Britain Dealing with Unemployment NATIONALS WIN BASEBALL TODAY; IN LINE FOR CHAMPIONSHIP

Yankees Win Again Today Are Now But Single Step from Championship

NEW YORK, Oct. 12.—In winning today's world series game from the Yankees by a score of 2 to 1 the Giants have taken one game away from the throne, while the Americans are now only one game away from becoming the baseball champions. Both teams were keyed up today to a semi-tone or more and the contest was a close one. It was possibly the best played of the whole series. The Yankees again opened the score today by making a run in the first inning. The Giants got their first in the fourth and the Yankees in the fifth. The Yankees' grand slam hit to the Giants was the only error of the game. The Yankees' splendid fielding was the only error of the game. The Yankees' little to choose between the two who pitched for the Yankees, the Yankees' later redeemed the opening game today's. The catching and Snyder. The Yankees' by innings was as follows:

Final Score:
Yankees 1
Giants 2

STRIKE THREE AND OUT

The Yankee batters let Jess Barnes strike them out ten times yesterday.

FORDNEY TARIFF UP FOR REPAIRS

Emergency Tariff Act Will Be Extended for Short Time.

The Fordney tariff bill has been withdrawn for repairs; that is, admitted in any public statement that has been made, but it is the fact, says a Washington despatch to Seattle. Senator Penrose has been talking this week about renewing hearings before the finance committee. He adds that the bill is being pushed along as rapidly as circumstances will permit, but it isn't. The House knows the true situation; and early next week it will take up and pass a bill extending the emergency tariff act beyond November 27 when it is due to expire.

When that date was fixed, at the time the emergency bill was passed, it was believed that the permanent tariff bill would be a law well in advance of November 27. House leaders have been assured by Mr. Penrose that the extension will be promptly approved by the Senate.

Many Hearings. Tariff hearings before the Senate committee will run along for the most of the fall season; they may not be over by the end of the year. It is evident that the committee has made up its mind to reshape the bill, which is now in the House, and that the hearings will last until experts retained by the committee are ready to make their report and submit substitutes for a number of the schedules of the bill as it passed the House.

The average duty under the existing Underwood tariff law is 6 per cent. The Fordney bill would increase it to approximately 15 per cent. The disposition of the Senate committee, as voiced by several of its leading members, is to scale this down to between 8 and 9 per cent. These members say that changes in existing rates should be confined to a few specific commodities that need protection, and to a general increase of various other rates for the purpose of raising revenue. If there is any sentiment in the Senate committee in favor of a tariff law of the old high protection character, it has not yet been discovered.

Republicans Oppose Bill. This attitude is due to the uncertainty of business conditions the world over, and will perhaps be only temporary; but it will last long enough to shape any tariff law that will be enacted during the Harding term. A typical illustration of the indifference, or the open opposition, of Republican voters to the Fordney bill is shown in the action taken by the recent Republican state convention of New York. Here is what the New York platform says about the tariff.

"No tariff law should be enacted in the unsettled economic condition of the present that will prevent us from re-establishing the profitable exchange of food-stuffs and commodities by burdening those to whom we must sell to such an extent as to make it impossible for them to sell to us and therefore to buy from us."

F. Walsh, representative of MsLennan & McFeeley, Vancouver, arrived from the south this morning on the Prince Rupert. Fred Roberge and Jack Johns returned on last night's train from Upriver.

MOST RECENT PHOTOGRAPH OF ACTRESS
IN ARBUCKLE CASE.

This is the last picture, said to be her finest, of Miss Virginia Rappe, motion picture actress, who was found dying in the San Francisco hotel apartment of Joseph Arbuckle, movie comedian, and for whose death Arbuckle has been arraigned for murder. Miss Rappe was of the dark Spanish type, having black eyes and straight black hair.

CROMIE LOSES LIBEL SUIT

Dollar Damages and Cost of Court Awarded Manager of P. G. E.

VANCOUVER, Oct. 12.—R. J. Cromie, owner of the Vancouver Sun, lost one of the libel cases against him here yesterday and the loss will cost him several thousand dollars. A. B. Buckworth, manager of the Pacific Great Eastern Railway, was awarded a dollar damages and costs in his suit against the paper. The costs it is expected will amount to between three and four thousand dollars. The article to which exception was taken was printed in the Vancouver Sun alleging that Buckworth connived at a corner in potatoes before the reduction in rates on the P.G.E.

