Liquor Legislation Is Now Outlined

NORTHERN B.C. TIMBERMEN'S ASSOCIATION IS OFF TO A GOOD START

Atlin Wants Plenty of Liquor Good Quality, Goodly Measure

Says Bert Kergin in Legislature; Proposed Provisions of
New Bill Are Outlined by Premier Oliver;
Bars to Close

VICTORIA, February 12.—The broad outlines of the Government liquor control law were given by Premier Oliver in the legislature yesterday in opening the debate on a motion to ask the lieutenant-governor to submit a bill providing for the Government sale of liquor.

The administration of the act, the Premier announced, would be in the hands of a commission which will be independent, non-partisan, but answerable to the Government for the proper carrying out of their duties.

The provisions of the bill provide for the abolition of saloons and the total prohibition of the sale of liquor to persons under 21 years of age. Retail stores are to be limited to larger centres of population and the permit system will be introduced where the holder is guilty of excessive or personal excesses.

The new law the liquor is to be sold at a moderate price to give a reasonable profit to the Government.

A commission will be given the duty to draw up and impose regulations from time to time for the proper enforcement of the act. Liquor buying will be a punishable offense and penalties are to receive fifty per cent of all fines imposed unless they are in goodly measure. These the Premier made were only suggestions. The bill will be introduced in about a month or ten days.

Kergin's Views.
Bert Kergin, of Atlin, in discussing the question, shortly but emphatically emphasized the sentiments of his constituents on the subject of liquor control. He said that people of that riding "want liquor free as water, of good quality and in goodly measure." In connection with the measure he said that he would be sent by his constituents and any temperance conven-

FLEET MAY VISIT HERE

President of Board of Trade Has Invited Ships to Come Here.

The Canadian fleet, which is now on the way to British Columbia waters by way of the Panama Canal, has been invited to visit Prince Rupert. The president of the Board of Trade has taken the initiative and it is possible that the ships recently presented to Canada by Great Britain may be on view here in the near future.

The fleet is due to arrive at Esquimalt on March 9. It is very likely too that they will visit Vancouver. Whether or not they will come here is not yet known. British fleets on this coast have usually cruised in northern waters while the officers tried their luck after some of the B.C. grizzlies. Possibly the new Canadian fleet will follow suit and drop anchor for a few days in Prince Rupert Harbor.

WANDERERS WON FROM PRINCE RUPERT LAST NIGHT IN TOURNAMENT

Have Lead of 1197 in Bridge Competition for Moore Shield; Some Close Games.

The third tournament at bridge between the Prince Rupert and Wanderers clubs for the Moore Shield was won last night by a margin of 2,187 by the latter club which now has a lead of 1197 points in the three out of six games. Last evening's games were played in the Prince Rupert where open night was declared for the benefit of visiting spectators from the Wanderers. Some very close and interesting games were played.

Following are the scores:

Wanderers Club—G. S. Fitzmaurice and J. Howe, 2368 against 1834; W. F. Beak and J. H. Biddie, 1860 to 3318; G. P. Tinker and H. F. Wearnmouth, 2602 to 1537; J. A. Macdonald and K. A. Donohue, 2268 to 4459; W. O. Fulton and G. P. Armstrong, 2553 to 1545; J. D. Allen and J. Hutchinson, 2692 to 2493. Grand total, 14,343.

Prince Rupert Club—P. Rorvik and J. H. Pillsbury, 1452 to 2333; G. A. McNicholl and G. D. Tite, 2438 to 2968; J. W. Scott and E. C. Gibbons, 1545 to 3568; S. P. McMorde and E. A. Wakefield, 2154 to 1994; G. W. Nickerson and R. Beaumont, 3007 to 2740; P. I. Palmer and M. P. McCaffery, 1980 to 1640. Grand total 12,156.

Sum of \$36.85 Secured as Result of Event Yesterday Afternoon

The sale of home cooking held yesterday under the special charge of Mrs. Lee and Mrs. Sanderson brought the hospital fund \$36.85.

