De Valera Bolts From Agreement

ARTHUR GRIFFITHS PROBABLY CARRY DAIL EIREANN FOR PACT

Split Among Leaders of Irish Republicans over Settlement Arthur Griffiths is Leading

DUBLIN, Dec. 9.—De Valera has issued a statement that he does not recommend the Irish settlement, believing it inconsistent with the aspirations of the Irish people as expressed at the recent elections. He says two other cabinet ministers agree with him and the matter should be submitted to the Dail Eireann in full session on December 14.

Arthur Griffiths has issued a statement that he would stick by the agreement to which he had put his signature.

It is believed that the Griffith group will carry the agreement, and it is rumored that orders have already been given for the mobilization of the Irish republican army.

LONDON, Dec. 9.—Lord Londonderry, leader of the Ulster Unionists, is quoted as saying that while there will have to be adjustments, a settlement will now come for good or ill on the lines of the present proposals. They might hope for the best without being excessively optimistic.

DUBLIN, Dec. 9.—(Noon)—Ratification of the treaty between Ireland and Great Britain will be moved at a meeting of the Dail Eireann next Wednesday by Arthur Griffith, De Valera announced today.

LONDON, Dec. 9.—(Noon)—The split among Dail leaders is expected to affect the plans for opening Parliament. The Irish settlement made between the British Government and plenipotentiaries representing Dail Eireann will be placed before the House of Commons and the House of Lords. After a statement by the Premier in the Commons and Lord Birkenhead in the House of Lords, Parliament will adjourn to await the vote of Dail Eireann, which meets the same day, next Wednesday.

Many more interned men in Ireland were released today.

TWO CRIMINAL CASES ASSIZES

Also Nine Civil Actions Including Three Divorces and One Separation.

The Supreme Court Assizes will open here next Monday with Mr. Justice W. A. Macdonald, of Vancouver, presiding. The judge will arrive on the Princess Mary on Monday with his court stenographer. In case the steamer does not arrive before 11 o'clock when the court is scheduled to open, adjournment will be made until 2 o'clock in the afternoon.

Archie Donaghy, lawyer from Terrace, is to act as crown prosecutor in conjunction with W. E. Fisher, of this city. He arrived from Terrace on last night's train.

There are to be two criminal cases and nine civil actions come up at the Assizes. The civil list will include three divorces and one separation action.

The list will be as follows:

Criminal.
Rex vs. R. W. Holmes, charged with murder.
Rex vs. Kimartin, of Terrace, charged with assault.

Civil
Claude G. Ketchum vs. H. B. Babington, claim for \$5,000 damages as a result of failure of a contract to deliver Smith Island rock to city; Fisher & Oughton for the plaintiff and T. B. Hooper for the defendant.
Daniel E. Moore vs. John Lapadat and Anna Lapadat, of Smithers, default in payment on agreement of sale and request for appointment of receiver, B. O. Oughton, of Fisher & Oughton for the plaintiff and S. S. McGill, of Smithers, for the defendant.
Tongass Trading Co. vs. J. N. Sinclair, action for payment of dishonored check for \$2,870.59, B. O. Oughton, of Fisher & Oughton for the plaintiff and Williams, Manson & Gonzales for the defence.
William Nofman and Lewis F. Vig vs. Anglo-British Columbia Packing, claim for \$3043.75 damages as result of failure of defendant to accept delivery of two carloads of fish, L. W. Patmore, of Patmore & Fulton for the plaintiff and A. M. Manson, of Williams, Manson & Gonzales for the defence.

Elizabeth Porter vs. Daniel Porter, claim for dissolution of partnership in fishing boat "Saturn" and injunction against defendant further dealing in monies, also accounting, L. W. Patmore, of Patmore & Fulton for the plaintiff and Fisher & Oughton for the defence.

Divorces.
Shaekleton vs. Shaekleton, motion for decree absolute.
Seringeour vs. Seringeour, motion for decree absolute.
Esther McKay Cecil vs. Samuel Cecil, Lakelse, petition for absolute divorce, B. O. Oughton, of Fisher & Oughton, for the petitioner.