DOLLAR WHEAT IS PROPHESED SOON

MONTREAL, Oct. 12.—A prominent grain official prophesies dollar a bushel wheat before long owing to the state of the international grain market. There has been a steady depression of the price of wheat and flour for some time, and the price of bread is following suit.

REVOLUTIONISTS AND ROBBERS IN UKRAINE

RIGA, Oct. 12.—Counter revolutionists in Ukraine wrecked a passenger train from Kiev killing 30 passengers and injuring many more. The survivors were later fired upon and taken captive to the forest where all were robbed and fifteen killed.

British Government Will Deal with Unemployment Housing Included in Plan

LONDON, Oct. 12.—British labor representatives and the Lloyd George cabinet came to an understanding yesterday in regard to the method of dealing with unemployment. The revised program calls for a comprehensive housing policy which would provide the much needed accommodation for workers and at the same time find employment for them during the winter months.

A feature of the new program is the provision for the financing of public works by the Imperial Government instead of by the local communities.

The Premier did not indicate the Government's scheme for providing employment on public works, which it is expected will be discussed with labor later.

DEALING WITH INDIAN SHOT MOPLAH REBELS HIMSELF ON WEST COAST

Many Being Sentenced to Jail and Others Sent to the Higher Courts.

SIMLA, Oct. 12.—Reports received here from Calicut, India, say courts of summary jurisdiction in dealing with the Moplah rebels are taking strong action. Eight hundred prisoners have been committed to the higher courts for trial on major charges and 1164 sentenced to two years' imprisonment, while 376 have been given terms of from two to twenty months in jail.

VICTORIA, Oct. 12.—Surrounded by a posse determined to get him dead or alive Ernest Taylor, a Kyoquot Indian, wanted for the murder of three other Indians, shot himself in the head in a hollow tree not far from the scene of the murders. His body crumpled up in the hole of a giant cedar was found by the provincial police.

IRON DEPOSIT L. ATHABASCA

Immense Quantity, Much of which is Lying Loose, Accessible by Water.

EDMONTON, Oct. 12.—Norman Butterworth, a prospector, claims to have discovered a whole valley almost pure iron on the shores of Lake Athabasca. The probable yield of the deposit is estimated at 154,000,000 tons, 5,000,000 tons of which is lying loose in a position easily accessible by water.

BREACHES OF IRISH TRUCE

LONDON, Oct. 12.—British and Irish delegates, pending a resumption of the Irish conference tomorrow, are today considering alleged breaches of the truce in Ireland and endeavoring to advise means by which these might be avoided during the negotiations looking to a settlement of the future of Ireland.

DR. BONNELL WILL CONTEST KOOTENAY EAST AT ELECTION

FERNIE, Oct. 12.—Conservatives of East Kootenay at a convention held here yesterday nominated Dr. S. Bonnell, the late member for the riding, to contest it again as a supporter of Premier Meighen.

OPPOSITION TO FORDNEY BILL

LONDON, Oct. 12.—Opposition to clauses of the Fordney tariff bill providing for American valuation of imports is announced by the American Chamber of Commerce here. It is claimed that under the clauses it will be difficult for American importers to ascertain the complete cost of the foreign purchases until they are received in the United States.

COLD STORAGE SUES EXPRESS

TORONTO, Oct. 12.—The Canadian Fish and Cold Storage Co., of Prince Rupert today issued a writ at Osgoode Hall against the Canadian Express Co. claiming damages to the extent of \$10,870 for alleged breach of contract and negligence.

GOLD STRIKE QUESNEL LAKE

Sum of \$35 a Day Taken Out in Coarse Gold and Nuggets.

VANCOUVER, Oct. 12.—The Province today says a rich gold strike is reported at Cedar Creek on Quesnel Lake eight miles up from Quesnel Dam. Stakers are reported to be taking out \$35 in coarse gold and some very large nuggets are being found. Great excitement prevails in Horseshy and Quesnel Forks district and a number of men have left to stake claims.

PROHIBITION COST SIX AND QUARTER MILLION DOLLARS

NEW YORK, Oct. 12.—Enforcement of prohibition cost the United States \$6,250,000 during the last fiscal year, according to an official statement from prohibition headquarters.

MACDONALD IS NEW PRESIDENT

Trades and Labor Council Held Meeting Last Night—Important Matters Discussed.

At the regular meeting of the Trades and Labor Council held last night, S. D. Macdonald was elected unanimously to the office of president in succession to J. Gillis who resigned recently. The meeting was well attended and routine business took up most of the time.

