 OFFICIAL AUDIT
 DAILY NEWS CIRCULATION

Recently an official audit was made of the books of The Daily News for the purpose of determining the average circulation of the paper for the nine months ending September 30 of this year. The audit shows that the average for the nine months was 220 papers each day. As the latter part of the year was nothing like as good as the latter, the circulation for the last three months would be a great deal higher than that.

The audit was conducted by a special auditor of the Audit Bureau of Circulations, which is a recognized audit bureau of the American and Canadian advertisers and is generally spoken of as an A. B. C. audit. It is the mark of circulation, the one thing that advertisers can get in the circulation of a paper is claimed. It places a newspaper in the official class of a recognized medium for special advertisers.

Triple Check.
 Since the beginning of this year The Daily News has been using its books and records in a manner that this audit has made without difficulty. A special system had to be installed, accounting for every page printed and making it possible to check up the totals on the invoices of the paper printers, from the run of the press and from the receipts of subscribers. The A. B. C. auditors leave nothing to chance or guesswork. They use every precaution to insure that their audit is a correct one. They weigh the papers and see that the total weight of the papers corresponds with the weight of the paper paid for at the paper mill.

This audit was made at considerable cost to us, for it was necessary that the special auditors when visiting Vancouver should make a special trip to this city to undertake the work. The audit was made last month, the editor dropping in on his un-announced and checking up things to be found them at that time. His report to Chicago had to be examined and passed before we were finally given permission to use the name of the Bureau in our advertising matter. This report is now complete and may be seen at the office by any Daily News advertiser or prospective advertiser.

Real Value of Medium.
 It is the custom of some publications to falsify their circulation reports in order to try to impress upon advertisers the value of their paper as an advertising medium. With the A. B. C. audit this is impossible, as the audit is so searching that falsifications are impossible. Prince Rupert business men are invited to visit The Daily News plant or office at any time and check up the figures or examine the audit. Standing half an hour and watching the papers come off the press and for a short time longer watching the distribution, including the mailing to outside places, anyone can see for himself just how many papers are sold in the city and how many are mailed to the country. These things have to be considered when choosing an advertising medium. A paper that has 2000 circulation is worth more than three times one that has only 600 circulation, from the point of view of the advertiser. Advertisers should always make a personal investigation of

Comox-Alberni Member May Support Liberals and King Government

VANCOUVER, Dec. 15.—The campaign manager of A. W. Neill, member-elect for Comox-Alberni, stated that he could not be called a Progressive because he was elected chiefly by Liberals and pledged to no other cause than opposition to the Meighen Government. It is believed here that this indicates Neill will be an independent Liberal and will probably support Mackenzie King.

DOUGLAS FIR NOW INSTEAD OREGON PINE

British Admiralty Recognizes
 Claim of Canada for Timber
 Contracts.

VICTORIA, Dec. 15.—Douglas fir will now be used instead of Oregon pine by the British Admiralty in dealing with timber orders, as a result of the action of F. C. Wade, agent general of this province, Premier Oliver announced here yesterday.

Douglas fir and Oregon pine are the same, except that the former is grown in British Columbia and the latter across the boundary line. It has been the custom in the past to let all timber contracts for that class of lumber in the United States.

GERMANY CAN NOT PAY UP

Asks for Moratorium on Payment
 of Reparations Due on
 January 15.

BERLIN, Dec. 15.—The German Government has informed the committee on guarantees that it is impossible for Germany to pay the sum due on reparations on January 15 and that she consequently asks for a moratorium.

FRENCH NAVY HALF OF GREAT BRITAIN

WASHINGTON, Dec. 15.—France will demand a ratio based on 315,000 tons in capital ships, it was officially announced today. This represents about half the British ratio.

SERGEANT KILLED IN CORK NEIGHBORHOOD

CORK, Dec. 15.—A sergeant of the Royal Irish constabulary was killed and a constable wounded at Ballybunnion by unknown persons. Police reserves have gone to the scene.

the real value of the advertising medium if they can possibly do so. The next best thing is to take the report of an independent audit such as that of the A. B. C.

T. G. McBride, member-elect for Cariboo on the Progressive platform, stated in an interview that he had no objection personally if the Progressive members chose on invitation to join up with the Mackenzie King government. He stated that he was a constructive member, criticizing no particular party, but pledged to the support of A. T. Crerar. He said he was opposed to a tariff for the protection of the interests but was "no free trader."