Luella May Peacock vs. Stanley B. Peacock, petition for judicial separation, Fisher & Oughton for petitioner.
The case of Rex vs. Wong Yok Ying, charged with attempted murder on the steamer Gamosun has been transferred to Vancouver.

The monthly report of Principal Campbell to the schoolboard made last night showed the attendance had fallen off slightly, there being nine less than the previous month, the total attendance for November was 725.

LITTLE CHANGE IN SITUATION

Liberals Still Have 117 Members and the Progressive 64 to Date.

OTTAWA, Dec. 9.—The Yukon result is as yet unknown. West Calgary gives Hon. R. B. Bennett, minister of justice, a majority of five. Fort William is disputed, both Manion and the Progressive claiming election. In Port Arthur there is a similar situation. Only these four seats are doubtful. Without counting these the figures stand: Liberals 117, Progressives 64, Conservatives 47, Labor 2.

JAPS CLING TO BRITISH PACT

Accept Quadruple Agreement but Not in Place of One With Great Britain.

TOKYO, Dec. 9.—The Japanese Government has notified the delegates at Washington that she accepts the proposed four-power agreement in principle, but not as a substitute for the Anglo-Japanese agreement.

PARIS, Dec. 9.—France's acceptance of the quadruple agreement for the Pacific is considered certain in official circles. Action on the agreement is expected here shortly.

OFFERED MEIGHEN A VANCOUVER SEAT

VANCOUVER, Dec. 9.—Lieut. Col. J. A. Clark, Conservative member-elect for Burrard, has received a wire from Premier Meighen expressing thanks for an offer to resign the seat in favor of Meighen and postponing a definite decision.

FUNERAL TO TAKE PLACE IN VICTORIA

Remains Brought to This City by Launch Arriving Here Early This Morning

The remains of the late Mrs. Tingley, who died this week at Port Clements, reached the city this morning at 2 o'clock on the launch of the two sons, Eli and Bert Tingley, who came over with R. G. Undertakers for the arrangements in hand and will ship the body south to Victoria on Tuesday night. Interment will take place there.

Mrs. Tingley was 81 years of age and was a native of New Brunswick. She has been in British Columbia 34 years having lived at Victoria, Prince Rupert and Port Clements. The two sons, Eli and Bert, are now in the city as well as a daughter, Mrs. Turner, of Washington state. Miss Laura Tingley, the other daughter, is still in Port Clements.

STORK URGES CO-OPERATION WITH INTERIOR

Says Transportation Facilities is Great Need of Farming Communities.

The interior of British Columbia along the line of the railway is a great country and all it needs is development and especially transportation facilities, declared Fred Stork at the Rotary Club luncheon yesterday afternoon.

Mr. Stork recently returned from electioneering in the Interior and, as he said, this gave him a great opportunity to study the country and its needs. He urged that Prince Rupert should co-operate with them in every possible way.

Mr. Stork said he was very glad to be back in Rupert to take his place at luncheon with the other Rotarians. No matter how the members might differ politically, they met as Rotarians in the best of spirits and comradeship.

Speaking of the Interior, Mr. Stork said the farmers labored under many handicaps, and he urged Prince Rupert to give them every encouragement. At Telkwa they had a fine farmers' organization, and the same was true at other places along the line. He said that we had a lot to learn from the people of the Interior and we could work together for our mutual advantage.

HEAD-ON COLLISION BETWEEN FREIGHTS ON CANADIAN NATIONAL

KAMLOOPS, Dec. 9.—Five men were injured when two Canadian National trains collided head-on at a curve near West Hope. The two engine crews jumped to safety, but were badly shaken up.

DENTAL CLINIC FOR SCHOOLS

Kindergarten and Senior Matriculation Classes Suggested by Members of Board.

The question of the establishment of a senior matriculation class in the High School, of a kindergarten in the public schools or of a dental clinic in both institutions was discussed by the school board last night. Nothing definite was done but the matter will come up for consideration at the next meeting of the board in connection with the school estimates.

