Census Taking Has Started Today

REDUCTION AMERICAN RAILWAY WAGES WILL SAVE HUNDREDS OF MILLIONS

Canada Takes Stock Of Population with Much Work to Do

John Flewin, census commissioner for this district, returned to the city on yesterday's train from Terrace and is busy this morning at his office in the Stephens Block going over the final arrangements in connection with the starting out of the enumerators who commence their duties this morning.

The taking of the 1921 census is to be by far the most complete and exact attempt to gather statistics as to the population of this province. It has never been undertaken and will tax the abilities of both the enumerators and the persons giving the information to the fullest extent. The assembling of this matter which is one of the most important undertakings the government is at present engaged in can be greatly facilitated if the public generally help all they can by giving to the enumerators cheerfully and succinctly, truthful and correct data in answer to the large array of questions put to them.

PROVINCE BOND ISSUE FAILED OF GOOD PRICE

Bidders Likely Called Based on Payment Interest in New York Funds.

VICTORIA, June 1.—Unsatisfactory bids have been submitted for a three million dollar provincial bond issue. Further bids will probably be called for based on the payment of interest in New York funds in the hope that better prices may be obtained. The details of the bids are unavailable as the figures were not disclosed.

NEW FISH CARS ARRIVE HERE

Many People Looked Over New Equipment Last Night

Eight fish express cars arrived last night's train including the three new ones of which there has been so much talk lately. Many of the people who were down to meet the train made a special tour of inspection in which both awe and curiosity were combined, to view the new cars of which they had heard and read so much lately as being on the way to Prince Rupert for handling the fish business.

MINE WAS SET OFF UNDER PLAYING BAND

Another Atrocious Perpetrated in Ireland—Those Responsible Escaped.

DUBLIN, June 1.—Six were killed and twenty-one, wounded when a land mine was exploded under a Hampshire regiment band while it was playing on the Young's Rifle Range. The men who exploded the mine escaped.

FISH ARRIVALS

Fish sales reported from the exchange today are:
Vesta, 10,000 pounds and Inverness, 12,000, sold to the Gold Storage at 10c, 8c, and 5c.
Iris, 4,000, and Livingstone, 18,000, Gold Storage, 11c and 5c.
Lillian M., 8,000, and Thelma, 12,500, sold to Pacific Fisheries at 11c, 10c and 5c.

GETS \$3,000 FOR MAKING RAIN FALL IN CANADA.

We used to laugh at the Indian Medicine Men and rain-makers, but—perhaps there was more in it than we knew. Sections around Medicine Hat, Alberta, have been the scenes of many a drought in the summer time.

Tillers of the soil for years tried numerous ways to irrigate their lands. Charles M. Hatfield, known as the "Rainmaker," was heard of and sent for. He immediately set to work and built a tower twenty-four feet in height, supporting a tank fourteen feet square. His operations proved successful, and prairie farmers have asked Hatfield to turn off the moisture for a few days. As a result of a month's labor the "Rainmaker" received \$3,000 from Canadian farmers. The tank is the largest that he has yet built. His process is unknown. The photo shows the Hatfield plant at Chappie Lake. The insert shows Mr. Hatfield, the "Rainmaker."

Big Drop in Pay Railwaymen Of States Today; Canadian Agreements to Expire Soon

CHICAGO, June 1.—Railway reductions in wages averaging twelve per cent come into effect today involving thirty-one labor organizations and one hundred and four railroads. The early saving of four hundred million dollars is to be effected. The reductions are from five to thirteen cents per hour.

MONTREAL, June 1.—Announcements regarding the opening of activities of the Canadian Railway Shops, Limited, accompanies notices of the Canadian Railway Board that the present wage agreements in Canada will expire with the present contracts. The renewal of the wage scale is to be discussed.

MAY REJECT PROPOSITION

Appears Lloyd George's Settlement of Coal Strike May Fall Through

LONDON, June 1.—General rejection by the miners of the premier's proposal towards settlement of the local coal strike is probable. The owners are also likely to reject the Union offer to drop wages, and consider the pool idea, if they agree to scale of eighty per cent over 1914 wages.

NEW YORK MAN NEW GOVERNOR

Appointment of Scott C. Bone Head Alaskan Government

SEATTLE, June 1.—Scott C. Bone, the New York newspaper man, known from coast to coast, has been appointed governor of Alaska, succeeding Thomas Riggs, who resigned recently.

