GOVERNMENT TO PAY SOME MONEY ON SHIPYARD

LIQUOR WAREHOUSE HERE WILL START BUSINESS ON FIRST OF THE WEEK

Dry Dock Creditors Will Now Get Fifty Per Cent of Claims

The authorization for the payment of fifty per cent of the approved claims of certain of the creditors of the Prince Rupert Dry Dock and Engineering Co. was made by an order-in-council passed by the Dominion Government on Thursday morning. Word to this effect was received in the city yesterday in a telegram from Col. G. W. Peck, M. P., filed at Quebec just before he sailed on the Metagama for England.

This decision follows the ruling of the Court of Appeals of May 6 when the appeal of the government against the creditors was dismissed. The materials and fittings in the local yard, outside of the ships, will still remain in the possession of the liquidator and the creditors, are thus protected and the likelihood is that they will eventually receive one hundred cents on the dollar of their claims through their hold on the yard.

The local creditors express commendation for Col. Peck in his efforts towards getting the cash for them that is now to be paid, even if it is not the full amount.

OIL TANKER IS ASHORE

This is Report Brought to City By the Prince George This Morning.

Information brought to the city this morning by the Grand Trunk steamer Prince George tells of the stranding of the Imperial Oil Co. tanker Richmond in Grenville Channel, seven miles from Louis Inlet and seventy miles down the coast from this port. The information received is to the condition of the boat is very meagre, the vessel being set out than that the vessel is ashore. She has been due here three days with 6,000 barrels of fuel oil for the local tanks.

The steamer Celestial Empire leaves this afternoon for the scene of the stranding.

The Digby Island wireless station is not in communication with the Richmond. As the scene of the reported stranding is inland it is considered that the local station could not hear her.

Captain McGoskie, who was to pilot the vessel into this harbor, has not been notified of the wreck. He says the wreck has gone down at Swanson Bay.

FOUGHT FOR HOURS ROAD IN IRELAND

Twenty-five Policemen held off Three Hundred Revolutionaries—Casualties.

CORK, June 18.—Three police lorries were wrecked yesterday by land mines on the Rathcoole road. Two constables were killed and four wounded. Following this the civilians attacked the auxiliaries and twenty-five constables succeeded in holding off three hundred revolutionaries for several hours. The Republican was afterwards found dead. Other casualties in the civilian ranks are believed to have been carried off.

AMUNDSEN IS NOW AT NOME

Ship Maude Will go to Seattle for Repairs—Going to North Pole.

NOME, June 18.—Roald Amundsen, the Arctic explorer, who wintered at Cape Serge, Siberia, in the ship Maude, is here and will leave for Seattle on the first steamer. The Maude lost her propeller in the ice and will be towed to Seattle for repairs. Amundsen said that he would continue his efforts to reach the North Pole by drifting with the Arctic ice floes soon after repairs have been made to his ship.

CANADIAN PACIFIC STOCKS TAKE DROP

Lowest Price This Year Yesterday at New York Closing

NEW YORK, June 18.—The stock market today was featured by a sensational drop in Canadian Pacific Railway shares just before the market closed. They declined five and one half points, to 105, the lowest price reached this year.

DEUTCHLAND, FAMOUS SUBMARINE, WAS SUNK

Craft Which Visited America is Victim of French Gun Fire.

CHERBOURG, France, June 18.—The German super-submarine Deutschland, which outwitted the Allied blockade during the war and went to and returned from the United States, was sunk by gunfire here today. The Deutschland was one of the most talked of craft during the war especially when she ran a cargo of allegedly Canadian nickel through a United States port into Germany in 1916.

STRIKE MAY BE GENERAL

Miners in Britain Want Other Unions to Agree With Them.

LONDON, June 18.—The executive of the Miners' Union will ask all the trades and unions affected by the wage dispute to discuss their mutual demands. Secretary Hodges, of the Miners' Union, said this would mean a general strike if the other unions agreed.

ROYAL SWANS FOR CANADA GIFT FROM KING TO CITY OF TORONTO.

Three pairs of royal swans will travel by the B. C. train from Euston to join the Empress of India at Liverpool en route for Canada. The birds are a gift from the King of England to the Botanical Gardens at Toronto. The photo shows caretakers preparing the three pairs of swans at Hampton Court.

WILL CONTEST FEDERAL TAX

Attorney-General Announces Test Case Will Be Made on Issue.

VANCOUVER, June 18.—Hon. J. W. DeB. Farris, provincial attorney-general, stated yesterday afternoon here that there would shortly be a test case to decide the position of the province in regard to the federal tax on liquor.

The Liquor Board will import a case of liquor upon which no duty will be paid and when prosecution follows in the courts then it will be determined where the province stands in the matter. "Then I think we shall be able to announce a reduction in the price of whiskey to the people of the province," the attorney-general added.

FISH WAS ON THE DECREASE

Less Production in 1920 Than in Year Previous, According to Official Reports.

OTTAWA, June 18.—Fisheries production for the Dominion of Canada for the year 1920 reached a value of \$49,324,000 according to statistics issued by the Bureau of Statistics. This shows a decrease of \$7,000,000 from 1919. British Columbia's fishing industry accounted for \$22,300,000 and Nova Scotia's, \$12,300,000. Salmon was found to be by far Canada's most important fish. Lobster, cod and halibut come next in importance in the order named.

ONTARIO DRY ON JULY 19

Order-in-Council Ready for Lieut. Governor to Sign.

OTTAWA, June 18.—It is practically certain that Ontario will go dry on July 19. The order-in-council is ready for the lieutenant governor to sign today. Thirty days must then elapse before it becomes effective.

May Invoke Aid of Canada Temperance Act in Dealing With Liquor Problem Here

VICTORIA, June 18.—Prohibitionists are watching with interest the working out of the moderation law and most of them will be glad to see it succeed if it will reduce the amount of drinking in the province and at the same time put the bootleggers out of business. Should it not prove a success they are considering what action they shall take.

Both here and in Vancouver leaders of the movement are considering the possibility of invoking the aid of the Canada Temperance Act, under which liquor might be banished from the cities and organized municipalities. It is pointed out by them that the act is in force here and allows local option in regard to the sale of liquor. By submitting to a vote of the people it would be possible to prevent the Provincial Government stores operating and make the cities and municipalities bone dry. This would deprive the government and the municipalities of most of their revenue from liquor.

Prohibition advocates say that if an honest attempt is made to moderate the amount of liquor consumed and to carry out the will of the people as expressed at the plebiscite, it is possible no action will be taken. If, on the other hand, liquor is "to flow like water," as one of the members of the legislature put it, the temperance forces will at once organize to secure a vote by presenting the necessary petition.

Asked as to why they fear the moderation law will not be strictly enforced, several of the prohibitionists expressed the opinion that more than one member of the cabinet was strongly in favor of giving the liquor dealers a chance to make money out of the business. On the other hand the people did not want to revert to old conditions and the only reason for voting against prohibition was that it was found not to prohibit. The mass of the people wish to be decent, they say, and are not in favor of debauchery.

