Briand is Made New French Premier

WINSTON CHURCHILL REPORTED TO HAVE ACCEPTED IMPORTANT POSITION

Aristide Briand is New Prime Minister of France

Will Confer with Lloyd George; Believes in Complete Enforcement of Peace Treaty and Solidarity of France, Great Britain and U.S.

PARIS, January 17.—Aristide Briand, minister of foreign affairs in the late French cabinet, has been appointed Premier of France and has already formed a cabinet. It is also announced that he will confer with Premier Lloyd George over German disarmament and other matters now awaiting settlement, on January 25.

Little enthusiasm is evinced by French newspapers over the new Briand cabinet. Most of the journals express mild satisfaction or have reserved judgment.

The significance of the Briand appointment is not lost upon the people, who recall his friendship for Premier Clemenceau. He always insisted that the Peace Treaty must be carried out, and that the interests of France in the near east must be served. He has been an advocate of complete solidarity between France, Britain and the United States.

ANNUAL VESTRY MEETING HELD

Anglican Church had Successful Year According to Reports Submitted

At the annual meeting of the St. Andrew's Church of England held last week reports of a very encouraging nature were received. The Women's Auxiliary had a successful year and their receipts amounted to \$769.61.

ANOTHER SINN PLOT IS SAID TO BE EXPOSED

Patrick Kenny, Irishman, Charged with Attempted Murder and Destruction

LONDON, Jan. 17.—What the police allege to be another big Sinn Fein plot to destroy property in London was discovered on Sunday when Patrick Kenny, an Irishman, was charged with participating in an attempt to murder two policemen and trying to ignite barrels of oil in the premises of the Vacuum Oil Co. where 60,000 barrels containing 2,500,000 gallons of oil were stored.

Right Hon. Winston Churchill who, it is semi-officially announced will accept position of Secretary for the Colonies.

WILL SUPPLY OCEAN FALLS

Northern Interior Co-operative Lands Big Piece of Business From Pulp Town.

For some time past the Northern Interior Co-operative Association has been endeavoring to secure a contract to supply produce from the Bulkley Valley to Ocean Falls. In its efforts the association was assisted somewhat by M. Manson M.L.A.

Last week H. A. Beck, general manager of the Co-operative, received a wire from Ocean Falls, advising him that his tender for supplies had been accepted and became effective immediately.

Mr. Beck is to be commended upon securing this business for the Co-operative, as it is one of the most important markets on the coast. It will be a great aid to the Bulkley farmers, who will have an outlet for a much larger quantity of produce. — Omineca Herald.

Churchill Probably Colonial Secretary

Unofficially Reported that Well-Known Newspaperman and Statesman is to Take Vacant Post in British Government

LONDON, January 17.—Right Hon. Winston Churchill, secretary of state for war, it is reliably although unofficially stated, has accepted the post of secretary of state for the colonies in succession to Viscount Milner, who resigned that position on January 7.

The secretary for the colonies is the minister who has to do with Canadian affairs and for that reason the appointment is important to that country.

Mr. Churchill started out in life as a newspaperman. He is the son of the late Randolph Churchill and inherits some of his peculiarities. He served as war correspondent in Cuba during the Spanish campaign and in India during some of the frontier troubles. Taken prisoner by the Boers during the South African war he made a sensational escape and wrote some interesting articles for the newspapers during the campaign. He has been both a Liberal and Conservative and now he is a member of the coalition government of Lloyd George. He has held many important positions in the Government and came into prominence during the early stages of the war, when he was secretary for war and the Royal Air Force.

Mr. Churchill is a Conservative at heart and is disliked by the extreme labor parties both in Britain and the overseas dominions on account of his attitude of opposition to those organizations. He is, however, in close touch with the trend of affairs in the overseas dominions.

JAMES MANNERS' CASE ALARMING

Has Been Missing Since Tuesday and Friends Think May Have Taken Life.

James Manners, a well known colored man, who has lived here so long and has become very well known, has been missing since Tuesday night last and fears are entertained that he has taken his life.

On the night of his disappearance at 11:15 he was seen on the Grand Trunk Wharf by Sergeant Adams and Constable Wm. Campbell. At that time nothing unusual was taken out of this but since the circumstance appears in a suspicious light, Manners has been in very bad health for some time past and on his absence being reported to the police by his friends they expressed surprise at his having been seen on the waterfront at that hour.

