VANCOUVER LIBERALS TO NOMINATE CANDIDATES, SEPTEMBER 30

Mackenzie King will Open Campaign Toronto: Three Are Liberal Possibilities

TORONTO, Sept. 10.—Mackenzie King will open the Ontario campaign with a mass meeting at Toronto on Tuesday, September 14, at which occasion he will reply to the address of Premier Mitchell which he made at London.
VANCOUVER, Sept. 10.—The Liberals of Vancouver Centre have made a candidate for the Dominion House of Commons. Among the names mentioned are Mayor Gale, Mr. Ellen Smith and Major-General Victor Odium.
MONTREAL, Sept. 10.—Lindsay Crawford, national president of the Self-Determination League for Ireland, announces his intention to run as a candidate in the federal election for the St. Lawrence division. He may be opposed by another Irishman who is also a candidate in the same constituency.

BUILDING PERMITS FOR YEAR ENDING AUGUST 31 LAST

The building permits for the year ending August 31, 1921, were as follows:

Month	Permits
1920	
September	7,930
October	17,200
December	950
1921	
January	1,000
February	10,114
March	23,975
April	11,050
May	129,400
June	18,860
July	13,395
August	24,800
Total	456,814

HER "FIANCE" TURNS OUT TO BE GIRL

Miss Mary Holdowanz of New York, who asked a warrant for the arrest of her former "fiance" on the charge of masquerading as a man, Miss Holdowanz told the court that she had met "Jack Brown," her former fiance, two years ago. "Jack" was a fast worker apparently, for the couple soon became engaged. After two years of idyllic bliss as "Jack's" fiancee, during which "Jack" acted a lover's part with fidelity to movie standards, Mary discovered that "Jack" was really Carolyn Shimick of Kingston, N. Y. Mary said she discovered the terrible truth when she went to visit "Jack's" parents. They told her "he" was a girl. The photo shows Mary Holdowanz with Carolyn Shimick, alias "Jack Brown," at a spy party at Monticello.

Natural Attributes and Keen Ambitions Back Prince Rupert

Prince Rupert has been since the beginning a city of the future, and her future today is as bright as ever it was, but the city's brief twelve years or so of history has seen progress and accomplishment of which all citizens must be proud. In spite of the fact that there have been trying times, the people have really never known hardship as others have felt who have lived in less fortunate and less prosperous places. The city is healthy, financially, physically and commercially, and the people are like their city.

The natural trend of events and strategical geographical position will bring prosperity but Prince Rupert citizens are ambitious and progressive and are not content to wait for things to come to them. Being a city of the future, the people want to see that future soon and the efforts of all are concentrated to the end of bringing Prince Rupert into its true position in the business and affairs of the world.

Civic pride has always been marked to a degree among the people of Prince Rupert. They hate a knocker of the town and are ever on the offensive against such. Their arguments are always based on facts and their reasons for confidence and pride are many. Here are a few of them:

Some of Reasons.
Prince Rupert is the Pacific terminus of the Grand Trunk Pacific Railway, a road with a lower grade than any other transcontinental line on the North American continent.

It is today the greatest fishing port on the Pacific Coast. It has a most wonderful harbor, spacious, landlocked and with good anchorage, ranking third in the harbors of the world.

It has a twenty thousand ton dry dock with a most up-to-date shipbuilding plant and repair yard in connection. An eight thousand one hundred ton steel ship was launched and completed this year in this plant and is now sailing the seven seas. Another will be ready for the water next month.

It has the largest cold storage plant on the Pacific Coast with a capacity of sixteen million pounds storage, ice making eighty tons daily, and ice storage five thousand tons. Another plant is now being planned for (Continued on Page Two).

FLOODS SWEEP SAN ANTONIO

Estimated Number of Lives Lost Roaches High as 500.

SAN ANTONIO, Sept. 10.—Six people are known to be dead and there is property damage to the extent of several million dollars from a flood which swept through San Antonio this morning. Troops are patrolling the streets aiding in the rescue work.

Water supply, electric light and power and telephones have been cut off, and estimates of the loss of life reach as high as 500, according to the police of the city.

SAN ANTONIO, Sept. 10.—(later)—Thirty bodies have been recovered from the flooded area. Two thousand people are homeless.

MAY REFUSE TO GIVE RELIEF

Action of Soviet in Refusing Investigation Discourages Commission.

LONDON, Sept. 10.—Reuters learns that the refusal of the Russian Soviet to allow the inter-allied commission to investigate conditions in Russia may result in the dissolution of the commission.

Authoritatively viewed, Russia's refusal strikes at the root of the relief proposals made from Paris, and it is believed the action of the Soviet is based on the deliberate purpose of refusing relief from the Allies.

COMMISSIONERS ELECT FOR SPEEDY TRIAL

VICTORIA, Sept. 10.—Police Commissioners Hall and North appeared before Judge Lampman in the County Court yesterday and elected for speedy trial. The date is set for Tuesday next, the charge being that of procuring the chief of police to disobey the municipal act in failing to prevent the operation of Chinese lotteries.

GOVERNMENT LIQUOR STORES IN YUKON TO BE ESTABLISHED SOON

DAWSON, Sept. 10.—Government stores for the sale of liquor will be opened before the close of navigation. A special session of the Yukon Council has authorized the establishment of stores in Dawson, Whitehorse and Mayo.

GIANTS NECK AND NECK PITTSBURG NATIONAL LEAGUE

NEW YORK, Sept. 10.—The New York Giants and Pittsburgh were tied today for first place in the National League.
In the American League the Yankees bettered their first place standing by winning from Philadelphia yesterday. They are now twelve points ahead of Cleveland, which is second in the race.

COWICHAN FARMERS WANT TOLMIE FOR A FARMER MEMBER

VICTORIA, Sept. 10.—The farmers of the Cowichan valley are to hold a meeting on Saturday to ask Hon. Dr. S. F. Tolmie, minister of agriculture, to drop party lines and run as a progressive farmer in the Nanaimo district.

DROP IN PRICE OF GERMAN MARKS ON NEW YORK EXCHANGE

NEW YORK, Sept. 10.—German marks sold today for less than one cent on the exchange.

SONS AND DAUGHTERS OF ENGLAND SOCIAL EVENING WAS HELD

The Sons and Daughters of England held a very pleasant and well attended whist drive and dance in the Knights of Pythias Hall last evening.

There were 22 whist tables which were presided over by J. Day Bell. The first prize winners were Mrs. Cyril Westaway and George Hill with scores of 122 and 115 respectively. Mrs. Westaway was tied with Mrs. G. Mansell and won on the out.