QUEEN MARY WILL ALSO VISIT IRELAND

BELFAST, June 18.—It is announced here that Queen Mary will accompany King George on his visit here next week for the opening of the North Ireland Parliament. It is understood that the King is entertaining no intention of cancelling his own visit although it has been suggested that the Queen remain at home.

P. I. Palmer Officially Notified of Appointment as Local Liquor Vendor

The question of the hour, which has been uppermost in many minds for the last few days, as far as local matters are concerned, has been answered, for P. I. Palmer received official notification from Victoria last evening that he had received the appointment as local liquor vendor. It has not yet, however, come officially through the government office here.

Mr. Palmer, upon being seen by the Daily News last night, said that the warehouse would be for the present in the Clapp building on Fraser Street and eventually it is expected to obtain a lease of the whole building, half only at the present time being available. He was not able to give the names or number of the local staff yet. The appointment of Mr. Palmer to the new office has been generally expected, his name having been prominently mentioned in connection with the appointment ever since Commissioner W. N. Winsby was here some weeks ago.

Known to most of the old timers of the city, "Pal" Palmer is one of the original pioneers of Prince Rupert, having been on the Island since it was first surveyed as a townsite. In the early days he represented the late C. D. Band, the well known Vancouver real estate man, who acted for the provincial government and superintended the sale of the lots. Mr. Palmer was overseas with the 62nd Battalion and carried on in France and Belgium with that famous unit in its ups and downs as a part of the Fourth Canadian Division. He has been for the last several months with the dry dock in charge of the stock ledgers for the Dominion Government.

The government liquor store in Prince Rupert will open for business early next week. So far, there have been very few permits issued from the government office.

Later—J. H. McCallin, government agent, this afternoon received official notification of Mr. Palmer's appointment to the liquor vendership here.

MODERN PRESS IS CRITICIZED

Canadian Women's Council Passes Resolutions at Calgary Convention.

CALGARY, June 18.—Women's attire and the Canadian marriage laws were criticized at the closing session of the Canadian Council of Women here yesterday. Housing was also discussed. Resolutions dealing with these subjects and a number of other matters were passed. Next year's convention will be held at Port Arthur.

CALGARY, June 18.—Mrs. W. E. Sanford, of Hamilton, was today elected president of the Council.

OFFICIAL LIST OF IRISH CASUALTIES

Policemen and Soldiers Killed and Wounded—Many Civilians Interned.

DUBLIN, June 18.—An official review shows that five policemen and two soldiers were killed last week in Ireland. The wounded numbered thirty-four police and one soldier.

Forty-nine civilians were court-martialed and five were acquitted. There are 3,186 Irishmen now interned for participation in activities against the crown forces.

RAILWAYMEN NOTIFIED OF CUT IN WAGES

Expected no Difficulty Will be Met—Acceptance Considered Likely.

MONTREAL, June 18.—One hundred and fifty thousand Canadian railway workers have been formally notified to accept a 12 per cent reduction in wages, effective on July 1.

The chief objection of the men is that the time given is too short to permit of them giving proper consideration to the proposals of the railway managements.

Officials of the various companies stated that they did not expect an ultimate refusal by the men.

The announcement of this reduction in railway wages all over Canada generally was made several days ago. It is believed that it may eventually lead to reductions in passenger and freight rates.

MONTREAL, June 18.—The twelve per cent reduction in wages which the employees of Canadian railroads are asked to accept will aggregate \$31,875,000 per year or an average of \$242.50 for each person.

REICHSTAG HAD STORMY DEBATE

Finally Decided, However, to Acced to Allied Demands—Grain Delivery.

BERLIN, June 18.—The Reichstag, after a stormy session, yesterday passed a bill authorizing the delivery of the two and a half million tons of grain called for by the terms of the Allies this year.

The German producers are to be allowed to dispose of their surplus stock over that amount on the open market.

WHITE FISH TO BE PROPAGATED IN B.C.

OTTAWA, June 18.—The Sarnia hatchery this season sent 12,852,000 white fish eggs to British Columbia where it is proposed to propagate this variety of fish.

DAILY EDITION. Saturday, June 18, 1921.

Result of Strike Vote Very Depressing.

After having watched the tide of events in the Old Country with intense but optimistic interest for the past few days, people in Canada must have received the news of the failure of strike negotiations yesterday afternoon with general disappointment.

World-Wide Interest In Progress of Affairs.

The progress of affairs is being watched with world-wide interest for a national crisis is now indeed impending. The heart of the British Empire is facing a great menace and sooner or later the most distant outposts in the dominions will feel the effect.

Situation Looks as Black as Ever.

It was not longer this terrible state of affairs will continue in Great Britain is now hard to predict. The miners have shown their determination to stand out although, doubtless, many thousands of them have already and are still suffering great privation and hardship.

No Results in Ireland Shown Yet.

The new policy of Great Britain in handling the Irish situation does not seem to be blessed with any tangible results as yet. Matters are going from bad to worse despite the fact that an order was sent out from London last week that reprisals were to cease and that the military was to be in full charge of the policing of the troubled isle.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER. 917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good. I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored. I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

Mlle ANTOINETTE BOUCHER.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ESTATE OF MARGA KAUFFMANN, DECEASED. TAKE NOTICE that in the order of His Honor Judge F. M. Young, made the twenty-eighth day of April, 1921, I was appointed Administrator of the Estate of Marga Kauffmann, deceased, and all parties having claims against the said estate are hereby required to furnish same properly verified to me on or before the thirty-first day of May, A. D. 1921; and all parties indebted to the estate are required to pay the amount of their indebtedness to me forthwith.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ESTATE OF HAROLD CHRISTIE METCALF. TAKE NOTICE that on the 21st day of May, 1921, administration of the estate of Harold Christie Metcalf, deceased, intestate, was granted to John H. McMullin, Official Administrator, Prince Rupert, British Columbia. AND FURTHER TAKE NOTICE that all persons owing monies to the said estate are required to pay the same to the Administrator forthwith, and all persons having accounts against the said estate are required to file the same with the Administrator within thirty days from the date hereof.

LOCAL EDITOR TELLS ABOUT NORTH COUNTRY

H. F. Pullen Visiting in Victoria After Tour of Interior.

Northern and Central British Columbia is very prosperous in the agricultural areas, according to H. F. Pullen, editor of the Prince Rupert Daily News, who has just completed a tour of the Bulkley and Nechaco country, returning by way of Prince George and the Fraser River to Quesnel and thence to Ashcroft by the old Cariboo road.

Everywhere in the north the farmers are clearing land and increasing the area of cultivable land. The establishment of a creamery at Vanderhoof is having the effect of turning the attention of everybody to dairying, which is now generally looked upon as the future big industry of the central portion of the Province.

Experiments are being made with the growing of clover and alfalfa in many districts and when proper methods have been used there has always been success. Inoculation is necessary before a crop can be depended on, especially in the case of alfalfa.

Prince Rupert Good.

Prince Rupert is prosperous at present, Mr. Pullen says. The shipbuilding is going on steadily, about 550 men being employed in the yards and the halibut fishing has been better than usual this spring. At last, after many months of waiting, the Canadian National Railways are providing fish cars to handle the product and as a result more will be shipped over the Canadian Railways instead of by way of Seattle and Ketchikan. Work has commenced on the new courthouse and several new concrete business blocks are going up. A new brick and concrete schoolhouse has just been completed and will be opened at the beginning of the school year. This school has twenty-one rooms and is modern in every respect.

