Lord Northcliffe Urges Disarmament DIFFICULTY IN IRELAND IS FAILURE TO GET LEADERS TOGETHER

Failure of Peace Conference Would Be A Disaster Says Northcliffe at Canadian Club Luncheon, Vancouver

VANCOUVER, August 5.—"If the delegates to the Washington Disarmament Conference truly represent the desire of the respective nations an agreement will be reached and peace will be inaugurated throughout the world will follow," said Lord Northcliffe at the Canadian Club luncheon today. The distinguished newspaperman said further that he could conceive no greater disaster than the failure of the conference to achieve the object for which it is to meet.

BRITISH LABOR CANDIDATES READY FOR ELECTION

BRITON, Aug. 5.—The British Labor Party is making plans for the forthcoming election. Labor candidates have been selected in 370 constituencies representing the House of Commons.

RIFF BILL AFFECTS FISH

President Fisheries Association Advises Retailatory Measures.

MONTREAL, Aug. 5.—If the States adopts the Ford Riff Bill as the final basis, it practically prohibits the sale of most varieties of fish into American waters, says A. H. Brittain of the Fisheries Association.

WANTED AN ARMED BAND, BANDITS GET AWAY WITH PAYROLL

KENSACK, N. J., Aug. 5.—Armed bandits held up the payroll of the Barrett company last night and escaped with the \$10,000 payroll. An armed guard of five men was paying the payroll.

EMERGENCY COMMUNICATIONS

Emergency Communication of Tsimpsaan Lodge No. 58, A. F. & A. M., will hold in the Masonic Hall, Prince Rupert, B. C., on Friday, August 6th at 8 p. m., for the purpose of holding Masonic Funeral Service for our late Brother R. W. Grieve, of Red Lodge, No. 12, A. F. & A. M. All members and sojourning brethren are earnestly requested to attend. ALLAN M. DAVIES, Secretary, Tsimpsaan Lodge No. 58, A. F. & A. M.

GOVERNMENT LINE OF STEAMERS TO AUSTRALASIA

MONTREAL, Aug. 5.—A steamship service with refrigerated equipment will be inaugurated in September by the Canadian Merchant Marine between Vancouver and Australasia.

FISH MARKET IS NOT GOOD

Three Hundred and Eight Thousand Pounds Today Sold at Low Prices.

Low prices were paid at the Fish Exchange this morning for large catches of halibut which totalled 308,000 pounds. The average price was 8c and 4c, some boats being paid even less than that. The Eastern market is generally depressed and a shortage of ice now existing here does not help matters as far as the fishermen are concerned. A big supply and little demand is responsible for the weak prices being paid.

The following were the arrivals and sales at the Fish Exchange today:

- Helen D., 7000 pounds; Arctade, 7000 pounds; Sammy, 5000 pounds; Westerner, 3000 pounds; Reliance, 13,000 pounds; Eagle, 10,000 pounds; Bravo, 10,000 pounds; P-lican, 13,000 pounds; Fishar, 10,000 pounds; Hippo, 12,000 pounds; Rose McKay, 2,000 pounds; Thor, 7000 pounds; Mayflower, 4000 pounds; Kouyoti, 1000 pounds; Livingstone, 12,000 pounds; Cape Spencer, 12,000 pounds; M. M. Christopher, 9000 pounds; Scrub, 15,000 pounds; Ruth, 7000 pounds; Dorreen, 15,000 pounds; and Agnes B., 6000 pounds, sold to the Canadian Fish and Cold Storage Co., at 8c and 4c.
- Forward, 17,000 pounds; St. Elol, 4000 pounds; N. and S., 3,000 pounds; Imperieuse, 12,000 pounds; Nuba, 11,000 lbs., sold to the Booth Fisheries Canadian Co., at 8c and 4c.
- Yesta, 15,000 pounds and Venus, 7000 pounds sold to the Pacific Fisheries at 8c and 4c.
- Hesquiat, 3000 pounds; Eastern Point 3000 pounds; Tramp, 15,000 pounds and Rainier, 6,000 pounds, sold to the Atlin Fisheries at 8c and 4c.
- Atlas, 34,000 pounds, sold to the Canadian Fish and Cold Storage Co., at 7c and 4c.

