Pulp Mill May Be Coming to Rupert

...ING OPENS BRITISH PARLIAMENT WITH OLD TIME POMP AND PAGEANTRY

Suggests Pulp Mill at Seal Cove if Privileges Are Given

First Step in Securing Big Industry in City Taken Last Night when Matter is Laid Before City Council

by E. F. Duby

The first step locally toward the establishment of a big pulp mill in or near this city by the Emerson interests was taken last night when E. F. Duby, on behalf of the Prince Rupert Lumber Co., asked for a supply of water from the city for a term of years free of cost and for a fixed rate of assessment for the water over a term of years.

The Prince Rupert Pulp and Paper Co., Ltd., was incorporated last month with a capitalization of \$5,000,000. The new concern, it is understood, will, if carried to a successful issue, take over the Emerson mill and a large tract of timber lands along the coast and will erect a pulp and paper mill. As a first step in this project, it is proposed to secure a supply of water from the city for a term of years free of cost and for a fixed rate of assessment for the water over a term of years.

The Emerson mill will add a large tract of timber lands along the coast and will erect a pulp and paper mill. As a first step in this project, it is proposed to secure a supply of water from the city for a term of years free of cost and for a fixed rate of assessment for the water over a term of years.

After the following estimates for the ensuing year for the school board were submitted at last night's council meeting, namely, ordinary expenditure, \$59,577.00; extraordinary expenditure, \$33,200.00, it was decided to hold a special meeting of the council next Friday evening to meet the school board and take up the matter of immediately spending some of the extraordinary appropriation upon work in connection with leveling ground at the corner of Sixth Avenue and Melville for a children's playground.

Efforts being Made by Outside Influences to Break the Deadlock.

NEW WESTMINSTER, Feb. 15.—The school board in deciding to ignore the Teachers' Association by not notifying the teachers by individual letter that if they are not at work on Thursday they will be dismissed and others will take their places. They say they will ask the city council for a plebiscite as to whether it is desired an increase of salary shall be paid.

The teachers have decided to ignore the letter and stand pat as an organization.

The Kiwanis Club and Board of Trade are interesting themselves in the deadlock and Mayor Gale of Vancouver has offered his services as a mediator.

Dr. Kergin who was immediately called in, pronounced death due to heart failure, the deceased having been in failing health for some time. Arrangements for the funeral are in the hands of the local Japanese.

Bowser Makes Slashing Attack on Government

Declares Present Method of Dealing with the Liquor Control is Effort of Weak Administration to Sidestep Its Responsibility

VICTORIA, Feb. 15.—W. J. Bowser, leader of the opposition in the Legislature, yesterday afternoon dubbed the procedure under which the Government proposed to introduce to the Legislature a measure providing for government control and sale in sealed packages of spirituous and malt liquors, as mere camouflage. It was an effort by a weak administration to sidestep its clear constitutional responsibility.

Mr. Bowser urged that constitutional practice, as prevailing in this province since confederation, had been wholly ignored by Liberal administrations and the proposal now to have the Legislature as a body in committee of the whole, pass a resolution calling on the Lieutenant-Governor to bring in an act for consideration of the House, was merely brazen effort by the Government to evade responsibility, which should rest wholly on the Government.

Final Returns Give 78 Seats to South African Party; Two Results Tied

JOHANNESBURG, Feb. 15.—Returns from all constituencies in the Union of South Africa give the South African party 78 seats, Nationalists 44, Labor 9, Democrats 1, tied results 2, total 134. The tied seats will have to be re-pollled and if gained by the Government will give Smuts a majority over all of 26. If won by the Nationalists it will still leave the loyalist majority, including Labor, of forty seats.

British Parliament Opened with All Its Old Time Pageantry

Speech of King says Violence Will Not Solve Irish Problem; Test of Government Strength to Come Soon

LONDON, February 15.—New political alignments and proposals and Government issues of tremendous import to the people of Britain were foreshadowed when Parliament reassembled today.

Opposition to the Lloyd George ministry and discontent with many of the policies it has pursued in the immediate past seem to have reached a climax and it appears as if the stability of the cabinet will be given a crucial test before final adjournment.

Parliament was opened by the King with all its pre-war pageantry, thousands lining the streets from early morning to witness the passing of the royal procession.

The King in his speech declared that violence would not solve the Irish problem.

The speech was brief but it touched on numerous questions which are confronting the Government. It declared that the most pressing problem today was that of unemployment, which was the result of world wide restriction of trade.

HINDOO TAKEN FOR STEALING LABOR ATTACKS ON GOVERNMENT ARE EXPECTED

Alleged to Have Taken Suit Case From Countryman Climbing Aboard Steamer.

Rather a neat and efficient method of obtaining money these hard times, although its use is to be deprecated by right thinking people, was that resorted to by a Hindoo gentleman resident of the city, of the name of Bugga Singh, according to the police report. A week or so ago another Hindoo of the name of Sunter Singh essayed to leave for a trip to Vancouver, but arrived late at the wharf, only just scrambling on to the boat as the gangplank was being hauled in. It appears, seeing the hurried straits that his fellow countryman was in, and knowing that one of the two suitcases Sunda Singh was carrying contained money, he made a grab, captured it and beat it successfully.

