ECLIPSE IS SEEN HERE

Many Local People Were Able to Witness Astral Phenomenon—Almost Half Obscured

The eclipse of the sun was plainly visible for well over half an hour in Prince Rupert around and after 10:30 this morning. Clouds cleared away from the sphere for a sufficient time to allow the phenomenon to be observed by use of smoked glasses and other means. Many local persons saw the eclipse which, for a time, obscured almost half the surface of the sun.

And War Still Goes on . . .

BRAZILIAN TROOPS VIEW CAPTURED TRENCH

Rare picture of federal Brazilian troops and a war correspondent (at left), inspecting a mountain trench shortly after its capture from rebel troops recently. This type of concealed trench, or nest, is typical of the warfare along a widely scattered front in which considerable damage resulted to combatants. Censorship has closed up the news.

Advised That He Could Not Stand Strain Now, Airman Will Sail Home

SYDNEY, N.S., Aug. 31.—Capt. James A. He leaves by plane tomorrow for Quebec whence he will sail on September 3 for England.

POOR RUN OF PINKS

Fishing on Massett Inlet This Year Very Disappointing

MASSETT, August 31.—The run of pink salmon in Massett Inlet has so far this season been one of the poorest known. Only one cannery is operating, the plant of the Nootka Packing Company at Massett. The cannery's pack amounts to only 5,000 cases and the non-appearance of the fish has proved most discouraging to fishermen and people of the vicinity.

Trollers at Seven Mile Point are still doing fairly well on cohes and the price continues to be almost forty cents per fish. The trolling fleet reports schools of humpbacks outside the Inlet and the seine fishermen are hoping that there will be a late run of pinks, such as occurred two years ago, which will enable them to make up some of the lost time.

Three seine boats and two packers employed by the Canadian Fishing Company arrived during the week intending to carry fish from Massett Inlet to the Skeena River. E. Richardson, Dominion Fisheries Inspector, received word from the Fisheries Department that the former ruling that fish were not to be taken from the Inlet to the mainland unless cleaned still stands and the seine boats were forced to leave.

OAT CROP IMPROVING

Interior Farmers Will Find Themselves With Plenty of Feed as Result of Late Rains

Farmers of the interior are adopting themselves to conditions and are getting by, according to D. Sutherland, district agriculturalist, with headquarters at Smithers, who returned home this morning after devoting some time to the fair and the remainder meeting the business people of the city.

The early part of the summer was dry and it looked for a time as if there would be no crops. Then came the rain, too late to save the hay crop, which is light, but the coarse grains made wonderful growth and the crop of oats is heavy in many cases, so heavy that some of the crops will not ripen. It will be cut for fodder.

In the Vanderhoof district the price of cream being low farmers have allowed the calves to run with the cows instead of milking. This has lowered the output of the creamery but was the best way out of a rather difficult situation.

Marketing the crop is one of the things in which Mr. Sutherland is interested and he has been looking into that while in the city.

Chinaman From Naas River Is Dead In City

Jung Day Lin, Chinaman, who was brought to the city yesterday afternoon on the Catala from a Naas River cannery for treatment at the Prince Rupert General Hospital, died in the institution today. He was 57 years of age and his home was in Vancouver.

Father E. M. Leray O. M. I. of Stewart arrived in the city on the Catala yesterday afternoon and will proceed on the Prince Rupert this afternoon to Anxox where he will spend the next couple of weeks, Anxox and Alice Arm having been temporarily added to his ecclesiastical jurisdiction.

On a charge of assaulting Lee Wong, Chinaman, on Comox Avenue a few days ago with intent to cause grievous bodily injury, Charles McGregor was committed for trial by Justice of the Peace G. H. Munro in city police court yesterday afternoon. McGregor is to appear before Judge F. McB. Young in County Court shortly for election.

Annual Exhibition Gets Off to Good Start; Official Opening And Attractions Draw Crowd

In spite of unfavorable weather conditions, Prince Rupert's annual exhibition got away to a splendid start last evening. There was a large gathering at the Exhibition Hall to witness the official opening by Mayor Cyril H. Orme and to view the exhibits and enjoy the vaudeville program.

