Navy Question Shelved for Present SOUTH AFRICAN BUDGET SHOWS THAT COUNTRY USES ECONOMY

Navy Question Shelved by Premiers Now in Conference in London after Informal Discussions of Past Week

(By Gratian O'Leary, Canadian Press.)
LONDON, July 16.—As a result of the informal discussions of the past few days the naval question is likely to be shelved by the British premiers in conference here. This course was rendered inevitable by the decision to have a disarmament conference at Washington.

VICTORIA WINS MOST HONORS ROWING EVENTS

Vancouver Regatta, Home Team Wins Only in Junior Fours; Portland Shut Out.

Vancouver, July 16.—The Pacific "Garden" regatta on Indian River opening day was successful. Scott and Cummins of Victoria clipped six rods from the former record of the mile and a half course at Indian River by beating Vancouver and Portland teams, their time being 9 minutes, 34 seconds.

Johnson, G. Pauline, C. Pauline and Baylene of Victoria won 140 pound class sculling, being a length ahead of the runner-up.

SEVEN FEINERS ARE SENTENCED

They Get Off and Fifteen Get Varying Terms From 15 Years Down.

MANCHESTER, July 16.—The trial of 16 Sinn Feiners in connection with shooting and incendiarism in June at this city has concluded. Two are discharged, one let out on suspended sentence, two were sentenced to years each, one to 10 years, and seven years each, seven to three years each and one to three years.

INSPECTOR OF SCHOOLS VICTORIA

VICTORIA, July 16.—George Deane, former head of the "Globe" and establishment in this Province, has been appointed municipal inspector of schools at Victoria. He takes place vacated by Colonel Harty, who went to the Liquor Board.

TOP MARKSMEN.

WINNERS CAMP, July 16.—Major and Sergeant Hawkins of the 10th were among the seven marksmen in the Alexandra competition today.

OWNER OF NEWSPAPERS

VISCOUNT NORTHCLIFFE
Who is coming to Canada on visit

CREWS OF CANADIAN SHIPS GIVE TROUBLE

Preparing to Strike and Provincial Police Asked to Prepare For.

VICTORIA, July 16.—The crews of the Government ships Canadian Rover and Canadian Observer are said to be on the verge of a strike owing to the dissatisfaction over the unpaid wages and also over the difference in scale between Atlantic and Pacific.

NORTHCLIFFE COMING TO THIS COUNTRY

Is Making Tour Round the World Starting Today.

LONDON, July 16.—Viscount Northcliffe, owner of the Daily Mail, London Times and other newspapers, sailed today for New York on a trip which will take him to Canada, Australia, Japan, China and India.

FOUR STEAMERS ARE DOCKED AT OCEAN FALLS

There were four boats docked at Ocean Falls yesterday afternoon when the Prince George called there on her northbound run. Besides the George there was the Canadian Government Merchant Marine steamer Canadian Rover, loading 600 tons of pulp for San Francisco, the Prince Albert loading 600 tons for Seattle, and the Prince Rupert loading two carloads of paper for Vancouver.

SALMONBELLIES BEAT VANCOUVER LACROSSE GAME

NEW WESTMINSTER, July 16.—The Salmonbellies defeated Vancouver Terminals by a score of 7 to 4 in a Minto Cup lacrosse match yesterday at New Westminster. Lalonde was injured in the first period and the Terminals sagged without him. The Royals are now two games up in the race.

FORMER KAISER PAYS HIS TAX

Five Thousand Guilders Goes to Municipality of Doorn.

LONDON, July 16.—The former German Emperor paid under protest a poll tax of five thousand guilders claimed by the municipality of Doorn, says a despatch. The ex-Kaiser protested against paying on the ground that he did not establish himself at Doorn of his own free will.

BANK OF MONTREAL MEN TRAVELLING

John Rae, who has been relieving manager of the Bank of Montreal at Terrace recently, is in the city and tonight sails for Stewart, where he will relieve L. S. Whitaker, manager of the branch there, who is going out on a three weeks' vacation. A. H. Barker, manager at Terrace, has just returned from his holidays, releasing Mr. Rae. C. W. Wilkinson, of the local branch, will return tomorrow night from Terrace, where he has been for a fortnight, and L. Barron, also of the local branch, left on this morning's train for Terrace, where he will holiday a couple of weeks.

SIR SAM MAY LIVE FOR MANY HOURS YET

LINDSAY, July 16.—Sir Sam Hughes spent a restful night and physicians are now of opinion he may live for many hours.

SMOKING ROOMS FOR WOMEN NOT NEEDED SAYS MRS. A. E. COLE

PORT ARTHUR, July 16.—"Smoking rooms for women on trains are a travesty on womanhood," said Mrs. A. E. Cole, president of the West Algona Council of Women, commenting on the reported C. P. R. innovation. "Smoking rooms are neither needed nor desired by women of Canada," she said.

TO PENETRATE FROZEN NORTH.

Prof. Donald Baxter Macmillan, widely known explorer, will sail for Arctic waters soon in his vessel, the Bowdoin. Prof. Macmillan already has made several successful journeys to the Land of the Midnight Sun.

Canada to Get Three Hundred Million Dollars Reparations from Sum Paid by Germany

LONDON, July 16.—According to the Canadian Press correspondent, Canada's share of the reparations money which Germany is to pay the Allies has been fixed at \$300,000,000. The sum represents four and a half per cent. of the twenty per cent. of the total sum fixed as the share of the reparations money which comes to Great Britain.

Canada's share of the cash is equal to one-eighth of the Canadian national debt.

FOUR YEARS FOR MURDER RIGID SILENCE IRISH QUESTION

German Officers Sent to Prison for Firing on Lifeboats.

LEIPSIC, July 16.—Lieutenant Dillmer of the German navy has been convicted of criminal act during the war and sentenced to four years imprisonment. Murder in the first degree is the sentence for firing on lifeboats after the Canadian hospital ship Landoverly Castle had been torpedoed in the summer of 1918.

JOHNNY WILSON WON DECISION TEN ROUNDS OVER GEORGE ROBINSON

BOSTON, July 16.—Johnny Wilson, middleweight champion of the world, won the decision over George Robinson in a ten-round boxing bout here last night.

