The Irish Situation Is Getting Worse

IMPROVEMENTS IN BULKLEY VALLEY ENTHUSE LOCAL VISITORS

Speaker of Dail Eireann Makes Attack on Lloyd George When Introducing the Irish Delegation

BELMONT, August 31.—John McNeill, speaker of the Dail Eireann, administered a setback to peace negotiations on Tuesday when he introduced a republican delegation from the northern counties of Fermanagh and Tyrone to De Valera. He made an attack on Lloyd George and the British Government, declaring that the Premier was using Ulster fanaticism against the South of Ireland to disarm republicans while he armed his friends through the Ulster Parliament.

CIVIL WAR IS RENEWED

Street Fighting of Severe
Character in Belfast—
14 Killed.

BELFAST, Aug. 31.—Street fighting of the most severe character continued in the city last night and today fighting is still going on between the Ulster loyalists and the Sinn Feiners. The death roll since Monday night has reached fourteen. Scores have been wounded but the exact number is not known.

A party of men entered Stanhope Street at 9 o'clock last night and opened rifle fire on the crowds. This was the climax of hours of spasmodic fighting in the city in which six people were killed yesterday.

Dockworkers going home fired on street cars which had been diverted from the main routes while the passengers lay on the floor of the cars to escape the flying bullets.

ALBERNI, Aug. 31.—Rochester of Prince Rupert has been elected fourth vice-president of the Good Roads Convention of British Columbia held here yesterday.

R. H. Gale is president of the convention. J. Perry is one of nine vice-presidents.

MAN REBELS LOSING GROUND

Muslims and Christians Are Lin-
ing Up with Government
Against Mohammedans.

EDMONTON, Aug. 31.—Deserters from Simla say the uprisings are losing ground, the Muslims and Christian civilians are lining up with the government, and that the rebels aim at all the non-Muslims rather than against British administration particularly.

EDMONTON LOSES LARGE SUM OWING TO BAD BOND SALE

EDMONTON, Aug. 31.—The sale of bonds by the city of Edmonton through selling bonds that was not financially sound has amounted to very close to nothing. Already the amount raised was \$75,000 and there is a bill of \$20,000 to be paid. Bonds were sold to a firm in Portland, Oregon.

THREE THOUSAND BOTTLES OF LIQUOR HAS BEEN STOLEN

SEATTLE, August 31.—The vault in the government liquor warehouse here was opened with a sledgehammer and 3000 bottles of liquor worth \$30,000 was stolen last night. The police are working on the case and every effort will be made to secure the culprits.

ASK FOR ROAD JASPER PARK

Edmonton Anxious to Have Com-
munication with Beautiful
Park of Interior.

EDMONTON, Aug. 31.—A big delegation of businessmen met Premier Greenfield and took up the matter of the construction of the road through to Jasper Park as a means of opening up the country and making the park available to tourists and also as a means of providing employment during the winter months for the small army of unemployed in the province.

The matter will be considered by the new cabinet at an early date.

Vancouver Sportsman is Victim of Car Accident

VANCOUVER, August 31.—George Dobson of Vancouver, one of the best known among the bowlers of British Columbia, was killed in an auto accident at Kelowna when on a business trip. He was aged 45 years and was the Vancouver representative of a Stratford-Ontario, furniture manufacturing firm. He had just skipped the winning rink in the Lower Mainland bowling championship, winning the Hudsons Bay silver trophy, which was to have been presented to him on Labor Day.

Dobson leaves a widow and family in Kitsilano. Details arriving later state that H. McLaren, age nine, son of H. McLaren, manager of Simmons Bed Co., Vancouver, who was also a passenger, died later in the hospital, while his father and Harry Godley, traveller for Simmons, Ltd., was also injured.

The accident occurred a mile south of Westbank on the Okanagan Lake road at the bottom of a deep gully. It is believed the steering gear went wrong, the machine crashing through the bridge and nose dived. Godley was driving. The party was southbound to Penticon.

