GRERAR SAYS WILL VOTE WITH MACKENZIE KING ON WANT OF CONFIDENCE

Progressives Will Support Mackenzie King Amendment

Grerar Following Swinging in with Liberals at Ottawa; United Opposition to Government on Present Leech Policy

OTTAWA, February 21.—T. A. Grerar, leader of the Progressives or farmers' party here, says he will support the want of confidence motion introduced into the House of Commons by Mackenzie King in connection with the debate on the throne. It is expected that all progressives will follow their leader in opposition to the present Government and it is possible that some of the Liberal Unionists will bolt and vote for the opposition. The tariff announcement of Premier Meighen, this policy is contrary to the Liberal policy which they have always supported during the war and reconstruction period was allowed to remain unchanged. Its resurrection now by Mr. Meighen is looked upon as a breach of faith and the Government majority if not wiped out in the House will certainly be reduced very considerably. The King amendment will be a test vote of the strength of the Government.

West Bound Train Goes Off Track at Bissell

Passengers had Narrow Escape; but Only Two Badly Injured; Prince Rupert Train was Ahead and Passed Safely

MONTON, February 21.—Hundreds of passengers had a narrow escape from death when seven coaches were derailed on the Canadian National Railway near Bissell. Two coaches were overturned and as a result one man had an arm broken and another broken leg.

W. Walton, general superintendent of western lines, asked for this despatch said it happened about ten miles this side of Monton when the eastbound train from Vancouver ran off. The Prince Rupert train had been on time and, finding the other train had proceeded to Edmonton, arriving there safely on time. Trouble is on the G. T. P. section of the line. While the repair being made the old C. N. R. line will be used so that there is no delay with the westbound trains.

WESTMINSTER TEACHERS WIN

Association is Recognized They Will Take Part in Fixing Salaries.

WESTMINSTER, Feb. 21.—The unemployment situation has been the subject of the open forum meeting of the Central Labor Council last night. W. S. Rogers was in the chair and a report was read by C. M. Smith stating that the city would be starting its playground construction at the corner of Sixth Avenue and McBride Street soon and that it was likely the shipyard activities would commence. A resolution calling on the city council to provide an existing wage for the unemployed whether work could be supplied or not was then passed.

CALL ON CITY PROVIDE WAGES

Central Labor Council Dealt with Unemployment Question at Forum Meeting.

Following the reading of the report there was a discussion of the unemployment conditions and their causes, J. H. Burrough being the chief speaker. C. M. Smith also made some remarks on the question.

WHO KILLED BOOTH ON BAIL

Ex. M. Manson Acting for in Vancouver Where Trial May be Held.

VANCOUVER, Feb. 21.—Hon. Manson, in the capacity of counsel for Robert Holmes, charged with the murder of Joseph Gansheva Inlet, secured Saturday permitting the defendant to go free on bail until the trial, which probably will be held in Vancouver, where public opinion is unaffected by knowledge of the two men in the case. The defendant will plead self-defence and extreme provocation.

AIR FORCE IS TO BE REORGANIZED

Voluntary System to Cease to Exist; Similar to Militia

OTTAWA, Feb. 21.—It is semi-officially announced that the Canadian air force is to be reorganized on a permanent basis similar to units of the militia force. The voluntary plan will cease to exist.

HARDING APPOINTS ATTORNEY-GENERAL

ST. AUGUSTINE, Fla., Feb. 21.—President-elect Harding announces that Harry M. Dougherty of Ohio is to be Attorney-General in the next administration.

FARMERS' CONVENTION COMMENCES TOMORROW

Affiliation with Canadian Council of Agriculture to be Considered.

VANCOUVER, Feb. 21.—The question of affiliation with the Canadian Council of Agriculture will be considered by the B. C. Farmers' convention, which opens here Tuesday.

NEW COMMANDER FOR CANADIAN AIR FORCE

OTTAWA, Feb. 21.—Flight Commander R. H. Mulock of Winnipeg has been offered the command of the Canadian Air Force, succeeding Tylee.