Budget Shows the Extravagance of Home Government

WASHINGTON, July 16.—(By Canadian Press.)—It requires about five times as much money each year to administer the Dominion of Canada as is needed to manage the Union of South Africa, according to statistics of the South African budget for 1921-22 contained in a return recently made by the United States consul at Capetown to his government here. The total estimated expenditure of the South African Union for the current fiscal year is £29,543,829, or \$125,561,273.25, placing the pound sterling at \$4.25 Canadian money. Estimated public expenditure for Canada for the year 1921-22 is \$652,237,212.90.

According to the same authority, the South African government is having considerable difficulty balancing its accounts. During the fiscal year ending March 31, 1921, there was a deficit of £250,000, while for the current year the estimated revenue is £6,700,000 less than the estimated expenditure. This deficit is to be met with economies in various governmental departments to the extent of £1,057,000, while new taxation is expected to yield £2,423,000, leaving a deficit of £224,000.

Expenditures Compared. Comparison between various South African budget items and corresponding items in the Canadian budget are interesting. In practically every case the Canadian expenditure is higher. Even the Governor General in the Dominion costs more than the Governor General of South Africa. The locum tenens at the Government House, Ottawa, represents an expenditure of \$158,891.66 annually, including salaries and expenses. In the South African budget the sum of \$11,376.75 covers the vice-regal cost. In this instance, as in other items, the pound is placed at \$4.25 Canadian.

The South African Senate is set down in the estimates as costing \$121,490.50. The Upper House in Canada charges the people for its valued legislative efforts, \$142,590. The House of Assembly at Capetown is set down in the budget as costing \$391,603.50. The House of Commons of Canada, according to the estimates tabled during the last session of Parliament, costs \$564,777.

Public Debt. When it comes to such features of the budget as interest on public debt and pensions, the disparity between Canadian and South African expenditures becomes more apparent. Due to her heavier war burdens, Canada pays more in interest on her public debt alone than South Africa spends in her entire budget. Against South Africa's interest payment of \$32,651,985, on public debt, the Dominion expends under this heading \$142,281,057.51. In pensions Canada expends annually \$37,070,485.57 against South Africa's \$6,829,750.

Another fact that makes Canada's that of South Africa is adian expenditure loom large the government railway policy of the Dominion. South Africa does not as yet manage its railways. Canada this year will spend more on its railways and canals than South Africa will have to spend on its entire administration. The estimate for 1921-22 at Ottawa places income expenditure on railways and canals at \$108,009,790.79 and capital expenditure at \$20,477,550, a total of \$128,487,341.72.

Police activities in South Africa make up a heavy item in the annual expenditures. It costs nearly four times as much to maintain the federal police system in Canada. The figures are: South Africa \$12,300,435; Canada, \$352,750.75. Despite the large native population in South Africa, native affairs in the Union are administered at a lower cost than in Indian affairs in Canada. Where South Africa expends \$1,818,257 yearly on the aborigines, the Dominion this year set aside \$2,750,639 to look after its Indian wards. Public works is an infinitely larger spending department in Canada than in South Africa. While the Union this year will spend \$3,101,432.50 on public works, the Dominion for the same purpose will spend \$11,115,283.42 out of the income account and \$29,041,365.48 on capital account, at total of \$40,156,648.90. Defence Expenditure. Militia and defence in Canada is twice as heavy in expenditure as in South Africa. In the Dominion this year the department of Militia and Defence calls for an expenditure of \$11,890,000 while in South Africa the sum of \$5,695,208.25 has been appropriated for the purpose. In order to cope with its deficit the Union of South Africa imposed new taxation this year the new taxes coming into effect June 1. Postage was increased to 2d per ounce for letters within South Africa, with newspapers in bulk placed at 2d for 4 ounces. Increases were made in stamp duties, duties on microscope films, spirits and beer customs and excise, tobacco excise, income and companies taxes, duties on wheat and flour were also reimposed.

VIENNA, July 16.—In the stormiest session since its inauguration the National Assembly passed the second reading of the bill placing Catholic clergymen of Austria and all Church employees and servants on the salaried civil list. So great was the excitement in the House that the Sergeant-at-Arms was compelled to form a line between the right and left to prevent violence.

Co-operation in Practical Way.

Yesterday the Board of Trade answered five applications for information in regard to farming land in the neighborhood. The applicants were advised to go to Terrace for fruit lands and the Bulkley Valley for farm land.

There have been times when the people of the Interior have said that the city of Prince Rupert did not care anything about them or their development. All the time people are enquiring about land and they are being guided and advised as to the localities where the land is to be found.

On Queen-Charlotte Islands there are said to be plenty of lands and a good climate, but there is very little information available as to lands that may be secured and few places where people have made a success of farming.

Does the Weather Interfere With Work?

The question as to what extent the weather interferes with work in this city is often asked. Early in May the work on the Court House was started, and the officials of the company assure us that only six days have been lost since then on account of bad weather.

With the commencement of the second story of the structure the work on the buildings assumes a more pretentious air. Given fine weather, there would be no time lost whatever and very soon the concrete framework will be completed.

All Like Opinions If Favorable.

All readers of newspapers like to read the opinion of the editor if the opinion is favorable to their own views. If it is contrary, they are not so interested. Some people even go so far as to say they do not care to read a paper that expresses views contrary to their own.

As a matter of fact reasonable people like to read an opinion as long as it is expressed clearly and in courteous language. Sledge-hammer stuff is pretty much a thing of the past.

There are times when an editorial writer feels very strongly in regard to some matter and expresses himself very bluntly. He injures his paper and lessens his own influence in so doing. Courtesy is never lost and the influence of what a writer says is increased rather than diminished by using such language as will not injure the feelings of the reader and will at the same time convey his meaning very clearly.

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried 'FRUIT-A-TIVES'

DAME PETER LAMARRE

"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives'."

Dame PETER LAMARRE (Mrs.) 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

REDUCED FREIGHT RATES DO NOT MAKE PEOPLE BUY COAL

EDMONTON, July 15.—Reduced freight rates on coal have not stimulated the shipment of Alberta coal during the slack season months, proving no inducement to Mr. Householder to get his winter supply in early, the reduction being received with no more enthusiasm than a man would receive a gift of a straw hat in winter time.

It is apparent, freight officials state, that people will not store their winter's supply of coal in the summer months. Attractive prices seem to offer little incentive, people everywhere being of the opinion that money in hand at this time is worth more than coal in the basement. Shipment of coal at the present time, they point out, would not only keep the mines working toward the limit of their capacity, but would also assist the railways and relieve much of the congestion that is bound to be the outcome of this lack of coal buying.