NEW SCALE OF WAGES GRANBY GREEK TROOPS BREAK THROUGH TURKISH WING

Miners Will Get 54 and Muck-
ers, \$3.70—Board \$1 a Day.

ANYOX, Aug. 31.—With the return of H. S. Munro, the general manager of the Granby Consolidated Mining, Smelting & Power Co., from New York where he attended a meeting of the Board of Directors, a new wage scale affecting all departments, has been posted and will go into effect tomorrow.

The reduction in wages is rather drastic, made necessary by the low price of copper, the high cost of materials entering into its manufacture and the continued business depression. The scale was posted on Friday and the employees voted on Saturday as to whether they would accept it and continue operations or reject it and close down. The vote was for acceptance by a margin of 783 to 309.

The new scale, which is on a sliding basis, will hold good until April 1, 1922. It will depend on copper not reaching over 44c in value and is as follows:—Miners, \$4.10 per day; muckers, \$3.70. Board at the company mess will be \$1 per day. House rents will be reduced 75 percent and store prices will be held to the minimum.

The ballot presented to the workers had simply the two

Vancouver Island Farmers Are Against Wages to Unemployed Higher Than for Subsistence

VICTORIA, August 31.—The Farmers' Institute of Vancouver Island, in convention here, declared against the unemployed claiming anything more than subsistence wages during the period of depression and urged that public works should be of a productive or permanent nature. The convention expressed itself as considering the government was not liable to provide the unemployed with more than a subsistence wage and recommended that all foreigners not domiciled in Canada be deported forthwith.

FEDERAL MEMBER DIED AT MONTREAL

MONTREAL, Aug. 31.—E. B. Devlin, Liberal member of Parliament for Wright County, Quebec, died of kidney trouble. He sat in the House of Commons for sixteen years.

Seven seats are now vacant in the House of Commons at Ottawa entailing by-elections in each.

WIRELESS STATION AT EDMONTON TO TALK WITH NORMAN

EDMONTON, Aug. 31.—A local firm has secured a license to operate wireless station to communicate with Fort Norman and Fort Smith using Marconi equipment. The plant is expected to be completed by spring.

TWO CANNERIES BUYING SALMON

Balmoral and North Pacific Still
Doing Business With Cohoes.

While the majority of the canneries on the Skeena are closed, the Balmoral and North Pacific are still operating, buying cohoes from both Canadian and Alaska fishermen. North Pacific filled all the cans available and then got an extra supply from Mill Bay.

Bob Johnson of Inverness has filled all his cans and is away to Rivers Inlet and will possibly get more. He has a large pack, quite as large as usual, according to reports received from the river.

The stiffening in the price of canned salmon has given an impetus to the canneries that have remained open, as it is not improbable there may be yet another rise in price.

HEAVY RAINS DELAY HARVEST IN ALBERTA

Mail advices received from Alberta indicate that the rains there have been general and that the harvesting has been delayed a good deal. The condition is particularly true of Northern Alberta.

Enthusiastic Over Bulkley Prospects Visitors are Home

Enthusiastic over the development of the country and the improvement the Provincial Government is making on the roads and the possibilities of still greater things before long, F. G. Dawson and Hon. Alex. Manson, M.P.P., returned last evening from a tour through the Bulkley Valley, which they made with Hon. Dr. King, Minister of Works. The whole of the valley, some three hundred miles in extent, was traversed by auto from Hazelton to Burns Lake with side trips, and south to Francois and Ootsa lakes. Everywhere they found prosperity and development, and the minister was particularly impressed with the country and with the need of work being done there to keep pace with settlement.

ing Figure.

TORONTO, Aug. 31.—Michael O'Leary, V.C., a conspicuous figure in the war, is registered with the Returned Men's Club as unemployed, along with several Victoria Cross men. O'Leary is married, with two children.

NO WORD YET OF IMPORTER

Opinion of Masters of Seaching
Vessel's That Ship Has
Foundered.