MEMBERS OF TOWN HALL STAFF TO BE PROTECTED BY ACT

Duncan Municipality First to Take up Government's Superannuation Bill.

VICTORIA, June 1.—The first municipality in the province to come under the B. C. government's Superannuation Act is Duncan. The application was accepted yesterday. All the city hall staff will thus be provided for superannuation, being included under the agreement with the town of Duncan.

LOGGER FOUND DEAD SWANSON BAY WOODS

Men Named Skirven was Missing Since Sunday—Inquest To Be Held.

A logger named Skirven, who was missing in the woods near Swanson Bay since Sunday, was found dead yesterday by a search party that had been despatched to look for him. An inquest into the circumstances surrounding the death has been ordered.

LIBERALS OF OMINCECA ASK CONVENTION

Think Federal Member Should be Chosen at Gathering in Smithers.

TELKWA, June 1.—Liberals of the Omineca district are very anxious that the forthcoming convention for the purpose of choosing a candidate to contest the federal riding shall be held at some central point in this valley, preferably at Smithers. They feel that from a political point of view they are being ignored. If the convention is to be held at Prince Rupert, only a few delegates will attend, but should it be held in this district, there would be a representative lot of farmers and businessmen of Omineca present. They claim it is their turn to have such a convention and they are not backward in asserting their rights.

There is nothing sectional in the attitude of the Bulkley Valley Liberals for they have elected a Prince Rupert man to represent them in the B. C. legislature and may do the same in the federal field.

J. C. Dunn of Edmonton is a prairie visitor lately arriving in Prince Rupert. He has nothing but praise to offer for the perfect weather he has been treated to since his arrival. The prairie country is very warm just now and the cool breezes of the Pacific prove most alluring.

May Fish Business This Year Shows Big Increase Over That of Last Year

Halibut arrivals at this port for the month of May just past show a great increase over last year's landings for the same month. The figures are: May, 1921, 2,629,000 pounds; May, 1920, 1,963,000 pounds; May, 1919, 2,193,000 pounds. The year shortage was on throughout the entire month and 295,000 pounds of fish left the port after arriving here and finding unsatisfactory market conditions. At no time last month did the price reach 17.1c, the high price for May last year.

Besides the halibut landed here there were 76,700 pounds of salmon brought in and sold.

BREWERS MEET LIQUOR BOARD

Want to Deliver Direct to Consumers—Negotiations Delayed

VICTORIA, June 1.—The brewers of the province are seeking an interview with the Liquor Board to ascertain their standing, asking that the breweries be given the right to deliver direct to the purchasers. Negotiations are delayed on account of the absence of Commissioner Falconer.

OTTAWA WAS BEATEN BY ALL STARS

Governor-General Kicked Off and Distinguished Gathering Attended.

OTTAWA, June 1.—The Scottish all stars defeated the Ottawa select football team 7 to 0. The Duke of Devonshire, Governor-General, kicked off and the premier and many parliamentarians witnessed the game. The grounds were very wet.

GOWAN ACQUITTED AND RETURNED TO PRINCE RUPERT NOW

E. T. Gowan, who was arrested here last December at the instance of the state sheriff of Idaho charged with obtaining money on false pretences, has been acquitted and is back again in town. In connection with this case, the "Capital Evening News," of Boise, Idaho, in its issue of May 26 has the following:

"Caldwell, May 25.—An instructed verdict of 'Not Guilty' was returned in the district court late Monday afternoon by the jury trying the case of the state against E. T. Gowan, charged with having obtained money under false pretences. Following the introduction of the evidence of the state, the attorneys for the defendant announced that the defence would not introduce evidence, but moved for an instructed verdict of acquittal, which was granted by the court."

OLD MAN WILL MARCH OTTAWA

Veteran Will Air Grievances with the Department of Re-Establishment.

VANCOUVER, June 1.—W. H. Coulter left here yesterday afternoon on a march to Ottawa. He is an army veteran and joined up at the age of 52 and is going to the capital to air his grievances with the officials. He intends walking the entire distance.

GOVERNING OFFICE TO BE ESTABLISHED IN NORTH OIL COUNTRY

Acting Administrator Leaving on Thursday to Inspect West District.

EDMONTON, June 1.—O. S. Finnie, acting secretary and administrator for the North West Territories, leaves on Thursday for the northern oil areas. He will establish administrative headquarters at Fort Smith and will ascertain the requirements of the territory.

