This City Loses About Half Million CAR SHORTAGE CONTINUES; 80,000 LBS. HALIBUT TURNED AWAY YESTERDAY

EDITORIAL

feature of the fish car situation should not be lost sight of one that materially affects the city in a manner different from what has been mentioned heretofore in the press.

present there are only three express passenger trains a week and out of the city, the reason for the poor communication being the small amount of travel on the line. If there was no business there could be no express trains.

As has before been said, there is plenty of fish offering if cars were only available to carry it to market. With plenty of cars there could be a daily fish auction and the cars might well be shipped each day to the regular express train. This would give daily service and all the expenses of the train would be covered by the fish shipments. A matter was mentioned some time ago by F. G. Dawson at a meeting of the Board of Trade that came up again at the meeting of the council of the city held this week. It was pointed out that the possibility of a daily train service would very largely offset the fish situation. If there are cars, there is a possibility of getting daily passenger service.

Service Brings Business
While the amount of business along the line just now is very large, it will increase. Trains are coming in to the valleys of the interior and makes travel. Prince Rupert is steadily growing and the possibilities of the city are becoming every year more apparent. All developments adds to the travel and an improved service would to a very great extent increase the business offering. It would be a thing for Prince Rupert to have a daily service because of the people going through the city and they will not delay their trip for two or three days.

BANDON FORT NORMAN TRIP

Decision of Dominion Government
in Suspending Staking Privileges is Damper

DAWSON, Jan. 29.—Several parties outfitting here preparatory to pushing 500 miles over snow with dog teams and sleds and other supplies to the oil lands in the Fort Norman district will probably abandon or shorten their trip on account of the graphic advices received by Commissioner G. Mackenzie of the federal government had suspended until further notice the privileges for staking or otherwise acquiring oil lands in the Northwest Territories. The gold commissioner has notified several interested parties, notably many men who had headed Hootalingua from Victoria, B. C.

Captain Groves leaves tonight for the Princess Beatrice for the falls.

AN ANTI-BLUE LAW CRUSADER.

John Sloan, head of the Artists Society of New York city, uses a brush as Charles Dickens did a pen to combat Sunday blue law crusaders. Mr. Sloan does not present an uncompromising front to the blue laws, however. All he asks is fair play. He has no objection to religion, but wants to know why "the churches have all of the privileges. He says that if the churches want Sunday, the artists should get another day in the week entirely to themselves.

Shortage of Cars Boat Goes South

Commonwealth's 80,000 Pounds would have Meant \$11,000 Sale and \$2,400 Express Tolls

The halibut schooner Commonwealth, with 80,000 pounds of fish which she offered for sale on the local market, cleared last evening for Seattle, forced to the American port, 600 miles away, on account of the refrigerator car shortage.

Of the five cars available yesterday to the local fish concerns, four were sent east with the fish bought up at yesterday morning's sale and the other one went east with fish for the Canadian Fish and Gold Storage Company.

There is but one car in sight now and the usual week-end arrivals will likely arrive today and tomorrow morning. The Commonwealth would have received \$11,000 for her catch, could she have sold here and the express company loses \$2,400 in tolls for four cars of fish. If more fish has to be turned away tomorrow on account of the car shortage more money will thus be lost to this port and Canada.

E. E. Campbell, of Granby Management, has Resigned

Mining Expert of Anyox Will Take Responsible Position in Southwestern States; Munro on Way North

VANCOUVER, January 29.—E. E. Campbell, assistant general manager of the Granby Consolidated Mining, Smelting and Power Co., has resigned and leaves in two weeks to take a responsible position with a large copper corporation in the southwestern states.

Mr. Campbell was one of the most prominent of the province's mining men and before becoming assistant general manager of the Granby company under the H. S. Munro management, was mine superintendent under W. A. Williams. He was one of the few officials who survived the general shake-up in the management last summer.

The announcement was made co-incidental with the return on Thursday of H. S. Munro, general manager, from a directors' meeting in New York City. Mr. Munro left on the Chelohsin last night for the north.

GERMANY TO PAY BIG SUM

Fifty-Six Billion Dollars to Be Handed Over for Reparations.