TORONTO, Dec. 15.—The United Farmers of Ontario have unanimously resolved against any affiliation with other political parties, which might tend to obscure the identity of the farmer movement.

WINNIPEG, Dec. 15.—Expressing satisfaction with the party's first campaign in a general election, Hon. T. A. Green, leader of the National Progressive party, made a public statement in which he declared that the practically clean sweep by the Progressives in the prairie provinces "expressed in a very clear and definite manner the opinion of Western Canada."

The following is the text of the statement as issued to the Canadian Press Limited:
 "The practically clean sweep in the prairie provinces, and the very emphatic majorities received, express in a very clear and definite manner the opinion of Western Canada. It was our first campaign in a national sense and, while the returns from Eastern Canada did not come up to our expectations, on the whole I am well satisfied with the result. It is a tribute to the whole-hearted efforts of thousands of volunteer workers, without whom it would have been impossible. The Progressive cause stands for unity in Canada, for the promotion and development of the spirit and sentiment of a sound, self-reliant, true Canadianism. The country as never before needs sound and progressive public policies that will develop our great latent wealth, add to our population, and thereby solve our financial and railway problems. Our course in the next Parliament will be governed by these considerations."

KIMSQUIT RETURN

Shows Two Votes for Peck and
 None for Stork—Majority 53.

The return for the Kimsquit ballot box in the federal election reached the city this morning showing 2 votes for Col. Peck and none for Mr. Stork. The Stork majority by the Liberal count now stands at 59, by the independent, 50.

Mayor Rochester Will Be Opposed at Forthcoming Election: Two Prospects

Mayor Harry Rochester will likely be opposed at the forthcoming civic election by either Colonel S. P. McMordie, police magistrate, or Alderman John Dybhavn. The situation was canvassed this morning by The Daily News and both of the prospective candidates were interviewed. Neither would give a definite answer at the present time, but neither denied their intentions for chief magistracy honors. It is not likely, however, that both will run.

"A great many people have asked me to run," said Colonel McMordie, "and I am considering it seriously." His running would be contingent on circumstances, among them being the resigning of the police magistracy.

Alderman Dybhavn also stated that a great number of citizens had called upon him and asked him to run, but while he had arrived at no definite conclusion the matter was under consideration.

Of these two prospective candidates it would appear that Colonel McMordie is the more likely to go up for nomination on January 9.

AGREEMENT PROMISING

Asquith Highly Commends Irish
 Plan Settlement—Confidence
 in Ireland for It.

LONDON, Dec. 15.—The House of Commons this afternoon resumed the debate on the Anglo-Irish agreement. A feature of the early proceedings was the address of ex-Premier Herbert H. Asquith in which he heartily commended the treaty for the acceptance of the House.

SEATTLE WINS FIRST VICTORY

SEATTLE, Dec. 15.—Seattle Metropolitan won their first victory of the season in a fast hockey match against Vancouver Millionaires in the skating arena last night, winning out by a score of five to four. It was a great game, speedy from the word go. Seattle showed that the team will yet be a factor in the series which has only just commenced.

Carson Accuses British Government of Taking Advantage of Loyalty

LONDON, Dec. 15.—The most pompous opening of Parliament since the beginning of the war marked the scene in the House of Lords yesterday when the King asked Parliament to consider the Irish question.

Lord Carson bitterly attacked the Government and the treaty, declaring that Ulster would stand aside. He accused the Government of taking advantage of Ulster's loyalty.

Premier Lloyd George in the House of Commons spoke for sixty minutes, explaining the difficulties they had had to face. When interrupted by an Ulsterite, the Premier asked for silence, informing him that the Sinn Fein were called upon by the treaty to swear allegiance to the King and that was the status of Ireland. He forecasted the day when Britain's sorrows and victories would be shared in Ireland as in other Dominions.

VICTORIA HAS REFORM MAYOR

Elects William Marchant Chief
 Magistrate, Walter Staneland
 Police Commissioner.

VICTORIA, Dec. 15.—The result of yesterday's municipal election here was the most radical turnover in the government of city affairs that Victoria has ever experienced. The old guard, which has been governing the city for years, was swept from office. There were six new aldermen elected, including the entire business men's ticket. W. P. Marchant is the new mayor, having defeated the present incumbent, R. J. Porter, by 737 votes.

The result of the election in detail was as follows:
For Mayor.
 W. P. Marchant, 3764 (elected).
 R. J. Porter, 3027.
Police Commissioner.
 W. E. Staneland, 4099 (elected).
 Thomas Walker, 2532.
For Aldermen.