The police have been investigating the case and on search at his cabin near the Central Hotel a Bible was found containing notes showing that Manners had been in a rather brooding mood and may have contemplated suicide.

COLD SNAP IS FELT IN NORTH

Sixteen Degrees of Frost Here but Nearly All Interior Points Below Zero.

A cold snap has struck the north and while it is not very cold on the coast, interior points are in the grip of the ice king. Following the snow fall of the week, during which time it was quite mild, young and old were out tobogganing yesterday, taking possession of the streets in the absence of other traffic.

The temperature here last night reached 16 above zero at the coldest time. At Terrace the coldest was 4 above, at Hazelton 22 below zero, Telkwa 12 below, Smithers 20 below, Burns Lake 15 below and at Fifth Cabin, 38 miles north of Hazelton on the Yukon telegraph line, the mercury dropped to 38 below.

Yesterday a few people were out skating on Morse Creek but many were afraid to venture. Tonight, however, there is likely to be a big crowd there and possibly some will visit the salt lakes.

One tobogganing party from the Inlander started down Fulton St. toward Ninth Ave. on Saturday night with ten young people aboard a big toboggan. When they were travelling about thirty miles an hour they shot off the road on to the muskeg. There were no fatalities but as a result several of them were limping around all day yesterday. It is said that the steersman did not keep to the rails and that the brakeman was not on duty.

Optimism Regarding Shipyard Affairs.

The special despatch from Vancouver, received on Saturday, to the effect that the order-in-council had already been passed letting the contracts for the completion of the two local ships to Wallace's and that the documents would be signed on the arrival of a Wallace representative at Ottawa, is most reassuring.

The next thing to do is to give every support to the new management and try to help them make the yards profitable. If they are not profitable they will not be operated.

When Will Aeroplanes Come This Way?

There have been so many stories published of possible and probable visits of airplanes to this port that it seems as if there was a hoodoo on the place in regard to these machines.

Those Prince Rupert people who were in Victoria at Christmas time may have seen an immense machine flying in from Vancouver in the teeth of a strong wind.

At Alice Arm there are all sorts of activities planned and it is probable a number of mines will be shipping before autumn.

PLAN TO GIVE RAILWAY BACK

Ottawa Says Silly Rumor and No Intention Abandon Government Ownership yet

OTTAWA, Jan. 17.—An extraordinary story has been sent out from Ottawa by the Canadian Press to the effect that government operated railways may be handed back to their original owners and that the arbitration to be held, a few weeks hence is for the purpose of determining the price.

"There is absolutely no foundation for the silly rumor," is the comment of responsible officials of the railway department.

No Demand Change. That, to apply the phrase of a celebrated Canadian postage stamp we are likely to "hold a vaster deficit than has been," when the result of the year's operation is made public, is now generally admitted and this is likely to create a demand for a change or at least a reorganization of management, but no one has seriously suggested that the roads should revert to the original hands.

The experiment of government ownership is not considered to have gone far enough as yet not to have been conducted under such general conditions as to justify its abandonment.

ENGLISH WOMEN LEAVE FOR STATES AFTER HUSBANDS

Jackless Jills Would Marry, but Shortage of Men in Old Country

Jills are emigrating in considerable numbers from England in the hope of finding suitable "Jill-less jacks" for husbands in the United States, according to Nora March, Bachelor of Science. Her comments on England's "marriageable" women who may never marry" before the National Birth-rate Commission some time ago were widely discussed in the British press.

Government figures show there is a surplus of a million women in England whose only hope of marrying depends on their migrating to some part of the earth where there is a more even distribution of the sexes. According to Miss March, they are doing it. She says she is receiving letters from American friends of girls from America that are "significant of the loneliness of some men's lives."

"Women are enterprising today," she added. "Many are emigrating who a few years ago would have feared to take the great adventure."

Like a Tidal Wave

Heart Disease and Nerve Troubles Sweep the Country.

Probably at no period in the world's history have heart and nerve troubles been so prevalent as they are today.

The heart can't stand the stress and strain of this busy, bustling age, and the care and worry, the anxiety and activity of business life constitute a serious drain on the nervous system.