PRINCE GEORGE

Fred Taylor, Arnold Flattin and little Billy Taylor had a very successful fishing trip to Rednest Lake at the first of the week. They brought back 100 fine trout including one 2-lb. rainbow, the largest ever recorded here.

Judge and Mrs. Robertson were the honored persons at a surprise party last night on the occasion of the fifteenth anniversary of their wedding. A large number of friends gathered and the evening was enjoyably spent dancing and singing.

In order that traffic may be regulated with more safety, "silent cops" are being erected on George Street at the junction of Third, Fourth and Fifth Avenues and also on Third Avenue at the corners of Vancouver and Dominion Streets.

Inspector Aeland, of the Royal Canadian Mounted Police paid a visit to the local detachment this week.

SMITHERS

It was decided at a big meeting this week to again hold the annual exhibition in Smithers this fall. Committees are already busily engaged working out the plans and raising finances.

Great preparations are being made by Smithers people to attend the celebration at Round Lake next Thursday when the Community Hall will be formally opened. Thirty-five cars will form a procession to go from here.

Building in Smithers is going on apace despite the hard times. There are no less than a dozen houses and buildings in course of erection.

After spending a year in California, Mrs. M. E. Lynch returned here Saturday and was welcomed back by a host of friends.

Despatcher H. J. Kelly has returned here and resumed his duties after an extended holiday trip in the East.

Ten Years Ago in Prince Rupert

July 16, 1911. A "gold strike" was yesterday made by Thomas Sprout while he was grading his lots on Ninth Avenue. Free gold was found in the quartz but it is considered merely a scientific curiosity of little importance as far as body is concerned.

To turn the sour muskeg into a smiling garden, rich in kitchen vegetables, has been the work of Solomon and Jack Mussajem on their lots behind the store on Fifth Avenue. It is one of the very first gardens in Prince Rupert and the experiment has been successful.

Captain Kerr, of the Salvation Army, has returned from a three week's trip beyond Hazelton. Just north of Camp 17, Captain Kerr had an exciting experience when he joined in the work of fighting fire.

HORNETS ATTACK HORSES, CHILD CUT BY RUNAWAY MOWER

LONDON, Ont., July 15.—Helen Robertson, the 11-year-old daughter of Robt. Robertson, a farmer of Dorchester, had half of her left foot and the toes of the right foot amputated when she was run over by a mower in a hayfield on her father's farm today. The little girl and her brother, John, were using a team of horses attached to the mower. The boy was on the seat when the team disturbed a hornet's nest in a corner of the field.

The hornets attacked the animals and the latter began plunging violently, the lad losing his balance on the mower seat. Helen rushed to his assistance, and in the mix-up she was terribly mangled about the feet. Dr. Percy Banghart, who is attending her, looks for her recovery.

Tact.

"Pa, what is tact?" "Tact, my boy is being polite to a big fellow you know can knock your head off."

PRINCE RUPERT TIDES

Table with tide times and heights for Saturday, Sunday, and Monday in Prince Rupert.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than at Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

RELIABILITY is a proof of true worth. The reliability of Beecham's Pills as a safe, gentle and effective corrective and eliminant has been proven for 70 years. BEECHAM'S PILLS Largest Sale of Any Medicine in the World

FALCONS WIN OVER MIDGETS IN CLOSE AND TIGHT BASEBALL

In a well contested game last night in which the score was kept well down and also close, the Falcons were successful in defeating the Midgets in the Juvenile League fixture and thus take the first place in the standing of the teams. J. McNulty pitched for the Falcons and E. Yager caught, while N. Chenowski and S. Gurvich comprised the battery for the Midgets.

The standing to date follows:

	W.	L.	Pct.
Falcons	7	4	.636
Midgets	6	5	.545
Cubs	3	7	.300

AUSTRALIAN CRITICS GENEROUS IN VICTORY

LONDON, July 16.—The Australian Press while naturally jubilant at the remarkable Australian cricket victories in England, is generous to the defeated. The Sydney Herald thinks that English cricket is undergoing an experience similar to that of the Australians in the middle eighties and the early nineties, but adds that this phase will pass. It says:

"We may rest assured that the English reverses will only confirm the resolution to turn the tables."

The Sydney Telegraph, after referring to the splendid fortitude of Tennyson and describing the illness of Hobbs as a disaster of the first magnitude, attributes the weakness of England to the effects of war strain. This paper refuses to believe that the Australian eleven consists of supermen.

BABE RUTH MAKES ANOTHER HOMER

ST. LOUIS, July 16.—Babe Ruth made his thirty-fifth home run of the season here yesterday with one man on base. The Yankees defeated St. Louis by a score of 7 to 3.

FINE DISPLAY OF FOOTBALL

Good Game Last Evening at Acropolis Grounds in Which Sons of Canada Win.

WITH TEN MEN SCOTS PUT UP HARD FIGHT

Large Crowd Attended to Witness Struggle Between Rival Teams.

The Sons of Canada defeated the Gallies at football last night by a score of 1 to 0 in one of the hardest contested games of the season. After having seen such poor displays of football in the last two games, it was surprising to see such a crowd as there was at the Acropolis Ground last night but memories of the struggle in the Dominion Day Cup Ties must have made them climb the hill. In any event, the spectators got their full value in play especially in the second half when both teams tried hard to get the lead, the Sons of Canada finally being successful in scoring the one and only point of the evening.

The teams took the field as follows:

Sons of Canada—Thompson; V. Menzies and H. Menzies; Anderson, Shakespeare and Mitchell; Robinson, Swan, Moffat, Clark and Lane.

Gallies—Martin; Murray and Williseroft; Hay, Kinghorn and Currie; Marks, Stewart, McGreish, Campbell and Sellars.

Play Was Fast.

Right from the kick-off play was fast with neither sets of forwards getting much chance at combined play, the opposing half backs providing the required obstruction. Both teams had numerous chances, in the early part of the game but lack of steadiness in front of the goals spoiled many good chances, both Swan and Moffat, at this stage, being responsible for the failure of the Sons to score. At the other end, Kinghorn found the post and Marks shot past when well placed. Shortly after Swan scored for the Sons but the point was disallowed owing to an offside decision, but the play still kept close to the Gallies' goal and it was well that Martin, the Scots' goalie was on the job.

With Ten Men.

During a sharp attack of the Sons, Currie was ordered off the field for using his hands after he had been fouled by Clarke. This left the Gallies to continue the game with ten men. However, they took up the offensive right away and forced a corner but without result. Swan had a good chance to beat Martin but was just a

PRESCRIBES SWIMMING FOR FEMININE PHYSICAL IMPERFECTIONS.