Consolation awards went to Mrs. Abe Kinghorn and E. A. Woods. Delightful refreshments were served and a dance followed. E. A. Woods was master of ceremonies and music was provided by Dave Fanthorpe and Howard White.

The whole affair was under the management of the joint social committee of the Sons of England and the Daughters and Maids. H. Fanthorpe and Fred Grimble were on the door.

The very latest models in Millinery on view at Mrs. Frizzell's Fall Opening on Monday.

DISSECTED BODY DUG UP TODAY

CHICAGO, Sept. 10.—The dissected body of Carl Asmus, an auto salesman who disappeared on Thursday with Bernard Dougherty, whose body was found in the Desplaines River yesterday, was unearthed today in the rear of his home. H. W. Church, 20 years of age is in custody in connection with the crime.

FORCED ABANDON SWIMMING CHANNEL

LONDON, Sept. 10.—Harry Sullivan, of Lowell, Mass., who left Dover Friday on the fifth attempt to swim the English channel, was forced to abandon the attempt because of rough weather today. He was eight miles off the French coast after having been in the water twelve and a half hours.

FUTURITY CLASSIC FOR \$50,000 TODAY

NEW YORK, Sept. 10.—The Futurity six furlongs classic for two-year-olds for a purse of \$50,000 will be run at Belmont Park this afternoon.

CABINET RESIGNED

WARSAW, Sept. 10.—The Polish cabinet, headed by V. Mitos, resigned today.

INTERRED IRISH ESCAPED THROUGH EXCAVATED TUNNEL

DUBLIN, Sept. 10.—A tunnel requiring twenty weeks to construct made possible the escape of sixty internee Sinn Feiners from Curragh internment camp where 1500 prisoners are held under heavy guard.

Fatty Arbuckle in Trouble Over Death of Actress in San Francisco Hotel Apartments

LOS ANGELES, Sept. 10.—Roscoe ("Fatty") Arbuckle, movie actor, left for San Francisco today to assist in the investigations into the death of Virginia Rappe, actress, said to have been taken into apartments in a San Francisco hotel during a party. The police are investigating.

The San Francisco hotel authorities say the party was held on Monday and Arbuckle was asked to leave as a result of the affair.

SAN FRANCISCO, Sept. 10.—According to a woman member of the party Arbuckle and Miss Rappe went into one of the rooms of the suite and the door was thereupon locked. Later cries and sounds of a scuffle were heard in the room, they said. They pounded for admittance and Arbuckle finally admitted them and they saw Miss Rappe on the bed practically nude and nearly unconscious. Arbuckle denied all these statements.

GERMAN SUB

Three Injured Remendous Concussion Took Place.

POOL, Sept. 10.—A submarine explosion on the German submarine today injured three men and injured others. Possibly many perished.

TRADES AND LABOR SPORTS GOING ON

Baseball, Football and Program of Field Events This Afternoon.

COUVER GAS AT PICKED UP

Taken in Tow 30 Miles of Eureka, California.

WEDNESDAY TO CONSIDER INVITATION

Parliament Will Decide if to Attend Conference.

BOATS FROM YUKON SCHEDULED

Cleanups Expected to Last This Season.

Sept. 10.—The last boat for Fairbanks leaves about Sept. 20, and the Whitehorse not later than October 5. Frosty nights are expected to start on throughout the summer has been interrupted.

DECORATE STORES AND BUILDINGS FOR FAIR WEEK

A member of the Exhibition Committee asked The Daily News this morning to suggest that as next week is Fair Week, merchants and others should decorate their stores and houses in order to give the city a gala appearance. In this way they can cooperate with the committee who are trying to make the event a success.

NOT JOINING ONE BIG UNION

Canadian Railway Brotherhood Disapproves That Organization Says Mosher.

BAND STAND FELL, CRUSHING CHILDREN

PETERBORO, Ont., Sept. 12.—A bandstand crowded with people collapsed during a lacrosse match here crushing Jack and Harold Dooher, eight and seven years of age respectively. The former may die.

NOT JOINING ONE BIG UNION

OTTAWA, Sept. 10.—The Canadian Brotherhood of Railroad Employees will not be linked with the One Big Union, A. R. Mosher, brotherhood president declared, when shown a Winnipeg despatch indicating the unions would see fusion. The organization disapproves the O. B. U., he declared.

DAILY EDITION

Saturday, Sept. 10, 1921

Prince Rupert City and Port.

There is so much to say about Prince Rupert, its past, its present and its future, that it is difficult to say it all in one edition of a newspaper. Today we have endeavored to tell of the civic activities of the city. Monday we shall tell of the fisheries, Tuesday of the lumbering and other industries, Wednesday of the Exhibition, Thursday of the farming of the district, Friday of the mining, and Saturday of the tourist attractions. Naturally we can touch but lightly on the wonders of the North, but the several editions will give some idea of the city and district to the person who is unable to see them.

Prince Rupert is increasing in population and in influence during the last few years. There is a stability about her later growth which marks her as a real city to be. Brick and concrete are entering more and more into the construction of the buildings, and permanent streets add to the appearance of the place and the convenience of the citizens.

City Management Has Been Good.

The city has been blessed with good administrators. We take exception to some of them occasionally or to some of their actions. On the whole, however, they have carried on with regard to economy and efficiency. This has been true since the beginning. Strenuous fights have been waged in the past, but the men who won out have done nothing very radical. They have carried on much the same as their predecessors. They have done good work, and doubtless the administrators of the future will do even better, guided by the experience of the past.

Citizens Are Most Loyal.

The people of Prince Rupert are most loyal. They believe in the city and in its future. They look to great things within a few years, a steady but sure development along natural lines. The visitors to the city say they are surprised at the tenacity with which the people here stick together and hold fast the faith in the place which they call home. And they have reason for their belief that the future has great things in store for Prince Rupert. There is no other town in Canada that has prospects such as are seen here by everyone who looks with unbiased eyes at the things around and is willing to weigh the chances.

In this city building each must do his part. There is no place here for laggards. "Workers every one" is the motto to be followed, so that we may have a city that will be a credit to ourselves and to the province and country.

Play Safe in Life of Future.

With the growth of the city industrially and commercially, it is very important that there be a development of the city socially, educationally and morally. These are the days when the tendency is to scoff at everything and feel that it is good form to throw off all restrictions. Young people are the same sort of young people that grew up a century ago, but they came into a new environment. No one wants to go back to a hundred years ago. No one wants to unnecessarily restrict the liberty of old or young, but there are certain lines beyond which it is impossible to pass with safety. In the building of Prince Rupert it is wise to play safe in every phase of life.

