Smuts and Loyalists Are Now Ahead

FOREIGN OFFICE MAKES APPEAL TO INTERNATIONAL CORRESPONDENTS

South Africa Safe Within Empire for some Time Yet

General Smuts has Good Lead in General Election Count; Labor Leader is Defeated by Smuts Candidate; Working Majority Expected

LONDON, February 9.—The South African election returns for received show the South African party headed by General Smuts has elected 23 candidates, Laborites 3, Nationalists 2; and Independents 1.
Frederick H. Gresswell, the labor leader, was defeated by a Smuts candidate, this being the feature of the election.
The main issue before the people was that of the independence of the Transvaal and remaining part of the British Empire as championed by Smuts. From early returns there is little doubt but that the country is still solidly British.
Cape Town, February 9.—(Later). At midnight the election returns showed the South African Party headed by General Smuts elected 39 candidates, Laborites 9. The Nationalists will gain the seats in the Transvaal but the prevailing opinion is that Smuts will have a good working majority.

Britain and States and News Services

British Foreign Office Call Correspondents Together to Issue Warning Against Piecemeal News

MONTREAL, February 9.—A cable from London to the Montreal Star says that on Monday the Foreign Office summoned every correspondent of the American press residing in Great Britain and appealed to them to exercise patience and guard against statements or actions which would arouse feeling between England and America. The appeal was made directly and it was pointed out that the two countries were now treading the paths that lead to war.

It was said that the nations were drifting apart through lack of comprehension of each other. Piecemeal press stories between the two countries were not helping the situation.

Denied at Washington.
WASHINGTON, February 9.—The British charge d'affaires here, Leslie Craigie, called on Secretary of State Colby today to formally deny the published reports that the British Foreign Office had stated to United States newspapermen that Britain and the United States were treading paths leading to war.

BALLANTYNE SENDS ANOTHER MESSAGE

Belated Letter Arrived this Morning, Just Too Late to be Effective.

The following was received this morning signed by G. G. Ballantyne, minister of marine and fisheries:

"To give other food resources an opportunity to recover, but primarily to assist in the development of the fishing industry and enable Canada to take its logical place at the head of the fish producing countries, I would ask every hotel keeper and restaurateur throughout the country to give prominence to Canadian fish on Fisherman's Day—National Fish Day, February 9.
"We at home consume about one-third of the fish we produce. Canada is our biggest buyer. Unlimited supplies of fish are available to us and our chief concern is to extend the demand for it. Each and every Canadian can do his or her share to develop the most important of our markets—right here at home—by giving fish the place it deserves in one's diet. Let all begin to cultivate the habit on February 9."

RAILWAY TAXES ARE DISCUSSED

T. Watson, G.T.P. Representative, Asks Fifty per cent Allowance on Property.

The court of revision sat the most of yesterday afternoon and has adjourned its session to tomorrow morning when the matter of the G.T.P. assessment will be gone on with.

Yesterday afternoon T. Watson, the representative of the railway company, appeared before the court and at some length put forth the case of the railway company. He stated that it was not the desire of the railway company to barter with the city over the matter of assessment, but all that was desired was a fair basis. Mr. Dybhavn concurred in this but the viewpoints of the railway company and the city as to what really is a fair basis is the question.

The railway company is asking that the city take as a basis the assessment on adjoining property to that of the railway company and that an allowance of approximately 50 per cent be made for right of way and roadways.

The city's stand is that the railway company is not entitled to this allowance as it was the railway company that originally made the plans and then set forth the roadways, parks and right of ways until such exist and are open to the public.

Message from Peterboro.

While it is never safe to gauge public opinion by the results in any one constituency, it may be safely said, following the general trend of events here and elsewhere, that the life of the present Government will end just as soon as the people have an opportunity to express an opinion.

Must Vote Money To Carry on Government.