The raffles were won as follows: Five Dollar Bill, Mrs. Aeland. Dressing Case, Mrs. J. Lee. Sack of Flour, R. Currie. Sack of Flour, Mrs. Ralph Walker. Box of Cigars, Mrs. A. D. Gillies. Pound of Tea, G. Sutherland. Bonbon dish, Mrs. J. L. Christie.

Capt. Charles Hills of the fishing steamer G. E. Foster, fell last evening and fractured his arm near the shoulder. He is now in the hospital doing well.

MISSING SOCIETY GIRL IS FOUND

Miss Blanche Spellman, eighteen years old, student at Barnard College and daughter of Benjamin Spellman, a lawyer of New York city, has been found, after she disappeared mysteriously from her home. The girl's parents were prostrated over her disappearance. Following a wide search by her brother and friends of the family the police were called upon for help and detectives attached to the Missing Persons Bureau at Police Headquarters were assigned to look for her. She is well known in social circles both in New York and New port and throughout the United States. She has written a letter from Canada stating that she is well and studying art.

Soon Be Shortage of Timber says T. Hibberson, Victoria

In 1926 He Estimates Province will be Cutting Six Billion Feet a Year; Should Prevent Wasteful Logging

VANCOUVER, Feb. 12.—Addressing the delegates to the Associated Boards of Trade at a luncheon yesterday, Robert Hibberson, timber surveyor and valuer of Victoria, said there was a decided danger of a timber famine within the next fifteen years unless steps were taken to prevent wasteful logging methods.

Mr. Hibberson said that by 1926 the province would probably be cutting six billion feet a year. It took 80 years for a tree to attain a size suitable for light timber and over 200 years so that it could be used for heavy lumber.

IMMENSE VALUE OF FOREST PRODUCTS SHOWN IN REPORT

Total for Last Year was \$92,628,807 Against \$70,285,094 for Previous Year

VICTORIA, Feb. 11.—The total value of the forest products of B.C. for the year 1920 is placed at \$92,628,807 against \$70,285,094 for the year 1919, according to a report of the Minister of Lands submitted to the Legislature.

Last year's total was practically twice the total of three years ago.

Timbermen Form Association Here

Most Northern Interests Represented at Meeting Yesterday; E. F. Duby Elected President with Olof Hansen Vice

The lumbermen and loggers of northern British Columbia were well represented yesterday at the meeting in the Board of Trade rooms at which was organized the Northern B. C. Timbermen's Association. Officers for the year were elected and the Association decided to press for the construction of an assembly dock at this point in order that advantage might be taken of the offshore business since the railway freight rates have become prohibitive. The officers are:

Hon. President, Wm. Turnbull, B. C. Lumber Commissioner. President, E. F. Duby, manager of the Prince Rupert Lumber Company.

Vice-President, Olof Hanson, Swedish Consul-General for British Columbia.

Secretary-Treasurer, W. E. Williams, of the J. R. Morgan Co. Executive—R. E. Allen, of Pitman's Spur; J. R. Morgan, operating on Princess Royal Island; Capt. John Willeman, of Usk;

Albert Moore, of Swanson Bay; G. Dover, of Terrace; A. Wilson, of Kitsumkalum; Charles Byles, of Ocean Falls; J. J. McNeil, of Telkwa, and George McAfee, of George-own. The Queen Charlotte Islands is represented by the president, whose firm is operating there at the present time.

Fire Protection. R. E. Allen, of Pitman Spur and formerly head of the Forestry Department here, was chosen to represent the north of the B. C. Forest Protection Board. This organization is heavily in debt and all the timber owners of the province will have to be assessed to make good the deficit caused by fire fighting last year. It is claimed by the new association that as there is no danger of fire here and hardly any money is spent here on fire protection, the assessment on northern timber should be low and the burden of the assessments should be placed on the timber where the expenses are incurred.

Steps will also be taken to make known abroad the good qualities of the northern timbers, with special reference to western hemlock. This timber has been proved by experience to be the best possible for railway ties, its life being greater than that of any timber except Douglas fir. The United States Forestry Department has also made a number of reports on the timber and it is shown to be superior to pine or any western timber except Douglas fir. In fact of this the Canadian National Railway has recently eliminated hemlock from the timber to be used for ties and as this is the only timber west of Smithers, the industry on and near the coast has been killed. It will be the endeavor of the new organization to have this prohibition lifted.