PRICE OF COAL

Investigation Will be Held by the Provincial Government.

VICTORIA, Feb. 21.—The Provincial Government in executive council on Saturday decided to hold an inquiry into the price of coal in the coast cities.

WAR CHIEFS DIE

BERLIN, Feb. 21.—The death is announced of two German war chiefs, General Hans von Boehn and von Pleck.

DIED ON GLACIER

VIENNA, Feb. 21.—Four men and three women climbing the Dachstein Glacier perished.

EASTERN HOCKEY.

St. Patricks 5, Hamilton 4, at Toronto.

Mrs. F. W. Anderson, charged with allowing drunkenness on her premises, appeared again in police court this morning. The evidence was taken and judgment reserved by Magistrate McMordie for a week.

H. A. Murchison, formerly of this city, writes from Oakland, California, but is thinking of moving. He says labor conditions there are very bad. He expects to be back here some day.

H. L. Frank arrived last evening from Terrace.

NEWPORT NEWS WHERE ORDER IS TO WORK OR GET OUT.

Union men, such as the \$10 a day man who recently refused an offer of work at \$6 a day and later was found to have sent his undernourished wife to the poorhouse, will now have to go to work or go to jail or go away from Newport News. The scores of unemployed from the great industrial plants will be put to work on sewer repairs and extensions, which the city badly needs but for which it has deferred borrowing the money. Wages will be lower than the union scale paid during the last few years of plenty, and it is expected, therefore, that the programme will be bitterly condemned by the jobless. City officials assert, however, that as soon as employment is provided the bread line for the stubborn will be suspended and arrests for vagrancy will commence.

Fish Auction Deadlock Broken by Settlement at Exchange Here Yesterday

Sale Held Up for Two Hours while Weighing Problem was Discussed; Five Car Loads Shipped East This Morning worth here \$15,450

When the usual Sunday fish auction was due to have commenced yesterday morning at eleven o'clock there were five car loads of halibut offering but the buyers were silent. There were no bids. After sitting for half an hour waiting for business to start, one of the buyers drew attention to a notice which had been posted by the secretary of the Deep Sea Fishermen's Union stating that all fish sold would have to be weighed in four hundred pound lots. Beneath that notice was another signed by all the dealers stating that all fish they bought would have to be weighed as usual in two hundred pound lots. These notices caused a deadlock which it took nearly two hours of discussion to break. The fishermen then agreed to weighing in two hundred pound lots but stipulated that an extra man must be provided in discharging the smaller boats so that one of the fishermen might be able to watch the weights.

Thirteen catches of fish, amounting in all to 127,000 lbs., was then sold at an average price of 15c. for first grade and 6c. for second, the total fetching \$15,450. There was 10,000 lbs. of second grade. It was shipped this morning on the passenger train and will go to Chicago for distribution. Most of the fish was caught in Heate Straits and the west coast of Queen Charlotte Islands. In discussing the new proposal made by the fishermen, Harry Meagher, secretary of the Deep Sea Fishermen's Union, explained that in weighing the fish in small lots there was a distinct loss to the fishermen. It always took a few pounds to turn the scale, sometimes as much as eight or ten pounds because of difficulty in getting a fish the right size to make weight. In Seattle they weighed in 100 pound lots and he thought they should do the same here. The fishermen had met in their union with something like forty present and had instructed him to post the notice, which he had done.

No Beer Clause in Liquor Measure

Draft will Provide Only for Sale in Sealed Packages; Left to Non-Party Vote to Make Change

VICTORIA, February 21.—There will be no beer clause in the moderation bill when the draft comes before the Legislature at the end of this week. A beer clause may be introduced by private members, however, and its fate will depend on the non-party vote of the House.

The Government has decided it is its duty to stick as closely as possible to the liquor control terms implied in the plebiscite. That is the reason there is no beer clause in the Government draft. According to it the only beer selling to be allowed will be in bottles in sealed packages.

ASQUITH MAKES ATTACK ON THE IRISH POLICY

Also Declares Reparation Demands Impossible of Fulfillment.

