COLONEL PECK WRITES OF INTERVIEW WITH THE MINISTER OF RAILWAYS

University Class for Prince Rupert

Delegation Waits on School Board and Asks Special Teacher Be Engaged for the Work; Much Discussion

After hearing a delegation favoring the appointment of a highly qualified teacher to undertake first year university work at the High School, the School Board last night decided to allow the matter to stand over until next meeting in order that members might have time to think it over. The general feeling of the trustees seemed in favor of the move.

A petition was read asking for the establishment of the department in the High School in which was pointed out that there are pupils ready to take the work.

Mr. Morrison, heading the delegation, said there were several reasons why the work should be taught in the school here. Children would get higher education had to be sent away from home at a tender age and the cost of tuition in Vancouver was high. Prince Rupert should look for the establishment of a school here. There would be high schools in Smithers, Terrace and Telkwa, while Anxox gave two years. This, he thought should be a centre for university work.

Trustee Patmore: "Do you think pupils would come here when they could live at Vancouver and attend the university for the same cost?" Mr. Patmore said he thought they would because it would be nearer home and they could more easily get home occasionally.

Canon Rix Agrees. Canon Rix said the other speakers had stated the case fully and he was in agreement with their views.

Trustee McLennan favored the idea. He moved that they provide a teacher for the opening of the university class.

This was seconded by Trustee Ling but on the suggestion of Trustee Patmore it was decided to allow the question to lie over until next meeting.

Trustee McMeekin said it was the first he had heard of the move and he would like time to think it over.

Dr. Kerzin thanked the delegation for laying their views before them and said undoubtedly all were sympathetic with their views.

Trustee Patmore: "Do you think pupils would come here when they could live at Vancouver and attend the university for the same cost?"

FOUR CARLOADS HALIBUT TODAY

Uses Up All the Cars Available in Yards for Shipment to United States.

JOE BAKER REPORTS SPOKE MISSING BOAT

Four carloads of fish bought at the halibut exchange this morning uses up all the fish cars available in the yards for American shipment and the one left will be used for Canadian fish. There are no cars reported west of Prince George today.

Following were today's arrivals and sales:

Sherman, 7,000 pounds, sold to the Pacific Sea Products Association at 16.1c and 6.2c.

Adeline, 5,000 pounds; Brinzgold, 7,000 pounds; Allin, 6,000 pounds, and Volunteer, 3,000 pounds, sold to the Allin Fisheries at 16.3c and 6.2c.

Allen sold 50,000 pounds to the Canadian Fish and Cold Storage Co. at 15.1c and 6c.

The Joe Baker reports having spoken with the missing halibut boat Nollad seventeen days ago, but outside of this there is no word of the vessel.

Mr. Patterson said he thought they would because it would be nearer home and they could more easily get home occasionally.

FAREWELL TEA

Mrs. Warrior Hostess to Event in Honor of Mrs. Ben Crump.

Mrs. Warrior of Borden Street was hostess at a farewell tea on Wednesday afternoon for Mrs. Ben Crump who leaves on Monday with her husband and little son Lewis for their new home at Tisdale, Sask.

Mrs. T. M. Spencer on behalf of the ladies presented Mrs. Crump with a beautiful book. Mrs. Warrior was assisted by her daughter Miss Lillian in serving tea.

Those present were Mrs. Crump, Mrs. T. M. Spencer, Mrs. W. McDonald, Mrs. M. Lemon, Mrs. Wilson of Saskatchewan, Mrs. Reith, Mrs. Shortridge, Mrs. McDonald of 5th Ave. W., Mrs. Minty, Mrs. Oliver, Mrs. Frank Haugh, and Mrs. Ballack.

Captain Nedden, master of the steamer Prince John, left last night for the south where he will spend his holidays while his boat is undergoing overhaul in the to ad dry dock.

Mrs. A. J. Collison left on the Prince George last night for Vancouver.

Word was received last evening by Superintendent Dowling of the Dominion Government telegraphs of the death of William Murdock, a telegraph operator at the Sixth Cabin north of Hazelton. The body is being brought to Hazelton for interment.