Assembly Dock. In the matter of the assembly dock it is pointed out that the water transportation rate from Vancouver and Seattle to Atlantic Coast points is \$15 a thousand feet, board measure, while by rail from here under the new rates the cost is double that amount. The only need at present to enable a shipping business to be done in lumber is an assembly dock to which all the mills may ship their product ready for the big vessels to load. The matter has already been taken up with officials of the railway by the Board of Trade, and the new association will add its urge to that of other organizations.

STERLY WIND DAMAGED BOATS

Blowing Off the Harbor caused Five Boats to be Smashed.

Yesterday morning's westerly blowing right on to boats at the docks caused several to be damaged through the wharves and boats. Five boats sustained damage amounting to about \$200 mainly in smashing guards, Margalice and the Hippo and into each other and the ship is undergoing repairs at the Cove Marine Ways while the other is being looked after by McLean.

Robinson's boat, Thorn had a bad time at Akerberg's wharf and smashed.

On Dybhavn's boat, at the Fisheries, also suffered damage and the Naval boat Beate had her smashed.

McCoskrie, harbor says that such accidents could be avoided if Gow were opened up as a harbor for the smaller boats.

Discrimination Against Coast Timber.

There is discrimination by the Canadian National Railway Company against the use of coast hemlock. A great injustice is consequently being done the industries along the line of railway between here and the Bulkley Valley.

An order has been issued by the railway purchasing department that jack pine ties are to be used in preference to western hemlock, and this in face of the fact that hemlock has been proved by experience to be a better timber for ties than pine. It has also been strongly recommended for the purpose by United States forestry experts who have thoroughly tested the wood.

A number of mills along the line would have been operating this winter, cutting ties for the railway if this prohibition had not been sent out. As it is, not a mill is working. Every effort seems to be made to deliberately kill all industries along this section of the line, this being just one instance of the injustice being meted out to this territory.

Help Unemployed by Constructing Playgrounds.

Playgrounds are badly needed. Every day it becomes more evident. Also a field for airplanes to alight here is necessary. To make the field at Acropolis Hill larger by the removal of the rock and filling at the northerly end would make a field for airplanes and also a good playground on which two teams could play at one time.

The school grounds at Hays Cove Circle must be improved, that goes without saying. Other playgrounds are needed but all cannot be done at once.

There are in the city at present several hundred unemployed men, who must be given work. With this work needing to be done so badly it seems as if this would be the time to have the playgrounds made.

All Would Welcome Visit from Fleet.

Everyone would gladly welcome a visit here from the fleet of the Canadian navy, the vessels that were given to this country by the British Government. They are on their way to Esquimalt and should certainly visit the finest harbor on the coast. It would give the people here great pleasure to entertain them.

It has been suggested that the fleet may go to Comox for rifle practise although they could get it either at Victoria or Vancouver or at the new ranges at Saanich. If they can go to Comox they certainly will be expected to come here.

SAVED FROM LIFELONG MISERY

And a Dangerous Operation, by
Taking "FRUIT-A-TIVES"

MRS. M. J. GORSE
3228 Union St., Vancouver, B.C.
"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.
Then, I started taking 'Fruit-a-tives'; and from the outset, I felt better, and this medicine has completely relieved me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. I am free of pain and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-tives'."

PRINCE RUPERT TIDES

Sunday, February 13.
High, 1:39 a.m., 19.6 feet.
16:59 p.m., 17.6 feet.
Low, 10:53 a.m., 6.5 feet.
22:67 p.m., 7 feet.
Monday, February 14.
High, 5:22 a.m., 19.4 feet.
17:58 p.m., 16.6 feet.
Low, 11:44 a.m., 6.8 feet.
23:45 p.m., 7.9 feet.

The time used is Pacific Standard, for the 120th Meridian west, it is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson. The height is in feet and tenths of feet above the average level of lower low water.

APPLICATIONS FOR GRAZING PERMITS UNDER GRAZING ACT 1919.