VANCOUVER, Aug. 31.—While the masters of the vessels are continuing the search it is their opinion that the Canadian Importer has foundered, it is stated at the local office of the C.G. M.M. They have not yet however given up hope that the vessel may be afloat. All ships out of California ports bound for the Orient have been asked to look out for the missing vessel and lifeboats and also the Steamer Niagara en route from Australia; due here on the tenth is asked to watch for her.

The boat load of eleven members of the crew which left the Importer on August 19 if well are expected to reach the California coast any time now.

Anyox Situation Is Satisfactory.

The decision of the people of Anyox to continue work rather than to have the place shut down indefinitely is most satisfactory to the whole province.

From the Prince Rupert standpoint it would be fatal to have Granby closed down. Now that there is renewed interest in the mines of Anyox and Stewart, it is highly important that work shall go on at all the mining camps in the North.

Pattullo Tells England About British Columbia Prince Rupert to Fore

Hon. T. D. Pattullo, Minister of Lands and member of the Legislature for this district, gave a very interesting interview in London, England, which was published under large headlines and with illustrations in "Canada," a British publication circulated in that country.

"I suppose I may be a prejudiced witness, but the more one contemplates the resources of British Columbia the more one marvels. By way of illustration, our province is one-third larger than pre-war Germany, and has infinitely greater natural resources; yet we are supporting a population at the present time of only 700,000 people, whereas Germany has been supporting 65,000,000 people.

"Our resources are not confined to one particular direction. We have our vast forests, our mines, fisheries, agricultural and fruit lands, and a delightful climate. Vancouver, our largest sea port, has shown phenomenal growth since the opening of the Canadian Pacific Railway in 1886, and with its adjoining municipalities now contains about 225,000 people.

Victoria our beautiful capital city on Vancouver Island, has also shown steady growth, and will undoubtedly always retain its prestige and popularity. Prince Rupert, the terminal city of the Grand Trunk Pacific Railway, with its great hinterland, is making rapid progress. It does a larger fishing business at the present time than all the other coast cities put together.

"What we most need," continued Mr. Pattullo, "is a greater volume of settlement in the interior—preferably of men with capital, or who can influence capital, to develop opportunities which they will find staring them in the face. During my visit I hope to stimulate the work carried on by our Agent-General in the direction of attracting the right class of settlers—men of British birth, who have practical knowledge of agricultural work and sufficient capital to acquire their own freehold.

For example, in one particular tract, our Government has an area of some 200,000 acres, in the Stuart River district, accessible to the railway, the soil of which is splendidly adapted to mixed farming, and the title to which can be obtained direct from the Government for from \$2.50 to \$5 per acre.

We should like to see a thousand British families settled on this land. The value of our irrigated fruit lands is already pretty well known over here, and the Government itself is developing an irrigation project in the southern Okanagan which should attract a large number of those who prefer fruit-growing to general farming. This land is obtainable at from \$175 to \$350 per acre."

When informed that the impression prevailed that British Columbia, like other provinces, was now discouraging immigration, Mr. Pattullo replied: "The impression that we are discouraging indiscriminate immigration is all right. We do not advise anyone to come out who has neither capital nor practical knowledge, but we shall do all we can as a Government to make things comfortable for the class of people we so urgently need to develop our immense and scarcely-touched natural resources.

Through our Provincial Land Settlement Board we are able to be of much assistance to settlers. The Board from time to time acquires areas in different parts of the province and re-sells to settlers on favorable conditions. Our Department of Agriculture also, with its corps of experts, gives advice in various directions gratis."

Mr. and Mrs. W. H. Lambert, of Anyox, are in the city today on their way north. Mr. Lambert is principal of the Anyox public school. They have been spending the holidays in the south.