The following were elected for aldermen, the first five named for a two-year term:
 Reginald Hayward, 4888; A. E. Todd, 4708; J. H. Gillespie, 4104; David Leeming, 3760; Robert Dewar (labor), 3634; E. C. Woodward (labor), 3593; Arthur Lineham, 3342; John Harvey, 3039; Joseph Patrick, 2847; R. W. Perry, 2703.

The defeated were: George Sangster, 2647; W. J. Sarzent, 2307; Robert Dinsdale, 2156; E. B. Anders, 2129; W. E. Fullerton, 1891; Walter Inward, 1449; John Day, 1429; Mrs. Emma Hood, 1075.

The four survivors of last year's council are A. E. Todd, Robert Dewar, E. C. Woodward and John Harvey.

BLACK ELECTED IN THE YUKON

Beats F. T. Congdon by Forty-
 nine Votes—Farmer Gets
 Eighteen Votes.

DAWSON, Dec. 15.—Final returns at all polls in this riding give Capt. George Black, Conservative, a majority of 49 over F. T. Congdon, Liberal. Scroggie the last poll to report gave Black 181 and Congdon, nine.

MUCH DELAY IN ELECTION

No Hope of Returns Coming
 From Kitimaat This Month
 Unless Sent For.

Unless it is decided to send for the ballot box at Kitimaat, the returns from that place are not likely to arrive until January as they have been ordered to be sent by registered mail.

Word has been received by the returning officer that the ballot box reached Tow Hill and that returns may be expected from that point. The lists coming in show there were a good many voters disfranchised owing to the failure of the boxes to reach the southern Queen Charlotte Islands.

BRINGING UP FATHER.

TWO YEARS FOR ISAAC BEDORE

Jury Brought in Verdict of Indecent Assault—Mentally Deficient.

The jury in the case of Rex vs. Isaac Bedore, of Rose Lake, charged with attempted rape and indecent assault upon a female, brought in a verdict of guilty of indecent assault last night with a recommendation for mercy and at noon today Mr. Justice Macdonald sentenced the accused to two years imprisonment at the New Westminster penitentiary. The hearing of the case took all yesterday afternoon and at 6 o'clock the jury retired. They deliberated for over two hours and then returned with their decision.

The witnesses for the crown were Constable Andrew Fairbairn, of Telkwa, Mrs. C. H. Mould, of Rose Lake, the woman upon whom the assault was alleged to have been made, Mrs. James Mould, her mother-in-law, C. H. Mould, her husband, and Frank Mould, brother-in-law. The defence witnesses were the accused and his brother, Herbert Bedore. A Donaghy conducted the case for the crown and L. S. McMillan, of Smithers, appeared for the defence. The jury comprised Charles Blythe (president), James Hampton, J. A. Edwards, H. A. Breen, Thomas Spout, John A. McInnis, John Day-Bell, A. P. McGorkindale, Murdoch McLean, B. H. Crossell, James Currie, and Howard Steen. The evidence was of such a character that the case was heard in camera and the court was closed to all except those directly concerned in the case and its conduct.

Today before the judge passed sentence, Mr. McGill, defence counsel, addressed him stating that the brothers of the accused were prepared to act as bondsmen to ensure that the accused would never return to Rose Lake. He asked for mercy.

Poor Miserable Specimen.
 Mr. Justice Macdonald in passing sentence, stated that he could not understand the state of mind of the accused when he had been in the box and, openly admitting committing the assault, had attempted to blacken the character of the woman in the case. Neither could he understand the jury in returning the lesser verdict and recommending leniency. On reflection he had decided that they must have done so because they believed that he (the prisoner) was mentally deficient.

"You may be of low mentality but you are strong in your desires. You are a poor miserable specimen and I sympathize with you under that condition."
 "The time may soon come when an attempt will be made to release you. With that I have nothing to do. It is up to your brothers to deal with that."
 "I sentence you to two years imprisonment at Westminster penitentiary."

ORIENTAL EXCLUSION TO BE ORGANIZED

Representatives from labor and fraternal organizations met last night with a committee from the G. W. V. A. and decided to organize a branch of the Oriental Exclusion League in this city. Circulars dealing with this question will be distributed throughout the city shortly. An organizer and speaker from the parent organization in Vancouver will be brought here and a big public meeting held early in January.

WATERPROOF PAINT IS BEING PUT ON SCHOOL

Leaks Due to Tile Absorbing Incessant Rain and Sweating on Inside.

