FIGHT FOR NOMINATION

Governor Stirling of Texas Has Slight Lead Over "Ma" Kennedy With Many Points to Report

SAN ANTONIO, Texas, Aug. 30.—Governor Stirling was reported last night to be leading "Ma" Kennedy by a scant 3429 votes in the neck and neck Democratic gubernatorial fight in the state of Texas. With many points yet to report, the issue is still very much in doubt.

CASEY IS SATISFIED

City Engineer Good Complimented Upon Manner of Carrying Out Tarviating of Streets

In the course of a discussion at last night's meeting of the city council, Ald. Casey stated that he wished to compliment Mr. Good, the city engineer, upon the excellent manner in which the work of tarviating the macadamized streets of the city had been carried out this year. It was Ald. Casey's opinion that, never before, had this work been carried out in a more satisfactory manner and it was his desire to congratulate Mr. Good on the results which had been obtained.

FAMILY IN AIR AGAIN

Flying Hutchinsons Took Off This Morning From Anticosti For Labrador

PORT MENIER, Anticosti Island, Aug. 30.—The flying Hutchinson family hopped off in their amphibian plane "City of Richmond" at 10 o'clock this morning for Hopedale, Labrador, on the next leg of their proposed flight from New York to Europe over the northern route.

HEAT WAVE IN CHICAGO

Thermometer Reading of 93 Reported Yesterday in Windy City—Many Prostrations

CHICAGO, Aug. 30.—A new heat wave has struck the city of Chicago with many prostrations reported. The highest thermometer reading yesterday was 93, four degrees below the maximum of the July heat wave.

WHOLE DEPARTMENTS WOULD BE ABOLISHED, TRANSFERRED OR MERGED—CURTAILMENT OF FREE EDUCATION IS ADVOCATED, ALSO CUTTING OF LEGISLATURE AND CABINET NUMBER.

Wholesale Dismissals and Wage Cutting in Services Proposed

WITHDRAWAL OF ASSISTANCE TO NORMAL SCHOOLS, SALE OR ABANDONMENT OF PACIFIC GREAT EASTERN AND UNIVERSITY ECONOMIES ARE AMONG RECOMMENDATIONS.

VICTORIA, Aug. 30.—Slashing of the government service, abolition of whole departments and removal of others from provincial to federal control, including policing and the fisheries, curtailment of free education and reduction of the number of seats in the legislature to approximately half their number are recommended in the report of the Kidd committee on governmental administration which was issued to the public today.

Headed by George Kidd, Vancouver business man and chartered accountant, the voluntary committee urges salary reductions in a wholesale manner, dismissal of civil servants to the extent of fifty percent in some departments and formation of a committee to handle the unemployment situation without making any suggestions for alleviation of the jobless problem.

The committee recommends repeal of the minimum wage law, curtailment of public expenditure by \$6,000,000, reduction of the seats in the legislature from 48 to 28 and number of cabinet posts to six, abolition of the departments of lands, agriculture and mines as separate organizations and the grouping of these services under a department of natural resources, merging of the departments of education, provincial secretary and social services under a minister of social services, complete elimination of the departments of labor and fisheries with the work of the former being distributed among other departments and control of the fisheries to be handed to the Dominion government, policing of the province by federal police and abandonment of the Pacific Great Eastern Railway unless sale is made in nine months.

Also urged are changes in the liquor control warehouses and reduction by twenty percent of all salaries of staff under the Liquor Control Board, withdrawal of all government assistance from normal schools and placing of entire costs of maintenance and interest charges on buildings on the students, drastic curtailment of the costs of the University of British Columbia and possible closing of the institution, charge of educational fees against all children attending school after their thirteenth year and reduction of teachers' salaries by twenty-five percent.

The committee would eliminate provincial marketing efforts for agriculture and lumber, would stop all public works with the exception of maintenance of essential roads, would reduce the public ferry services and would stop government assistance in the construction of mining roads, trails and bridges and would curtail the departmental technical services. It would also end government assistance to farmers' and women's institutes.

MAKERS OF BAD MONEY

Counterfeiting Ring Uncovered in Vancouver Yesterday and Two Men Are Arrested

ARRESTED, August 30.—Royal Canadian Mounted Police officers yesterday raided a house on Hornby Street, arrested William McIlbride and William Richardson and charged them with counterfeiting. A large number of spurious fifty cent coins and a counterfeiting plant were seized. The coins were apparently made in plaster of paris moulds, babbitt metal being used, and then touched up delicately with very fine files.