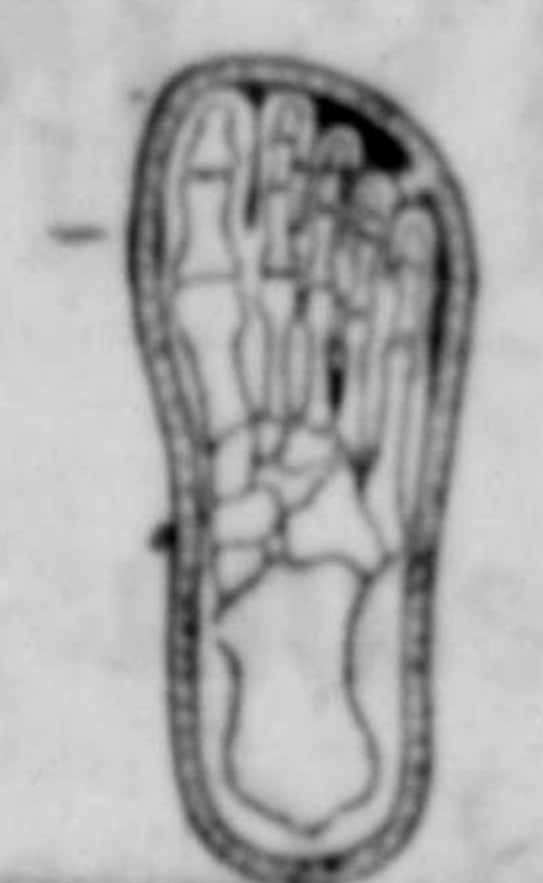

Mr. and Mrs. C. Rorie and family arrived today from Vancouver. They will take up their residence in the Baxter house at the corner of Fourth Avenue and Hays Cove Circle until recently occupied by Dr. and Mrs. Tremayne and family.

Mr. and Mrs. DeJen and Miss Lethe Colman, of the Dominion Chautauquas, arrived from Prince George on last night's train. Mr. DeJen, who is a magician, and Miss Coleman, who is a lecturer, will take part in today's and tomorrow's program.

Let your child's foot develop Naturally

Original toes caused the foot to grow the Hurlbut way.

New way introduced the foot to grow the Hurlbut way.

The natural foot is not ungraceful—it is a perfect piece of mechanism. The toes are straight and strong, the instep high but pronounced, the sole tough but resilient. This is how your child's foot should grow.

Ill-fitting shoes—shoes that pinch and distort the toes—shoes that hamper and confuse the sole will give your child an awkward, grinding carriage. Fit HURLBUTS and insure the free graceful walk nature intended.

HURLBUTS are made with soft cushion insoles, nature shape toes, and are welted. They give the lowest cost per day of wear.

PRINCE RUPERT AND HINTERLAND

Chautauqua Lecturer Tells About District Behind the City.

Captain Dancy's lecture at Chautauqua last night was entitled "The Real League of Nations" but as he announced when opening it was more of a "mulligan." He touched on the great hinterland lying back of Prince Rupert. The speaker again emphasized many of the points he had brought out the night before regarding true Canadianism and patriotism. He declared that a good community spirit would make for good citizenship and real patriotism and if these existed there would be no necessity for a League of Nations.

In France, United States, Great Britain and even Canada, Germany was again endeavoring to sow her seeds of propaganda. Especially could this been seen in some of the schools of the prairies. The people of Prince Rupert probably did not know that in some towns there the German language was again being taught to the children. There was a wave of one hundred per cent Canadianism coming, however, which would wipe out the teaching of German, Italian, Ruthenian and other foreign languages and nothing but Canadian would be taught in Canadian schools. The people of Canada should wake up and also keep her industries and natural resources out of the hands of aliens.

Propaganda Efforts.
The speaker said that his work on the Chautauqua platform was merely a side line. He had been appointed one of a team of four to work against the spread of foreign propaganda and the Chautauqua had been selected as a vantage point in meeting the people of Canada. Pride in the flag and resolve that the millions of soldiers killed in the Great War had not died in vain should make Canadians determined that they would not allow propaganda to rob them of the full fruits of victory. Canada should prove that she was worthy of the best blood that had been spilled in the battlefields of France and Flanders. Her people should be Canadians first, last and all the time.

In opening his lecture, Captain Dancy drew attention to the great hinterland lying back of Prince Rupert which he had recently visited. The city was the strategical centre for a district that would soon become second to none in importance to other older sections of the province. He looked for the day when the waterfront would be lined with elevators to handle the grain of the great Peace River farming country. The present difficulty there was lack of transportation but when that was remedied the harvest would roll out to this port.

