Plain Talk by Lord Curzon to France LEGISLATURE NEARS END SESSION: MAY PROROGUE WEDNESDAY

Lord Curzon Creates Sensation Through His Candid Utterance Regarding Position of France

LONDON, Nov. 25.—Lord Curzon in a speech here yesterday informed France that she could not succeed in a re-ful policy against Germany, nor would France be permitted to do the work of the Washington conference. "We intend to make Germany a peaceful member of the world conference," declared Lord Curzon, referring to the French policy. Lord Curzon again urged allied responsibility for the peace of Europe, and said that the French policy of the future will never be achieved, "if one nation tries to make an agreement on its own initiative."

Lord Curzon spoke of the United States' initiative in the matter of disarmament and Britain's prompt seconding by ceasing shipbuilding program. If other nations were permitted to possess land armaments or undersea ships of offense, the sacrifice will become foolhardiness.

The speech made a sensation as being the most candid on international affairs since the speech of Lloyd George last regarding the occupation of Ruhr.

FRANCE DEEPLY AROUSED.

PARIS, Nov. 25.—The French Government is deeply aroused by the warning given to France by Lord Curzon, the British minister, in his address given yesterday in London, and the criticism of French policy at the Washington conference.

ANYOX WILL DO ITS DUTY

Special Correspondent Tells of Prospects in Granby Copper Camp.

