Unity of Purpose Washington Today BRITISH SETTLEMENT PROPOSAL WAS ONE DOMINION PARLIAMENT

World Powers in Agreement On General Principle of the U.S. Disarmament Proposals

WASHINGTON, Nov. 15.—In unison the spokesmen of Britain, France, Italy and Japan today accepted the United States proposals for the limitation of armaments in "spirit and principle," making reservations for suggested modifications in detail. In the following order Arthur J. Balfour of Great Britain, Baron Kato of Japan, Senator Schanzer of Italy and M. Briand of France gave the adherence of their governments to the general terms of the proposals.

Mr. Balfour said in part that many of those in his audience were citizens of the United States. "The United States stands impregnable with its lines of communication protected by any conceivable hostile attack. It is not merely that you have 110,000,000 people. The geographical position of your country makes you wholly immune from the perils to which the European Empire is subjected. Suppose your western states suddenly removed ten thousand miles across the sea? Suppose you were the heart of your country was on a small and crowded island depending on its overseas communication for raw materials. Suppose your population never had more than seven million and that this had to be replenished from overseas. You would understand why it is that every citizen of the European Empire, no matter where he lives, can forget that it is the communication from which he lives and without which he dies."

Mr. Balfour suggested the submarine tonnage might well be limited and the construction of large submarines prohibited. He was making the battleships as a basis he thought the propositions reasonable.

It was understood the British acceptance contemplates modification of several important details of the replacement plans.

Jusserand and General Berthelot as principals and Maurice Casenave as General Secretary.

ATTACK ON GOVERNMENT

McKenzie and Pooley Criticize
Administration of Various
Departments.

VICTORIA, Nov. 15.—Another opposition attack was made on the Provincial Government in the Legislature yesterday. W. A. McKenzie of Similkameen told the Legislature that the Government was neglecting the municipalities, denying them new sources of revenue. He thought the Government was to blame for the backward state of the mining industry in the province and thought the Merville soldier settlement badly financed.

R. H. Pooley of Esquimalt returned to the charges against Dr. Baker of the Game Conservation Board, making specific allegations that Baker trafficked in furs and mishandled licenses. He called Baker a fur bootlegger.

Hon. J. W. deB. Farris moved the adjournment of the debate, which was on a motion for a select committee to investigate Dr. Baker's administration. He said several of the questions asked could not be answered offhand.

VICTORIA COUNCIL DABBLES IN POLITICS

VICTORIA, Nov. 15.—A federal enquiry into alleged extravagances of the Provincial Government will be suggested to the city council by Ald. Sangster when the special committee meets on Friday to plan a response to Hon. John Hart's proposal respecting municipal revenue.

The city council at its meeting last night passed resolutions condemning the Provincial Government for alleged "reckless expenditure" and asking Victoria members of the Legislature to furnish information regarding expenses of the departments for automobiles.

BARTER AND SALE IN RUSSIAN CITIES

MOSCOW, Nov. 15.—In cities the size of Petrograd and Moscow scores of street markets have lately been opened. Food is the drawing card. People who have not the money to buy white bread go to the markets to look at the large tempting loaves, and they generally take something with them to sell or barter. They wander from market to market. It is the best way to meet one's friends and hear the news.

The wide streets and boulevards of Russian cities, and the great circles and squares afford ample space for markets which, however, cannot be confined to the market places of imperial days because of the lack of shops and the universal necessity for barter and sale.

IMMIGRATION COSTLY; 2000 POUNDS EACH RETURNED SOLDIER

LONDON, Nov. 15.—Reuter's correspondent at Melbourne cables that the high commissioner's office was attacked in the senate recently and emphasis was laid upon the need of alert, well-informed officials.

A discussion on the immigration question produced the reply that the government had no difficulty in securing immigration, but the difficulty lay in providing for immigrants upon their arrival, considering that it cost £2000 to settle each returned soldier.

OPPOSE BRINGING OF UNKNOWN SOLDIER TO CANADA FROM FRANCE

LONDON, Nov. 15.—Parkdale branch of the G.W.V.A. passed a resolution strongly opposing the proposal to bring an unknown Canadian soldier from France for burial in Canada. The view is expressed that the honor accorded the unknown soldier in Westminster Abbey is sufficient for the overseas Dominions and the British Empire.