Waterproof paint is being applied to the brick of the Booth Memorial School to stop the incoming of water that has been complained of lately. Asked regarding the matter this morning, Col. McMorris explained that there were no actual leaks in the building. An examination had been made and this was ascertained. He explained the incoming of the water as due to the incessant rains since the school was completed. The tile had become saturated and absorbing the rain had sweated on the inside. This was no fault of the construction and it was thought that the applying of the paint would remedy the matter.

UNEMPLOYED DO NOT FAVOR PLAN OF CITY

Meeting Last Night Protested Rate of 50c Being Paid for Relief Work.

At the second meeting of the unemployed held in the Melnyre Hall last evening, the plan for relief of unemployed on civic work proposed by the council was submitted and discussed. The meeting went on record as not being favorable to the rate of 50c being paid as it was cutting the city scale of 65c. The proposition of the city was to give three six-hour days a week work for single men and four days for married men. It was decided to call another meeting for Sunday night and invite the city employees to be present to discuss the matter.

The secretary was instructed by the meeting to write to various centres west of Winnipeg to ascertain how the unemployment situation was being handled. Seventeen new names were added to the local unemployment list. Four of these were married men and there were 11 children dependent on them altogether. One man had a mother to support. The total list now stands at 123.

J. H. Burroughs was elected recording secretary. There were 150 persons present at the meeting and W. Ormslow presided.

JOSEPH GILKES WAS FINED FOR VAGRANCY AND ASSAULT WOMAN

Joseph Gilkes, colored, was fined \$20 with the option of two months imprisonment for assault and \$50 or six months for vagrancy in the police court this morning. The information was laid by Margaret Robinson, who claimed that her body was black and blue. She gave evidence in the police court. This is not Gilkes' first appearance in the police court. He was up once before on a charge of vagrancy when he was dismissed and on another occasion for assaulting the same woman, when he was fined.

There's one thing that's never out of place and that's a sunny, happy face. You are no unhappier than you think you are.

ROUGH WEATHER ON FISH BANKS

Schooner Livingstone with 15,000 Pounds, Was Only Arrival This Morning.

Only one boat, the Livingstone, 15,000 pounds, arrived in port with halibut this morning. She reported that very rough weather was still prevailing on the Yakutat and other westward banks and many of the boats were in shelter. On account of this rough weather the fish arrivals for this month have been very small. The Livingstone is adding over until tomorrow for sale. She came from the Westward.

GREEKS RESTING AFTER BATTLES

Armies Facing Each Other Are Strongly Entrenched Near Angora.

LONDON, Dec. 14.—(By Associated Press)—Greeks and Turks are facing each other on a 120-mile front of trenches and earthworks in Asia Minor. These positions are likely to remain stationary until the spring, according to Brigadier-General Xenophon Stratigos of the Greek general staff.

The general, who has come to London with Premier Gounaris and Foreign Minister Baltazzi, described the present Greek position as a purely defensive one. Twelve divisions of 9000 combatants each are holding a line almost due north to south between Eskishehr and Afium Karahissar, at a distance of about 20 miles east of the railway connecting these two strategic points, with adequate protection on both ends.

"Although no big fighting has occurred for about a month, it must not be imagined that military activity has entirely ceased," said the general. "Skirmishes and minor raids are of daily occurrence.

Close to City.

General Stratigos then described the Greek dash for Angora by nine divisions last August. The river Sangaria, often mentioned in despatches, first runs west to east, then turns northward and then flows again westward, forming a kind of hollow square. It is in this bend that the last big operations took place.

The Greek forces launched their attack, crossing the upper course of the Sangaria southward, and then made a semi-circular sweep northward in the direction of Angora through the salt desert, driving back the Turks from position to position, on most difficult terrain.

"Although the capture of the enemy capital was not our immediate object, we would have taken Angora if we had had another month of summer," the general explained. "But after 24 days of hard fighting and marching, the troops were very much in need of a rest. We were then only some 30 miles from Angora; but if we had pushed on after the necessary period of rest, it would have meant starting a fresh offensive about the end of September, when the bad season sets in. Our forces therefore recrossed the Sangaria, this time on the south to north bend, in perfect order and not in flight, as had been erroneously reported. The Turks, thinking that they had us beaten, crossed after us, but we threw them back across the river. That was between September 15 and 20.

Broke Up Railway.

"Meanwhile we broke up the railway running eastward from Eskishehr to Angora. We tore it up rail by rail. This again proves that we were not in flight. No fleeing army could do that. We did the job thoroughly; there is practically nothing left of the railway now.