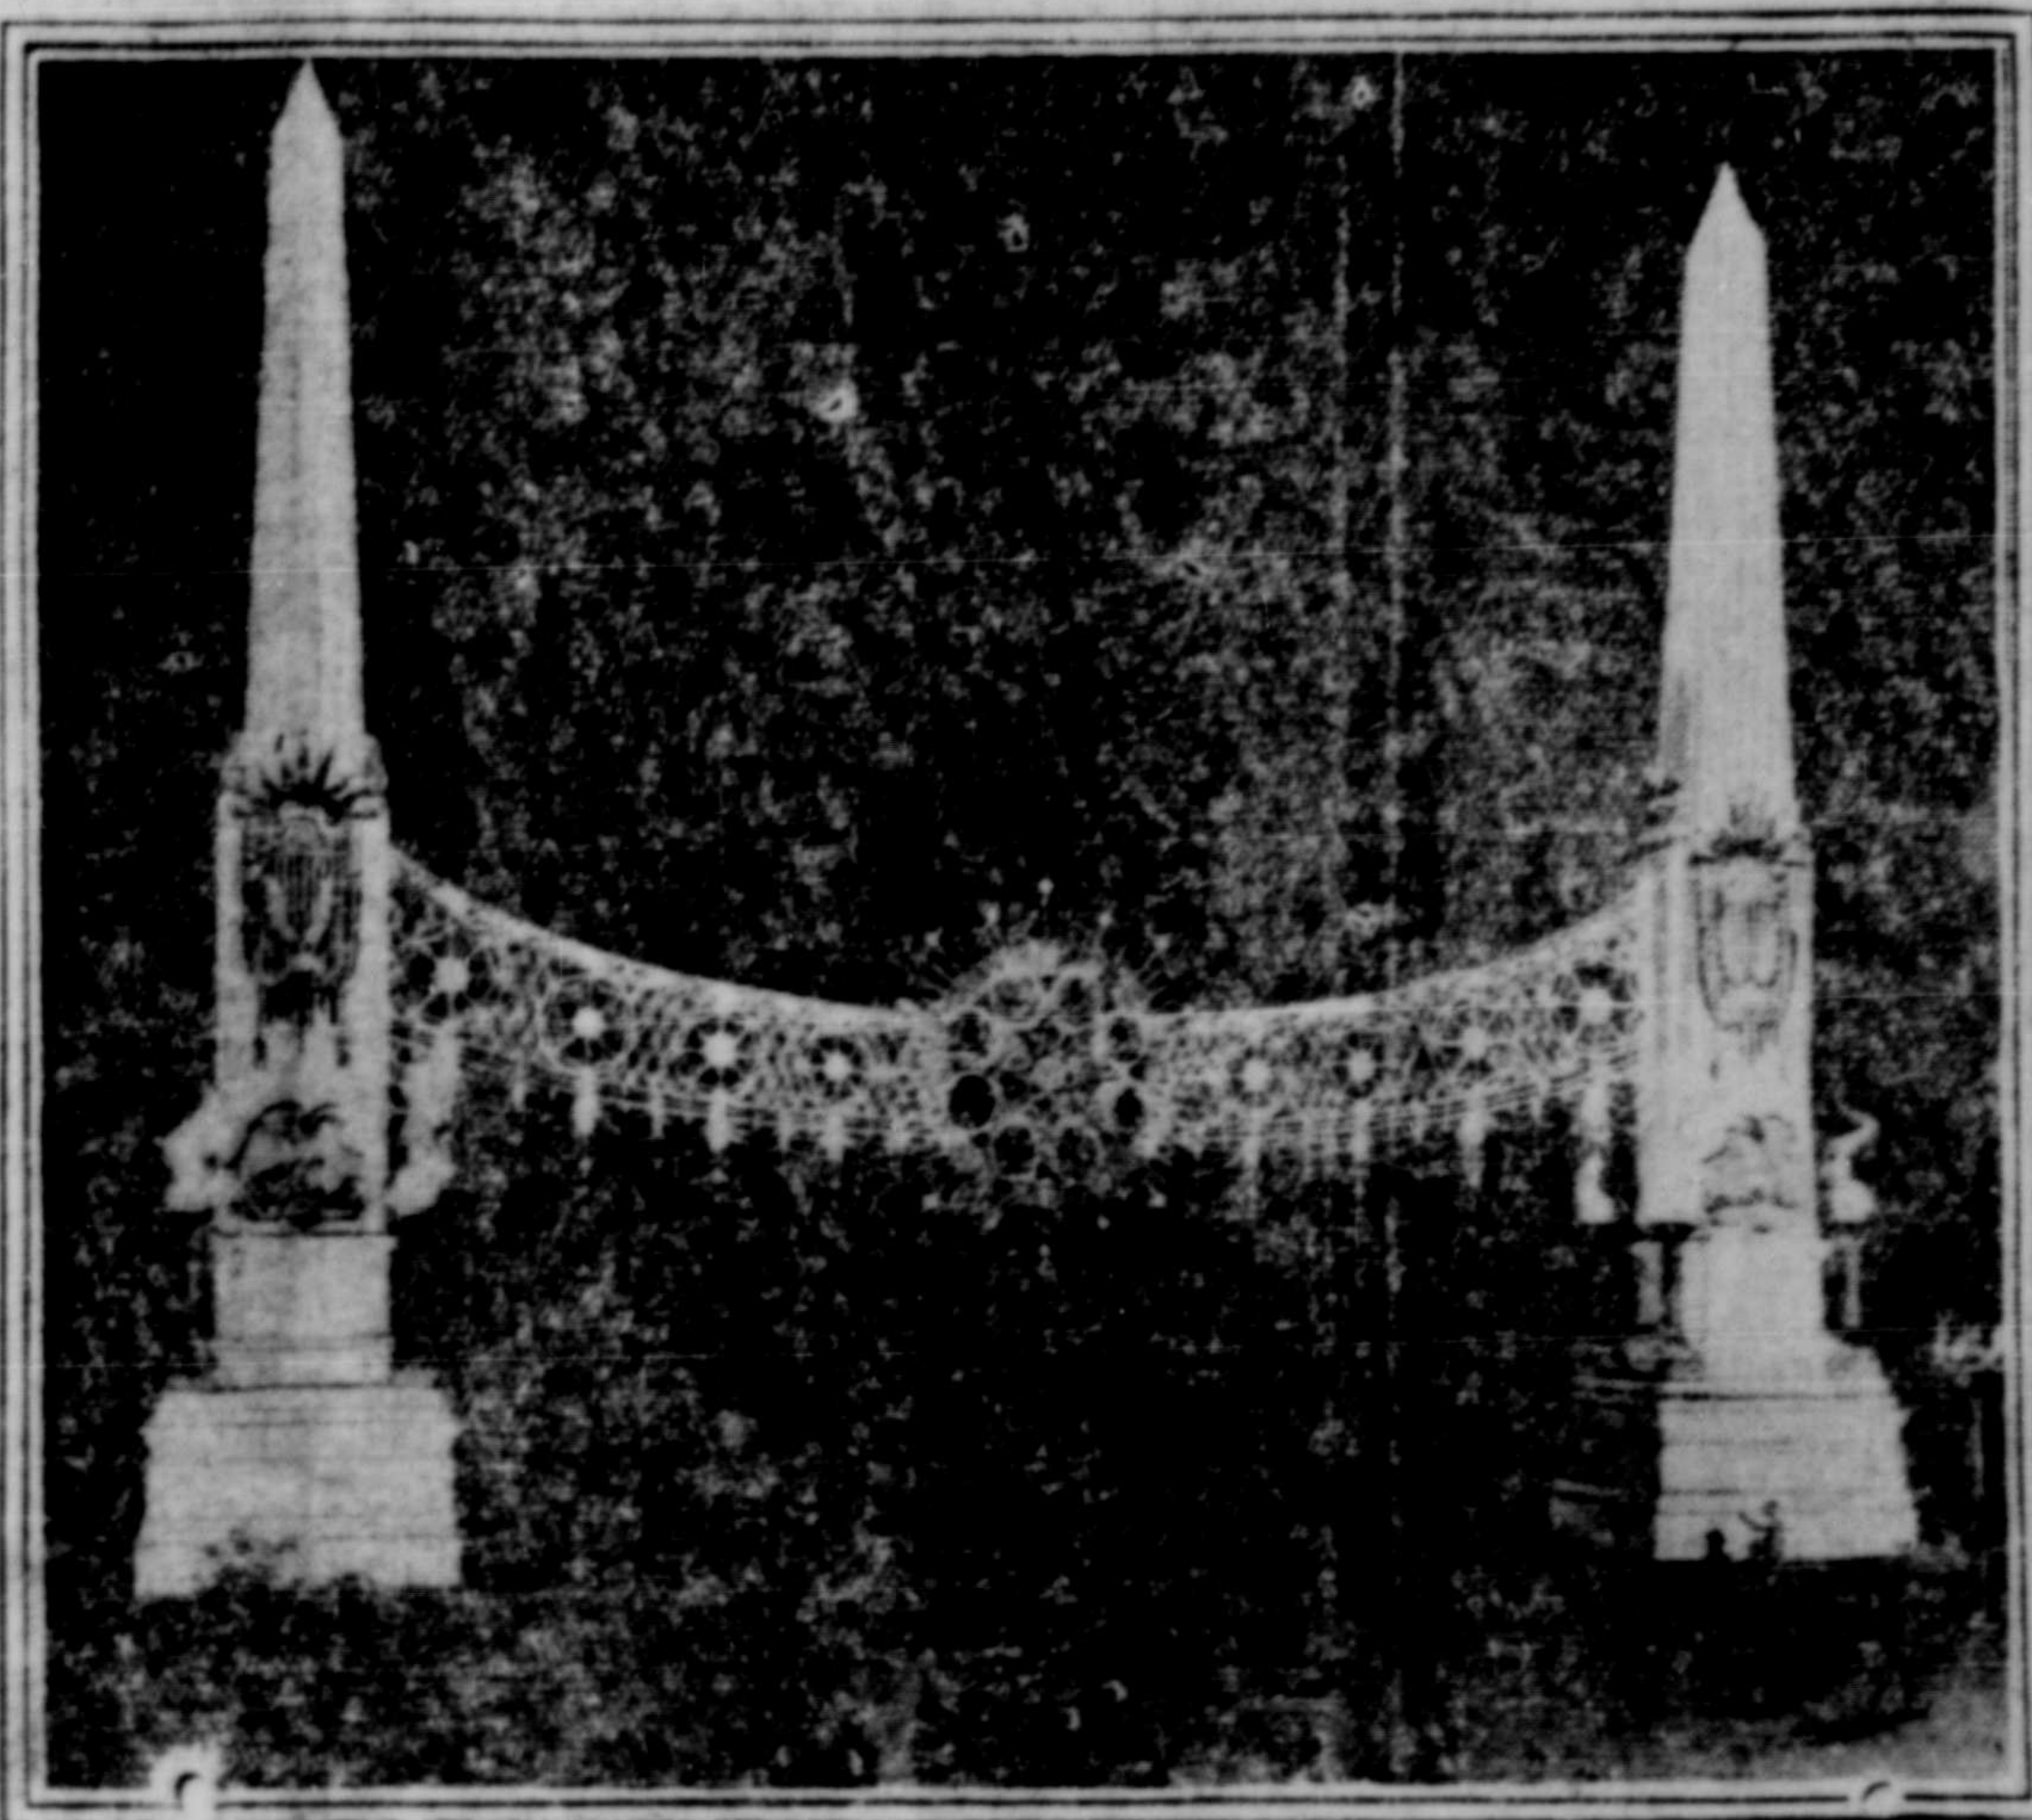

ANYOX, Nov. 24.—By mail. The visit of Fred Stork to Anyox has set the smelter town in a great flutter. During the last 24 hours of his visit, the stork visited the homes here with the result that there were five births, two of them being twins.

At his public meeting in the theatre last night, Mr. Stork brought down the house by declaring that if they voted for him on December 6 Anyox would enjoy both prosperity and population.

Wednesday's meeting was the best and largest held in Anyox in this election. James Esplin was chairman and the candidate delivered a splendid address. Mr. Stork is creating a good impression wherever he goes and will be strongly supported in Anyox. The defeat of the Government is considered certain and if the rest of the constituency of Skeena lines up with Anyox, Stork will be at Ottawa to support Mackenzie King at the opening day of the next Parliament.

A well attended meeting was held at the mines Tuesday night and a very interested audience gave the speaker an attentive hearing and roundly applauded at the close of the gathering.

THIS PORTAL OF JEWELS FOR DISARMAMENT PARLEY.

The opening of the disarmament conference and the observance of Armistice Day were celebrated by the display of flaming colored lights throughout the city of Washington. The most striking decoration was the jewelled portal at the junction of Seventeenth and B Streets.

CARS BOMBED AT BELFAST

Sinn Feiner Had to Be Protected
By Police to Prevent
Lynching.

BELFAST, Nov. 25.—Two more cars were bombed on Thursday and three people were killed and many injured. A grocer and one of his customers were killed when shots were fired into the store.

William Smallwood, a resident of the Sinn Fein quarter, who was arrested for complicity in the bombings, had to be protected by the police from the crowd which wanted to lynch him.

TEST MESSAGE TO AUSTRALIA

Marconi Company Covers Long
Distance by Wireless, Break-
ing Record.

LONDON, Nov. 25.—Announcement is made by the Marconi Company of the successful sending for the first time of a series of test messages by wireless from the big wireless station at Caer-marvon, Wales, to Sydney, Australia. This is a record distance for a wireless message and marks a distinct advance in the science and art of wireless telegraphy.

PRINCE BANQUETED IN BARODA, INDIA

Expressed Pleasure at Happy
Conditions and Said He Would
Like to Stay Longer.

BARODA, Nov. 25.—The Gaekwar of Baroda gave a state banquet in honor of the Prince of Wales on Wednesday night. The Prince in his speech expressed pleasure at the happy conditions that prevailed in Baroda and said he was regretful that his stay must be such a short one.

ALASKA RAILROAD IS NOW COMPLETED

Expected it Will Be in Full Operation by Spring, Says Fairbanks Announcement.

FAIRBANKS, Nov. 25.—The virtual completion of the Alaska railroad between Anchorage and Fairbanks has been announced. The road, it is expected, will be in full operation by next spring.