OBJECT TO INCOME TAX ON TIPS GIVEN TO RAILWAY PORTERS

LONDON, Nov. 15.—Railway porters and conductors are protesting against a claim made by revenue authorities that they are liable to income tax on the amount of tips they receive. The men contend the tips are gifts and as such are exempt from taxation.

Ulster Minister Slates Coalition Cabinet for Attempted Betrayal

BELFAST, Nov. 15.—U. M. Andrews, Minister of Labor in the Ulster cabinet, on his return from London, where he attended a conference with his colleagues and with representatives of the British Government, declared a disgraceful betrayal of Ulster had been attempted by the coalition cabinet.

"The suggestion was made that we agree to a parliament for all Ireland with Dominion powers," he said. "We have informed His Majesty's Government that we are not prepared to admit the ascendancy of any parliament other than the Imperial Parliament over ours or agree to its reserve services being transferred to a parliament for all Ireland, which undoubtedly would be controlled by those who are enemies of the Empire."

HOSTILE RECEPTION TO LATE GOVERNOR

Duke of Devonshire Found It Im-
possible to Speak at Chiswick.

LONDON, Nov. 15.—The Duke of Devonshire was given an extremely hostile reception when he attempted to give an address on the question of the League of Nations at a meeting held at Chiswick. Owing to the hostile attitude of the crowd it was impossible for him to speak. The anti-militarist against him was doubtless inspired by his being a large landowner in that district, and the disturbance had evidently been carefully organized.

Main Issue

Before Electors.

There are still a few people who profess not to understand that voting for Colonel Peck may mean voting to perpetuate the present condition. Until Colonel Peck makes it quite clear that he will vote if necessary to put the Meighen Government out of office, there can be no other interpretation of his action. In his utterances and those of his committee there has been shown no slightest inkling of his possible attitude when he gets to Ottawa, except that he will do as he likes.

Is it fair to the voters of this constituency to ask them to vote for a man without giving some idea of the line of policy he will follow on the great national questions? Local affairs undoubtedly loom large, but others are vital to the nation. From everything the independent candidate has said, from his general attitude toward Liberalism, and from the people who have been rallying round him, it seems that should he be returned he will vote to keep the present group in power.

Do We Want

Present Government?

It then comes back to this: Do we want the present Government continued in power? Skeena is going to be a factor in the election. This constituency will help to decide whether or not Meighen and his tribe of capitalists will remain in charge of the affairs of state or if the government of the country shall be handed over to those in closer touch with the common people. A vote for Stork is a sure vote for putting Meighen out. There can be no misunderstanding about it. The policy that far is clear cut. There is no compromise. A vote for Stork is a vote for a change, and any change would be better than the condition which we have suffered for the past few years.

Effort Made to Stampede Electors.

An effort has been made to stampede the electors into the belief that large numbers of Liberals were deserting their own candidate and supporting the opposition. Such is not the case. There are a few who, for reasons best known to themselves, are supporting Colonel Peck at this election who formerly supported the Liberals. Similar changes occur at any election. On the other hand, however, there are large numbers of men and women who are dissatisfied with the Meighen Government and who are not willing to take chances on any man who lives in the Meighen atmosphere, is supported by the Meighen group and who refuses to state how he will vote if he goes back to Ottawa.

Silent Vote Will Determine Election.

It is the silent vote that will determine the present election. There are in the city hundreds of men and women who do not say who they intend to support. Some do not yet know which way they will vote. They are harassed with doubts. They remember Colonel Peck's war record and feel they owe him a debt of gratitude. We all feel that way. The difficulty is to disassociate sentiment from the election. It is difficult, but it has to be done. We have to get down to cold facts. We have to realize that this is peace time and that the good of the country is the first consideration. Patriotism consists in doing that which is in the best interests of the country. To be a good Canadian is to vote in such a way that the whole country will prosper. It is not to continue in office the men who are controlled by the big manufacturers, the railways, the banks and the other overwhelming interests of the country, thus perpetuating class rule. It is to make the government once more representative of the people.

Dangers of Children Playing on Street.