LONDON, Feb. 21.—Former Premier Asquith in a speech here attacked the Government's Irish policy. He declared the hideous blunders and crimes committed during the last six months the "blackest in the annals of England's relations with Ireland."

Mr. Asquith also criticized the policy of Premier Lloyd George and the allied leaders in regard to reparations, declaring that the demands made at the Paris conference were impossible of fulfillment.

SINN FEIN IS STILL ACTIVE

"Republican Army" Suffers From Meeting with Detachment of Soldiers.

CORK, Feb. 21.—Thirteen civilians were killed and three wounded in an engagement on Sunday near Middleton with a detachment of the Hampshire Regiment. This is the largest number of casualties among members of the Sinn Fein army in any single encounter.

GALWAY, Feb. 21.—District Councillor Geoghegan was taken from his bed here and shot. At Blackwater two men were shot and killed when they refused to halt at the command of the soldiers.

Fires at Manchester.

MANCHESTER, Feb. 21.—Fourteen fires took place in this neighborhood on Saturday, the damage amounting to \$200,000. It is supposed to have been the work of incendiaries who are believed to be Sinn Feiners.

MAN SHOT FOR DEER HUNTING ALERT BAY

O. H. Jackson Got Wound in Neck But Expected to Recover.

VANCOUVER, Feb. 21.—O. H. Jackson of Alert Bay has been brought here with a bullet wound in the neck said to have been received when his companion, who was hunting, took him for a deer and fired. It is expected that he will recover.

EARL HAIG LIKELY TO VISIT THIS COAST

VICTORIA, Feb. 21.—Field Marshal Earl Haig is to visit here in the fall, according to a letter received by the Pacific Coast officers of the Veterans' Association from the parent organization in England.

CROTHERS IMPROVES.

OTTAWA, Feb. 21.—There is a distinct improvement shown in the condition of Hon. T. W. Crothers who was taken seriously ill Saturday.

MEMBER DIED

TORONTO, Feb. 21.—Captain Tom Wallace Woodbridge, member of Parliament for West York, died today aged 41.

Contract Signed For Ship Completion.

The news published on Saturday by this paper that the contract with the Wallace Company for the completion of the ships had been signed by the Dominion Government was most welcome to everyone. There had been rumors that the contract was being held up. It took many weeks to settle what it was thought would have been done in a few days. Now everything is ready but the difficulty between the Government and the creditors, which the courts should straighten out quickly. Then the sound of the rivetters will again be music in the ears of the local people.

Are Men Worth Conserving?

Some exception has been taken to an editorial article recently published in regard to men being better sports than women. One lady expresses herself something like this:

You men always have a high opinion of yourselves. You have never yet got over the idea that you are the Lords of creation, and yet what use are you? You fuss around at your offices but most of what you do is unnecessary. The bees and the spiders are really the wise people. They know how to treat their men.

The drones in a beehive are only raised when they are needed and as soon as their work as fathers is done they are put off of their misery, either by the females stinging them to death or keeping them out of the hive and allowing them to starve to death. That is the way to treat them.

In the spider world, the male is very small and insignificant compared with the female. He is allowed to live until his work is completed and then the female takes him in her deadly embrace and squeezes the life out of him. What a noble example!

Among humans until of recent years, the men assumed that they were the all important factor in society. Women existed for their benefit and pleasure. Now all that is being changed. We are approaching more nearly the primitive but natural ideals of the bee and the spider. Why keep a man hanging around, eating his head off and like a drone bee making a loud buzz as if he were important. It is a useless waste. Doubtless Dr. Osler had this in mind when he proposed gently disposing of the men after they were forty years of age and passing them on to the next sphere of life where they may possibly be more use than they are here. Why keep the drones when their work is done?

Wales Supports Lloyd George.