Murdock was about fifty years of age and had been on the line about three years. Mr. Dowling had been asking him if he wanted a holiday this summer and he had said he did not. He was spoken on the evening before he was found dead.

The remains will be brought into Hazelton by means of a dog team which left yesterday morning for Hazelton, which is 120 miles north of Hazelton.

SALVATION ARMY HEAD IN AMERICA.

General William Brewster Booth, head of the Salvation Army, who is in America. He recently arrived and will soon go on an inspection tour.

PECK VOTED WITH THE GOVERNMENT

The copy of Hansard just to hand shows that Colonel Peck voted with the Government on the motion of want of confidence moved by W. L. Mackenzie King.

The Prince Rupert shipyard was mentioned in the course of the debate by S. W. Jacobs, member for George-Etienne Cartier.

Peck Writes Regarding Fish Car Situation and Interview with Minister

The following letter from Colonel Peck to Mayor Rochester, the Prince Rupert Board of Trade, and the Prince Rupert branch of the Canadian Fisheries Association was received this morning in regard to the supply of fish cars:

"In reply to your joint telegram of the 24th ult., I may say that no one was more astounded than I was to learn that the passenger refrigerator cars were not to be delivered as agreed upon. I did my best to stir things up here, and will set out herein what has transpired.

"I was present at the conference between the representatives of the National Steel Car Co. and the Minister of Railways. The Minister claims that he was completely deceived and that he fully expected that the cars were to be delivered as per previous statement. You will already have received his wire of yesterday upon the matter and note that this company is under obligation to deliver all the cars before the 31st March.

"All I can say is that I am putting forth every possible effort in this matter, and that no one is more disappointed than I am myself. However, I think that this agitation has had one good effect in any event, which has been to induce the railway to dig up every car available.

"I enclose herewith copy of letter from D. B. Hanna to the Minister of Railways, which will explain itself.

"I would be glad to hear from you when any actual shortage occurs. The above letter seems to prove that with the cars on hand at Prince Rupert and those en route to Prince Rupert, they ought to be enough to at least relieve the situation.

"I cannot do further than I have been doing and as previously stated I have been using every possible effort in this matter.

"C. W. PECK." Colonel Peck enclosed a letter from President D. B. Hanna to Hon. J. D. Reid showing that there were always fish cars in the yards at Prince Rupert from February 6 to February 23, the number running from three to nineteen. He says he is sending one of his officers to Hamilton for an explicit understanding regarding delivery of express refrigerator cars and promises to write further regarding the matter.

SONS OF CANADA HAD SOCIAL NIGHT

Cards and Dancing Enjoyed in the Hall on Second Avenue. About 75 persons attended a very enjoyable visit drive and dance held last night by the Sons of Canada in their hall on Second Avenue. Cards and dancing were enjoyed and the first prizes went to Mrs. J. E. Jack and J. G. Knight, consolation a card being won by Mrs. L. G. Eby and Captain Mulhain. The committee in charge comprised J. R. Beatty, Harry Love, George Johnstone and Harry Beem.

OOTSA DANCES LAST TILL THE SUN RISES

Gathering in Aid of Alex. Manson School Lasted Till 8 in the Morning. Dancing continued until eight o'clock in the morning at an event held in the Ootsa Lake Hotel last week in aid of the Alex. Manson school. Clifford Harrison, the Wistaria violinist, Samuel Eakin and Buster Peterson provided the music, while Wilson McNeill favored the assembly with several songs.

TERRACE ENGINEER DIES AT HAZELTON

Raymond Albright Falls Victim to Typhoid Fever Epidemic; 30 Years of Age. HAZELTON, March 11.—The death occurred at the Hazelton Hospital on Wednesday morning of Raymond Albright, aged 30. The deceased died from typhoid fever, having been brought up from Terrace where he was employed as engineer at George Little's sawmill. The remains are being shipped to Edmonton for interment. Frank Morris, the Prince Rupert undertaker, having been called here to prepare them for shipment.

PREMIER MARTIN of Saskatchewan, who may appeal to the people of the province at an election soon.

