## Liquor Law Effective on Wednesday

### CHAMBERLAIN ANNOUNCES NEUTRAL STAND IN GREEK-TURKISH TROUBLES

#### Provincial Cabinet Sets Whisky Prices Government Control

VICTORIA, June 13.—The liquor prices set by the Liquor Control Board were approved by the cabinet on Saturday. Brands of Scotch whisky included on the lists will sell for from \$4 to \$5 in reputed quart bottles. The price of Imperial quarts will be from \$6.50 to \$7.50 per bottle, according to the board.

The board is quickly getting its plans for government sale into shape and is very busy at the present time with the many details that must be arranged before tomorrow night at midnight when prohibition ceases to exist in British Columbia and the Government Control Act, for which the people voted on October 20, comes into effect. Beer selling must stop at that time and to see that this is done the police in all municipalities have been instructed to rigidly follow out their orders in this regard.

#### LOOKING MORE LIKE PEACE IN MINERS' STRIKE

Few Coal Leaders Are Now Irreconcilable—More Promising Every Day.

LONDON, June 13.—Reports from various mining centres indicate that there is a growing feeling among the men in favor of accepting the latest offer of the coal mine owners. Few of the miners' leaders are now irreconcilable. The authorities estimate that the cost of the strike to Great Britain has to date been eighty million pounds. Each day now seems to give greater promise of an early settlement at resumption of activities in the mines.

#### MANY UNEMPLOYED IN PROVINCE YET

Increase of 3500 Since March 1 But Still 5500 Left

VICTORIA, June 13.—Although there has been a decrease of 3500 in the unemployed list in the province of British Columbia since the first week in March, there are still 5500 registered with the provincial government's labor department.

#### B.C. AMATEURS MAY PLAY SCOTTISH PROS

Assurance Given That It Will Not Injure Their Amateur Standing.

VICTORIA, June 13.—Arthur Manson, president of the British Columbia branch of the Amateur Union of Canada, announces that permission has been given amateur footballers in the province to compete against the visiting Scottish professionals without injuring their amateur standing.

#### NO MORE FLOODS IN FRASER RIVER

Cooler Weather Around Quesnel Makes Water Drop Considerably.

QUESNEL, June 13.—The Fraser River has dropped three feet since Saturday morning and the Quesnel River is also dropping. With cooler weather prevailing there should be no more further floods in the lower Fraser Valley.

#### MYSTERY CASE FOR ASSIZES

Prince George Will Have Trial of D. Clark Charged With Having Stolen Good in His Possession.

OWNERS BEEN MISSING FOR SEVERAL MONTHS

Amos Godfrey, prospector and miner, and his married sister, Mrs. Thira Hughes, of Parksville, Vancouver Island, arrived from the south last night on the Camosun and left for Prince George on this morning's train to attend the session of the summer assizes which open there tomorrow morning. Their journey into the interior carries with it a story of an intense interest.

Last fall three disappeared in the Quesnel district three people, who, it was known, were living on a small ranch some couple of miles from the little settlement. They were a Mr. and Mrs. John Halden and the latter's young son by a former marriage, Stanley Wright. It was generally believed that they had left the district, this belief being borne out by the story of a man named Dan Clark, who had been working with them on the ranch. He stated upon interrogation that they had gone away and that he had taken over the place and purchased their belongings, together with some jewelry, which he had endeavored to dispose of to the settlers in the district.

#### Police Investigation.

All enquiries instituted by Mrs. Hughes, the sister of the woman who had disappeared, having proved fruitless, several letters having been written to Quesnel as well as to the Old Country, in an attempt to find out the cause of the prolonged period of silence, the matter was put into the hands of the provincial authorities with the result that the man Clark was put under arrest on April 17 last on a charge of having stolen goods in his possession. It is in connection with this charge that Mr. Godfrey and his sister are on the way to Prince George, having been subpoenaed as witnesses.

The evidence against Clark is entirely of a circumstantial character but it is hoped by the authorities that more light will be thrown on the mysterious case at the coming assizes. The parties connected with the case are all English, the man Clark, accused of the theft charge, being a typical London cockney. Mr. Godfrey who is an old time prospector and miner and, is at present interested in an hydraulic proposition in the Cassiar country has been in the west since 1881.