FRIENDSHIP TREATY BETWEEN BRITAIN AFGHANISTAN SIGNED

LONDON, Nov. 25.—Britain and Afghanistan have signed a treaty of friendship. The complete independence of Afghanistan is recognized in it. Great ceremony accompanied the signing at Kabul, the capital of Afghanistan, last Tuesday.

TORONTO WOMAN IS KILLED WHEN MOTOR TRUCK BREAKS LOOSE

TORONTO, Nov. 25.—Mrs. Ellen McEachern, aged 31, was instantly killed, when a motor truck which had been left standing on McFarland Avenue ran away.

INQUIRY INTO THE IMPORTER

Bissett Tells of Flooding
of Vessel When Water
Came in Like Tide.

HOVER, Nov. 25.—In the case of flooding of a Canadian Government steamship on her way to Australia from this port, opened yesterday before Dominion Commissioner J. D. Macdonald and two nautical assessors.

Bissett, captain of the ship, who was one of the witnesses in the flooding of the ship, told how the water came into the engine room like a tide. When she elapsed after the vessel had a three-hour stay.

STER WILL HEAR MESSAGE

Meeting of Two Premiers to
Read to Parliament of
North.

EDMONTON, Nov. 25.—Lloyd George and Premier Craig of Alberta met this morning in conference, which according to the official circles, marks the final stages in the negotiations, which it is understood are on the verge of being completed.

It is understood a statement issued upon the two premiers being drawn and it is to be by the Premier to Parliament of North Ireland and issued simultaneously in Belfast and London.

WINDY CEDAR POLES.

The City will receive orders for three hundred cedar poles for Electric Light Poles up to 5 p.m. Monday, December 5. The lowest or any tender not necessarily accepted.

LABORITES SAY AN ELECTION SOON IN GREAT BRITAIN

LONDON, Nov. 25.—Laborites are still forecasting an early general election with great persistence. Many labor leaders, however, are of opinion that a general election now, when there are signs of a trade revival, would be criminal folly.

POPE SAID TO BE READY FOR RECONCILIATION WITH ITALIAN THRONE

ROME, Nov. 25.—A newspaper interview quotes Cardinal Gasparri, papal secretary of state, as asserting that Pope Benedict was ready for a reconciliation with the Italian throne.

FRENCH GOVERNMENT GETS GOOD SUPPORT

PARIS, Dec. 25.—The Chamber of Deputies gave good support to the Government in their financial program. They supported the proposals by a vote of 317 to 180.

TO RAISE WRECK

Capt. Babington Went South
Last Night to Float D. C. F.

Captain H. B. Babington left last night on the tug McGulloch with a salvage outfit and crew for Newcombe Harbor, Pitt Island, to raise the fishing boat D. C. F., which sank on Tuesday night as a result of her contact with floating ice. The Captain Charles Wallace, of the D.C.F., accompanied the salvagers.

WINNIPEG ELECTION.

WINNIPEG, Nov. 25.—The election is taking place here today for the 1922 city council and board of school trustees. Mayor Parnell was returned by acclamation last week.

SEA EAGLE IS PROBABLY GONE

Went out in Storm on Saturday
and Pilot House Drifted
Ashore.

ASTORIA, Nov. 25.—Tug Sea Eagle is believed to have been lost as part of the pilot house and furniture have drifted ashore. She went out in a storm Saturday to take a schooner in tow. The schooner was sighted yesterday but the Sea Eagle has disappeared.

HARRY LIPSETT'S HOUSE SCORCHED BY FURNACE FIRE

Harry Lipsett's residence on Fourth Avenue West had a narrow escape from fire last evening at 8:45 when a blaze started from a furnace fire did about \$1500 damage in the hallway above. There was nobody in the house at the time and when the firemen arrived the fire had quite a start. After about an hour it was finally extinguished but not before the walls of the hall had been badly scorched. A valuable grandfather's clock was also damaged and doors and windows were broken. The most of the damage was from smoke.

The fire department's Ford truck was used in making the run to the fire and while it was standing nearby a kit of tools was stolen from it.

IRON WORKS IN PROVINCE

British Representative on
Way to Victoria to Meet
Government.

VICTORIA, Nov. 25.—The establishment of an iron and steel industry in British Columbia is imminent, said Hon. T. D. Pattullo here yesterday. "A representative of British interests is en route to discuss the matter of proposals to the Government."

Word has also been received here that British interests are only awaiting certain data before proceeding with the development plans for Campbell River power.

WORLD HAS TOO MANY STEAMERS

Big Problem of International
Conference at London Will
Be to Find Use.

LONDON, Nov. 25.—Representatives of fourteen maritime countries were present yesterday when the International Shipping Conference opened.

Sir Owen Phillips presided and advocated better international organization of shipping interests. He said that the big problem to be decided was what was to be done with the superabundance of mercantile marine ships which would possibly exceed the world's requirements for the next few years.

SPECIAL POLICE ARRIVE BELFAST

BELFAST, Nov. 25.—Considerable forces of troops and special police are expected to arrive today to assist in quelling disorders which have raged for the last five days.

Session of Legislature To Close Next Week and Leaders May go on Stump

VICTORIA, Nov. 25.—The Legislature is expected to prorogue on Wednesday next, and the leaders of both sides are then likely to take the stump in the Dominion election campaign. A number of the members have been restless for some time, especially the leader of the Opposition, who is expected to turn his eloquence to good account on behalf of Premier Meighen and the protectionist party.

It is possible that one of the Independent Conservative members may be sent to Prince Rupert to support Colonel Peck and that Kerzner and Pattullo may go north to speak for Fred Stork.

The leaders have agreed, it is understood, that it is time to prorogue, as the business of the session is practically cleaned up.

A good deal of minor legislation has been disposed of in the Legislature. The Jackson Bill to prevent advertising on boardings was given the six months' notice.

By a vote of 24 to 15 the Furde Bill designed to make effective an eight-hour law already on the statute books, subject to the enactment of a similar bill in other provinces, was defeated. Both leaders voted against it.

Minor amendments to the Liquor Act are due for discussion when Ian Mackenzie is expected to introduce a beer clause. The workmen's compensation bill is also due for amendment.

Mr. Bowser asked the minister of finance to inform the Legislature in regard to the probable extent of borrowings for the coming year. Hon. John Hart was unable to make a statement at present. He remarked that the money market had greatly improved during the last few weeks.

STRIKE NEW ORLEANS

NEW ORLEANS, Nov. 25.—This port is completely tied up by a strike of between twelve and fifteen thousand cargo workers and handlers who walked out in sympathy with the screw men.

RECEPTION TO PRINCE GREAT

rioting Trivial But Greetings
Were Tumultuous Says Daily
Mail.

LONDON, Nov. 25.—Surveying the entire stay of the Prince of Wales in Bombay district after the Prince's departure from the city, the Daily Mail's correspondent says it was an unqualified success and both the Prince and people have reason to be well content that all anticipatory misgivings have been swept away by the tumultuous receptions.

Referring to the rioting, he says that the whole thing was trivial.

MILITARY REDUCTION BILL WILL BE TAKEN UP IN FRENCH HOUSE

President Millerand Has Approved
of Submitting It to Par-
liament.

PARIS, Nov. 25.—President Millerand has approved of the submitting to parliament of the military reduction bill authorizing two years' enlistment and the lightening of present restrictions.

DAILY EDITION

Friday, November 25, 1921.

Swimming Baths for the Children.

The matter of establishing swimming baths for the school children is being discussed by members of the Rotary Club and others. It is felt that in Prince Rupert we are differently situated to what other places are and that it is a great thing to have every boy and girl learn to swim as part of the school education. By installing a tank in the basement of the Booth Memorial School at a trifling cost the youngsters can be given the necessary facilities. The Rotary Club, while making no pledge, has intimated that it might be willing to raise half the amount required if the school board and city council will do the rest.