PARIS, Jan. 29.—The Allied Supreme Council has approved of the plan for German reparations as drafted by its special committee. This provides for a payment by Germany of 226 billion gold marks, equivalent to 56 billion dollars at the normal exchange.

The payments will be made in 42 annual installments on a rising scale beginning with payments of two billion marks in the first two years and an additional payment of twelve per cent tax on German exports. Eight per cent discount will be made on payments made in advance.

BIGGER FAIR THIS SEASON

First Meeting of Directors Elects Officers and Makes Plans.

GEORGE MUNRO AGAIN IS THE PRESIDENT

The initial meeting of the recently elected board of directors of the Fair Association was enthusiastic and bodes well for the success of the next exhibition. The officers elected were:

Hon. president, Col. C. W. Peck, V. C. M. P.
Hon. vice-president, Hon. E. D. Barrow, minister of agriculture.
President, George H. Munro.
Vice-president, H. Pattinson.
Secretary-treasurer, D. McD. Hunter.

It was reported that the cooperation of the Indian agents had been secured and that already arrangements were under way for a competition between the different agencies and that a large Indian exhibit this year was assured.

It was decided that this year all concessions granted by the association would be in or adjoining the hall on Acropolis Hill. The carnival will be held there.

Arrangements for musical events will be made and a more comprehensive and better industrial display will be arranged.

PLEBISCITE NECESSARY

If Provincial Government Wishes Monopoly Must Do It Under Doherty Act.

REPLY WILL BE SENT TO PREMIER OLIVER

OTTAWA, Jan. 29.—If the British Columbia government wishes to have a monopoly of the supplying of liquor to the citizens of that province, the legislature will have to formally request the Dominion to take a plebiscite under the Doherty Act as was recently done in the three prairie provinces. That in effect will be the answer of the federal authorities to the request of Premier Oliver for special legislation to give the B. C. Government the sole right to import liquor.

Dr. J. C. Spencer arrived yesterday from Port Simpson.

Grand Trunk Pacific Railway Owes City at Least \$400,000

Was Granted Remission of Taxes for Specific Purpose; Agreement has Not Been Carried Out; Amount May be Collectable by Law

RECORD OUTPUT OF LOGS DURING 1920

Twenty Million Feet Were Scaled by Government Officials.

VICTORIA, Jan. 29.—In spite of the declining lumber production and the temporary closing of many of the camps during the last months of 1920, the year breaks all records in log production. During the year the lumber scaled by government officials is equivalent to 2,046,000,000 feet board measure, compared with 1,758,000,000 feet in 1919.

SIMPLE CEREMONY

PARIS, Jan. 28.—Simple ceremonies marked the permanent entombment of a "soldier of France," representing the unidentified war dead beneath the Arche de Triomphe. A plain slab marks the resting spot.

HOBO QUEEN IS DROWNED

Girl Who Was Here Recently Jumps Into River at Westminster.

NEW WESTMINSTER, Jan. 29.—Evelyn Butler, seventeen years of age, of Prince George, jumped into the Fraser River this afternoon and after swimming 50 yards towards shore was drowned.

This is the girl who recently passed through Prince Rupert and made herself notorious on the steamer Prince George as Queen of the Hoboes. She jumped from the bridge today in order to escape arrest after escaping from the girls' home.

It is estimated that the Grand Trunk Railway Company owes the city of Prince Rupert half a million dollars in taxes remitted on the understanding that certain improvements were made. These improvements have not been made, hence the money is still owing.

A careful calculation has been made of the amounts which would have been collected had there been no tax remission scheme put forward. Based on the actual assessment as it appears on the city books today the Railway Company should have paid the city during the past ten years and should be paid. The half million would build a nice little station and roundhouse and a few other improvements as well.

Poor Assessment.
It is pointed out, however, that owing to the fact that the G. T. P. taxes were not affected by the assessment there was a good deal of carelessness in making that assessment which in equity should have been much higher.

The amount owing by the company is based, not on the actual tax rate levied but on the rate as it would have been if the G. T. P. had paid their taxes like others. To illustrate this: In 1920 the local tax rate was 25.168. If the G. T. P. had paid their taxes the rate would have been 20.143. In making the calculation of the amount owing by the company, the latter rate is used, which is much smaller than if calculated on the actual rate.

