## LARGE CATCH OF HERRING IS BEING FROZEN HERE FOR HALIBUT BAIT

### Thousand Tons of Herring are Frozen for Halibut Bait

A thousand tons of herring has been frozen this year by the Canadian Fish and Cold Storage Co. and there is two weeks more of herring fishing, according to the general opinion of those engaged in the business. This herring is to be used for halibut fishing.

On this morning in regard to the business, Manager T. H. ... said that they were putting up a large quantity of bait for the year and it was the finest quality they had ever taken. It is in the freezer only six hours old.

The boats engaged in the business are the Fredelia, which is used for seining, and the Starrett and the Legaic which tows the net. They have had a very successful season. The herring are being frozen in regularity and are being cared for at the cold storage immediately on their arrival.

### DRINKERS GET TOGETHER IN ASKING BEER

Drinking Places Where It Can Be Obtained Without Delay.

OTTAWA, March 12.—The repeal of the "beer clause" in the proposed new liquor act being introduced in by the legislature has caused the drinkers to gather and renew the demand for the free selling of beer. It is reported that the government is considering the possibility of obtaining without delay.

### BOATS TO MOVE IN FORTNIGHT

Pacific and Booth Fisheries are Ready to Move to Government Dock.

Two weeks' time the Booth Fisheries Canadian Co., Allyn and Pacific Fisheries will be established in their quarters at the government dock. The Allyn is nearly finished and the installing of its equipment and improvements at the location and the Pacific and Booth Fisheries are well advanced with the equipment from present packing houses at the end of the Grand Trunk Pacific. The boats will be moved but it has not yet been decided what will be made of the boats that will have to be replaced as progress advances on Allyn wharf.

Accommodation for a fish export at the government dock is found in one of the offices in the waiting room in the old building of the government dock. The move is made the halibut industry will be pretty centralized at the government dock. All the buyers except the Canadian Fish and Cold Storage and the Pacific Sea Products are being established with headquarters offices there.

### LURE OF GOLD ON QUEEN CHARLOTTE

An unauthenticated report comes from Skidegate that a Mr. Pettipiece of Massett had brought in all the gold he could carry from Naden Harbor. The southeast storms have prevented a stampede to the fields, but rumor has it that a company has been formed in the Old Town composed of Messrs. Deasy, Ponder, Gillette, Baker, Mancore and Pettipiece, to corral the new Eldorado.

Tongues are wagging busily at all points but there is a note of indefiniteness in connection with the reported find. No one has seen the gold.

### STRONG DEMAND FOR B. C. LUMBER IN THE ORIENT

VANCOUVER, March 10.—There is a strong demand for B. C. lumber in the Orient, it is reported here by the local lumbermen. The Canadian Robert Dollar Company is shipping a large quantity. The demand is caused by the fall in freight rates from a minimum of 825 to 812.50.

The resumption of cutting by the mills is general and logging camps are opening.

### GOVERNMENT ASKED TO ASSUME CONTROL OF LIQUOR DISTRIBUTION

Effort Being Made to Break up Bone Dry Combination in Ontario.

LONDON, Ont., March 10.—A number of petitions are being circulated in this city asking the Ontario Government to assume control of liquor distribution, as a substitute for the proposed "bone dry" law. Local temperance workers declare the petitions are a scheme of the liquor interests to "draw a herring over the trail." As a result of the decision of the Government to permit appeals in liquor cases, it is stated here that there will be many appeals from people in this district who have been subjected to heavy fines for breach of the O. T. A. during the past few months.

THEY BANK MONEY ON FORTY CENTS A DAY.

Moy Ling, Kng Mai and Yim Mai showing an interested onlooker how to judge raw silk. They can live on forty cents a day when they are at home. They came to New York to participate in the international silk show and are the first Chinese women who ever set foot out of China on such a mission. In Southern China beginners are paid thirty cents a day, but they receive the magnificent sum of forty cents and even sixty cents at times, and are putting money by for hard times.

### MIXED MARRIAGES ARE OBJECTED TO BY ARCHBISHOP McNEILL

Says People Lack Social Sense and Forget Effect on Public.

"Most of the social problems which vex the minds of reformers are connected with family life," states Archbishop McNeill in a Lenten pastoral. "Directly opposed to unity of the Christian family is the legal system of divorce."