There was a discussion on the Asiatic question and it was decided to apply to the Anti-Oriental League in Vancouver for information and statistics with a view to co-operating in the movement against Oriental immigration. It was pointed out that at the present time it was not so much labor that was feeling the pinch as the small businessmen.

The matter of the number of married women who were holding positions in the city at the expense of young single women was brought up and it was decided to lodge a protest with the city on the matter. A benefit concert is proposed by the council for a family that is in distress due to the death of the husband and father.

Gradual Improvement of This City.

Observant people, and especially people who have been away for some time and returned, note the gradual improvement of this city. They see the streets being gradually levelled up and the surfacing going on. They see new business buildings going up, some of them permanent, and they also see new residences being erected and much pride being taken in the new homes.

One of the finest of the new business buildings is that just being completed by Frank Glapp on Third Avenue. It has a fine appearance and is a credit to the city. Mr. Glapp deserves all the praise he is getting for his progressiveness in pinning his faith to Prince Rupert as a permanent city with a great future.

During the coming winter, if there should be a total unemployment, there will be an opportunity to further improve the streets of the city by grading them instead of replanking. What we need is to get rid as far as possible of the planked streets. While they are unique and useful, they have to a large extent served their purpose and it is to be hoped that in the near future they will be dispensed with.

One of the things that discourages the new arrival in the city is the thought of the cost of making streets in this city. Doubtless it is a big problem, but not so big as is often supposed. If some new work is done each year we shall soon have graded streets that will be permanent in character. There will be some inconvenience from them at first, but the work has to be done and the time to commence is right now.

Why Not Buy in Prince Rupert?

If we ever are to have a real live city here it will be because the residents are imbued with a sense of civic pride and not only are willing to improve the streets and boulevards and parks but also are ready to buy at home. Money sent out is gone beyond recall. It never returns. Money spent at home circulates here and makes possible many of the improvements we like to see.

If Frank Glapp had been unable to sell the product of his soft drink factory in this district he could not have erected the fine building which now decorates the main street of the city. Happily the home people appreciated the home product, and the result is beneficial both to Mr. Glapp and the citizens generally.

The same thing applies to other local products. The local merchants are in business from a selfish motive. We grant that. If, however, they give good service they should be patronized. Their prices on the whole are very reasonable, and by buying at home it is possible to exchange goods and to select carefully. Goods never look just like the pictures in the books.

Visitor Finds Prices Very Low.

A recent visitor to the city was very much surprised at the low prices of many of the goods she saw displayed in the windows and in the stores here. She found that while some things were higher others were lower than in the larger cities. The higher priced goods were chiefly the small things, which were sometimes double the price charged in Vancouver. On almost all the larger things the prices compared favorably and often were much lower here than in the south. The average was in favor of Prince Rupert.

Several recent arrivals who have come here to live permanently have remarked on the reasonable prices charged for many commodities. Staple articles of food have been cheaper than they have been in the habit of seeing them sold. On the other hand there have been notable cases which looked like extortion.

Local merchants have a duty devolving on them. They should take the trouble to compare carefully the prices they charge with those asked elsewhere and keep very close to the outside mark. If the people are willing to buy locally there must be a willingness to sell locally at such prices as will be attractive. On the whole we believe that what is being done. The little things that don't count much are the annoying exceptions.

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

The Man in the Moon SAYS:-

THE Hays Creek dam is said to have caused trouble. And that is not the only dam thing thing that has caused trouble.

AMONG the things that won't get you anywhere, is wondering how many followers Premier Meighen will have after the next general election.

SOME of the old timers say it will be necessary to buy a microscope to see them.

SINCE the bar rooms have gone, where do the old toppers gather to argue about the high cost of living and the sins of the younger generation?

CONSIDERING that the ball players get nothing after the fifth game, they are treating the public pretty well by giving them all this extra fun.

WHAT all the Yankees are saying now is "If only I'd Babe Ruth was able to chase the pill over the back yard fence the Giants would look about as small as a five cent ride in an automobile."

Ten Years Ago in Prince Rupert

October 12, 1921

In discussing city advertising at the council meeting last night Ald. Newton declared that the Prince Rupert Journal had been receiving double its contract rates from the city.

The city council last night decided to proceed with the building of the new fire hall next to the present one.

G. W. Hopp, an Olympia and Bellingham sewer-pipe manufacturer, promises to the city a plant here for the production of pipes.