Contact With Interior.
The city had suffered in the past through lack of co-operation from the outside and many enemies had worked against the place but the citizens should look to the establishing of this contact with the great interior and then the efforts of the enemies would be unavailing. Politics and social alliances should be forgotten in the fight for the community. Those who showed the best community spirit, he had found, had always been the best Canadians. The Chautauqua programs yesterday afternoon and last evening again pleased appreciative audiences in the Empress Theatre.

The afternoon program comprised numbers by the Artist

"VICTORIA" SHOULD BE SCHOOL'S NAME

Several businessmen have asked the Daily News to give expression to their opinion that in view of one of the local schools being named King Edward, the new building should be named after Victoria the Good, the queen who did so much not only for the British Empire but for the democracy of the world. It was during Queen Victoria's reign that real democratic government became effective and Queen Victoria in recognizing and encouraging it should always be remembered and also through her other womanly attributes which make her an example to women throughout the world.

"ROOKIE'S RETURN" IS VERY HUMOROUS PLAY

Romance and Comedy Combined in Feature at Westholme Tonight.
The vital servant problem in its most acute form is but one of the questions which confront Douglas MacLean and which he successfully solves in his latest starring vehicle, "The Rookie's Return," which will be presented at the Westholme Theatre tonight.
In the role of the young soldier who returns to find himself heir to his deceased aunt's millions, and the cares attached to them, Mr. MacLean is afforded innumerable clever situations which he handles with the inimitable humor that made his work in "Twenty-three and a Half Hour's Leave" so distinctive.
In "The Rookie's Return," Jimmie Lee's aunt leaves her entire fortune to him, but the will provides that if he decides to discharge the servants, each is to receive a bonus of \$5,000. The nephew is about to let the household staff go and present them with their cheques when he learns that they intend to make things uncomfortable for him in order to obtain their release. His fighting blood is aroused and he determines to keep them only in order to prevent them from obtaining the money.
The ensuing domestic revolt, how he copes with the situation and finally solves the problem, furnishes one of the most entertaining episodes of the picture.

TO those men who are unable to live on their wages, I suggest getting married as a remedy.
THE British are talking of sending some of their women away in order to prevent them from voting in that country. Lord help us if they come here.
THEY launched a princess in North Vancouver the other day. Here there are a lot of princesses that would like to be launched on the sea of matrimony, but the skirts are not sufficiently well greased.
IT is announced that a liquor store is to be started by the Government at Granby, but now that wages are reduced where is the money coming from to buy the stuff?
"WORK or go hungry" is the motto in Winnipeg, according to the newspapers. What will some of the creatures do, that have been masquerading as men?

DOCTOR AND NURSES ARE LEAVING ANYOX

Dr. Broe Resigns After Six Years Service—Four Nurses Also Quitting.
ANYOX, Aug. 31.—Dr. L. Broe, of the Anyox General Hospital, has resigned and will leave tomorrow for Vancouver. Dr. Broe has been here with the company for six years and has been in charge of the hospital for four years. His departure will be generally regretted and the best wishes of the whole community will follow him.
Miss E. McVicar, matron, Miss I. McVicar, Miss Stone and Miss Blair, all of the hospital nursing staff, will also leave for the south tomorrow. Miss E. McVicar and Miss Stone will proceed to New York City, the former to specialize in general hospital work, the latter to take a post-graduate course in anaesthetics. Miss I. McVicar and Miss Blair will for the present reside in Vancouver.

GRANBY CLOSING UP HOTEL RESTAURANT

Forty Employees Take It Over and Make Private Mess.
ANYOX, Aug. 31.—Beginning tomorrow, there will be a change in the management of the Granby Hotel here. The dining room and restaurant premises will be leased to an association of forty of the company's employees who will run a co-operative mess. The restaurant section will be closed and only the dining room, seating 40 persons, will be used. No provision will be made to serve meals to transients or others besides the members of the mess. As this is the only hotel and restaurant in Anyox it leaves only the general mess to take care of the travelling public.