"We next set about to raze the hollow square, with a view to making our position quite secure. On one occasion, September 23, the Kemalists cavalry made a dash across the Sangaria and got as far as Sivrihisar, but we beat them back again."

The general paid a generous tribute to the fighting qualities of his adversaries in the defense of positions, but he considered them inferior to the Greeks in open warfare. The reason, he thought, was that the Kemalists were raised by compulsion, and the bulk of the population are hostile to Turkish rule. Captures of war material, he said, revealed the fact that most Kemalists rifles were of Russian manufacture, and some captured field guns bore the mark of the Putiloff Works of Petrograd, showing that they were made as recently as last year.

SERBIA HAS COME BACK

No Unemployment or Outside Assistance Needed by That Country.

BELGRADE, Jugoslavia, Dec. 14.—(Associated Press)—Serbia has "come back." This is perhaps the most incisive way of saying that the little Slav kingdom has recovered in the most spectacular way from the effects of the war. For the first time in 10 years the country is standing on its own feet and is in no need of outside assistance. The peasantry of Jugoslavia, which form the backbone and sinew of the country, are enjoying a degree of prosperity and material contentment unknown before.

Other countries may have their unemployment problems, but Jugoslavia has none. Indeed, she has abundant work for thousands of aliens who are honest, have the will to work and are free from Bolshevism. Two hundred thousand good Russians who were without employment since the Petrograd revolution of 1917 have come to hospitable Jugoslavia and found useful and profitable pursuits among people of their own tongue. Every Serbian soldier, too, has found remunerative work upon leaving the army. Soldiers' unions, legions, or employment bureaus do not exist in this country.

The most impressive evidence of Serbia's rejuvenation is the extraordinary building boom which is sweeping the country. In Belgrade alone 4000 buildings are in course of construction. In every corner of the kingdom business buildings, schoolhouses and private dwellings are springing up with a rapidity that reminds one of the building boom in the Western towns of the United States when gold was discovered, or of the home-building craze that seized the suburban centers of that country a decade ago.

Every square foot of the 1,000 buildings now in erection in the Serbian capital is taken, and it will require thousands of additional structures to accommodate the business firms and individuals who are flocking to the Jugoslavian metropolis in ever-increasing numbers. Once called "an overgrown village," Belgrade is now for the first time assuming the proportions, importance and dignity of a real capital. Soon the city will have a splendid Parliament building, a royal residence, and an Opera House of which more prosperous and ostentatious countries might feel proud.

Officer, showing young lady over a warship—"A man never realizes what a dreadful thing war is until he gets behind one of these great guns."

Young Lady—"Mercy! I should think it would be a million times worse to be in front of one of them!"

OBJECTS TO REPORT.

Editor Daily News: With reference to the report of a meeting of the Independent Political Association in your issue of the 13th inst. (Front page) headed "Independents to get behind Fred Stork for good of District."

The matter referred to was not discussed at the meeting in question, the business of the meeting having been in connection with the final count of the recent election. I have been instructed by the Association, to advise you accordingly, in the hope that you will correct the impression that your news item must give, namely that the Independent Association has taken action, which must be considered premature, owing to the fact that Mr. Stork has not yet been officially declared elected and that the Association are to certain extent in the dark as to what his program may be.

In correcting this rumor, the Association wish it to be emphatically understood that the chief plank in their platform is to get behind any individual or association, who may be working for the good of the district, and that they can always be counted as active friends of progress.

Trusting you can find space for this correction.

F. S. WRIGHT.

"You call this a progressive own!"

"Sure," said the native.

"Why, you let pigs run in the streets."

"Well, them's progressive oigs. They can dodge any antimodel that was ever made."

HALIFAX EXPLOSION WRECKED HER NERVES

The reader will, no doubt, remember when a few years ago there was a collision in the Halifax, N. S., Harbor and one of the munition ships was blown up, causing great loss of life and laying a large portion of the city in ruins, and causing a great deal of suffering and distress among the inhabitants.

Mrs. Winnie Hill, now of Windsor, N. S., was living in Halifax at that time and went through this trying experience and the shock wrecked her nerves. She writes as follows:—I was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my household work. I would take such nervous spells I would be under the doctor's care. I saw Milburn's Heart and Nerve Pills advertised, so I took two boxes, and they helped me so much I took six more, and now I am completely relieved. I can recommend them to anyone suffering from heart and nerve trouble.