The election at Cardigan is an indication that the people of Wales, like the people of England, still have faith in the little Welshman who brought them through the troublesome times of the war and who is sticking to his guns during the period of reconstruction. It must be remembered that in England their problems are much larger than ours. They sent more men to the war, they have to pay a much larger proportion of the cost and consequently their taxes are heavier than ours. They were nearer to the scene of action and their natural resources are more fully developed so that they have not the safety valve which we possess and shall possess for many years.

Lloyd George is attacked very fiercely by his opponents, but he is revered by his supporters and there is no indication as yet that he has lost the confidence of the people. The Cardigan election is an indication that he is still the big little man of the country and that he is likely to be premier for some time yet.

PRINCE RUPERT TIDES

Tuesday, February 22.

High, 1:19 a. m., 21.5 feet.
13:25 p. m., 22.7 feet.
Low, 7:24 a. m., 4.1 feet.
19:49 p. m., 1.6 feet.

Wednesday, February 23.

High, 2:1 a. m., 22.2 feet.
14:12 p. m., 22.6 feet.
Low, 8:9 a. m., 3.4 feet.
20:29 p. m., 2 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

A lot of people spend money in advertising, others invest it in advertising. An advertisement in the Daily News is an investment.

APPLICATIONS FOR GRAZING PERMITS UNDER GRAZING ACT 1919.

Applications for permits to graze livestock on the Crown range within each Grazing District of the Province of British Columbia during the grazing season of 1921 must be filed with the District Foresters at Cariboo, Cranbrook, Port George, Kamloops, Nelson, Prince Rupert, Vancouver, Vernon or with the Commissioner of Grazing, Department of Lands at Victoria, B. C., on or before March 31, 1921.

Blank forms upon which to submit applications may be obtained from the District Foresters at the above named places or from the Department of Lands at Victoria.

The grazing of livestock on the Crown range without permit constitutes trespass, prohibited by law.
G. R. NADEN,
Deputy Minister of Lands,
Victoria, B. C.,
January 24th, 1924.

LAND ACT.

NOTICE OF INTENTION TO APPLY TO LEASE LAND.

In Queen Charlotte Islands Land District—Recording District of Skeena, and Situate at Naden Harbour adjoining Lots 443 and 2476.
TAKE NOTICE that I, Hume B. Badington of Prince Rupert, occupation Master Mariner, intend to apply for permission to lease the following described lands:—
Commencing at a post planted at the northwest corner of Lot 443, on George Point; thence south 1.90 chains more or less to the low water mark of Naden Harbour; thence southeasterly and following the said low water mark 10 chains more or less to a point due west 7.40 chains from the southwest corner of Lot 443; thence east 7.40 chains to the southwest corner of Lot 443; thence northerly and following the high water mark of Naden Harbour 17 chains more or less to the point of commencement and containing 12 acres more or less.

E. a distance of 491.5 ft. more or less to east boundary of River Mouth mineral claim produced in a southerly direction; thence following production of said river Mouth boundary to low water mark; thence following low water mark to north boundary of Lot 3635; thence following north boundary of Lot 3635 to point of commencement.
J. H. EDMOND STARK, Agent.
Date January 17, 1924.

POSSIBLE TO LIVE LONG

Professor Huxley says Extension of Age is Possible with Worms

Popular interest in the oft-discussed question whether it is possible to keep old age at bay indefinitely and correspondingly prolong the span of life has been revived by Professor Julian Huxley of Oxford University. Julian is a grandson of the great Huxley and inherits no inconsiderable measure of his talent for painstaking scientific research.

"The commonsense view of the life-cycle, drawn from the observation of man and the familiar animals," said Professor Huxley, "is that it proceeds always and inevitably in a definite direction with a definite plan. The normal life-cycle of man, for instance, is as follows: The individual starts as a minute single cell, then follows a period of rapid growth accompanied by differentiation, then growth without differentiation, then senility and finally death, which supervenes as a natural phenomenon, even if not through disease or accident."

Experiments had shown, however, that this process is not irreversible, and was not inevitably similar in all animals; that it was possible to modify the rate of growth and the length of the period of growth and thus prolong life.