#### Murder Theory.

It is a theory of the authorities and the people in the district that the three unfortunate people have been murdered and the bodies destroyed by being burned in the process of burning brush while clearing land.

#### ALBERTAN FLYERS FELL TO EARTH WHEN DOING STUNTS

Alfred Mabee Dead and A. Fleming Will Likely Die as Result.

CALGARY, June 13.—Alfred Mabee was killed and A. Fleming will probably die as a result of the fall of an aeroplane while doing stunts here in the presence of a big crowd. Both men were Albertans.

#### MINISTER OF DEFENCE IN NEW GERMAN CABINET

Herr Gessler, Democrat, is the new Minister of Defence in the German Cabinet formed by Dr. Wirth.

#### TROUBLE GETTING HOME FROM THE SALT LAKES YESTERDAY

Due to a misunderstanding of some nature, there was some inconvenience caused to a number of the visitors to the Salt Lakes yesterday who were awaiting an opportunity to return to their homes across the harbor. "Oh Baby" the "Narbethong" and the "Twenty-three" have in the past been working together and people leaving the city for the Salt Lakes, upon paying the fare of fifty cents, were entitled to return in any one of the three boats.

It appears that J. Myhill Jones, owner of the "Oh Baby" has recently inaugurated a system of tickets for the return trip, and that the other two boats were not apprised of it. This in some way caused a mix up, as the "Oh Baby's" skipper only took for passengers, those who were holding one of his tickets, whilst the "Twenty-three" had been taking all comers, tickets or not, collecting the latter for Mr. Myhill Jones when presented. The matter will probably be arranged amicably by next Sunday.

The towing steamer Canada of the B. L. Johnson & Walton Co. is on her way up the coast with three scows behind her. There is a Corrick scow for the Whalen Co. at Swanson Bay, a scow load of coal and a scowload of 250,000 feet of lumber and some crosscut piles for Prince Rupert.

## Britain Will Take No Side in Balkan Peninsular Warfare

LONDON, June 13.—The attitude of Great Britain in regard to the conflict between the Greeks and the Turkish Nationalists will be one of strict neutrality, according to an announcement made by Rt. Hon. Austen Chamberlain, chancellor of the exchequer, in the House of Commons.

An announcement of Britain's attitude in the warfare that broke out in the Balkan Peninsula some time ago has been awaited for some time by the nations of Europe as well as the people at home. The attitude that has been adopted is accepted with a good deal of endorsement in Britain although certain European countries would have liked to have seen Britain take the side of Greece in the matter.

#### AIRPLANE MAY COME FOR FAIR

Vancouver Island Aerial Service Renews Offer to Association on Attractive Terms.

The Northern B. C. Agricultural and Industrial Association is again in communication with the Vancouver Island Aerial Service with a view to having a seaplane visit the city during the course of the exhibition to be held this fall. This is the same organization which was to have sent a plane here last fall but failed to do so on account of circumstances over which it had no control, when Aviator W. H. Brown's machine became disabled in Queen Charlotte Sound and he was forced to descend and return to Victoria after several days of hardship and exposure spent on the open sea.

The flying company is, however, undaunted by this unsuccessful attempt to fly to Prince Rupert and it has already offered the fair association the same contract as last year at a reduced cost. This will provide for two flights each day during Fair Week and three flights on each of the three fair days, a total of fifteen flights. Besides this the machine will make a flight over the neighboring towns and villages within a radius of fifteen miles dropping leaflets and advertising matter. In the form of a thriller on one of the flights, weather permitting, the airman will walk out on the plane of his machine while it soars over the city. All the fifteen flights will be made and if the weather is not suitable on one day they will be made on another.

The presence of an airplane here during Fair Week will be a great attraction and will doubtless, draw many more people to the exhibition than would come otherwise. The Vancouver Island Aerial Service is showing its good faith in the matter and, although the failure to reach here last year was no fault of its members of the company are very anxious to show that they can get here successfully this fall. The machine, if it comes, will be the first airplane ever to fly over Prince Rupert.

#### FRENCH MARSHAL IS SAILING FOR CANADA

HAVRE, June 13.—Marshall Fayolle is leaving on Wednesday for Canada where he will officially extend thanks to the Dominion for aid given France during the Great War.