The formal opening ceremonies were quite brief. F. E. Wernig, president of the Fair Board, presided and welcomed all visitors and guests to the Exhibition.

In formally opening the Exhibition, Mayor Orme referred to the importance of this annual event in the life of this community and congratulated the Fair Board for its enterprise in connection with this year's show.

Following the opening, some chose to stroll around the hall and view the exhibits while many took keen enjoyment out of the vaudeville program which features local talent exclusively this year.

During the evening's program, there were numerous selections by the Moose Legion Band under the able direction of Robert Greenfield.

Splendid progress has been made by this organization during the comparatively brief time since its inception and it made a splendid impression in a diversified repertoire of numbers last night.

Others contributing to the program included Joe Arseneau and Sam Joy with a banjo, singing and step dancing act; Misses Joyce Gawthorne and Mary Davies, dainty little tap dancers; Joe Slaggard with his one-man band; Misses Betty Brown, Marie Boulter and Clara Dahl, with another acceptable tap dancing number, and Billy Stuart, Frank Kenny and Johnny Saunders with saxophone selections. The most of these acts will be repeated tonight.

Much interest was also taken in the comic wrestling and barrel boxing. Jimmy Kelly and Slim Yager were the gladiators in the wrestling.

In the barrel boxing, Murray beat Roma and Currie beat Smith in the 100-pound class while, in the 125-pound class, Antonelli beat Fong and Chenoski beat Eckert. Final bouts will be staged tonight. Bill Stone was master of ceremonies for the vaudeville program.

SHEER NONSENSE

While doubtless there may be good features in the Kidd report, taken as a whole the document is sheer nonsense, judging by the summary that was telegraphed to this paper yesterday. If it were carried out today, the whole province would sink deeper than ever into intense depression. The report is written solely from the selfish standpoint of the businessman who refuses to see that his employees have rights as well as he and who is willing to grind the last cent out of them.

The writers of the report do not care what happens to fifty percent of the civil servants of the province, even if it were possible to carry on without them. It treats with contempt everything for which labor has fought and which the mass of the people appreciate.

Doubtless the public expenditures could be curtailed considerably, even to the extent of the six million dollars suggested. Mining, agriculture, fisheries, forestry could all have their appropriations lopped off holus bolus but at what a terrible cost to the industries.

We agree that it has been necessary to reduce expenditures and that there has been much waste in the public service but we do not believe any good purpose would be served by adopting a policy that would cripple every industry and throw the whole province into political and industrial chaos.

In the past few years we have heard a great deal about the Red menace. Reds are no menace in a country where the rights of every man are treated with respect and where every man has a chance and there are no special privileges for the rich that are not enjoyed by the poor. Reds are a menace where methods such as those recommended by the Kidd commission are carried into effect.

Let us have efficiency, proper returns for the investment of public monies, reasonable economy in the public service and men with vision at the head. The Kidd report is not asking for this. It asks for a policy which might have been carried out fifty years ago but which today will not be tolerated by a free people in a country which should be free.

We believe we are on the verge of a new industrial era for Canada. In this era British Columbia must take her place as a province where labor has rights as well as capital, where every man has an opportunity to raise and keep a family under decent conditions and where it shall not be within the power of any group of businessmen to say at a moment's notice that those who work for salaries or wages must get out and beg for a living because taxes are onerous for the very rich.

The Kidd commission was born with travail but its child is a deformed Frankenstein. All that is needed now is a decent interment by means of an election.

NEWS OF THE MINES AROUND PRINCE RUPERT

Ore Shipments From Portland Canal District—Properties Active—Gold From Finlay River

In spite of low metal prices, ore shipments are commencing to go forward from the Portland Canal district. Some time ago John Haahti and associates, who have a lease on the Silverado mine, made their first shipment of high-grade silver-lead ore and now another shipment of some forty tons is being packed down the hill by Rennie & Young. The Crawford Transfer Co. toward the end of last week commenced rambling high-grade silver-lead ore through Stewart for William Younkin and Owen McFadden who have a lease on the Sunbeam claim of the Dunwell Mines Co. property.