If the scheme is carried out it will put Prince Rupert in the position of being a leader in this phase of education. In no other public school in the province are there similar facilities. We in the north ought to be leaders. We have representatives in the most prominent positions in the province, and we should show the world that we can be leaders when it comes to providing for our own children.

Apart from any sentiment of being in the forefront of education, there is of course the great need for a place where the young people may learn to swim, and perhaps even more than that is the need of healthy exercise and the hygienic need. Teaching children to bathe is perhaps even more important than teaching them to swim.

Irish Situation

Cause of Alarm.

It will be a crime against civilization if the two great factions in Ireland cannot get together and the differences of the country be settled amicably instead of by the arbitrament of war. There is a peace conference in session, and yet there is a threat of war. The people of South Ireland will be ill-advised, it would seem to us here, if they do not accept the terms of Lloyd George and settle down as a separate entity within the Empire. If they were only located elsewhere there would be no need of trying to keep the island as a part of the British Empire but, placed as it is, right alongside the central point of the system, it is necessary that it remain an integral part of the commonwealth of nations, although it might well be an independent part in so far as the internal affairs of the country are concerned.

In Canada we look with interest on Irish affairs, but anything we say out here has absolutely no influence on the general situation. This is not a vital question with us, although there are many Irish people in the community, both Ulstermen and southerners, who keep in close touch with the affairs of the land that once was theirs. A settlement of the Irish question would have a good effect even here, where men would learn to forget that they once were northerners or southerners.

Fred Stork Is Gaining Strength.

Fred Stork, who returned from Anyox last evening, is much pleased with the result of his visit. He realizes that the people are not supporting him personally, but simply are going to vote for a change of government. The telegraphs yesterday brought a list of nominations for this province and Colonel Peck was there listed as an independent Conservative. There was no other way they could list him after his attitude last session.

It should be remembered that in voting for Fred Stork, as so many are going to do, they are not supporting any popular idol. Mr. Stork is just an ordinary business man, although by the way an excellent citizen, and will make a splendid representative. Most Liberals are not campaigning against Colonel Peck as a man, but against what he represents. People of Skeena are not willing to take any chances in regard to their representative. They want to be sure of him. They want a man who is pledged to certain principles of administration, and Fred Stork is that man. It is because of this he is gaining strength every day. The more people reason the matter out the more they come to see that there is only one thing to do. That thing they are about to do at this election.

Are We Satisfied or Are We Not?

Sam Watson in a letter published elsewhere puts the case very clearly. Are we satisfied or are we not? If we are satisfied to go on as we have been going, then vote for the Meighen man. If, on the other hand, there is a desire for a change, the only alternative is to vote for Stork.

BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by "FRUIT-A-TIVES"

MRS. PENNINGTON

NEW ROCKLAND, P.Q.

"In 1919, I was taken with Bronchial Asthma and no one knows what I suffered with during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me.

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the choking spells stopped, and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer.

Some thought the Asthma would come back on me as winter came on but it has not, thanks to 'Fruit-a-tives' Mrs. J. M. PENNINGTON, 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

STORK SAYS NORTH WILL DO ITS DUTY

Arrived Home Last Night and Feels Sure of Big Support at the Mines.

Fred Stork returned last night from a somewhat extended visit to Anyox and other northern mining camps, and is most emphatic that the mining camps are mostly Liberal. He says he got a good reception, was given a patient and sympathetic hearing and he feels sure that the people of the north realize the situation and will support him on this occasion.

Mr. Stork was glad to hear on his return that the cause of Liberalism looked well here. He is using his best efforts to place the issue clearly before the electors, so that if the people make a mistake they will have none but themselves to blame. He feels sure, however, that there will be no mistake this time.

The regular monthly meeting of the hospital board was held in the council chamber last night. There were present: President D. G. Stewart, D. C. McRae, Rev. W. E. Collinson, Col. S. P. McMorris, E. H. Mortimer, P. J. Palmer, J. G. McLennan and Major G. E. Gibson, secretary.

Children's Coughs Quickly Relieved.

It is hard for to keep the children from taking cold; they will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly, they get their feet wet, kick off the clothes at night; the mother cannot watch them all the time, so what is she going to do?

Mothers should never neglect the children's coughs or colds, but on the first sign should procure a bottle of

DR. WOOD'S NORWAY PINE SYRUP

It is pleasant and nice to take, and relieves the cough or cold in a very short time and thus prevents bronchitis, pneumonia, or perhaps consumption getting a foothold on their systems.

Mrs. E. Smith, 288 Victoria Avenue, North, Hamilton, Ont., writes: "I have three children who have had very bad colds, due to change of climate. I have tried different remedies, but I seem to get the best results from Dr. Wood's Norway Pine Syrup. I have no difficulty in giving it to them as they like it. I always have at least one bottle in the house."

Price, 35c and 50c a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

IMPROVEMENTS AT HOSPITAL

Heating and Sterilizing Systems Having Repairs—More Are Planned.

NEW NURSES' HOME

Alterations and improvements to the heating and sterilizing systems at the General Hospital are being considered. Some have already been made.

In compliance with a recommendation from Fire Chief D. H. McDonald, the gasoline stoves which have been used have been replaced with electric ones. Repairs have been made to the gasoline pipes leading to the operating room.

The Canadian Red Cross Society has made a grant to the hospital board which is to be used in putting in steam tubes and steam sterilizing appliances in the operating room. The House Committee and the Red Cross Society are considering the specifications with a view to calling for tenders.

A sum of \$235 has been turned over to the hospital from the Patriotic Fund. The House Committee and the officials of the Patriotic Fund are conferring with a view to putting this money to some special purpose.

Insurance.

At the board meeting last night, the matter of insurance was referred to the Finance Committee with a view to distributing it as evenly as possible among the local agents. The committee may also recommend that the amount of insurance on the building be raised. At the present time \$23,000 is carried on the building, \$6,000 on the fixtures and furniture and \$1,000 on stock.

President Stewart, at the meeting, said that there was a great improvement in affairs at the hospital under Miss Charlotte Black, the new lady superintendent.

Major Gibson said that lady patients on being discharged spoke feelingly of the treatment they had received and of the improvements that were evident. Miss Black had said that if the hospital was to get the proper type of pupil nurses there would have to be better accommodation for them. There should be a nurses' home.

Mr. Stewart said that this matter might be well taken up again. The government should be approached with a view to obtaining money for it, especially since such handsome profits were being made out of the liquor business. Prince Rupert, no doubt, contributed to them.

Col. McMorris thought the board should take the matter up with the government. It was his opinion that a suitable home could be built for \$15,000.

HIGH WATER DANGER AT PRINCE GEORGE

Ice Jam Formed at Junction of Nechaco and Fraser, Causing Floods.

Word has been received by the railway officials from Prince George that owing to the Fraser River freezing before the Nechaco an ice jam was formed and the water backed up, overflowing some low-lying land on the outskirts of the town and in one place covered the railway track.

Reports this morning showed that the water was dropping, it already having receded 18 inches. It is hoped that the trouble is at an end.

Ten Years Ago in Prince Rupert

November 26, 1911.

The pump for the city's auxiliary water supply from Morse Creek arrived yesterday by the Prince Rupert Ena.

The Ratepayers' Association held meeting in Presbyterian Hall last night to discuss Main-hole 28 and the proposed Hays Creek sewer. A. W. Edge presided and among the speakers were Ald. Clayton, Ald. Newton, Ald. Hilditch, Ald. Morrissey and Ald. Douglas.

It is announced that the new Westholme Theatre will be ready for opening by January 1.

J. B. Simmons, of the Simmons Construction Co., Winnipeg, which firm has the contract for the building of the superstructure on the ocean dock here, reached the city by last night's train. This is Mr. Simmons' second visit here since the work commenced.

Mr. and Mrs. H. J. F. Turney, returned to Vancouver on the Prince Rupert last evening. Mr. Turney was general superintendent at the local dry dock for the Wallace Shipbuilding Co. when the two Canadian Government Merchant Marine steamers were being built.