If you've taken on an additional fifty pounds of avoirdupois since arriving at the age of discretion and are anxious for a return to normalcy, take up swimming, recommends Miss Betty Williams, mermaid of Detroit, Mich., whose specific task is to see that women are developed into good swimmers. Friend husband will view your regained svelte lines with admiration within six months, she asserts.

"Never too young to swim and never too old to learn," Miss Williams declares, adding that all women between the ages of four and seventy are just at the right point in their lives to master the art.

Symmetrical lines, sleek muscles and a wonderful complexion belong to the mermaid of the pool, who lends out her recipe for this effect thus:

"There is no greater body builder than swimming. There is no better reducer than swimming. If a woman is either too fat or too scrawny, she should take up swimming and note the result. No overdeveloped muscles from bringing into play only certain parts of the body. Just a smooth, ripply symmetry which has made many beautiful women famous.

"Swimming will bring the woman back to normalcy," she goes on to say. "If persevered in

It will bring the individual down to the exactly correct weight and keep her there.

"A woman, to swim properly, must wear as little clothing as possible. Clothes hamper her,

and it has been the insistence of man that woman's bathing suit shall emulate her street costume that has kept her near the shore, instead of out beyond the breakers."

JOHNSON WANTS MEET DEMPSEY

Would Give Half of Proceeds to Wounded Soldiers and Dempsey could Have Rest.

CHICAGO, July 15.—Jack Johnson, former heavyweight champion, who is spending a few days here, expressed a desire to meet Dempsey. "I want a chance to fight Jack Dempsey," he said. "I want half the proceeds to go to wounded soldiers and if Dempsey's end is not enough I will give him mine."

Johnson wants to get back into the game, and if he is given a match with the champion he will be once more recognized by the sporting fraternity.

SWIMS AROUND MANHATTAN ISLAND.

Nine out of every ten persons from every section of the country who visit New York city take a sightseeing boat ride around Manhattan Island. The boat starts from its berth in the Hudson or North River and then around the Battery in New York Bay and then up the East River as far as the Harlem. Through the Harlem, it goes back to the North River at the noted Spuyten Duyvil and then down to its starting point. Every one who has been on this trip realizes the length of the journey. This same trip was taken by Miss Amelia Gade, but it took her fifteen hours and fifty-seven minutes. Instead of using a boat she swam it, swam the changing currents and tides until she completed her task. This is the second time that a woman accomplished the feat, the first time being in September, 1916.

Sport Chat

The Jasper baseball team is about to start a tour of the Canadian National Railway between Jasper and the coast. They are due to arrive in Smithers on July 24 to play a game with the locals there on that day and the day following. Other places that will be visited in the course of the tour will be Prince George, Melville and Vanderhoof. Whether their tour will bring them west of Smithers is not yet known. There are a bright and promising bunch of baseballers on the Jasper team and, if arrangements could be made, they would doubtless be able to put up an interesting game against Prince Rupert.

The people of Telkwa are planning for a greater Barbeque this year than ever before. Arrangements are well under way and every effort is being made to enlarge on the racing items of the program. It is anticipated to start a Telkwa Derby for all horses bred and born in Northern British Columbia. Permanent grounds have been secured for the staging of the Barbeque and a general appeal for financial support is going out. Shares are being sold at a cost of \$25 each and many are buying them. The committee in charge desires not only to bring large numbers of tourists and visitors to the meeting but also to encourage the breeding of better horses. Prince Rupert people are specially interested in the Barbeque this year and many are hoping that there will be a special train run to the interior town for the event which has now become one of the most popular and looked for in the country. There is to be a meeting in Telkwa to discuss the matter with the railway officials. There are a lot of people in the city who would join the train if it were arranged conveniently for the Sunday and Monday.

In a scathing editorial on prize fighting, the Montreal Daily Star makes some rather biting remarks on the recent battle between Carpentier and Dempsey at Jersey City and its outcome. It says: "This fight marks the difference between boxing—which is a fine old English sport of the manly sort—and prize fighting. A man may train himself to the quickness of the

Popular and Reliable

10c CIGAR
Union Made in Vancouver Since 1906

eye and hand, the other life play of the body, all the wonderful alertness and precision of the skilled boxer. But this will not avail him against the new animal endurance and muscular power of a born pugilist, Dempsey. Skill, brains, a trifle of luck and brute force won. The national being of America was against Dempsey for the people remembered that he had failed them in the war.

"Of course, the real winner of the fight was the cunning gentleman who managed it. They estimate that his share will be better than half a million dollars. The whole show cost more than a million and a half. In these times when millions of people lack food, when the babies of a half continent are only kept alive by charity, when hundreds of thousands of us are out of work, when life has become a tragedy for countless homes which are too proud to complain, \$1,600,000 seems a lot of money to pay for ten minutes of intense excitement furnished by two men in a fenced enclosure, out of which they would have plunged, panic-stricken, in safety if one team but human nature had leaped into it."

SCHEDULE FOR SECOND HALF OF FOOTBALL

- Senior League.**
July 20—Sons of Canada vs. Sons of England.
July 26—Sons of England vs. Gallies.
July 29—Sons of Canada vs. Great War Veterans.
August 3—Great War Veterans vs. Gallies. 4
- Junior League.**
July 19—Dry Dock vs. Merchants.

September 7—Red Sox vs. Elks.
Junior League
July 21—King Edwards vs. Tins.

A Matter of Looks.

A homely young English club having a view obstructed by the headgear of the girl in front of him, ventured to protest. "Here, miss," he said, leaning over her, "I want to look as well as you." "Oh, do you?" she replied, "I wish Cockney weren't so vain; you'd better run some and change yer face."—Boston Transcript.

MATRIC EXAM RESULTS OUT

VICTORIA, July 16.—Of 1546 pupils taking the matriculation examinations in the province in June, 694 passed in all subjects and 394 supplementals were granted.

The results were as follows:

Prince Rupert Centre.
Prince Rupert Centre—Third-class non-professional certificates, maximum 1000—Dorothy Rivett, 626.

Junior matriculation, maximum 1000—Cedric Duncan, 763; Roth Gordon, 761; Marjorie Roberts, 630; Eva Cavalier, 592; Helen Morrison, 580; Margaret Lindsay, 574; Allan McNeill, 559. Supplementals granted to four.