#### Farmers in Valleys East of Here Are to Be Aided in Transportation of Stock

VICTORIA, June 13.—Because of the rapid development in Central British Columbia along the line of the Grand Trunk Pacific Railway between Prince Rupert and Prince George, plans are now being completed by which the Land Settlement Board will act as a medium in assisting settlers in getting stock financed and transported into that country. This announcement was made on Saturday afternoon by Hon. E. D. Barrow, minister of agriculture in the provincial cabinet, on his return from a two weeks' tour to the north central agricultural areas.

Mr. Barrow, who went north primarily to attend the Dairy-men's convention at Vanderhoof, took the opportunity to inspect other sections along the Grand Trunk Pacific and was immensely impressed with the rapid strides that had been made since his last visit. He saw that each year there is a greater influx of settlers to the Skeena, Bulkley and Nechaco valleys and that those who are already there are making fast progress towards turning their lands into quick producing and paying farms. Especially in the stock raising and dairy branches he more fully realizes the importance of these valleys and he is forced to the belief that, at no distant time in the future, they are to rival his own Fraser River country. The central interior is a coming agricultural country and it is coming fast, Mr. Barrow says.

#### TOLL OF LIFE AND PROPERTY

Roits, Incendiary Burnings and Murders in Ireland Saturday and Sunday.

BELFAST, June 13.—Fourteen were wounded in rioting on York St. Saturday, Sunday. The police finally dispersed the mob with a volley of shots. One constable died of wounds as a result of the affrays.

DUBLIN, June 13.—Several residences, the Scarriff work-house, County Clare, and the Gally Head and King's Bar coast-guard stations were burned by incendiaries on Saturday. The damage is placed at \$500,000.

GORK, June 13.—A shoemaker was killed for a spy at Hwe Liseacrol and a notice was pinned to his dead body. A civilian was shot by Crown forces when he failed to answer to a challenge after curfew.

LONDON, June 13.—A despatch from Dublin says that Thomas Rush, said to be a United States naval pensioner, was shot to death on Saturday night near Castlereagh by the Crown forces.

BELFAST, June 13.—Four have been killed in renewed rioting on York Street. The combatants fired through windows and skylights through which bullets flew in all directions. Three of the killed are civilians and the fourth, a constable.

#### LOCAL PLANT GETS TIMBER

Prince Rupert Pulp and Paper Co. Take Over Holdings of North Empire Company.

One of the biggest timber deals which has been put through in British Columbia for some time has just been consummated with the acquisition by the Prince Rupert Pulp and Paper Co. of the British Columbia holdings of the North Empire Timber Co., say the papers of the south.

The timber area is one of the most accessible for sawmill operations and is situated only a few miles from Prince Rupert. The holdings are approximately one billion feet, of which fully ninety per cent is spruce and hemlock. The North Empire Timber Co. is largely controlled by interests in Cedar Rapids and other large cities in the state of Iowa.

While the price paid for the holdings is not made public, it is understood that it runs into large figures. With the acquisition of this new timber area the local concern is now one of the largest holding concerns in the province.

Mr. and Mrs. M. E. Hoffman and son-Ernest, who arrived from the south last night on the Camosun, left for Prince George on today's train.

family are to spend the summer in Vancouver.

R. Prosser, of Francis Lake, is a recent arrival in the city from the interior.  
 S. M. Newton returned last evening from a visit to various cities on the prairies.

J. H. Groat, of Smithers, arrived on last night's train, and is registered at the Prince Rupert Hotel.

J. T. Mann and R. W. Todd, of Victoria, are recent arrivals in the city staying at the Prince Rupert Hotel.

Mrs. W. J. Nixon and youngest son arrived on last night's train from the east to visit her sister, Mrs. C. J. Stevens, Atlin Avenue.

Arthur Brooksbank, city purchasing agent, sailed last evening for the south to spend his holidays in Vancouver and Ladysmith.

Dr. John Albert Briggs, of Massett, has been appointed by the provincial secretary to be medical inspector of schools at Port Clements.

Mr. and Mrs. T. Wallace and A. P. Gurd, of Claxton, were among the week end visitors to town registered at the Prince Rupert Hotel.