Specifications for the new ambulance which is to be bought by the city are coming from Vancouver and when the board decides on what it wants tenders will be called. An attempt is being made to sell the old horse-drawn ambulance to one of the hospitals in the interior.

Robert Craig, who was sent by the local hospital to Hazelton, is to be admitted to Tranquille Sanatorium near Kamloops. The local board has sent instructions to Dr. Weirich, at Hazelton, to have him transferred. Craig came from Amshury and is a government patient although the local board has been paying his expenses at Hazelton.

The piano, which was purchased by the Wallace Shipyard Social and Athletic Club and which was to be turned over to the hospital on expiry of the work at the shipyard, has been delivered to the hospital. Suitable acknowledgement is to be sent by the hospital board to the Wallace Shipbuilding Co. and those responsible for the donation of the piano.

The price of lumber is advancing in the south and it is only a question of time until it advances here. We still have some stock left that we will move at present prices. If you are going to build, get in touch with us before these stocks are sold or the general price of lumber advances. Certain stocks at reduced prices while they last. Prince Rupert Lumber Company, Seal Cove, Phone 361.

Appetizing!

BRITANNIA BEER

CAN'T BE BEAT

When beer is made of the finest ingredients, skillfully brewed and properly aged, it at once sharpens the appetite and aids digestion.

Britannia is carefully brewed, the finest ripe grain and selected hops only being used. It is thoroughly matured before being bottled and reaches you in perfect condition. It is an appetizing beverage of full strength and distinctively delicious flavor, a valuable food and tonic.

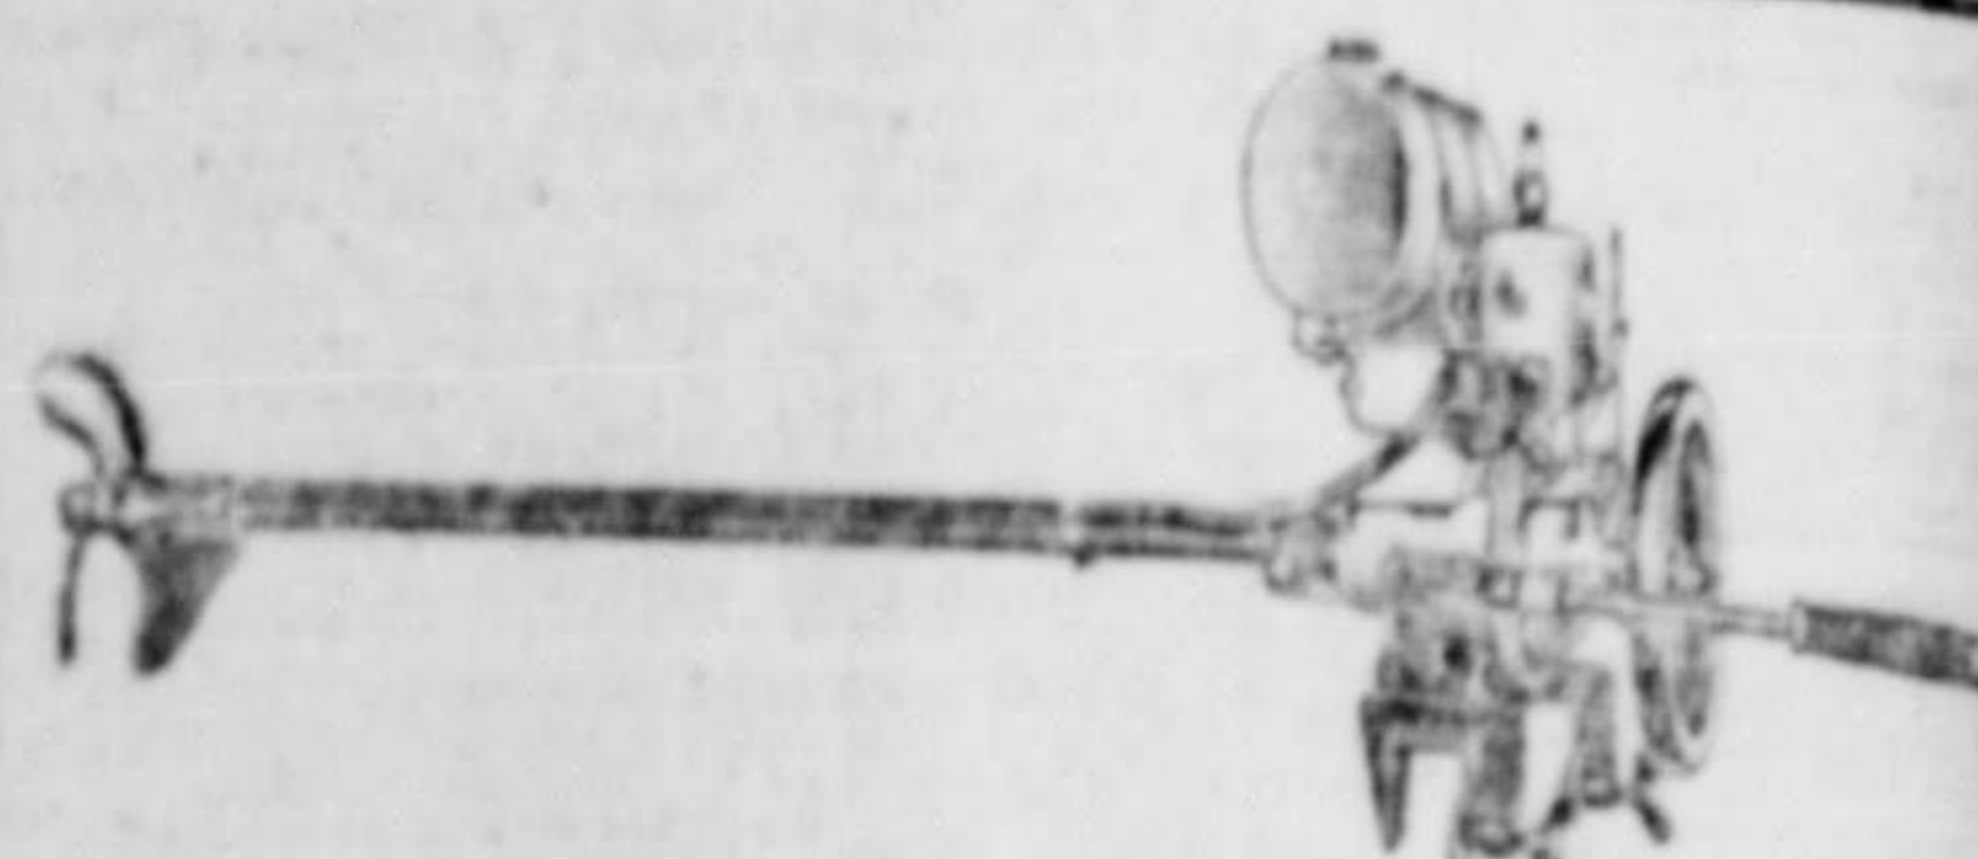

Britannia is brewed in B. C. by an all-British Columbia company. It is a home industry product. Every share of stock is owned in the province.

FOR SALE THROUGH GOVERNMENT VENDORS

If you are located outside City of Prince Rupert, notify Messrs. ROBERGE & WOOD, Prince Rupert, who will attend to details through Government Vendor for you.

BUT INSIST ON BRITANNIA BEER

WESTMINSTER BREWERIES, LTD.

The "Ford" of Marine Motors. Why?

Because it gives the greatest amount of service for the amount of money of any out-board motor made.

"WHAT EVERY WOMAN KNOWS" IS ON TONIGHT

Famous DeMille Picture to Be Shown at Westholme Theatre.

Many picturesque scenes are shown in the new William DeMille picture, "What Every Woman Knows," which will be shown at the Westholme tonight. The story is told in Scotland and London, and deals with a young student with political ambitions and with his matrimonial experiences with a young woman whom he agrees to marry that he might secure the means to finance his career. One of the most unique settings in the picture is a cheap London barber shop which has been converted into the political headquarters of the young candidate for parliament. The set has been pronounced perfect in detail and atmosphere by those who are familiar with London. Conrad Nagel is the leading man.