SAVED FROM LIFELONG MISERY

And a Dangerous Operation, by Taking "FRUIT-A-LIVES"

MRS. M. J. GORSE
8925 Union St., Vancouver, B.C.
"I suffered with all the symptoms of Female Trouble, with chronic Constipation and constant Headaches. I had pains low down in the back and sides of the body. I tried various remedies without relief, and then put myself under a doctor's care and he advised me to have an operation. I refused.
Then, I started taking 'Fruit-a-lives'; and from the outset, I felt better, and this medicine has completely relieved me of all my misery and suffering. My weight was only 143 pounds and now it is 168 pounds. I am free of pain and headaches and the terrible Constipation; and what saved me from misery is the splendid fruit medicine, 'Fruit-a-lives'."

MRS. M. J. GORSE.
50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or sent postpaid by Fruit-a-lives Limited Ottawa, Ont.

FIRE FIGHTING DEPARTMENT

Very Fine Record of Prince Rupert's Brigade.

An efficient fire department is a requisite to the welfare and safety of any city. Prince Rupert has such a force and its record is its recommendation—one on which the city government may pride itself. Recently an underwriters' inspector visited the city and was so pleased with the fire department and its work that he predicted lower insurance rates in the very near future. He was an influential official and it is likely that any recommendations he might make would be quickly acted upon.

The Prince Rupert fire department numbers seven men. Two Seagrave 80-horsepower fire trucks and one Ford auxiliary machine is included in its equipment. Each is a combined hose and chemical wagon. The city is equipped with an up-to-date Gamewell alarm system with boxes at every important corner. There is 6,000 feet of hose. The Fire Hall, itself, is supplied with all up-to-date equipment and provision is made for the comfortable housing of the men, their recreation having not been forgotten.

The following is the personnel of the fire department upon whom the many property owners and householders depend for their protection from that greatest enemy of men—fire:

Chief, D. H. McDonald; drivers, James Parks, A. Macdonald and R. Morrison; mechanic, F. Cooper; firemen, George B. Casey and C. Sundberg.

In the past six years there has been \$35,000 loss through fire in the city. When this is compared to a total of property involved valued at \$1,702,511.20 it establishes an enviable record.

NATURAL ATTRIBUTES AND KEEN AMBITIONS BACK PRINCE RUPERT

(Continued from Page one)

It is the centre of a large mining district where gold, copper, silver, lead, zinc, molybdenite, iron and many other ores are being mined.

It has modern schools. The High School is now providing commercial training and the first year University course.

The city owns its own lighting, telephone and water systems all of which are on a sound paying basis.

A number of good permanent buildings are either constructed or under construction. A fine \$210,000 school has just been finished and a \$410,000 court house is being erected. A modern station, costing \$35,000 is under contract. Building in 1920 totalled \$495,189.00, in value.

A new ocean dock capable of docking the largest liner is now completed. Its superstructure will be equipped with most modern machinery for loading and unloading. A site has been secured and plans are out for large coal bunkers. The Imperial Oil Co. has established at this port the fourth largest oil bunkering station in the Dominion.

With these facilities it is but a matter of time until an arrangement is made with one or more of the shipping companies that have investigated conditions to establish Oriental shipping here.

The city has behind it in the Skeena, Bulkley, Nechako and adjacent valleys an agricultural hinterland which in the very near future will be equal to and greater in size than any other agricultural area in the province.

It possesses a wealth of timber assets in every direction, north, east, south and west. A large sawmill is already established here and it is now proposed to add to it a pulp and paper plant which will employ 1000 men.

All the natural resources and industries, singly or severally, that ever made a great city, are proven possibilities for Prince Rupert.

These are only a few of the reasons taken at random on which are based the confidence of Prince Rupert people in the city's future. They are undeniable premises before which all doubt is bound to fall.

Next the Prince Rupert Hotel

Ten Years Ago in Prince Rupert

September 10, 1911.

Eighteen postmen workers arrived from Vancouver yesterday to work on the Skeena crossing railway bridge near Hazelton.

The shrimp trawler Amy, Captain M. E. Burgess, is in the Harbor today. Shrimp fishing in and around Prince Rupert harbor is found very profitable and the little shell fish abound in great numbers.

Rev. F. W. Kerr, Presbyterian minister, has returned from a six week's holiday trip which took him as far east as Chicago.

PRINCE GEORGE

The local baseball management is strengthening its team with two or three outside players for the series next week at Prince Rupert.

Miss Annie Fraser was married last week to George Jackland. The ceremony took place in St. Michael's and All Angels' Church and there was a large attendance of prominent citizens.

The Prince George Fair will take place next Tuesday and Wednesday. There will be a fine showing of all kinds of agricultural produce from the district.

The Boy Scouts baseball team won the Junior baseball series and the Citizen Shield.

Mrs. C. B. Daniell and Miss Florence Maundrell left for Telkwa on Wednesday where Mrs. Daniell intends to do some landscape painting.

THE CITY OF PRINCE RUPERT

Province of British Columbia

Situate on a deep water harbor fourteen miles long, with a natural harbor is the third longest in the world. PRINCE RUPERT is destined to be one of the great ports of the Dominion; and being in the same latitude as London, England, the climate being very similar. There is a minimum frost enabling outside operations all the year round.

Water Front Sites for Industries

The large harbor frontage, belonging to the Government railway company (Canadian National Railways), offers many sites for industries of whatever kind, with rail connection throughout the continent by the lowest grade of any through the mountains. Already there is established and in operation the largest log mill in the Province, the largest Cold Storage Plant on the Coast, and most up-to-date equipped Sawmill.

Municipally Owned Utilities

WATER POWER AND LIGHT TELEPHONE
Prince Rupert is the western outlet of the wonderfully rich mining and lumbering country forming Central British Columbia.

\$10 CASH OFFERED FOR THE BEST LOAF

In addition to the prize offered in the prize list, another prize of \$10.00 cash is being offered by Roberge & Woods for the best loaf of bread baked with Robin Hood flour. Entries for this \$10 prize will be made in the usual way with the Exhibition secretary and the loaves will be exhibited at the Fair. These loaves must be baked with Robin Hood flour, and the entrants must have a receipt from their grocer for the purchase of the flour, attached to the loaf. These are the only conditions.
The prize is open to anyone who bakes bread, and there is no limit to the number of entries. Judging for this prize will be done at the Fair by the duly appointed judges.

PROGRESS OF HIGH SCHOOL

Advanced Education in This City is Second to None in Province.

The Prince Rupert High School was opened in September, 1912 in a small one-roomed building on Second Avenue, with 12 pupils in attendance and J. C. Brady as sole teacher.