Yesterday's raid is believed by the police to have uncovered the headquarters of a counterfeiting ring which has been flooding this section of the country with spurious fifty cent pieces for some months.

When charged later in city police court with counterfeiting, McIlbride and Richardson pleaded guilty and were remanded until today for sentence.

FALSE PRETENCES

Pleading guilty to a charge of obtaining relief under false pretences, Leonard Griffiths was given one year's suspended sentence in city police court Saturday afternoon.

SOME 140,000 WEAVERS ARE OUT ON STRIKE

MANCHESTER, Eng., Aug. 30.—Andrew Neysmith, leader of the Weavers' Union, estimated yesterday that 140,000 men had walked out in the Lancashire cotton weavers' strike. There are few signs of an immediate settlement of the differences which brought about the strike.

PASSING OF SHINGLEMAN

Late Robert McNair Was Long Prominent in Vancouver Industry

VANCOUVER, Aug. 30.—Robert McNair, aged 75, a leading figure in the British Columbia shingle industry, died last night. He was born in New Brunswick and came here in 1891.

Head of the Robert McNair Shingle Co., the late Mr. McNair was born at Jacquet River, Restigouche County, New Brunswick, June 29, 1858, and was educated in the public schools of Restigouche Co. He entered the lumber business at an early age near his home village under name of McNair Bros. and moved to British Columbia forty years ago, forming the Hastings Shingle Milling Co., later founding the Robert McNair Shingle Co. He was also a director of the McNair-Fraser Lumber Co. and the Hastings Shingle Manufacturing Co. He was a member of the executive board of Westminster Hall and the Central City Mission Ltd., being an active Presbyterian.

The late Mr. McNair married Annie McKinnon of Shannonvale, N.B., in 1889. They had two sons and three daughters.

Free Books For Relief Children Are Being Sought

At the suggestion of Ald. James Black, the city council decided last night to take up with the school board the possibility of some plan being arrived at whereby free school books might be provided for children of people on relief. It was felt that, under present conditions, it would be impossible in many cases for parents to provide their children with the necessary books.

MOLLISON HITS FOG

Thick Weather Hampers Airman's Plans For Return Flight Across Atlantic

HALIFAX, Aug. 30.—Thick fog conditions along the Atlantic coast greatly hampered the first stages of Capt. James A. Mollison's proposed return flight from United States to England. Instead of being able to make from New York to Harbor Grace, Nfld., in one jump as he had planned, the fog forced Mollison to alight on Sunday afternoon on a field 18 miles from St. John, N.B., after he had missed the St. John airport because of the fog. It was near Neirepe that he landed.

Flying into St. John from Neirepe yesterday, Mollison took off from St. John later with the intention of reaching Sydney, Cape Breton, if not Harbor Grace. Once again fog hindered his plans and, failing to locate the airport here after circling over the city for an hour in the fog, he finally brought his plane down undamaged at Coxheath, a few miles from this city, late in the afternoon.

Mollison planned to leave today for Harbor Grace whence it is his intention to hop off for Croydon, England.

Eclipse of Sun Tomorrow Morn

May Be Seen in Prince Rupert if Conditions Favorable

There will be a partial eclipse of the sun here tomorrow morning between 10 o'clock and noon. While not much more than half the sun's light will be blotted out here, there will be a total eclipse in Eastern Canada. Should it be a clear day many will be interested to note the rather unusual phenomena.

Richard Dix to Become Father

Noted Screen Actor Admits to Reporters That Visit From Stork Expected in His House

LOS ANGELES, Aug. 30.—Richard Dix, noted screen actor, admitted to reporters yesterday that he expects to become a father soon. A visit from the stork is expected momentarily.

GOVERNOR ON COAST

Lord Bessborough Officials at Opening of Vancouver Exhibition Monday Afternoon

VANCOUVER, Aug. 30.—His Excellency the Earl of Bessborough, Governor-General of Canada, paying his first visit to the Pacific Coast as viceroy, accompanied by Lady Bessborough and suite, arrived here yesterday morning from Jasper Park.

The Governor-General officially opened the annual Vancouver Exhibition yesterday afternoon.