"Another obstacle to family unity is the mixed marriage, that is, the marriage of a Catholic with a non-Catholic. The first thing that strikes one in dealing with marriage engagements of this kind is the tendency of the parties to regard the matter as one of individual or personal concern merely. They agree that the proposed marriage promises to make them happy; then why should others care? They seem often to lack any social sense, and to be unable to understand that every marriage affects the general public in one way or another."

### Ontario Schools

"In Toronto the effect of mixed marriages upon the Catholic body is brought home to us by the fact that the other Catholics pay about thirty thousand dollars every year to educate the children of mixed marriages. The law, as interpreted in Ontario, forbids a non-Catholic to pay his school taxes to a Separate school board, even when he sends his children to a Separate school. The existence of Separate schools is threatened by the multiplication of mixed marriages and by the lack of thought for the welfare of the church on the part of too many young people."

Three Influences.

His grace states that family unity has been weakened by three other influences which should also be considered. "One is the industrial revolution which began in the 18th century; the second is the performing of family functions by the community or by the state; and the third is commercialized pleasure for children."

### COLD STORAGE FISHING BOATS WILL OPERATE AS INDEPENDENTS THIS YEAR

The Canadian Fish & Cold Storage Company is sending out its boats to fish on the independent lay instead of as company boats. The Chief Skugaid, a six-dory boat, leaves tonight for the halibut banks in charge of Captain Lawler, this being the first of the company's boats that has ever fished as an independent. It means that the owners will get one fifth of the proceeds of the catch, out of which they pay a bonus to the captain, and keep up and insure the boat. The captain and other fishermen share the other four-fifths equally after paying operating expenses.

### IS PRAIRIE LIQUOR BEING SENT TO B. C.

Stuff Manufactured in Saskatchewan for Export Said to Contain Wood Alcohol.

SASKATOON, Sask., March 10.—To give it "a kick" and the "correct color" wood alcohol and aniline dyes are being freely used for doctoring and diluting liquor landed by some of the export liquor houses in the province, according to R. E. Leech, chairman of the Saskatchewan Liquor Commission.

"Some of the product is little less than rank poison," said Mr. Leech. "The wood alcohol is used to give the drink a 'kick' and aniline dyes are used to give the dope the requisite color. The dyes can be skilfully shaded to represent Scotch whiskey, Irish whiskey or almost any other brand of spirit. In addition to these ingredients, instead of distilled water being used for the mixtures, anything that has a semblance of water, whether it be from the pump, a river, or a slough serves the purpose."

JAMES RAMSAY  
Member of the Legislature for Vancouver city.

### AGE FOR MARRIAGE.

CALGARY, Alta., March 10.—The adoption of a uniform marriage law throughout Canada is urged by the Local Council of Women, who have discussed the subject at recent meetings. They advocate raising the legal age for marriage from 18 to 21 years.

### MEMBERS OF PARLIAMENT AROUSED OVER RAILWAYS VERY SERIOUS SITUATION

OTTAWA, March 10.—An insistent demand both among Government and opposition members is developing for the curtailment of railway estimates and the reorganization of the whole Canadian National Railways system. The huge estimate brought out in the budget has brought about a realization of the seriousness of the matter.

The warning of Hon. J. D. Reid, minister of railways, may lead to a general investigation of the whole situation. The estimates for railways will have a stormy passage.

### SAANICH TEACHERS ON STRIKE TODAY

SAANICH, March 10.—Fifty-four teachers in the schools of Saanich municipality are on strike today as a result of the refusal of the school board to meet wage demands. The teachers offered to negotiate or arbitrate their requests but this the board declined to do. Accordingly the schools are closed today.

### W. R. LORD GONE TO SEARCH FOR MISSING BOAT

Noted With Four Fishermen is Thirty-four Days out on West Coast.

The W. R. Lord, loaned for the purpose by the Canadian Fish and Cold Storage Co., left last night to search for the fishing boat Notlad which is 34 days out and fears for the safety of which are being expressed on the waterfront. Capt. Parsons was in charge of the Lord with the engineer and a volunteer crew of five fishermen.

### FIRST MATE IS BLAMED

Princess Beatrice Was off Course When Struck Bluff on Lasqueti Island.

VANCOUVER, March 10.—As a result of the stranding of the Princess Beatrice a month ago today at Tucker Bay, Lasqueti Island, Straits of Georgia, First Mate F. R. Springalls has had his certificate suspended for three months. The vessel was found to have struck a bluff when off her course. All passengers were removed in safety. Captain William Boyce and the other navigation officers of the vessel are found free of blame.