Applications for permits to graze livestock on the Crown range within each Grazing District of the Province of British Columbia during the grazing season of 1921 must be filed with the District Foresters at Cariboo, Cranbrook, Fort George, Kamloops, Nelson, Prince Rupert, Vancouver, Vernon or with the Commissioner of Grazing, Department of Lands at Victoria, B. C., on or before March 31, 1921.
Blank forms upon which to submit applications may be obtained from the District Foresters at the above named places or from the Department of Lands at Victoria.

The grazing of livestock on the Crown range without permit constitutes trespass, prohibited by law.

BASEBALL IS REORGANIZED

Sixteen Clubs in Major Leagues;
Ty Cobb Manages Tigers
This Year

NEW YORK, Feb. 12.—Seven of the 16 clubs in the major leagues, three in the National and four in the American, will take the field for the 1921 campaign under the leadership of new managers. The opening of nearly every baseball season finds one or two new managers, but it is a long time since there has been such a general shake up of the field generals of the major league clubs.

With all the changes of leaders that have been made from year to year there are two managers who stand out prominently in the history of baseball because of their long service with their respective clubs—Condie Mack of the Philadelphia Athletics and John J. McGraw of the New York Giants. Mack has led the Athletics since they entered the American League in 1901 and has won six pennants and three world's championships. McGraw became manager of the Giants in 1902, and like Mack, has piloted his teams to six pennants, but has won the world's championship only once.

Cobb to Tigers
One of the most notable of the changes among the managers for the coming season is the appointment of Ty Cobb to lead the Detroit Tigers as the successor of Hughie Jennings. The latter quit the Tigers after 14 years, during which he won three pennants, to become assistant to Manager McGraw of the Giants. What Cobb will do as a major league manager will be closely watched by the fans throughout the country. As a player he has won about every honor the game affords with the exception of playing on a world's championship team, and has been proclaimed by all one of the greatest players in the history of baseball, and by some the greatest.

While Ty is not the Cobb of a few years ago he still is a great player and it remains to be seen what effect, if any, the duties of manager will have upon his playing. Like Tris Speaker, manager of the world's champion Cleveland team, Cobb will continue to play centre field, and he and Speaker will be the only playing managers in the major leagues. They also are said to be the highest paid active players in the game, each drawing salaries both as players and managers. In addition Tris Speaker is said to have received an interest in the Cleveland club for winning the first pennant and world's championship for the city.

Another Change
Another change of managers that ended a long career of leadership on the diamond was that of the Washington club, Clark Griffith, who has become principal owner of the club, turned over the managerial duties to his able lieutenant, George McBride, for many years shortstop of the team. Griffith managed the Washington club for nine years and previous to that had served as manager of the Chicago White Sox, the New York Yankees and the Cincinnati club. Griffith now will devote all his time to the executive business of the club of which he is president. McBride began his major league career with Washington in 1908 and played shortstop until a year or two ago.

Ten Years Ago in Prince Rupert

February 12, 1911
Three foreigners and a Canadian were killed in a tunnel at Kitselas yesterday when a keg of powder exploded.

The citizens of Stewart are up in arms against Premier McBride and William Manson, M.L.A., at the refusal of the government to grant Stewart incorporation.

The total enrolment of children in the city schools is now 220.

L. V. Druce, commercial agent of the G.T.P., states that settlements are springing up in many places up the line. Next season will be a busy one with trains running 120 miles and steamers connecting for Hazelton, the head of navigation.

Save your wife the drudgery of the kitchen—bring her to a home-cooked meal at the Smeaton Tea Rooms, 509 Second Avenue. 1f

Come early and get ALL the dancing, good music and enjoyment the G. W. V. A. boys want you to have on St. Valentine's night.

There will be a service every Sunday during Lent at St. Peter's, Seal Cove, at 3:30 p. m. All residents of the east end are invited. 36

Owing to the G. W. V. A. dance on Monday Mrs. H. O. Crew will hold her class and dance at 8:30 and 9:30 respectively tonight in the De Luxe Hall.

The name of P. M. Monckton, of Terrace, was inadvertently missed from the list of local land surveyors whose names appeared recently in the British Columbia Gazette.

Frank Verney and C. Webster, Alaska Indians, appeared in the police court this morning charged with having liquor in possession and were remanded until Wednesday.