It is estimated that an equitable assessment on the G. T. P. properties would have been \$1,500,000. If this had been the valuation, the total taxes due by the company to the city would have been for the ten years \$743,967.87, from which deduct the amount actually paid under the improvement agreement \$165,000 and the amount now due the city owing to failure of the company to fulfill its part of the agreement is \$578,967.87.

Recoverable By Law.
It is possible that the half million dollars, more or less, which the company owes is recoverable by law. At any rate it is morally

PORT SIMPSON SERVICE MOST IMPRESSIVE

Thanksgiving Service and Farewell to Teachers Held Tuesday Night.

A service, in which all the village took great interest, was held in the Methodist Church, Port Simpson, last Tuesday night. It was announced as follows: "Come and give thanks for the safety of all the inmates of the Crosby girls' home."

The gathering joined heartily in the hymn, "When all the mercies of my God," and after prayers, Miss Deacon, principal, gave an account of the miraculous escape of the staff and children from the burning building.

Among those who spoke were W. S. Musgrave, for the village, Joseph Ryan for the stewards, Fred Ross, for the Athletic Club, Mrs. A. Dudoward for the village, Mrs. P. H. Wesley for the Ivy Guild, Rev. A. Barner for the Missionary Society. Dr. J. C. Spencer made appropriate closing remarks.

Money Raised.
The people had been busy throughout the day and during the service it was announced that the following amounts had been collected for the relief of the staff and scholars:

Stewards of Grace Methodist Church	\$50.00
Collected by Mrs. A. S.	
Dudoward	40.20
Grace Church Choir	50.00
Port Simpson Athletic Club	20.00
Ivy Guild	30.00
Evening offering	90.05
Cash donation	2.00
Total	\$292.25

The ladies of the village also made a donation of clothing.

The service was also made a substantial farewell to the lady teachers.

With the singing of the hymns, "O for a faith that will not shrink" and "God be with you till we meet again," the meeting closed.

Churchill Boom in British Politics

Times Announces Election Likely in late Spring; Lower Taxation Forecasted in coming Budget

LONDON, January 29.—Winston Churchill, the new secretary of state for the colonies, will inherit the estate of the late Lord Herbert Vane Tempest, a cousin, who died some time ago from injuries in a railway collision in Wales.

Political circles are eagerly discussing the possibility of Churchill now aspiring to become leader of a political party and ultimately prime minister.

The London Times says Lloyd George has sent instructions from Paris for the coalition party, which he leads, to be ready for a general election in May or June after the introduction of the budget which will take place early in April.

The same paper comments that it appears the prime minister and chancellor of the exchequer have decided it is possible to introduce a budget to provide for £50,000,000 which would allow considerable remission of taxation compared with former years and thus afford a favorable opportunity for appealing to the country.

Two Big Camps In Northern B. C.

There will be two important mining camps in northern British Columbia in the very near future, Alice Arm and Stewart. That seems assured. The recent reports from the Premier mine are most encouraging. When the Guggenheims, who are half owners in the mine, are ready to spend a large sum in building an aerial tramway many miles over the hills to carry out the ore, it is certain they have the ore to carry.

Reports from the Spider group in the same neighborhood are that ore shipments will be made before spring. Other developments are going on in that district, all of which point to a rich camp.

At Alice Arm the Dolly Varden is temporarily shut down, but a number of important ore strikes have been made within the last few months which go to show that both on the Kitsuault and on the Illiance rivers there will be good producing mines.

Making First Move Toward Good Exhibition.

The first move was made last night toward the holding of a bigger and better fair this year than has ever been held here before. Attempts are to be made to get the districts to cooperate. Already the natives have expressed their intention of competing with each other for suitable prizes and it is to be hoped that the farmers of the interior will be induced to join in making the event a notable one.

Non Voters Must Register Again.

Those who did not vote at the last provincial election must register in order to get their names again on the list of voters. Automatically their names were struck off because they failed to exercise their franchise. They will find themselves without a vote unless they take steps to again get their names on the list.