No money can legally be spent without the consent of the House of Commons. With the close of the financial year, there will be no money available to pay the civil servants and to carry on the other functions of administration.

Why so Much Fuss Over Peterboro?

Some people are asking the question, "why so much fuss over Peterboro?" Other constituencies have gone against the Government with no fatal result.

In this country there has been a general weakening. J. H. Burnham, the member for West Peterboro, along with dozens of other members of the House, felt the position of the present Government anomalous.

The Liberals met Mr. Burnham and asked him if elected would he definitely oppose the present Government. Mr. Burnham refused to pledge himself, so the Liberals refused to take chances and put up a candidate of their own.

If the people in Ontario are against the Government, how much more so, as Euclid would say, must the people of the West be against them.

Where Were Farmers in Peterboro Election?

There is no suggestion of a jibe in asking the question, where were the farmers in the Peterboro election? The only reason for mentioning their defeat is because so many people have declared that all Ontario would return farmer candidates.

There should be farmer candidates in large numbers in the next Parliament, not as class candidates, however. We do not want class legislation. Most of the farmers are Liberals and their policy is a good Liberal policy.

HEADACHES

Make Life Miserable

Headaches are one of the most aggra-vating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

Headaches seem to be habitual with many people; some are seldom, if ever, free from them, suffering continually from the dull throbbings, the intense pains; sometimes in one part, sometimes in another, and then again over the whole head.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mrs. Harold Lantian, Owen Sound, Ont., writes:—"My system was run down and my blood out of order. I suffered a great deal from severe pains in my head, which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health, so I took another and an extra to say that it has done me an enormous amount of good. I have recommended it to my friends, who were in a similar condition, and they all say it is a wonderful remedy."

B. B. B. is put up only by the T. M. Sullivan Co., Limited, Toronto, Ont. Adv.

E. F. Doby, manager of the Prince Rupert Lumber Co., returned from Vancouver this morning.

James Wesley and David Denny, Pert Simpson natives, were each fined \$10 this morning in the police court for drunkenness.

Mrs. A. Brooksbanks and sons, Fred and Billie, and daughter, Lucile, returned this morning to the city from North Yakima, where they have spent the past several months.

Chief Steward Newey of the Prince George had a severe attack of tonsillitis on this trip North and today is confined to his room, where he is being attended by Dr. W. T. Kergin.

SHOWER LAST NIGHT AND PRESENTATION TO MISS KATIE SHAW

At the home of Miss Sarah Kenny, Dunsuir St., a shower was held last evening for Miss Katie Shaw, who is to be married next week to Lee Kendall, a re-tired soldier of this city.

After the shower a presentation of a beautiful silver tea set was made to Miss Shaw on behalf of the telephone girls, of whom she was one.

For the shower there was a large decorated basket in which all the gifts were placed and this was drawn by tinzel strings into the room where the guests were assembled. The fine presents were then opened up and were much admired. The presentation of the tea set followed and after-wards there was dancing, followed by the serving of refreshments on a daintily decorated table, the party, about 35 in number, break-ing up at midnight.

METEORS HEAD INTERMEDIATES

Better Attendance at Basketball Games Last Evening When Weather Favorable.

The basketball game between the Sons of Canada and Gallies last evening proved a well con-tested affair with the former the victors by a 21 to 15 score. The Gallies were in exceptionally good trim and gave the Sons a better run than had been expected. In-deed, it was not until the last five minutes that the Jack Canucks had a real safe lead. Wallace Anderson played the stellar role in the Sons of Canada team and did most of the scoring, while the absence of Harry Menzie from the lineup was noticeable, his fast floor work always being a source of worry to his opponents. The members of the Gallies' team played consistent basketball and made the best showing they have yet done this season. W. E. Wil-liseroft was the referee and the lineups were as follows:

Sons of Canada—Lane, 2; Scott, Shakespeare, 4; Anderson, 16; W. Blythe, and C. Blythe for W. Blythe in the second half.