Gen. Duff Stuart to local R.C. M.P.—Are there many tough characters in Prince Rupert?  
 Mountie—Not until about 150 landed here yesterday from Vancouver.

Miss E. Bloomfield, eldest daughter of C. E. Bloomfield of Ambrose Avenue, went south on the Prince George last night and will spend some time with relatives in Vancouver.

Pythian Sisters' dance in K. P. hall, Wednesday, June 15, at 9 o'clock. Admission—Gentlemen, 75c, ladies 50c. Refreshments, ice cream. Westholme Orchestra. Everybody welcome. 39

The matriculation examinations to the University of British Columbia commence at the local high school next Monday. Miss J. Rothwell, of the King Edward School staff, is to be the presiding examiner at the tests.

This week's incorporations as announced in the B. C. Gazette include the Daly Mines Co., Ltd., capital \$100,000, head office, Vancouver, and the North Coast Development Co. Ltd., \$25,000, Victoria.

Mr. and Mrs. Will Balagno, who recently returned from Toronto, are spending this week on a fishing trip at Woodworth Lake. Next week Mr. Balagno will resume his position as violinist in the Westholme Theatre.

Jack Miller, late owner of the cigar store in the Empress Theatre block, a resident of the city for some years, has sold out his extensive business interests here and left the north permanently to reside in the United States.

Mr. and Mrs. Frank Rice and family left on the Camosun last night for Alice Arm where they will spend the summer. Mr. Rice is a provincial land surveyor and his duties will keep him in the silver camp for the season.

Mr. and Mrs. M. M. McLachlan left for Vancouver on the Prince George. Mr. McLachlan who is local representative of Brackman & Kerr Co., Ltd., is making the round trip and will return towards the latter part of the week. Mrs. McLachlan expects to spend the summer in the south.

Rod Mackenzie, chief officer of the steamer Prince Rupert at the time of her wreck at Swanson Bay last fall, has applied to the Supreme Court for a reversion of the two months' suspension that was imposed on him by Captain J. D. McPherson, wreck commissioner, following the Prince Rupert wreck inquiry. The case will be heard in Vancouver late this week.

At the meeting of the St. Andrew's Society on Friday night, the presentation was made by R. E. Benson, photographer, of a memorial group of photographs of the members of the society who fell in the great war. The society expressed its gratification at the generosity and kindness of Mr. Benson and the excellence of the workmanship displayed in the pictures.

**JAP PROBLEM IS DELICATE**

Two Sides to Question with Many Diplomatic Difficulties.

WASHINGTON, June 11.—(By Canadian Press).—In view of the importance of the Japanese question to the people of the United States, the action of the Dominions conference in London on the question of the Anglo-Japanese alliance is being awaited eagerly by officials here. When the conflicting interests of Japan and the United States in the Far East, especially China, the island of Yap problem, the California question, and a score of other disputed points that may cause trouble between the United States and the Nippon government remaining to be settled, there seems to be strong hope here that the British Dominions, especially Canada, Australia and New Zealand, will take a hand at the conference to prevent Great Britain from tying herself up too closely with Japan.

The trend of thought in Washington on this question is indicated in a statement just issued by the Republican National Publicity Association through the president, former Senator Jonathan Bourne. Dealing with the coming conference in London, Mr. Bourne says:

**Principal Subject.**

"One of the principal subjects to come before the meeting will be the renewal of the Anglo-Japanese treaty of alliance. In the action taken on that matter the United States has more than a passing interest, in view of the points now in dispute between this country and Japan. The premiers of Canada, Australia and New Zealand, and the Union of South Africa have already signified their intention of opposing a continuance of the treaty if they see in it anything unacceptable to the United States. The three of these Dominions in particular are faced with much the same Japanese problems as is the United States, and are determined that they shall never be placed in opposition to a nation that maintains their own viewpoint.

"The British home government on the other hand, is embarrassed by its desire not to raise the race question while there is danger of an uprising in India. Likewise it cannot lose sight of the fact that Japan was an ally in the war and rendered considerable assistance to the allied cause. An eye must also be kept on the possibility of a future compact between Japan, Russia and Germany as a menace to world peace, which a present Anglo-Japanese understanding might forestall.