In order to register it is necessary to call on the government agent or a commissioner authorized to do the work, and there fill out the form and make the necessary affidavit. It will take but a few minutes and should not be neglected. No one can tell what may happen. There may be a plebiscite and there may be a Dominion election.

Churchill Boom Unaccountable.

There seems to be a Churchill boom in the Old Country. These booms are unaccountable. Sometimes they are manipulated, but it is difficult to do it in the case of a political leader such as the one in question. It is a psychological phase that seems to sweep through a country and move the people to a certain line of action. It is now suggested that Churchill may soon be premier. Perhaps he may. Most unexpected things often happen.

Fish Cars Are Conversation Topic.

Since the publication of the news recently in connection with activities with a view to securing fish cars to serve this port, the subject of fish cars has been the principal subject of conversation in and around the city. Its importance is fully realized and it is to be hoped that nothing will be left undone which might in any way affect the issue.

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER
917 Dorion St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health.

I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good.

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

High, 6:23 a.m., 19.6 feet.
18:59 p.m., 16.6 feet.
Low, 12:51 p.m., 7.4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

MASQUERADE PICTURESQUE

Variety of Costumes Worn by Little People in Gaily Decorated Hall.

REGULAR DANCE LATER IN EVENING

The masquerade ball for children given by the Girl Guides Chapter of the Daughters of the Empire in St. Andrew's hall last night proved successful beyond expectations. The little folks were most picturesque in their varied masques and they danced wonderfully well. The tasteful decorations both in the hall and the supper room added very much to the general effect. Great credit is due to the girls of the chapter and especially to Mrs. Roberson, the regent, for the manner in which all the arrangements were carried out. It provided a fruitful means of enjoyment for a large number of people and also must have added very considerably to the funds of the chapter.

Before seven the young people began to arrive, escorted in many cases by their mothers and sisters. Arthur's band provided excellent music and as the children danced there was much speculation as to who was who and which costume was likely to prove the prize winner.

Adjourned Early. At ten o'clock the youthful masquers adjourned to the supper room and a plentiful supply of lemonade and cake having been disposed of, left for their respective homes, their places being taken by the older folks. Some of the children and their parents remained to watch the dance and a few took part.

The Westholme orchestra came after the theatre was out and the hall was well filled with dancers until about two. A dainty supper was served at midnight, three sittings being necessary to accommodate the crowd.

The prize winners in the masquerade were: Best boy's costume, Alice Pillsbury, as a Louis XV court gentleman. Best girl's costume, Winnie Thomson as a fairy. Most original, Alice Smith, as a cigarette girl, and Bobbie Parker, evening dress. The gross proceeds amounted to \$236.10. The decorations of the hall and supper room were the work of the girls of the chapter led by Miss Bernice Palmer.

CUTTING LOGS AT PITMAN MILL IN WINTER MONTHS

R. E. Allen Says His Mill Could Resume Operations at Any Time But Depends on Market.

R. E. Allen, manager of the Royal Mill at Pitman Spur, returned to the interior on this morning's train. Mr. Allen reports that his mill is still busy getting out logs to fill the yard of the mill. There is four feet of snow about Pitman but this is advantageous for the snow facilitates the taking of the logs.

BEWARE OF BRONCHITIS

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish or yellowish color and is occasionally streaked with blood. 1f

On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious lung trouble. 1f

Mrs. Bruce Culham, Sheldon, Ontario, writes:—"In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much. I then got a 50c size, and it completely relieved me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds." 1f

Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; three pine trees the trade mark; price 25c, and 50c; manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Adv. 1f

SURPRISE PARTY IN HONOR OF MRS. LEEK
Pythian Lodge Recognizes Her Invaluable Organization Work 1f

Last evening a large surprise party consisting of Knights of Pythias and Pythian Sisters gathered at the home of Mrs. George Leek, Second Avenue West, to do honor for the energetic work she has done in connection with the lodge, the success of which in the last year has been largely due to her efforts. 1f

A beautiful silver cake basket was presented and an address read by Mrs. Sid Hamblin. The evening was passed most delightfully in card playing. Refreshments were brought by the uninvited guests. 1f

Ten Years Ago in Prince Rupert

January 29, 1911

The C.P.R. announces the construction of another vessel, the duplicate of the Princess Adelaide, for the northern service. This summer there will be seven steamers on the Vancouver-Prince Rupert run. 1f

The first pay station phone has been installed in Campbell's cigar store. Another is also to be put in at the wharf. 1f

Rev. F. W. Kerr preached a flying sermon on the social evil in the Empress Theatre Sunday night. "The tenderloin in Prince Rupert is no more necessary to the city than barnacles are to a ship," he declared. 1f

GUESS!