Mrs. Ling suggested that a room should be opened next year in the new school building as a kindergarten, and that an amount should be placed in the estimates to provide for the teacher and equipment. This provoked a discussion as to whether it would be better to do that or to provide for a senior matriculation class in the High School. It was also pointed out that they were proposing to establish a dental clinic. A new room operating would cost about \$3,000 a year. The dental clinic was estimated to cost about \$75 a month.

Messrs. Patmore, McLennan and Campbell were appointed a committee to investigate the dental clinic scheme and the other will be discussed at the next meeting. The opinion of the board seemed rather to favor the matriculation class this year in preference to the kindergarten.

Protect Fisheries of the Coast.

W. A. Found, assistant deputy minister of fisheries, is on his way to the coast to endeavor to negotiate with the fisheries department of the state of Washington for the preservation of the fisheries in which both Washington and British Columbia are interested.

There is evident now a desire on the part of the Americans to have the fish preserved in the Canadian rivers near the boundary. The American fishermen get the largest return from these fisheries, especially from that of the Fraser River.

There should be no difficulty in arriving at an agreement which would be satisfactory to each side. Mr. Found is about to go into the matter, and he will receive the support of all British Columbians if he can persuade the people of Alaska and Washington state that it is to their interest as well as ours that the fish of the Fraser and Naas rivers be protected.

Should Go Slowly With School Fads.

There is rather much of a tendency to introduce all kinds of new things into the schools. Residents have asked The Daily News to voice the sentiments of some of them in this regard. They urge that a sound public school education should be the first duty of the school board, and that the ordinary high school course should be the next demand.

On the other hand, this paper takes the view that it is for the benefit of the community to have some of the young people educated in the higher branches and that they should attend the university. The only difficulty about the university is that often the young people come home feeling that they are now in a different class to those who remained at home and who paid a large part of the cost of educating those who attended the institution.

Kindergarten Proposal.

At the meeting of the school board last night Mrs. Ling proposed the establishment of a kindergarten in this city. It would accommodate children between the ages of four and six. It is a good institution, but whether it is one that the school board should support is for the trustees and behind them the people to decide.

CRIPPLED WITH RHEUMATISM

Then She Took "FRUIT-A-TIVES" And Has Been Well Ever Since

MADAM SLOAT

PERM JUNCTION, N.B., Jan. 22nd, 1920

"For many years, I was a great sufferer from Indigestion, Constipation and Rheumatism. My Stomach was weak and gave me constant distress, while Rheumatism in my joints made me almost a cripple. I was treated by two different doctors but their medicine did me no good.

Then I tried "Fruit-a-tives" and at once that fruit medicine helped me. Soon the Constipation and Indigestion were relieved and the Rheumatism began to go away, and in a few months entirely disappeared. For twelve years now, my health has been first class, and I attribute it to the use of "Fruit-a-tives" which I take regularly."

BAD AIR AND LIGHTING AT THE BORDEN SCHOOL

Discovery Made by L. W. Patmore and Confirmed by Doctor and Others.

That the air and lighting of the Borden Street school rooms gave the children headaches and was injurious to them was discovered by L. W. Patmore, whose children attend that institution. This was confirmed by a letter from Dr. Tremayne and also by the Principal of the High School and the supervising principal of the public schools.

Mr. Patmore in bringing the matter before the board explained how his children had complained of headaches and, unable to find the cause elsewhere, he had gone to Dr. Tremayne who suggested it was the result of eye strain or bad ventilation at the school. The matter had been investigated and a report had been secured from the Doctor as follows:

Doctor's Report.

"It has been brought to my attention that several of the children attending the Borden Street School have been suffering from headaches.

"Two of the chief causes of headache in children are (1) Eye-strain; (2) Lack of Ventilation.

"In visiting the school I found that there was sufficient reason to account for both of these conditions.

"Each school room, big or small and regardless of the amount of window space provided is lighted by four drop lights placed about 2 1/2 feet from the ceiling.