### MAKING GOOD TIME ON DOCK

Pile Driving is One Third Done and Decking Commenced.

The work of construction on the new 800 foot salmon wharf at the west end of the present Grand Trunk Pacific Dock is advancing very rapidly. One third of the pile driving is done and a start has been made on the decking. Although progress depends largely on the condition of the weather and other circumstances it is likely that the pile driving will be completed some time next month.

The pile driving follows up on the work of bringing sand across from McNicholl for the foundation and the casting up by another dredge at the side of the wharf. The tug Fearful, which was engaged in the work of bringing sand across the harbor until her recent mishap, has gone to Vancouver and may not return here, but the McCulloch is carrying on her work.

### FISH ARRIVALS

About two carloads of halibut is in at the local fish wharves and was sold this afternoon, the average price paid being 15.10 and 6.30. There are plenty of fish cars in to handle it.

Following are the boats: Livinstone, 20,000 pounds; Cedric, 9,000 pounds; Kayouso, 5,000 pounds; Fair of Jacks, 9,000 pounds; Corn, 3,500 pounds, and Ruth, 5,000 pounds.

**Will Mr. Reid  
 Weather the Storm?**

Will Hon. J. D. Reid, minister of railways, weather the storm of protest which is being aroused at the immense expenditures on the Canadian National Railways? He has been very much on trial during the past year, and the opinion is prevalent in the west that the job is too big for him. It is the biggest job there is in Canada and Mr. Reid is not by any means the biggest man. He is said to be too much of a politician to be given charge of so important a department.

It is possible that the Meighen Government may not survive the railway admissions. The deficit is colossal. Just at a time when the country was expecting reduced taxation owing to the curtailment of reconstruction expenses, there comes an additional load placed on the shoulders of the people with absolutely no hope for any immediate relief. Whatever Government is in power, the debts will have to be paid, and the people will have to foot the bill. There is no getting away from it.

**Lumber Situation  
 Is Discussed.**

The following is a short editorial article appearing in the current number of the Pacific Coast Lumberman under the heading "Prince Rupert's Urgent Need."  
 "Of all the hardships under which the Northern British Columbia lumbermen at present labor none is more apparent than the need of a lumber assembly wharf at Prince Rupert with cranes and all facilities for the speedy and efficient loading of deep sea vessels. There is a demand all over the world for the products of this district but there is no machinery that enables the small millmen and the big ship owners to take advantage of the situation.

"The exorbitant railway freight rates now in operation have put an end to the shipment by land of any but the highest grades of northern timber at anything approaching a profit, but the loss to the mills might be offset to a considerable degree if advantage could be taken of the falling water rates to ship the lumber of the north, not only to its established markets, but to new ones where its unique qualities would gain it a steady sale.

"At present it no more pays a big vessel to loiter around picking up portions of a lumber cargo here and there than it compensates the small manufacturer to pile it in places accessible for shipment by water. The key to the whole situation is the abolition of delay and the heavy cost of handling and rehandling. So vital does the question seem to the establishment of a market for Northern B. C. lumber anything like commensurate with its possibilities, that it is incredible that no action has been taken in the matter before this.

"Pending the arrangement for first class facilities surely some shift can be made to meet the present emergency."

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson. The height is in feet and tenths of feet above the average level of lower low water.

**WATER NOTICE.  
 STORAGE.**

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co., Ltd., whose address is Anson, B. C., will apply for a licence for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden Creek, about two-thirds of a mile from Granby Bay. The storage-dam will be located 300 feet from the east boundary of lot 2224. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 1513, 1675 and 1677, 2210, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2229, 2230 and 2231. The licence applied for is to supplement an application to take and use water as per water notice posted on 1st June, 1920 (see water branch file 922030). This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. GRANBY CONS. MINING, SMELTING & POWER CO., LTD., Applicant. By William Young, agent. **20,000 CHILDREN  
 KILLED IN ACCIDENTS**

NEW YORK, Mar. 10.—Twenty thousand children under fourteen years of age are killed by accidents each year in the United States, according to figures just made public by the American Red Cross.