**Two Sides.**

"There are two sides to the question when considered from the angle of present-day world politics, but it is likely that its final solution will be guided by reasons more far-reaching and fundamental. The Caucasian race cannot afford to be divided against itself. If the next half century sees as rapid a growth

in Oriental power and influence as the last, the white nations will have to take council among themselves on how to meet a common danger. Even now, if she chose to do so, Japan could extend her boundary almost indefinitely northward into Siberia, and the means she has adopted in the last few years to overawe the Chinese and Koreans are notorious. Although there is an antagonism at present between China and Japan, fifty years hence may well see the huge man power of China molded into a Japanese weapon of war—and the natural resources of Siberia transformed under direction into an inexhaustible source of munitions.

**Trouble With India.**

"Treaties of alliance could never prevent the conflict that such a menace would portend. They would merely delay precautionary measures that Great Britain and other nations might otherwise take. When that time comes both the United States and Great Britain will be equally endangered, and they must both be free to consider a mutual defence, British control over India might be affected to some extent in refusing a renewal of the Japanese alliance by reason of race, but when the propitious moment comes, Japan will find it just as easy to foment trouble with the natives of India with a treaty as without. In any case that is the natural course her intrigues would take, and Great Britain would better provide against it now than deude herself into a false sense of security through a treaty of alliance with Japan.

"The American people, as well as the British, should be alive to the possibilities of the next fifty years. Should war come between the United States and Japan, we would find it very convenient to have British moral and material sympathy behind us. The presence in London of the Japanese crown prince is evidence of the anxiety of the Orientals to keep on a friendly footing with Britain, but such blandishments must not blind Caucasian eyes to the need for the closest racial ties.

**BIG LIGHTHOUSE SHIP COMING NORTH SOON**

Estevan Will Spend Weeks in Northern Waters; Newington to Victoria.

The big lighthouse tender Estevan, Captain-Jarnes, will arrive here from Victoria in about two week's time to spend several weeks in northern waters performing heavy work for the marine department. The Newington, Captain Bilton, the regular vessel stationed here, will go south, on the arrival of the Estevan, to take care of the work of the Victoria depot.

At the present time the Newington is on an extended cruise to the south as far as Cape St. James, the northerly end of Vancouver Island, in connection with the work of the department.

**NEW VESSEL BIRNIE MAKES FIRST TRIP**

Took Captain Saunders and Engineer Stamford to Stewart On Saturday.

The new lighthouse tender Birnie left on Saturday for Stewart on her first trip out of the Digby Island Marine Depot in her duties in northern waters. Captain E. Saunders, superintendent, and W. L. Stamford, engineer, went on the vessel to make an inspection of the dock that was built last year. They are expected back tomorrow.

**AUTHOR SAYS "THE SIN THAT WAS HIS" IS HIS BEST STORY**

Man Who Wrote "The Miracle Man" Says New Faversham Picture Excels.

Interest in the Selznick picture, "The Sin That Was His," directed by Hobart Henley and starring William Faversham, which will be shown at the Westholme Theatre tonight reached new heights when Frank L. Packard, author of the story, voiced his belief that the feature is as great if not greater than any photoplay ever made from one of his stories.

Everyone who has read "The Sin That Was His" is aware that the author achieved marked originality of plot and characterization in its telling. It is interesting, therefore, to have Mr. Packard say that the screen version will greatly emphasize these qualities.

Among the players who appear in Mr. Faversham's support are Lucy Cotton, Pedro de Cordoba, Lulu Warrenton, Robby Connelly, Miriam Battista, George Stevens, Frank Evans, Lou O'Connor and Bobby Agnew.

**"SNARES OF PARIS" TO BE SEEN HERE TONIGHT**

"Snares of Paris" is the alluring title of a new William Fox release that has been making a big hit and is announced for the Empress Theatre tonight. This photoplay is said to show the beautiful star, Madame Traverso—who is a favorite here—at her very best; and that means very, very fine. The plot indicates a brilliant picture of social and political Paris, with a view of the underworld; the latter set, it is said, being an exact replica of a Latin Quarter resort.

Her role being that of a social leader, Miss Traverso promises views of some stunning Paris gowns.