"This is not sufficient light in the large rooms, and I would recommend that there should be two more lights over the desks, and one at the back of the room. The lights should be hung at least two or three feet lower and the size of the lamps used increased.

Ventilation.

"In regard to the ventilation--It would seem that in fine weather and on the North side in most all weathers the windows can be opened and sufficient fresh air admitted. In stormy weather the windows on the South side cannot be opened and the ventilation fan must be depended upon entirely. In the system in use, the fresh air is brought through a shaft from outside to a fan and then driven through a warming chamber before being delivered to the rooms.

"This in cold weather is in every way satisfactory, but in the milder weather when it is stormy and the windows cannot be opened the air makes the room too hot for comfort. To obviate this Mr. Derry has suggested that a pipe be run from the fan around the warming box and deliver the air without going through that chamber. A couple of valves could be arranged so that the air could be put through the warming process or not as required.

"This seems feasible to me but whether it is or not is a question for a heating engineer. The cost would be very small anyway."

H. E. TREMAYNE.

RICH IN TATTOO

Weird Description of Man Who Was Wanted in Montreal.

MONTREAL, Dec. 9.—A sailor, rich in tattoo marks, has been missing for three years, and his wife, Mrs. P. Davis, sent a description of him recently to the local press which reads as follows:

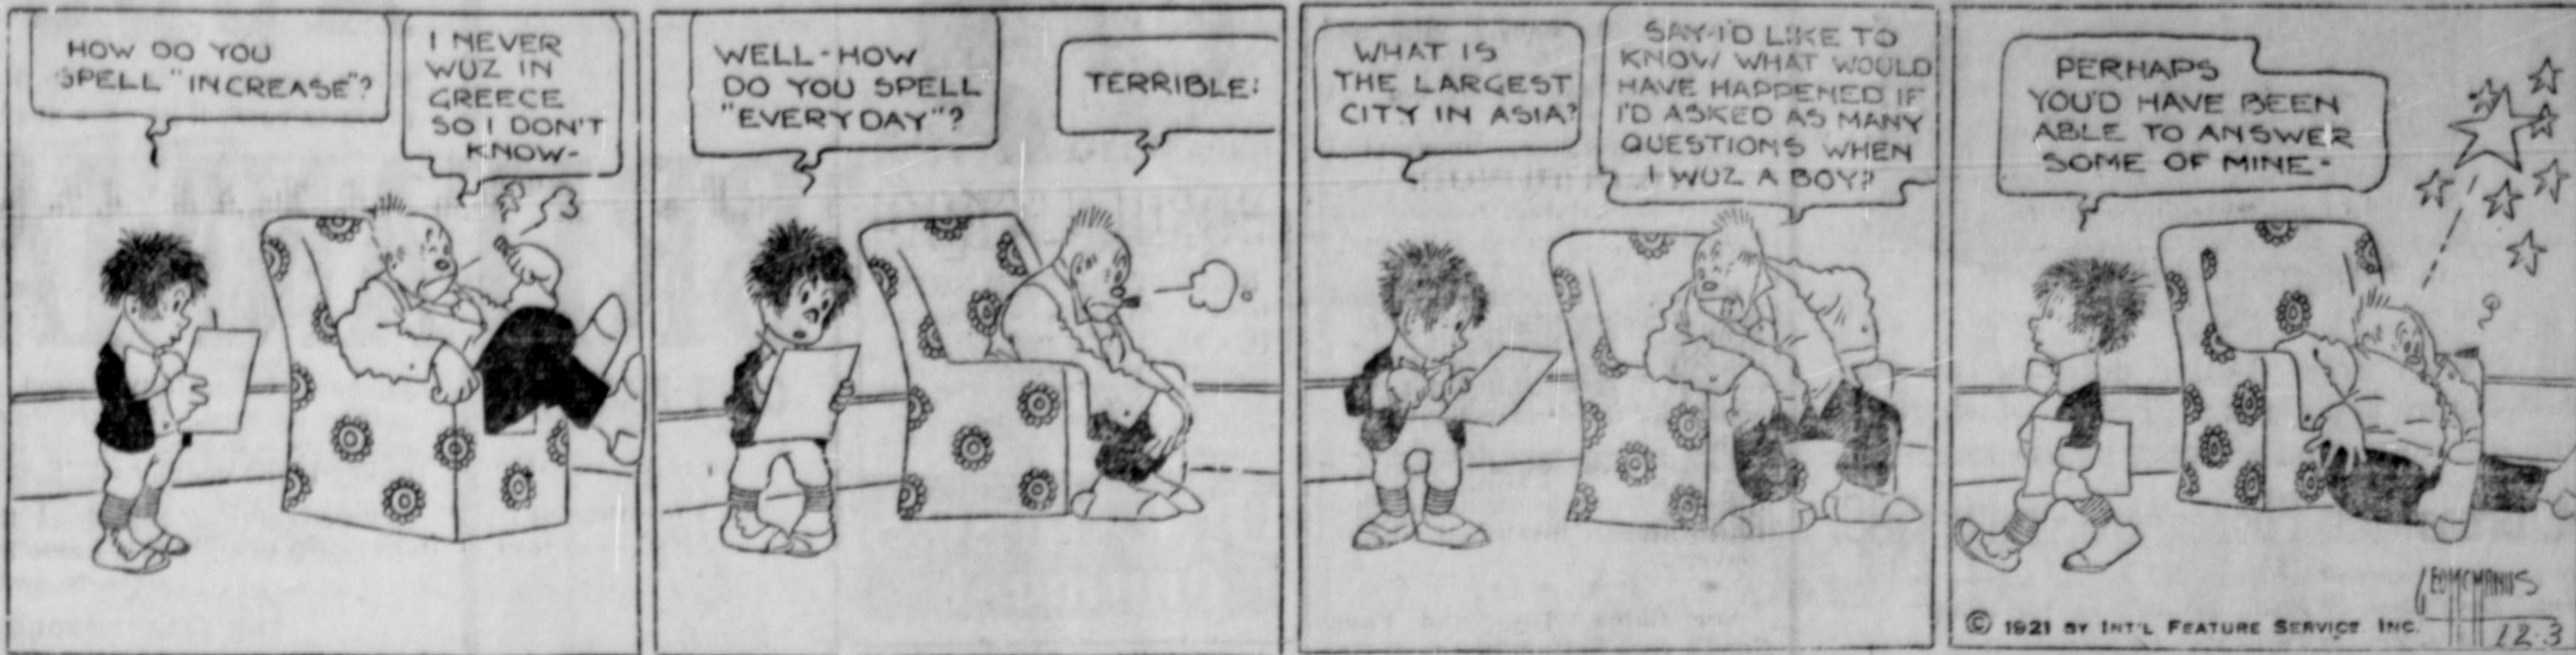

"Has a large amount of tattooing on his body. His bald head is the Lord's head. Around his neck is a serpent, two angels are holding a Bible on his chest, while the Lord's last supper is tattooed across his stomach. In his back are several hymns, 'Nearer My God to Thee,' 'Abide With Me.' The Lord's Prayer and a crucifix are on his arms and the usual tattooing of a sailor. He deserted the steamer Barranca at Montreal in 1918."

After the publication of the above letter, the Ottawa Journal received the following from M. McNulty of Timmins, Ont.:

"If the lady who was enquiring for the gentleman who had half the Bible tattooed on his body will direct her investigations here she may be able to find some information which may lead to the discovery of her long lost husband."

It is presumed that Mrs. Davis will now investigate the Timmins letter.

D. L. Stewart Laid Charge Against Constable Macdonald—Investigated Last Night.

Constable Alex. Macdonald of the city police force was called before the police commission last night to defend himself in connection with charges of rough treatment which had been laid by a man named Stewart.

Was in Fight.

It appears that Stewart had a fight with S. A. Corley and his law had been broken. He reached the hospital early one morning about three weeks ago without doctor's orders for admission.

Handcuffed.