Mrs. John Maitland left last night on a visit to Vancouver for a few days.

DEFEAT OF SPANIARDS

Tribesmen Attack Forces and Took 5,000 Prisoners.

MADRID, Aug. 5.—Spanish forces suffered a severe defeat in Northeastern Morocco by tribesmen who made attacks on them and took 50,000 prisoners. The attack followed a period of dissatisfaction in that colony against Spanish rule.

CARPENTIER-GIBBONS MATCH IS POSTPONED

On Account Injury Former Received When Defeated by Dempsey, July 2.

NEW YORK, Aug. 5.—The match between Georges Carpentier, heavyweight boxing champion of France, and Tommy Gibbons which was scheduled for the first part of October has been postponed for several weeks on account of injury the Frenchman received in his bout with Jack Dempsey at Jersey City on July 2. The fight will likely be held about the first part of November.

SECOND WELL DOWN ON MACKENZIE RIVER

EDMONTON, Aug. 5.—The Imperial Oil Company is said to have drilled a second well to a depth of 800 feet on Bear Island in the Mackenzie River.

UNITED STATES SQUADRON NOW AT VANCOUVER

This Morning Stars and Stripes and Union Jack Flew Side by Side.

VANCOUVER, August 5.—The Stars and Stripes and the Union Jack flew together as the squadron of United States battleships, led by the flagship Tennessee and the superdreadnaught New York, followed by six destroyers and a hospital ship, anchored this morning in Burrard Inlet to represent the United States in the Caledonian games.

A great program of entertainment has been arranged for the visitors, which includes street dances tonight and tomorrow night on Hornby Street between Davie and Robson, and a ball in the Hotel Vancouver tomorrow night in honor of the officers of the eight vessels. On Saturday the sailors will be taken about the city on B. C. Electric sightseeing cars. On Sunday the bands from the visiting ships will give a concert in Stanley Park.

This afternoon at 4 o'clock Acting Mayor Woodside and the City Council and prominent citizens will go aboard the flagship to meet Admiral Eberle and his officers.

UNEMPLOYMENT LARGE PROBLEM

Matter to Be Dealt with in All Provinces of Canada with Dominion Co-operating.

OTTAWA, Aug. 5.—As soon as the various provincial conferences have been held dealing with the matter of unemployment during the coming winter a Dominion-wide organization will be formed to deal with what is regarded as somewhat of a crisis in industrial affairs.

It is the general official opinion here that there will be no system of doles but that as much employment as possible will be given during the winter months. While there will be no Federal conference, Government officials will be present at the provincial conferences and will make an endeavor to coordinate the efforts of the various sections of the country.

Proposals. Among the proposals being made is an extensive program of road building where all the work will be done by labor rather than by machinery. In the lumber provinces, land clearing will be resorted to to some extent, especially in British Columbia where the need of cleared land is emphasized.

There are at present something like 140,000 unemployed in Canada chiefly in British Columbia and Ontario. In the latter province, the Canadian Manufacturers' Association is planning to co-operate by, so far as possible, keeping their mills running.

If no action is taken for relief, it is estimated that there will be 300,000 unemployed in December and many of these will be without means of living owing to the shortage of regular employment during the summer and autumn.

The outlook is not encouraging, but with each province grappling with its own problem and with the Dominion co-operating with each, there should be no difficulty in carrying out what is looked upon as a post war problem which is not likely to occur again.

JORDAN DISMISSED ON THEFT CHARGE

Information Was Withdrawn by H. R. Thompson—Men Released.