Many people read newspapers as much for their advertising columns as they do for news.

MOVES INTO NEW STORE

Fine Building Erected by Frank Glapp to be Occupied by W. G. Barrie.

The ground floor of the new Glapp building has been leased by W. G. Barrie, the furniture man, who will move in within the next few weeks. He is at present arranging a big removal sale in order to avoid the expense of transferring the goods to the other building.

Mr. Barrie already has on order a quantity of new goods which will be here within a week or two and will go into the new building direct. He expects to have the most up to date furniture store on the coast and will use the fine windows to display his goods. At present the furniture is crowded into the building on Third Avenue and also into the warehouse. All of these will in future be kept in the store and will be displayed in such a manner that patrons will be in a position to make a choice with ease. The floor is 50 feet by 100 feet and there is a large basement.

In the Letter Box

RUSSIAN RELIEF.

Editor Daily News:—Having read your editorial of yesterday's date under the caption "Famine in Russia is Extending," I ask for the privilege of a little of your space to correct an obvious misapprehension on your part. You are apparently aware that efforts have been started to organize a relief committee here which would collect money and clothing, etc., to be forwarded to Russia to meet the great need existing under the famine conditions. At the same time you recommend that the relief should not be attempted through the channel of any private organization, but through the medium of the Red Cross or a similar organization which would guarantee the proper distribution of the money collected.

Satisfied Solves.

This is the same objection I met with when canvassing some influential individuals in the city for their endorsement of our local committee, and in view of which it was decided not to continue that mode of enlisting support until we had evidence that the organization we were assisting was a responsible one. We, as members of a Labor organization, were satisfied, as it was endorsed by our fellow-workers in Winnipeg, but we realized that others could hardly be expected to accept it on that ground as we were able to.

Recognized by Soviet.

We now have the evidence that we wanted, and it is of a nature that ought to satisfy all those who require the guarantee of an acknowledged responsible organization as to its bona fides.

The famine relief committee for the drought stricken in Soviet Russia, central office in Winnipeg, a branch of which has been formed here, is affiliated with the American Famine Relief Committee at New York. The New York Committee is distributing relief to the famine stricken through the Red Cross Society of the Russian Soviet Republic, which is an official body recognized by the Soviet Government for the distribution of relief, and also recognized by the International Red Cross Association. The funds of this Canadian Committee are placed at the disposal of the representative of the Red Cross of Soviet Russia for purchasing in Canada at the advice of the Soviet Government.

Public Meeting Soon.

We have been notified that the Canadian representative of the Russian Red Cross Society will shortly be in Prince Rupert for the purpose of explaining the need of and assisting in the organization of aid. We expect to hold a public meeting in the near future at which the situation in regard to the famine can be discussed and as representative a relief committee organized as possible. With the information given above it is to be hoped that whatever may be the objections to the form of government set up in Russia, they will be put aside for the time being in fact of the sum of human agony we are called upon to re-

In this connection, it is necessary to point out that the Soviet Government cannot reasonably be held responsible for the drought.

AUTOS FOR EVERY 18 PEOPLE IN PROVINCE

VICTORIA, Oct. 10.—British Columbia leads the Dominion in ownership of automobiles, according to statistics. It is reported there is one motor car for every 18 people of this province. The rate is one to every 19 in Quebec, one to every 20 in Ontario and one to every 27 in Newfoundland. Other sections of the northern empire show lower proportions than British Columbia's record. But even at that, we are below the proportion of the United States where there is an auto for every 11 persons.

Howard Stutchbury, trade commissioner for the province of Alberta, is in the city having arrived this morning from Vancouver. He will be here until Saturday morning in connection with the business of establishing coal bunkers here.

ANNOUNCING The Greatest Phonograph Value in Canada

A GENUINE
Brunswick Phonograph
Only \$150

This extraordinary value puts the Brunswick within the reach of every home. It means that one complete Phonograph—the only Phonograph that can play all records as they should be played—the only Phonograph that has an all-wood oval tone chamber—is now offered in a full cabinet size at a price that you would pay for an ordinary or "assembled" talking machine.

SUPPLY IS LIMITED
Bear in mind this is not a "special" or a model made to sell at a price. It is a regular standard model of the Brunswick Phonograph, made in the Brunswick Canadian factory according to Brunswick standards, which for generations has placed perfection before production.

The supply is limited. Less than one thousand of this model will be available this year. There are over six hundred Brunswick dealers in Canada. That means less than two for each dealer for the rest of the year.