Mr. Pullen is here for a holiday and will return to Prince Rupert in about a week or ten days.

KETCHIKAN WANTS STEAMERS TO CALL DURING DAY TIME

KETCHIKAN, June 18.—A number of letters have been written to F. E. Ryus, Ketchikan, agent for the Canadian Pacific Steamship line, asking that the company make arrangements to have its boats land in Ketchikan during the day, both on the north and southbound trips. The opinion is expressed, in all the letters, that such an arrangement would be more satisfactory for the tourists, giving them a chance to see the district in the daylight, and at the same time give Ketchikan the benefit of their entertainment.

All of the letters commend the C.P.R. for the splendid passenger service given and for the apparent desire of the company to accommodate their public in every way possible.

Ten Years Ago in Prince Rupert

June 18, 1911. One of the heaviest shots put in by Nick Gurvich, on his Seventh street contract late on Saturday afternoon, played him a nasty trick and very nearly buried Tom Dun's residence in rocks and debris. The shot blew backwards instead of forwards, and the house was shaken to its foundation and damaged more seriously than any building has ever been before by street blasting here.

The Indian agents who are out taking census, among the tribe are having their troubles. C. C. Perry, at Metlakatla, tells of visiting one reserve last week and finding himself unable to learn from one man the name of his wife. "Wait, and I will ask her," he told the agent. In a few minutes he returned smiling. "She says her name is Elizabeth," said the proud husband.

PRINCE RUPERT TIDES

Friday, June 17. High—11:50 a.m., 17.4 feet. 2:40 p.m., 20.4 feet. Low—5:48 a.m., 4.2 feet. 17:40 p.m., 8.0 feet. Saturday, June 18. High—12:35 p.m., 18.0 feet. Low—6:32 a.m., 3.6 feet. 18:25 p.m., 7.9 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

MAIL SCHEDULE

PRINCE GEORGE TO ASHCROFT

By the Editor
A person who lives in Prince Rupert has a right to be envious sometimes. It certainly was envious of the townsfolk of Quesnel. The little town is built on the bank of the Fraser River at the junction of the Quesnel River and is without exception the most picturesque I have ever seen. It is small enough not to be spoiled yet large enough to be important.
Dick and I joined the Dairy-mech's party at Prince George and attended a banquet given in their honor, and then left early next morning for South Fort George where we boarded a launch bound south. It took a little over six hours to make the run to Quesnel and the trip was not without its thrills. The Fort George rapids and the Goldenwood rapids are each caused by the narrowing of the river to such an extent that the water boils through the gorges at a terrific speed, prancing around, if I may use such an expression and tossing the little craft here and there at its will. One big breaker came over the side and soaked several members of the party to the skin, but no damage was done. It was a trip that we would not have missed for anything.

ing as asked if lunch was ready. It seems they had telephoned ahead to this particular place to prepare lunch for five and we had eaten it. We drove away laughing at them and assuring them there was nothing left. We heard afterward, however, that they fared very well.
A Weary Lot.
Let me tell you of the long waiting. We were told that a special would be in about 9:30 carrying the passengers who had crossed the washout on foot. The hour of arrival was put forward from time to time and we were also assured there was nothing but standing room on the train. Nothing daunted us. We sat around in the waiting room laughing at each other and occasionally sleeping and listening to others snoring. When two o'clock arrived we were told the train would not arrive till five. There were no beds in the town so we stretched on the waiting room floor, with our grips under our heads and were just firmly asleep where there was a cry that the train was coming and we dashed out to catch it and to finish the night on the hard seat of a colonist car. We were a sad looking lot when we arrived at Vancouver with red eyes and dusty clothes but it did not take long to renovate and now we are enjoying the balmy air and occasional sunshine of Victoria.

COURT HOUSE MEN ARRIVE FROM SOUTH
Mitchell Albert, A. C. McDeugall and M. Whittaker Arrive This Morning.
Mitchell Albert and A. C. McDeugall, of the contracting firm of Albert, McCaffery, McDougall & McNeill, which is building the new provincial government court house at Market Place, and H. Whittaker, government architect, arrived in the city on the Prince George this morning.
Mr. Albert states that everything in connection with the work of the building is going along smoothly and satisfactorily.

MARTIN O'REILLY BACK FROM SOUTH
Martin O'Reilly returned to town this morning after a brief business trip to Vancouver. Business conditions in the south are none too good, Mr. O'Reilly reports, and many former optimists are altogether failing to see the silver lining.
While away Mr. O'Reilly received confirmation of some large purchases he had made in the east at exceptionally low prices. The goods are now on rail and will be offered here at prices as cheap as ever clothing was offered.

VICTORIA CANNOT REGULATE BATHING ATTIRE ON BEACHES
VICTORIA, June 18.—The police commission here this week expressed disapproval of many bathing costumes to be seen on the Victoria beaches, but it was found on investigation that there was no local bylaw to regulate the length and style of suits used both by men and women here so the bathing attire, in the meantime, goes unchecked. It was pointed out that once a bather is in the water it does not matter what kind of a suit is worn as the Dominion Government alone has authority in that case.

The Big
Dough Raising Sale

We are not going broke, but we need \$4,000

This is a chance many people have been waiting for, as we will take off all profit and even lose money on some things which have been in stock too long. You save double on these, for they were bought when things were low.

MONDAY MORNING at 10 o'clock, we start the Big Sale.

Prices cut 25 to 50 per cent

Every article in the store reduced at least 25 per cent and mostly more, except Waltham Watches and Waterman Pens, which are contract lines.

We stake our reputation that this sale is genuine. All goods have the original prices in plain figures still on the articles. You can easily compare.

We personally guarantee every article, just the same as if you paid the full price.

Here are some samples:

<p style="text-align: center;">3 fine 8 inch Cut Glass Berry Bowls Value \$8.50 for \$5.25</p>	<p style="text-align: center;">5 only \$6 Big Ben Clocks \$4.35</p>	<p style="text-align: center;">Silver Sugar and Cream Sets Values \$9, \$10 and \$11 for \$7.60</p>

NEXT MEETING NATION LEAGUE

Most Important Problem Will be Court of International Justice

GENEVA, June 15.—The most important single problem that will be considered at the Second Assembly of the League of Nations, called for September 5, is the establishment of the permanent Court of International Justice.

The statutes of the court which were adopted by the First Assembly have now been signed by 23 states and are in process of ratification by members of the League.

While this is regarded as the most important subject, the program of the meeting which has just been distributed to all governments which are members of the Covenant, the reduction of armaments, the request of Bolivia for mediation in her dispute with Chili, and the appointment of four non-permanent members of the Council.

Reports will be received from national organizations of the League such as those dealing with the suppression of the opium traffic, the traffic in women and children, communications and transit, international registration of treaties, economic blockade and the question of expenditures of the League.

RAFT TIMBER FROM B. C. TO JAPAN

Another Attempt to Be Made by Japanese Firm in South.