What will be the value in money of the United States trade with Canada for February 1921? Read every word of the display announcement on page 4, and put in your guess, and go in to win the \$300.00 cash prize. Three guesses allowed, and guesses for your friends and neighbors. 1f

A LESSON THE GOVERNMENT PAID FOR.

Before 1914, Bond Brokers and Bankers were indifferent advertisers. Many who advertised regarded their expenditures as "sop," and thought they were doing publishers a favor.

Then came the Call for War Loans. On the advice of this Association, yet contrary to some Brokers' and Bankers' views, the advertising of these loans was made humanly interesting.

The same thing is true of some manufacturers, who, noting the results of the Imperial Munitions Board newspaper advertising, have commenced to use the same force to introduce post-war products.

The results you are aware of. The Government paid for this lesson.

But—here is the real point. Have you considered profiting by it? Advertising is not a matter of guesswork. It requires skill and knowledge and experience. It is not something to be lightly undertaken, but it can be undertaken with assurance of success if it is done properly.

Nearly every Bond House and Bank in Canada is, today, aggressively advertising, and using all the interest and ingenuity at their command to attract business. They observed the power of newspaper advertising, when properly used, and have profited by the lesson.

If you have ever thought you would like to advertise if you could get proper advice on how to go about it, write to this Association. We will give you the benefit of our experience in starting you on the road to successful publicity

CLOSE BASKETBALL GAMES LAST NIGHT

Both Callies and Meteors Won Matches by Scoring in Nick of Time.

Although the Elks led at half time by 14 to 7, the Callies pulled up during the second and won last night's basketball game by a score of 20 to 19. The game was a well-contested one with the Elks doing the scoring in the first and the Callies in the second. Just on the call of time Tommy Black got the winning score for the latter. Midway through the second half, Gunner Anderson, who had been playing a good game on his first appearance for the Elks, met with an accident and was forced to retire.

The scoring: Callies—W. Smith 2; Charlton, Black, 10; Graham, 8; E. Smith.

Elks—Hatchford, Mobley, 4; Anderson, 4; Craggs, 7; Halverson for Anderson; Menzie, 4.

Meteors Win.

The game between the Meteors and Maple Leafs, won by the former 7 to 5, was hard and evenly contested and the league leaders had to travel all the way. At the end of the first half the Leafs were leading 4 to 2 but in the second half the Meteors had the play in their favor and mainly through the efforts of little Marjorie Roberts were able to take the lead shortly before time. This is the second time the same player has meant victory for the Meteors.

The scoring follows: Meteors—M. Roberts, 2; A. Kelly, 2; H. Hibbard, H. Morrison, 1; and M. Lindsay, 2.

Maple Leafs—M. Harvey, 3; T. Dingwall, M. Graham, S. Calderone, 2; M. Carter.

The Man in the Moon SAYS—

The person who expects little, usually gets less.

It is well to feel young and act young but not too childish.

Someone asks which is the best a blonde or a brunette? The reply to my young friend is that he is taking chances with either, but a person who is never willing to take a chance never gets anywhere.

Luke says that the sloppiest thing in the world is a girl who is trying to cry and chew gum at the same time.

A country wag says he hates to hear of Mrs. Ralph Smith entering the cabinet with John Oliver there.

Newspapermen are experiencing a boom just now. They are either dying or getting good jobs—mostly dying.

If a chapter of girl guides give a dance like the one last night, what might be expected from a whole book?

Opportunity knocks once at every man's door, but sometimes the inner hall is closed and it is quite impossible to hear the soft taps from the luxury of the drawing room.

Every man should have a chance, but there is nothing in nature that indicates every man should have surethings, jammed into his pocket and fed him at every meal.