BIG CROWD AT CONCERT HELD LAST EVENING

Good Success Results From Benefit in Aid of "Slate" Webber.

The Empress Theatre was filled to the doors for the concert in aid of Harry ("Slate") Webber given by the Great War Veterans' Association, the Elks, Sons of Canada and the Trades and Labor Council last night. Although receipts are not all in it is understood that there will be a handsome amount of proceeds. Five hundred persons jammed into the theatre last night and seven hundred tickets had been sold. The program was a splendid one and proved very entertaining.

The Great War Veterans' band took part and played a number of fine selections. There were vocal solos by Harry Fletcher, Mrs. Jarvis McLeod, Harry Astoria, and Percy Smith. Comic songs were sung by Frank Moore, Bobby Sims and Dave Gay. Fred Stephens and Alex Rix gave an exhibition of club swinging. The Symons, a group of stringed instrumentalists, played harmonious numbers. W. H. Waldorf gave an exhibition of hypnotism which was a usual appreciated. Bert McEvoy danced a step dance and J. Peyton rendered a cornet solo. The comic dialogue "The Spendthrift Child—Or Who Did It?" was funny indeed as given by Joe Fleming, Bob James and Ben Warrior. J. McGuinness, mandolin, and Glen Gulick, guitar, played a splendid duet. The scene "Rest Billed Somewhere in France" presented by the G. W. V. A. boys was one of the most entertaining numbers on the program.

WHITTAKER OF VANCOUVER IS NEW ENGINEER

City Council at Special Meeting Last Night Made Appointment Successor F. S. Clements.

F. J. Whittaker of South Vancouver has received the appointment of city engineer here and is to take up his duties on December 1, when the resignation of F. S. Clements takes effect. This decision was reached at a special meeting of the city council which was held last night. Mr. Whittaker will receive a salary of \$275 per month which was asked for in his application.

Mr. Whittaker will come to the city highly recommended. He has had twenty-five years' engineering experience, seven years of which was in the municipality of South Vancouver. His application was received from there by wire and was accompanied by two strong recommendations, one from A. W. Gray, commissioner of South Vancouver and secretary of the Union of B. C. Municipalities, the other from W. T. Riley, municipal clerk of South Vancouver. Both speak highly of Mr. Whittaker's ability and his personal qualities. He has been advised by wire of his appointment.

There were eight members of the council present last night, the only absentee being Ald. Frizell. The appointment was unanimous and Mr. Whittaker's and C. H. Topp's names were the only ones considered.

There were twenty applications for the position as follows: Charles S. Bennett, St. John's, New Brunswick; James P. Gordon, Toronto; John Kilmer, Vancouver; William C. Sample, Fort William, Ontario; J. F. O'Connor, Quebec; G. H. Topp, Squamish; John W. Astley, Victoria; F. J. Whittaker, South Vancouver; H. Aldous, Toronto; R. F. Dines, Penfield; Angus J. Cameron, Vernon; R. Snodgrass, Vancouver; Thomas C. Jepson, Toronto; Major R. F. Leslie, Vancouver; W. Jamieson, Vancouver; J. W. Calder, Swift Current; Angus Smith, Calgary; G. R. Evans, Quebec; John A. Wilson, Vancouver.

G. E. Irwin and D. J. Evans, of the Premier mine, Stewart, were arrivals in the city on the Prince Albert this morning.

PRINCE RUPERT WON FIRST GAMES SOLO

Defeated Wanderers Last Night by a Margin of 210 Points for Peck Shield.

The Prince Rupert defeated the Wanderers in the first games of the solo tournament between the two clubs. The games were played last night in the Wanderers' Club. The margin of the Prince Rupert Club win was 210 points.

The individual scoring was as follows:

Prince Rupert Club	Plus	Minus
H. Rochester	392	
A. Broderick	137	
J. A. Smith	53	
James McRae	278	
J. Dybhavn	323	
F. Clapp	376	
A. McRae	582	
J. E. Ritchie	251	
	1301	1091
Wanderers.		
W. Vukton	112	
W. Vickers	641	
T. Trotter	227	
J. D. Allen	152	
H. F. Wearmouth	161	
G. Shaw	534	
J. Hilditch	176	
E. A. Donohoe	138	
	1117	1327

ABSORBING DRAMA

Will Rogers, the cowboy actor, has scored a signal success in his latest picture for Goldwyn, "Honest Butch," adapted from a story by Garrett Smith. The picture comes to the Empress Theatre for two days, commencing tonight.

Ort Hutchings (Will Rogers) was a worthless town loafer in Willow Bend when he found, or thought he found, a fortune of \$100,000. He immediately assumed the dignity that goes with the possession of wealth, and his regeneration makes an absorbing drama.

PRINCE RUPERT MAN IN LONDON

William Turnbull, Formerly Editor of the Daily News Gives Address.

TELLS OF B. C. TIMBER.

W. Turnbull, timber commissioner for British Columbia, gave an address yesterday at the City of London College on the timber of British Columbia, says a special correspondent of the Vancouver Province. E. L. Latham, vice-president of the Timber Trade Federation, was in the chair and before Mr. Turnbull spoke F. C. Wade, agent-general of British Columbia, gave a short address in the course of which he described British Columbia's physical and climatic characteristics.

He explained how the coast is so deeply indented with fjords and inlets and how the tides of the Pacific warmed by the Japanese current, surge twice daily into these deep openings, carrying warmth and moisture to thousands of square miles of the interior. He pointed out that as the Gulf Stream warms Europe, so the Japanese current induces semi-tropical conditions on the coast of British Columbia, and that this is one of the features which have to do with the production of its giant trees. He gave the figures issued by the director of the Dominion Meteorological Observatory at Victoria to show that the average daily amount of bright sunshine in Victoria is practically the same as that given for Torquay in Devon, which is one of the most popular resorts in England. Southern British Columbia, he said, was warmer in winter than the south coast of England.

Empire's Timber.
In opening his address Mr. Turnbull reminded his hearers that one of the lessons driven home by the war "is the value of our Empire's timber." He recalled the efforts to find quantities of suitable aeroplane timber and pointed out that one of the results was the Imperial Forestry Conference, for which stockpiling of the Empire's timber was made followed by the formation of the Empire Forestry Association. He referred to the forestry commission so admirably directed in this country by Lord Lovat, and in this connection said it was gratifying to note that that success has been attained in the growing of Douglas fir and Sitka spruce in Great Britain from British Columbia seed.

Mr. Turnbull described the forest area of British Columbia and gave figures showing the magnitude of the stand of commercial timber. He gave a description of each of the principal trees and the uses to which it is best adapted. In concluding his lecture, Mr. Turnbull said:

Logical Market.
"Our logical seaward markets are the Orient, Australia, New Zealand, the West Indies and South America. Though we are shipping a considerable quantity of timber to the United Kingdom we are getting only a small fraction of our import trade. Blood may be thicker than water, and British Columbia is very British, as she showed in the late war. But when it comes down to business we realize that it is a matter of the goods at the price. Still, there is much business going from here to the United States which could just as well have gone to British Columbia."

"One handicap our manufacturers labor under in this market is that, in addition to the short haul from across the North Sea, they have to contend with Swedish specifications. As you

CONSTIPATION BAD HEADACHES FAINT, DIZZY SPELLS

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after, until some serious complication sets in. A free motion of the bowels daily should be the rule of everyone, then there will be no constipation, sick or bilious spells, dizziness, heartburn, coated tongue, foul breath, sour stomach, floating specks before the eyes, jaundice, water brash, etc. Keep the bowels properly regulated by the use of—

MILBURN'S LAXA-LIVER PILLS
and you will enjoy the best of health. Mrs. Frank Wilkes, R. R. 3, Belmont, Ont., writes: "I have been troubled with constipation for nearly two years. I had had headaches, faint and dizzy spells, and would blot terribly. I was nearly discouraged for I had tried so many things that gave me no relief. My mother sent me a box of Milburn's Laxa-Liver Pills and told me to give them a fair trial. After I had taken one I felt much better and continued their use. Now I have no faint and dizzy spells and am gaining nicely. I would not be without Milburn's Laxa-Liver Pills for the world."