The charge of theft against Elmer S. Jordan, the fishing boat captain who was missing last week, was dismissed in the police court, the informant, H. R. Thompson, having withdrawn his information this morning. Jordan has been released as well as Ronald Portan, who was being held as a witness.

Difficult to Get Leaders Together in Ireland for Discussion Big Problems

LONDON, August 5.—Another meeting of the Ulster cabinet has been called to discuss the Irish peace negotiations. It is reiterated in Belfast that no message has been received from De Valera and no overtures will be considered which would diminish the powers of the northern parliament.

The Imperial Government continues optimistic as to the outcome of the negotiations. If they can get the opposing leaders together they feel that they can arrive at a settlement of the vexing questions.

STEFANSSON TELLS PLANS

Starting This Month on Two to Five Year Polar Expedition.

VANCOUVER, Aug. 5.—Vilhjalmur Stefansson, the Arctic explorer and the members who will accompany him on his next expedition, described their plans today for their journey into the north what it is expected will last from two to five years. The party will consist of the polar regions with light packs picking up their food and fuel as they go. They expect to reach the Arctic towards the end of August. The newer schooner Orion is being outfitted at Nome for the expedition.

INVESTIGATE LOSS CANADIAN EXPORTER

Wreck Commissioner to Hold Court at Vancouver in Near Future.

VICTORIA, Aug. 5.—Investigation into the wreck of the Canadian Government freighter Canadian Exporter has been ordered by the Department of Marine at Ottawa and Capt. J. D. McPherson of Victoria, wreck commissioner for British Columbia is arranging to hold a court at Vancouver shortly.

FOUR THOUSAND OF BRITISH COLUMBIA UNEMPLOYED LEAVE

Going About August 13 to Work in Prairie Harvest Fields.

VICTORIA, Aug. 5.—Four thousand unemployed from British Columbia will leave about Aug. 13 for the prairie harvest fields under arrangements made by the Provincial Department of Labor.

COUNTESS VON BERNSTORFF TO KEEP FORTUNE

She is Entitled to \$1,000,000 Seized on Account U. S. Citizenship.

NEW YORK, Aug. 5.—Countess Von Bernstorff, widow of the former German ambassador, will remain in possession of more than \$1,000,000 seized in 1917 by the alien enemy custodian. It was established that she was an American citizen prior to her marriage.

Two Men Cut Their Throats Last Night Within an Hour; Both Are Alive in Hospital

Two men cut their throats in the city last night within an hour. The first was a man named Brownie Randall, recently arrived from Vancouver, who slashed himself with a razor on Comox Avenue; the other Steve Savris, a Serbian, who attempted to take his life with a pen knife in the police station. Neither died, but are now in the General Hospital, where they are recovering. The police witnessed both affairs and each man, on recovery, will be charged with attempted suicide.

About 8:35 a call was sent in to the police station from a house on Comox Avenue where a fight was reported. Sergeant McGlinchy went to the scene in time to see Randall emerging from the house. Following him up, the officer encountered the man between two buildings, where he was brandishing a razor. Before his man was subdued, Sergeant McGlinchy had received severe cuts about the hands and the front of his uniform had been slashed and Randall had cut his own throat. Constable Bourne soon arrived on the scene and the wounded man was rushed to the general hospital.

Randall is little known in the city and had just arrived from Vancouver a few days ago. Miss Sidgely Vaughan was also arrested in connection with the affair but was later released. She stated to the police that she had known Randall for about ten days, meeting him first in Vancouver. Since Tuesday he had stayed at her house on Comox Avenue and last night another girl named Gladys came in and insulted Randall. The trouble which ended in the attempted suicide, then arose.

Steve Savris. He is about ten o'clock when Steve Savris was seen to enter the main entrance of the City Hall. He went upstairs and was trying the various doors when he was noticed by Purchasing Agent Arthur Brooksbank. The police were notified and Constable Alex Macdonald, who had been called in when off duty a few minutes earlier in the rush over the trouble at Comox Avenue, took Savris down to the station. A cursory search of his person had been made and he had been left in the ante room back of the main police office, while the officer went to the front on other matters.