There will be a church attendance campaign during Lent at the Church of England, both at St. Andrew's, Fourth Avenue West, and at St. Peter's, Seal Cove. All members are urged to attend at least one service every Sunday. 36

The Board of Trade is arranging with the G. W. V. A. to cooperate for the purpose of drawing to the attention of the Dominion Government the difficulties caused by the failure of the Government to cash time checks of employees at the shipyard who had been relieved by local organizations to prevent suffering.

Sixty couples attended a very enjoyable whist drive and dance given last night in the K. of P. Hall under the joint auspices of the social committees of the Sons of England and Daughters and Maids of England. There were cards, refreshments and dancing, the master of ceremonies for the dance being Will Edmunds. Music was provided by Will Edmunds, Will Brown and H. A. Price.

Frank Sutter was in charge of the whist drive. Mrs. W. D. Vance won first ladies' prize, a beautiful set of silver mounted vases, while the consolation award went to Mrs. Throver. The gentlemen's first prize, an ash tray, went to J. Harrison. Mrs. S. L. Warrior was awarded the gentlemen's consolation prize.

BEWARE OF BRONCHITIS

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish or yellowish color and is occasionally streaked with blood.

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious lung trouble.

Mrs. Brice Cunnam, St. Michael, Ontario, writes:—"In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much; I then got a 60c. size, and it completely cured me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds."

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; have pine trees on the mark, price 25c. and 60c., manufactured only by The T. Midburn Co., Limited, Toronto, Ont. Advt.

FUNERAL TOOK PLACE THIS AFTERNOON IN FAIRVIEW CEMETERY

The funeral of the late Alexander Anderson took place this afternoon from Hayner Bros. chapel, Rev. Canon Bix officiating. There was a large number of friends in attendance, including the friends of deceased from the Knox Hotel where he had worked for nine years.

The pallbearers were Carl Johnson, D. Segouin, Jules Segouin, Gillis Royer, William Sullivan and Thor Johnson. Floral tributes were sent by A. Kruger, Thomas Shackleton, W. C. Lynum, Mrs. Ytreberg, Carl Johnson, J. Segouin, G. Royer and John Desmuelle.

EXCHANGE RATES

(Courtesy of T. McClymont.)
NEW YORK, Feb. 12.—There has been heavy buying in French, Belgian and German funds, with the result that rates are going up. Synopsis of Land Act Amendments
Minimum price of first-class land reduced to an acre, second-class to \$150 an acre.
Pre-emption now confined to surveyed lands only.
Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.
Partnership pre-emptions abolished, but parties to not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.
Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 1 acre before receiving Crown Grant.
Where pre-emptor in occupation not less than 1 year, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of pre-emption and transfer his claim.
Records without permanent residence may be leased, provided applicant makes improvements to extent of \$200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 1 year, and improvements to value of \$10.00 per acre, including 1 acre cleared and cultivated, and residence of at least 2 years are required.
Pre-emptor soldier or Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements, title and residence maintained on Crown granted land.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.
For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.
Mill, factory or industrial site on timber land not exceeding 40 acres may be purchased, conditions include payment of stumpage.
Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.
PRE-EMPTORS' FREE GRANTS ACT.
The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or assigns of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.
No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 30, 1918. Taxes are remitted for five years.
Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.
Interest on agreements to purchase Allied Forces, or dependents, acquire direct or indirect, remitted from settlement to March 31, 1920.
SUB-PURCHASERS OF CROWN LANDS.
Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.
GRAZING.
Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to 200 head.

WHY NOT BE A SHREWD INVESTOR?

If you had purchased \$1,000 worth of French Bonds at this time last year and resold them in June, you would have realized \$1,000 profit. Had they been German Bonds you had traded in, your profit would have been \$2,000. Foreign exchange has already started a strong upward movement this year, and the shrewd investor is bound to make himself a good profit by buying and selling on short profits.

We keep our clients posted as to prices, which enables them to take advantage of the market. Our office is in close touch with active markets at all times and will repurchase these Bonds at any time at market.

Information regarding any of the following issues will be furnished on request. Telephone Black 85.