Price, 25c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

will be able to judge from our forest scenes, British Columbia logs can not be cut to length to order. We are cutting down primeval forests of timber of immense size and grades. In Sweden they can afford to take time to carry out every operation scientifically to the minutest detail. In British Columbia, with our high costs and long haul, we must make speed of production our first aim.

Increasing Trade.
"Our large business has been a home rail business and our methods have been based on the requirements of our largest market. Our proportion of British business has not been large enough to stimulate enthusiasm and keen interest among our manufacturers. The distant British market has not been capable of absorbing more than one-third of our logs therefore largely increased trade here meant either overloading yards or flourishing business in common grades at home. However, we are shipping more timber here than we did and what would mean a little more to you, means a great deal more to British Columbia. We are closer together in every way than ever before and we confidently look for an increased interest on both sides."

Mr. Turnbull's lecture was followed by an exhibition of moving pictures illustrating the logging methods in British Columbia, the machinery employed and the sawmill operations. The speaker gave some explanations while the pictures were being shown, and the number of questions he was called upon to answer gave evidence of the interest which they aroused.

NEW HOTEL AT JASPER PARK
Building Started to Have 165 Rooms and Cost Quarter Million Dollars.
FOUNDATIONS EXCAVATED
JASPER, Nov. 25.—Work has commenced here on the quarter-million dollar hotel which is to be erected by an eastern company to make this place a tourist centre and cater to the needs of visitors. The excavation is already completed and everything is in readiness for pouring the concrete.

The new hotel is to have 165 rooms and will cost approximately \$250,000. In addition to it, the company plans to have chalets at various vantage points in Jasper Park and to conduct them as auxiliary to the main centre.

The company was formed in the east and secured a concession from the Dominion Government of a site on which to build on a long lease.

For several years the visitors to Jasper Park have been accommodated in tents on the shore of one of the beautiful little lakes close to the village. This will be continued if there is a demand for it. The hotel will be ready for business next summer and will fill a need, as there is nothing here at present except a small boarding house.

ELDERS FROM METLAKATLA NOW RETURN

Party From Christian Church Alaska, on Way Home After Visiting Kitchikan.

The elders of the Christian Church of Metlakatla, Alaska, who came south to Port Simpson recently to revisit their former homes and the scenes of the early mission work of the late Rev. William Duncan, were in the city yesterday in the course of the return trip north to New Metlakatla. They had just returned from Kitchikan, which village they visited at the special invitation of the people there who sought their assistance in converting and returning to the ways of Christianity many of the young people. The elders held service last night in Metlakatla, B. C., and left there this morning for Port Simpson where another two or three days is to be spent.

At Kitchikan.
The party spent six days at Kitchikan holding services twice a day during their stay. They report that a good many young people had been converted to Christianity. The situation there had been causing concern to the older people and they had called upon these elders for assistance in their church work.

The Metlakatla, Alaska, party of elders consists of fourteen persons who are making the trip on the launch Helen H. They are as follows: Joseph Hayward, chairman of the Christian Church; Moses A. Hewson, secretary; Harry Lang, trustee; James Mason, Robert Ridley, John Hayward and Philip Nelson, elders; Mrs. Lucy Howard, secretary of the church workers; Sam Eaton, James Howard, Silas Booth, George Campbell, Mrs. Matilda Booth and Edward Reese church workers.

BIG PROFITS LIQUOR SALE

City's Half Should Amount to \$50,000 for Year, It Is Thought.

In the course of the discussion at the Rotary Club meeting yesterday it was stated that the profits on the sale of liquor in this city for the first year would amount to \$50,000 and the city would get half of this, to be used for hospital and school purposes. It was hoped that the hospital would be given 60 per cent, which would amount to \$15,000, to go toward the erection of a nurses' home. This would solve the difficulty for the Hospital Board. Out of the other \$10,000, the School Board might put in the swimming tank for the boys and girls of the city.

SWIMMING PROPOSAL

Tank Suggested Would Be 17 Feet by 34 Feet in School Basement.

In his report to the Rotary Club yesterday on the proposed swimming tank in the Booth Memorial School, Colonel McMorris said he had examined the site in the basement of the building and found that a suitable room could be made there 23 by 41 feet which would allow the construction of a tank giving a depth of 3 feet of water at one end and seven feet at the other with head room of seven feet and a half. Dressing-rooms and shower baths could be constructed in an adjoining part of the basement.

His plan would give a tank 17 by 34 feet and the cost would approximate \$50,000 inclusive. The construction of the tank would be a simple matter and the heating could be done by the use of the present plant which was plenty large enough to do the work in addition to its present load. This made it possible to keep the cost down. The room would have to be lined out and necessary offices constructed adjoining. The price included all this.

Question of Finance.
Dr. Kerwin, chairman of the school board strongly supported the move and said he thought the city council and school board might be induced to bear half the expense if the Rotary Club managed the other half.

The discussion was general and while all were in favor of the erection of a tank, some thought it should be done in a central location where it might be used by everyone. Among the suggestions made was one for the establishment of a Y.M.C.A., another for a Y.W.C.A. and a third for a gymnasium and swimming bath with a large assembly hall. Following after their usual time the members of the club sat and discussed the matter and finally a committee consisting of J. W. Nicholls, Colonel McMorris and F. G. Dawson was appointed to take the matter up with the council and school board to find out what support they might expect.

Down Town Scheme.
A rough estimate of a downtown building will also be prepared for consideration of the club.

PAID IN STEAL.
"Casey—Did that lawyer prove you not guilty of stealing that watch?"

Murphy—He did that.
Casey—How did yez pay him?
Murphy—I gave him the watch—American Legion Weekly.

NOTICE TO CONTRACTORS.
Sealed tenders will be received by the Honorable Minister of Public Works up to noon of Wednesday, the 14th day of October, 1921, for the construction of the following:

Steel or Wood Work, 66 ft. x 27 ft. x 4 ft. draught.
Tenders for either of the above: Marine Railway Material and Cradle, Plans and specifications may be seen or may be obtained upon depositing the sum of five dollars (\$5.00) for each set, which will be refunded upon return of plans, etc., at the Department of Public Works, Parliament Buildings, Victoria, B. C., the office of the District Engineer, Vancouver or Prince Rupert, on or after the 23rd day of November, 1921.

Tenders must be accompanied by an accepted bank cheque or certificate of deposit for ten per cent of the amount of the tender, made payable to the Honorable Minister of Public Works, which will be forfeited if the tenderer refuses to enter into a contract when called upon to do so, or fails to complete the work contracted for.

Charges of unsuccessful tenders will be returned upon execution of contract. The lowest or any tender not necessarily accepted.

P. PHILIP CHESLEY, District Engineer, Public Works Department, Parliament Buildings, Victoria, B. C., November 18th, 1921.

Sport Chat

The basketball fans are to be treated to another interesting match tonight when the Sons of Canada and the Elks get together in their second meeting of the season. The Sons were defeated by the Elks in the first game last week but they are little daunted by that and are determined that tonight they will show some of that class that won the Gihuly cup last winter. They say they are not going to let the Elks repeat the performance of last Monday. On the other hand, the Elks are sure that they will. It is to be hoped that better playing tactics will be employed tonight than were at the last game. Besides this Senior League game, there will be games between the Maple Leafs and Cheekers in the ladies' league and the Sons of Canada and the Elks in the Intermediate.