Gallies—W. D. Smith, Charlton, 1; E. Smith, 2; Graham, 4, and Black 8.

Junior All-Stars.

No. 2 Junior Girls All-Star team avenged the defeat given them re-cently by No. 1 when they turned the tables 13 to 5. The shooting of Miss Leona Parker, who played her best game of the season, was no small factor in the victory of her team. These junior games are very interesting and what they may lack in science is certainly made up in energy.

No. 1—M. Gaspy, P. Tremayne, M. Shenton, 3; V. Shoekley, 2, and M. Lancaster.

No. 2—E. Ross, A. Gursich, A. Stephens, 1; G. Leek, and L. Parker, 12.

Meteors Champs.

By their victory of 11 to 4 over the G. W. V. A girls last night, the Meteors are now assured of the Intermediate League champion-ship. In their play throughout the season they are fully worthy of this honor, having not lost a single game so far in the series. The first half was fairly even but in the second half last night the better teamwork of the Meteors brought them the victory. The G. W. V. A. seem to lack a good shooting forward with which they would be a team to be reckoned with.

The scorers: Meteors—M. Robert-son, A. Kelly, H. Hibbard, H. Morris-son, 9, and M. Lindsay, 2.

G. W. V. A.—Mrs. O'Neill, A. Sewell, A. Davidson, 2; W. Dyer, and E. Thomson, 2.

WHY NOT BE A SHREWD INVESTOR?

If you had purchased \$1,000 worth of French Bonds at this time last year and resold them in June, you would have realized \$1,000 profit. We keep our clients posted as to prices, which en-ables them to take advantage of the market. Our office is in close touch with active markets at all times and will repurchase these Bonds at any time at market.

Delayed Christmas Presents were Given and Dance Followed at Kitsault House

ALICE ARM, Feb. 9 (Special).—The Alice Arm school children held their delayed Christmas concert at the Kitsault house at the end of the week and the program presented reflected much credit upon the painstaking training that had been given the young-sters by Mrs. T. A much enjoyed dance followed the concert.

Song by Mrs. J. M. Watson.
Piano solo by Frances Barrett.

Recitation by Alice Anderson.
Recitation by Teddy Kergin.
Recitation by Arthur Cameron.
Recitation by Lorne Falconer.
Recitation by Juanita Falconer.

PRINCE RUPERT ASKS TOO MUCH

Editor Claims This City Had More Than Share of Government Aid

The Terrace News in a front editorial brings out all its guns to pound Prince Rupert being allegedly greedy. It

The old parable of the ten lepers and the sequel of "unto which hath shall be given; from him that hath not, even he hath shall be taken from" seems to be working out well when compared with Prince Rupert and the interior government appropriations. Prince Rupert as a seaport is clearly entitled to have a sum spent on public works, the development of the interior is also important. Even if it is good, people can't all live on fish.

Million a Year

Prince Rupert for its population probably had more public money spent there than any other in the Dominion. A very conservative estimate would be during the last ten years it averaged over a million a year.

Some instances of approximate figures will bear this out. In the Dominion there has been approximately five million on the dry dock, another five million on a government wharf, and two million on a government wharf on two lots bought for a wharf site, which were developed to the extent of a hole in the ground which filled up with water and that a pump had to be installed to keep it dry and to prevent anyone drowning. Some thought of boarding up the hole and so the pump was installed. The hole is still there. Some went for a marine wharf and wireless apparatus. This wharf is for use only as no boats tie up

Government Wharf

Provincial government has wharf costing over \$300,000. Besides all the government wharves, paying for street work supporting a fair share of population. At present it is being expended in redeveloping the wharf for fish-

total sum of public money in Prince Rupert has probably supplied a good portion of its income ever since its inception. Everyone will have to take their share in reverence to those who are able to land the bacon freely.