BRINGING UP FATHER

SHOULD USE ISLAND COAL

That is Opinion of Colliery Superintendent as Expressed to Boards of Trade

VANCOUVER, Feb. 11—Thomas Graham, general superintendent of the Canadian Collieries, Ltd., in a speech before the associated boards of trade at a luncheon here last night, said it was an unwise policy to use imported fuel oil in preference to Vancouver Island coal, a policy for which the industries would some day be sorry. The use of oil, Mr. Graham said, displaced 600,000 tons of Island coal annually. This at the present price of oil represented six million dollars, which instead of helping to rebuild the province, went to swell the adverse balance of trade and depreciate the value of the Canadian dollar in the United States.

WILL BRING AUTO OWNERS TO COURT

Provincial Police to Take Measures to Collect Licenses of Owners and Drivers

Owing to the delay that automobile owners and chauffeurs are taking in getting their licenses for the year, the provincial police is planning to make a round up and prefer court charges against the persons who are neglecting to register. There are only about eighty cars already registered at the police office out of a total of 125 or so that are estimated to be running in the city. During the past week licenses were taken out by Rupert Motor Co., Ford; Joe Brown, Ford.

ASK FOR STATION

Council of the Board of Trade Order Letter to be Written President Hanna.

At a meeting of the council of the Board of Trade yesterday afternoon it was decided to write President Hanna of the Canadian National Railways urging that work be commenced immediately on the construction of the local station and roundhouse as promised by the Minister of Railways and Mr. Hanna last summer.

The opinion was freely expressed that it would be a shame if a small building should be erected here, smaller than some of the way stations after all the promises made and the long time the city has had to wait for this convenience.

The Man in the Moon SAYS:-

THE Earl of Minto married a Cook. Whatever are these aristocrats comin' to?

COOTIES are all right except in their official capacity. The same applies to a great many men, bootleggers for instance.

PRINCE RUPERT is a place where people can live! In a good many places they only exist. No Sarah Jane, this is not irony, nor did I ever lean down and touch that dirty Irish stone with my lips.

CULTIVATE your memory except in regard to the faults of your friends. To forget is often as great a virtue as to remember.

THERE is nothing sacred but life. The fuller life you live, the more sacred is that life.

THE PRIG is the man who makes comparisons between himself and other people, always to his own advantage. If it is not that it is something very nearly like it.

A PREACHER had been much worried by dissensions among the female portion of his flock and at last he decided to preach a sermon especially directed toward them. They were much startled the following Sunday to hear him announce the text, "And behold a wonder appeared in heaven, a woman."

BUT the greatest wonder of all will be to see any men there.

WHY, I know a man who every time his wife goes out . . . You know the rest. If you don't you can do like the other men, imagine it.

WHAT a pity we don't all live at Victoria close to the language factory which is commencing regular work.

Nobody in Victoria except a few ardent reformers and Socialists ever think of attending the sessions of the Legislature. Life is too short.

GRASS WIDOWS drink green tea, but what about grass widowers? Inquired the idle hoodlum. Grass widowers don't need to drink anything green, they are green enough already, answered the foolish factotum.

THE EDITOR of this paper complains that this column is often much too foolish. Correct. I win. I am in good company.

THE DIFFICULTY with a lot of girls is they spend just about as much money buying chewing gum as they do on the movies and then at eighteen or thereabouts they consider themselves educated.

THIS is the greatest world we know and it behooves us to make the most of it. Meet me tonight at say, about nine-thirty and we'll try.

ITS a great thing to be able to die, when so many of the people in the world have never lived.

TALKING of definitions, the back is said to be that part of a woman most exposed when she goes out to an evening party.

I THINK it was Elbert Hubbard who said "The pretty woman is seldom wise and hardly ever good. There is something in her beauty that has tainted her soul, and the man who wins her comes into possession of a fine crop of absurdity, selfishness, frivolity and concrete cussedness." There, there, we all get feeling like that sometimes, but we cannot express ourselves as elegantly as Elbert when she steps on our toes.

PLAYGROUNDS FOR CHILDREN

Suggestions Being Made to Provide for Present Pressing Needs.