VANCOUVER, June 18.—A Japanese firm proposes to make another attempt to raft timber from British Columbia to Japan. They believe that the Davis Raft venture, of which the outside logs are faced with steel, can be made to stand the Pacific passage. The raft will leave this coast about August. It will have a superstructure of piled logs, which have not withstood long journeys, except one which was taken from San Francisco to Japan about twenty years ago, and which was safely landed. The Chinese crew, unused to the big logs, are using long hand rip saws to make the boards.

AIRPLANES FOR FOREST PATROL

Machines to be Loaned to Companies for Experimental Purposes.

OTTAWA, June 18.—By Canadian Press.—To demonstrate the value of lighter-than-air aircraft for forestry patrol and similar work several of these machines are to be loaned to Canadian companies during the present flying season. The machines, a gift from the Mother Country at the close of the war, will be operated by these firms in co-operation with the Canadian Air Board. There are sections of the Dominion where heavier-than-air aircraft cannot well be used for patrol work because suitable landing places are few and far between and it is claimed that the lighter-than-air machines will fill a great need under such conditions.

Some of the aircraft included in those to be loaned out are equipped with double engines, and the others are of the single-engine type. They have a gas carrying capacity sufficient to propel them for 16 hours so that the difficulty of finding landing places in a forest area is greatly overcome. It is expected that this type of airship will prove of value in districts where either land or water machines would find trouble in making forced landings.

TWO-YEAR-OLD WAS SAVED BY DOG FROM DEATH ON RAILROAD

Winnipeg, June 18.—Snatched from the danger of death beneath a railway train by a big St. Bernard dog and restored to his parents' arms by its owner was the thrilling end of week two-year-old Leo Savoie's ramble through the woods near his home in St. Boniface recently.

The little lad was found fast asleep on one of the Union Stockyards tracks by the St. Bernard, and with all the instincts of a true dog rescuer, the St. Bernard, picked the child up and carried it out of harm's way to his master. Leo wandered away from his home at 10 o'clock in the morning and was not found until 4:30 p.m. The child was saved from death by a narrow margin as the regular train would pass over the track about 5 o'clock.

Never forget to look through the classified list

FEW DROPS IN MARKET LIST

Butter Now Selling at 45c Here and Margarine, 25c—Strawberries, 25c.

MEDICINE HAT NOW HAVING BY-ELECTION

Conservatives and Farmers Are Contesting Huge Constituency.

MEDICINE HAT, Alta., June 18.—In the huge federal constituency of Medicine Hat, which measures 192 miles by 77 miles, an important by-election is being contested by Col. Nelson Spencer, candidate of the National Liberal and Conservative party, and Robt. Gardner, candidate of the United Farmers of Alberta. Polling is on June 27. It is estimated that there are about 15,000 voters in the constituency, of whom about one-third are in Medicine Hat City, and the population is somewhat cosmopolitan, with a considerable number of Scandinavians and Russo-Germans.

There is a good deal of speculation concerning the outcome and both candidates are confident of success. The Liberal and Labor parties are not putting representatives in the field. The candidates are carrying on energetic campaigns, addressing public meetings and building up organizations as complete as is possible under the circumstances.

JUGOSLAVIA'S GOVERNMENT

King Peter of Serbia recognized as Monarch.

BELGRADE, June 16.—Jugoslavia's new constitution, recently adopted in principle by its parliament, sets up an hereditary constitutional monarchy to be known as "The State of Serbs, Croats and Slovenians," and Peter Karageorgevitch (King Peter of Serbia) is formally recognized as King Peter the First and Prince Alexander, the regent, as heir apparent. The crown will descend in the male line, with the prince's majorities fixed at 14 years.

A single chamber is provided in the constitution. Deputies are to be elected by direct secret ballot for four years and by universal suffrage, with a deputy for each 50,000 inhabitants.

Minorities and religious cults are protected but the clergy is prohibited from using its offices in partisan politics. The king's power is limited in several directions. He has the right of amnesty and pardon except in prosecutions by individuals. He is commander of the army and navy but the ministers are responsible for his acts and the responsible minister must countersign his orders.

The king makes treaties subject to parliamentary ratification. He declares war, however, only with the consent of parliament except in case of aggression against the state or a declaration of war against it.

The king's person is inviolable but suits may be brought against him where his private property is concerned. The king may not become the head of another state without the consent of the people's representatives.

EDMONTON MAY HAVE SUPERVISOR FOR YOUTH

Municipal Authorities Have Matter Now Under Consideration

EDMONTON, June 14.—Consideration is being given by the mayor to the idea of the city appointing an individual whose duties would consist of supervising the young men of the city between the ages of 15 and 20. Cases where such young fellows have been in trouble have been numerous of late, and it is considered that if there was someone who had the task of keeping an eye on lads who have been brought before the authorities and to whom they could report, it would prevent trouble in the future and have an excellent effect on their lives.

It is also considered that the same official could exercise a general supervision of the young men and watch their behavior in public places of amusement, also on the streets and thus act as a deterrent to misdemeanor. So far the matter is only in the embryo, but when details have been worked out a report will be made to council.

READ THE ADVERTISEMENTS

The publishers of this paper draw your attention to the advertising columns, and particularly to the advertisements of the local merchants.