**MARY PICKFORD FILMS SHOULD BE EXCLUDED**

HAMILTON, Ont., June 13.—Attorney-General W. E. Roney's efforts to abolish race track gambling were commended by several delegates in a discussion at the annual meeting of the Hamilton Methodist conference here last week, when the conference went on record as opposed to horse racing. The conference attacked "movies" and demanded a stricter censorship. Rev. G. Cropp, of Lynden, Ont., said that films of Mary Pickford should be excluded from entering this country.

**BASEBALL SCHEDULE**

Junior League  
The schedule for the season follows:  
June 16—Tiny Tins vs. Dry Docks.  
June 23—Dry Docks vs. King Edwards.  
June 30—King Edwards vs. Tiny Tins.

## ENGINEERS HAD ANNUAL PICNIC

Many Enjoyed Big Time on Sands of Tugwell Island Yesterday.

The first annual picnic and field day of the International Union of Steam and Operating Engineers held yesterday at Tugwell Island proved a signal success, full of fun, frolic and fresh air. Besides the engineers themselves, there were present their wives and families and many friends. Although there were so many children out, the day was marred by not the least accident to any of them. Leaving town at 10 and 11 o'clock on the launches "Oh Baby" and "Nar-bethong," the merry-makers spent the whole day on the sands of the popular island returning to town about 7 o'clock in the evening. The officers of the union were generally in charge of arrangements. There were plenty of refreshments of all kinds and two meals were enjoyed.

There was a ball game between the engineers of the Wallace Shipyard and the Canadian Fish and Gold Storage Co., which resulted in victory for the former by a score of 5 to 4. The players were:

Cold Storage—Beale, Smith, Morin, Shaw, Dickenson, McInyre, Bodie, Parsons and McEwen.

Shipyard—Pinder, McKinnon, Dalby, Donovan, Geddes, Beatty, McCormack, Mosher and Belarige.

A. M. Bremmer was the umpire.

**Field Events.**  
J. R. Beatty was the starter in the races and the judges were J. Geddes and J. McCormack. The various winners were as follows:

Cocoon Race—1. Mrs. Meth Davies; 2. R. Parsons.

Second Ladies' Race—Mrs. Parsons; 2. Mrs. McIntyre.

Men's Race—1. Ralph Morin; 2. J. Pinder.

Children's Race—1. Marjorie Ritchie; 2. Thelma Skinner.

## Sport Chat

The third bout for the world's heavyweight championship under no decision rules at a limited number of rounds will be under way when Jack Dempsey, world's champion, and Georges Carpentier, French challenger, square off in the Jersey City ring on July 2. The only previous title contests held under similar conditions were the Willard-Moran ten round battle at New York, March 25, 1916, and the Willard-Dempsey contest at Toledo, July 4, 1919. The first bout went the limit, Willard gaining the popular verdict. At Toledo, Dempsey knocked out his ponderous opponent in the third of the scheduled twelve round bout.

Modern ring history in the heavyweight division is considered to have begun when John L. Sullivan knocked out Paddy Ryan in nine rounds at Mississippi City, Mississippi, February 7, 1882. Including that contest and the one in which Marvin Hart defeated Jack Root to gain the title relinquished to Jim Jeffries, there have been twenty-four championship bouts. The longest was that in which John L. Sullivan knocked out Jake Kilrain in 75 rounds at Richberg, Mississippi; the shortest that in which Tommy Burns stopped Bill Squires in one round at Colma, California, July 4, 1907.

By the average duration of these championship contests, which is a trifle under 15 rounds, Dempsey and Carpentier, scheduled for only twelve sessions, would seem likely to go the prescribed route. The length of the Sullivan-Kilrain duel, however, stretches this average and examination of the records shows that 11 of the 23 battles have stopped short of the 12 round mark, while the most recent championship fight, in New York last December, ended with the knockout of Bill Brennan by Dempsey in the twelfth round.

Persons who wager on the official result in the Jersey City bout, can win or lose only in two events, a knockout or a disqualification on a foul. To make possible a clean cut decision, it has been suggested

## The Man in the Moon SAYS

IT rained so hard in Vancouver last winter that all the Board of Trade excursionists bought new raincoats to make the Prince Rupert trip and the disappointing part of it was that they couldn't show them off when they did get here.

A good lesson for the excursionist who didn't know we had a water system here but thought we caught it in the rain barrel would be to spend the month of July here depending solely on that source of supply. He'd either parch to death or die of stagnant water poisoning.