Little children playing on the streets are in grave danger from passing autos and trucks. A lady tells of seeing a truck driving along one of the avenues at a reasonable speed. Some children were playing at the roadside. Just as it was passing a little boy dashed out in front of it, and the truck driver almost wrecked his truck in order to save the child. The youngster laughed about it and apparently thought he had done something smart. Had he been run over the truck driver would probably have been blamed. What is the remedy?

LAST DAY FOR XMAS VERSES SUBMITTED M'RAE COMPETITION

This is the last day of the competition for the McRae Christmas verse prize. Recent entries are:

Here's a greeting from Prince Rupert

For it's Christmas time again Don't you pity us poor creatures With our muskies, rocks and rain?

Well we do not need to worry For the first few years are worst

And the town will be a good one Though it looks like H-I-I at first.

Merry Christmas.

Some prefer new-fangled greetings

Others search for this or that, But "A Merry Christmas" from Prince Rupert

Never sounds the least bit flat.

Christmas Greetings.

It may be just a custom

Sending cards like this, each year

To our uncles, aunts and cousins

And the friends we hold most dear.

But there's something more than habit

In the warmth of friendliness

That prompts the sending of this card

That goes to your address.

The best that I can wish for thee,

Dear friend, this Christmastide

Is that you might be with me, View Rupert's Harbours wide;

Its lovely snowclad mountain tops,

And sunsets, beautiful, rare,

To linger ever in your mind

And drive away dull care.

Wishes.

If Prince Rupert's fishes

Were wishes, propitious,

Do you know what I would do?

I'd fill the world's dishes

With fishes, delicious,

And I'd send them all to you.

Greetings Unpolished.

From Prince Rupert I send you

this greeting

It's a city of roads built of planks;

Its women live on pink teas

and scandal,

Its men thrive off credit and notes on the banks.

But apart from its above mentioned badness,

And in spite of its muskies and rain,

No one's ashamed to say "I live in Rupert,

For we are all dam glad to get back again.

In the Letter Box

OBJECTS TO NURSE.

Editor Daily News:

A great celebration of Magna Charta Day is being arranged for next June 15, throughout the British Empire and the United States.

From this love of liberty, in politics and religion our great Empire, and the republic to the south of us have been developed.

With this in mind the proposal contained in the letter of Dr. H. E. Tremayne in your issue of November 12 calls for at least one protest in the name of Liberty.

There is no doubt at all that this appointment would, according to the doctor "enhance the value of medical examination of children manifold," but that "she would be able to convince their parents that it is in the interest of the child's welfare they should be attended to" is quite another matter. The average parent knows better than any one how to care for his or her child without being reminded daily, or weekly, of his or her duty in this direction.

Educated, Not Ticketed.

Children are sent to school to be educated not to be ticketed and numbered and examined like pedigree stock. May we not leave the public schools of the city free to carry out their scope and purpose in the limited time they have for lessons, without providing gratis a field for the cultivation of theories, free subjects for experiments. The doctor is not the repository of all knowledge, though acting with the best of motives.

In the Prince Rupert Hospital we have a Municipal Institution established at large cost to minister to all who believe in the regular allopathic, homeopathic, osteopathic or other schools of treatment, and maintained and paid for by the taxpayers who believe in these schools.

Parents Have Say.

I have no objection to the doctors teaching the children of parents who believe in them, but I do insist on my right to have something to say about the education of my children.

The Puritans, under Archbishop Laud, used to say that they could not call their souls their own. Our school children, if such a compulsory, periodical, and physical examination is inaugurated, will not be able to call either their souls or bodies their own.

SOCIAL EVENT WAS ENJOYABLE

Queen Mary Chapter Gave Bridge Party and Dance Last Night.

One of the nicest little social events that has been held in Prince Rupert for many a day was that of Queen Mary Chapter, Daughters of the Empire, in the Metropole Hall last night. The arrangement of the rooms made it particularly suitable and enjoyable. The early part of the evening was devoted to bridge, progressive bridge being played in one room and pivot bridge in the other.

About 11 o'clock refreshments were served on the card tables in one of the rooms, and following that dancing was enjoyed for a couple of hours in the other. It was a happy conception, well executed, and the jolly party had a delightful time.