The sorrowing Sunda was carried willy nilly on to Vancouver minus his suitcase, some valuable clothes and papers and a matter of \$120.00 in cold cash. Sunda, however, was not going to let it go at that. He immediately got the wires hot with telegrams to the police here and returned to Prince Rupert on the next boat to endeavor to locate his false countryman and prosecute him to the full extent of the law. Warden Bailey made a special trip to Georgetown and the alleged thief has been arrested. The case will come up in the police court this afternoon.

The health committee of the city council is to deal with a proposal to ask the provincial and Dominion Governments to erect a tuberculosis hospital at Hazelton.

Reports from officials at the drydock as to future happenings are absolutely nil. Repair work on hand being finished, with nothing further in sight, necessitated the laying off of several men last evening.

Music and dancing, singing and acting by Eva Hart, of London, England; Mrs. Howard and Mr. Fitzmaurice; Wil Edmonds, and the Boys' Naval Brigade in uniform, next Thursday night. The best yet. Don't miss it.

It was decided at last night's council meeting to purchase an addressograph for the sum of \$550. This will save considerable expense as well as labor in the addressing of envelopes every month for the tax notices, etc.

Mr. W. Douglas, owner of lot 1, block 6, section 1, writes asking the city council to be good enough to give him a written undertaking that a large amount of rock dumped on his lot some years ago whilst grading was being carried on be removed when the occasion required. It was decided to comply with the request.

Mr. Weston Coyney, editor of that excellent little local publication "Resources," has written the city council in regard to the placing of a good sized display advertisement in "Canada Today," a magazine of much importance in the Dominion, which he said would probably bring Prince Rupert valuable publicity. The matter was left to the finance committee to decide.

In reply to one of the members of the unemployed delegation to the city council last night, who emphasized the pitiable state that many men were reduced to, through the lack of employment at the present time, together with the fact that their credit at restaurants and stores was exhausted, Mayor Rochester promised to take the matter up at once with the city engineer and see that immediate relief is provided.

Despite the fact that Alderman Kelly from his professional heights as a master plumber, somewhat scoffed at the worth of a machine known as "an easy pipe pusher," the alderman stating that in soft mud it might be all right but up against roots, rock and Prince Rupert muck it was but a paltry toy, upon the recommendation of the board of works it was decided to make the investment, a matter of only \$180. One job where it worked would more than pay for the cost, said Ald. McNeil.

MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as *the* smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—*more tobacco for the money.*

PREFERENCE TO RESIDENTS

Unemployed Coming From Outside and Getting Relief Work, Say Men.

EFFORT TO BE MADE TO RELIEVE DISTRESS

That the citizens of Prince Rupert now unemployed get the preference over men from outside in the work which the city is doing was the request made to the city council at their regular meeting last night by the representatives of the unemployed. J. J. Gillies, addressing the council stated that men from the outside districts were coming to town and getting city work, while at the same time there were many citizens, with their homes and families here, unemployed. He understood that there were around 350 men waiting for work.

Men With Families.
The mayor intimated that he had already had this matter up with the city engineer and had requested him to pick out the resident citizens with families and give them the preference. These men the city will have to take care of, said Mr. Rochester, and everything possible done to alleviate distress.

The city engineer was called in and stated that since the last delegation had waited upon the council in January some 532 time checks had been issued to 212 men, amounting to \$5,025.50. He had a list of 315 men wanting work and he would have each case investigated and the work proportioned, giving preference to married men with children, then married men and last single men.

Some With a Wad.
L. Dewhurst who was with the delegation, mentioned that men with a wad were getting city work, while other citizens who needed work were without it and he agreed that investigation was right and proper.

A suggestion of Ald. Dybbavn's that the matter be left in the hands of the mayor to take whatever steps were necessary was seconded by Ald. McNeill. He said that some of the men were doing the city.

Alderman Parker urged that the most necessary work be done first. It would be poor business unless there was a fair return for the work expended. Besides, he wanted efficient work done for the money paid.

Fair Day's Work.
Mr. Dickens, of the delegation, rather took exception to Alderman Parker's remarks. He said there were doctors, lawyers, parsons, clerks, boiler-makers, men living on "coffee and" and on one meal a week unemployed and these, unused to manual labor and unfit, how could they be "efficient?" Alderman Parker said what he wanted was a fair day's work for a fair day's pay.

Mr. Dewhurst asked that the foremen be given specific instructions regarding this which he thought would meet the case.

Take Care of That Cough

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time," but while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Apsley, Ontario, writes:—"Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that "Dr. Wood's" has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedies, but one that has a reputation extending over thirty years.

Put up in a yellow wrapper, three pine trees the trade mark, price 35c and 50c, a bottle manufactured only by The T. Miltner Co., Limited, Toronto, Ont.

WAR VETERANS' ANNUAL BALL

Very Large Number Attend Enjoyable Event at St. Andrew's Hall.

One of the events of the season as usual was the War Veterans' ball which took place at St. Andrew's hall last night. In spite of the Lenten season, which kept many away, there must have been over four hundred people present and the floor was well filled right up to three o'clock, when the dancers dispersed.