To get one of these Phonographs you must act quickly. Remember, you may only buy a Phonograph once. It pays to get one that will put real music into your home, and enable you to play all records properly.

This price represents an actual saving to you of over \$20. Call at your nearest Brunswick dealer and place your order at once. Delay may mean disappointment.

To make doubly sure that this Phonograph is put within reach of every family, Brunswick dealers will arrange to deliver one of these models for only \$10 cash, and the balance spread over an entire year. You get the benefit of the cash price, with only a nominal interest charge on the unpaid balance.

ORDER NOW FOR CHRISTMAS
Any Brunswick dealer will gladly take your order for one of the models for delivery any time up until Christmas. All you need to do is to make a small deposit and arrange future payments according to delivery. This will enable the dealer to place his order at once and insure you against disappointment.

BAD FLOODS IN DISTRICT

Ferry at Terrace Goes Out and Is a Total Loss—Three Men Aboard.

STEWART AND ALICE ARM ALSO SUFFER

Reported That Government Bridges on Bear and Salmon River Have Both Gone Out.

High water and floods throughout the district have been causing considerable damage and government roads, bridges and ferries have suffered. The worst of the floods are now over, however, and the waters are commencing to recede.

The ferry across the Skeena River between Terrace and Lakelse went out last Saturday night and is a total loss. P. W. Anderson, road foreman, returned last night from the scene. He reports that P. McDonald, the ferryman, had been making repairs to the ferry and while he had it detached from the main cable, it broke loose with three men aboard and started down the river. An attempt was made by Mr. McDonald in a small boat to stop it but this was impossible. The ferry finally struck a rock where it stayed some time enabling the men and some goods on board to be taken off. Here it was fastened but it broke loose again and, continuing down, broke in three parts and is a total wreck. Part of it landed near Kitsumkalum but the rest went farther down.

The loss of the ferry will be a decided inconvenience to the Lakelse side settlers but they will have to make shift with boats and the use of the Copper River ferry, four miles east of the Lakelse ferry. It will be impossible to replace it this winter but it will be put in again as soon as possible next season.

Stewart Floods.

Floods in the Stewart district are reported to have washed out the government bridges on the Bear and Salmon Rivers. The town of Hyder is practically submerged. The highest water was last Saturday.

Similar reports come from Alice Arm where the Kitsault River ferry was swept away and a number of the bridges on the Dolly Varden Railway were undermined.

WILL ATTEND CONVENTION

James Campbell Left Today for Port Arthur G. W. V. A. Gathering.

James Campbell, until a few days ago secretary of the Great War Veterans Association, left this morning for Port Arthur to attend the annual convention of the G. W. V. A. which is to be held from October 17 to 22.

Among the matters to come up at the convention is particularly that of unemployment and Mr. Campbell will be particularly well qualified to deal with it.

Believing unemployment to be the most pressing national problem of the day, the G.W.V.A. convention will appoint a special committee, composed of one member from each province, to prepare resolutions with regard to unemployment among ex-service men.

Secretary of Typos.
Mr. Campbell is not only employment officer here but is also secretary of the local Typographical Union and until recently was secretary to the employing printers of the city and of the G.W.V.A.

Admiral Evans, San Francisco for Astoria, position at 8 p.m. 328 miles north of San Francisco; 7:35 p.m. spoke Canadian Sealfish, Vancouver for Australia, position at 8 p.m. 43.16 N., 136.00 W.

PROVINCIAL SALE HELD

Out of 200 Parcels Offered, 47 Sold Outside Buyers.

The provincial tax sale took place this morning and was completed inside of an hour's time. There were 200 parcels of land offered and 47 were sold to outside buyers. About \$500 was realized as a result of the sale.

The highest price which was brought at the sale was \$200 for lot 13, block 10, Stewart townsite, paid by John Mellor in competition with H. St. G. Lee, manager of the Bank of Montreal.

Unemployment.
Believing unemployment to be the most pressing national problem of the day, the G.W.V.A. convention will appoint a special committee, composed of one member from each province, to prepare resolutions with regard to unemployment among ex-service men.

George Smith paid \$25 for 1.07 acres near Terrace, the upset price of which was \$6.16. A. J. Lancaster bought another parcel of 1.075 in the same vicinity for \$20, upset price being \$6.16.

Thomas Beggs paid \$10 for four lots at Haysport, the upset price of which was \$8.23.