Clay Porter, well known pioneer mining man of the Portland Canal district is reported to be obtaining very promising results on the Argentine property on the west side of the south fork of Glacier Creek.

William Hobill and Tim Williams are reported to have opened up a very fine showing in the course of assessment work on the Ben Bolt property at Stewart and H. D. Rochfort and C. G. Jackson have done likewise on the Black Hill property. Both the Ben Bolt and Black Hill properties are located on the south fork of Glacier Creek.

Reports are heard in Stewart to the effect that a number more

MASSETT WON OUT

Skidegate Finished on Short End in Island Title Football

MASSETT, Aug. 31.—A well attended dance and lively football game were highlights of the annual visit of Skidegate natives to Massett. The dance was held in New Massett, the Skidegate six-piece orchestra providing excellent music. About eighty couples were present and the affair was voted most successful.

The football game was the big attraction, Massett winning five to nil. The game was to decide the championship of the islands, the winning team probably going to the Prince Rupert Exhibition in September to compete with the best of the mainland native teams. A large number of Skidegate people had come to Massett to see the game and rivalry was intense between the two factions.

In the first few minutes of play the ball eluded the visitors' goal keeper and Massett chalked up the first score to the extreme jubilation of the larger number of spectators. Hard playing and nice team work kept the visitors pretty well in the first half and Massett scored two more goals. In the second half the visitors made a determined effort to rally and a fine try by George Brown of Skidegate failed to score. Good work by the Massett goalie saved the ball going through more than once, while his team mates scored twice again on the visitors. A feature of the game was the excitement of some of the spectators who worked fully as hard as the players in demonstrating their enthusiasm.

In spite of the keen rivalry the game was cleanly played and the Skidegate men showed themselves fine sports and good losers. Oliver Adams, Peter Jones and Andrew York played consistently good ball for Massett. It is regretted that the Skidegate team did not have more opportunity to practise as they did not seem to be able to make good use of the playing ability some of them showed. The Massett team showed itself a formidable aggregation of players and, if they make the visit to Prince Rupert as planned, they have a good chance of carrying off the Northern B. C. championship.

The line-ups were: Skidegate—Frank Jones (captain), George Brown, Fred Wilson, Alfred Moody, Watson Price, George Price, Dyer Brown, Daniel Collison, Billy Gladstone, Jimmy Wilson, Ambrose Collison.

Massett—Oliver Adams (captain), J. Williams, Ralph Amos, Felix Parnell, Peter Jones, Carl Welt, Kenneth Brown, Henry Geddes, Timothy Edgar, Andrew York, Jeff Smith. Final score, Massett, 5; Skidegate, 0.

SPORT NOTES

Lord Wakefield's new boat "Miss England III," in which Kaye Don will compete against Commodore Gar Wood for the British International Trophy, popularly known as the Hearnsworth race, at Detroit on September 2, 3, and 5, is the fastest speed boat in the world. With Kaye Don as her pilot, she established a new world's speed record of 119.81 m.p.h. at Loch Lomond, Scotland on July 18 this year.

This is the fourth world's record set up by Don in less than two years. At Loch Lomond he established two records of 117.43 m.p.h. and 119.81 m. p. h. both on the same day. Last year in Lord Wakefield's earlier boat "Miss England II," he secured two records—one of 103.49 m.p.h. at Buenos Aires on April 2, 1931 and another of 110.28 m.p.h. at Lake Garda, Italy, on July 9, 1931.

The new "Miss England" is the third of the series to be built by Lord Wakefield. He has spent approximately 150,000 dollars in building "Miss England" for her present race. She was designed and built by Thornycroft's on the Thames. She is 35 feet long, with

a beam of nine feet six inches. The hull is fitted with two skins of mahogany, with oiled fabric between.