Completed junior matriculation—Caroline Mitchell.

Senior matriculation examination—One supplemental examination granted.

Prince George.
Prince George Centre—Third-class non-professional, maximum 1100—James A. Wilson, 811.

Junior matriculation, maximum 1000—Mary Williams, 771. One candidate was granted supplemental examinations.

A. M. Tyson has been appointed coroner at Ocean Falls besides his duties as stipendiary magistrate and government agent.

J. G. Steen left on this morning's train for a five days' business trip up the line. He will be back on Thursday evening.

Ole Evindsen, the well known Alice Arm mining man, sails tomorrow night on the Prince George for Vancouver after having spent a few days visiting Alice Arm and Prince Rupert.

Rev. Principal Vance, head of the Anglican Theological College of British Columbia, arrived on the delayed train from the East and is the guest of Bishop and Mrs. DuVernet. Principal Vance will preach at the Anglican Church tomorrow at each service.

Mr. and Mrs. L. S. McGill, of Smithers, passed through the city this morning enroute from Victoria to their home in the interior. Mr. McGill has been visiting the capital in connection with community business at Smithers especially in regard to incorporation.

Safe Custodian.
The old lady sat on the hotel verandah watching the children play. Presently a boy came up to her. His hands were full of walnuts.

"Can you crack nuts?" he asked. The old lady smiled sadly.

"I'm afraid I can't," she said. "I lost all my teeth years ago. I do so wish—"

"Then hold these while I get some more," said the boy.

Reciprocity.

The minister was loud in his praise of the fat and juicy bird his colored host served for dinner, and finally he asked, "Where did you get such a fine goose as that?"

"Pahson," replied his host, "when you preach a good sermon ah doan ax you what you got it. Ah hopes you'll have de same consideration fo me." Boston Transcript.

There were 25 tourists from California and Arizona arriving on the Prince George today. They are making the round trip to Stewart and back south again.

Rev. Principal Vance, of the Anglican Theological College of British Columbia will preach in the Church of England here morning and evening tomorrow. Church of England people should not fail to take this opportunity of hearing the Principal.

According to word brought from the south on the steamer Prince George this morning, Captain C. H. Nicholson, manager of the Grand Trunk Pacific Coast steamship service, who was convalescing from his recent illness, had taken another bad turn and was again confined to his bed. R. Beaumont, superintendent from Prince Rupert, is taking his place at Vancouver and the date of his return here is as yet uncertain.

Keeps Motors Smooth Running

Quality maintains economy. You may pay less "per gallon" for other lubricating oils but you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

USERS of Imperial Polarine Motor Oils enjoy a singular freedom from engine trouble, which is at once a source of profit and pleasure to them.

Every bearing and rubbing surface is cushioned with an unbreakable oil film which relieves friction and minimizes wear. Good compression is also maintained, saving both fuel and oil and increasing power.

Lessened repair bills, lower upkeep costs, better satisfaction and longer service from your car follow the use of Imperial Polarine Motor Oils.

Consult our Chart of Recommendations for the grade of Imperial Polarine best suited to your motor. See Charts at your dealers or write to 56 Church Street for "Automotive Lubrication," a booklet which contains the Chart and other valuable information.

IMPERIAL OIL LIMITED

Branches in all Cities

FOR A CLEAN EFFICIENT MOTOR

The crank case of your motor should be drained, cleaned and refilled with fresh Imperial Polarine every 1,000 miles or less. Dealers who display this sign give expert crank case cleaning service, using Imperial Flushing Oil, a scientific cleaning agent which removes all dirt, grit and impurities, which are so harmful to your engine. It will pay you well to employ Imperial Polarine Crank-Case Service to-day.

MUCH DIVORCE GREAT BRITAIN

Divorces Been Working at High Pressure to Clear off Cases.
 LONDON, July 15.—Since East-land divorce courts have been working at high pressure to clear off an unprecedented accumulation of arrears, which, added to a steady stream of new cases, threatened at one time to overwhelm the physical capacity of the bench. It needed the assistance of a number of retired judges to take the roadway against the avalanche of suits, with the result that they have been disposed of at the average rate of two scores a day.
 The Lord Chancellor, Lord Birkenhead, himself lent assistance by acting as an ordinary judge in the courts. Reviewing the position, he said: "The war has left a degree of rest which has spread into most every sphere of modern life, and the influence of which is likely to be felt for an indefinite period in domestic relations."
War Causes.
 Nineteen out of twenty of the suits in arrears," Lord Birkenhead said, "had their causes in the war or consequences of war. The date when he had the army was the early sociological landmark of posterity after petitioner, from which dated the familiar and pathetic story of weakness on the part of the wife."
 Lord Birkenhead's opinion that matrimonial suits may return at least for a generation, to the pre-war level.
 The anomaly of the present situation has revived controversy on the inadequacies of English divorce laws.
 Mr. Seaton-Tiedeman, secretary of the Inverness Law Reform committee, estimates that the number of wrecked marriages in the United Kingdom is higher in proportion to the population than in the United States.

ALL MORE MEN THAN WOMEN IN THE UNITED STATES

WASHINGTON, July 15.—There are 2,990,132 more males than females in the United States according to census figures as compared with 100 men as compared with 100 women in 1900. In the period of 1900-1910, the census announcement shows.

OPPOSE ORGANIC UNION OF CHURCHES

Principal Fraser Sets Forth Views of Those Who Ask Delay.
 TORONTO, July 15.—A statement has been issued by Principal D. J. Fraser in behalf of the Presbyterian Church Association, setting forth the views of those opposed to the action of the General Assembly, and also stating their attitude in the present situation.
 In part, the statement, says: "I see no reason why the action of the Assembly this year should provoke such indignation among opponents of the proposed union as did the hasty action of the Winnipeg Assembly. There is no mention of coercion. No date is set for the consummation of organic union. The policy of co-operation, which we have always advocated, is adopted in the meantime, and we leave to the future the working out of our Church's destiny. Should coercion be resorted to—that is, should any attempt be made to consummate the union in the face of a strong opposition among the members of our Church—the Presbyterian Church Association will be ready for action."
 "In brief I interpret the action of the Assembly as follows: The Assembly committed itself—not the Church, for the people constitute the Church—to the principle or policy of organic union not to its consummation in the near future or at any specified time, and resolved in the meantime to carry out a generous policy of co-operation."