This is the first event of the kind that has been held in the Metropole, but it is likely that many others will follow.

The winners of the prizes were Miss Tovey and George Munro, and consolation prizes went to Miss Belding and H. F. Pullen.

The committee in charge of the arrangements consisted of Mrs. L. W. Kergin, convenor; Mesdames Blanche Steyn, Hunter, Orchard and Morrissey. The music was provided by Charles and William Balazs.

The proceeds are for the building fund.

MANY AT WEDDING OF MISS GRAHAM TO ROBERT ARTHUR

Dance Followed Ceremony at Which Friends of Bride and Groom Had Enjoyable Time.

A very pretty wedding was solemnized at eight o'clock last evening, the principals being Robert Arthur, Jr., son of Mr. Robert Arthur of Third Avenue, and Miss Viola Graham, daughter of Mr. and Mrs. F. A. Graham of Victoria, now resident in Prince Rupert. The ceremony took place at the residence of Rev. H. B. Grant, D.D., being the officiating clergyman.

The bride looked charming in white crepe de chine and a tiny pink ribbon around the waist and carrying a bouquet of white chrysanthemums. Equally charming was the bridesmaid, Miss Nora Kenny in Nile green organdie with a pink hat.

The bride was given away by her father and W. Geddes was the best man. The groom's gift to the bride was a cameo ring set with pearls and after the ceremony the bride was presented with a silver tea set by the girls of the telephone department, the presentation being made by J. Allen.

The Dance.
Following the wedding a dance was held in the De Luxe Hall, the Westholme orchestra furnishing the music, at which about forty couples danced until the early morning hours. Among the guests at the wedding were: Mr. and Mrs. A. G. Macdonald, Misses Margaret and Ida Woods, Mr. and Mrs. F. A. Graham, W. Woods, Mr. and Mrs. J. Watson, Mr. and Mrs. W. Murray, Mr. and

Mrs. J. Brown, Mr. and Mrs. R. Morin, Mr. and Mrs. A. Kinghame, Mr. and Mrs. H. Steen, Mrs. Gowan, Mrs. Large, Harry Astoria, Don Graham, Willie Duncan, James and Willie Hamilton, Mrs. K. Birnie, Miss Nora Kenny, W. Geddes, Miss Thelma Knight, Miss L. Ross, Miss C. McLeod, Mr. and Mrs. H. Arthur, Mrs. Hamilton, Mrs. W. Sherman, Mr. and Mrs. J. Arthur.

The young couple have taken up their residence on Tenth Avenue East.

LOCAL LADIES OPEN IN BUSINESS HERE

Mrs. Brehaut and Miss Maud Eason to Conduct Fancy Goods Store.

A new business which is just opening in this city is to be conducted by two well known ladies, Mrs. Brehaut and Miss M. E. Eason. They have taken the store formerly occupied by W. J. Barrie next Atkins' butcher shop and will conduct a fancy goods establishment and do plain sewing of all kinds.

One of the interesting parts of this new business will be the women's exchange, where ladies of the city who wish to dispose of their needlework or any other articles made by themselves may do so on commission. It is an institution that has been needed here and should be successful.

The new firm has the agency in Northern British Columbia for the Reeves vacuum carpet cleaner. This machine is inexpensive and does the same work as an electric cleaner most effectively. It has had a large sale in some parts of the province.

Owing to the fact that Mrs. Brehaut and Miss Eason are so well known, their business promises to be an instant success. They are already moving in and are doing business.

ENJOYABLE PARTY TO CELEBRATE MILES LEMON'S MAJORITY

A most enjoyable party took place at the residence of Mrs. Lemon, Fifth Avenue last evening, it being the occasion of her son Miles attaining his majority. Over 30 guests were present. At the commencement of the evening progressive whist was played, thirty-two players being seated. The first ladies' prize was won by Miss A. Walker and the booby prize by Mrs. S. L. Warrior. The first gent's prize by S. Smith and the gent's booby prize by Corporal Ernest George Newham, M.M. Splendid music and dancing was enjoyed during the evening. A special feature was a comic song by Constable Arthur B. Thornthwaite.

Mrs. Lemon made an excellent hostess aided by Miss Ruth Lemon, who served the ices.