In 1913 the High School was removed to the City Hall pending the erection of the present Horden Street School.

By the end of 1915, seventy pupils had passed through the school. At the completion of the Horden Street School, the High School removed there. The numbers increasing, two more teachers were added to the staff, Miss M. McLennaghan, and later G. Carpenter. This year the High School took over the King Edward School with a staff of four teachers, J. C. Brady, principal; Miss H. Macdonald, Miss M. E. Mahaffy, and Miss D. Ryan, commercial teacher, the number of students on the roll, being approximately 100.

Many Win Honors. In the nine years of its existence, 410 pupils have passed through the school, of the ex-students of the High School, 37 entered the University, and representatives from the Prince Rupert High School are at present attending the B. C. University, Toronto University, McGill, Washington University, Stanford University and Berkeley University.

Seventeen have entered the teaching profession and are either attending Normal School, or engaged in teaching throughout the province. Seven chose the nursing profession, while the great majority entered the business world, and are meeting with great success there.

Compares Favorably. The work of the local High School compares more than favorably with that of the best schools in the Province as the results of the recent University examinations amply testify. Altogether the people of Prince Rupert have good cause to feel proud of the school and the part it plays in making the city a centre of educational activity and progress.

The uplifting influence created by large numbers of educated boys and girls, annually leaving the High Schools cannot be estimated, and is the greatest guarantee of the future progress and greatness of B. C.

ENTHUSIASTIC OVER TERRACE PROSPECTS

L. H. Kenny Had Nephew on Board Canadian Importer Lifeboat.

L. H. Kenney, who left for Terrace this morning after meeting Mrs. Kenny who arrived on the boat, says that Terrace is making great progress in settling up the lands, in mining and in oil prospects. He looks to see a great town there in the near future.

Mr. Kenny's nephew, Ronald Newell of Victoria, is a cadet on the Canadian Importer and was on the lifeboat which was picked up near San Francisco. The lad was just seventeen years of age on the day he was picked up.

Have you tried the Club breakfast at the Good Eats? Six combinations to pick from and we defy the world to beat any one of them for price or quality. tf

SCHOOLS TO BE SECOND TO NONE

City Will Provide the Most Up to Date Education for the Children.

Nothing but the best is good enough for the people of Prince Rupert whether it be in the schools, or elsewhere. The aim of the present board of school trustees is to give every opportunity to Prince Rupert children to secure an education second to none. With that end in view they recently engaged a new principal for the public schools who has been trained in the latest methods and who is going into his new work with much enthusiasm. H. L. Campbell takes charge with a fine equipment of schools and appliances and he is expected to make good.

Principal's Plans. Speaking of his plans Mr. Campbell told a Daily News representative yesterday that the modern idea was to treat the pupils as individuals rather than as classes, and to conduct the school work on modern business lines. Each pupil entered in a ledger with complete information in regard to him and track was kept of his work from year to year so that if there should be any falling back the remedy might be applied at once. There was a tendency among all people to follow the lines of least resistance, and this was as true in school work as elsewhere. The idea today was to see that every pupil got a good education, and especially a thorough groundwork in the lower grades.

Twenty Classes. In Prince Rupert there will be twenty classes within a few days, ten at Hays Cove Circle, seven at Horden Street, two at Seal Cove and one at Westview. There will be twenty-three teachers, a manual training instructor, a domestic science teacher, and the supervising principal.

The new twenty room school gives plenty of room for the classes but there are already 16 rooms of the 20 in use.

In addition to the public schools there is Catholic School taught by the Sisters of St. Joseph, which does excellent work.

SMITHERS

Incorporation of Smithers as a city is again being agitated strongly. The advisability of the move is to be impressed upon the provincial government.

Today a program of field sports is taking place here in aid of the fire department.

Twenty new pupils started school here this week and it may become necessary to engage a fourth teacher on the staff.

R. Blanchard, representing the Laut Exploration Co., of San Francisco, is in the district investigating mining prospects.

John Henry, of Smithers, arrived here on Tuesday to pay a visit to his nephew, William S. Henry.

Miss Muriel Adams and Miss Marjorie Warner are attending the St. Joseph's Academy in Prince Rupert.

The new school being erected here by E. H. Shockley, of Prince Rupert, will be ready for occupation on September 20.

CANCELLATION OF RESERVE.

Notice is hereby given that the reserve against the acquisition of Coal under the Coal and Petroleum Act, established by notice dated 11th of February, 1920, and published in the British Columbia Gazette on the 12th of February, 1920, is cancelled, except in so far as the same relates to the following areas:

All the lands lying within the boundaries of the drainage areas of the Skeena River above and including Outh Creek, the East Fork of the Naas River, the Little Klaskan River, and the Spatsizi River, above and including Kluyavet and Indian Creeks.

All that portion of Vancouver Island lying easterly of the following described boundaries:

Commencing at a point on the West Coast of the Island at the mouth of Muir Creek, thence following the western boundary of the Esquimalt and Nanaimo Railway Belt to the southerly corner of the strathcona Park Reserve, thence west following the south boundary of the said reserve to its south-west corner; thence north following the west boundary of the said reserve to its north-west corner, thence west along the south boundary of Township 37, Rupert District to the westerly boundary of the watershed of Nimpkish River, thence north westerly along the westerly boundary of the watershed of Nimpkish River, Nimpkish Lake and Keogh River to the south boundary of Township 37, Rupert District, thence south along the east boundary of Township 37, and 10 to Marble Bay, thence northwesterly along the centre line of Marble Bay and 129 West Arm of Quatsino Sound to the mouth of Spruce Creek, thence along Spruce Creek to the boundary of Township 37, Rupert District, thence north along the north boundary of Township 37, 41 and 44 to the Pacific Ocean, and including all the foreshore and lands covered by water adjacent to the East Coast of Vancouver Island, together with all islands lying between the Mainland of the Province south of the 51st parallel of north latitude and Vancouver Island and all the lands within the boundaries of the Districts of Otter, Holdstream, Metchoin, Esquimalt, Victoria, Lake and North and South Saanich, Sooke and Hazelton.

The cancellation of this reserve shall not take effect and staking for small shall not be lawful until notice of such cancellation is published for sixty (60) days in the British Columbia Gazette and in a newspaper published or circulating in each of the Land Registration Districts of the Province of B. C.

This notice shall in no wise affect the reserve against the acquisition of Coal, Petroleum and Natural Gas in the Peace River District, established by notice in the British Columbia Gazette on the 27th of March, 1919, which reserve is still in force and effect.