A small and informal gathering of men interested in the playground movement got together last night in the Sons of Canada hall and talked over the situation. It was decided to get further information in regard to the amount of rock to be removed at Aeropolis Hill in order to complete the levelling of the grounds there so that two games could be played simultaneously, and to urge that this work be done as soon as possible.

Hays Cove Circle.

It was the general opinion that a lot of work would have to be done this year on the school grounds at Hays Cove Circle in order that the pupils there might have some place to play at noon hours and during the morning recess. This was particularly a matter for the school board and was bound to be done.

It was suggested that the windows at King Edward School should be wired and that this ground might be used for games a good deal more than at present. The wiring of the windows would not cost much. This would make the grounds available for games for the younger boys.

Close Street.

Another suggestion that will probably be taken up with the city council was that Seventh Street between Third and Second aves. should be closed to traffic and reserved for the use of the children as a temporary playground until such time as proper playgrounds could be secured.

Arrangements will be made for a delegation to meet the city in the near future and lay their views before the city council.

EVA HART IS PROFESSIONAL

Talented Lady is Most Versatile and has Won Much Praise in Character

Eva Hart, who is to be here next week, comes of a family well-known in London musical circles. Brought up among musicians, it is no wonder she developed her talent at an unusually early age. She made her first appearance in public at the age of seven, possessing already a voice of considerable volume. During her childhood she was in great request in London, singing at the Queen's and Bechstein Halls.

When she was but eleven, Miss Eva Hart began to take the principal parts in the brilliant revivals by children of the Gilbert and Sullivan Operas, produced by the brother of the Savoy conductor, Francis Cellier. As "Elsie Maynard," "Patience," etc., her singing was a remarkable achievement and Queen Victoria was graciously pleased to accept a photograph of her as "Yum Yum in the Mikado." Her beautiful soprano voice having won her a double exhibition at the Royal College of Music, London, she completed her musical education under Anna Williams. Since that time she has been engaged to sing under a number of distinguished conductors, including Sir Walter Parratt, master of the King's music; Sir Charles Stanford and Coleridge Taylor, composer of "Hiawatha," in all the great concert halls on the other side of the water, including Bechstein Hall, Queen's Hall, London, and Winter Gardens, Bournemouth, and her voice has won the admiration of all musical critics for the beauty and delicacy of her artistic singing.

Miss Hart's last appearance before leaving England was at the Crystal Palace, where she has always been a great favorite.

POOLEY SCORES GOVERNMENT

Says are Trying to Sidestep Issue and Not Carry Out Mandate

VICTORIA, Feb. 11.—R. H. Pooley, Conservative member for Esquimalt in the Legislature, yesterday charged, with reference to the liquor question in the King's Speech, that the Government was trying to sidestep the issue and that they were unprepared fully to carry out the mandate of the people.

R. H. Neelands, labor member for South Vancouver, said the Province had approved the control and sale of liquor, but it was reasonable that it should go further and take control of the sale of such articles as milk, coal and the necessities of life.

PROPOSES REVISION OF SOVIET CONSTITUTION

Russia Must Avoid Future Wars with Border States It Says

MOSCOW, Feb. 12.—The Soviet Russian newspaper, Pravda, reviewing the year 1923, says the Communists were unable to realize most of their practical aims because of the lack of both "people and means."

It proposes a revision of the party constitution as a practical measure for the building up of the state.

Reviewing the Soviet Russian foreign policy the Pravda recognizes that Estonia and Latvia must be considered the Russian windows to Western Europe. Any future war with the border states must be avoided, it says, as the last war with them was very difficult and entailed many sacrifices on the part of Soviet Russia.

Other newspapers reprint the rumors from the Western European press regarding a concentration of troops on the Russian frontier and explain these rumors as the wish of the Western European powers to initiate more trouble.

WANT IRISH MACE

BELFAST, Ireland, Feb. 12.—Negotiations are in progress to obtain the old Irish House of Commons mace and speaker's chair for the new Ulster Parliament. They are heirlooms of Lord Massereene at Antrim Castle. The offer of the use of Belfast City Hall as a temporary building for the new Parliament will be accepted.