Burns, falls, automobile and other vehicular accidents, drowning and poisoning exact the heaviest toll of child life. Forty per cent of the children who die before reaching their fifth birthday are killed accidentally, while almost twenty per cent of the deaths claiming those between five and fourteen result from accidents, the compilation shows. After fourteen, accidents cause proportionately fewer deaths. First aid instruction given swimmers throughout the United States by the Red Cross reduced drowning fatalities from 10,000 to 5,000 annually, the statement said.

## Dentistry of Quality.

Effects of Pyorrhea

Pyorrhea not only affects the heart and kidneys (as explained in a previous talk), but due to the nature of the disease, causes the bony structure which supports the teeth to be absorbed and the gums to recede. The teeth become loose and ultimately drop out. More teeth are lost in this way than any other.

### Had an Annoying Hacking Cough Got No Rest at Night

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the long healing virtues of the pine tree with which is combined with cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta. writes:—About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house.

"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark. Price 25c and 60c a bottle. Manufactured only by The T. Milburn Co., Toronto, Ont.

### WHERE WOMEN CHOOSE

Every Year is Leap Year in Assam, says Missionary

NEW YORK, Mar. 10.—Every year is a leap year among the Gape women in Assam, writes a missionary to the American Baptist Foreign Mission Society.

"Among those who have not been Christianized the bride takes the initiative in marriage," he says. "She goes to fetch the bridegroom, and it is etiquette for him to hide and resist until victoriously carried off. Occasionally a man may get his wife by capture, but usually it is the woman who kidnaps him; that is to say, her male friends do it for her. One may still see such press-gangs bringing home their spoil.

"In the early days, the missionaries were inclined to rush to the rescue, thinking that violence was being committed, such is the noise made by the struggling youth. The reluctance and resistance, though, are seldom as real as they sound. If the youth dislikes the match, there is seldom any redress.

"Women of means are allowed to choose a temporary husband and when tired of him, pay him off and take another."

## Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as:

What brand of collars do you wear?	What tobacco?
What kind of shaving soap do you use?	What razor?
What breakfast food?	What cigars?
What tea?	What mustard?
What cocoa?	What sugar?
What coffee?	What shoes?
What underwear?	What motor car?
What chewing gum?	What tires?
	What brand of anything?

Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.

### BASKETBALL TOURNAMENT

Exhibition Hall Was Gala of Comic and Strange Costumes Last Evening.

The masquerade basketball tournament held in the Exhibition Building last evening by the High School Students attracted an enthusiastic crowd of nearly 500 people. Four matches were staged for the evening's entertainment and provided fun and merriment in abundance.

The matches were heralded by a procession of clowns, pierettes, jugglers, old maids, bachelors and unknowns dressed in every such imaginable. The boys and girls of the High School followed the proceedings by singing in lusty catchy songs especially prepared for the occasion.

There was not a dull moment in the two-hours' entertainment and the risibility of the spectators was often taxed to the utmost with the comic sights presented while the games were in progress.

The object of the tournament was to pay off the debt on the High School gramophone and the students are highly gratified with the splendid response to their efforts. After a few expenses are paid the evening's entertainment will have netted \$140.

The tournament matches resulted as follows:

Negresses—Miss D. Macdonald, Miss M. Simms, Miss P. Tremayne, Miss M. Harvey and L. Fisher, 1; Pierettes—Miss A. Gurvich, Miss M. Lancaster, Miss H. McKee, Miss M. Carter and Miss E. Kershaw, 9; Metros—Miss M. Roberts, Miss A. Kelly, Miss H. Hibbard, Miss M. Lindsay and Miss H. Morrison, 14; Boys in girls' dress—C. Duncan, W. Kergin, H. Frizzell, W. Mitchell and F. Morrison, 24.

Old Maids—Miss V. Shockley, Miss S. Calderone, Miss G. Leek, Miss L. Carter and Miss W. Dibb, 14; Bachelors—J. Kelly, C. Insulander, W. Montgomery, J. Kask and F. Kergin, 47.

Clowns—Miss M. Palmer, F. Morrison, C. Duncan, R. Kelsey, and W. Kergin, 12; Unknowns—Miss McLennaghan, Miss Calderone, Miss Harvey, H. Frizzell and W. Mitchell, 14.

### NEW BUILDING THIRD AVENUE

Frank Clapp announces today that he had definitely decided to proceed with the erection of a concrete two-storey building on two lots which he owns on Third Avenue, just below the Daily News office. Work has already commenced on cleaning up the site and the building will be erected immediately.