The injured man was then handcuffed and taken to the hospital office, where he was released when the full circumstances of the affair had been explained.

No Rough Stuff.

"However, whatever the circumstances of this case may be, there should be no unnecessary rough handling of men by the police, unless it is in self defense. Strong-arm stuff will get the force nowhere, but will only get the public against them."

DISCOVERY OF FORGER'S DEN

Sir Basil Thomson Tells of Discovering Printing of Forged Notes.

In his Memoirs, Sir Basil Thomson tells of his work in the British secret service and among the interesting incidents was the discovery of a forger issuing false bank notes. He says:
We had always expected that the enemy would attempt to flood the country with forged Treasury notes, and so shake the public confidence in the new currency. Throughout October and November, 1916, a large number of forged "Bradburys" were foisted on small shopkeepers in London—generally at dusk, but even in the daytime it needed a keen eye to distinguish them. The case was unravelled with admirable patience by the late Chief Inspector Ward, who was afterwards killed by a Zeppelin bomb. It soon became clear that the forgers were ordinary criminals, and the utterer could have been arrested at any moment; indeed one of our people purchased notes from him and pretended to pass them, but actually substituted good currency with which we had to supply him. But all his attempts to get an introduction to his printer failed; the intermediary, an ex-convict named Elliot, was far too wide-awake. It was quite useless to attempt to "shadow" such a person. But it was difficult to be patient when the forgeries were improving and the number in circulation was more than £60,000. It could not be long before public confidence was shaken.
Stained with ink.
At last Elliot made a mistake. One night at a little gambling club in an upper room in Jermya Street, a young man walked in and staked amounts of 9s. 6d., which struck our emissary as not improbably the change for the forged 10s. notes. Also, his hands were stained with printer's ink. When he had left the room our man entered into a dispute about his name, which he pretended to be sure was Forgye.

Elliot denied this and at last said he was called Williams. It was a slender clue, but London was scoured for a printer named Williams, and at last in a quiet street in North London we found a stable door, almost defaced by the weather, the words, "Williams, Printer." The next step was to watch this door and see whether Elliot visited it. We engaged a window opposite, and there men sat day after day, until after dark on Friday, November 19. Elliot was seen approaching. He kicked on the door and was admitted; the of-

Children's Coughs Quickly Relieved.

It is hard for to keep the children from taking cold; they will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly, they get their feet wet, kick off the clothes at night; the mother cannot watch them all the time, so what is she going to do?
Mothers should never neglect the children's coughs or colds; but on the first sign should procure a bottle of
DR. WOOD'S NORWAY PINE SYRUP
It is pleasant and nice to take, and relieves the cough or cold in a very short time and thus prevents bronchitis, pneumonia, or perhaps consumption getting a foothold on their systems.
Mrs. E. Smith, 288 Victoria Avenue, North, Hamilton, Ont., writes:—"I have three children who have had very bad colds, due to change of climate. I have tried different remedies, but I seem to get the best results from Dr. Wood's Norway Pine Syrup. I have no difficulty in giving it to them as they like it. I always have at least one bottle in the house."

feers mustered outside. Fought Like Tiger.

At the end of half an hour our he came, and then the fun began. He fought like a tiger; the street was carpeted with forged Bradburys; the wild-beast howls he emitted in order to warn his confederate inside collected a crowd. When he was safely secured the police climbed over the door. A path led through an archway to a little isolated stable in which a fight was burning and a young man was working in his shirt-sleeves in placid ignorance of the disturbance outside. It was the best equipped "forger's den in history—modern machines with a numbering device inserted in the plates, an apparatus for forging the watermark, and a vast store of notes damp from the press. Even the dies of the Lowden forged postage stamps were found.

Next morning I took the Chancellor of the Exchequer and Sir John Bradbury to see the place before it was dismantled. One turned the handle of the press, and the other took off the note, being careful to write "Forged" across it before putting it into his pocket—the first instance in history of a Chancellor counterfeiting the currency.

