CHOOSING A MAYOR.

Tomorrow is election day when the people will choose their mayor and council, police commissioners and members of the school board. It is to be hoped everyone will vote. In choosing a mayor, the News believes that the choice shall fall on George Nickerson. He is young and aggressive. He has been keen in his own business and we believe will be equally keen in the interests of the city. We have nothing against Alderman Rochester but believe that Nickerson is the more progressive of the two.

It has been charged that Mr. Nickerson is too young and inexperienced. We do not think so. Mayor Mitchell was the best mayor New York ever had, yet he had no previous experience in municipal work and was only 28 years of age when elected. Mr. Nickerson is older than that.

Hotelmen's Attitude.

It is charged that the hotelmen are behind Nickerson. As a matter of fact the local hotelmen like neither of the candidates. They dislike Alderman Rochester, partly because the latter has tried to place himself in a different class from themselves and has not been backward in saying so. They also do not like Mr. Nickerson and have never had any dealings with him, although he has been in the commission business for years. Last night he came out square for a clean town and if he fails will be branded as a prevaricator. He stated on the platform that the reason some of them were voting for him was that they hated Rochester a little more than they hated Nickerson. It has been said that even Mr. Nuttall was a candidate for mayor the hotelmen would support him against Rochester, and no one could say Mr. Nuttall was not for a clean city.

Assembly Dock.

George Nickerson is keen for an assembly dock and other improvements at this port. The combined yearly output of the mills of the north is 100,000,000 feet. There is plenty of market for the lumber but there is no place to assemble it. It can be sent to the Atlantic seaboard by water for \$22 a thousand feet, whereas the rail rate is \$32 a thousand. The only thing needed is an assembly dock and Nickerson is a live wire and will use every influence he has as mayor to get that dock for the port.

So far as is known there is no stain on the character of George Nickerson or Harry Rochester. Both are clean men and stand for a clean town and on that fact the city is to be congratulated. The difference between the men is in the particular adaptability for the position to be filled. This is a young town and needs a young and aggressive mayor and Nickerson fills the bill. For that reason we urge that Nickerson be elected.

ENDORSED BY LABOR COUNCIL

Election of Officers and Endorsement of Candidates Main Business Last Night.

At the meeting of the Trades and Labor Council last evening municipal election matters took up the most of the time and Tom Silversides, J. H. Kelly, W. H. W. Murray and George W. Kerr were endorsed for the aldermanic board. Mrs. Catherine Ling and Mrs. Elizabeth C. Kirkpatrick for the school board, and Simon D. Macdonald for the police commission. Election of officers for the ensuing term also took place and the following were chosen: President, J. J. Gillis; Vice-president, G. L. Johnston; Secretary, A. E. Ellis; Treasurer, L. Dewhurst; Sergeant-at-Arms, Harvey Fraser; Statistician, F. Ballinger.

FINEST MAN HE EVER MET

L. W. Patmore Says Contemptible Trick to Make Vickers the Sacrifice.

"Billy Vickers is one of the finest men I ever met," declared L. W. Patmore at the public meeting in the Empress Theatre last night. "I have fought against him many a time in the courts and I never knew him stoop to anything mean. Rochester does not want a police chief but a lightning change artist."

"Billy Vickers has a good head on his shoulders. He knows he has to have the people with him before he can clean up. It is a mean, contemptible trick to make Vickers the sacrifice. If the police commissioners demand a cleanup, Vickers will do it. He must be given a chance. In his manifesto Rochester says Vickers must go or Rochester must go. I am a friend of Billy Vickers and I pick up the gauntlet. Every man who votes for Rochester votes for the decapitation of Vickers. If you mark your cross for Rochester you mark it for Vickers."

That was the conclusion of Mr. Patmore's address after he had dealt with school board matters. He said he could not believe his eyes when he saw the manifesto in the newspapers.