"On with the dance" is all right in its way, but it must not be forgotten that there is a morning after.

Eat, drink and be merry for tomorrow we work.

Intermediate Boys

The Beavers went down to defeat by a score of 29 to 9 at the hands of the Colts in the Intermediate League game. Poor shooting marred the good field work of the Beavers. The Colts played their usual consistent game.

The line-ups and scoring: Colts—Duncan, Martin, 4; Frizzell, 5; Roberts, 10; Mitchell, 10.

Beavers—McDonald, Morrison, 2; Lambie, 4; Halverson, 3; Palmer.

GUESS! "MY CANADA" "MY CANADA"

\$300 Cash Reward to any Person Who is nearest right on 3 Guesses

Frankly, we want to draw your attention to the enormous imports of United States goods into Canada. We want you to realize what it all means to every Canadian—to Labor especially. So we will pay in Cash \$300.00 First Prize, \$100.00 Second Prize, \$50.00 Third Prize—and the next eleven prizes of \$5.00 each to any person who makes and sends in to us the nearest guess to the amount of money in goods that will be imported into Canada from the United States for FEBRUARY, 1921, as will be reported in

Canada's Trade Returns for February, 1921

The figures for February, 1920, were \$60,704,248.00; for February, 1919, they were \$52,255,909.00; for February, 1918, they were \$41,185,814.00; February, 1917, were \$53,578,027.00, and for February, 1914 (before the war) they were only \$23,286,731.00. You see where we are and what we are coming to in Canada! What will the figures be for February, 1921? Are you a good guesser? If so, win one of the prizes.

HOW TO WIN

Get two of your neighbors to give you only ONE DOLLAR each for a year's trial subscription to "MY CANADA" (regular price Two Dollars per year), and send in the money with your three guesses. Each subscriber is also allowed three guesses! Will you risk an hour of your time to win THREE HUNDRED DOLLARS? Come! "GO, GET IT!"

"MY CANADA" will be published monthly. It lives to help you and Canada to better things. It goes without saying that the more readers we have the better this National periodical will be. This is not only true commercially, but we feel that every additional reader means so much added moral support.

Your guess must be in by FEBRUARY 28th, 1921. As the old adage would say, "obey that impulse"—obey it now! Help us by this means to reinforce our convictions as to the future and the present in Canada, and of leading the way to better things for you, and yours, and us. Address your guess and send subscription to the publishers, "MY CANADA," Suites 314-5 Stair Bldg., Toronto.

ACTION ADVISED REGARDING RAILWAY SITUATION

Editor, Daily News—I think you pretty nearly strike the right note in your editorial when you say it is about time the people of Prince Rupert took the law into their own hands in connection with the thing called a railway system with which this place has been cursed since its inception. A retrospect of that organism seems to justify the opinion that it was conceived in sin, born in iniquity and nursed by insolent incompetence and matured in corruption until, when at the point of death through gangrene, the unsavory mess was dumped into the palsied hands of a quack physician called a government, whose final function will be that of undertaker unless by the miraculous interposition of some higher power the dying thief is rescued from a dishonorable grave at the eleventh hour and given a chance to make tardy restitution to an outraged community.

Proofs are Legion

The history of its dealings with Prince Rupert is a shameful record of contemptuous neglect, abysmal incompetence and deliberate deception—a persistent policy of insult and injury in its most extreme form. The available proofs of the correctness of this accusation are legion in number, running through all the years from the clearing of the townsite to the memorable occasion about a year ago when two of the leading Western officials of the nefarious corporation appeared before a specially convened meeting of the business men of this city, and, instead of realizing the importance of the occasion and trying to talk sense, disported themselves like a brace of buffoons, making hard but futile efforts to be funny, and with cool effrontery explaining that their inability to say anything worth listening to was due to the sleepless nights they had spent since arriving in our most hospitable town!

We listened to their imbecile twaddle, and I believe we actually applauded it, when by right we should have hissed them off the floor. But after all perhaps their performance was a suitable valedictory deliverance for a place which they had, no doubt, been taught by the mandarins above them to regard as a joke.