Dr. Grant. Grant said he had very much to say in regard to this matter. The school and the week fighting against malaria and he had found that the learning was a dangerous thing. It gave inadequate views. He had no power to disprove truth from error. The school carried a pupil for sixteen years of age but every pupil should be the opportunity to develop to the highest possible point. It was a social conscience thing today and he believed the duty was ready to bear this extra expense.

DAILY EDITION, Friday, March 11, 1921.

Of the Making of Newspapers
There is no End.

It seems to be the simplest thing in the world to start a newspaper. A new one has just been started in Prince George, and in all centres it is the custom from time to time for someone to get ambitious along that line and make a plunge. Usually the people who start new publications have little experience in publishing and they go to the wall. It is a question of months, but now and then a very persistent man will keep a weekly or monthly going even for years, although there is usually but one end. Count the number of the survivors and the case is proved.

The present extremely high cost of material and labor makes newspaper publishing difficult. Every department has to be carefully watched and no unnecessary expenses incurred.

Every reader of a newspaper has his own individual taste and he would like to see the paper made to suit him. It is the duty of an editor to take cognizance of the general taste and to make his paper suit that taste rather than to make it accord altogether with his own ideas. At the same time, if he has ideals, as he should have, he should try to improve the taste of his readers and the general tone of the paper should be for the betterment of the community.

Correspondents and
The Daily News.

It is very seldom that a letter to the editor can be published in this paper the day it arrives. We aim to give as full a news service as possible and when the telegraphs are working it keeps us busy with the news of the day and letters often have to be held over until the following day. The result is that correspondents are sometimes disappointed in not getting their letters in print. Yesterday we had a letter from Robert Hanna, which was interesting and would have been used today, but when it was found that it had already been published, it went to the waste basket along with much other interesting matter.

The Daily News welcomes expressions of opinion on matters of public interest, but refuses to use them once they have been published elsewhere.

Advanced Rates
Have Killed Business.

There is a limit to the extent to which prices can be advanced. In a newspaper office there is a decided limit to the rates which can be charged, and the same is true of many other lines. It is true of transportation. The rates have been recently advanced to an enormous extent, but that does not necessarily mean that the roads are paying better. We know that in the case of the lumber business the advance of rates killed the business. The result is not only stagnation in the lumber business of the north, but there is less buying power as a result of the shut down and the railways suffer in not having the goods to haul for the people who were formerly big consumers. As a matter of fact the railways overstepped the mark. It was a fatal step.

Water Traffic Will
Take Place of Rail.

When the cost of railway traffic went up, people at once looked to the water as a means of transportation. The Panama Canal route will be more and more popular, the longer the present high rates remain. The railways must compete with water on the long haul and that they cannot begin to do at present. They may not carry goods quite as low as ships, but the difference must not be too great. At present the movement is toward water traffic and this will increase every month.

After Three Years of Suffering,
"FRUIT-A-TIVES" Brought Relief

MADAME HORMIDAS FOISY

624 Champlain St., Montreal.

"For three years, I was ill and exhausted and I suffered constantly from Kidney Trouble and Liver Disease. My health was miserable and nothing in the way of medicine did me any good. Then I started to use 'Fruit-a-tives' and the effect was remarkable.

I began to improve immediately and this wonderful fruit medicine entirely restored me to health. All the old pains, headaches, indigestion and constipation were relieved and once more I was well.

To all who suffer from Indigestion, Constipation, Rheumatic Pains or great Fatigue, I advise the use of 'Fruit-a-tives'.

PRINCE RUPERT TIDES

Saturday, March 12.
High, 2:52 a.m., 20.7 feet.
15:16 p.m., 19.6 feet.
Low, 9:5 a.m., 4.6 feet.
21:13 p.m., 5.5 feet.

Sunday, March 13.
High, 3:24 a.m., 20.5 feet.
15:57 p.m., 18.7 feet.
Low, 9:44 a.m., 4.7 feet.
21:48 p.m., 6.3 feet.