ITALY SOLVES ITS QUESTION OF HIGH COST OF CIGARS

ROME, July 15.—Somehow the Italian government has solved the problem of a cheap national cigar. Prices of tobacco have been soaring to such luxurious heights that the ordinary cigar smoker could not purchase. Accordingly, experts were assigned the task of getting up a new cigar. They have just announced their accomplishments of the task. The new cigar will soon be put on the market and will sell for two cents. It will resemble the Pittsburg stogie in shape.
 "So that's Mrs. Jones, is it? And what was her maiden name?"
 "Her maiden name was to get married, of course."

CHINA HAS OWN TROUBLES

PEKIN, July 15.—The Chinese newspapers are freely and openly discussing prospects of a far-reaching change in Chinese affairs which they have declared is possible and even probable this summer.
 One of the dominant figures to whom all experienced observers look for an initial movement in bringing about the predicted change is General Chang Tsi-lin, military governor of Manchuria, whose influence in the capital is now paramount.
 The prevailing belief is that General Chang is favorable to the restoration to the Chinese throne of the boy Emperor who has long been a prisoner in the Forbidden City.
 There was widespread expectation that Chang would inaugurate in the spring or early summer a movement to put the boy Emperor back on the throne but it has not thus far materialized.
 This in turn has given way to internal dissensions between Chang and other leaders. Cabinet changes have ensued and there has been talk of suppressing the independent movement at Canton.
 While the newspapers discuss the whole subject quite freely yet there is nothing authoritative and little opportunity to substantiate the reports so freely circulated.
Dog's Life.
 "Jinx declares that he leads a dog's life."
 "Yes, his wife says that he comes in with muddy feet, makes himself comfortable by the fire, growls, and waits to be fed."

YUKON GOLD COMPANY CONTINUES ITS WORK

DAWSON, July 15.—E. E. McCarthy, manager of the New York office of the Yukon Gold Company, who arrived here several days ago, will take charge of the company's affairs in the Yukon temporarily the first of next week, when George T. Coffey, resident manager, will leave for a trip of several weeks to the outside.
 "The Yukon Gold Company's faith in the Yukon and her resources is the same as ever, and the company is willing to look into any promising placer or quartz properties which may be discovered. The only requisite in eventually taking hold of such properties for their working is that they stand the test, and for that purpose the company employs the best experts obtainable. We will continue our dredge and hydraulic gold mining near Dawson as long as the ground pays and will operate the silver properties in the Mayo district so long as they pay."

SKELETONS DO NOT HAVE PAY TARIFF

WASHINGTON, July 15.—The Canadian who has a skeleton in his closet and wishes to export it will not be prevented from doing so by the new U. S. tariff bill.
 Paragraph 1651 of the new U. S. tariff measure places skeletons in the free list. In putting skeletons on the free list the ways and means committee had in mind also other anatomical specimens. Turning from the grave to the gay, it is discovered that the tariff on poker chips has been reduced 10 per cent.

SHE MAY TESTIFY IN STILLMAN DIVORCE CASE

Mrs. Howard Gardiner Cushing, beautiful society woman, who, it is reported, may testify concerning alleged happenings on the Stillman yacht Moesti at the divorce proceedings at Poughkeepsie, N. Y. Her testimony, it is said, will aid Mrs. Stillman, who is her close friend.

FARMERS OF ALBERTA ARE IN THE RING

Issue Platform and Declaration of Principles Before Election.
 CALGARY, Alta., July 15.—The platform on which the United Farmers of Alberta are contesting a large number of the rural constituencies of the Province in the elections of July 18 includes the following planks:
 Proportional representation, and a preferential ballot in single-member constituencies.
 Endorsement of the principle of the initiative, referendum and recall.
 No government to be considered defeated except by a direct vote of want of confidence.
 Economy in administration, consistent with efficiency.
 Abolition of the patronage system.
 Creation of a highway commission.
 Extended and improved educational facilities.
 Maintenance of prohibition of sale of liquor, under such conditions as the people may sanction by referendum.
 Return to the province of the natural resources.
 Co-operative marketing of farm products to be encouraged along lines calculated to reduce cost of production and distribution.
 This platform is submitted by a special committee of the U. F. A. to the provincial constituencies as a "suggested platform" it is accompanied by a "declaration of principles" which reads as follows:
Principles.
 "Believing that the present unsettled conditions in Canada are due in large measure to dissatisfaction with the party system of government, and
 "Believing that present day political institutions fail to measure up to the requirements of present day conditions, and that the present system has failed to develop a sufficiently close connection between the representative and the elector, and the people desire a greater measure of self-government;
 "Recognizing the rights of all citizens, believing that it is the duty of every citizen to exercise his rights of citizenship in the most efficient manner and in the best interest of social progress, and believing that individual citizenship can only be made of efficient and effective through the vehicle of systematically organized groups.
Organization.
 "We, the United Farmers of Alberta, base our hope of developing a social influence and a progressive force on becoming a stabilized and efficient organization. We therefore place primary emphasis on organization.
 "Our organization is continuously in authority, and while through it we formulate declarations of principle, or a so-called platform, these are at all times subject to change by the organization.
 "We are groups of citizens going into political action as an organization. Each elected representative is answerable directly to the organization in the constituency that elected him.
 "We aim to develop through the study of social and economic problems an intelligent, responsible citizenship.
 "This organized citizenship becomes the vehicle not only of intelligent voting but also of intelligent guidance of elected representatives."
FUR SEALING AMONG INDIANS INCREASES AS HERDS INCREASE
 VICTORIA, July 15.—Fur-sealing has come back and on the west coast of Vancouver Island alone the Indians this summer will probably capture two thousand fur seals. Pelagic sealing in British Columbia and Alaskan waters at one time was worked around with all the romance of adventure, wealth and international strife. Though through greed and indiscriminate methods of slaughter practiced by the sealers and a lack of international understanding upon the question of conservation, the industry fell off, the seals all but disappeared and their capture was made illegal.
 Last year the waters of the west coast of Washington produced twelve hundred animals. Officials in charge of the industry and its control claim that once contained as many as 2,500,000 animals, is bound to increase rapidly. There is every probability that as many as one hundred thousand animals may be taken each year, made up wholly of surplus males selected with reference to their economic value, and Canada may ultimately be expected to receive half a million dollars annually from this source.
Poor But Honest.
 "Oke—I don't see why you haggled so with the tailor about the price—you'll never pay him."
 "Owens—Oh, but you see, I am conscientious. I don't want the poor fellow to lose more than is necessary."