WORK PROVIDED IN VANCOUVER FOR ALL

VANCOUVER, Jan. 12.—There will be no man out of work here unless physically unfit, according to relief officer Irelands. Work is being provided for all in need. Advertise in the Daily News

At the meeting in the Empress Theatre last night, C. H. Orme presiding, G. W. Nickerson, candidate for mayor, stated clearly his policy in regard to the police and cleaning up the city. He said: "If the city is dirty, Mr. Rochester could have done little cleaning when he was acting mayor. The city council controlled the salaries and yet Mr. Rochester had not made any effort to have the city cleaned up. His policy in discharging the police force is not the policy I would adopt. The police have simply voided the instructions given them. If elected mayor of this city shall immediately call a meeting of the police commission and shall call a conference with Chief Vickers. He will be instructed to clean up the city and if he does not deliver the goods he will be asked for his resignation. Throwing a man out of a job is a serious thing. He will be given every chance to make good." Mr. Nickerson said he would go to the city hall believing every man was doing his duty. If it was found that he was falling down he would be told so and given a chance and if unable to bring his work up to requirements he would have to go. The city must be run on business lines. Every man must be given a chance to make good. That was his stand with those in the employ of the city.

No Apology.

Mr. Nickerson said he had no apology for having been brought out by the business interests. They wanted to encourage business people to come to the city. In dealing with the power question, he thought it would be good policy to encourage a pulp industry on the Skeena River and then purchase surplus power from them. He believed in saving the steels but whether with Jarvis or Eschalt he was not yet convinced. They should not spend \$50,000 without getting the best technical advice. The speaker said he believed in developing this as an ocean port. To do this they must have facilities and it would be part of his duty to impress upon the railway company the need of an assembly dock for loading lumber. He had that day received a letter from a firm in the States saying they would be prepared to send ships here to load lumber provided there was an assembly dock. The interests of the city were locked up with those of the railway company.

Cow Bay Again.

Dealing with Cow Bay, Mr. Nickerson explained his proposal (Continued on Page Two).

(Continued from Page One.)

to develop the outside rather than the inside of the bay. To this scheme Mr. Rochester had agreed last September. He was opposed to giving away anything, however, until they were assured that work of development would proceed at once.

Clean Fight.

Mr. Nickerson said he was going to put up a clean fight and was going to win. Those who knew him best were supporting him strongest. He deplored the whispering and rumors that were being set afoot in regard to him and he intended to ask Mr. Rochester if he approved of that method of campaigning.

J. H. Kelly.

J. H. Kelly said that men like Tom Silversides had been the city's representative "over there" and he thought they should be able to represent the city here. He favored permanency in city buildings and roads and the putting of the big issues to the public vote. He urged for the passing of the memorial bylaw.

George Frizzell.

George Frizzell would favor the keeping of Cow Bay open if it were kept clean, but as it was now it was a disgrace to the city. Roads must be improved and he should try to get government aid in doing so.

D. McD. Hunter.

D. McD. Hunter endorsed the candidature of Mrs. Ling for the school board and admired the two candidates for the police commission. "To govern as the citizens wanted they would have to have co-operation. The candidates for the mayoralty were both highly keyed men and the aspiring aldermen were also good material, but the citizens should be ready with their advice. He was not in favor of the corrupt element in the city.

He would be fully alive to the questions facing the city council.

George Kerr.

George Kerr, the only member of last year's council present, was glad to listen to the advice of the aldermanic candidates and, if they were elected he hoped they would carry out their proposals. He asked for the passing of the G. W. V. A. transfer bylaw.

M. J. McNeil.

M. J. McNeil favored the building of an incinerator to replace the garbage wharf that was the biggest nuisance the city had. He would be a thorn in the side of any mayor until this was done. He would also see that the city's rights in Cow Bay were respected and would allow no mayor to vote them away. He referred to his experience as city building inspector and as inspector of construction work as justification for his election to the council board.

S. E. Parker.

S. E. Parker said he had not particularly sought aldermanic honors but was out behind George Nickerson as candidate for mayor. The time had come to go out after things and Nickerson would do that. The city was showing progress; there were already two creditable dailies and a fine illustrated monthly publication, and now the city had a comic weekly. The second issue had been much funnier than the first. For this paper to come out against Nickerson he could only look at as a joke.

If those accusations against Nickerson had been true he would not be standing on his platform and if ever he proposed to hand over anything of the city's he would certainly oppose him. There should be wholesale accommodation at Cow Bay and there should be docks at Seal Cove for the fish boats with a city road there by way of Eleventh Avenue. He would serve the fishermen as much as anyone. If the Cow Bay proposition were held up where would the wholesalers get sites? It was not a selfish plan but was a means to allowing business to establish.