Not two minutes afterwards, Savris had cut his throat deeply with a small pen knife which had been keenly sharpened. The officer was mystified as to where he had concealed the weapon on being searched just before. The man was also rushed to the hospital in a precarious condition.

Familiar Figure. Savris is a familiar character about town. He is a Serbian and stayed about Nick Gurvich's hotel on Fraser Street where he was employed at various duties. For years he has wandered about the city streets in a curious manner by himself and was mainly conspicuous by his slouchy attire and carriage. He wore a soft felt slough hat and often was to be seen with shoes untied and his socks hanging down over his boot tops. He was tall and of dark complexion and walked with a shambling gait. After the affair last night, Nick Gurvich reported that he had been acting in a particularly strange manner for the past few days. It is generally understood that he was mentally unbalanced.

Both Randall and Savris were reported from the General Hospital at noon today to be resting easily. They are under guard of Constables Alex Macdonald and McMeekin.

SASKATCHEWAN HAIL LOSS IS ONE MILLION

Storm Sweeps Through Country South of Regina Damaging Crops.

REGINA, Aug. 5.—Damage amounting to a million dollars was done by a tremendously destructive hail storm which swept through the country south of Regina from Yellow Grass to Broadview. The standing grain is beaten down and where sufficiently ripe all the grain is threshed from the heads. Many farmers will lose all their crops.

SPECIAL TRAIN VERY UNLIKELY

Plan of Board of Trade to Visit Barbeau Fails to Get Support.

The regular monthly meeting of the Board of Trade will be held this evening in the council chamber. The main business will be the report of the secretary on the proposed trip to Telkwa. The plan to run a special train for the celebration has not met with support and only a very few have signified their intention of buying tickets. In all probability the proposition will be dropped, but it may be possible to make arrangements to have a special sleeper attached to the regular trains which would be dropped at Telkwa for the convenience of those who wish to make the trip.

GRASSHOPPERS ARE INVADING QUEBEC

QUEBEC, Aug. 5.—Millions of dead grasshoppers are covering the whole of the St. Lawrence and are coming down the river toward Quebec.

A Masonic funeral service will be held over the body of our late Brother R. W. Grieve at the Masonic Hall at 2:45 p.m., Saturday afternoon, August 6th. All members of the Order are asked to attend.

J. T. G. Williams, Dominion Fisheries inspector, was in town last night having returned from the Skeena River on the Marfish. This morning he left again for the Naas River. Mr. Williams will be back here on Monday night.

FUR BUYERS OUT AFTER BEAVER

Temporary Licenses Granted by Dr. Baker to Purchase Pelts From Indians.

Most of the local fur buyers have been given licenses to purchase beaver pelts from the Indians for the Provincial Government and they are now out rounding them up. Dr. Baker, who left for the south yesterday after a tour through the Bulkley, Nechaoo and Fraser Valleys told a Daily News representative that the beaver pelts had been giving the Game Conservation Board considerable trouble. Two or three years ago reports from the various game wardens and from other sources made it clear to the Board that the beaver needed protection and for that reason there has been no open season for trapping beaver declared since that time.

There was nothing difficult about closing beaver trapping except that the Indians are allowed to take sufficient beaver to provide themselves food. Then illicit dealers began buying the skins from the Indians and smuggling them out. They made large profits and the legitimate traders complained that they were discriminated against. Consequently in order to clear up the situation, permits were granted legitimate dealers to buy from the Indians for the Government and the skins are sold at auction in Vancouver. The licenses last until the end of next month after which there will be no more selling and the Provincial Government has promised that at the next session of the Legislature they will recommend to make it a jail sentence to have beaver in possession.

Owing to an imperfect knowledge of the situation Dr. Baker has been somewhat severely criticized by the local dealers and others for his action in regard to trading in beaver pelts.