PREMIER OLIVER IS NOW ON WAY HOME

Left Toronto Monday and is Due in Victoria by Saturday.

VICTORIA, June 1.—Premier Oliver of British Columbia left here Monday night for Victoria where he will arrive on Saturday.

UNIDENTIFIED MAN.

VANCOUVER, June 1.—The body of an unidentified man has been found floating on Burrard Inlet.

T. S. Howson, mining man, interested in a Graham Island oil shale proposition, was a South bound passenger on the Camosun last evening.

Refitting of Prince Rupert
 By Capt. C. H. Nicholson

The refitting of the steamer Prince Rupert was an undertaking of a major character calling for the greatest artistic taste and the highest class of workmanship.
 It can be readily imagined, particularly by shipping men, what the condition of the vessel was after being submerged for nearly three months in salt water and directly in line of the discharge of waste products of a large industrial plant in which large quantities of acids are used. Suffice it to say that the entire wood work of the ship including passenger accommodation, freight holds and cold storage chambers as well as all laid decks had to be completely torn out so that the bare steel was exposed. This was carefully wire brushed or scaled as conditions warranted and all surfaces well coated with red lead before the process of reconstruction could begin.
Great Hull Damage.
 The hull damage of the ship was more extensive than was first thought. Thirteen plates were renewed and several others faired in place with the attendant work necessary on frames, floors, fore and aft stringer bars, breast hooks, bulkheads and tank margin plates as the result of the vessel's contact with the rocky beach. In addition, resulting from pressure due to her submersion, a serious damage occurred to the tanks. The main deck plating and beams, starboard side, were considerably set down and engine, boiler, and fan room and dynamo air shaft casings were also badly buckled and had to be slackened up, faired and refastened as before.
 The engines and boilers required a vast amount of work. All cylinders, steam chests, pumps, evaporators and filters were opened up, thoroughly cleaned and put in perfect working order, making such renewals as were found necessary. The electric light plant had to be taken down and all put in first class condition. Boilers were opened up, sealed, strained seams electrically welded and new tubes supplied as needed and finally subjected to the rigid tests set by the surveyors.
 All this, however, was straight repair work such as any shipyard is accustomed to. The carpenter and joiner work with the numerous other trades required in the refitting of the vessel was another matter. Carefully selected and thoroughly seasoned materials were required.
Woodwork Renewed.
 Some of the heavy and solid hardwood fittings not too badly damaged were carefully kiln dried, thoroughly reconditioned and after careful inspection, if found perfect, were allowed to be used again. However, almost the entire woodwork of the ship was renewed.
 The electric wiring, water and sewerage systems were renewed as required. The difficulties of these features of the work will be realized when it is known that there are many miles of piping and wiring on a ship of the class of the Prince Rupert.
As Good As New.
 The vessel re-enters the service as complete and as well fitted as it is possible to make her and thoroughly capable of maintaining the high standard of service which characterizes the operation of the vessels of this fleet.

 The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.
 The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
 The height is in feet and tenths of feet above the average level of lower low water.

Will Tariff Bill Benefit United States?

The passing of the United States emergency tariff bill which took effect last Saturday, placing heavy duties on Canadian wheat, wheat flour, flax seed, cattle, sheep, wool, potatoes and meats, has already led to retaliatory steps by Canada in the placing of similar excises by the Dominion on the same commodities entering from the States. The indications are that there may be a war of embargoes resulting out of the United States' action which will have a serious effect on the commercial exchange and trade relations of the two countries. But the United States will likely be the greater sufferer for it is maintained by even American authorities that the United States is in far greater need of Canada's raw materials than of her markets. The loss of imports to the United States by the new tariff bill may involve a greater injury to consumers in the United States than even the loss of the export trade to Canada which amounts to approximately one billion dollars annually.

Trade Figures Show Canada's Advantage.

During the debate on the tariff bill at Washington, before its enactment, statistics showing exports and imports between United States and Canada were put into the Congressional records and a study of these reveals clearly how the tides of trade between the two countries are flowing. In 1918 the United States shipped more wheat to Canada than it imported but in the years 1919 and 1920 the importations from Canada exceeded the exportations. As to wheat flour, the figures show that in 1918 the movement was towards Canada, but in 1919 and 1920 Canada exported more flour than she imported from the United States. In cattle, flax seed and potatoes Canada sells more to the United States than she buys there. In wool the United States in 1920 shipped more to Canada than she bought from her, although in 1918 and 1919 she had this trade also in her favor. In beef and mutton the trade balance is in Canada's favor but in fresh pork, bacon and hams she buys more than she sells. Taken as a whole the Canadian exports are greater than the imports to the States and the benefit that the latter country may gain from his new tariff is very doubtful especially in view of the fact that Canada has already started retaliatory measures.