G. R. NADEN, Deputy Minister of Lands, Department of Lands, Victoria, B. C., July 20th, 1921.

LAND ACT.

NOTICE OF INTENTION TO APPLY TO PURCHASE LAND.

In the Range V. Coast Land District, Recording District of Prince Rupert, and situate on Lakelse Lake.

Take notice that Frederick Davidson Mulholland, of Prince Rupert, occupation for ester, intends to apply for a lease to purchase the following described lands:

Commencing at a post planted at the south-east corner of Lot 149, thence east about 40 chains to shore of lake, thence westerly along shore and across mouth of Celarwater Creek to point of commencement and containing six acres, more or less. F. D. MULHOLLAND. July 20th, 1921.

THE BANKRUPTCY ACT.

IN THE ESTATE OF TUCKS INLET BY-PRODUCTS LIMITED, BANKRUPT.

Notice is hereby given that TUCKS INLET BY-PRODUCTS LIMITED of Prince Rupert, B. C. was adjudged bankrupt and a Receiver Order made in favor of the undersigned on the 17th day of August, 1921.

Notice is further given that the first meeting of Creditors in the above Estate will be held in the Office of Messrs. Borie & Small, Chartered Accountants, Federal Building, Prince Rupert, B. C. on the 11th day of September, 1921, at 2:30 P.M.

To entitle you to vote thereat, proof of your claim must be lodged with me before the meeting is held.

Proxies to be used at the meeting must be lodged with the prior thereto.

And further take notice that if you have any claim against the debtor for which you are entitled to rank, proof of such claim must be filed with me within thirty days from the date of this notice, for from and after the expiration of the time fixed by Subsection 5 of Section 92 of the said Act, I distribute the proceeds of the estate of the debtor among the parties entitled thereto, having regard only to the claims of which I have then notice.

DATED at Prince Rupert, B. C., this seventh day of September, 1921. GEORGE BORIE, Receiver.

FALL MILLINERY OPENING MONDAY

Mrs. Frizzell Shows Very Latest Models in Millinery Beginning of Week.

One of the most interesting events of the beginning of the fall season to the ladies of the city is the Fall Millinery Opening at Mrs. Frizzell's, which takes place on Monday. There is a large selection of the very latest models in trimmed and ready-to-wear hats to select from.

In addition to hats, a splendid line of new Fall Coats is also being shown, which are most reasonably priced at from \$30 to \$50. The ladies of the city and visitors from out of town are cordially invited to inspect the opening on Monday.

Let this glorious Sun shine on Orange and Purple, the Exhibition colors.

Mrs. Fred Gilhuly returned today. She attend the 'Elks' convention at Calgary last month and later visited in the south.

Every citizen can assist in making the Fair successful and interesting, both by making an exhibit and by attending the Exhibition.

H. F. McLeod, land registrar here for the provincial government, returned today from Lethbridge, Alberta, where he spent holidays.

Sergeant Hugh McGilnehy, of the city police force, returned today after having spent his annual holidays in Vancouver. Mrs. McGilnehy and family are still in the south.

George McAfee, manager of the Big Bay sawmill at Georgetown, returned this morning from Vancouver to which city he accompanied Mrs. McAfee and family last week.

TENDERS WANTED

Tenders for painting close September 14. Specifications may be seen posted on door of secretary's office. Lowest or any tender not necessarily accepted.

PRINCE RUPERT GENERAL HOSPITAL.

EXPULSION OF RAILWAY UNION

Comment of Winnipeg Paper on Action of Trades and Labor Congress.

The action of the Trades Congress at Winnipeg does not seem to have been generally understood. The following comment from the Winnipeg Free Press should prove enlightening: "By expelling the Canadian Brotherhood of Railway Employees from the Canadian Trades Congress the executive heads and the delegates of the congress must surely realize that their action did not terminate when the offending union was cast out. There was no grievance against the Canadian Brotherhood of Railway Employees beyond the fact that it refused to merge itself in an international union, whose headquarters and management are in the United States. The brotherhood was not charged with disruptive or schismatic policies; its labor policies, apparently, are identical with those of the Trades Congress itself; the one and only reason for the expulsion was because the brotherhood is a Canadian organization and insisted upon so continuing."

National Status. "Whatever action the brotherhood may take the congress has openly embraced a policy which will if persisted in ultimately destroy it. The expulsion of a body of Canadian workers some 42,000 strong shows that the Canadian Trades Congress is not a Canadian federation at all, and the more the organized workers of Canada turn over the facts in this case in their minds the more clearly will this be realized. The trend of these times is strongly towards the assertion of their national status by the Canadian people; and if, as their conduct suggests, the executive heads and delegates to the Trades Congress convention believe they can stifle national sentiment and keep Canadian organized labor in a position of subservience to the labor unions in the United States, they believe does not indicate that they are remarkable for clear-sightedness or imagination. It will become more apparent every year to the Canadian workers that they must control their own policies and manage their own affairs; that they must be as free from American control industrially as they are politically; that it is preposterous for them, as citizens of Canada, to allow themselves to be swallowed up as mere minority members in American trade unions. The spread of these beliefs is inevitable and the Trades Congress has pointed them very sharply for the intelligent Canadian worker by casting out as obnoxious to its constitution a genuine and moderate Canadian labor union."

IS OPTIMISTIC OVER NORTHERN OILFIELDS

Dr. Bosworth Addresses Edmonton Businessmen on Prospect of Commercial Development.

EDMONTON, Sept. 10.—Dr. T. O. Bosworth, eminent geologist and discoverer of the site of the producing well at Fort Norman, struck a highly optimistic note in regard to the oil wealth of the North West Territories when speaking before a large audience of Edmonton business men assembled in the board of Trade premises at noon Friday. "If we do not strike a big oil producing well at once do not be discouraged," the geologist said. "The well at Fort Norman is only a trial shot and later development may and possibly will produce better places as sites for wells which will bring in large production."

Dr. Bosworth was emphatic in his declaration that the recent oil regulations governing the North West Territories had proved disappointing to all, but perhaps have had the effect of preventing large companies from obtaining too big holdings. The regulations, however, still result in a large portion of oil lands being held in reserve and in the opinion of Dr. Bosworth it seems that the best use of land should be to play rental on four miles of territory and only receive value from line.

OIL CLAIMS RECORDED COVERING 600,000 AC. IN NORTHERN COUNTRY

EDMONTON, Sept. 10.—With the season fast drawing to a close, announcement is made by officials of the Edmonton land office that the past spring and summer has witnessed the staking of oil claims in the North West Territories covering an area of approximately six hundred thousand acres. During the past few days, it is said, the staking of oil claims has been small in number.