WHEN A MAN'S MARRIED

FUR MARKET IS STABLE

Small Stocks on Hand Says New York Dealer Just Back From Europe.

NEW YORK, July 15.—Due to the establishment of dollar credits in Germany by American bankers, the Leipzig fur market was found to be one of the most active in Europe by Norman H. Bacon, president of the New York Fur Auction Sales Corporation, who has just returned from a two months' business trip abroad.

"Profitable sales have been the regular thing in the Leipzig fur market," Mr. Bacon asserts, today. "The result is that an active business is being done. Good supplies of domestic fur are practically depleted. This makes it necessary for the German fur dealers to import their stocks from other countries, and because of the existence of dollar credits in Germany the American trade is getting its share of this business."

Further than this, it will make possible the buying of furs at the auctions held in this city and indications are that beginning with the winter sales there will be a good attendance of German buyers at the New York auctions.

Stocks Are Small.
"With the possible exception of the Paris market, which could be in a bit better financial shape, I found the leading European fur centers in a satisfactory condition. Stocks are generally small and prices are well stabilized. Even in Paris good business has been done in furs, a feature of which has been the call for more monkey pelts for trimming women's apparel."

"Although the London market was hit to some extent by the strike of the English coal miners, which had a deterrent effect on British trade generally, the fur dealers there are satisfied with the business they have done this year. The prices of some American furs are regarded high, however, and the present cost of huskrat prevents its ready sale in London at present. The depleted condition of stocks in London is shown by the fact that the Hudson's Bay Company is said to have smaller quantities of skins in its warehouse than has been the case at this time in previous years. There, as in other European markets, considerable interest is shown in what Russia holds in this line of furs."

Mr. Bacon concluded by saying that a careful study of conditions abroad, particularly in view of their relation to London as an auction centre, led him to conclude that there was nothing to threaten the future of New York as one of the chief raw fur distributing points of the world.

Prince George Hotel TORONTO

In Centre of Shopping and Business District 250 ROOMS

100 with Private Baths EUROPEAN PLAN E. WINNETT THOMPSON, GEN. MGR.

Under Pillow.

"Eddie" Gieffe, who is charged with "discovering" \$10,000 under his pillow, a little reminder from the gamblers of what was expected of him, was Comiskey's highest salaried man. He was paid for the season, and his salary for 1920 was made \$10,000. Others of the indicted players received salaries as follows:

Chic Gandil—\$666.66 a month for the 1919 season.

Buck Weaver—\$7,250 for the season.

McMullen—\$500 a month for 1919, and \$600 a month for 1920.

Jackson—\$6,000 for 1919, and \$8,000 for 1920.

Bappy Feisch—\$714.50 a month for 1919, plus a bonus of \$3,000, and \$10,000 for the 1920 season.

Williams—\$500 a month for 1919, a bonus of \$500, and a personal gift of \$500 from Comiskey. He was signed at \$6,000 for the season of 1920, and had just received a bonus of \$1,500 when he was suspended.

The Man in the Moon SAYS

A girl is quite queer with her beaux. What she will do next no one knows.

Sometimes she will smile. Nearly all of the while, And other times turn up her nose.

LONDON Opinion says hay fever is an irritation of the tissue that causes "itching."

JUDGING by the extenuated ankles on view daily, there are not as many handly legged people in the world as was generally supposed.

ACCORDING to common report the Scotsmen of the town are rather much worried at the Sons of Canada beating them at their own game.

SOME blame the results on the committee that picked the team and arranged the lineup.

THE Southern Britons have also been taken down a peg by the youngsters from the west.

UNLESS something is done to remedy the situation, we shall have these Canadians thinking that they own Canada. That would be badly rotten or to say it more expressively a wee bitly agravat'.

THE native sons are talking of starting a new game which they irreverently call "marbles" at which they say they are ready to wipe up any local aggregation, since there are none of the regular seasonal sports at which they now have a chance to win.

ONE of the subjects for remark around this little city is that since the opening of the Government poison dispensary, there has been no suggestion of the doctors issuing more prescriptions than etiquette says is correct. As a matter of fact the prescription is gone out of fashion along with elongated skirts and bowler hats. Curious how these fashions change!

ONCE more it is possible for a nagging wife to drive a man to drink.

IT is now suggested in boxing circles that if Carpenter had worn a German helmet he would have been sure to win. His opponent would have been scared to death.

Full House. Miss Flyte—I cannot marry you, but I'll give you a place in my heart.

He—No, thank you; I don't care for crowds.

WOMAN LEADER TURK BRIGADE

Women Enlist to Fight for Country and Are Emancipating Sex.

ANGORA, Turkey, July 15.—A Turkish Joan of Arc, Aishe Hanum, has started a women's fighting brigade against the Greeks. Her organization, called the Kadin brigade has already taken part in active fighting and she is constantly enrolling new recruits.

This is the first time in Turkish history that a woman has been so militantly active. She has been dubbed by the people of Anatolia, "The Conqueror." Her personality is in distinct contrast to the beautiful Halide Edib Hanum, the writer and graduate of the American Constantinople College, who has been so active in Nationalist politics for two years and fled to the interior in March, 1920, to escape imprisonment by the Allies.

Aishe Hanum is a stern, dark woman of the soil, aged 52, who sees visions and believes she is inspired by the Prophet. She wears a veil but has cast aside skirts. She carries a rifle and when not at the front goes through the villages accompanied by her 15-year old son, urging the peasants to contribute food and money and their able-bodied women to cast out the enemy stranger from the homeland.

As Nationalist soldiers, the uniform of the Kadin Brigade corresponds to that of its leader.

Indirectly, Aishe Hanum is doing as much as Halide Hanum to emancipate the Turkish woman. When she began her work, the Turkish men, who dislike to have women interfere in politics, tried to force her to return to her farm. But, by the courage born of her visions, Aishe Hanum has continued until she is recognized as an aid to the Nationalist cause.

ALLEGED BLACK SOX COLLECTED \$65,000

Claim Players Made More Money in Bribes Than in Salary.

CHICAGO, July 16.—E enlightening facts are coming out as State and defense swelter through the task of securing a jury to try the baseball players, gamblers and fixers for the alleged 1919 World Series conspiracy.