Among those present were Mrs. Keith, Mrs. Haugh, Mrs. G. T. Strong, Mrs. Skatkehol, Mrs. Warrior, the Misses Warrior, Smith, Walker and Georgina Hunter, Nurses McLennan, Fraser and White, Messrs Newton, F. Haugh, Warrior, Newham, Thornthwaite, Davies, D. Stenenson, Brice, Maxwell, Keith, S. Smith, G. Thornburn, W. Stevens, McEwan, C. Lemon, McGee and the guest of the evening Miles Lemon.

FIRE CHIEF ASKS ROAD

Says There Is No Means of Getting to Waterfront With Apparatus.

At the meeting of the city council last night it was decided to investigate a proposal for a road along the waterfront.

A letter was read by City Clerk Woods, received by the city from Fire Chief McDonald on the question. The fire chief pointed out that the roadway in that locality was badly in need of repair to enable the fire engines to make satisfactory progress in case of fire breaking out along the waterfront or any one of the boats using this port requiring their services, and intimated that there should be one well graded and well lighted roadway to the waterfront. It was moved by Alderman Dybhavn that the matter be referred to the board of works in order that they could look into the question and a report be made to the city council. This was carried unanimously.

"I beg to draw your attention to the wagon road leading to the Dry Dock."

"This road is getting into a terrible condition, as it is now filled with ditches and ruts."

"In case of fire at the Dry Dock we would be hardly able to get there at all, especially with a heavy fire truck and even then we couldn't go at any speed."

"If you can bring any pressure to bear on the G.T.P. officials or anybody in connection with this road in order to get it into some kind of shape, you will be doing a great deal."

"Every seaport town has a good road to their water front and we need one here, where there are so many fish boats and some times passenger boats along the water front."

"There is also a new warehouse to be built on the new wharf, and a new depot, and all to be connected up with new water mains and hydrants, but we don't hear anything about a permanent roadway leading to this great dock and warehouse."

"If the fire committee or city council can bring any pressure to bear on somebody in regards to this matter, they will be doing a great deal."

"I think for the protection of the water front, there should be one good permanent road, well lighted, especially to warehouse and depot."

"I am given to understand that the Provincial Government is opening up a permanent road down to Cow Bay, and leading to the Government Wharf. This road will be a great improvement."

"If the fire committee or city council can do anything along those lines, this would be a good time to get started, and there are a lot of men out of employment who it would also help."

"Good roads will always be a great help to us, for in case of fire we will always be able to get there anyway."

Burns Lake, the Thriving Town of Northern B.C. Is Centre of Great District

BURNS LAKE, Nov. 15.—At the end of the beautiful Lake bearing the same name has sprung into being, practically in the last two years, the thriving and prosperous town of Burns Lake, the gateway of the famous lakes district to the south. Burns Lake is located on the main line of the Canadian National Railway 316 miles east of Prince Rupert.

Six years ago there was nothing here but an Indian reservation and a small sawmill on the opposite shore of the lake. The reservation is still here and north of the railroad track from it is the most of the new town. It boasts a population of three hundred people and is steadily growing. It is supported by the wonderful agricultural areas to the south around Francois, Ootsa and Tshenikot Lakes.

Although the Burns Lake townsite was out on the market but a little over two years ago, there have already appeared on it many fine business houses and residences. The people have a wonderful confidence in the future of their town and say, one and all, that it is the best town on the Canadian National Railway, between Prince Rupert and Prince George. They point to the fact that there is more bright handled through the station here than at any other point along the line between the two cities. This is due to the immense territory of the Lakes District for which it is the centre. Business is on the increase in the town and great strides have been made by those who have been established for the past two years or less.

Handsome Bank.
There is one bank in Burns Lake, the Royal Bank of Canada. Miles Henderson, formerly of Prince Rupert is the manager and his assistants are Mr. Pullman, Mr. Christiansen and Gettner Owen. This year the bank moved into its new home, a handsome two storey building, which is the finest in the town. It was built by S. H. Shockley, the Prince Rupert contractor.

There are two general stores, C. E. Ineson and Fred Aslin being the proprietors. C. S. Woods, conducts a drug store.