M. M. Stephens.

M. M. Stephens, speaking regarding his attitude as a candidate for alderman, said he was not in favor of closing Cow Bay. No rights should be bartered away without a vote of the people. In regard to power the city must have factories and he was not opposed to dealing with a company provided the rights of the city were safeguarded. He also was opposed to plank roads.

Low, 9:54 a.m., 8.1 feet. 22:13 p.m., 5.6 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

WOULD MANAGE LOCAL SCHOOLS

Candidates for the School Board Honors Address Electors at Empress Theatre.

Three candidates for the school board were heard last night at the Empress Theatre meeting. They were Mrs. Ling, L. W. Patmore and Mrs. Kirkpatrick.

Mrs. Ling explained that as she had been a teacher she could view school matters from that point of view and as a mother she could see things from the point of view of the parent. She asked for their support.

L. W. Patmore again explained the reason why the school had cost so much. It was the unreasonable delay of the City Council and the dilatoriness of the finance committee, of which Alderman Rochester was a member, that caused the trouble. During the period of delay lumber had jumped in price 80 per cent and hardware 50 per cent and it had become more difficult to get a good price for the bonds. From \$15,000 to \$20,000 had been lost to the city by the delay in selling bonds, and Alderman Rochester was chairman of the committee in charge of this work.

Justifies Method.

Mr. Patmore justified the method of building the new school which the people by a large majority had approved. Col. McMordeie, he declared, had already saved to the city half the amount of his salary in freight rates alone by his foresight. The Cold Storage Co. paid 10 per cent for their building but McMordeie was getting only 7 per cent. Alderman McLennan, who was the local Jeremiah, was the chief critic of the work. There were within measurable distance of finishing the building and it had so far cost \$120,000. It would take about \$30,000 more. He was assured by both Col. McMordeie and Mr. Potter that the whole thing including the architect's fees would not cost more than from \$185,000 to \$190,000 and this was \$35,000 more than it should have cost if there had been no delays. They would be saving the city about \$15,000 by doing the work on force account.

In Private Life.

Speaking of Ald. Rochester, Mr. Patmore said he was a fine man to meet in private life and that was where he should remain. If he served the city as well in other respects as he did on the finance committee he would be the rankest failure.

Mr. Patmore asked for the return of the old board in order that they might finish the job of building the new school.

Other Candidates.

Mrs. Kirkpatrick said she had served the city for five years on the school board and had never let anything but illness keep her away from meetings. She was sure Mrs. Ling would make a good trustee. They had an efficient staff and a splendid lot of children.

M. M. Stephens asked for the return of the three new candidates—Mrs. Ling, Mr. McMeekin and himself. Mrs. Ling was a very capable woman.

SIMPLE MISHAP STARTED POISONED ARM LIMB SAVED by ZAM-BUK! "A stab from an ordinary sewing needle started my poisoned arm," writes Miss S. A. Wernicke, of Hilton, B.C. "Doesn't this prove again, how easily poisonous infection finds its way into the tiniest cut, scratch or abrasion? Don't run into similar dangers! With Zam-Buk as your everyday healer you are prepared for any injury or skin trouble. Zam-Buk promptly ends pain, swelling and inflammation. It purifies and safeguards the damaged tissues against disease—it means perfect antiseptic healing every time. In her letter Miss Wernicke says:—'This needle went so far into my finger that it pierced the bone. My hand became so stiff and swollen that I could not use it. I naturally tried every remedy I knew of, but it only got worse. Blood-poison developed and extended right up into my arm. The pain was intense, and I certainly thought I would lose the limb, for it was in a terribly inflamed and swollen state, and literally covered with lumps. A friend advised me to use Zam-Buk which I did, and it was not long before the pain grew less. With perseverance all the inflammation and poisonous matter was drawn out, the swelling and lumps disappeared, and my arm was soon quite well again.' Zam-Buk is a wonderful healer and herbal throughout. No salicylates, no crude mineral drugs such as you get in ordinary ointments. Use Zam-Buk for sore hands, winter eczema, chilblains and frost bite, also in burns and scalds, ulceration, abscesses, scalp sores, ringworm, and for psoriasis, rheumatism, and swollen joints. FREE BOXES! You can get Zam-Buk from any druggist or dealer at 50c. 3 boxes for \$1.25, or direct from Zam-Buk Co., Dupont St., Toronto. G. A. Walker, of Anyox, was registered at the Hotel Prince Rupert yesterday.