MISSING ON GULF

Grave Fears Entertained For Safety of Four Men and Two Youths Near Vancouver

VANCOUVER, Aug. 30.—Four men and two youths are still missing following a brisk southwester which swept the Gulf of Georgia and Howe Sound on Sunday. A 16-foot launch, in which Howard Johnston, aged 31, Henry Hughes, 28, Bob Wilson and Bill Cummings set out from Vancouver Saturday night, was found adrift in Howe Sound by the steamer Lady Alexandra, commanded by Capt. J. E. Boden. There is a possibility that the men may have left the boat when engine trouble developed.

Fred Gillespie, aged 16, son of Mr. and Mrs. W. D. Gillespie, Vancouver, and George Olson, 21, of Hopkins Landing, have not been seen since they left Hopkins Landing in a canoe on Sunday.

HOPE IS GIVEN UP

Only Relatives and Friends Still Believe There May Be Chance For Lee and Bochkon

NEW YORK, Aug. 30.—Only relatives and friends still cling to hope for the safety of Clyde Lee and John Bochkon, who have not been reported since they hopped off on Thursday of last week from Harbor Grace, Nfld., for Oslo, Norway. The only remaining hope for the safety of the flyers now is that they may have been picked up by a ship not equipped with wireless.

City accounts for two weeks ending August 26 totalling \$3,144.92 were passed for payment at last night's meeting of the city council.

Mrs. Rolf Walker returned to the city yesterday on the Princess Alice after paying a visit to her home in Galt, Ont. She was accompanied by her mother, Mrs. Cation of Galt, who will make an extended stay here.

Boys and Girls! Jackie Cooper in "When a Fellow Needs a Friend," at the Capitol Theatre Friday and Saturday. Do you want to see it? Buy your shoes at Jabour's school opening sale and get a free pass to the Capitol.

A recommendation from the finance committee that the sum of \$84.50 which was overbid on upset price on lot 14, block 27, section 5 at tax sale be refunded to the owner, Severt Eyyen, was adopted by the city council at its meeting last night.

The city council last night adopted a recommendation from the finance committee that lots 54 and 55, block 30, section 8, be sold to John P. Hed for the sum of \$50 and 1932 taxes. The property is situated near the corner of Alfred Street and Eleventh Avenue and has no road.

At the request of W. R. McAfee, manager of the lumber company, the city council last night granted a flat rate of \$6 per month for water to the Big Bay Lumber Co. during such time as the mill is closed down. This is the same flat rate as was given the mill during its shut-down last year.

Dr. G. B. Murphy, medical officer of the Workmen's Compensation Board, disembarked here from the steamer Catala this afternoon after making the trip to Anyox and Stewart from Vancouver. He is conducting examinations at the Prince Rupert General Hospital this afternoon before proceeding to other points in the district.

The Esperanza Mines Ltd. of Alice Arm, through its secretary, E. H. Mortimer, had a letter before the city council last night which invited the city to bid on a number of cases of forty and sixty percent dynamite of which explosives the company has more than it now requires. There was no information as to the age and condition of the powder. The matter was referred to the Board of Works with power to act.

A letter from C. K. Ytreberg, acting as agent for A. Andreason, was read at last night's meeting of the city council offering \$195 for lots 36 and 37, block 27, section 1, with payments of \$10 cash and the balance \$10 monthly. It is Mr. Andreason's intention to move several cabins from their present location to the new lots if his offer is accepted. This matter was referred to the finance committee for report.

A recommendation from the finance committee that an offer of Mrs. Clara Ellen Casey to exchange lots 111 and 112, block 34 section 8 on the Prince Rupert Boulevard for lots 3, 4, and 5, block 34, section 8 on Eleventh Avenue on an equal basis be accepted was approved by the city council at its meeting last night. About the same area was involved in the two parcels. Ald. Collart explained, and by the deal, the city would stand to collect some local improvement taxes which it was not now receiving.

B. Shampier, president of the Calgary Paper Box Co., and T. Swindlehurst, also of Calgary, arrived in the city on yesterday afternoon's train from the East in the course of a trip to the coast and sailed later in the afternoon on the Prince George for Vancouver.