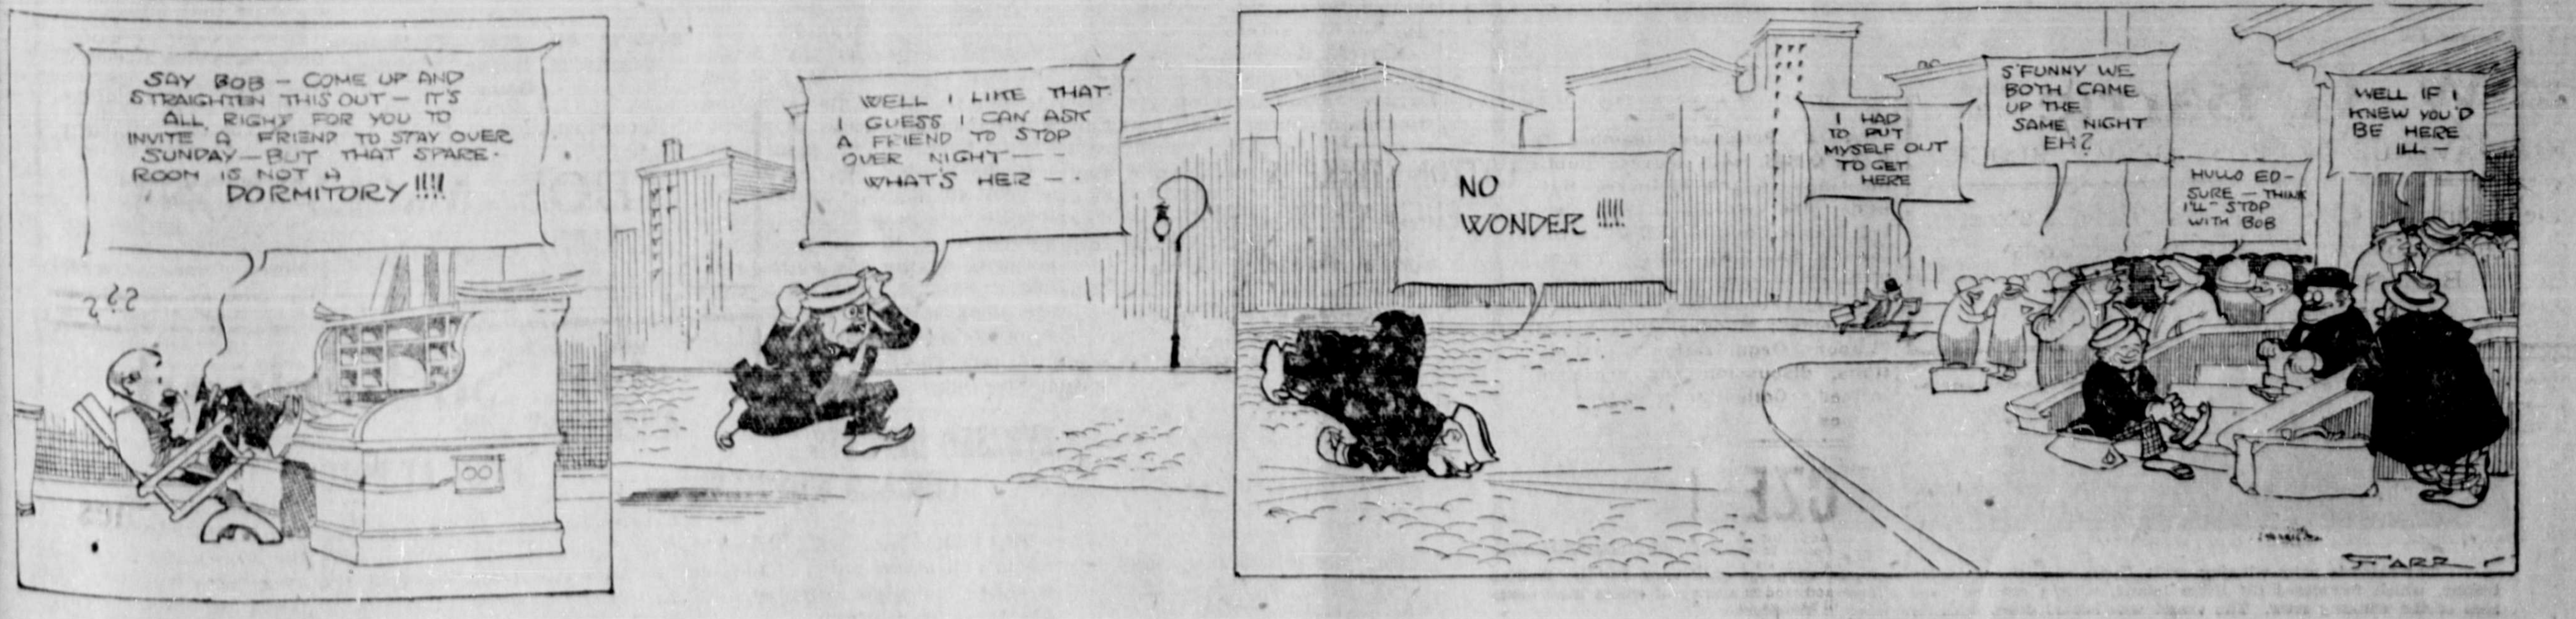

These merchants have invested their money in goods to satisfy the needs and desires of us all.

Their enterprise is a distinct service to our community. For this reason we should buy from them to the best of our ability and in so far as our needs and judgment of value dictates.

Then, too, the general commodities advertised in our columns are worthy of consideration. It is desirable that readers should ask merchants to supply advertised goods wherever possible. By doing so the cycle of trade is kept alive and inter-community commerce stimulated. We repeat—read the advertisements.

Commission Makes Arrangements for Paris Olympic Games in 1924

LAUSANNE, June 18.—Four entrants and four starters will be the maximum limit allowed any one nation in each event of future Olympic games. This and other radical alterations in the program for the 1924 international meet at Paris, and succeeding Olympic games, were announced here following a protracted session of the Olympic Congress. The congress consisted of about ninety delegates representing each national Olympic committee, each international sport federation and members of the international committee.

It was decided that the amateur rule governing the eligibility of entrants in future Olympic games should be that of the international federation governing such sport. The status of the entrant will be guaranteed by the national member of the federation and certified by the Olympic committee of the country from which the athlete is entered. Radical changes were made in the program for future Olympic meets. The tug-of-war, the three thousand meter walk and throwing the 56-pound weight were eliminated. All contests, including preliminary heats, will be held in the afternoon, doing away with the all-day sessions of competition objected to at Antwerp last year.

Programs Out Early.

In the swimming contests, the 100 meter back-stroke and two hundred meter breast stroke races were added to women competitors. Rugby football, games hockey, archery and golf were removed from the program, while the tennis and shooting events have been continued and two new weight classes added to the wrestling program. The events for the winter section of the Olympic games are still under consideration. The congress also decided that all official programs for the 1924 games completed and announced not later than January, 1922.

It was announced that in case conditions made it impossible to hold the 1924 meet in Paris, the games would be transferred to Los Angeles.

GOLFERS GATHERING FOR BIG TOURNAMENT

Six Western Cities Will Be Represented at Portland.

PORTLAND, June 18.—The qualifying rounds will open on June 21 in the annual championship tournament of the Pacific Coast Golf Association. Golfers from six of the Western coast cities as well as from British Columbia have arrived for the tournament.

CUP TIE GAME RESULTS DRAW

Sons of Canada Played Best Football But Penalty Saved the Scots—Score 2 to 2.

The second of the Dominion Day cup football semi-finals took place last night between the Sons of Canada and the Callies and resulted in a 2-2 draw. The record crowd of the season attended and the excitement ran high throughout the game. The match was keenly contested but the Callies were certainly lucky in ending up level and thus getting a second chance to decide whether they or the Sons of Canada are going to play in the final with the Great War Veterans on July 1.

The teams took the field as follows:

Sons of Canada—Thompson; V. Menzies and H. Menzies; Anderson, Shakespeare and Mitchell; Robinson, Swan, Dobbie, Moffatt and Lane.

Callies—Martin; Kinghorn and Williseroft; Hay, Abbott, and Currie; J. M. Campbell, J. Campbell, Boote, Sellars and Black.

R. Mercer was the referee. A. Clapperton and G. Brown were the linesmen.

First Half.

Play was very even at the start both teams being rather unsteady but the Sons were first to bring combined effort to bear on the Callies' defence, Swan feeding his outside man to perfection but with no result. Hay let Campbell away on the right wing and the latter made the Canucks' goalie look lively with a long drive which hit the top of the bar. At the other end, Lane sent in a fine centre which Dobbie put narrowly past. From the goal kick, Black got possession and taking the ball well away up the field made a long shot which was charged down. In the melee which followed Campbell finally got the ball past Thompson and opened the score for the Callies. This put more life into the game and, mainly through the good work of Shakespeare, the Sons did some heavy pressing on Martin's charge but they could not score. Shortly afterwards, however, Kinghorn, through misjudgment, let Lane away and the winger, cutting right in,

scored with a straight drive which gave Martin no chance. End to end play followed with the Sons showing the better brand of soccer although the Callies' defence was always able to clear its lines. The first half came with no further scoring, the teams crossing over with one goal each.