Alderman Rochester for mayor, who has had three years' experience in City Council. 10

Nickerson is first on the ballot paper. Make no mistake and place an X opposite his name.

A. Davidson and John Strombech, Alice Arm miners, left on the Chelohsin last night for Seattle.

Lyster Mulvaney of Burn Lake has been appointed a Justice of the Peace, according to the Provincial Gazette.

The misplacing of a comma in the report on the utilities department yesterday might have misled some readers. The net earnings of that department amounted to \$38,062.19.

Put an X on—osite the name of Nickerson, and your ballot will not be wasted.

CERTIFICATE OF APPROVAL

WHEREAS the TAYLOR MINING COMPANY LIMITED is a company incorporated under the Companies Act (Cap. 35, R.S. B.C. 1911) its objects and powers as set out in its Certificate of Incorporation published in the British Columbia Gazette of 29th May, 1919, at page 79, extending to and including the construction or operation of works for the supply or utilization of water;

AND WHEREAS the said company did apply on the 5th day of July, 1920, for a license to store in Clearwater Lake 2,000 acre-feet of water and to divert carry and use for a power purpose 50 cubic feet of water a second of the waters of Clearwater Creek and Clearwater Lake tributaries of Kinsault River in the Prince Rupert Water District;

AND WHEREAS the said company did apply on the 22nd day of September, 1920, for a license to divert carry and use 10 cubic feet of water a second of the waters of Wolf Creek (also called Davidson Creek) tributary of Kinsault River aforesaid;

AND WHEREAS one R. B. Melinits did apply on the 5th day of November, 1915, for a license to divert carry and use for a power purpose 15 cubic feet of water a second of the waters of Trout Creek, a tributary of Kinsault River aforesaid and was granted in due course an authorization to make surveys numbered 650;

AND WHEREAS the said R. B. Melinits did sell assign and transfer to the Dody Varden Mines Company the lands and properties therein set out in the said license and by an assignment under the said license dated the 20th day of March, 1916, did assign transfer and set over unto the said Dody Varden Mines Company all his right title and interest in the said license and authorizations;

AND WHEREAS by the provisions of the "Taylor Engineering Company Act" being Chapter 107 of the Statutes of British Columbia 1920 all the property and rights of the said Dody Varden Mines Company were vested in the Taylor Engineering Company Limited;

AND WHEREAS the said Taylor Engineering Company Limited did sell assign and transfer to the Taylor Mining Company Limited the lands and properties to which the said application was approved and by an assignment under the said license dated the 23rd day of May, 1919, did assign transfer and set over to the said Taylor Mining Company Limited its right title and interest in the said application and authorizations;

AND WHEREAS the said Taylor Mining Company Limited has after due notice by its petition filed on the 20th day of July 1920 and by order of the Board of Water Rights issued on the 24th day of December 1920 assenting the general scheme of the proposed undertaking and set over unto the said petition and consolidating the said undertakings relating to Clearwater Lake and Wolf Creek and Trout Creek;

AND WHEREAS the period for filing objections to the said petitions has expired and no objections have been filed;

AND WHEREAS under the provisions of Section 81 of the Water Act 1914 an order was made dated the 24th day of December 1920 assenting the general scheme of the proposed undertaking and set over unto the said petition and consolidating the said undertakings relating to Clearwater Lake and Wolf Creek and Trout Creek;

THIS IS TO CERTIFY that the proposed undertaking of the Taylor Mining Company Limited, as set out in its said petition as amended and consolidated by the said order, in so far as the same relates to the diversion, storage, carriage and use of water and under the said applications is hereby approved subject to the terms and conditions of the Water Act 1914 and to the following additional terms and conditions:

Any license or licensees which may hereafter be issued in respect of the said undertaking shall be subject to the provisions of the Water Act 1914 and to the following additional terms and conditions:

(a) The undertaking of the Company is hereby divided into two parts:

(1) The first part consists of the works for the diversion, carriage and use of the waters of Trout Creek and Wolf Creek and the generation of power therefrom and of the transmission and distribution lines, rights of way, receiving stations and structures connected therewith;

(2) The second part consists of the works for the diversion, storage, carriage and use of the waters of Clearwater Creek and Clearwater Lake and the generation of power therefrom and of such further transmission and distribution lines, rights of way, receiving stations and structures as may be necessary for the proper operation of the further power so generated.