The arrangements were in the hands of a number of committees with Capt. Forby at the head. All worked well and brought great results. The decorations were unusually fine, flags having been borrowed from many organizations and the Valentine emblem being much evidence.

There was a buffet supper, the serving of which commenced about eleven o'clock. During the supper interval music was supplied by a Magnavox loaned for the occasion by Walker's Music Store. The committees were as follows:

Decorations—Jack Edwards, assisted by the basketball girls' team and many members of the G. W. V. A.

Floor—Col. McMordie and Sid Thompson.

Tickets—Sergeant Jefferson and Bert Wearmouth.

Door—Sergeant Warrior and assistants.

Refreshments—Mrs. Woodland, Mrs. Leek, Mrs. Orchard, Mrs. McMordie, and a committee of ladies who prepared and served the excellent supper.

Lighting fixtures were loaned by Pattinson & Ling.

Will Edmunds' augmented orchestra provided the music, the instrumentalists being Miss Curtin, and Messrs. Price, Brown, Ross, Peyton, Greenfield, Steel, Kelly and Beale.

PUBLIC WORKS COMMITTEE TO GIVE RELIEF

Alderman Kelly Wants to Know Why Prince Rupert Not Well Treated.

PROPOSAL TO OPEN A GRANITE QUARRY

There was considerable discussion and criticism over Alderman Kelly wanting to know at last night's council meeting...

Alderman Kerr intimated that they knew exactly what the Dominion and Provincial governments would do...

Alderman Perry stated that in 1919 some \$15,000 was spent on replanking certain roads and financed from general revenue...

Alderman McNeil intimated that the Board of Works' intention was to go out to locate a granite quarry for the city...

Relief work, however, meant relief work to Alderman Kelly, what ever relief work meant and he still wanted to know how Vancouver could do what Prince Rupert could apparently not.

The whole matter of relief work was left in the hands of the public works committee...

Lashed by the Whips of Circumstance

To be lashed into action by the Whips of Circumstance is not an evil.

One needs it periodically to overcome the flatulence of prosperity.

Let us be frank with each other.

Manufacturers, Merchants, Newspaper Proprietors, and Public, we have all had a succession of fat years. Now some of us are timorous at the thought of lean months.

Well, lean months and lean years would be in store if we sat still and wailed—but not if we show fight.

We are pleased to see fighting spirit awakening.

It is shown by the renewal of Daily Newspaper

Advertising Contracts for increased space this year.

But, greater evidence than that—New advertisers are planning to use daily newspapers to reach out for new business with old lines, and to introduce new lines into old established fields.

While such vision, and faith, and courage, is alive in men, there can be no fear for the future.

What of your fighting spirit? What are your ambitions?

Are you going to reach out and fight for business? Well, then, you have one mighty force to aid you—that is Daily Newspaper Advertising.

And Daily Newspaper Advertising welcomes the challenge.

The Daily Newspapers of Canada are resolved to do their part to make 1921 a Banner Year. They invite you to travel in their company.

TORPID LIVER For over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons. When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mohill, Nanaimo, Ont., writes:—"I was very badly run down and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LLOYD GEORGE'S SALARY SMALL

Asquith says Premier of Britain Cannot Pay Bills from Pay

LONDON, Feb. 15.—The Premier of Great Britain has a hard time of it trying to pay his bills on a salary of £5,000 a year and his pay ought to be raised, says the former Prime Minister, Herbert H. Asquith, and he ought to know for he occupied that position for 11 years.

As far as known, David Lloyd George has not asked for a raise in pay, but his remuneration has been the subject of an inquiry conducted by a committee of Parliament, which also is examining into the salaries of all the British cabinet ministers.

Mr. Asquith told the committee at the office of the Premier of Great Britain is a very expensive one and his duties can only be properly discharged by an expenditure limited to that amount. The former Prime Minister added that he, himself, was a much poorer man when he left office than when he entered it.

Much Entertaining

Mr. Asquith explained that the Premier had to do a great deal of entertaining and afford hospitality to all sort of conditions of people both at home and abroad, but, under the existing arrangement, he had to defray this expense entirely at his own cost.

Even if a government hospitality fund should be provided for entertaining distinguished foreigners, Mr. Asquith was of the opinion that the Premier's salary ought to be advanced.

Mr. Asquith had a few kind words to say about the privilege which the Premier has of occupying the official residence at 10 Downing Street.

House Rent Free

"It is quite true," he said, "that you live in the house free from rent, rates and taxes, but it is a very expensive house to keep up. It is a very inconvenient house in many ways; it requires a large staff and I suspect myself that any Prime Minister who had experience of it as I had would, if he were offered the choice, rather not live in it at all."

The salary of the Prime Minister of Great Britain at present rate of Canadian exchange is equivalent to \$21,500. This compares with a salary of \$50,000 for the Governor General of Canada and \$12,000 for the Prime Minister of Canada.

The President of France receives 600,000 francs a year and a similar amount for expenses, and the President of Germany receives 100,000 marks salary and 600,000 marks expenses.

Members of the Canadian cabinet receive 87,000 a year.