Second Half.

The Sons of Canada certainly had the major share of the play in the second half and always looked the more likely to score, but they made the mistake of playing too much to the right instead of giving the left wing a little more of the play. Robinson and Dobbie both had good tries to beat Martin but the latter was giving nothing away. Just to vary matters a little, Campbell got away on the right for the Callies and Sellars missed the best chance of the half from his cross. The Sons had hard luck at the other end for Martin was coming to the rescue of the Callies with some brilliant goal keeping although he had to thank the upright and cross bar on two occasions. Finally the Sons got their reward when Moffatt sent the ball to the corner of the upright and Dobbie made no mistake on making it good on the rebound.

It now looked like the game for the Sons for the Callies' play lacked combined understanding and numerous good chances were lost. With but five minutes to go, the Callies were again on one of their erratic attacks on the Sons' goal when H. Menzie committed an infringement in the penalty area and, from the resultant free kick, Kinghorn scored with a low fast shot. The game came to a close shortly afterwards with the score two goals each. Just prior to the call of time, Dobbie the S.O.C. centre was ordered off the field.

Star Players.

For the Sons of Canada, Menzie brothers, at half back, played consistently well, while Shakespeare dominated the half line and seldom wasted a ball. All the forwards played well although Swan was perhaps the star of the quintette.

Martin, the goal keeper, was the man of the hour for the Callies' team and certainly was the main factor in entitling them to a replay. Williseroft was the better back while Hay was the most effective of a moderate half-back line. The forwards never settled to any combined play.

Replay will take place on Tuesday, June 28.

SHOT A BEAR.

Sport Chat

Tennis has made tremendous headway all over Canada during the past two years and can no longer be regarded as a 40-40 importance as an international sport. Twenty years ago only two countries had produced players sufficiently good to be entered in the tennis series held now yearly in various countries are represented by doubtless the growing popularity of tennis throughout the world is due to its own intrinsic value as a game. Not the world-wide interest taken in the Davis Cup and the keen desire for foreign players to compete in the tries has done much to popularize it. From a polite standpoint it is safe to say the tennis, among other sports, doing more right now to cement cordial international relationships than all the secret treaties ever written.

Challenges for the 1921 Davis Cup contest were received from the United States from twelve nations. Immediately after the closing date, March 15, it draws for the games were made and it resulted in the following competitions: Spain vs. Irish Isles; Canada vs. Australia; Japan vs. Philippines; Czechoslovakia vs. Belgium; Argentina vs. Denmark, and India vs. France. The winners of the contests will play each other in an elimination series and the final victor will be matched with the United States for the possession of the coveted trophy. Australia vs. Canada tie will be played on the courts of Toronto Tennis Club on July 23, 25 and 26. The Antipodean team has already reached Canada, passing through Victoria a few days ago.

Now that tennis has taken proper place as one of the major sports of the world, it becoming more and more apparent that to be successful a player must be in perfect physical condition. The champion recognizes the danger of alcohol and tobacco. It is enough to harden one's muscles by regular practice on courts; constant attention must be paid to sleep proper breathing, care of the teeth and general hygiene as all these have an effect on the eye and nerves. The good player's eyes must focus properly and his steady nerves must respond quickly to the occasion.

Think of all the prominent firms whose products you see in the stores and ten chances to every firm will be a daily newspaper advertiser. They know pays.

JEFFRIES FOR REFEREE SAID BE FAVORITE

Robert Edgre, Stakeholder and Tex Rickard Promoter Agree on Him.

ATLANTIC CITY, June 18.—Robert Edgren, the stakeholder and arbiter in all disputes between Dempsey and Carpentier, and Tex Rickard, promoter favor James J. Jeffries, former champion, as referee in the coming championship fight on July 2. The question of deciding on the referee will probably be settled on Monday by the New Jersey Boxing commission.

WILL KNOW RESULT HERE ON DAY OF FIGHT

Carpentier-Dempsey Bout Scheduled 2 o'clock—10 o'clock Here.

The big fight on July 2 between Jack Dempsey and Georges Carpentier at Jersey City will take place at 2 o'clock in the afternoon Eastern time which corresponds to 10 o'clock, Prince Rupert time. It is therefore likely that the battle will be over in plenty of time to allow for the report of it being published in the afternoon paper here on the day of the contest. Several special services are being arranged for here and complete results will be in the city very shortly after the bout is concluded.

ZYBZSKO DEFEATS CHICAGO WRESTLER

DULUTH, June 18.—Zybsko, world's heavyweight champion wrestler, last night defeated John Frieberg of Chicago.

OCEAN FALLS IS WAITING

No Reply as to Visit of Prince Rupert Baseball Club.

OCEAN FALLS, June 18.—The work on the new Ball Park is progressing nicely and by July 1, Ocean Falls will have a diamond second to none on the Coast. The Baseball Team is awaiting word from Prince Rupert as to whether a team will be sent here in answer to a challenge issued a few days ago. Local fans will be disappointed if they do not come.

The Dominion Day Sports will be held on the new baseball grounds at the Park this year. There will be baseball football, and races, and some good contests are being arranged. In the evening there will be motor boat races on the lake.

TERMINALS BEAT SALMON BELLIES IN GAME YESTERDAY

Scottish All Star Footballers, Guests of Honor, Witness Game.

VANCOUVER, June 18.—The Vancouver Terminals and the New Westminster Salmon Bellies are again even in the Minto Cup series. The former team defeated the latter in yesterday's game by a score of six to five. The Scottish All Star soccer players were spectators of the game having been guests of honor.

AMERICANS WIN FIRST AT POLO

LONDON, June 18.—In the first international polo game, the American team defeated the British by a score of eleven to four.

BIG HITTING THIS YEAR DUE STOPPING OF FREAK DELIVERIES

NEW YORK, June 18.—Ineffective pitching, due to the elimination of freak deliveries, is responsible for the rattle of extra base hits off the fences of major league baseball parks, according to Manager Speaker of the Cleveland Americans.

"The emery ball, the shine ball and the other extremes to which pitchers resorted for many years kept down the batting," Speaker asserted. "Now they are illegal and spitball pitching has been virtually done away with. The heavy batting of this season is only a natural consequence."

FALCONS DEFEATED THE CUBS LAST NIGHT

Juvenile League Fixture at Seventh Street Resulted in 21 to 5 Score.

The Falcons again took the measure of the Cubs in the Juvenile baseball league fixture last night by a score of 21 to 5. The batteries were: J. McNulty and W. Wrathall for the Falcons, and J. Hadland and E. Walters for the Cubs. G. Laporte was referee.

The following is the Juvenile League standing to date:

	W.	L.	Pct.
Midgets	4	1	800
Falcons	4	2	667
Cubs	0	5	000

FOOTBALL SCHEDULE

Senior League
July 6—Callies vs. G.W.V.A., Mercer, referee.

Junior League
June 21—Dry Dock vs. Merchants, McCulloch, referee.
June 27—Merchants vs. Athletics, Bell, referee.