To all those who suffer from nervous shock, we would recommend our MILBURN'S HEART AND NERVE PILLS as the best remedy to take up the entire nervous system and strengthen the weakened organs. Milburn's Heart and Nerve Pills are the original heart and nerve food, having been on the market for the past 27 years. Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

beginning Oct. 28 that Russian authorities detained the ship. A force of White Russians had taken the town from the Red-Without a fight, and held the American-boat pending investigation. Capt. Whillam told the head of the military party that if they did not release the vessel immediately he would see that the American government was notified of the affair. The White Russians evidently had respect for the American government, for the schooner was released.

Bad Weather. She left for Nome November 4, encountering severe gales coming over. A call was made at Unalaska November 17, and a course laid for Cape Flattery. So much southerly weather was encountered, however that it was decided to come down the inside so they came in by Cape Omaney.

The Russians both Bolshevik and anti-Bolshevik, are very social and agreeable. They treat Americans with great respect and despite the Japanese," said Capt. Whillam. The company had a very successful season and will send out the Bender Brothers again next March. The schooner left last night for Seattle.

GISH COMEDY COMING

Delightful Star in "Mary Ellen Comes to Town."

Can you imagine peppy Dorothy Gish suppressed for life in a sleepy Southern town that closes up shop every evening at 9 o'clock? In "Mary Ellen Comes to Town," which is shown tonight at the Westholme Theatre, the vivacious comedienne starts out as chauffeur at the local soda fountain and plays checkers with the "hicks" who congregate there. But of course that's too slow for Dorothy, and when a pretty actress lady gets stalled near town in the one single train that runs daily, Dorothy gets the inspiration to go to New York and make a bit in dramatics. She doesn't score the expected sensation, but she does experience some exciting adventures and wins herself a rich husband, why by the way is a native of the drowsy town from which she herself springs.

Ralph Graves is leading man in the picture and Rhea Haines and Raymond Cannon are also in the cast. It was directed by Elmer Clifton.

ELKS' MINSTREL SHOW SPLENDID

Christmas Cheer Fund Benefited Greatly as a Result—Much Fun Afforded.

PERFORMERS WERE MANY

Minstrel Performance, Individual Numbers and Plantation Scene.

Christmas Cheer was the keynote of the Elks' Minstrel Show which delighted an audience that filled every seat in the West-holme Theatre last night. Those who attended and helped the Christmas Cheer fund by paying their admission fees themselves received full value in the way of cheer and as a result of the great success attending the event cheer of a different and perhaps more effective sort will be put in many a Prince Rupert home at the Christmas season. The Elks' Minstrels and Entertainers certainly scored a great success and put over a splendid performance in their second annual concert last night.

Blackface wit and humor, song music and dance flowed smoothly and rhythmically for two hours and a half and the entire affair gave all that could be expected in the way of entertainment and merriment. No a moment grazed and the finish and ease which characterized every number showed that the thirty or so performers who took part had spent many an hour in painstaking practice and rehearsal. They and the Elks' committee must have felt considerable satisfaction with the applause with which almost every number was received.

Superior to Last.
The promise of the committee that this year's affair would excel last year's was fulfilled. Failures of last year had been largely eradicated and the performance was a decidedly superior one in every respect. It was decidedly the best minstrel show that has ever been presented here and would have done credit to professionals. It was put on by the Elks' Christmas Cheer Committee which comprises B. F. Self, P. A. Avazoff, A. A. Easson, E. Dibb, J. J. Raleigh, E. A. Donohoe, F. Gilhuly, E. Lawin and Rain V. G. Lepine. Other Elks assisted in the conduct generally and there was a good number on hand who acted as ushers and in other capacities.

Seats had been bought up long before the performance commenced and all that were available at the box office were rush seats in the gallery. Those were quickly sold out and by the time the curtain went up every seat in the house was occupied. The first box on the left hand side was occupied by a party impersonating negroes whose costumes and make-ups were clever indeed. Among them were Fred Gilhuly, Fred Roberge and S. K. Shane. This box and the antics of its occupants proved an amusing feature in itself and the attention of the audience was fastened on it on many occasions.

