Heavy Rains Interfere With Harvest Operations All Over Western Region; May Cause Damage to Grain Grades

Peace River Has Fine Weather But Crop Not as Large as Last Year—Much of Harvesting and Threshing Completed Already

Winnipeg, Aug. 27.—Heavy rains all over the western region have delayed harvesting and threshing activities and in practically all districts the rains were more of a hindrance than a benefit, as all crops are either cut or so near to maturity that the straw is too ripe to conduct moisture to the grain heads.

crops are extremely heavy ripening is slow and the fear of an early frost prevails.

Southern Alberta's wheat harvest is about fifty percent completed. Central and northern cropping areas report crops maturing rapidly with cutting well advanced and threshing to start immediately.

The Peace River territory reports weather warm and dry with harvesting general and no damage from any source. Yields will not be as heavy as last year.

Fair Opens Tuesday and All the Exhibits Must be in Place Monday Before Midnight so Judging May Begin

The annual fall fair opens on Tuesday and exhibitors must all have their exhibits in place some time before midnight Monday.

The fair is the great event of the week. A splendid program of sports has been arranged, exhibits are coming in well, entertainments will be given each evening and the event promises to be well up to the average considering the conditions.

All city people are particularly urged to enter their exhibits so that the general standard of the exhibition may be kept up. People with gardens should enter their flowers or vegetables. Those who do needlework may win prizes for them. Good cooks may try their skill against others in making of cakes, jams and various other commodities all set out in the prize books which can be obtained at the fair office or from the Daily News.

There is an attractive list of prizes and already people

are taking considerable interest in entering their exhibits.

Whist and Dance

The Sons of Norway Ladies' Aid "Sonja" held an enjoyable whist drive and dance in the Metropole Hall last evening with some ninety persons present.

There were eight tables of whist which were in charge of Mrs. Christianson. Winner of the ladies' first was Mrs. C. Giske and ladies' second Miss Kathleen Johnson while Mr. Osland was the winner of the men's first and Mr. Bjel-land men's second.

The raffle of a big box of candy was won by Mrs. Anderson.

Following the whist drive dancing was enjoyed to accordion music by Julius Welle. At midnight delicious refreshments were served. Mrs. Rorvik and Miss L. Ytreberg were in charge of the door while Mrs. Underdahl, Mrs. Dyb-havn, Mrs. Anderson and Mrs. Murvold were in charge of the kitchen.

Contend Celts Were First to Sight America
 Say Irish Crossed Atlantic Centuries Before Lief Erickson's Famous Voyage

HALIFAX, Aug. 27.—Like all people who live by the sea Nova Scotians are great geographers, historians, anthropologists, archaeologists and such, and lately they have been giving some attention to the claims of the Irish to having discovered America.

Opinions vary. F. F. Tupper of Milton, Queen's County, inclines to the opinion that pagan Irish of the Fifth Century may have visited these shores before Lief Erickson. Nobody involved in the discussion pays any attention to poor old Christopher Columbus who, as every school boy is taught to believe, in 1492 sailed the ocean blue.

Dance Given in Honor of Visitors

In honor of Misses Clara and Dorothy Little, twin daughters of Mr. and Mrs. George Little of Terrace, Mrs. F. G. Dawson entertained last evening at a most delightful dance. About forty young people attended. Refreshments were served in buffet style in the course of the evening. The spacious rooms were prettily decorated with flowers.

Misses Little expect to remain in the city until after the fair.

Miss Myrtle McIntyre of Smithers is spending a couple of weeks in the city visiting with Mr. and Mrs. Walter Thompson, 1138 Second Avenue.

Presentation to Mrs. J. D. Thurber

The home of Mrs. J. D. Thurber, Fourth Avenue East was the scene of a merry party on Thursday evening. The gathering was a farewell surprise of the Parents' Association, Boys' Band, to Mrs. Thurber for her splendid work in connection with the Boys' Band for which she has been secretary-treasurer some time.

The house was filled to capacity with a jolly crowd who later in the evening presented Mrs. Thurber with a beautiful candelabra.