The outcome of the negotiations at the meeting tonight when the Basketball Association executive and the players meet with a view to re-establishing the Senior League following the withdrawal of the Great War Veterans will be looked forward to with interest. The general opinion is skeptical to any success along these lines being achieved if it is attempted to muster a third team outside of the players already signed on by the Sons of Canada and the Elks. The best solution possible would seem to be a dissolution of these two teams and the dividing up of the players into three teams irrespective of their club or lodge affiliations.

"Slats" Webber, that enthusiastic promoter of baseball among the younger men of the city for the past few seasons, left last night to seek restoration of his health in southern climes. "Slats," despite reverses that his proteges may have met with on some occasions, has played an important part in the advancement of sport here in the past year or so and that fact is generally realized and appreciated. The way the citizens bought tickets for the Benefit Concert for him last night prove it. Everybody in town will hope for "Slats" early recovery and his return to Prince Rupert to take up his place in sporting circles at an early date.

BOUT BETWEEN BUFF AND PALMER TO TAKE PLACE DECEMBER 15

CHICAGO, Nov. 25.—Articles have been signed and forfeits have been posted for a ten-round boxing bout between Johnny Buff, bantamweight champion, and Palmer. The fight will take place in Chicago on December 15.

BILLIARD LEAGUE

Elks Defeated Great War Veterans in Tournament by Large Score of 1139 to 910.

The final billiard game in the match between the Great War Veterans and the Elks was played last evening and E. A. Wakefield, of the Elks, was successful over J. May, of the Great War Veterans, by a score of 200 to 170. The Elks won the series by a handsome score of 1439 to 910.

The standing of the clubs to date is as follows:

	Played	Pts.	Av.
Trail	1	1200	1200
Wanderers	1	1200	1200
Elks	1	1139	1139
S. O. E.	1	957	957
S. Andrew's	1	926	926
G. W. V. A.	1	910	910

DANCING PARTY

A number of the nurses and their friends were entertained last evening by Douglas McIntosh at the home of Mrs. James Simpson, Second Avenue. The evening was spent in dancing and music. Songs were sung and recitations given and a most enjoyable time was spent. Toward midnight delicious refreshments were served, and in this Mrs. James M. Fraser assisted Mrs. Simpson. Those present were Mr. and Mrs. James Simpson, Mr. and Mrs. J. M. Fraser, Nurses Godwin, McLennan, Fraser, Roberge, Franks, Weller and White, James Mitchell, George Mitchell, H. Breen, E. Parker, Cecil Brown, Eddie Smith, and Douglas McIntosh.

COLONEL PECK SPEAKS AT NEW HAZELTON

The following telegram has been received at Colonel Peck's committee rooms:
"D. G. Stewart, Esq.,
"Prince Rupert, B. C.
"Colonel Peck held his meeting here last night when a large and appreciative audience gathered in the church. Rev. Mr. Hewitt, a returned soldier, presided, and referred to the admiration the returned men had for Colonel Peck. He predicted a substantial majority for the Colonel in New Hazelton. Colonel Peck dealt with the vital questions, dealing especially with the railway situation as it affects Northern B. C."

PRIZE WINNER

W. Watts, Jr., Wins in McRae Competition Which Closed Recently.
McRae Brothers announce that W. Watts, Jr., is the winner of the prize in the Christmas verse competition. While the lines are not quite regular the sentiment is along the line of what was wanted. The winner will kindly call on McRae's for the prize. The following is the verse:
Greetings from "Rupert," the little old town,
Which to fish and to shipping, owes its renown;
To you, and all that you hold dear,
We wish a Merry Xmas and a glad New Year.

TERRACE is a thrifty, growing town. The chances are good that oil will be struck in the immediate vicinity, as seepages have been found, much ground has been staked and a drilling outfit is on its way there. We offer for sale eighty acres of land, 1 1/2 miles from the town on a good road at \$12.50 per acre. This is your opportunity to participate in the enhanced real estate values that will surely follow the growth of Terrace.

CAR SHORTAGE THREATENING

Eighteen Cars Would Have Been Required This Morning Had Boats Stayed—14 Available.

The refrigerator car shortage is on again and, for the first time in some months there were not sufficient cars available this morning to accommodate the list of arrivals. There were 580,000 pounds of halibut offered for sale today requiring 18 cars and there were 14 cars available. Of the 580,000 pounds arriving 243,000 pounds has gone or may go to other ports on account of the low price offered with which the fishermen were not satisfied.

The following is a list of the arrivals and the disposition of the catches:

Prospector, 70,000 pounds, sold to the Allin Fisheries at 8.6c and 1c.
Tordenskjold, 65,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 8.8c and 1c.

United Farmers of Alberta to Meet in January—Recommendations Made.

CALGARY, Alta., Nov. 23.—Arrangements for the holding of the United Farmers of Alberta convention here in January are already being made and many suggestions from various locals covering a great variety of subjects have been received by the central office of the organization. Many of the resolutions relate to matters of interior economy, one from the Macleod office—association recommending that a fund be established for the purpose of handling farm products and suggesting that a cold storage plant be built as a start.

PREPARING FOR A CONVENTION

United Farmers of Alberta to Meet in January—Recommendations Made.

An international agricultural conference called by the Canadian Council of Agriculture to discuss vital questions relating to international agricultural trade and tariffs is advocated by the Morrison local. All farmers' organizations throughout the world would be invited to attend, the cost to be met by general membership of various organizations or a straight levy on each organization represented.

A resolution from the Victoria district political association suggests the membership fee be raised to cover the cost of a weekly provincial newspaper to be delivered to all members, while the Strathcona independent political association takes an opposite view stating in their resolution that they are opposed to any increase in membership fees on the ground that farmers are suffering through the drop in market prices. Increased fees the Strathcona local declares, would mean decreased membership.

Co-operative marketing is recommended by the Strathcona association, which suggests that all farm produce be handled through one central organization. The Macleod association calls for an investigation into the cause for so wide a spread between No. 1 Northern and No. 1 red winter wheat. Carlsland local asks for legislation to prevent any one man being a candidate for more than one constituency during a provincial election.

MERGES INTO CONCEIT.
"Yes," said the fellow with the bald brow, "it is certainly true that if a man hasn't any respect for himself, nobody else will have much respect for him."
"But it's equally true," returned the keen one, "that if he has too much nobody else will have any."—Boston Transcript.

REGENT OF JAPAN

TOKIO, Nov. 25.—Crown Prince Hirohito has been designated regent of Japan owing to the ill health of the Emperor.

F. G. Brynolson, the well known lumber man, sailed last night on the Prince Rupert for Victoria.

Col. Rogers, of the Canadian National Railway Hotel at Jasper Park, sailed last night on the Prince Rupert for Seattle.

Dan Lindeborg and Andy Lindeborg pioneer prospectors of Hyder, Alaska, reached the city on the Prince Albert today and are registered at the Hotel Prince Rupert.

G. F. Earle, C. N.R. district passenger agent at Victoria, has written to G. A. McNicholl, assistant general freight and passenger agent here, enquiring as to the whereabouts of Richard T. Hall and Douglas Taylor. The two young men left Victoria for Prince Rupert about the middle of October to go prospecting and no word has been heard of them since.

Sealed tenders superseding "Tender for Steam Cranes" will be received by the Honorable the Minister of Public Works up to 12 noon on the 26th day of November for the construction of a 25-ft. steam crane.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honorable the Minister of Public Works for a sum equivalent to ten per cent. (10%) of the amount of the tender, which he forfeited if the party tendering declines to enter into contract when called upon to do so, or if he fails to complete the work required by the contract. Tenders will not be considered unless made out on the forms supplied, signed by the actual signature of the tenderer, and enclosed in the envelope marked.

Plans and specifications may be seen on and after November 14th, 1921, at the office of the Public Works Engineer, Victoria, the Chief Inspector of Machinery, New Westminster, and the District Engineer, Court House, Prince Rupert.

Interested tenders can obtain from the undersigned one copy of plans and specifications by depositing \$10.00, which will be refunded on their return in good order. The lowest or any tender not necessarily accepted.

(Signed) P. PHILIP,
Public Works Engineer