PARTY LAST NIGHT ON BIRTHDAY OF MISS PEARL DUTHIE

In honor of her birthday, a number of her younger friends assembled in a surprise party last evening at the home of Miss Pearl Duthie, Seal Cove. A pleasant evening was spent singing and dancing. Master Willie Geddes giving clever selections on the violin. Before the party broke up at midnight light refreshments were served.

Those present were: Mr. and Mrs. Guyan, Mr. and Mrs. Geddes, Mrs. G. M. Ritchie; Captain and Mrs. Duthie, Miss Soriano Soriano, Miss Juliet Soriano, Miss Agnes Guyan, Miss Violet Duthie, Miss L. Duthie, Miss G. Ritchie and Master W. Geddes, A. Guyan, J. Geddes, P. Geddes, G. Guyan, and Oliver Shepherd.

MEIGHAN LEADER OF ROUGH STREET GANG

Cleverness and Utter Disregard of Danger Give Him Premier Place.

Thomas Meighan, the popular movie star, appears as a gangster and gunman in his latest picture, "The Frontier of the Stars," which will be shown at the Westholme Theatre, beginning tonight. This is by far the "toughest" role in which the virile star has been seen.

Mr. Meighan has the role of Buck Leslie, leader of the Forsyth street gang, which he holds because of his cleverness, utter disregard of danger and two capable fists. When she is fleeing from Phil Hoyt, a Bowery detective, Buck hides to the roof-tops, and there runs upon Hilda Shea, sister-in-law of the detective, a cripple, who has spent most of her life in a wheel chair on the roof.

From then on is unfolded an interesting study in two entirely different personalities. Hilda with her sweet philosophy of life and her belief that everything is good, and Buck with just as firm a conviction that there is no good. Faire Binney plays opposite the star.

HAROLD GOODWIN, NEW STAR, MAKES A HIT

The patrons of the Empress Theatre will welcome Harold Goodwin, the new star, tonight, when he appears for the first time in "Oliver Twist, Jr.," a play that is taken from Charles Dickens' story of Oliver Twist. This youth whose work William Fox watched for a long time, was very happily cast in the character of Oliver and made a distinct hit.

The picture is fine entertainment. It has been thoroughly well handled in the staging, and an excellent cast supports Goodwin.

Judging by his first starring picture, Harold will soon gather a big following.

MANY PLACES WERE RAINIER THAN HERE

Prince Rupert Had Total of 84.5 Inches, Vancouver, 64.25—September Drier Here.

Prince Rupert, with a total of 84.5 inches precipitation last year, was not the rainiest place in British Columbia. The record high figure was at Surf Inlet where 178.13 inches were recorded. Other places, rainier than this city, were: Banfield, 129.79 inches; Ucluellet, 111.11 inches; Holberg, 125.16 inches; Quatsino, 84.72 inches; Agassiz, 86.37 inches; Britannia Beach, 91.96 inches; Stave River Falls, 94.29 inches.

In September Prince Rupert had but 5.82 inches of rain while Vancouver had 10.37 inches. Vancouver's total for the year was 63.28 inches. The driest place in the province was Tranquille with 6.06 inches.

Wonderful Study of Germs
Described by Dr. W. T. Kergin to the Rotary Club Yesterday

Disease germs are so small as to be outside the ordinary vision of mortals and so prolific that they increase at a tremendous rate, though they live only a few seconds. A drop of water could contain half a million blood cells, and each of these cells may have several hundred bacteria or germs. That was some of the intensely interesting information given by Dr. W. T. Kergin to the Rotary Club yesterday in an address on "The Germ Theory."

The doctor said that germs were the chief cause of disease, and their discovery was the greatest single step in the history of medicine, placing it on a scientific basis.