The business of this war-torn world goes with such a rush that the stoutest hearts and strongest nerves break down under the strain.

On the first approach of any breakdown of the system Millburn's Heart and Nerve Pills should be taken. The reconstructive power of these pills on the heart and nerve system is simply marvellous.

Mr. W. A. Wright, Hopewell Avenue, Ottawa, Ont., writes:—"After suffering for some time with my heart, I consulted a number of doctors, but got no relief. However, I read what Millburn's Heart and Nerve Pills had done for others, who had the same symptoms and thought I would give them a trial. Believe me, six boxes relieved me. I am feeling fine now and can attend to my work every day. I can recommend your pills to any one suffering as I did."

EXTENSIONS OF PAYMENT TIME TIMBER LIMITS

Matter Vitrally Affects Prince Rupert in Connection With New Pulp Mill.

MINISTER OF LANDS ARRANGING MATTER

VICTORIA, Jan. 17.—Although the Government has as yet made no announcement, timbermen say that an extension of time on the payment of the timber licenses which are in arrears, is almost certain. Hon. T. D. Pattullo says no action will be taken until working amendments are presented to the Legislature.

The extensions will have a material effect on the work of organizing the new pulp mill at Prince Rupert as a number of timber limits are held under option pending the complete organization of the company, and payments on some of these are due to the Government. Until the organization of the company is complete, these payments cannot be made.

The importance of encouraging any new industry in the north is of particular interest to the minister of lands and he has this particular case under advisement and the matter will be brought before the legislature at the earliest convenient moment.

WHISPER FACTORY

New Film Featuring Elaine Hammerstein Shown at the Empress.

The underground whisper-factory, where rumors are spread and reputations damaged, is the subject of Elaine Hammerstein's new starring vehicle, "Whispers," which comes to the Empress beginning tonight.

Miss Hammerstein in this production portrays a girl who is the victim of scandal, every innocent move she makes being interpreted in a sinister manner. Her mercenary aunt makes life unpleasant for her by trying to marry her off to a wealthy but undesirable suitor. Scandal-mongers involve her in a divorce proceeding with which she has had nothing to do, and newspaper reporters are camping on her trail to "run down" the scandal.

Sickened and disgusted, she runs away from the scene of her indignities, and in a different city, under an awning during a rain-storm, she meets—true romance, at last. But all is not plain sailing yet—there's many a tumbler of misapprehension and suffering before the last few feet of the last reel shows the happiness and sunshine that has come into the life of a suffering soul.

The only milk now canned in British Columbia is Pacific Milk. No matter how the label on a can may read, the milk inside comes from Ontario or one of the Eastern Provinces. IMPRESSIVE FUNERAL OF J. S. EMERSON

Numerous Floral Tributes Testified to Popularity and Respect

Following an impressive funeral service at the family residence, 1552 Davis Street, the body of J. S. Emerson, prominent lumberman and financier, was conveyed to its last resting place in Ocean View cemetery Wednesday afternoon, says a Vancouver paper. Rev. Harold G. King of St. Paul's Anglican Church officiated.

The principal mourners were Mr. Emerson, a son, John Emerson, Vancouver barrister, and a daughter, Mrs. Ralph White, also of this city. There were also present many oldtimers, those who had known the deceased during his twenty years' residence in British Columbia, and others, again, who had been associated with the late Mr. Emerson in the development of the province's timber resources.

Numerous beautiful floral wreaths testified to the popularity and respect enjoyed by this well-known citizen.

The pall-bearers were Hon. J. W. deB. Farris; James Loggie and E. W. Purdy, of Bellingham; P. D. Roe and Aird Flavelle, of Port Moody, and Robert Hamilton, of this city.

In addition to his immediate family here, the deceased is survived by a brother, Dr. John Emerson, residing in Shipley, Yorkshire, England; a sister, Miss Isabelle Emerson, of this city, and a sister, Mrs. E. F. Clarke, of White Rock, B.C.