CITY REPRESENTATION ON BOARD OF TRADE

At the meeting of the council of the Board of Trade yesterday afternoon it was decided in favor of giving the city of Prince Rupert official representation on the board council. This will be recommended to the next general meeting when the proposed change in the constitution of the board is voted on.

TIMELY HEALTH HINTS FOR READERS

Reliable Home Treatment for Cases of Colds or Grippe.

"Never neglect a cold" is a safe rule in every home. If it were followed many cases of severe illness would be avoided. The time to start treatment for a cold is right when it starts—the moment the first signs—sneezing, running at the nose, feverish condition, etc.—appear.

Start taking Grip-Fix (which you can get at any drug store) at once. In a single night your cold will be conquered, and even if it has reached the grippe stage, 24 to 36 hours' treatment will be effective. Coming in capsule form, it is both convenient for home use and prompt in action. The ingredients, which are probably just what your physician would recommend, are plainly printed on each box.

Be sure you get the genuine Grip-Fix. It has been sold all over Canada for many years, is a reliable remedy for home use. On sale by all druggists, 35c. per box.

UGLINESS ATTRACTS

That is What Visitor says of Prince Rupert

In a copyright article published in an Edmonton paper Paul A. W. Wallace says of Prince Rupert:

"When the steamer from Vancouver Island landed us at Prince Rupert, we walked about for a few hours in astonishment at this city built on a rock. It is the most grotesque city in Canada, ugly as sin and quite as attractive. We noticed first the ragged cliffs, burnt stumps and dingy houses. But it was not the ugliness of the place that struck us so much as the amazing unconventionality of the streets. The average street in Prince Rupert is, for half its length, blasted out of solid rock; and the other half straddles on trestles from bluff to bluff. I walked half a mile up a long-legged road that made me dizzy when I stepped to the curb to look over. Underneath it ran a trestled sidewalk, and underneath that again a pipe-line lifted on stilts. If I had tripped on that curb and slipped off the road, I would have broken my neck on the rocks below.

"Seen from an aeroplane Prince Rupert is one of those methodically graceful diagrams that delight the souls of landscape architects; but seen from the level it is all bumps and gashes,

TWO BASKETBALL GAMES PLAYED

Sons of England Fail to Field Team and Lose Second Game by Default.

There were two Intermediate League basketball games last night in the Exhibition Hall but the fixture between the Sons of England and the Elks did not materialize, the former failing to place their team on the floor for the second time during this half of the series, and this without notice to the proper officials of the league. The Sons thus lose the game by default to the Elks.

The game between the Beavers and the Colts, of the Intermediate League, which was won by the former 35 to 21, did not come up to the usual standard set by these teams, there being too much crowding in evidence. At the end of half an hour the score stood 19 to all but in the overtime period the Beavers romped home and scored 16 points to the Colts' two. Malcolm M. Lamb was the referee.

The lineups and scoring: Beavers—F. Morrison, 4; A. Palmer, R. Macdonald, 5; W. Lambie, 8; T. Halverson, 8; E. Smith for Palmer, 10.

Colts—A. Johnson, W. Martin, 2; H. Frizzell, 7; G. Roberts, 2; W. Mitchell, 10.

Maple Leafs Win.
The Maple Leafs accounted for the Telephone Girls in no uncertain manner, winning by 11 to 1, and thus stand even with that team in the league standing. The Telephone Girls lost through their poor shooting, which was a marked contrast to that of the first of the season.

The scoring: Maple Leafs—M. Harvey, L. Fisher, M. Graham, 4; S. Calderone, 2; M. Carter, 3, and T. Dingwall for L. Fisher, 2.
Telephone Girls—Mrs. Gowan, Mrs. Brown, Mrs. Mobley, 1; Miss I. Wood and Mrs. Large.

NO REORGANIZATION

OTTAWA, Feb. 11.—Official denial is given to a report that negotiations for cabinet reorganization were in progress.

HEARTBURN LIVER TROUBLE

When the liver becomes torpid and inflamed, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.
The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs; and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.
Keep your liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn or other liver troubles. Being purely vegetable they do not gripe, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strome, Glasnevin, Sask., writes: "I have used Milburn's Laxa-Liver Pills, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."
Price 25c a vat at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Advt.