The city fire department responded to four alarms during the month of July as a result of which no loss occurred, according to the monthly report of Fire Chief D. H. McDonald presented to council at its meeting last evening. Salaries of the department for the month amounted to \$970 and there were a few small accounts. Usual inspections had been made of public buildings and departmental equipment, all of which was found to be in good order.

STEWART INQUEST

Circumstances of Tragedy Which Cost Three Lives at Week-End Being Probed

Inquest opened at Stewart yesterday into the circumstances of the death of George Naysmith who, with two others, lost his life when an automobile plunged into Portland Canal early Sunday morning from the Stewart-Hyder road. The hearing was adjourned until today when evidence of survivors was to be taken at Premier. The inquest is being conducted by Dr. J. W. Vossburgh, coroner.

Search is being continued for the bodies of Mrs. George Naysmith and William Mowatt, the two other victims of the tragedy.

The city council, at its meeting last night, gave authority to the Board of Works to proceed with the installation at an estimated cost of \$60 of a new two-inch water pipe from Second Avenue to the lane in the vicinity of the B. J. Undertakers and Alex McRae Co. Ltd. premises, replacing an old one-inch pipe which is now out-of-order. Authority to carry out the work was requested by Ald. J. H. Pillsbury, chairman of the board of works.

When You CAN'T QUIT

Fatigue is the signal to rest. Obey it if you can. When you can't, keep cool and carry-on in comfort.

Aspirin was meant for just such times, for it insures your comfort. Freedom from those pains that nag at nerves and wear you down. One tablet will block that threatening headache while it is still just a threat. Take two or three tablets when you've caught a cold, and that's usually the end of it.

Carry Aspirin tablets when you travel. Have some at home and keep some at the office. Like an efficient secretary, they will often "save the day" and spare you many uncomfortable, unproductive hours. Aspirin is harmless, so keep it handy, keep it in mind, and use it. No man of affairs can afford to ignore the score and more of uses explained in the proven directions. From a grumbling tooth to those rheumatic pains which seem almost to bend the bones, Aspirin tablets are ready with quick relief—and always work. Neuralgia. Neuritis. Any nagging, needless pain.

Fair Well Up to Standard of Former Years in Spite of the Adverse Weather and Conditions

While a few of the regular features of the fall fair this year are missing such as the poultry and pet stock department, the flower show is well up to the regular standard of previous years. In spite of the heavy rain and wind which injured many plants and made it impossible for some to make a good showing, the number of exhibits compares favorably with other years and the general standard of excellence is well maintained. The response of the flower growers of the city has been a great surprise.

At the time of writing many of the exhibits are not complete but everything goes to indicate that the fair will be well worth the time of visitors spending an hour or two there.

The vaudeville program commencing at 8:15 follows:

Joe Arseneau and Sam Joy, two exceptionally talented boys in songs and dances.
The Melody Trio, the kings of rhythm in tuneful tunes.
Novelty Tap Dancing, by pupils of Miss E. Tite, three little girls with educated feet.
One Man Band, a clever and entertaining act, which comes well recommended.
Acrobatic Dancing, by two dainty little misses, Joyce Gawthorn, Mary Davey.
Wrestling, hilariously humorous.
Barrel Boxing, a barrel of fun.
Balloon Blowing, a windy night.
Depression and gloom will go into the discard when you see this amusing, unusual and interesting entertainment. This is one of the most ambitious programs ever attempted.

DRY DOCK HAS FINE EXHIBIT

Models Made By Employees Will Be Outstanding Feature of Fair

One of the very interesting features of the fair this year is an exhibit of ship models by employees of the local dry dock. These models are fully equipped and most of them are made to scale. They make a good illustration of the development of shipping from the early days to today. Outstanding features of the exhibit is a China clipper "Sovereign of the Seas." There is an interesting stern wheel river boat and modern yachts including a scale model of the hull of the American racing yacht Enterprise.

The model of the ss. Prince Rupert is fitted with electric lights, engine and everything complete. The half models on the walls are of boats built by the dry dock in filling orders.

One interesting little feature is a steam marine engine model which operates perfectly.

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.

OFFICIAL RETIRING

G. H. Stead Has Been 42 Years in Telegraphic Service

VANCOUVER, Aug. 30.—After completing 42 years of service, during which time he has witnessed tremendous strides in the development of the use of the telegraph, George Stead, superintendent of the British Columbia division, Canadian National Telegraphs, retires from service with the company at the end of this month. He has made no future plans, except that "I will now be able to enjoy a holiday."