"It has been shown," Professor Huxley continued, "that by alternately starving and feeding planarian flatworms they can be kept not only within certain definite limits of size, as was to be expected, but also within certain definite limits of age. One animal has thus been kept of the same age—that is, the same lively activity, the same form, the same type of behavior—for a time during which the rest of the brood have passed through 19 generations; a period which, translated into human terms, would take us back to Chaucer. Thus, age does not merely depend on the lapse of time; it is the expression of internal processes.

Only Flatworms.
"The elixir of life so long sought in the Middle Ages has at last been found—but, alas, only for flatworms."

As an illustration of reversal in mental life, Professor Huxley mentioned that in some cases of shellshock and neurasthenia the patients revert to an earlier stage of mental existence, having the minds of children in the bodies of adults. "The most striking case," he said, "was that of an Australian soldier who reverted to the condition of an infant, unable to walk or talk, and incapable of taking any food but milk. This is known as mental regression."

Professor Huxley held that numerous other examples showed that the apparent irreversibility of the life-cycle was only apparent, and that the ordinary type of life-cycle had been adopted as the most convenient, but not as the only possible method of grappling with existence. In the case of mammals, the normal life of rats had been prolonged by about 40 per cent.

Ten Years Ago in Prince Rupert

February 21, 1911

A request by Vancouver for permission to annex South Vancouver has been refused by the provincial government.

Local boxing enthusiasts last night had much pleasure in watching a program of bouts in the Kaien Island Club. The Donaldson boys gave an exhibition, Knockout Murphy got a decision over Gunboat Jack, Billy Kentzel and Battling Swede fought to a draw, Scotty Buchanan won from Billy Collins, and Jack Dempsey and Perry Queenan fought a draw. Frank Keeley introduced the fighters, Frank Bowness was referee and Julius Levy timekeeper.

The following officers have been elected to the Stewart Athletic Association: President, E. A. Mann; First Vice President, Dr. G. E. Richards; Second Vice President, W. H. Gray; Secretary treasurer, O. P. Haun; Corresponding Secretary, Rev. J. J. Nixon; Manager, J. H. Smith; Captain, George Bruggy.

PACIFIC CARTAGE LTD

Phone 92. S. E. Parker, Mgr. Careful attention given to all orders for furniture, freight, baggage or other transfer work. ORDERS TAKEN FOR COAL AND WOOD

MUCH LOOTING FROM LIQUOR ON STEAMERS

C.P.R. Find it Impossible to Stop Stuff Vanishing

ST. JOHN, N.B., Feb. 21.—Hands that reach out from the semi-darkness of 'tween decks on the Canadian Pacific freight boats landing cargoes of liquor here and relieve cargo slings of whole cases of "becker" while they swing in mid-air have been causing Canadian Pacific special police considerable worry and a great deal of work. If a "special" persists in looking up the hatch while a sling is passing upward with its load, a wrench or a lump of coal or anything else that is loose may "accidentally" fall from the deck above. Constables have had to do some smart dodging.

When the cargo is finally "safe" in the sheds on the wharf, the policeman's troubles are not at an end and the lot of him who stands guard over the baggage "is not a happy one." Groups of the thirsty congregate before and behind the mountain of wet goods, while the officer prevents a congested drive from the enemy in front, some enterprising spirit leads a sudden attack from the rear and in the excitement a case or two of good liquor vanishes. This sort of thing happens regularly.

One cargo of liquor was successfully carried from the hold of a Canadian Government Merchant Marine boat to the cars without losing a bottle by the simple expedient of keeping strict silence as to the nature of the contents of the boxes being unloaded.

OPENINGS FOR DOCTORS

Medical Men Needed at Massett and Skidegate, Queen Charlottes

There are two openings for medical men to take up residence and practice among the white residents and Indians of the Queen Charlotte Islands. One of these is at or near Massett on the northern end of Graham Island, the other at or near Skidegate on the southern end of the same island.