## SCOTTISH ALL STARS WIN OVER CALGARY

Prairie City, However, Led at End First Half Earning Distinction.

CALGARY, June 13.—Stellar team work and individual cleverness gave the Scottish professional footballers a five to one victory over Calgary on Saturday afternoon. At half time Calgary led by one to nil and thus earned the distinction of being the first team in the Dominion to assume a lead on the professionals.

## VANCOUVER WON AT LACROSSE IN GAME PLAYED YESTERDAY

VANCOUVER, June 13.—Victoria was narrowly edged out of victory from Vancouver in the lacrosse game on Saturday afternoon but, after a desperate battle, Vancouver won by a score of 6 to 5.

## BABE RUTH MAKES EIGHTEENTH HOMER

Opens Week with Detroit Tigers with a Vengeance.

NEW YORK, June 13.—Babe Ruth made his eighteenth homer of the season yesterday playing against the Detroit Tigers in the opening game of the week's series. The Yankees won the game by a score of 7 to 6.

### TAXIS NOW DRIVE ON APPIAN WAY AND PAST COLISEUM

ROME, June 11.—Taxicabs have just invaded Rome. New brightly painted vehicles similar to those horse-drawn cabs, which have held sway in the capital of the Caesars for centuries.

The taxicab, though welcomed with open arms by the general mass of Romans, has met for years a stonewall opposition for the right to circulate in Roman streets. The 5,000 cab drivers and livery men fought its use and warned the city administration they would be defeated at election if the taxicabs were admitted.

This opposition has in a measure been overcome but there still remains some cab drivers' prejudice against motor vehicles in their business. They have insisted that the chauffeurs be mainly recruited from the cab drivers.

R. J. McDonnell, the Stewart hotel man, came down from Stewart yesterday afternoon and continued south to Victoria last night.

### STEWART

R. L. Gother, superintendent of the Red Cliff, took a crew of five men up to the mine on Wednesday for the purpose of doing preparatory work necessary for the commencing of development work on the Montrose claim. A camp is being established on the Waterloo claim of which Vince Lade, well known prospector and mining man of this locality, has been appointed foreman.

John Hovland returned to town recently from sampling his Fish Creek group, consisting of five claims in Alaska territory on Fish creek, one mile from the Salmon river wagon road and at an elevation of about 800 feet from sea level. He reports that he has located a new lead four feet wide with fourteen inches of high grade ore running 300 ounces of silver with a small percentage of zinc.

Specimens from the Raven and Albany claims, of which John Fraser is one of the owners have returned assays as follows: Silver, 104 ounces; Gold, \$1.50; Lead, 33 per cent.

During the month of May 239 miners certificates were issued at the local mining recorder's office.

After transacting business, and seeing the sights of Prince Rupert, William Crawford returned to town last Tuesday on the Pachena.

Advertising is often expensive but it is nothing like as expensive as an empty store and idle clerks.

### Summer Salads and Ice Cream

Pacific Milk can be used everywhere for cream salad dressings and for ice cream recipes, using it straight for cream and diluting it as required. It has the rich, full flavor of fresh milk and newly-skimmed cream when used in this way and you need never fear that your cream or dressings will be other than fresh and delicious, for "Pacific" is absolutely free from all taint of "tininess" such as spoils ordinary milk for pure purposes.

"Pacific" is the product of Fraser Valley cows—the only milk canned in the province.

### STEEL KING TALKS LABOR AND CAPITAL

Addressed Syracuse University Today on Economic Problems

SYRACUSE, N. Y., June 13.—E. H. Gary, chairman of the Board of Directors of the United States Steel Corporation, told the Syracuse University students in a commencement address today that capital is necessary to the progress and prosperity of every country and any people. The only alternative to it, he declared, was the anarchy or Sovietism now gnawing at the vitals of Russia. This Russian system he described as a poison in the natural system of national and individual life would eventually lead to destruction.

He expressed the opinion that there might be no objection to a fair and reasonable law subjecting organized capital, exceeding certain amounts, to governmental inquiry and restriction in its uses, "provided organized labor should also be subjected to the same statute."