L. W. Patmore bought nine parcels offered in the Port Edward Townsite at upset prices for the Porpoise Harbor Land Co.

Others selling at upset prices to outside buyers were as follows:
Lots 20 and 21, block 3, Graham City townsite, \$13.55 to Florence H. Gordon.
Lot 23, block 22, Graham City townsite, \$9.23 to Florence H. Gordon.
Lot 23, block 22, Graham City townsite, \$9.23 to H. Norris.
Lot 3, block 1, Plan 1002, near Terrace, \$6.16 to H. Norris.

Lot 23, block 53, 160 acres, Cassiar district, \$21.03 to W. J. Nelson.
Lot 793, Cassiar district, \$35.47, to J. Mellor.
Lot 4781, Range 5, half interest, \$15.25, to Milton Gonzales.
Lot 1321, Range 5, 160 acres, \$14.55 to George Leek.
Lot 1325, Range 5, \$20.59, George Leek.
Southwest quarter, lot 1306, 161 acres, \$35.35 to W. S. Fisher.

Lot 190, part, range 5, \$59, to L. H. Kenny.
W. S. Fisher was auctioneer at the sale, A. J. Lancaster was cashier, and W. Denholme, clerk.

BIRTH.
A son was born to Mr. and Mrs. Elmer Maxwell yesterday at the Hospital.

Norman R. Allen sailed last night on the Chelohsin for Surf Inlet.

Mr. and Mrs. T. Beggs, of Haysport, reached the city on last night's train.

OPERATIONS ON BIG MISSOURI

Pat Daly's Company Puts Men to Work After Survey of Property.

Development work on the Big Missouri commenced in real earnest during the past week and will be carried on throughout the winter, some 15 or 20 men having been sent up to the property, says the Portland Canal Mines of New York, who have the property under bond, and whose mining engineer arrived several weeks ago with Pat Daly, who promoted the deal.

These gentlemen, shortly after their arrival, spent some two weeks examining the ground, in order to determine the preliminary work which is now to be undertaken, and which will, it is expected, for two or three months consist of surface prospecting, in order to assist in determining the nature and extent of future operations.

Good winter quarters were built some time ago, therefore the new company will find little or no difficulty in putting in effect throughout the winter months, if they so desire, an extensive development program, some small repairs only being necessary to the existing buildings.

UNION BOAT VENTURE WITHDRAWN FROM RUN

Chelohsin is Doing Naas and Skeena River Runs As Well As Anox and Alice Arm.

The Union steamer Chelohsin, Captain H. Stacey, is now doing the Naas and Skeena River cannery service as well as the Anox and Alice Arm run. The Venture, which usually does the cannery runs, has been withdrawn from service. Old residents of Nanaimo will probably hear a familiar whistle in the near future for the Chelohsin now has the whistle of the old Joan, later the Balena, on board and it is to be used on the steamer instead of the present whistle which it is found is not suitable in fogs. The new whistle has not been put up, however.

With the taking off of the Venture and the Prince George from service this week there will be no mails from the south between Wednesday morning and Sunday night.

FORMING NEW CLUB

Banquet Being Held This Evening When Plans Will Be Discussed.

Last Wednesday evening preliminary arrangements were completed at a meeting in the Presbyterian Church Hall for the formation of a Presbyterian Club. The opening meeting takes the form of a banquet tonight at which the election of officers will be conducted and general plans drawn up for future programs. A short musical program will also be offered and one or more talented speakers will be asked to address the opening gathering. From the interest which has been displayed it seems quite evident that the efforts of the committee will not be in vain.

Although no definite schemes or rules have been established the organizers say the work of the club will be of such a nature that it will appeal to all classes both in the congregation and among those who are not regular church attenders. Many remember with a great deal of pleasure the meetings of the Fortnightly Club and especially the Presbyterian Club which held such a prominent place in the community life before the war. This year it has been determined to bring back the old standing of the society and to this end the results of the first meeting will be watched with interest.

H. J. Hicks of Calgary has assumed the position of salesman with the Fuller Brush Company, in their Northern B. C. territory with headquarters in Prince Rupert.

Sport Chat

"Rod and Gun in Canada," the popular Canadian outdoor monthly which is published in Woodstock, Ont., by W. J. Taylor, who was formerly in Prince Rupert, is gradually growing in favor among the magazine readers of Canada. It is steadily showing an improvement in quality and production, especially since the size of the publication was enlarged. The October number is just to hand. It has a fine assortment of real live true stories which carry one all over the Dominion, north to south and east to west. F. H. Killo, the Dominion government exploration engineer has another story on the Mackenzie River Country. There are also two British Columbia stories—"Big Game Hunting in British Columbia," by A. Bryan Williams, and "At Home with the Gulls," by J. W. Winson.