Ten Years Ago in Prince Rupert

Captain John Wait, of the lumber barge Carondelet, had a narrow escape from drowning last night when he fell from the wharf at which his ship was unloading. He was saved by Karl Ehsen, one of his crew, after he had sunk for the third time. It was two hours after the accident that the captain, through resuscitation methods, regained consciousness.
R. G. W. Lett, Grand Trunk artist and publicity man, is paying a visit to Prince Rupert and district. He has already visited Kitsuakalum and Lakelse Lake.
Fred Stork returned to the city yesterday after a trip to England. He declares that feeling all over Canada seems to be in favor of reciprocity.

CANCELLATION OF RESERVE.
Notice is hereby given that the reserve against the acquisition of Coal under the notice dated 11th of February, 1920, and published in the British Columbia Gazette on the 12th of February, 1920, is cancelled except in so far as the same relates to the following areas:

1. All the lands lying within the boundaries of the drainage areas of the Skeena River above and including Omit Creek, the East Fork of the Nass River, the Little Skeena River, the Spuzzan River, above and including Klappan and Indian Creeks.

2. All that portion of Vancouver Island west of and including the following described boundaries:
Commencing at a point on the West Coast of the Island, the mouth of Muir Creek, thence following the western boundary of the Esquimalt and Nanaimo Railway Belt to the southeasterly corner of the Sitrahouna Park Reserve, thence west following the south boundary of the said reserve to its south-west corner, thence north following the west boundary of the said reserve to its north-west corner, thence west along the south boundary of Bayward and Rupert Roads, thence north along the western boundary of the said reserve to the north-west corner thereof, thence west along the north boundary of Township 37, 41 and 44 to the Pacific Ocean, including all the freshwater and inland waters by and adjacent to the East Coast of Vancouver Island, together with all islands lying between the said Township 37 in the Southeast corner thereof, thence west along the north boundary of Township 37, 41 and 44 to the Pacific Ocean, including all the freshwater and inland waters by and adjacent to the East Coast of Vancouver Island, and all the lands within the boundaries of the District of Omineca, Goldstream, Metcalfe, Esquimalt, Victoria, Lake and North and South Saanich, Sooke and Hartland.

The cancellation of this reserve shall not take effect and staking for coal shall not be lawful until notice of such cancellation is published in the District of Omineca, Victoria, British Columbia Gazette and in a newspaper published or circulating in each of the said Districts of the Province of British Columbia.

This notice shall in no wise affect the reserve against the acquisition of Coal, Petroleum and Natural Gas in the Prince Rupert District, established by notice in the British Columbia Gazette on the 27th of March, 1919, which reserve is still in force and effect.

Rifle Range at McNicholl Creek May Be Put In Shape As Result of Officer's Visit

As a result of the visit here last Saturday and Sunday of Colonel C. B. Russell, engineer officer of Military District No. 11, it is considered highly probable that the Dominion Government in the near future will grant enough money to put the rifle range at McNicholl Creek in shape for use again.

Sons of England and Sons of Canada Played Gilhuly Cup Game Last Night.

The Sons of England and the Sons of Canada met last night in the second semi-finals of the Gilhuly Cup series and at the end of seventy minutes play the game was called on account of darkness with the score standing two all. Fully twenty-five minutes was wasted by the clubs in starting and it is felt that an example will have to be made to break the habit of tardiness which seems to be growing.

Second Half.

In the opening of the second half, the Sons of England goal had numerous narrow escapes and the Sassenachs were indeed lucky they did not have another goal scored against them. Gradually the pressure eased off and the Englishmen had a long spell of attack, their extreme wing forwards losing many chances.

W. McCulloch was referee and G. Waddell and R. Stuart were on the lines. The replay will take place tomorrow evening.

Mr. and Mrs. J. E. S. Buchanan, of Winnipeg, and A. R. Piper of Prince Albert, passed through the city today from boat to train. SHOWER FOR BRIDE-TO-BE AT ANYOX

Miss Lucille Davis is to be Married to Ed. Gillingham, Formerly of This City.