Hippocrates was the father of modern medicine as being the first to attempt its scientific study. Nothing was done in the way of development during the dark ages but the clergy did useful work in dispensing simple remedies. The early development of surgery had much to do with the result of warfare. Anatomists and surgeons worked out what is at present known of anatomy. They are still investigating the functions of some of the organs.

Pasteur's Discovery.
The greatest single step in the development of surgery was the discovery of germs as a causative factor in disease. To Pasteur is given the credit of most of the earlier discoveries. It is now proven beyond a doubt that germs are the most potent factor in disease and the greatest enemy man has.

"All life is relative," declared the speaker. "Man is small compared with the elephant but huge compared to the ant. Germs occupy a world beyond the vision of the naked eye. There is a whole world of life beyond our vision."

The Doctor explained that not all germs were disease germs. The greater number are useful. The disease germ has no particular enmity to man but makes its attack in the ordinary way of getting its living. The products of the vital functions of disease germs are poisonous to mankind. The problem is to study them and the conditions surrounding their life history with the idea of combating them.

Lord Lister's Work.
The speaker went on to explain that germs and vaccines were a most important discovery and development and their use was a scientific method of combating disease germs. In surgery it was shown that during the Crimean war thousands died from simple wounds as the result of wound infection. Lord Lister, who lived at that time, made a study of the difficult problem and was the first to use antiseptics in surgery. He worked out the theory that the deaths were due to germs and that they were preventable. Antiseptics had since been improved but Lister laid the foundation for their use.

Study had taught how to lessen or increase the virulence of germs. Growing under favorable conditions with a favorable food supply they became very virulent. On the other hand under poor conditions their virulence was much lessened. This knowledge is made use of in the preparation of serums and the combating of disease.

Man, in common with animals, possesses a wonderful power of reacting to poison, the doctor showed that the subject could withstand steadily increasing doses of a drug as the body increased its defense. The body elaborated an antidote which neutralized or counteracted the poison. By utilizing the antidote or antitoxin thus elaborated and

injecting it into the blood of another animal, the power of resistance was at once strengthened and the poison made of little effect.

Few Cases Fatal Now.
The methods of developing the antidote was explained, particularly in connection with diphtheria, the serum for which had a wonderful effect, so wonderful that whereas formerly one-third of all diphtheria cases proved fatal, today under treatment with serums not three per cent were fatal and none should be if treatment were begun early enough. In diphtheria the germs in the throat produced poison which was distributed through the body. By injecting proper serum which constitutes an antidote, this poison was neutralized and the patient did not suffer as he otherwise would.

Dr. Kergin also spoke of the use of vaccine and explained that not all diseases could so far be benefited by serum or vaccine, but that researches being carried on were constantly adding new discoveries.

SUNDAY GALA.
Editor Daily News:—Through the columns of your paper I would like to support the position taken by Mrs. Robertson regarding making Sunday a Gala Day. I came to this city eight years ago and I have watched closely how the desecration of the Sabbath has developed to such sharp and strong extremes, until now we have organized sports, baseball, swimming, galas, dances, etc., militating against the work of the churches and against the best interests of the community. The Sabbath was made for man and ordained by God for a day of rest and worship, why this "sacrilege"?

Paces of History.
I am conscious of the fact that there are some who will class me as a bigot, but let them turn over the pages of history and they will find that nations who flagrantly defied the ordinances of God sank into insignificance. Let us not be guilty of teaching the children of today to regard Sunday with such contempt. I am certainly a booster for all kinds of legitimate sport, and will do all I can to develop it in our midst, but hamper off the Sabbath.

P. H. LINZEY.

Sport Chat
H. S. Munro, general manager of the Granby Consolidated Mining, Smelting and Power Co., is a great sport enthusiast and as such has become very popular among the people of the smelter town. Mr. Munro is an ardent trap-shooter and generally piles up top notch scores in the frequent competitions held at Anyox. He also umpires the ball games and takes a general interest in all lines of sport. He found that his many trips and much absence from home had a serious effect on his sporting proclivities, especially his shooting. Mrs. Munro is also interested in sport and is seen at most of the ball games. In the recent salmon fishing contest, Mrs. Munro caught one of the biggest fish taken in Granby Bay.