No Better Treatment

Have we any reason for expecting better treatment from the new controllers? What has happened? It is many months since Minister of Railways Reid—a manifest assassin—and President of Railways

Hanna—an omniscient oracle—paid their first visit to Prince Rupert, to see things for themselves and, presumably, to do their duty. The former, with a sublime audacity, worthy of a cabinet harlequin of much longer standing, informed us that up to that moment he was not aware there was no railway station in Prince Rupert and then with mock solicitude and sympathy assured us that that and several other of our just grievances would be remedied without delay.

One Promise Fulfilled

With a solemnity becoming his position the all-wise President also gave us to understand that our wrongs would be righted, and was considerate enough to assure us that our freight rates would shortly be increased. This special promise was promptly carried out, and it is the only one of the many made to us that has been even partially fulfilled.

The Greatest

These direct descendants of Ananias and Sapphira had not proceeded very far on their voyage of discovery, as they described their tour, before another ambassador from the temple of fame at Ottawa bore down upon us in solemn state and lonely grandeur, and as we listened to the gracious words that fell from his lips we all with one consent exclaimed: "The greatest of these is Ballantyne," and we felt that in him we had a friend indeed by whom our troubles would be ended once for all. "To soothe our sorrows, heal our wounds and drive away our fears," this great and good authority on ships and fish magnanimously volunteered to use his utmost efforts (mysterious phrase) to secure for us a wharf about two hundred feet longer than the one for which the contract was just then being placed!

Idol of Our Hearts

Who that was present can ever forget the broad grins of delight and gratitude that accompanied our thumpings of the table and rattlings of the festive cutlery when the oracle, who by this time had become the Idol of our Hearts, thus showed his determination to heap coals of kindly fire upon our heads, granting us more than we had asked or thought of!

Our grief at the departure of Benefactor Ballantyne was only rendered bearable by the consoling reflection that the two hundred feet of bonus wharf would furnish us with a perpetual reminder of him, on which we could at all times kneel and bless his memory and praise his name. I am fully satisfied that the reason nothing has since been heard about the bogus (I beg pardon, I mean "bonus") addition is simply that it has been reliably ascertained by the sanhedrin at Ottawa that there is no material in existence of fine enough quality to be suitable for the bally benediction, and so instead of a Ballantyne blessing we have a cabinet curse.

Effective Means

But now, seriously, Mr. Editor, what silly suckers we have been all these years for these "Wise men from the East"—these transportation tramps and ministerial mountebanks, and how they must laugh at us over their coffee and cigars as they range the plains in their private cars!

As you say—What is the meaning of it all? How long are we going to put up with it? What are we going to do about it? Well, whether or not any governmental "studjes in wood" with which we may be insulted happen to be cremated prematurely—by

the discarded Lucifer of a pensive smoker, or any other accidental cause—we ought to be able by concerted and vigorous action to discover and use effective weapons for our purpose, without necessarily violating what is called The Law.

Mass Meeting

Why not have a mass meeting of the citizens, called immediately, at which the feelings and determination of the people would be expressed in no uncertain manner, and certain definite actions decided upon, which could hardly fail to produce results—in fact we could see to it that the desired results would be secured or very unpleasant happenings take place. All that is required is determined combination.

If the curse we are suffering under continues it will be our own fault. Let us rise up and end it like men, pulling together and standing by one another loyally in any action that may be decided upon at a public meeting. If we do we are bound to win. We shall be less than men if we tolerate this odious condition of affairs any longer.

If we are not worms afraid even to turn let us prove it by taking up the weapons within our reach and using them. They could be mentioned at a public meeting convened by the Mayor and supported by the Board of Trade and our gallant member, Colonel Peck. J. E. MAGUIRE.

MORE MARINE INVESTIGATIONS

Members of International Committee Appointed by Canada

OTTAWA, Jan. 28.—W. A. Found, assistant deputy minister of fisheries, Loring C. Christ and Dr. A. C. Huntman, of the marine biological board, have been named as members of the international committee on marine fisheries investigations, which will determine the measures of co-operation desirable in regard to scientific investigation of the deep sea fisheries adjacent to both coasts.

PRESCRIPTION OF GREAT HERBALIST

No remedy ever offered in British Columbia has attracted more genuine interest than that shown in Wonder Health Restorer handled in Prince Rupert by the Prince Rupert Drug Co.