O. S. Finnie, acting secretary of the Northwest Territories, has left the city for Banff following his trip of several months in the north country. At Banff, Mr. Finnie will confer with W. W. Cory, deputy minister of the department of the interior, who is a visitor to the mountain resort.

It is announced that the new land and oil and mineral recording office which was opened at Fort Smith will be kept in operation during the winter months as also the new office which was recently placed into service at Fort Norman. Smith will be the main headquarters for the territories, it is said, the office at Norman to rank as a sub-agency under the supervision of a sub-recorder.

GERMAN GOVERNMENT SELLING WAR DOGS

BERLIN, Sept. 10.—The German government is selling off its war dogs. It has a large number of wounded and disabled canines for sale and has offered them to the public at a price to be fixed by a valuation commission composed of veterinarians.

Many of the dogs are said to be too old for war work and others have been sick so long that the army officials have despaired of their ever being able to engage in active service again, should such service be required. The public, which appears greatly attached to the lively and ferocious "police dog," has, nevertheless, displayed little interest in these canine veterans.

ALL FOR LOVE.

Clarence was in doubt and so expressed himself as follows: "Clara, I want you to give me some proof of your love." "Why, Clarence," said the girl, "am I not dancing with you?" "That's nothing," said Clarence. Whereupon Clara bridled. "You wouldn't say that, Clarence, if you knew how badly you danced." —Philadelphia Public Ledger.

CHECK YOUR Bowel Troubles

BY USING DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

When you are troubled with diarrhoea, dysentery, colic, cramps and pains in the stomach, cholera, cholera morbus, summer complaint, bloody fluxes, or any looseness of the bowels be sure and obtain a bottle of "Dr. Fowler's" and see how quickly it gives you relief. This wonderful remedy has been on the market for the past 76 years and we wish to warn you against accepting a substitute which may be dangerous to your health.

Mr. Samuel Buecher, Tatamagouche, N. S., writes: "While visiting in Western Canada I had a severe attack of diarrhoea. After trying many proprietary medicines I got no relief, but kept getting worse. I was advised to take Dr. Fowler's Extract of Wild Strawberry, and I lost no time in doing so. I cannot hesitate in recommending it, most highly, for when I had not yet taken half the bottle I was relieved. I must say that 'Dr. Fowler's' is given a fair trial it will show its good qualities." The price of the genuine is 50c a bottle, put up only by The T. Milburn Co., Limited, Toronto, Ont.

PERMANENCE IN CITY STREETS

This Policy is Being Adopted by Councils of Present Day.

For a city with a population of 8000 people, Prince Rupert is well equipped with public utilities such as plank roadways, graded streets, sewers, waterworks and power and light lines. All these utilities are owned entirely by the corporation, and those where there is a revenue have been brought to an economical, reasonable and efficient operating basis.

Permanent Streets. There are 16 1/2 miles of plank roadways and 6 1/2 miles of graded streets. Permanence in street work has become the policy of all city councils of recent years, and the result is that while plank roadways are slowly beginning to disappear they are being replaced by graded streets. Streets in the downtown sections that have been graded for years are now being changed into modern city streets with the surfacing of Smith Island rock that is being laid now. Contractors have been let for work that will make all the main business streets clean and modern thoroughfares.

Sewer Question. Three miles of permanent sewers have been laid in the city and it will not be long before large extensions to the present system will be necessary. This problem is one that civic governments have been grappling with for years with little result. The huge expenditure involved has been the stumbling block, but sooner or later this will have to be surmounted in order to meet the requirements of the building sections. Sections 1 and 5 and part of Section 6 are adequately provided with sewerage connections by the present system. Sections 2, 6, 7 and 8 are fast filling up with residences, which are served by no trunk system, although private temporary arrangements have been made in some cases. An extensive water system supplies every part of the city.

Area of City. In Sections 1 to 5, inclusive, of the city there are 613.39 acres of streets, 848.45 acres of lots, 749.64 acres of government and railway parcels, 398.52 acres of waterfront blocks, 661.99 acres of water area between the shore line and the harbor line, and 148.98 acres of water area between the harbor line and the city limits. The city thus has jurisdiction over 4760.97 acres of land and water.

MANY RELIGIOUS AND SOCIAL BODIES HAVE ESTABLISHED IN CITY

Every Patriotic Organization, Church and Lodge of Importance Has Good Membership.

From a social, religious and fraternal standpoint, Prince Rupert ranks second to no city in Canada or the United States. Every patriotic institution, every church and every lodge of any importance is represented here with energetic officers and members. The people meet in free and hospitable social intercourse, and the spirit of good fellowship among all citizens has been developed to a degree.

The Imperial Order Daughters of the Empire has a Municipal Chapter and five subsidiary chapters, Queen Mary, Adair Carrs, Hill 60, for young ladies; Girl Guides and Children of the Empire. The Canadian Red Cross Society did valuable work during the war and is carrying on its peace time program.

The Churches. Prince Rupert has many churches with resident ministers, including Presbyterian, Methodist, Anglican, Baptist, Roman Catholic, Lutheran, Christian Science, Japanese, Pentecostal and Jewish. The fraternal societies are fully represented and Masons, Elks, Knights of Pythias, Odd Fellows, Knights of Columbus, Sons of Canada, Sons of England, Moose, Great War Veterans, Orange Lodge, Scandinavian Society, St. Andrew's Society and Eagles have strong memberships. Besides this the city boasts two high-class social clubs with excellent quarters, the Prince Rupert and Wanderers. The former is affiliated with the Arctic Club of Seattle and the Terminal City Club of Vancouver.

The Perils of Neglect

Digestive ailments are frequently neglected. People say "It's only a touch of indigestion—it will go away." What begins as simple discomfort is allowed to become a serious—chronic ailment. Never neglect the treatment of digestive derangement. To relieve disorders of stomach, liver, kidneys and bowels, Beecham's Pills act promptly and usually overcome the difficulty. Take

Great Strides in Athletics This Season Speaks Well of Condition of Youth in City

The great enthusiasm for athletics which has characterized the past summer in Prince Rupert speaks well for the healthy condition of the youth of the city. Never before did the place have so many organized leagues and so many active players. Good clean sport among the boys of all ages has gained a foothold that it never had before.

This summer there have been three baseball leagues—Senior, Junior and Juvenile. Each league had three teams, with a total of over one hundred players actively engaged. Football has taken just as important a place as baseball. There have been two football leagues, Junior and Senior, the former with three teams and the latter with four. Close on to one hundred soccerists also took part in the season's schedules. Sixteen Teams.