The construction of the works of the first part of the undertaking has been begun and the same shall be carried on diligently and continuously to the satisfaction of the Comptroller of Water Rights and the said works shall be completed and in actual operation on or before the 30th day of June 1921.

The construction of the works of the second part of the undertaking shall be completed and the said works shall be in actual operation on or before the 25th day of June 1922.

The capital of the company which has been subscribed and paid up is considered sufficient for the purpose of the undertaking hereby approved;

The territory within which the said undertaking may exercise its powers in so far as the same relate to the undertaking hereby approved, shall be all that tract of land in the Kinsault District in the Province of British Columbia lying within fifty miles of the "Wolf" Mineral Claim, being Lot No. 3750, as shown on the plan of the said territory as set out in the said application and shall be subject to such provisions as may be necessary for the proper operation of the further power so generated.

DATED AT VICTORIA, B. C., this 24th day of December, 1920.

(Signed) "L. PATTULLO,"
Minister of Lands.

BRINGING UP FATHER

BOTH OUT FOR A CLEAN CITY

Two Police Commissioners Address Electors at Empress Theatre.

At the Empress Theatre meeting last night, R. T. J. Rose, candidate for the police commission, said he was under neither the banner of Mr. Rochester, or Mr. Nickerson. He dealt with the restricted district and advocated cleaning up the town. He was down on the professional gambler. He supported Mr. Nickerson in his attitude towards the police force and would not cut off a man's livelihood as had been proposed. "It would only be a dirty rotter who would do that," he said.

S. D. Macdonald made a very emphatic statement as to his attitude when the first Duff case had been before the police commission a year ago. He had been approached by an official claiming to represent the G. W. V. A. and had been induced, as a man who had not fought, to give another chance to a man who had. He was against the professional gambler although he would not molest a quiet friendly game of cards.

Mr. Macdonald said he did not agree with Rev. T. H. Nuttall on the Comox Avenue question. It was not under his regime that Comox Avenue had been abolished and had spread all over the city, but he had evidence that with the closing of the Avenue venereal disease had increased 50 per cent in the city. You could not clean out the social evil by shipping the women out of town, but you must get rid of the pimps and tinhorns. If the chief of police did not clean them out, then he would ask for his resignation. He would not stand for the dismissal of the chief until it was proven he was not doing his duty and the people should show more interest and tell what they wanted. He said that under his regime as police commissioner the city was morally better than it had been at any other time since incorporation.

H. S. WALLACE VISITS EUROPEAN CITIES

Says He Thinks There is No Justification for Panic Prices on Goods.

Word has been received from H. S. Wallace of the big store. He has been visiting in London and Edinburgh and has gone on to Paris and Brussels. He says that there are half a million unemployed in London and conditions are very unsettled. So far as he could see there was no reason for the panic prices at which goods were offered in some cities and the reductions would not be as great as anticipated.

Mr. Wallace expects to be home at the end of the month or early in February.

Nickerson's name is above reproach. His integrity and ability place him in a position to give you a good, sound, honest administration.

PECK SUPPORTS TWO VETERANS

Speaks Highly of His Comrades, Kelly and Silversides.

The following has been received from Colonel Peck:

Editor Daily News.—Although as federal member I do not take part in municipal politics, I may be allowed to say a few words for the candidature for aldermen of two returned men, namely, that of Comrades J. H. Kelly and Tom Silversides.

My experience of these two men in the G.W.V.A. is that they were always broad-minded and patriotic and were keen in the public interest. I have always found in the G. W. V. A. a ready support during my term at Ottawa, and its members have done an excellent work here. Their action recently in using a large amount of their funds to cash the time cheques of returned men who had been caught in the shipbuilding debacle was highly praiseworthy.