Early Settlement of Coal Strike Possible.

The coal miners of Great Britain have now been on strike for about two months. How the industry of the homeland has weathered the situation as well as it has seems remarkable but it cannot continue much longer. Of course, industries have been crippled to a certain extent and production and manufacturing has been curtailed to the very minimum. It is fortunate for Britain that there was a reserve stock for it would have been impossible to keep going had there not been. It is reasonable to expect that a settlement may soon be reached for both sides must be weakening. While the mines remain inactive they are day by day becoming in worse condition for reopening and the job of pulling them on a productive basis again will be a tremendous one. Thus the owners must want to see them going once more at as early a date as possible. On the other hand, the miners must be feeling the pinch of two months without income and in thousands of cases there must be great privation. This period of idleness surely has brought about a greater conciliatory spirit on either side and there will doubtless be some compromise reached before many days have passed.

Ten Years Ago in Prince Rupert

June 1, 1911
 A special despatch telegraphed to the Daily News, received this morning, announces that the Methodist General Board of Missions has granted a sum of \$5,000 free of interest to the Methodist church at Prince Rupert for the purpose of assisting in the building of a new church.
 Yesterday a cheque for \$30,000 was received by the city from the G.T.P. for last year's and this year's taxes. The city cannot cash it, however, until Sir Richard McBride and the citizens decide whether to accept settlement.
 A delightful entertainment was put on last evening at the Empress Theatre when the two clever young artists, Miss Cassie Hiller and Miss Grace Lindsay, scored a big musical triumph.

1 Pill a Laxative, 2 Pills a Cathartic, 3 Pills a Purgative, This is the Way Millburn's Laxa-Liver Pills Work.

You will never use any of the old griping, nauseating, sickening, purging pills, containing as they do calomel and other drastic mineral ingredients, once you use Millburn's Laxa-Liver, a pill that is purely vegetable.

Owing to the great care used in procuring the highest grade of drugs from which they are manufactured, they are as near perfect as it is possible to get a laxative remedy.

They work gently and effectively, without a gripe or pain. If you are troubled with constipation, biliousness, driven to distraction with sick headaches, if your tongue is coated, your breath bad, your complexion muddy, your eyes yellow, have blotching specks before the eyes, jaundice, itching, bleeding or protruding piles, stir up your sluggish liver with a few doses of Millburn's Laxa-Liver Pills.

Mrs. Roy Mackie, Oshawa, Ont., writes:—"I desire to express my thanks for the relief I have had by using Millburn's Laxa-Liver Pills. I had been suffering for some time from constipation and bad headaches. I tried all sorts of cures, which did me no good, until I was advised to try your pills. I got great relief after taking only a few doses."

MINSTREL SHOW NOW OFFERING

Athon Company will Deviate from Regular Line Tonight.

Just to show that they can produce anything in the amusement line, the popular Athon Company, who have given such excellent dramatic productions for three weeks, will deviate from their regular program and put on a complete minstrel show at the Westholme Theatre tonight, with all the jokes, songs, harmony and singing that makes up a performance of that kind. Mr. Athon and Mr. Lancaster are said to excel in this line of work, and as they have both demonstrated that they are exceptional story tellers, something out of the ordinary can be looked for. Miss Johnson will be the interlocutor, while the other members of the company will occupy the circle.

The vaudeville act will be "The New Recruit" by Miss Johnson and Mr. Athon, showing the hard time a ragged southern carkey has trying to enlist in the army.

The pretty play, "The Redemption," will be given, in addition to seven reels of the latest pictures.

SONS ENGLAND AND CALLIES PLAY TO TIE

Third League Fixture in Senior League Produced Good Brand of Ball

The Senior football league fixture last night between the Callies and the Sons of England proved another tie, the final score being 2 to 2. The players on both sides were in good form and the game was the best so far this season. The gate receipts were also the highest yet recorded this year. Altogether the game was a successful and well played affair. Although three football league games have already been played, no team has yet gained an advantage, all the results, so far, having been ties. The Callies and Sons of England have played two games each and the Great War Veterans and the Sons of Canada one.