"Miss England III," is equipped with two supercharged 12-cylinder Rolls-Royce aero engines, exactly like those fitted to the British Schneider Trophy seaplane in which Flight-Lieutenant Stainforth of the British Royal Air Force last year established a world's air speed record of 407.5 m.p.h.

The British International Trophy, first presented by the late Lord Northcliffe in 1903, has been held by Commodore Gar Wood for America continuously since he won it for the first time in 1920 in English waters. To win the trophy the challenger must be successful two or three races over a distance of 35 nautical miles. This year's course is in Lake St. Claire, at Detroit. The course is 7 nautical miles around, five circuits making the course.

Insurance ranks high in Canada with an increase in life insurance thus far this century of 125% or to Thames. She is 35 feet long, with a total of \$6,000,000,000.

Football Final Postponed Owing To Bad Weather

Annual Exhibition Gets Off to Good Start

(Continued from Page 1)

...dies more particularly being interested in these.

Upstairs are the culinary and dairy exhibits in which the talents of city and district housewives are once again amply displayed.

The exhibits of classroom work of school children appears to be about as large as usual although the manual training display is missed.

Industrial and commercial displays are, as usual, to be found around the hall. Those with booths include the Northern British Columbia Power Co., Pacific Milk, Empress Manufacturing Co., Borden Milk Co., Annette's Ladies' Ready to Wear, Primrose Brand woolen goods and Prince Rupert Dry Dock.

As mentioned yesterday, the dry dock has put in a display which is really distinctive.

The Elks' Lodge is handling the concessions this year and plied a fair trade last night.

With improved weather conditions, apparently, impending, a much larger attendance is looked for at the Fair Building tonight. The nature of the show richly warrants a full measure of patronage on the part of the public.

STORY IS DRAMATIC

Joan Bennett Gives Splendid Performance in "The Trial of Vivienne Ware"

Dramatic and thrilling is "The Trial of Vivienne Ware," which is the mid-week offering on the screen of the Capitol Theatre here. A startling story has been combined with a splendid cast and the picture should prove excellent entertainment.

The story is a logical and powerful depiction of the far-reaching possibilities of circumstantial evidence. It concerns a beautiful society girl who finds herself on trial for the murder of a millionaire architect who had been her fiance.

Joan Bennett demonstrates exceptional ability as a dramatic actress in the role of the prosecuted girl, giving a vivid and convincing portrayal.

As the hard-boiled district attorney, Allan Dinehart is well cast, his work being an outstanding feature of the production. Donald Cook plays the part of the attorney for the defence while Lillian Bond is good in the role of a night club entertainer. Comedy roles are played by Zasu Pitts, Herbert Mundin, Skeets Gallagher and Maude Eburne.

"The Trial of Vivienne Ware" has everything that makes for gripping, rousing entertainment and it touches every human emotion.

As the weekly revival feature in addition to the usual program, "The Cuckoos," starring Bert Wheeler and Robert Woolsey, who are always popular here, is being brought back tonight.

Life Insurance Is Seen as Great Stability Factor

Over two hundred and fifty millions of new paid-for ordinary life insurance was issued in Canada in the first seven months of this year by 15 companies having in force 85% of the business. These figures, as reported by the Life Insurance Sales Research Bureau, constitute striking evidence of public confidence in the life insurance companies operating in the Dominion.

"It is a most gratifying tribute to the strength and stability of our life insurance companies," said G. Cecil Moore, president of The Canadian Life Insurance Officers Association, when interviewed. "Throughout the Dominion there seems to be general appreciation of the fact that, in all the financial stress and strain of recent years, life insurance has been a veritable bedrock of our national life. It has truly weathered every storm—world war, world epidemic, world depression. Not only has no policyholder ever lost a dollar through the failure of any life insurance company licensed in Canada to pay all its obligations promptly and in full but, during the period of severe financial and business depression from which we are now emerging, life insurance has been a dominant factor in relieving the strain not only upon individuals, but from a national standpoint as well."