MANY AUTOMOBILES STOLEN IN WINNIPEG

WINNIPEG, Dec. 8.—Suspicious circumstances surround the disappearance of 50 automobiles reported stolen to Winnipeg and provincial police.
During the first ten months of the year 321 cars were stolen, while police recovered 296. W. McKnight, head of the provincial automobile licensing department, announced today.
Value of cars stolen was approximately \$500,000. Of the cars recovered about 50 were damaged beyond repair through fire and wreck. Suspicious circumstances surround the destruction of some of them. Insurance adjusters assert a number of cars which have "disappeared" were lost through desire of owners to collect insurance on them. Loss through cars never recovered and those reported "missing" approximates \$100,000.

BUFFALO MEAT

Members of Canadian Camp to be Regaled With Royal Feast.
OTTAWA, Dec. 9.—Members of the Canadian Camp will be regaled on buffalo meat from Wainwright Park at their annual dinner in New York next February. The Dominion Parks Board will sacrifice an animal for the occasion, which will be the twentieth in the series of this annual event. Last year between 700 and 800 members attended.
The Canadian Camp is composed of men and women who have at one time or another camped in Canada. The object of the association are the promotion of fellowship and the observance of the higher aspects of international politics and sportsmanship.

GOLF BALLS.

TORONTO, Dec. 9.—Canada buys three million six hundred thousand golf balls every year now, according to estimate given by P. L. Forgan, of Scotland, a manufacturer of golf supplies, a recent visitor here.

MORAL AFFAIRS ARE DISCUSSED

City in Good Shape From Police Standpoint But Some People Would Bear Watching.

The report of the chief of police submitted to the meeting of the police commission at the meeting last night showed that a total of \$1507.10 had been collected through the police court during the month of November. There were 14 charges of intoxication, one illegal possession of liquor, one illegal sale of liquor, 2 under Opium and Drug Acts, 2 assault and 2 fighting. There had been a couple of cases of breaking and entering reported but the police had no results in investigating. Coal and bread weights were satisfactory and poolrooms and cigar stores had been orderly. From a police standpoint the condition of the city was good.

Moral Condition.

Commissioner Macdonald stated that there had been a tendency for some women of the underworld to move up town recently. Some of them he thought were selling liquor and otherwise breaking the law under the guise of conducting rooming houses. This should not be tolerated and the police should keep close tab on these people. Chaffeurs, messengers, drug-selling and the general moral condition of the city came in for full and lengthy discussion at the meeting. Both Mayor Rochester and Commissioner Macdonald urged the police to give no business that might arise through the department to chaffeurs or messengers whose characters were known or suspected not to be good. There were several honest chaffeurs in the city and these should always get the business.
Coasting on Streets.
The matter of coasting on city streets was taken up and it was decided to put up signs absolutely prohibiting it on Fulton Street, Borden Street, Summit Avenue and other dangerous and busy streets. Eighth and Seventh Avenues West were suggested as safe places where the sport might be engaged in.

Unchanged Through The Years

Many complimentary letters come in, telling how right we are when we mention that the quality of Pacific Milk has not varied through all the years it has been on the market. There is a great deal of satisfaction in knowing that one is making an article people want and continue to use year in and year out. The label has had minor alterations on several occasions, but we would not, under any conditions, make the slightest change in the quality of Pacific Milk.

FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

LOYAL ORANGE LODGE HAD WHIST DRIVE AND DANCE LAST EVENING

A very enjoyable time was spent by the many persons who attended the Orange Lodge whist drive and dance in the Metropole Hall last evening.

Mrs. F. Scadden and Harry Smith were the first prize winners at whist, consolation awards going to Mrs. R. Ogilvie and O. Larson. Charles Lemon was in charge of the tables.

Refreshments followed the cards and in the interval Mr. and Mrs. Tenz sang delightful solos. Then there was a dance, with S. L. Warrior as director of ceremonies. Alex. McRae was on the door.

The committee comprised D. Munro, F. Haugh, A. McRae, Charles Lemon, Mrs. S. F. Warrior, Mrs. F. Haugh, Mrs. W. Reid and Mrs. M. Lemon.