LOST FISHING SCHOONER ESPERANTO.

The famous prize-winning craft Esperanto, victor in the international schooner race for the Halifax Trophy, which foundered off Sable Island, with a crew of twenty-five men, the majority of whom were members of the winning crew. The vessel was loaded down with fish when it foundered.

RETURNED MEN HONOR HOWARD STUTCHBURY
Alberta Trade Commissioner Given Illuminated Address At Edmonton.
The Great War Veterans of Edmonton gathered at a meeting in that city last Sunday to reveal their profound gratitude to Howard Stutchbury, the Alberta trade commissioner, who is now well known in Prince Rupert, having paid several visits here in connection with the establishment of coal bunkers for the government. Mr. Stutchbury has been untiring in his efforts for the soldiers during the days of the war and the period of re-establishment and has thus won their keen gratitude.

Through the president of the Edmonton association representing the entire province, Mr. Stutchbury was presented with an illuminated address, in which thanks from the soldiers throughout Alberta were offered to the genial past-secretary of Returned Soldiers' Commission. It was recalled that perhaps no other man in this province had accomplished so much for returned men as Mr. Stutchbury. During 365 days of each year, and for several years Mr. Stutchbury labored continually toward the great ideal that nothing would be too good for the returned soldier when he came back.

MISS HAYES STARTING MILK USING CAMPAIGN
Former Domestic Science Instructor Busy for Dominion Government.

Miss Olive Hayes, former domestic science instructor in the local public schools, but now doing work of an expert nature for the Dominion Government, reached Edmonton this week from Ottawa making arrangements for an exhibit which is to be shown at the exhibition in that city in connection with the milk campaign which she is organizing throughout the west. It is Miss Hayes' hope to increase the consumption of milk throughout Canada and substitute it for tea and coffee. The exhibits will also be shown at Calgary, Toronto and Ottawa.

Many people read newspapers at a mope for their advertising columns as they do for news.

ROAD MATERIAL CONTRACT.
NOTICE TO CONTRACTORS.
PRINCE RUPERT, B.C., 16th June, 1921.

Part One of Above Mentioned Work.
Breaking, crushing and depositing in bins at South Island Quarry, 15,000 cubic yards more or less of broken stone after passing same through a screen with 2 1/2 inch holes, and 2,100 cubic yards more or less screenings passed through screen with one inch holes.

Part Two of Above Mentioned Work.
The hauling from bins at South Island Quarry, towing to, and delivering F.O.B. Snow at Cow Bay, 12,500 cubic yards more or less of broken stone and screenings referred to above. The contractor to supply all labour, tools, material and plant required.

Part Three of Above Mentioned Work.
The unloading from trucks at Cow Bay into bins the stock piles which are more or less of broken stone and screenings referred to above. The contractor to supply all labour, tools, material and plant required.

Part Four of Above Mentioned Work.
The hauling from bins or stock piles at Cow Bay to any point or points on roadways shown coloured red on annexed map form, at such times and in such quantities as may be required by the Road Superintendent, 12,500 cubic yards more or less of broken stone referred to above.

GENERAL.

PUPILS HONOR THEIR TEACHER

Miss McLenaghan was "raison d'etre" of Happy Proceeding at High School.

Studies at the High School came to an end for the year yesterday afternoon and next week is set aside for University examinations and other annual tests.

Certificates were awarded to students of the first and second years whose work throughout the year had reached a certain standard of excellence. Those students who failed to reach this standard will sit for their final examination next week and, if successful, will receive their certificates at the end of the examinations. Lists of successful students at first and second year work will be published at an early date.

An hour before closing yesterday, all the pupils assembled in the Junior room to bid farewell to Miss M. McLenaghan, who is resigning her position on the staff. Miss McLenaghan has been in the High School for the past six years and has proved herself a successful, accomplished and popular teacher.

Eulogizes Teacher.
Principal Brady, in making a presentation to Miss McLenaghan of sterling table silver on behalf of the teachers and students of the High School, spoke in eloquent terms of the work done by Miss McLenaghan during her years of service. She had won and held the respect of all her pupils by her lady-like qualities and her success as a teacher of French had become known to all. Her departure would be keenly regretted, at the same time, all rejoiced that she was entering a broader and happier sphere of life, to which she would be all the more fitted by her experience during years spent in the classroom.

Master Cedric Dunnean, as president of the Literary Club, then made the presentation in a few well chosen words. Miss B. Macdonald, of the teaching staff, briefly spoke of Miss McLenaghan's qualities as a teacher and friend.

Expresses Thanks.
Miss McLenaghan, in thanking the teachers and pupils for their beautiful gift, said that the six years she had spent in the Prince Rupert High School had been among the happiest in her life but she hoped, as in the words of Browning, "that the best were yet to come."

The proceedings came to a close by all joining in the singing of "She's a Jolly Good Fellow," "Auld Lang Syne," and "God Save the King."

MAY BE SHOWERS OF METEORS SOON ON ACCOUNT COMET

CAMBRIDGE, Mass., June 18.—Winnecke's comet, the expected near approach of which to the earth this month has caused much comment, will probably not come within ten million miles of us, according to information received at the Harvard College observatory from astronomers in various parts of the world who are studying its motion closely. It is doubtful, whether it will be visible to the naked eye. Several astronomers predict a meteoric shower on June 27 as a result of the comet's approach. A shower of this sort might be spectacular, but would undoubtedly be harmless.

STORY ABOUT BYNG OF VIMY

Is Close Personal Friend of Sir Arthur Currie, His Successor in War.

TORONTO, Ont., June 18.—(By Canadian Press).—Here is a little story about Lord Byng, the new Governor General, and Sir Arthur Currie, who after the Battle of Vimy succeeded Sir Julian as he was then, in command of the Canadian Corps. They are close personal friends and Sir Arthur, in public and private, always gave full credit to Byng for the work he did in knitting the Canadian Corps into the formidable fighting machine it became, animated by a keen Corps spirit and a just pride in its achievements.

It was toward the end of September, 1918, when the Corps after storming the famous Drocourt-Queant line, part of the Hindenburg system, on Sept. 2 had been since lying entrenched facing the Canal du Nord and exposed to a constant harassing fire from the other, or east side of the canal. First Army wanted the Corps to make a frontal attack but this the Corps Commander regarded as a useless waste of life. Instead, as it is well known, he proposed that the Corps should "side-slip" to the south or right to where at Inchy-en-Artois there was a dry stretch of canal of about 2,500 yards; after storming this the Corps was to spread out fanwise on the other side of the canal, our left taking the German defenders to the north in rear and our right pushing on up over the entrenched slopes against the crowning position of Bourlon Wood, on the far side of which lay the city of Cambrai. All this programme, by the way, was carried out successfully on Sept. 27 and the days following resulting in the fall of Cambrai and retreat of the enemy.