Guide to Correspondents

The Daily News welcomes correspondence on live topics of the day or any other subject of public interest, but letters must be brief and to the point. The long-winded correspondent has no place in modern journalism. Every letter must be signed by the writer, not necessarily for publication but as a matter of good faith and courtesy. All unsigned documents go to the waste paper basket. Letters of a caustic character must have the signature appended for publication. Letter should be written on one side of the paper only. Correspondents must avoid personalities and the language should be such as would be allowed in the ordinary rules of debate.

Canadians own over three and a half billions worth of governmental and municipal bonds.

SKIDEGATE

Rev. Peter Kelly, United Church missionary at Bella Coola, has paid a short visit to the Queen Charlotte Islands on behalf of the church and while at Skidegate, was a guest of Mr. and Mrs. E. C. Stevens. It had been arranged that Mr. Kelly, whose native title is Chief Kleealls of the Haida Nation, was to be in Vancouver this week to meet Lord Bessborough, Governor General of Canada, but urgent business of the church on the Queen Charlotte Islands prevented him from making the trip south.

BOARD AND ROOM

Professor George Murdoch of Yale University in the United States has been making a study of the Haida Nation and their language and ancient customs and, while in Skidegate, was the guest of Mr. and Mrs. E. C. Stevens. Prof. Murdoch, before returning to the United States, will visit Haida villages of Alaska.

Gordon H. Jolliffe of Queen Charlotte City, has been paying a brief visit to Massett on business.

R. T. Ward, lineman for the Government Telegraphs on the Queen Charlotte Islands, passed through Skidegate a few days ago on his way to Queen Charlotte City on departmental business.

Mr. and Mrs. E. Palmer of Crescent Inlet were recent visitors here, coming up in the J. R. Morgan Logging Co.'s power vessel Mary Roberts to attend the dance tendered at Skidegate Mission to the personnel of H. M. C. S. Skéena; With them was Miss Morrison of Vancouver who has been spending the summer visiting at Crescent Inlet with Mr. and Mrs. J. R. Morgan.

Mr. and Mrs. N. Schafer of Southeast Harbor motored recently to Skidegate and Queen Charlotte City to pay a visit with friends.

STEWART

Stewart has been en fete during the past few days in connection with the visit to port of H. M. S. Delhi. There was an ambitious program of social as well as athletic events in connection with the ship's visit. The festivities were marred, however, by the tragic accident on Sunday morning in which Mr. and Mrs. George Naysmith and William Mowatt lost their lives in an automobile mishap on the Stewart-Hyder road.

The village of Stewart last week received a check from the provincial government for \$932 which included the share due the municipality from motor licences and liquor profits.

G. O. Treleven of Prince Rupert is here to relieve R. E. Haack, manager of the local branch of the Bank of Montreal, who left on the Catala Monday night for a five weeks' vacation trip to Vancouver.

Rev. Father E. M. Leray O. M. I. has received word that Anyox and Alice Arm have been temporarily added to his ecclesiastical jurisdiction.

Secure Cash During Hard Times

The Classified Ads.

Many people have something in the house they would like to sell which could be turned into money if they knew of a customer. Try a classified advertisement. Most people read the classifieds. For about fifty cents you can let them know about it and it may prove a profitable transaction.

Renting the House

There are a number of houses in the city not rented yet and many people make little effort to secure a tenant. Others who are wise to their opportunities try a classified advertisement in the "For Rent" column and often get results. As one satisfied customer said recently: "Those little ads certainly do bring results."

Some Like Reader Ads.

Some people after trying other kinds of advertising decide to try a reader among the locals and personals. Then they have got results. The cost is a little higher but they have been well satisfied. When conditions are like they are today the newspapers can often help. The price is not very high. Do not lie down and bemoan your hard fate. Try a different kind of advertisement and if that is not successful try again.

DOES YOUR BUSINESS NEED A DOCTOR?

Now, Mr. Businessman, have you ever tried to diagnose the reason for that sudden drop in profit over the figures of "last month?" If the temperature of your business alarms you there is no need for you to lose any sleep—the remedy is simple.