#### Capital and Labor.

Speaking on the relations of capital and labor, Mr. Gary said that these two interests recognize their interdependence but that outsiders often seek to antagonize them. He declared, however, that the majority of employers or managers of business are more solicitous for the welfare of the workmen and do more to promote their comfort and happiness than outsiders ever have done or were disposed to do. Labor was never in the world's history more highly respected nor treated as liberally as today, he declared. It had been demonstrated to be profitable to the employer to treat the workmen fairly and this would insure the latter full justice.

Laying stress on the necessity of capital he said: "Money is essential to provide facilities for preparing one to accomplish the best results in any profession or calling. The material progress and prosperity of any and every country are to an enormous extent the result of large capital. Without these, the inhabitants would be neither happy nor comfortable."

"Accumulated capital provides

### DE LUXE ICE CREAM

Having enlarged our premises and installed modern machinery, we are thoroughly equipped to take care of our ever-growing Ice Cream trade.

The ingredients used in "De Luxe" Ice Cream are of the best, our cream being imported from the south tri-weekly.

Ice Cream is made daily on our premises in three flavors—Vanilla, Strawberry and Chocolate. We also specialize in Neapolitan bricks.

We solicit orders for Teas, Dances, etc., and all orders are given special attention and delivered by our own automobile. We make prompt shipments of out of town orders.

the facilities for development, improvement, extension and application of natural resources. This could not be done by small contributions of money." In times of war, Mr. Gary declared, it would have been impossible to have fully supplied the needs of the country without recourse to contributions by large capital.

#### Accumulated Capital.

"Except for the accumulated capital invested in business enterprises and the working capital to maintain and extend them," Mr. Gary continued, "millions of men and women who work for wages or salaries would be without a chance to earn a decent living. To the extent a nation is without capital in a corresponding degree are its industries in a state of decay and its people impoverished and despondent.

"In short, for a desirable and proper degree of comfort, contentment, happiness, advancement in any direction, protection against disease and destruction, every inhabitant of every land is dependent upon individually accumulated capital.

"The only alternative which has been suggested is that the government shall forcibly take possession and control of all capital and distribute the income derived from it amongst the people per capita. This would inject into the natural system of national and individual life a poison which would eventually lead to destruction. It would smother ambition, enervate the body, remove competition for legitimate success in every line of activity, destroy incentive for development and progress and create a nation of laggards, weaklings and paupers. Slight motive for succeeding in any natural and honest direction would exist if the final results were to be applied for the equal benefit of others.

#### Bad Doctrines.

"Growing out of the illogical and condemnatory doctrine above described, is another even worse. It is, and for some months past has been, in practice at places outside the United States. It rejects the right of the individual to enjoy the fruits of natural ability and integrity, of study and mental effort, thrift and economy and it substitutes the law of physical force which permits the strong and powerful to forcibly appropriate all that belongs to another, including property and family.

"This virulent and abhorrent disease, masquerading under different names, has been gnawing at the vitals of Russia. Anarchy is a generic term for it. Sovietism is most commonly used at present. It has spread and destroyed. Its germs purposely have been secretly carried to America and efforts to inoculate our splendid citizenship.

"Capital, whether invested in charitable, religious, educational institutions, or commercial or industrial enterprises, will be protected and, as a corollary, the rights of the people without discrimination will be conserved.

#### Restriction of Wealth.

"If it should be urged that certain amounts and possessed by organized capital should be subjected to governmental inquiry and restriction in its use, there might be no objection to a fair and reasonable enactment covering this question, provided organized labor should also be subjected to the same statute.

"The door of opportunity for legitimate advancement is open to both capital and labor. Both should be grateful for the privilege. Neither should be permitted to abuse it."

### FOOTBALL SCHEDULE

#### Senior League

Dominion Cup tie dates are as follows:—S.O.E. vs. G.W.V.A., Russell referee, June 14; Callies vs. S.O.C., Mercer referee, June 17. The final will take place on July 1, with Mercer handling the game.

July 6—Callies vs. G.W.V.A., Mercer, referee.

#### Junior League

June 13—Athletics vs. Dry Dock, Russell, referee.  
June 21—Dry Dock vs. Merchants, McCulloch, referee.  
June 27—Merchants vs. Athletics, Bell, referee.

Without advertisements, this paper would not be as interesting to you, because information about goods for sale in the stores is news—just that.