I think returned men should be represented in the governing bodies all over the country, and therefore have a great deal of pleasure in advocating the support of the above-named candidates, as well as for the memorial site bylaw.

C. W. PECK.

UNIQUE CEREMONY BY ODDFELLOWS' LODGE

For First Time Rebekahs and Oddfellows Officers Jointly Installed Here.

An event, unique in the history of the Oddfellows' Lodge in this city, took place last night when the officers for the ensuing term of the Oddfellows and Rebekahs were jointly installed.

The new officers for the Rebekahs are: Noble Grand, Miss A. Monceur; Vice Grand, Mrs. A. Smoke; Recording Secretary, Mrs. M. G. Priest; Treasurer, Mrs. M. A. Cox; Warden, Mrs. E. Wilkinson; Conductor, Mrs. A. Fraser; Inside Guard, Mrs. E. J. Smith; Outside Guard, Miss B. Killen; R.S.N.G., Mrs. B. H. Killen; L.S.N.G., Mrs. M. Simpson; Chaplain, Mrs. M. J. Smoke; R.S.V.G., Mrs. M. Craggs; L.S.V.G., Mrs. E. Morris.

Oddfellows: Noble Grand, B. H. Crosssett; Vice Grand, Rev. T. H. Nuttall; Recording Secretary, G. V. Wilkinson; Treasurer, A. Brooksbank; Warden, J. W. McKinley; Conductor, E. M. Valentine; Inside Guard, J. Currie; Outside Guard, D. J. McIntosh; R.S.N.G., H. M. Dagggett; L.S.N.G., S. M. Newton; Chaplain, H. Love; R.S.V.G., H. M. Hale; L.S.V.G., J. Westenholme.

District Deputy Grand Master J. E. Hilliard and District Deputy President W. G. Barrie were in charge of the installations and were assisted by Mrs. E. W. Wilkinson, Mrs. M. G. Priest, Miss E. M. Earl, Mrs. Phil McDonald, Mrs. R. O. Wilcox, Phil Baldwin, H. M. Dagggett, J. Brough, C. J. Graham and J. Irvine.

Charles Hecker was fined \$330.50 in the police court this morning for selling liquor. The arrest was made as a result of the operations of the purity squad made up of Constables Logan and Schreiber, both old hands at this kind of work, who have been given a free hand.

Harry Selfe, of Anyox, is in town today on his return north after a visit to Vancouver.

WATER NOTICE.
USE AND STORAGE.
TAKE NOTICE that Edmund Pulp and Paper Company, whose address is 701-5 Vancouver Block, Vancouver, B. C., will apply for a license to take and use one thousand second feet and to store five hundred second feet of water out of Lowe Inlet River, Lowe Inlet, B. C., also known as the Inlet, which flows westerly and drains into Lowe Inlet about at its head. The capacity of the reservoir to be created is about 750,000 acre feet and it will flood about 1000 acres of land. The water will be diverted from the stream at a point about at the head of Lowe Inlet with the view of power purposes upon the land described as 8400-0-0-0-0-0-0 Indian Reserve No. 3 and crown lands. This notice was posted on the ground on the 31st day of November, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert.

Application to the application may be made with the Water Recorder or with the Commissioner of Water Rights, Parliament Building, Victoria, B. C. within thirty days after the first appearance of this notice in a local newspaper. DREDGING BARS THIS DISTRICT

Recommendations Made by R. Beaumont for Harbor Committee of Board of Trade

Following is the text of a report made to the Board of Trade by the Harbor Committee in regard to dredging needs in the district:

"I beg to report that your committee have gone into the matter of the dredging requirements in this district to be done by the Dominion Government Public Works Department and are of the opinion that the following work should be looked into and undertaken:

- Mettakatta Bar.
- Skeena River Docks.
- Skidegate Inlet Channel.
- Masset Bar.
- Deleatla Slough.

"Briefly we would elaborate on the proposed works in the order mentioned as follows:

"Mettakatta Bar.—We are of the opinion that the dredging of the outer bar would be rather an expensive undertaking and not altogether warranted from the benefits to be derived, unless the material taken out could be utilized for some purpose in the harbor of Prince Rupert to complete or assist in improvements, but think that the silt from the inner bar could be dredged to rock bottom at very little cost, giving free passage to small boats.