The most notable feature about the games in the Juvenile Baseball League is the way those little fellows steal bases. Once a runner gets on first, it seems he is almost sure to get to third without much difficulty and is little afraid of attempting the home steal. The reason for all this safe base stealing seems to be that the youngsters are not very sure about their throws to the bases and often either over-throw or underthrow. While giving the base runners lots of exercise it also should provide good practice for the players in the field in watching the various positions and pegging accurately to the bases. On the whole, it is really surprising what excellent games these juveniles play. There is a lot of good material for the future in their ranks.

There are three teams in the Anyox Baseball League, the Elks, Mine and Smelter. Good close ball is played and the games are very interesting. At the present time the Elks are at the top of the league with a record of three wins and no losses, the Mine has a percentage of .666 and the Smelter has failed to tally a victory so far this season. These league games are not the only ones that are played at Anyox. Every now and then pick up games are played between teams going under such nomenclature as "Dreadnoughts" and "Cavemen." Regular football games are also played.

George Gorkle, of this city, is to go to Anyox on August 10 to box with Jimmy Ferguson at a Community League smoker. Says the Alice Arm Herald: "Gorkle has had the gloves on with some of the best middleweights in the country, having fought in the American championship at San Francisco. He has trained for a month with Art Prudhomme, who fought in the finals at the Olympic Games at Antwerp. He likes to fight for the sport of it. Jimmy Ferguson is also a great sport so a treat is in store for the fans."

ENTHUSIASTIC IN REGARD TO CAPE ST. JAMES
Dr. Baker of Game Board Says Place Will Be Great Resort Some Day.

The wonders of Cape St. James is a theme on which Dr. Baker, chairman of the Game Conservation Commission, of which W. E. Williams of this city is a member, likes to tell. He is an enthusiast and has fished and hunted in every part of British Columbia and in very many other sections of the continent. He superintended the taking of moving pictures of the whaling off this coast and of the famous seal herd at Cape St. James. Dr. Baker says that there is a herd of at least 5000 seal lions on the lonely island at the extreme south end of Queen Charlotte Islands, generally known as Cape St. James. There they breed and live during the summer. There are also breeding grounds for ducks and geese close by, nesting sites for all kinds of sea birds, hot springs, and a climate that is warmer than Vancouver by several degrees. A lighthouse keeper lives at the point with his wife but there are no other inhabitants.

Within ten years, Dr. Baker thinks this wonderful spot will be a resort for the wealthy people of the continent with a fine hotel and all sorts of attractions. This summer there are some wealthy New Yorkers going to the island in their private yacht and the fame of the place is bound to spread.

TINY TIMS WINNERS DOUBLEHEADER GAME
Defeated Both Dry Docks and King Edwards at Baseball Last Evening.

There were two Junior Baseball League games played last night at the Acropolis Grounds. In the first, the Tiny Tims defeated the Dry Docks by a score of 7 to 3 and in the second, the Tims secured another victory in winning over the King Edwards by a score of 6 to 5. In the first game J. Kelly pitched for the Tiny Tims and in the second, C. Clapp was on the mound. W. Mitchell caught in both games. The Dry Dock battery comprised Douglas Frizzell and B. Lundquist, the King Edwards, W. Martin and D. Frizzell.

The standing of the clubs to date follows:

W. L. Pet.	
Tiny Tims	7 1 875
King Edwards	4 3 667
Dry Docks	0 2 000

BASEBALL SCORES

FOUR BURNED TO DEATH IN NEW YORK FIRE

NEW YORK, Aug. 5.—Four children were burned to death and seven others seriously injured in a fire which swept three tenements in the Bronx this morning. The dead are all children of Julio Corsino who lived on the top floor.