It is generally accepted by local hunters that deer are not so plentiful on the hunting grounds close to the city as they were in previous seasons. A good many deer were seen around McNicholl Creek before the season opened but since hunting has been lawful they seem to have disappeared. One would almost think that they knew when the season opened for they only left a short time ago. Perhaps they have been frightened away. Mount Morse is still popular with the deer hunters but the best side to tackle it from is the north. There are quite a few deer reported to have been seen around Tucks Inlet but the country is pretty rough around there. At Renise Arm some say that the wolves are responsible for the few that are seen there. The islands to the south, such as Porcher and Banks, still seem to abound with deer and they are steadily growing more popular as hunting grounds. They are, of course, farther away and it is impossible to do much there without taking several days off.

Here's the way Babe Ruth hits home runs: (1) He dusts off his hands and wipes the dirt on the handle of his bat, (2) gives the old war club a couple of swings to see that everything is ship shape, (3) stands up to the plate facing the pitcher with his weight on his left foot ready to lunge forward to meet the ball, (4) takes a mighty swing with all the power of his broad shoulders, and (5) watches the horsehide begin its sky rocketing before he ambles towards first for the circuit.

PEARL WHITE SEEN IN "THIEF" TONIGHT AT THE WESTHOLME

Pearl White, who appears in "The Thief" at the Westholme tonight has in this play a story that has been translated into almost every known language and a play that has brought its author, Henri Bernstein, between \$500,000 and \$750,000 in royalties to date.

Bernstein came from a very wealthy family. He ran through his fortune, and, being forced to earn a living, turned playwright. His first drama was accepted by the French Academy.

Those who know "The Thief" as a stage play will remember that in it is a speech three-quarters of a printed page in length. When the play was produced in New York, where it was a great success, this long speech startled the critics. It was the longest speech they had heard in a play—yet the audience that crowded the theatre, every night hung on every word of that speech.

Miss White had known the play and wished to appear in it a long time before Mr. Fox got the screen rights for her. Her plot is as gripping on the screen as on the stage, and gives Miss White a splendid opportunity to show her dramatic talents.

Hon. A. M. Manson, speaker of the legislature and member for Omineca, returned last night from Francois Lake where he went with Hon. E. D. Barrow, minister of agriculture, to investigate creamery possibilities. Mr. Barrow returned to Victoria by way of the interior. Mr. Manson passed Hon. Dr. Tolmie and Col. Peck at Telkwa.

HOW BASKETBALL IS LINING UP NOW

Knights of Columbus to Enter Team in Intermediate League—Senior League Talk.

The Knights of Columbus are to enter a team in the Intermediate Basketball league this winter. Other teams in the league will be: Sons of Canada, Elks and Colts. From present indications it would seem that there would only be the two teams in the senior league—Sons of Canada and Colts. There is some talk of this league not being played at all this winter unless a better division of the players is made in order to allow for a greater number of teams.

Entries for the winter leagues will close on Saturday night. The fee for the Senior League teams is \$5; intermediates and ladies' senior, \$2.00. All other leagues are free.

SALVATION ARMY OFFICERS PASSED THROUGH THE CITY

Commissioner Eadie, head of the Salvation Army in Western Canada, arrived in the city this morning on the Prince Rupert en route to Winnipeg from Vancouver. He was accompanied by Mrs. Eadie, Adjutant Coeks and Ensign Munday. They will stop off at Prince George.

It is expected that Commissioner Eadie will be back here in February to conduct campaign meetings. His headquarters are in Winnipeg.

Sergeant A. H. Bailey, of the city police, returned to the city this morning after having accompanied prisoner to Okalla.

ALICE ARM

Miles Donald, the pioneer prospector and mine operator, leaves this week for his old home town of Upper Blackwell, New Brunswick, where he will visit for two months.

T. J. Shenton, inspector of mines, is paying a visit to the Dolly Varden mine this week.

Dan Kennedy, who is slightly under the weather, is spending a couple of weeks in Prince Rupert.

Mrs. James Laidlaw leaves on Thursday for a short visit to Prince Rupert.

Miss Emma Dumas is here visiting her brother, Steve Dumas. She is accompanied by her uncle, Frank Gallagher, who is an old timer of the coast. This is his first visit to Alice Arm.