"Skeena River.—The wharves in the Skeena River which are handicapped by bars, necessitating laying off with steamers for high tides are—The Balmoral Cannery, B. A. Cannery and Port Essington Docks. We think that the department should have these water-ways examined with a view to ascertaining if some work could be done to facilitate the movement of traffic to and from these docks at all stages of the tide and with some degree of permanency. It is quite possible that such work would be nullified in a season by silting from the river, but we think the department should have them examined with a view to recommending some scheme of dredging, having in mind the large production which accrues from this territory.

"Skidegate Inner Channel.—We recommend that the East Narrows be dredged out to permit the passage of fishing boats at most stages of the tide, and also that the rock in the West Channel be removed. This is a very important channel to a large number of fishing boats on their way to and from the West Coast of Queen Charlotte Islands, which is a very prolific fishing ground for the vessels out of this port, and warrants the expenditure that would have to be put on the work.

"Masset Bar.—We recommend that a thorough survey be made of this dangerous entrance to Massett Inlet, with a view to having some improvements made in the channel. It is a very difficult entrance to make with the regular line steamers and also for the bringing out of rafts from the Inlet. The export of lumber from Massett Inlet last season consisted of some twelve million feet of sawn lumber and about fifty million feet of logs were towed out of this channel. Costly and dangerous accidents have been encountered by vessels on the Massett Bar, and we think

NIGHT COUGH

You know it! It begins with a tickling, irritating sensation in your throat. You cough to clear the throat. In a moment there it is again!

A minute's peace, then again you cough, and so on until you cough your throat sore, and by the time the cough is sufficiently allayed to permit you to sleep, you are thoroughly worn out. This kind of experience is particularly trying to old people.

Peps make this sort of thing quite unnecessary.

Put a Peps pastille on your tongue and allow it to slowly dissolve. Healing fumes are then liberated, which mingle with the breath and are carried to the remotest parts of the air passages and lungs, allaying the irritation and soothing the inflamed membrane, thus ending the cough and making sleep possible.

Peps are also best for bronchitis, laryngitis, asthma, sore throat and colds. Try Peps at our expense. Send this advertisement and 1c. stamp (for return postage), to Peps Co., Toronto, and receive FREE TRIAL PACKAGE. All dealers, 50c. box.

COAL BUNKERS BEING TALKED

General Superintendent of Railway says Matter Still Under Consideration

In an interview with General Superintendent N. B. Walton yesterday in regard to the prospect for the erection of coal bunkers, Mr. Walton said that W. S. Featherstonehaugh, the divisional engineer, had just returned from the east and he reported the matter was under consideration. Plans were being prepared and there was every prospect that something would be done in the near future.

From other sources it is learned that the Ocean Falls plant is open to purchase 250 tons a day from this port in addition to other demands, including that of Granby. This would mean a big business. If a contract could be made with Ocean Falls it would mean the shipping of seven car loads a day, approximately.

Only a day or two ago a representative of the Western Coal Mine in Alberta was here in the interest of his company and other firms on the coal spur have been pushing the business this way. All that is needed is bunkers to handle the coal cheaply.

LADIES TO RAISE \$1,000 TO FURNISH A MATERNITY ROOM

An attempt is being made by the Ladies' Auxiliary of the General Hospital to raise \$1,000 to fit up a maternity room. When the pledge was given to furnish the room, it was thought that only about \$500 would be required to fit it up. Now it is found that twice that amount will be required to do the work properly, and the ladies are making an extraordinary effort to raise the sum required.

One means of making money for the hospital will be by the home cooking sales on Saturday afternoons. This coming Saturday Mrs. Darton and Mrs. Blance will be in charge and anyone who can possibly do so is invited to send in donations either of cooking or articles for drawings.

WOULD ASK COMPENSATION

Editor Daily News—Here is a little space 300 by 100 feet that is already being used in a manner directly beneficial to our city. We have a great deal of unoccupied territory belonging mostly to the railroad. It seems a strange thing that this little space is the only one that can be developed by first the destruction and then the construction of private businesses.