Three hotels cater to the travelling public. A Ruddy, formerly of Hazelton, is the proprietor of the Omineca Hotel, which was recently enlarged doubling its accommodations and providing a splendid hall which is used for all manner of functions. The Burns Lake Hotel is owned by Gerow Bros. and has been leased by J. Yohn. The third hotel, the Lakeview, is run by E. Sullivan. There are two cafes, the O. K. owned by Ed Stearns and a lunch counter run by Mrs. Barney Mulvaney. E. G. Kisko is the proprietor of the barber shop.

Fred Fraser is a young lawyer established in Burns Lake.

Telegraph Offices.
There are two telegraph offices, the Government and the Canadian National. H. D. McNeill is the manager of the former and P. V. Tallon, the agent, manages the latter.

R. G. Stearns conducts a hardware store and Robert Hatch is engaged in the confectionery and photography business. John Short and I. L. Shaw are partners in a butcher shop. They plan in the near future to take over the old Burns Lake Trading Co. and start handling feed and farmers produce. P. L. Bekstead, Jeffrey Bros., and Short Bros. are engaged in the automobile and transfer business, the last mentioned firm running the auto bus services to the Lakes District. R. K. Twaddell runs a shoemaking business and John Peyton a blacksmith shop.

L. Mulvaney and M. F. Nourse are engaged in life insurance and real estate business and Evanston & Brown are building contractors.

HOUSTON, Nov. 15.—Jack Reynolds and his brother, George Reynolds, captured a deer last Tuesday morning which weighed 300 pounds. They followed it for 20 miles from Walcott and on the way saw where two coyotes had chased it. One of these coyotes they shot but were unable to bring in as it had not been killed. The antlers of the trophy of the chase were perfect and had 12 points.

TERRACE is a thrifty, growing town. The chances are good that oil will be struck in the immediate vicinity, as seepages have been found, much ground has been staked and a drilling outfit is on its way there. We offer for sale eighty acres of land, 1 1/2 miles from the town on a good road at \$12.50 per acre. This is your opportunity to participate in the enhanced real estate values that will surely follow the growth of Terrace.

NO MEDICINE AT HOSPITALS

TZARITZIN, Russia, Nov. 15.—(Associated Press).—The lack of medicine in Russian hospitals becomes accentuated here. It is even worse than further down the Volga. Tzaritzin has five hospitals, none of which has a single grain of quinine or of any of the other simpler medicines, nor have they money with which to purchase nourishing food for their patients.

At the Second Soviet hospital for typhus patients, established here in a converted private residence, there are 50 patients with a lone woman doctor in charge, and with a few servant girls as nurses. She is totally without olive oil, camphor, alcohol, bed clothing or fresh garments. In the First Soviet hospital, at the outskirts of the city, there are 150 patients, but no medicines, no lye soap, no carbolic acid for washing the germ infested floors.

Food and Medicine.
The daily food of the convalescents consists of one dish of soup, one-sixth of a pound of meat and three-quarters of a pound of bread.

The Soviet government formerly supplied all medicines free to hospital patients and the general public but it ceased doing so some months ago.

Doctors and hospital attendants are thin and hungry despite the fact that Tzaritzin now is the best and cheapest food centre in the entire Volga district. Here the public market is fully stocked. But as in other Volga cities, at prices beyond the purse of most of its inhabitants.

The market lies between the river and the railway station, at each of whom may be seen from 5,000 to 10,000 refugees in various conditions of underfeeding. They are living in cold. Many refugees are arriving from points as far east as Orenburg, where the crops are thin. They are striving to reach Tzaritzin and the Don district, but the trains are irregular, due to bad railway and to the "green army" bands, or non-Bolshevik peasants, who sometimes cut tracks and otherwise interrupt traffic.

Army Factory Idle.
Other than the small trading in foodstuffs there is no business in the Tzaritzin district nor is there any prospect of any. Its army factory is idle.

Members of the soldiers of the army are themselves, are hungry. Their pay and rations have ceased since the Russian civil war in the south has ended.

PARNELL MAYOR.

WINNIPEG, Nov. 15.—Edward Parnell was returned a claimant as Mayor of Winnipeg at the civic nominations on Saturday last.