The following were the various teams which constituted the leagues:

City League Baseball—Sons of Canada, Elks and Red Sox. Junior League Baseball—Tiny Tims, (champions), King Edwards and Dry Docks. Juvenile League Baseball—Falcons (champions), Midgets, and Cubs.

Senior League Football—Sons of Canada, (champions), Callies, Sons of England and Great War Veterans. Junior League Football—Dry Docks (champions), Athletics and Merchants.

Sport in the city cannot be mentioned this year without referring to the great achievements of the Sons of Canada. The fast teams of the society right through the season, have captured every trophy for which they played. They made an unbeaten record at football. But the Sons of Canada did not win because their opponents were weak for they were given good competition all the time.

Looking Outside.

With a highly successful local season behind them, Prince Rupert baseball players are now looking to the outside for opposition and next week they are to get all they want of it. Prince George, Anxox and Ocean Falls each claim that they have better teams and the former two will attempt to prove it during the Fair. The local men are saying little but they are confident of their abilities and are not expecting to be beaten.

Soon the winter season, when basketball is featured, will be here. It looks now as if there will be more teams and players entered than there will be either time or room to accommodate. Like the summer, the approaching winter's activities promise to eclipse anything in the history of the city.

Immediate Necessities.

The citizens are taking a great interest in athletics and are supporting it well. "Play grounds and more play grounds" has become a general cry and, although the city has this year built a new playground at Sixth Avenue and McBride Street and is putting up a handball court on Fulton Street, it will have to do a lot more very soon. It is doubtful if the necessity for supporting athletics and sport has ever before been impressed on the citizens as it has been this season. The improvement of present buildings and grounds and the establishment of a gymnasium and a Y. M. C. A. are live questions—ones that will have to be dealt with immediately and on which action will have to be taken.

TWO LADY CHAMPIONS WILL MEET AT GOLF IN OTTAWA TOURNEY

TORONTO, Sept. 9.—Miss Alexa Stirling has been entered in the Canadian Women's Golf Championship tournament which will take place at the Rivermead Golf Club at Ottawa on September 19. She will have to meet Miss Cecil Leitch, English champion, in defending her Canadian title this year.

BABE RUTH EQUALS THE WORLD RECORD FOR SEASON HONORS

PHILADELPHIA, Sept. 10.—Babe Ruth equalled his world's record of 54 homers against Philadelphia yesterday. He established that record on Sept. 29 last year.

SONS OF CANADA WINNERS AGAIN

Defeated Great War Veterans in First of Exhibition Series Last Night, 4 to 1.

The Sons of Canada defeated the Great War Veterans by a score of 4 to 1 in the first game of the Exhibition series last night, thus gaining the right to play with the winners of today's game between the Sons of England and the Callies in the finals for the sweaters on Wednesday afternoon. The attendance at the match last evening was very poor, there being but 156 who paid at the gate. This was the third lowest of the season.

The first half of the game was well played and evenly contested, both teams being keen for victory. The Vets started off with the slope in their favor and snappy play characterized the opening. At half time the score stood one to one, Moffat having scored for the Sons and Sid Hardy for the Vets with one of the prettiest goal shots of the season. Play was even in this period.

Players Put Off.

When the teams reversed position in the second half, the Canadians began to get the best of it and by the time they had scored their third goal, the Vets were showing signs of losing heart. Uncalled for comment from the side-sline lines tended to make acrimonious feeling between the teams, and Harding, of the Vets, and Robinson, of the Sons, were banished from the field for unseemly conduct. The former struck a man and the latter crossed with Referee McCulloch. The goal getters in this half were Jimmie Mitchell and E. Warren, the latter a new man, registering twice. Mitchell's point was the result of a spectacular drive down the field in the course of which two Vets' defence men were passed. At the goal mouth, Goalie Brite fumbled and Mitchell, steadying himself, made the score.

Good Defense.

Good defence work for the most of the game was noticeable on either side, the goal keeping being especially efficient. Howard Frizzell made his first appearance in senior company and played splendidly at goal. Jack Stewart, left full back for the Vets, proved the mainstay of his team all the way through and saved them from losing by a greater margin than they did. D. Wiggins, outside left, also played in stellar form. Les Lane, outside left for the Sons, and E. Warren, forward, possibly made the best showing for their side.

Officials and Players.

W. McCulloch was referee and A. Clapperton and J. N. Kelly acted as linesmen. The teams lined up as follows: Sons of Canada—H. Frizzell; V. Menzies and H. Menzies; James Mitchell, J. Shakespeare and W. Anderson; Lane, E. Warren, Moffat, Clarke and Robinson. Great War Veterans—Brite; Gardiner and J. Stewart; Harding, A. Craggs and W. Ross; Boote, Mercer, S. Hardy, Wiggins and Lumsden.

SPEED BOATS WILL CONTEST

Mrs. H. S. Munro Enters Wayward Girl in Event to Take Place Friday.

Speed boat racing will have a place on next week's fair program. Mrs. H. S. Munro, of Anxox, last night wired President G. H. Munro of the Exhibition Board that the Wayward Girl, formerly the property of E. E. Campbell but now owned by Mrs. Munro, was ready to defend her speed titles. Arrangements are being made to hold the race on the harbor next Friday afternoon.

The Wayward Girl for several seasons has held the speed championship of the north and has never yet been beaten. This year she will likely be given a better race than ever. George Frizzell's "Miss Rupert" is a speedy boat and is now in first class running order. Kenny Rood's "Miss Chief" is said to be a fast craft but; up to the present, has not proven herself. U. Suga's speed boat will be the fourth entry in next week's aquatic event.

The Wayward Girl is the holder of the Campbell Challenge Cup.

Moving picture director: "Charlie, we're going to make a movie of your laundry this afternoon."

Chinese laundryman: "You crazy. Me no movie. Me gotta lease."

KAMLOOPS TO HAVE NEXT CONVENTION OF MUNICIPALITIES

Mayor Rochester Has Assurance That Prince Rupert Will Be Selected for 1923.

Mayor H. B. Rochester has written to Acting Mayor Dybbavn stating that the next convention of the Union of B. C. Municipalities will be held in 1922 at Kamloops. The mayor explained that it is the custom of the association to hold its annual conventions alternately at coast and interior towns. As this year's was held at Port Alberni, next year's thus goes to the interior. Mayor Rochester, however, had the assurance of the majority of the delegates that Prince Rupert would be chosen for 1923 in response to the city's invitation. The 1923 convention will be selected at next year's convention.

The mayor will likely be home some time next week, either on Wednesday or on Saturday.

HEALTHY STATE CITY UTILITIES

Water, Light and Telephone Departments Show Good Surpluses on Operation.