ELSIE FERGUSON IN "COUNTERFEIT" AT THE WESTHOLME THEATRE

The film "Counterfeit" presents Elsie Ferguson as a Southern girl of a distinguished family, now in financial straits, who joins the Secret Service to try and win the reward offered for rounding up a band of counterfeiters. The clues lead her to the homes of the rich at Newport and she traces the forgers not to a sordid den in some secluded spot, but to a lavishly furnished yacht lying in the harbor, which is certainly something new in the way of fake money-making establishments. It has everything to recommend it—novelty, safety, and the means of a quick getaway. If any arch-crook does make use of this idea, let us hope some capable sleuth like Miss Ferguson is on the job to foil him.

PHYSICALLY UNFIT MAY NOT MARRY

That is Proposal in Manitoba and Legislation Will be Asked Along That Line.

WINNIPEG, Jan. 15.—Production of a medical certificate to show that contracting parties to a marriage are medically fit will be compulsory if legislation to be asked for by the Manitoba Social Hygiene association is enacted.

Delegates attending the annual convention of the association have an appointment with the provincial government for 10 o'clock on January 24. William J. Battley, general secretary, announces. They will request the government to place a bill before the house "making it compulsory for all parties contracting marriage to produce a medical certificate that they are free from venereal disease before the license can be granted."

Nearly 100 delegates are expected to attend the convention, which opens in the Royal Templar building January 20.

FIGURES PACK SALMON GIVEN

Rivers Inlet Only District Showing More Fish Taken in Province for 1920

VANCOUVER ISLAND HAD TREMENDOUS DECREASE

In an interesting table published in the Canadian Fisherman of December is found a detailed statement of the British Columbia salmon pack for the 1920 season. Of the 1,187,616 salmon of various varieties handled through the canneries of the province for the year, 814,957 were in the plants of the Skeena River, Naas River and outlying districts. The total for the province shows a decrease from each of the years, 1919, 1918, 1917, 1916 and 1915. The number of fish taken in 1919 was 1,593,156. The only district in 1920 that shows a larger catch is the Rivers Inlet district where 132,828 fish were taken this year as against 80,367 in 1919.

The total for the Naas District in 1920 was 81,153 as compared to 97,512 the year previous. On the Skeena River the 1920 catch was 334,392, while in 1919 the catch was 398,877. The catch in outlying districts, which included canneries in no particular district, such as Butedale, was 198,412, a slight increase over 1919, which was 384,163. The Fraser River catch in 1920 was 132,860 as against 158,718 in 1919. The largest and most noticeable decrease was that of Vancouver Island, where only 87,971 fish were recorded, a tremendous decrease from 276,549 the year previous.

To Be Dyspeptic Is to be Miserable

The poor dyspeptic suffers untold agony after every meal, and any one who has dyspepsia knows what joy it would give to eat those square meals a day and not be punished for it after. Nearly everything that enters the weak stomach acts as an irritant, and even the little that is eaten causes such torture and is digested so imperfectly that it does little good.

Before you can eat heartily, and not pick and choose your food, you must put your stomach into such a condition that it will manufacture its own digestive ferments.

For over forty years Burdock Blood Purifiers has been known up and restoring weak stomachs to a normal healthy condition so that the food no longer causes distress, but is thoroughly digested and assimilated, and enables one to partake of all the wholesome food required without fear of any unpleasant after effects.

Mrs. Alice Beckwith, Fesserton, Ont., writes:—I have been a great sufferer from indigestion and dyspepsia for several years. I could not eat anything without almost dying from the pain in the pit of my stomach. Seeing Burdock Blood Purifiers highly recommended, I tried a bottle, and can truly say it relieved me. I can eat anything now, and am in perfect health."

B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Those Washable Rugs—We Can Help You With Them

Is there anything that adds more to the cheerfulness of bedroom, bath or den than a well-kept washable rug?
True, they are difficult to keep clean, these days when the youngsters are so much indoors, and most backbreaking to wash—unless you have tried our way.

Ours is the labor-saving, efficient method. You simply make a roll of your rugs—then telephone us. We souse and rinse, and souse and rinse them again until much of their first freshness and color are restored.

Or perhaps your blankets, comforters, curtains and pillows need washing. All these things that it is so difficult to wash in the home we make a specialty of. Our pure soft water, fleecy suds and superior drying enable us to handle this class of work in a way that no laundress can rival.

Telephone, or mail us a card, and we will have our driver call.