It is proposed to have one big store 50 by 100 feet on the ground floor with a basement beneath and a lodge hall above. It will be most complete and modern in every respect and will add very considerably to the appearance of that part of the street. The cost will be approximately \$16,000.

### GENERAL LECKIE TO WORK STEWART CLAIMS

Has Recently Secured Option on Columbia and Excelsior Groups.

General R. G. Edwards Leckie has recently secured an option from W. W. Rush and Arthur Bagg on their claims, Columbia, Evening Sun, Sentinel and Salient, known as Columbia Group, also Excelsior and Eagle, known as the Excelsior and Eagle, known as the land Canal News. Both groups are situated on the middle fork of Glacier Creek, eight miles from Stewart.

According to the terms of the option a considerable amount of development work is to be undertaken this season, to commence not later than June 1, on the Columbia Group, and on the Excelsior work is to be commenced on or before July 15. Mr. Rush will superintend the work.

While the option covers both groups, it is so drawn that if after spending \$10,000 in development work the purchasers wish to drop one group and retain the other, they may do so, upon making to the vendors a substantial cash payment on December 31, 1924.

### WHIST LEAGUE

Elks and Sons of England Win—Veterans Failed to Turn up.

The Sons of England were successful over the Oddfellows by a score of 6 to 3 at whist last night and the Elks defeated the Veterans 5 to 4. These were the only two games played and the game between the St. Andrew's and Great War Veterans did not come off, the latter team failing to put in an appearance. The Veterans thus forfeit the game.

The league standing to date follows:

	W.	L.	Pts.
Knights of Col.	12	2	24
Sons of Canada	8	5	16
St. Andrew's	8	6	16
Sons of England	8	6	16
Valhalla	7	9	14
Oddfellows	6	4	12
Knights of Pythias	6	7	12
Elks	5	10	10
G. W. V. A.	3	11	6

### WIRELESS STATIONS PRAIRIE PROVINCE

Twelve Recommended in Northern Manitoba by Professor Wallace

WINNIPEG, Mar. 19.—The establishment of a chain of twelve wireless stations in Northern Manitoba, at an estimated cost of \$55,000, is recommended by Professor R. C. Wallace, commissioner for the north country in his annual departmental report.

Commissioner Wallace is of the opinion that such a system of wireless communication is highly desirable for the successful development of the north country. The mining possibilities depend very largely on the ability of people in the country to keep in constant communication with the outside world, the commissioner states, especially during the between season periods while the spring break-up and the fall freeze-up are in process each year.

A large station is already situated at The Pas and Commissioner Wallace recommends that another be built at Piquoienei and ten smaller ones at intermediate points.

J. May, the Great War Veterans billiard player, is convalescing from his recent operation at the General Hospital and was out today for the first time.

**PARTY SYSTEM**

Editor, Daily News—In dealing with the "party system of government" in your editorial recently, you seem to have injected a new point, and to have discussed the merits of the different forms of government prevailing here and in the United States. This question is entirely apart from the subject matter under discussion, which deals solely with the representative character of legislative councils set up through the agency of political parties such as the Liberal and Conservative. It will be noted that the legislative branch of the U.S. Government is controlled by political parties in about the same measure as is done here, notwithstanding the difference in the form of government.

**Must be Shown**

The Daily News has in the past alluded to "parties," political and otherwise, and adduced arguments in support of its views, and by reason of the point being again raised the writer cannot admit of being mistaken in his conception of what constitutes a political party, at least not without convincing proof being offered.

It is admitted, however, that the farmers' party of Ontario is political, but its form of organization, aims and pretences are so different from the old line parties, and this is so well understood, that to refer to such would seem to be superfluous.

The Liberal and Conservative political parties are organized along national lines and under the pretext of representing all classes in society, and perhaps they do in a theoretical sense and according to geographical divisions and have the effect of dividing the voting strength and influence of not only the farmers but of others.

**Class Lines**

The farmers' political party is an organization based on class lines and aims to protect the farmers, its own class, and the effect has been to have united them, hence the clear-cut distinction.

This does not necessarily imply class domination, as Ontario presents the nearest approach to a practical form of democracy perhaps on the American continent. And its government retains its representative and responsible characteristics to as great an extent as obtains elsewhere.