Fans who believed the Sox were pulling down large salaries are discovering that the actual figures are considerably below the popular conception. Another illuminating fact is contained in the charge that seven of the former Sox players collected nearly \$100,000 in graft and salary in 1919. Of this amount they received \$43,425.02 in salary, bonuses and percentage share in the World Series with Cincinnati. Sixty-five thousand dollars in addition is alleged to have been picked up in bribes so a gambling syndicate might gouge the public for \$1,000,000 on a sure thing.

JAPAN COMPETES IN PACIFIC TRADE

Building Palatial Liner to Compete with C. P. R. with This Coast.

Determined not to be left behind in contesting for Trans-Pacific passenger travel with palatial liners, the Nippon Yusen Kaisha is believed to be placing an order for an ocean vessel that will vie with the best on the Pacific, says the Victoria Colonist. Incoming liners bring word of the plans of the Japanese line, whose officials refer to the new ship as a "super-Empress," and indicate that she will be built at a Glasgow shipyard. It is said that all the materials for the steamer necessary to its construction have already been assembled on the Clyde, and that she will be completed by the end of next year by the British builders. When finished she will be assigned to the Victoria and Seattle route from the Orient.

Plans for a ship of this nature were laid down by the Nippon Yusen Kaisha some time ago, but owing to the serious financial depression existing throughout the whole world, and especially among the Japanese shipping lines, were suspended for the time being. Now, however, the situation is brightening in that respect.

LIQUOR LEGISLATION PROVINCE OF ONTARIO

TORONTO, July 15.—By order in Council the Sandy Bill will come into effect on the morning of July 19, concurrently with the Dominion legislation which prohibits the importation of liquor into the province of Ontario.

Through the bill "short-circuiting" becomes impossible at the same time as non-importation becomes effective. The bill was introduced to prevent orders being placed outside the Province and filled by breweries within the provincial borders. In this way the moving of beer or liquor in Ontario is made impossible, other than that intended for Government dispensaries or people entitled to handle supplies.

The passing of the order in Council means that Ontario is now in a position to go legally "dry" on July 19.

Hard to Judge.

"Where are you going for your holidays?"
"I haven't the least idea."
"But can't you judge from what you have heard your father and mother say?"
"Well, from the way ma talks I should think we were going to Monte Carlo, Switzerland and Egypt. From the way pa talks I should think we were going to the workhouse."

CANADIAN TARIFF UNDER DISCUSSION

Democrats Will Urge Largest Possible Freedom of Trade.

WASHINGTON, July 15.—Because of the effect of the recent emergency tariff law in some respects has been to increase the cost of living in the great cities and centres of population strong opposition is developing among eastern members of Congress to the agricultural duties provided for in the new bill for the permanent revision of the tariff. The proposed wheat duty of 25 cents, intended chiefly to shut out Canadian wheat, will encounter strong opposition. While this is lower than the present emergency rate, it is criticized by members from the cities as too high and sure to mean enhanced prices for wheat flour and bread.

House and Senate democrats in the forthcoming tariff debate are preparing to demand the utmost practicable freedom of trade between Canada and the United States. In fact the subject of the commercial relations with Canada will be one of the chief themes of the entire tariff debate in both houses.

RACING IN VICTORIA EARLY NEXT MONTH

Two Weeks With the Ponies Commencing August 6; Thoroughbreds in Vancouver.

VICTORIA, July 16.—Turfmen and followers "of the ponies" are beginning anxiously to count the days until the thoroughbreds make their appearance once again on a Victoria track. Two weeks racing are ahead, the first to start on August 6, and the second week, after the two weeks' interval imposed by law, to take place in connection with the September Agricultural Fair of the Willows. The horses will be engaged at Vancouver on Saturday next, and four weeks' racing altogether will be enjoyed over there by the Mainlanders.

Plenty of Horses.

Two hundred and sixty thoroughbreds are now in Vancouver waiting for the opening and when the cry, "they're off," is heard for the first time this year of a Vancouver track it is expected that there will be no less than 500 ponies stabled ready to take part in the racing. Will Rob Leighton in charge of the arrangements it is a foregone conclusion that everything will be handled in first class style. The string of horses includes a number of well known first-class gallopers, including some owned by Mr. Brothour of this district and the followers of the sport of kings will have the opportunity of welcoming some of their favorites in the saddle, among whom will be the crack jockey, Riddell and Matthews.

Pari-Mutual.

Those who like to have "something on" will have to be content with putting it on by machinery, pari-mutual betting being the only form of mild gambling to be allowed, and there need be no fear of welfishing as the Royal Canadian Mounted Police will be in charge of the machinery by which one's little bit will be won or lost.

Todd McAvoy, the popular turf man of Victoria, will be over at the Mainland tracks in the capacity of paddock judge, and he says that he will have a bunch of passes to distribute to any local sportsmen who go over there to take in the racing.

PHYSICS OF SOUND.

WINNIPEG, July 15.—Miss Mollie Weinberg, B.A., is announced as the recipient of a grant of \$750 from the Dominion Council of Research. Miss Weinberg will conduct her investigations into the physics of sound under Professor Frank Allen head of the physics department of Manitoba University. She is a graduate of this year.

She Must Be.

Pluzwinch—Congratulations, my dear boy! I'm engaged to the wealthy Mrs. Gragster.

Pignuff—So glad old man! But—er—are you sure she is really so rich?

Pluzwinch—Sure? I should say so! Why, she was arrested for shoplifting and acquitted as a kleptomaniac.

Stances.

Lloyd—I saw you sitting between two fat men in the car this morning. Weren't you almost squeezed to death?

Floyd—Oh, I hadn't much room for complaint.

CHECK YOUR Bowel Troubles
BY USING
DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

When you are troubled with diarrhoea, dysentery, colic, cramps and pains in the stomach, cholera, cholera morbus, summer complaint, bloody fluxes, or any looseness of the bowels be sure and obtain a bottle of "Dr. Fowler's" and see how quickly it gives you relief. This wonderful remedy has been on the market for the past 70 years and we wish to warn you against accepting a substitute which may be dangerous to your health.

Mr. Samuel Buckley, Tatumacouche, N. S., writes:—"While visiting in Western Canada I had a severe attack of diarrhoea. After trying many proprietary medicines I got no relief, but kept getting worse."

I was advised to take Dr. Fowler's Extract of Wild Strawberry, and I lost no time in doing so. I cannot hesitate in recommending it most highly, for when I had not yet taken half the bottle I was relieved. I must say that if "Dr. Fowler's" is given a fair trial it will show its good qualities."

The price of the genuine is 50c a bottle, put up only by The T. H. Mearns Co., Limited, Toronto, Ont.