Mr. Stead is well known in business and commercial circles all through the west and especially in British Columbia. He arrived in Vancouver in May, 1927 to open the superintendent's office and has remained here since that time. He has had charge of the company's telegraph business not only on the mainland, but also on Vancouver Island.

Mr. Stead first joined the old Great North Western Telegraph Company in Winnipeg as a messenger in 1888 and held down this job for two years. In 1891 he was taken on the permanent office staff as day delivery clerk and from that time steadily worked his way to the top of the ladder.

Prior to the organization of the Canadian Press, Mr. Stead operated the news service of the G. N. W., in Western Canada, for R. F. Easson, of Toronto. Mr. Stead was connected with the famous Victoria Hockey Club, of Winnipeg, and during the early days was responsible for the organization and development of a hockey bulletin service. This started with a bulletin after each period; increased to a bulletin after each goal and later developed to a running story of the game. Mr. Stead was also a keen oarsman with the Winnipeg Rowing Club and is a life member of the St. Georges Snowshoe Club.

Mr. Stead has a very keen knowledge of Western Canada as during his service with the Canadian National Telegraphs he opened up the telegraph service in every competitive town or city west of Port Arthur, with the exception of Winnipeg and Vancouver.

It is understood that with the retirement of Mr. Stead the Alberta and British Columbia districts will be merged under the jurisdiction of W. J. Rooney, superintendent at Edmonton.

Women-Children To Get Clothes

Applications Now Being Received and Expect to Issue Requisitions Within Few Days

Mayor C. H. Orme intimated to the city council at its meeting last night that applications were now being received at the City Hall for clothing for women and children whose breadwinners are out of work and on relief. Within the next few days, the mayor said it was hoped a start might be made on getting out the requisitions for this clothing.

The mayor stated that accounts of the last two weeks included \$1425 for clothing for men on relief work, the city's actual share being \$475.

POLICY IS DISCUSSED

There was some discussion at last night's meeting of the city council of the policy which had been followed by the city in connection with relief work whereby some men, such as foremen, had been paid wages while others working under them received relief orders. Ald. Macdonald, who brought the matter up, urged that, in future, one plan should be followed—all being paid either in wages or relief orders. This might tend to remove grounds for discontent or criticism.

Ald. Pillsbury stated that the board of works had already had this question under consideration and had decided that, in future, there would be a change in policy along the lines suggested by Ald. Macdonald.

Ald. Casey criticized the practice of committees setting out policies without the approval of the council. This had been a fault of recent councils. He believed that all such matters of policy as that mentioned should be settled by the council. He was opposed to anything in the way of favoritism or making pets of any one.

Ald. Rudderham took exception to the suggestion of Ald. Casey. Every member of the council had been aware, or should have been for all had been told, of the policy being followed on relief work. Why wait until this late hour to kick?

"Small stuff," remarked Ald. Pillsbury of Ald. Casey's suggestion regarding "pets" and "favoritism."

The consensus of opinion among members of the council appeared to be that there should be some fixed policy. All should be paid either in wages or relief orders.

PLAIN BAKED CUSTARD

Two cups scalded milk, four tablespoons sugar, three eggs, one-eighth teaspoon salt, one-half teaspoon vanilla extract.

Scald the milk. Mix sugar, eggs, salt and flavoring and combine with scalded milk. Pour into buttered custard cups or baking dish, set in pan of hot water and bake in slow oven (300 degrees F.) until firm. A

knife blade run into the centre of the custard will come out clean when the custard is done.
Yield—four servings.

DOES YOUR BUSINESS NEED A DOCTOR?

Now, Mr. Businessman, have you ever tried to diagnose the reason for that sudden drop in profit over the figures of "last month?" If the temperature of your business alarms you there is no need for you to lose any sleep—the remedy is simple.

ADVERTISE

"Ah!" you say, "But that's all very well. I'm only a small man and can't afford it." That's the reason the small man remains a small man. The big men in business today did not become big by hiding their light under a bushel, they advertised, and ADVERTISED, and ADVERTISED. Advertising is as necessary to a "sick" business as the doctor's services are to a sick person. And it will find the money to pay its own bills, if done judiciously, from the increased volume of increased profits. Start with a small appropriation