This remedy is in a class by itself in that it is really the private prescription of one of the world's greatest herbalists, a native of Scotland. This man spent his life in the search of herb juices such as would correct organic complaints and restore health. He succeeded to such a degree that the fame of his preparation spread far beyond his personal touch and today this remedy, prepared according to his exact formula, is now offered all over the world. That it is doing untold good is attested by thousands who have tried it and found relief.

If you (or any of your friends) are suffering from Asthma, Rheumatism, Stomach troubles, Kidney Complaints, Nerve diseases, Piles, Skin affections, etc., call at the Prince Rupert Drug Co. and ask about Wonder Health Restorer. It is nothing but the juices of herbs but its work has declared it to be one of the most potent and effective remedies in the world.

TIE INDUSTRY AND EMBARGO

Canadian National will not Accept Western Hemlock — Is Superior Timber.

An embargo that the Canadian National Railways has placed on hemlock ties has practically put the tie cutting industry between here and Hazelton out of business. The company has sent out an order to the tie cutting contractors that their ties must not be more than 10 per cent hemlock. As the timber between here and Hazelton is largely hemlock the industry is thus crippled.

This action of the railway, it is believed, was taken from the standpoint of the quality of eastern hemlock. The eastern timber is unsuitable for ties but the western hemlock is altogether different and, in the opinion of expert timber men, is of equal or better quality than jack pine which is now being cut.

Had the hemlock embargo not been placed, many men between here and Hazelton might have been working through the winter cutting ties where now they are idle. The camps at Pitman Spur and Skoena Crossing would have been operating. As it is now the only camp running is that at the Crossing which is turning out cedar poles for piling and telegraph poles.

izes Picks Up Wrecked Men at Egg Island

A despatch from Seattle published in the papers to the south tells of the wreck of the cruiser launch Osborne in Queen Charlotte Sound, where it was dashed to pieces on a rock and the three occupants, Capt. E. Osborne of Everett, Henry Erickson of Seattle and J. J. Boyer of Port Angeles, were rescued from Egg Island by the halibut schooner Atlas, Capt. Peter Wold.

The three men left Ketchikan, 150 miles from Seattle, Christmas day, bound for this port, and were crossing Queen Charlotte Sound when they were caught in a heavy storm which swept their little vessel ashore and reduced her to a hopeless wreck. The castaways reached shore safely and succeeded in landing a small amount of supplies. Their vessel, however, had stranded on a barren stretch of the British Columbia shore and they were forced to seek shelter in a deserted Indian shack.

After living on the isolated, storm swept coast for nine days the three crewmen crossed over to Egg Island in a small boat, where they sought assistance from the lighthouse keeper and his wife.

A Word to the Wise

This is the last week of this month, and we know from past experience that many people restrict their buying as much as possible till after the 1st of the month. In order to overcome this sickness one week, and terrible rush the next, we have made it a point to arrange for the last week of the month an array of specials that will keep business moving regularly. The moral therefore is to shop before the 1st of the month rather than after if you want to save money.

PRINCE GEORGE

The Prince George Hospital had 643 cases during the last quarter for an average of seven a day.

A Burns Night concert and dance was held in the Ritz Keifer Hall on Tuesday. The committee was headed by Judge Robertson, who was assisted by D. A. Fraser and George Bennett.

Robert Tyrhust, general manager of the Fraser Timber Syndicate, was out in the woods last week and on his return reported surveys going on satisfactorily.

The P.G.E. camps twenty miles below here are again in full operation. There is little unemployment about Prince George.

The Altar Society of the Catholic Church held an enjoyable tea dance in the Moose Hall last Saturday. It was a highly successful affair financially.

The first installation of officers in the new Oddfellows Hall on Third Avenue was held last Tuesday with District Deputy Grand Master A. M. Patterson in charge.

HEARTBURN LIVER TROUBLE

When the liver becomes torpid and inactive, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs, and what is thrown up is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using Milburn's Laxa-Liver Pills and you will have as heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strone, Glasnevin, Sask., writes:—"I have used Milburn's Laxa-Liver Pills, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

Price 25c. A trial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. ADVT.