D. J. SULLIVAN.

**A BOAT BUILDER'S POSITION AT COW BAY**

Editor, Daily News—Regarding your remarks as to Cow Bay in your issue of March 7, my place at Cow Bay is conducted as a boat building plant. I was given permission to locate there by Mr. McPhail, late Superintendent of the G.P.R. Railway Co., who assured me at the time of location that I could stay there until he could find me a permanent location on the G.T.P. waterfront, and ever since I have been waiting for that waterfront to materialize. I have in the meantime conducted my business on a purely temporary basis, until the permanent location was available and have always been willing to pay any reasonable rental for a permanent location. I have urged, pleaded and used every honest method to obtain a location and have failed. Hence I have had to conduct my large and growing business on a scow at the mercy of wind and tide, and also of the various persons who from time to time have viewed Cow Bay with envious eyes, and as their own ideal vantage point for the mulcting of up-town merchants, fishermen and others who have no waterfront.

**Turned Away Work**

Compare my case with some of the merchants you mention who have waterfront. Last winter I had to turn away \$30,000 worth of work on account of not having a place to handle it. This work went to Vancouver and Seattle at the expense of myself, Prince Rupert generally, and also to the detriment of many a man out of employment. These merchants have waterfront which is denied me and others. I have bought material and lumber from them and do not forget in doing so I have helped to pay for their waterfront privilege, and when you say they would be glad to get off as cheaply as we have, I think you do not know what you are talking about. If you do, then you are begging the question. The industries at Cow Bay and the fishing fleet using it have paid ten dollars for every one paid by the

waterfront lessees to the general upkeep of Prince Rupert. The reason why the fishermen do not pay for the floats is because, not only it is not a permanent anchorage, but because they have never been expected to. The fishermen pay their bills promptly and are always willing to pay for accommodation, but by no stretch of the imagination can Cow Bay floats be construed as proper accommodation.

**Invested Money**

Mr. Editor, my place at Cow Bay represents an investment of twenty-three hundred dollars. Would you be willing to take the same chance with twenty-three hundred dollars? Would you be willing to put such a sum into a temporary location as I did, with the hope that I might get some encouragement to grow bigger? I see now that under the present attitude of some in Prince Rupert I have made a mistake, that according to you, the small industry does not count, that what Prince Rupert wants is not the small industry, but our big million dollar industries that go into bankruptcy and keep half the people of Prince Rupert running to Ottawa to see if they can get the public to take care of the wreckage.

**Drifting Policy**

The City of Prince Rupert is like a ship without a rudder and drifting around. No one can tell where they are getting off at, and I for one am fed up. I have never taken any part in politics, nor have I ever been concerned with what is done with Cow Bay except only as it relates to my business and others located there, and but for your scathing remarks about the contributions of Cow Bay lectors to the general good of Prince Rupert I should not even have written this letter.

I should also mention in regard to obtaining waterfront, I have also made three applications to the Provincial Government for a lease without result.

**Would Be Remunerative**

As to the profit outlook of excavating Cow Bay, I am sure that the resulting good to the city of Prince Rupert would more than remunerate the Dominion Government for the monies expended, and did not know that public works are conducted on the money lending basis. But if such is the case, any development for the good of the people must fail, if such immediate returns are looked for.

Yours for a square deal,  
N. M. McLEAN.

A lot of people spend money in advertising, others invest it in advertising. An advertisement in the Daily News is an investment.

**TRAIL MAKES CLEAN SWEEP AT BILLIARDS**

**Sons of England Sustained Bad Defeat at Hands of Tournay Leaders.**

The Trail Club scored another clean sweep last evening at billiards when the Sons of England sustained one of the most decisive defeats of the season by a score of 1200 to 856. The big victory for the Trail puts them up another seven points in the contest for the Trail Club shield and further widens the margin between them and the Wanderers, runners up. The Trail has but one more game to play in the series, that being the final tournament with the Wanderers Monday week.

The following were the individual scores in last night's tournament:

- W. Rhythe, Trail, 200, H. P. Wearmouth (Sons of England), 167.
- G. McMilloye, 200, G. P. Tinker, 161.
- J. Sudan, 200, G. Hill, 153.
- J. Judge, 200, B. McEvoy, 150.
- D. Brown, 200, S. King, 135.
- J. Shakespeare, 200, J. Lyons, 150.