HELD FOR THEFT

Harry Palmer Under Arrest in Connection Big Bond Robbery at Toledo.

OMAHA, Aug. 5.—Harry Palmer is being held here in connection with the theft of \$500,000 worth of bonds in this city.

97 DEGREE IN SHADE AT CALGARY WHEN A VISIT MADE THERE

J. H. McNeil, who is in charge of the work on the construction of the court house here, returned from a visit to Calgary.

He says on his arrival in Calgary the thermometer stood at 97 in the shade and everything was sizzling. Crops in that neighborhood were not very good, but in northern and central Alberta and Saskatchewan there is a bumper crop. The average for the province will be fair.

JAMAICA OPPOSES CONFEDERATION OF CANADA AND INDIES

KINGSTON, Jamaica, Aug. 5.—A motion urging confederation between the British West Indies and Canada was voted down in the Legislature.

The motion was a protest against the suggestion that Britain should sell the West Indies to the United States.

WILD BERRIES IN ABUNDANCE

Terrace District Providing All the Raspberries and Other Fruit Required.

One of the heaviest crops of wild fruit seen for many years is in evidence everywhere in the neighborhood of Terrace this summer. The raspberries are so prolific and of such size that the canes, are weighed to the ground. They are growing almost everywhere, and housewives of the town are able to go out in the afternoons on the edge of the townsite and along the railway tracks and find all they can pick.

Nearly every household is boasting of having from fifty to one hundred quart of wild raspberries. Saskatoons, the service berry of some districts, are bearing an enormous crop of fruit this year. On the mountain sides where ordinarily one would have difficulty in finding much fruit, this year it is only a matter of a half hour to fill a water pail. Blue huckleberries, a favorite of many people, are now ripe and plentiful. The most talked of district for them is on the Lakelse road, where there are many acres of the blue, and red huckleberries. These berries are said to be of par excellence when it comes to making pies, and many a quart is being stored on the shelf for winter use.

The wee blueberries were originated for the descendants of Job, the patient man, for in order to make much of a showing in gathering this berry, one must lie on the ground flat and hunt them out from beneath their short vines. Blueberries are very plentiful on the mountain slopes in certain places, and the favorite way of gathering them is to make a wire scoop and scoop 'em up.

BIG PROFITS ON LAND DEAL

Member of Government Commission Becomes Owner of Valuable Property for \$1.

WINNIPEG, Aug. 5.—Newspapers are giving publicity to an alleged deal which places in a most unfavorable light W. D. Staples, grain commissioner for the Dominion Government.

According to the statement the commission was asked to recommend a site for a Government elevator at Port Arthur. This they did but before any transfer was made Staples secured an option on the adjoining property and it was finally transferred to him and he sold part of it to dredging contractors in payment for their services in improving the frontage on the remainder. So far as appears, the only payment made by Staples for the property he retained was one dollar. The property is valued at from \$200,000 to \$300,000 and appears to have been in payment for his services in selling Mackenzie & Mann's property to the Government for which he was acting.

TERRACE

Mrs. Griffiths, of Prince Rupert, who has been staying in Terrace the last few weeks, has purchased the acre tract of W. E. Van Meter, which he had planted to strawberries last year. Mrs. Griffiths is planning on building a house on her newly acquired property.

There was born to Mr. and Mrs. Dobbie, at Copper City, on Tuesday, Aug. 2, a son.

There was born to Mr. and Mrs. E. J. France, at Waverly, New York, on July 22, a daughter, Ella Louise France.

Mrs. Noonan, who has been suffering for some time from the effects of an ulcerated tooth, went to Rupert last week to undergo an operation. She went through the operation successfully.

The Jilt.

Charlotte—Saw Joe at the movies with Mabel Saturday night. Aren't you keeping company with him now?
Glady's—No. I asked him if he liked her better than me, and he said yes—so I threw him over.—Life.