The railroad has paid no money to carry out their past contracts. It seems to me that in view of the unfulfilled contracts alone, the city is justified in demanding compensation from the railroad either in taxes due or waterfront. I would point out that the city should demand all the waterfront between the Hazelton and the Imperial Oil dock and all that between the Government dock and

that the importance of the natural resources contiguous to this Inlet warrant a proper and safe channel being provided.

"Deleatla Slough.—This is a small inlet near the entrance to the Massett Inlet channel. Tidal conditions in this channel are the worst of any on this coast, and there is no place nearer than the inlet, which is twenty miles distant, where a vessel or a raft can lay with safety, and your committee would recommend that the government be asked to investigate the possibility of dredging out a small harbor, which now partially exists in Deleatla Slough, and which would become a haven and safe stopping place for all vessels and their tows prior to passing out into Dixon Entrance. This improvement would be of inestimable value to the logging and lumbering interests and industry, and all navigation to and from the inlet, which is very extensive.

We would also suggest that a copy of this recommendation be sent to the different communities immediately interested in the respective improvements, with a view to obtaining their support, and also to the member for the district.

Chairman of Port Committee.

Certainly the railroad has, by its broken contracts, forfeited all right to hope of securing further concessions. No business man would think of entering into a fourth contract with a firm which has broken three such contracts.

We have every right to compensation from the railroad for their contracts and our City Fathers should see that we get it.

Faint and Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When waking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

HAZELTON

Indian Agent Loring has issued an order forbidding potlaches on the Hazelton Reserve.

Capt. Dan Harris has returned to New Hazelton after an extended visit to the south and east.

A son was born on New Year's Day at the Hazelton Hospital to Mr. and Mrs. F. J. Sait, of Bulkley Canyon.

Mr. and Mrs. Dilworth have arrived at New Hazelton and have taken the McKenzie residence. Mr. Dilworth is the new school teacher.

The Methodist Church in Hazelton already has plans under way for the erection of a new church opposite the drug store. The old church was destroyed in the recent fire.

Mr. Loring, Indian Agent here, was placed on the pension list at the end of the year. Mr. Loring has been agent here for thirty years.

Mrs. J. D. McDougall and family are leaving shortly for Edmonton en route to the Peace River country.

Mrs. L. A. Graef entertained on Tuesday evening in honor of her mother.

VANDERHOOF

Forty guests enjoyed a delightful party at the home of Mr. and Mrs. E. P. Outram on Tuesday evening.

Mr. and Mrs. J. M. Johnston entertained fifteen guests at New Year's dinner. After the excellent turkey dinner more guests arrived and the evening was spent with music and dancing. Stephen Holmes gave pianoforte solos, Ralph Telford sang popular songs and the dance music was provided by Mrs. Holmes, George Outram, Phil Tennant and Mrs. Johnston.

Mr. and Mrs. C. Lampitt have left for a visit in Winlock, Washington.

The open air rink is now running full swing, Mondays, Wednesdays and Fridays being the open nights.

Mr. and Mrs. E. A. Mitchell entertained a number of their friends to a turkey dinner on New Year's, after which there was music and dancing.

PRINCE GEORGE

Contour surveys of the town-site area and other areas for the projected pulp mill here are going on. Robert Tyhurst, the general manager of the Fraser Timber Syndicate, says the progress of the plans will depend on the attitude taken by the authorities at Victoria.

Mrs. W. L. Hornsby, wife of the manager of the Royal Bank, passed quietly away in her sleep Friday morning.

Ald. Henry Wilson and W. P. Ogilvie are the candidates for mayor here. The aldermanic aspirants are Barney Keegan, G. C. Sinclair, M. C. McKay, A. M. Patterson, Dr. Alward, Mr. Eren and Don McLeod and Mr. Somerton.

Mrs. Frances Nickawa, the Green entertainer, rendered an excellent program under the auspices of the Ladies' Aid of the Presbyterian Church on Thursday night. In addition to Miss Nickawa there was local talent which included songs by Miss Helen Quin, Mr. Fraser and Mr. Beuffel and violin solos by Mrs. Davis and Mr. Tretheway.

Mrs. Winnie Lee, a Chinese aviatrix, is visiting the city. Mrs. Lee is learning aviation in Edmonton.

Robert Tyhurst, general manager of the Fraser Timber Syndicate, and Miss Muriel Milligan were recently married in Vancouver.