In last night's game the first score was made by Kelsey for the Sons of England. Before the half was over Wiggins had equalized for the Callies and W. Murray had missed a penalty kick.

In the second half, about half way through, Boole scored for the Callies and about five minutes before time Ticker made the second for the Sons of England. W. McCulloch was the referee, E. Tabrum and A. Clapperton were the linesmen, and the following were the lineups:

Sons of England—Judge; Darton and Wearmouth; Hay, H. B. Fanthorpe and E. Craigs; H. Fanthorpe, Lamb, Tinker, Kelsey and Farquhar.

Callies—Martin; Kinghorn and Williseroft; Abbott, Murray and Currie; J. M. Campbell, J. Campbell, Boote, Wiggins and Sellars.

MIDGETS AGAIN WIN IN JUVENILE LEAGUE

Defeated the Cubs Last Night by a Score of 24 to 23

The third fixture in the juvenile baseball league series played last evening on Seventh Street resulted in a victory for the Midgets over the Cubs by a score of 24 to 23. Bert Kelly and Nick Ghenoski were the pitchers for the Midgets, with S. Gurchich behind the bat. For the Cubs J. Hadford and G. Selig pitched and E. Walters caught. Cameron McKinnon was the umpire.

BABE RUTH SCORED ANOTHER HOME RUN YESTERDAY'S GAME

WASHINGTON, June 1.—With two men on bases, Babe Ruth hit his fifteenth home run for the season here in the ninth inning of yesterday afternoon's game between the New York Yankees and Washington.

Popular and Reliable

10c CIGAR
Union Made in Vancouver Since 1906

OUT of the object lesson of experience—gained through four long, weary years of war—came the realization that the Red Cross, great as was its work during those years of horror, is today a vital need to the remnants of that terrible conflict of nations.

POST WAR WORK
The Red Cross has not forgotten the crippled, blind and helpless men, over 800 in number, that are still being cared for in the hospitals and sanitariums of British Columbia. Men, who, although they are receiving all the care and attentions that is possible from over-worked nurses and attendants, are lacking many little things of comfort. Little luxuries that you, who are strong of mind and body, might easily give to them. It is the aim of the Red Cross, with the aid of your dollar, to supply such things to these men.

The Red Cross is also providing workshops for disabled over-seas men—already being established in the former headquarters of the G. W. V. A. in Victoria. It is equipped with specially designed machinery adapted to the use of these men, some of whom were apparently hopelessly crippled. It is enabling them to learn a new vocation, thus

Why The RED CROSS Must Still Carry On

preparing them to re-enter the struggle for existence on a new basis—helping them to become self-supporting.

EMERGENCY SERVICE AND OUTFITS
To vigorously and adequately cope with the sudden call—from wherever it may come—the Red Cross is providing emergency service and outfits in various sections of the Province. In case of sudden disaster, by fire, flood, or wreck on land or sea, the Red Cross never hesitates to proceed at once to the scene with doctors, nurses, workers, and supplies of all kinds, to relieve the suffering of the unfortunate ones. You may think that disaster may never overtake your community—but who can tell—it might come tomorrow, and the Red Cross will be there.

Local Dentist Proposes Equipping His Dental Office With Instrument

Dr. Joseph F. Maguire returned to the city this forenoon on the Prince Rupert after spending several weeks in the southern cities. Dr. Maguire visited Vancouver, Seattle and Portland on his trip investigating the situation in regard to X-ray machines. It is the doctor's intention to install a five inch tube here as soon as one can be available. He will use it not only in connection with his dental work, but for the other purposes for which X ray machines are used. Dr. Maguire has had considerable education in X ray matters and during the last few weeks has spent most of the time he was away in this connection.

TEACHERS FORBIDDEN TO USE FACE POWDER

NEW BEDFORD, Mass., June 1.—The use of cosmetics by teachers in the public schools was forbidden in an order issued recently by Superintendent Allen P. Keith. CATAIN JOHNSON TAKES PARTNER IN SHIPPING BUSINESS

Vancouver, June 4.—One of the best-known shipping men of Vancouver, Walter Walton, who has been identified with the firm of C. Gardiner Johnson Company for twenty-five years, has severed his connection with that organization and gone into the shipping business with Captain B. L. Johnson, Walton & Co.