Difficult Manoeuvre.
Byng was in command of the Third Army on the immediate right of the Corps, and in the previous November had himself undertaken his celebrated surprise attack on Cambrai, pushing up from the south, and just failing to consolidate his notable victory through lack of proper support. On Sept. 23 he came over to Canadian Corps headquarters at Neuville Vitasse, in the heart of No Man's Land, lunched with Sir Arthur and talked the plan over. He was immensely struck with its audacity and brilliance, but he warned his old friend of the terrible result of failure, when the Corps cooped on a narrow frontage would be cut to pieces. "In my opinion," he said, "you are planning the most difficult manoeuvre yet attempted on a battlefield in this war. But you know your men—I know them too. If any troops in the world can do it, it is the Canadian Corps. Good luck to you." And after the battle he was the first to telegraph his congratulations, "Byng's Boys" had once more made good.

Mountain Park and Black Diamond COALS
(Great West Coal Co. Ltd.)
We have been appointed agents in this district for these well known coals. The former is a bituminous coal and the latter is a sub-bituminous coal, both of first class quality.

The Black Diamond coal has a greater sale in Edmonton than any other domestic coal. Prices delivered sacked—Mountain Park, \$15.00 per ton; Black Diamond screened lump, \$14.00 per ton. Unsacked, \$14.25 and \$13.25 respectively. Proper weight guaranteed. Can take orders now for delivery 17th June and after.

STORY ABOUT LIQUOR SHIP EXAGGERATED

Vessel Only Suffered From Shock of Earthquake.

VANCOUVER, June 18.—The alleged underhanded attempt by Davy Jones to rob the provincial government of ten thousand cases of Scotch aboard the steamer Spectator by sucking the vessel beneath the sea off the Mexican coast, has been exaggerated, Captain H. Owen reported on arrival here.

The captain said it was true that volcanic disturbances in Mexico cause an earthquake which was felt by the big steamer, but the story of being drawn into Davy Jones and spewed forth again because Davy did not like the taste of whisky was without foundation. A special report of the occurrence has been handed in by the officials to offset misleading reports.

BIG SHORTCAKE MET WITH UNTIMELY END

VANCOUVER, June 18.—Such a strawberry shortcake as small boys dream of was to have graced the banquet table of the Mercantile Board of Trade recently. And what befell the confection was like a small boy's nightmare. Six feet in diameter and two feet high, the cake contained bushels of strawberries covered with whipped cream a foot thick. As they bore it from the drape to the banquet hall, a big collie dog leaped from the sidewalk into the lake of whipped cream and fruit.

PRINCE GEORGE

At the regular meeting of the G.W.V.A. held Monday night in the club rooms, Comrade Bower, who was appointed a delegate to the provincial convention recently held at Chilliwack, made his report to the local.

Probably the heaviest Assize ever held in the interior opened here on Tuesday and has caused a large influx of people to the city called here in connection with the various cases to come up for trial. There are seven criminal cases for trial, eleven of the accused being Chinamen charged with having participated in an affray in the Tong war, which occurred here on April 12, when members of the Chinese Nationalists, and of the Chew Kong Tong or "Chinese Free Masons," went to war on Third Avenue. Among the attorneys present, and engaged in the various cases are the following: P. E. Wilson, W. P. Ogilvie and Alec Young, of this city for various defendants; T. M. McLean of this city, prosecuting for the crown; Frank Higgins, of Victoria, engaged as a private prosecutor in the Tong war cases; J. McKinley Cameron of Calgary, for the Chinese Nationalists.

Mrs. J. H. Johnson, was the hostess at a delightful dance on Friday night last, in the Alexandra Hotel. The many invited guests enjoyed the occasion very much. The Smithers orchestra supplied the music for the affair.

Give the preference when you buy to the merchant who advertises in the daily newspapers and buy advertised goods.

DE LUXE ICE CREAM

Having enlarged our premises and installed modern machinery, we are thoroughly equipped to take care of our ever-growing Ice Cream trade.

The ingredients used in "De Luxe" Ice Cream are of the best, our cream being imported from the south tri-weekly.

Ice Cream is made daily on our premises in three flavors—Vanilla, Strawberry and Chocolate. We also specialize in Neapolitan bricks.

We solicit orders for Teas, Dances, etc., and all orders are given special attention and delivered by our own automobile. We make prompt shipments of out of town orders.

PRIVATE COMPANY MAY JOIN P.G.E.

Completion of the Pacific Great Eastern Railroad to Prince George is being rushed by the British Columbia Government, and the new line is opening up a vast and rich area of the province's interior, says the Financial Post.

When the line reaches Prince George it will have a connection with the Grand Trunk Pacific main line from Edmonton to Prince Rupert. The original plans of the railroad when it was under private ownership called for the extension of the P.G.E. to Peace River where it would meet the E.D. and B.C. line from Edmonton.

It is understood now that the B.C. Government will not undertake the extension of the line into the Peace River block, but will encourage any attempt by private capital to open up the addition route. In this connection an event of particular significance is seen in the arrangements to extend the present line of the E.D. and B.C. fifteen miles to the B.C. border.

It is likely that the line will be built in the not far distant future, especially if oil is found in commercial quantities at Peace River. In addition to private companies drilling for oil in Northern Alberta the province of British Columbia has its geologists hunting for oil in the northern part of B.C. near the Alberta border line.

TROOPS IN MONAGHAN ARE NOW IN ACTION

HELFEST, June 18.—Five airplanes participated in a sweep made by five thousand troops in South Monaghan. Several important arrests were made. Telephone service in these parts, which has been cut off, is now restored.

CANADIAN NURSE INFATUATED WITH DOCTOR SUICIDES

NEW YORK, June 18.—Miss Alice Julia Carragher, aged 24, a trained nurse said to be a member of a wealthy Canadian family, died yesterday from the effects of taking poison. According to the police it was a case of suicide. The girl is said to have been infatuated with a New York doctor who is a married man with two children.

BULL MOOSE INVADES PORT ARTHUR STREETS

PORT ARTHUR, Ont., June 16.—A bull moose came into the city from the wilds during the night, and near one of the main streets became entangled in a wire fence, where he was released in the morning after an hour's effort by police and others. He was an object of interest to many citizens. On getting free, the animal dashed over the hills and disappeared.

Church Notices

Presbyterian Church. Morning service at 11 o'clock. Preacher, Rev. J. Knox Wright, Secretary of the Canadian Bible Society. Sunday School at 12:30. Evening service at 7:30. Subject: "Christ, the Best Pilot in the Storms of Life." Preacher, Rev. H. R. Grant, D.D.

WOMAN CONCEALS JEWELLERY FROM DANCE ROBBERS

CHICAGO, June 18.—Four bandits lined up dancers in an inn north of Evanston recently, and escaped with jewellery and cash estimated at nearly \$20,000.

The dancers at first thought it was a joke when a young man with a cap pulled low over his eyes, and a pistol in each hand stepped out on the dance floor and commanded them to line up, but the guests quickly complied when three others entered and fired three shots into the ceiling.

One woman saved diamonds valued at \$15,000 by dropping them into her cup of coffee.

YOU COME FIRST

The insurance policy we write for you will follow your wishes. It will be written to give yourself first consideration, not us. It is our business to render service. It is our duty to insure you as the circumstances warrant. Your policy will do—in that an insurance policy can, if loss occurs, reimbursement will follow right on its heels. When renewal date comes you will be promptly notified. All such details will be taken care of by us, up to the dot. We are anxious to get on the job. Have our man call.