GRERAR GERANIUM

OTTAWA, Dec. 8. "Grerar" is the name given a new species of geranium developed at the Ottawa experimental farm, and irrespective of whether or not Hon. T. A. Grerar, leader of the National Progressive party, gains a place in history as one of Canada's prime ministers his name will be handed down through generations of flower lovers. Several species of geraniums have also been named after other ministers of agriculture, including the John Carling, the Sydney Fisher, the Martin Surrell, and the Dr. Tolmie.

PRESENCE OF MIND.

Just as two country laborers were in the middle of a large field, one of them turned and saw an angry bull making for them. With a yell of warning he yelled, and just managed to clear the hedge. His companion, less nimble, ran wildly along the hedge to find an opening. Twice he went round without escaping. Then as he passed his anxious friend for the third time he shouted, "Tell my missus my insurance policy is in the bottom drawer. This is my last round."

D. S. Fyle, of Anxox, reached the city last evening and is registered at the Hotel Prince Rupert.

CLASS ESTABLISHED IN HERRING CURING AT FISHERIES COLLEGE

SEATTLE, Dec. 9.—As a result of the short pack of pickled herrings made in Scotland this year, the demand for Scotch-cured herrings has been so great that packers on the coast have been unable to supply it, and in consequence the prices offered for Alaska Scotch-cured herrings has soared to dizzy heights. Great preparations are now under way by the present packers to vastly increase their output for next year. In addition eastern wholesalers and handlers of imported herring are now turning their attention to this coast, where there has been no diminution in the supply of this fish, and next season will see a number of them actively operating on the coast.

This great increase in the number of operators will mean a big demand for men who are familiar with the best methods of curing herring, and especially the Scotch-cure, which is the one mainly demanded by consumers, and the College of Fisheries at Seattle has arranged an extremely practical course in herring curing to be given during the winter quarter beginning January 5 and ending March 15, 1922.

Object of Class.

This herring class is arranged solely for the benefit of men or women who are now engaged in some line of fishery work, or who wish to take up such work. No examination is required to enter the classes, the only requirement being that the applicant be able to read and write English. There is no limitation as to age, or the state or country from which the applicant comes.

In addition to herring curing the college has arranged for a number of additional classes in subjects of interest and value to practical fishermen and others, among which may be mentioned the canning and curing of fishery products, bacteriology of foods, study of food laws, fish culture and pond culture, elements of navigation, the handling of gas and oil engines, etc.

SOW MOTHERS A HALF-GROWN KITTEN

ST. THOMAS, Ont., Dec. 9.—A strange case of maternal devotion is reported by a Middlemarch farmer who claims to have a sow with litter that had adopted a half grown kitten and permits it to nurse with her babies and to sleep with them. The kitten has been a member of the family of pigs for several days and will no longer touch cow's milk.

FOREIGN POPULATION.

WASHINGTON, Dec. 9.—The total foreign-born population of the United States on January 1, 1920, numbered 13,920,692, representing an increase of 491,806 or three per cent since 1910, according to census bureau figures made public recently. Of the total 6,495,088 were naturalized, 1,223,490 had taken out their first papers and 5,298,605 were aliens. Status of the remaining 805,509 was not ascertained by the enumerators.

INCREASE IN SCHOOLS.

TORONTO, Dec. 9.—An increase in Ontario of at least 20 per cent in the school attendance of children between the ages of 14 and 16 is credited to the Adolescent act by the provincial department of education. This percentage is expected to increase yearly until as large a percentage of school attendance is shown for the years under 16 as formerly was shown for the years under 14.

DAMAGE BY WOLVES.

SAULT STE MARIE, Dec. 9.—The damage being done by wolves in reducing the game stock of the North was revealed here in one small area behind Echo Bay recently when the partially devoured remains of 17 deer were found. Hunters returning from the bush report that wolves appear to be very numerous.

John M. Morrison, the Alice Arm transfer man, arrived in the city on the Prince Rupert last night from the north.
