of their troubles to the two great cities in Russia and want to starve them out."