Riot of Color.
The curtain went up at 8:30 on the stage occupied by the minstrel troupe and the minstrel orchestra. There was a riot of color in the costuming and their performance was remarkably typical of the true dandy characteristics. E. A. Donohoe was the interlocutor and he was surrounded by the minstrel party of twelve the personnel of which was: W. E. Thompson and U. U. LaCasse, bones; J. J. Raleigh and J. Cobb, tambos, and H. Fletcher, B. McEvoy, G. Waddell, F. Dibb, A. A. Easson, H. Astori, J. Judge and J. Gibson, minstrels. It would be hard to say which one of these, if any, was the best. Nearly all took part in individual numbers besides all joining in the choruses and general conversation.

Immediately to the rear of the stage and on a raised platform was the minstrel orchestra. Here again was the blackface disguise and the bright costuming. The personnel of the orchestra was: Charles Balagno, piano, leader and musical director; William Balagno, first violin; Robert Arthur, Jr., second violin; R. Greenfield, cornet; A. Beale, clarinet; A. Gawiborue, French horn; A. A. Easson and K. Rood, saxophones; G. P. Anderson, bass; S. Steele, trombone and W. Brown, drums. The orchestra played all the accompaniments for the solos, dances and

plantation scene in which nearly all the performers of the evening finally gathered in music, dance and song. The scene depicted an old plantation yard and the leading characters were Mrs. Jarvis McLeod, a negro aunt, W. E. Thompson, an old and crippled uncle and Miss Vera Thompson, a peckaninny. Mrs. McLeod sang a pleasing solo, "Caroline," little Miss Thompson made a vocal achievement in "Carry Me Back to Old Virginia." Her voice was clear and sweet and the audience voiced its appreciation by its plaudits. Singing and dancing and instrumental music kept this section of the program going well. At 11 o'clock it was interrupted by the throwing of the house into darkness and the pronouncing of the characteristic lodge ceremony of that hour by W. J. Cash, the exalted ruler. This being concluded, the lights went on again and the closing chorus was sung by the entire company, the National Anthem following.

Backache

Backache is the outstanding symptom of kidney disease. Women often make the mistake of attributing other causes and overlook the derangement of the kidneys until serious developments have made it difficult to obtain permanent relief.

This letter points to a treatment which has been so thoroughly used and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for its use.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved."

FIRE INSURANCE is a hobby of ours. We take keen pleasure in making sure that all policies are so written that they cover your property exactly as you intend. If you entrust your fire insurance to careless, inexperienced or ignorant agents you may find, when you come to collect your fire loss, that your policies are so worded that the insurance company is not liable and so will not pay the loss. Why take chances?

WINNIPEG MEN NOT ANXIOUS FOR WORK

Fifty Jobs Offered at City Wood Camp and 13 Want Them.

WINNIPEG, Dec. 15.—Only 13 men could be obtained to fill 50 places at the city wood camp out of 324 single men then employed at the wood yard in the city, and two men who had promised to go and who failed to turn up at the train, after receiving new clothing, will be prosecuted for obtaining the clothing by false pretences.

This statement was made by Mayor Parnell, chairman of the special committee dealing with unemployment. He said he had been instructed to have these two men prosecuted and he had issued the necessary instructions.

J. W. McKinley, superintendent of the city wood camp, asked the committee for 50 men to work at the Greater Winnipeg water district line at a rate of pay satisfactory to the 85 already there, and he, with J. Nish of the Dominion employment bureau and the superintendent of the wood yard, were told to select the men. All but 13 claimed they were physically unfit for the work. The 13 were taken to the baths, given new clothes and otherwise outfitted for their camp work. Only 11 turned up at the train, and the missing two will be prosecuted.

Mayor Parnell said all men working at the yard will be medically examined as to their physical fitness to do camp work, and if they are proved to be unfit and refuse to go the consequences will be unpleasant for them.

SUICIDE AND MURDER ARE SUSPECTED WHEN TWO BODIES FOUND

EDMONTON, Dec. 15.—The dead bodies of James McGready and James McDonald who are both believed to have been the victims of strychnine poisoning in the Empress Hotel Friday night were removed to the undertaking parlors of Howard & McBride. A post mortem examination is to be made and afterwards an inquest held.

Investigations of the police into the circumstances surrounding what they believe to be the murder and suicide discloses the fact that some days ago McGready purchased a quantity of strychnine from a local drug store and got it under the pretext that he was going into the north country on a trapping expedition and that he wanted the poison to kill animals. At the time he secured a bottle of Scotch whiskey from the druggist.

The half empty bottle of the poison was found in the room of the deceased by Detective John Watson.

The deceased men were not very well known in the city and as far as can be ascertained at present have no relatives in this country. They were employed at the Clover Bar mines.