The heavy rains of the past week which ended on Monday did some damage in the district. Some of the small trestles on the Dolly Varden Railway were undermined but the most serious damage was the washing out of the ferry across the Kitsault River near town.

STEWART

The Stewart exhibit to the American Mining Congress convention which is being held in Chicago this week was shipped recently. It comprised 28 samples from the district weighing 274 pounds.

R. Martin, the well known mining man, left last week for Chicago.

The progress of the Premier tramline construction is proceeding apace in spite of adverse weather conditions. The construction of towers has been completed and the stringing of cables is now going on.

Good progress is being made on the provincial government trail up the Marmot River.

CONDUCT OF ELECTIONS

OTTAWA, Oct. 12.—(By Canadian Press)—There are many things in connection with the conduct of and procedure in elections which are changed considerably under the present Dominion Election Act from what they were formerly. Every precaution which could be taken by Parliament to ensure "clean" and orderly elections was taken in amending the act during the last two sessions and the result is a law which should provide against what was formerly considered, in many cases unavoidable election evils.

One of the amendments which caused considerable comment in the country at the time it was passed, was that referring to campaign fund contributions. Clause Ten of the amended act has been made to read:

Campaign Funds.
 "No unincorporated company or association and no incorporated company or association other than one incorporated for political purposes alone, shall directly or indirectly, contribute, loan, advance, pay or promise or offer to pay any money or its equivalent to, or for or in aid of, any candidate at an election, or to, or for or in aid of any political party, committee or association, or to, or for, or in aid of any company incorporated for political purposes, or to, or for, or in furtherance of, any political purpose whatever, or for the indemnification or reimbursement of any person for moneys so used."

Shareholders and officers of companies or associations violating the above section are declared guilty of an indictable offence, as also is "any person who asks or knowingly receives" any money or its equivalent, in violation of this section.

At the time this clause was introduced in the House the claim was made that it was aimed at the political fund which it was stated was then being raised by the farmer organizations in the western provinces. The clause passed the Commons and Senate, however with little opposition.

Conveyance to Polls.
 Another clause in the amended act makes it an offence for any person, not being an elector

or a candidate, and who resides outside of Canada, to canvass for votes or in any way endeavor to induce voters to vote for any of the candidates at an election.

The conveyance of electors to polls, etc., is also forbidden by the act. This is not a new amendment but is one which was strengthened somewhat in the amending of the former act. It is not an offence under the act, however, for anyone being an elector, to pay his own fare to or from the polling station.

By another clause it is made an offence to pay or promise to pay the expenses, wages or other costs of an elector going to or from a polling station. Under the act provision is made that "Every employer shall, on polling day, allow to every elector in his employ at least two additional hours other than the noon hour, for voting, and employer shall make any deduction from the pay of such elector nor impose upon or exact from him any penalty by reason of his absence during such hours."

No False Statements.
 For the protection of candidates in elections it is also made an indictable offence for any person during, or before any election to make or publish any false statement of fact in relation to the personal character or conduct of any candidate for the purpose of affecting the return of that candidate to office.

For the keeping of order in and about polling stations, election officers, as is generally known are given powers as peace officers to arrest or order the arrest of any person committing an offence under the act. It is not generally known, however, that the returning officer or his deputy may, during nomination day and polling day, require any person within half a mile of the place of nomination or polling "to deliver to him any firearm, sword, staff, bludgeon, or other offensive weapon in the hands or personal possession of such person, and the person so required shall so deliver." Nor may a stranger come armed into a polling division nor a resident arm himself.

Must Keep Dry.
 Other prohibitions in the act are against the use of banners, ribbons, favors, badges or labels to distinguish the political leanings of the wearer on election day or within eight days of that date. There are also, of course, provisions against the selling or giving away of liquor on the day of voting, and also provisions against the treating of electors to meals, drinks or amusements, and stringent provisions against bribery, giving or promising employment and the demanding or receiving of bribes in any form.

Persons guilty of indictable offences under the Act are liable on indictment or summary conviction to fines not exceeding two thousand dollars or to imprisonment for a term up to two years, with or without hard labor, or to both fine and imprisonment. Non-indictable offences under the act are punishable by a fine not exceeding \$500 or one year in prison or both fine and imprisonment. Persons found guilty of illegal or corrupt practices are also disqualified from voting or candidature for a period of five years for an illegal practice and seven years for a corrupt practice.