Mr. Walton is very popular in shipping circles and has a very wide acquaintance along the coast. His business ability and never changing courtesy has given him an enviable reputation among shipping men. He is very well-informed in shipping conditions and on marine insurance, and the new company is expected to develop a very flourishing business. Mr. Walton's partner is Captain "Barney" Johnson, R.N.R., D.S.O., a lieutenant-commander in the navy during the war in charge of a submarine. He is also well known, having been for years commander of one of the crack coast passenger steamers and then Vancouver pilot.

CONFLICT OF WITS FEATURED IN "THE WONDERFUL CHANCE"

The eternal conflict of wits between the keen upholders of the law and the crafty denizens of the underworld has seldom been as thoroughly depicted as in Eugene O'Brien's latest Selznick picture, "The Wonderful Chance," which is showing at the Empress Theatre tonight.

In this production every type of crook is shown from the low-browed thug up to the polished confidence man. Mr. O'Brien impersonates one of those aristocrats of crime, the brainy burglar who takes advantage of and utilizes every modern idea of mechanics and science in furthering his plan of annexing other people's property.

Director George Archinbaud is to be congratulated on securing as "types" the most typical gang of thugs that have ever graced or disgraced the screen. These are contrasted later with the refined people with whom Barlow associates when he is masquerading in society as Lord Birmingham.

Of course there is a love theme, and a very pretty and sensible one, with pretty Martha Mansfield as the girl in the case.

TERRACE

At the regular meeting of the Board of Trade on Thursday last it was decided to establish a medical fund to be used to guarantee a resident doctor a stated sum annually to make it possible for a medical man to locate in the district. A hospital fund is also being started.

A quiet wedding took place recently at the Methodist mission house, Terrace, when Walter Warner, government telegraph operator at Rosswood, was united in marriage to Miss Christiana Allard, of Kitsukatum Lake. Rev. J. H. Young officiating, Miss Rose Haven acted as bridesmaid, while the groom was supported by H. B. Birch.

The Terrace branch of the Northern Interior Co-operative Association had a special meeting on Saturday in the schoolroom when business was discussed and arrangements made for the handling of the fruit crop this season.

STEWART

Lawrence & Workman last week put several men to work at their logging camp at Marmot River.

H. C. Bennett has been appointed enumerator for this district at the coming census to be taken on June 1.

H. Seovill took a crew of men to Bitter Creek early last week for the purpose of putting a pack bridge over the bear river at the mouth of the creek.

Ernie Armstrong went to the hospital last week with an attack of la grippe.

VANDERHOOF

On Thursday evening one of the most interesting weddings that has ever taken place in the Nechako Valley was celebrated at the home of Mr. and Mrs. Berhaven, Columbia Guernsey Stock Farm, near Vanderhoof, when Miss Clara Gerlinde Holer became the bride of Haakon Stangohye, one of the early settlers of this district. The ceremony was performed by the Rev. David Gray.

J. Dezell has moved with his family into his new home on Railway Avenue.

Arrangements are underway for the purchase of the Nechako Theatre by the Community Hall committee from E. B. Smith, its present owner. The theatre, which measures 30 feet by 70 feet, complies with all the government requirements for moving picture houses. This will fill a long felt want for a public hall of some sort for the citizens of Vanderhoof.

SMITHERS

An important land deal in the Round Lake district was recently put through by the real estate firm of Thorp & Hoops, of Telkwa, whereby two Nevada men become permanent residents of the district. The property involved in the sale was lot 1220 and the vendor was John Kennedy. The purchasers were E. Perkins and Dudley E. Hobart, of Inlay, Nevada.

A. S. Day and J. H. Bolton, of the Encombe Trading Co., who operate a mill in addition to their mercantile business, are now in town preparing to ship their plant to Encombe. They have just completed a most successful cut of 100,000 feet of lumber for Mr. Oulton, who proposes to erect a new house and barn in the near future.

Mrs. Steve Yelich and her two sons, Ivan and Anton, reached Smithers on Tuesday from Yezzerana, Oratia, Jugoslavia, to join their husband and father, who has been eight years developing his farm in the Bulkley country. They were unable to reach here sooner on account of international conditions in Europe.

The only case in the police court this morning was that of N. H. Mork charged on remand with misappropriation of money. It was further adjourned until tomorrow.

A. L. Garruthers of the provincial government works department returned to the city today on the Prince Rupert from a visit to the Southern coast cities.