REDUCED RATES FOR SEED GRAIN SHIPMENT

Manitoba Successful in Securing Privilege for Farmers.

WINNIPEG, Dec. 15.—Canadian railways have consented to reduced rates for shipments of seed grain in Western Canada, according to communications received by Hon. George H. Meale, minister of agriculture. Representations were made to the railways a short time ago by the Manitoba Government to consent to the reduced rates. The new rates became effective Dec. 1 and will remain in effect until June 15, 1922. The rates affect barley, wheat, flaxseed, rye, oats, corn, speltz, clover seed, grass seed.

The new rates on wheat based on mileage plus 2 cents extra per hundred pounds for special terminal service, run upwards in ratio from 10 cents per 100 for wheat, barley, oats, rye, corn, for ten-mile carriage, to 20 1/2 cents for 100 miles; 29 cents for 200 miles; 37 cents for 300; 46 cents for 400; 52 1/2 cents for 500, for less than carload rates.

On carloads the rate runs from 6 1/2 cents less for the first ten miles to 29 1/2 cents less for the 500-mile carriage, the ratio of decrease increasing as the distance is greater.

PROHIBITION AND FARMER MEMBERS OF DOMINION COMMONS

EDMONTON, Dec. 15.—H. H. Hull, general secretary of the Social Service Council of Alberta reports practically all of the newly elected candidates for the Dominion House in the province of Alberta gave a favorable answer to the questionnaire regarding their position on prohibition.

The questionnaire sent out read as follows: "Are you in favor of the prohibition of the liquor traffic for beverage purposes, and if elected, do you promise to do all in your power to secure such federal legislation to the end that every possible facility be given to carry out the will of the people in the complete suppression of the liquor traffic?"

"Are you in favor of legislation which will create a single standard of morals?"

One candidate answers, "Yes, emphatically," to the first question, and "Yes, and for rich and poor alike" to the second question. Other candidates say they stand by the farmers' platform of which one plank is "prohibition of the manufacture, importation, and sale of intoxicating liquors as beverages in Canada."

Another says, "I have always fought in the affirmative and express astonishment that the position of any farmer candidate should be questioned on the prohibition situation."

A labor farmer candidate says, "I'm opposed to the drink traffic, and believe that the question must be tackled by the Dominion parliament, and will work towards this end."

Another says, "I have always fought for prohibition and have backed up my opinion at the polls, and I am a total abstainer."

Another candidate strongly scores the doctor and drug store system and says he will do all in his power to eliminate this abuse.

MANITOBA PRODUCES 1,000,000 LBS. OF HONEY

Much Larger Average per Hive Than This Province, Says Deputy Minister.

WINNIPEG, Dec. 15.—Honey produced in Manitoba bee colonies this year approximates 1,000,000 pounds, according to a report placed before J. H. Evans, deputy minister of agriculture. Mr. Evans said the number of hives in the province had doubled since the spring of the year and beekeepers have had an exceptionally successful season.

Manitoba now has 14,721 colonies of bees. Last spring the number was 7593. An average of 118 pounds of honey was produced in each hive, bringing the production up to 993,000 pounds.

Mr. Evans compared the production in Manitoba with that in British Columbia. That province produced an average of 30 pounds per hive and 309,074 pounds from 10,329 colonies. The deputy minister pointed out that this is the first year Manitoba has been engaged in beekeeping to any great extent, and he was well pleased with the results.

PIMPLES ON FACE DIDN'T LIKE TO GO OUT

Those nasty little pimples that break out on the face and other parts of the body are simply indications that the blood is out of order and requires purifying.

There is only one way to get rid of this obnoxious skin trouble, and that is by giving the blood a thorough cleansing which can best be done by that old reliable blood medicine.

BURDOCK BLOOD BITTERS

and when the blood is purified the pimples will vanish and you will have a clear, healthy complexion.

Miss Mary E. Flanagan, R. R. No. 3, Stella, Ont., writes: "I suffered for about two years with pimples and blotches breaking out on my face. The doctor said it was caused by bad blood. My face was so bad that I didn't like to go out among a crowd of people. One day I was talking to a friend, and she advised me to get a bottle of Burdock Blood Bitters and try it. I just took three bottles, and there was not a blotch or pimple of any kind left. Some of my friends asked me what I had used and I said, 'Burdock Blood Bitters' and they used them."

B. B. B. has been on the market for the past 45 years, so you are not experimenting with some new and untried remedy. Put up only by The T. Milburn Co., Limited, Toronto, Ont.