On Wednesday evening, Mrs. Jas. Wier and Mrs. M. T. Ranson gave a shower in honor of Miss Lucille Davis, who is to be married at an early date to Gillingham, of Anyox. The first part of the evening was given over to blind whist, Miss Lucille Davis being the prize winner, holding the highest score of the evening. After supper was served a tea wagon laden with presents was presented to Miss Davis, on which stood a doll dressed in white satin, with an over-dress of net hair veil, being caught up with a wealth of Lillies-of-the-Valley.

Miss Davis was the recipient of many beautiful pieces of silver, china, cut glass and linen. Those present were: Mrs. H. Speight, Miss L. Davis, Mrs. J. M. Davis, Mrs. C. Cundill, Mrs. A. Turner, Mrs. H. Chapman, Mrs. W. Heighway, Mrs. C. McLachlan, Mrs. H. Kirk, Mrs. B. Buck, Mrs. G. Dobbin, Mrs. W. F. Eve, Mrs. J. Hagerman, Miss Isabella McVicar, Miss Edna McVicar, Miss A. Stone, Miss Blair, Miss V. Rashleigh, and Miss Ida Gaw.—Alice Ann Herald.

ALICE ARM

Mrs. Geddes, of Anyox, is visiting in town this week. J. Strand, of the Anyox coke plant, is camping for a week at Silver City.

Mr. and Mrs. Elmer Moss are spending a couple of weeks on their claims in the Upper Kit-sault country.

A. J. Bone, who is developing the Silver Star and Monarch properties on the Illiance River left Sunday on a hurried business trip East. He caught the Prince George, southbound from Stewart, off the mouth of the Naas River.

Walter Clapham, who has resided here for a year, is leaving for Parksville, Vancouver Island, where he has purchased a ranch.

Miss Francis Cameron, daughter of Mr. and Mrs. Don Cameron leaves for Seattle tomorrow where she will enter school.

Rev. W. F. Rushbrook, rural dean, arrived on the "Northern Cross" at the week-end. He was accompanied by Archbishop F. H. Du Vernet, of Prince Rupert, who conducted evening service in the church to an appreciative congregation.

D. Cameron and Miles Donald came down from the Moose Mine on Saturday. They have had charge of developments for the

past two month there. No further work is contemplated for the immediate present.

The last of the Dolly Varden ore came down last Thursday and the men have returned to town.

PATTULLO TELLS ENGLAND ABOUT BRITISH COLUMBIA PRINCE RUPERT TO FORE

(Continued from Page two.)

larger cities, particularly in Vancouver, we have had an abnormal number of men out of work, largely due to the slump in shipbuilding and subsidiary industries since the war, during which many artisans and laborers came to us from across the border. Many are now finding work in fruit-picking and harvesting, and I am not without hope that before another winter most of even the casual type of labor will have been absorbed. There are, however, few large cities in the world, as you know, in which there will not always be a certain percentage of unemployed or unemployable.

British Columbia's Climate.

"In speaking of British Columbia," concluded Mr. Pattullo, "I must not forget to dilate on her climate. In a territory as large as British Columbia we have, of course, a great variety of climate. In fact, we can suit every one's taste. Those who prefer a temperate climate can find nothing more salubrious in any part of the world than our coast climate. It attracts visitors from all parts of the continent, where winter conditions are more rigorous. The scenic beauties of our Province and its attractions for the sportsman are still, I fear, far better known and appreciated by our southern neighbors than by touring Britons. When I left the Province a record number of visitors had already arrived to enjoy motor tours on Vancouver Island and the mainland of the Province. Our main roads are good, and steadily improving, and except for a gap of about 70 miles still incomplete, the motorist can go right across the Rockies through Alberta into Eastern Canada.

"We are looking for people, and we are looking for money, to help develop the great resources which nature has bestowed on our Province, and we hope that Britishers will take advantage of the opportunities offered."