WATERFRONT WHIFFS
 Possibility of Improved Shipping Facilities For Fish That Would Widen Market For Cheaper Grades—Seahorse on Show

The regular whiff man is away doing Vancouver for a few days so a member of the business office staff was turned on to the waterfront beat this week with suggestions that he visit all the people on the front, converse with Doc Clapperton and get pointers on cribbage and if he saw anything interesting to write it. He never reached Doc's sanctum on the government dock. He tried to get into Mike McCaffery's coal yard but the big gates were closed so there's nothing dark or dusty to tell. Here is what he wrote:

"I started down the street toward the waterfront when I spied Fred Wesch and George Nickerson talking about how to run the city. I dropped in to listen and they tried to get me to write about civic politics but I escaped.

"Further down the street I met up with T. Ross McKay, the specialist in glass, shingles and ice cream. He asked me to look at his new hinge plant where he intends to invite the ladies later to give them with shingles at a price never heard of before in the north. He says he thinks he will start cutting next week if nothing unusual happens to disturb his serenity. That's for Ross. Half my time was gone and there I was.

"Just then Fred Wesch came along in his car so I took a ride to the government dock, gave Jim Bacon the high sign and parked myself in Norman Freeman's nice little sleeping apartment. There I was told that the catches of halibut this year as shown by the records of the Halibut Fisheries Commission were slightly higher than for last year, possibly due to the fact that there were fewer fishermen on the banks this year than last. He also explained that the fishermen had plenty of leeway this year before catching up with the quota allowed under the new international treaty. In area No. 2, between Cape Spencer and the Columbia River the quota allowed to be fished is 22,500,000 pounds but only 14,000,000 has so far been caught or 63%. In area No. 3, west of Cape Spencer 23,500,000 is allowed and only 12,000,000 caught or 51%. Should the quotas be filled, fishing would have to stop and the areas be then closed for that season.

"Mr. Freeman had a very pretty little specimen of a Northern Seahorse, a tiny pudgy little fish only three inches long caught by a Chinese from the dock. Originally it had been covered with reddish stripes but the red had disappeared. I admired the fish but had to leave the

the whiffs and Doc Clapperton and Ross McKay and George Nickerson and the other people who sometimes make life miserable or interesting to the Daily News."

Announcement made yesterday that Colonel Brown's position as Pacific Coast manager of the C. N. Steamships had been abolished was received with mixed feelings in Prince Rupert. While undoubtedly it is necessary to cut expenses and cut them to the bone, many look upon the loss of Colonel Brown as a loss to Prince Rupert. However, we have to bow to the inevitable. Thomas Louden will doubtless treat the port just as well.

LETTER TO DR. TOLMIE

The following is a copy of a letter sent by the secretary of the local Unemployed Association to Premier Tolmie:

The members of this association assembled in mass meeting held in Prince Rupert on 22nd August, instructed me to write to you in protest at the unfair discrimination now in force against unemployed workers at Prince George and Stewart.

The facts of the Prince George case are at variance with the statement handed out to the press, and will be unfolded at the defence.

The government of this province, due to the mentality of most of its individual members being on a par with that of the private corporation which exploits the unemployed by wage cuts, finding the workless adamant in their resistance to forced labor at absurd rates, now have recourse to intimidation and inciting to riot. The government has done nothing to show that it is really trying to solve the problem; its attitude and indifference to the prevailing mass misery proves that it has no intention of changing or modifying a system productive of same, and its action now exemplified at Prince George and Stewart proves its intention to indefinitely prolong the misery.

This association protests strongly against further treatment of this nature, and the passive resistance of the unemployed show their resentment at attempts to encroach upon their liberties or lower still further their morale by the imposition of living conditions far below the level of a country of such natural wealth as Canada.

You as Premier are vested with power to improve conditions, but your government seems to have no ideas beyond instituting harsh policies which only tend to increase the growing disrespect for law and order. Employed and unemployed workers continue to suffer and be abused for what is no fault of theirs, and are being asked to submit to virtual slavery.

It is respectfully suggested that radical changes be effected in the distribution of wealth, meantime until such legislation is passed, granting a fair wage to the work-

ers, instead of dragging hopelessly along under a system which is driving the people to desperation. We are rapidly approaching a stage when these wage-cutters and monopolists will have to be dictated to, their charters and privileges cancelled and taken over by the state for the general welfare. It is they who are criminally responsible to a great extent for the present deplorable conditions, and not the unemployed who have no voice or choice, and who are being jailed for demanding direct relief.

Yours respectfully,
 T. W. MURPHY,
 Secretary
 N. U. W. A.