The standing to date follows:

Played	Points	Average
Trail	9 10284	1142
Wanderers	8 9015	1127
St. Andrew's	9 9946	1105
G. W. V. A.	8 8417	1052
Sons of Eng.	9 9120	1013

**BOWLING GREEN FOR PRINCE GEORGE SOON**

Efforts are being made to have a bowling green here this summer. Mayor Wilson is a bowls enthusiast, and claims to have found congenial company in the fact that there is a goodly number of folk who like the game of bowls in the city, says the Prince George Leader. Nine lots in block 230, Millar Addition, are to be secured if possible, the mayor having written to C. Millar in Toronto, received a reply the other day which stated that as soon as he heard from Mr. Carruthers, who is at present in California, he would let the mayor know what steps would be taken.

**NEW PAPER FOR PRINCE GEORGE**

"The Leader" is semi-weekly with Eight Pages

Prince George has a second newspaper. It is a semi-weekly called "The Leader," the first number of which is to hand. The managing director of the publishing company is J. K. Quinn, formerly publisher of the Citizen.

In his first leader, the editor says: "The air is pregnant with great things for this city. The long lean days are apparently over and a new era is dawning for this section of the country." If the paper keeps up this spirit of optimism, it should succeed.

**VANDERHOOF**

The Fort Fraser Great War Veterans' Association has passed a resolution that a returned soldier candidate be put in the field at once to contest Cariboo riding in the next federal election. This branch has elected officers as follows: President, W. Bodin; Vice President, S. Coop; Secretary, F. Fraser; Assistant Secretary, J. Tannock.

J. B. Armishaw, delegate for Vancouver at the convention of Boards of Trade at Vancouver, gave a report of the proceedings at a meeting held Tuesday night.

The British Columbia Dairy-men's Association is to hold its next convention at Vanderhoof.

Lewis Ranson has arrived from Nelson, England, and is visiting with his sister, Mrs. Cecil Bartley.

William Thayer and Miss Grace Dye were united in marriage recently. Rev. George J. Grey performing the ceremony at the home of Mr. and Mrs. Frank Reid.

**To Be Troubled With Constipation**  
The Cause of Many Ills

If you do not feel well and go to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have lumbago, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome ills, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Lax-Liver Pills you will not just be remedy you require for this purpose. They are purely vegetable and do not gripe, weaken or sicken.

Mr. Jas. S. Harris, Box 924, Halifax, N. S., writes:—"For two years I suffered with constipation. I could not get anything to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Lax-Liver Pills, and even brought me a trial. I tried them without much faith, but I soon found they were doing me good, and after using the second trial I was relieved of my trouble."

Milburn's Lax-Liver Pills are 25c a trial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**POLICE RAID COCK FIGHT**

One Hundred and Ten Men Arrested After Six Fights had been Witnessed

TORONTO, Mar. 6.—In a silent, swift thrust by the police 110 sportsmen were trapped by a squad of fifty police in a cock pit arena watching a game cock fight in the building of the National Conduit plant Sunday morning.

It was the largest raid carried out by the police in many years—and not one man is believed to have escaped the police net.

The descent of the police net came as a surprise to all the spectators, even the look-out man perched in a station on the roof of the building overlooking the "pit" to warn the gamblers of a raid, did not get a chance to sound an alarm before the police had smashed their way into the building. He was caught after he jumped off the roof.

**Arrests Numbered 110**

Every man in the place—110 of them—was arrested and taken to Clarendon street police station in patrol wagons and service cars guarded by squads of police. The police motors made several trips and it took nearly two hours before the last of the fight spectators was locked behind the bars of Clarendon station.

In the gathering were men from almost every walk of life. There were many sportsmen from outside points, Hamilton, Bradford, Oshawa, Galt, Niagara Falls and as far as Chicago, but the majority were Torontonians.

**Seized 33 Game Birds**

The police seized thirty-three game birds. Five were dead, having met their fate in the pit. Many of the birds were spurred with sharp steel spurs strapped about their ankles. Some of the birds were brought to the city and are said to worth up to \$1,500.

When the police swept into the place they found a miniature wooden arena erected about the pit, held together by bolts and

built in tiers like circus seats, to accommodate about 150 people. In the centre was the pit with the fighting birds. Six fights are said to have been staged before the police closed in on the place. The windows were heavily draped with thick tar paper and six huge electric lamps strung over the pit were shaded with deep green shades.

**NOTICE.**

IN THE MATTER OF Sections 134 and 150 of the Land Registry Act and in the matter of Lot Four (1), Block Thirty (30), Section One (1), City of Prince Rupert, (Map 523).