There is another phase of the situation. The government will not always be so easy and eventually there will be expenditures made that have recently got away with and the port of Prince Rupert will have to end on actual business and construction work. The houses will never find a unless people live and in the interior. There is no shipping if there is no payment and nothing to ship. Construction of the P.G.E. line along the coast and prairie through to Vancouver. The territory that will be left in the north part will be not as east than Hazelton or any of these facts would it

not be a policy to forego some of their own demands and try to see that their dependent territory was developed to the greatest extent.

To Port Edward

The Prince Rupert Board of Trade, backed by the City Council, are now requesting a road to be built to Port Edward at a modest estimate of \$60,000, but probably an actual cost of \$100,000. A sum like this taken from the appropriation of a large constituency leaves precious little for the balance. The end of this proposed road could be reached just as easy by motor boat.

Last year a representative of the Terrace Farmers' Institute appealed to the mayor of Prince Rupert for the right to repair a manure hopper, at no city expense, which had been condemned by the council, and was flatly refused. This action was keenly felt by the farmers here who wanted fertilizer for their farms. The removing of the loading facilities absolutely prevented the manure being shipped in at a reasonable price.

As to roads, there would be no

question that if Lakelse Hot Springs were located eight miles from Rupert they would have a paved street with electric lights by this time, but seeing it is here, the road is only a brush trail that follows a trapper's blaze made some twenty years ago. The same condition exists to Kulum Lake, and even right in the arena of three poles from town.

Just Consideration.

Terrace does not want anything but a just consideration. The district between here and Gedarvale is the only agricultural section in the whole constituency that is being developed to any degree, and it should be encouraged. It is to the interest of everyone to help the settlement of this district as every new man that engages in agricultural pursuits in this territory is an asset to Prince Rupert as well as some of his money eventually lands in the coast town and helps in its upkeep.

Rev. J. W. Lietch, superintendent of Baptist missions, left on the Chelobsin for Vancouver last evening after having spent some days in this city.

JAZZ MUSIC BRINGS ARTIST OUT OF BED

Wallace Reid is Here Tonight in "Sick Abed" and Bebe Daniels with Him.

The scene, as they say in the printed plays, was the LaSky studio. Under the lily white sheets that adorned the bed lay Wallace Reid, a towel around his forehead and a pained expression in his eyes. Near him pretty Bebe Daniels stood waiting anxiously, while a grave doctor examined Wallie's heart with a stethoscope.

From another set came the strains of jazz music. Wallie stirred uneasily. The doctor frowned. The director started forward with a warning shout. "Time out!" cried Wallie suddenly to the camera men and sprang out of bed.

A few hurried words to Bebe Daniels. She smiled and nodded. Wallie placed his arm about her and, disregarding the scandalized director, swung into a lively jazz dance step. Just as they did in

the previous Reid picture, "The Dancin' Fool." When the music stopped, so did the dancers, and Wallie climbed back into bed. "I couldn't help it," he apologized laughingly. "I'm sick of acting sick, and the jazz music started me off. Proceed with the examination, doctor. Shoot!" So Wallie became the hero of "Sick Abed" again. According to the picture, he was just feigning illness to help a friend out of a laughable mess. The film will be shown at the Westholme tonight. H. A. Aldous and George Minchin were arrivals last night from Terrace.

FRED STORK IS ON WAY HOME

Making Trip by Easy Stages—Fred Dawson Says People Hostile to Bowser.

F. G. Dawson who arrived home this morning from the south says he met Mr. and Mrs. Fred Stork and family in Seattle. They are on their way home, making the trip by easy stages.

Delta Election.

Asked what the people in the south thought of the Delta election, Mr. Dawson said the general opinion was one of hostility to W. J. Bowser, who had tried to introduce underhand tactics into the campaign but who had been effectively rebuked by the people of the constituency.

Naturally Government supporters are elated over the outcome as they feel the people of the province are really behind them.

CANCELLATION OF RESERVE.

Faint and Dizzy Spells Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed."