All three of the city's utilities departments, water, light and telephone, are working on a healthy, paying basis. The light and water departments after taking care of \$21,756.00 additional interest and redemption charges, which was previously raised by general taxes, showed a surplus for the seven months of 1921 ending July 31, of \$7,237.97 and \$301.01 respectively.

For the same seven months the telephone departments shows a surplus of \$3,991.00 after paying \$6,117.56 additional also in interest and redemption charges.

There are 1275 telephones in operation in the city, an average of one phone to nearly six persons of population. There are 1650 lighting accounts and a similar number of water accounts.

F. W. Dowling, superintendent of Yukon Telegraphs, left on today's train for Hazelton, a visit in connection with his departmental duties.

RUSH PLANS OF PULP MILL

General Manager and Directors Gons to Dayton, Ohio to Confer.

The Prince Rupert Pulp and Paper Company's engineers are working on a layout for the proposed pulp mill to accompany a 200 ton paper mill on the same site at Seal Cove. The idea is to co-ordinate the plans so that the pulp mill will be simply a unit of the larger scheme.

General Manager J. W. Bell, and some of the directors are now on their way to Dayton, Ohio, to confer with the Management Engineering and Development Co., the concern that has charge of the general plans and construction of the mill. The plans are being rushed so that they will arrive at Dayton while the directors are there and may be used in connection with the conference.

The Man in the Moon SAYS—

IN his campaign to lick the world Lenin is showing a disposition to begin with the boots.

IN these days of economy no one can object to the modern bathing suit.

THE worst calamity that can happen to a man is for his bank account to shrink to microscopic dimensions.

THE easiest way for a man to create a sensation these days is to grow a crop of whiskers.

IF Meighen keeps on reorganizing his cabinet he will very soon have nothing left.

NOW that we are trying to improve the relations between the United States and Canada what about each side sticking a few more layers of bricks along the top of the tariff wall.

The success of the Prince Rupert Fair rests with Prince Rupert's own people. A little support from everyone ensures success.

TIMBER SALE X-3405.

Sealed Tenders will be received by the District Forester, Prince Rupert, not later than noon on the 22nd day of September, 1921, for the purchase of Licence X 3405, near lot 226, Kwana Inlet, C. B. S. to cut 200,000 board feet of spruce, Hemlock and Balsam.

One year will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, the District Forester, Prince Rupert, B. C.

NOTICE

Regarding Delinquent Taxes on Personal Property and Income.
NOTICE is hereby given that, under the provisions of the "Taxation Act," Collectors are empowered to enforce payment of all arrears of taxes due and outstanding on Lands, Personal Property, and Income by Tax sale, distress proceedings, or by action in any court of law; and further take notice that unless payment is made forthwith of all such delinquent taxes arrear will be taken to collect same, together with interest and costs.

W. S. FISHER, Provincial Collector, Prince Rupert Assessment District.

Flavor and Body

Beer, the traditional beverage of the British people, is not only a refreshing drink, but at its best, a stimulating and nourishing food. Best among beers, because of its distinctive flavor and sparkling, appetizing appearance, is the splendid home product,

BRITANNIA BEER

Britannia is distinguished by a delicious "tang," and a most satisfying strength and "body." It is carefully brewed under ideal conditions and, as suggested by its name, is always reliable. There are no "bad bottles" of Britannia. Every glass alike refreshing, delicious, satisfying.

Insist upon Britannia. Order it from your Government Liquor Store.

ASSISTANT TO BUG COLLECTOR IS MARY

Mary MacLaren, lays aside her beauty for a few scenes in "The Pointing Finger," the featured production on the program of Empress Theatre, and appears in the taudy outfit of an underpaid shop girl in the city, before she finally comes into her own. In "The Pointing Finger" story, Miss Mary MacLaren is cast as the oldest orphan in the Brotherly Love Orphanage. A longing for feminine finery prompts her to steal the matron's new dress and her purse, the latter containing a small amount of change. She goes to the city and after discouragement lands a job as assistant to an eccentric millionaire bug collector, after she has dis-

Union Made in Vancouver Since 1906

guised her beauty in order to fulfill the professor's standard of requirements for the position. David, the nephew, a British young chap, has never taken any interest in his uncle's hobby until the arrival of the new assistant. Suddenly his thoughts seem to go bugward, much to his uncle's gratification. After apparently being settled in the millionaire's household and the nephew's affection, Mary finds she has been accused of the theft of ten thousand dollars from the orphanage. The race between the good influences and the closing scenes of the picture are rapid and exciting.

THE DIFFICULTY.

Mrs. Kelly—Does yer husband get good pay, Mrs. Rooney?
Mrs. Rooney—Well, he would, Mrs. Kelly, if it wasn't for shirkin' so often for better pay.

Sanitary Market

CASH AND CARRY

Will open downstairs under the Universal Trading Company on Saturday, September 10, at 8 a. m.

Until a new foundation is placed under the building it would be useless for us to place any fixtures of a permanent nature in our market, which will be equipped later on as the finest north of Seattle.

Watch this space from now on for real prices on Groceries and Fruits.

PRICES ON EVERYTHING

Our Meat Department will not open until building repairs permit us to install a proper refrigeration system which will enable us to handle meats and fish in large quantities at the right price and under sanitary conditions.

DELIVERY

All goods bought here will be delivered free of charge by taking them to The Table Supply.

No telephone or C.O.D. orders will be handled by this store.

SETTER DOG SAVED LIFE OF ALPINIST

GENEVA, Sept. 10.—The intelligence of his setter dog saved the French Alpinist, Morel, from certain death, when the climber, descending Voiron's Mountain, 1,875 feet, fell into a precipice breaking both legs. The dog found its way down the precipice to his master who, unable to move, wrote a message to his wife in Croisette village and tied it to the dog's collar, telling him to go home.

Six hours later help arrived and Morel was carried down the mountain to the village where a doctor was awaiting him. The dog conducted the rescue party down the mountain.

HARVESTERS ARRIVE FROM EASTERN CANADA

WINNIPEG, Sept. 10.—The arrival of additional harvesters from the east has relieved the situation in Saskatchewan province where there has been a decided scarcity of help to gathering the grain crop. It was expected that help would be secured from the Pacific Coast but the unemployed there did not seem to favor going to the prairies.

CANADIAN BOOK WEEK.

TORONTO, Sept. 10.—The week beginning November 21 has been designated as Canadian Book Week at a conference between Canadian publishers and authors. The object is to boost the work of Canadians.

"My husband has had indigestion for the past month."
"Really? I'm so sorry! I had no idea you were without a cook."