W. E. Dittsburn, Chief Inspector of Indian Agencies for the Province, states that the Department of Indian Affairs will pay a salary of \$750 per annum to physicians who will locate near enough to the two above-mentioned points to permit of reasonable medical attention being given to the Massett and Skidegate Indians. It is understood that the Provincial Government will also pay a grant of \$100 or \$500 per year to the resident doctors in the before-mentioned districts. Combined with these two grants it is believed that there is a good practice among the white residents of the islands sufficient to warrant a fair income.

TENDERS for Miscellaneous Supplies at Prince Rupert, B. C., to Ships and Establishments of the Department of the Naval Service of Canada and other Canadian Government Departments, as well as to Ships of the Imperial Government at their option.

Sealed tenders, addressed to the undersigned, will be received up to noon on 1st March, 1921, for supplies of the under-mentioned items:

- For period of three months—from 1st April to 30th June, 1921.
 - A. Fresh Seals.
 - B. Fresh Fish.
 - C. Fresh Milk.
 - D. Fresh Vegetables.
 - E. Bacon and Lard.

 - G. Butter.
 - H. Miscellaneous Provisions.
 - I. Ice.
- For period of four months—from 1st April to 31st July, 1921.
 - J. Washing of Bedding, Clothing, Etc.

For the Fiscal Year commencing 1st April, 1921.

Forms of tender and all information may be obtained by applying to the undersigned. Applications for forms are requested to state definitely the item, or items, on which they wish to tender.

The lowest or any tender not necessarily accepted.

(Signed) J. H. DELVES, Acting Naval Store Officer, H.M.C. Dockyard, Esquimalt, B.C. 10th February, 1921.

Unauthorized publication of this advertisement will not be paid for.

CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the reserve covering Lot 4199, Cassiar District, is cancelled.

G. R. NADEN, Deputy Minister of Lands, Victoria, B. C., 29th December, 1920.

Another Epidemic of the Spanish Influenza

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, impoverished blood and a general weakened and exhausted condition of the system.

If you are run down heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "flu" before and it left you with any real after effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes: "I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish influenza my heart and nerves were left in a very bad condition. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds. I will always keep Heart and Nerve Pills in the house."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Adv.

BLUENOSE EXPECTED TO RACE FOR CUP

Schooner Now Nearing Completion in Halifax Shipyard

HALIFAX, Feb. 21.—"Bluenose" is the name which has been selected for the schooner, now nearing completion in the yards of Smith & Rhuland of Lunenburg, with which Captain Angus Walters, formerly master of the fleet "Gilbert B. Walters," and his associates hope to earn the honor of being the Canadian contenders in the second series of international schooner races to be held off Halifax this fall for the Halifax Herald Trophy.

"Bluenose" represents a marked departure from the type of schooner which has found most favor in Nova Scotia yards during the past few years, but fishermen are agreed that this departure is all in favor of the vessel's efficiency as a fishing machine. That it will also add speed is a matter they are taking for granted for the time being, reserving their considered judgment against the time that the fleet makes an actual start for the fishing banks in the spring.

SMOKING DURING BUSINESS HOURS

An experiment of a big English firm in allowing its employees to smoke for stated periods during the day should give some of the well known efficiency experts on his side of the water something to think about. Smoking is generally strictly prohibited in factories, especially those in which the nature of the work calls for steady labor, in the belief that time is saved.

A firm in Preston, England, which has been experimenting in allowing employees to smoke while at work, found the results so noticeable in making for increased output, that the scheme has developed, and the workers are now allowed to smoke for an hour and a half morning and afternoon. This concession has resulted in a bigger factory production and greater contentment among the workers. Other factories are adopting similar rules.

PRINCE GEORGE

H. G. Perry, M.L.A., is proving a good booster for the district and has already received a good deal of publicity since going to Victoria.

L. D. Vibbard has taken a year's leave on the Rizt Keifer Hall.

A good many of the Indian trappers are cutting ties this winter on account of the low price of pelts. The result is that fewer furs are being taken about here.

The eastbound way freight has been taken off on Thursdays, but will continue to run on Tuesdays and Saturdays.

There may be something you want. See the classified column.