The time used is Pacific Standard, for the 126th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

WONDERFUL RECIPE
FOR SHALE COURTS

Tennis Expert Gives Humorous
Advice to Duncan Lawn Tennis
Club

The secretary of Duncan Lawn Tennis Club recently advertised for information concerning the making of a shale lawn tennis court. He was considerably edified by the receipt of a communication from "Love-Fifteen", Victoria, who sent the following "recipe":

First get a narrow three-cornered spade and dig up the earth to a depth of eighteen feet (make sure of the depth with a good foot-rule, and send the ground away to China that it may not be wasted).

From Sahara

When the cavity is completed, send away to Switzerland for three tons and an ounce of sea sand, which must be carefully sifted together with three teaspoonfuls of powdered clam shell. You can get this ready ground from the B.C. Sugar Refinery, or, if you like, send away to the Sahara Desert for the whole clam shells and pass them through an accordion pleated micing machine—the latter is the wiser way as the Sahara clams have purer shells than the local ones. Besides, as Burbank is producing clams without shells, now, the old fashioned clams are becoming rather rare in the civilized world.

Mix with Seaweed

The next thing to do is to send away to Table Mountain for a wheelbarrow-load of sea weed, which must be salted and finely chopped with a blunt meat-chopper. Mix the sea weed with the other ingredients and sprinkle the whole into the eighteen-foot cavity. I would strongly advise you to accomplish this with an ordinary salt-shaker.

This being done, level the court with a tested spirit level, after which a number of Indians or "Jazz" Artists should be employed to stamp the mixture down.

Snipe's Eggs

Leave the court alone for three days and gather snipe's eggs while you wait. When you have collected two dozen of said fruit, separate them and beat well with an American wife-beater.

When you have brought the whites of the eggs to the consistency of whipped cream, purchase two dozen sacks of pastry flour and eight tins of baking powder. Mix these ingredients together and moisten with goat's milk and an empty quart bottle of old South Sea Island Stout.

Holy Rollers

Spread this mixture lightly over the top of the sea sand, clam shell and sea weed and import some Holy Rollers from the south of France to roll the court flat.

Leave the mixture to rise for forty-eight hours, when it will become a full-blown shale court. Note—This recipe has been used with great success among the Eskimos and also has been adopted by the South Sea Islanders in Quebec.

The mayor has received an announcement from Toledo, Ohio, of the retirement of Adelbert L. Spitzer from the financial firm of Spitzer, Borick Co., the city's bond agents. The admission of Albert V. Foster, James R. Easton, Arthur C. Dyer and Marvin H. Borick to the firm is also announced. tf

In the Legislature, W. A. McKenzie asked the Provincial Secretary some questions in regard to the appointment of A. M. Tyson as clerk in the forest branch, stipendiary magistrate, issuer of marriage licenses, district registrar of births, deaths and marriages and mining recorder at Ocean Falls, for all of which he gets the salary of \$150 a month. The answers showed that he was 54 years of age and was a returned soldier holding the rank of captain. tf

Those Nasty Little Pimples That come on the Face Are Caused by Bad Blood

Many an otherwise beautiful and attractive face is sadly marred by the unsightly pimples and various other skin troubles, caused wholly by bad blood.

Many a cheek and brow cast in the mould of beauty have been sadly defaced, their attractiveness lost, and the possessor of the "pimple face" rendered unhappy for years.

Their presence is a source of embarrassment to those afflicted as well as pain and regret to their friends.

There is an effective remedy for these facial defects and that is Burdock Blood Bitters, the old reliable medicine that has been on the market for over 40 years.

It drives out all the impurities from the blood, and leaves the complexion clear and healthy.

Mrs. James Williams, Waterloo, Ont., writes:—"My face was covered with pimples for nearly a year. I used different kinds of remedies to get rid of them and finally thought there was no relief. A friend dropped in one day and told me I should try Burdock Blood Bitters. I did so and used three bottles, and found the pimples were all disappearing from my face, and now I have a clear complexion again."

B. B. B. is manufactured only by the T. MINOUR CO., Limited, Toronto, Ont.

The Prince Albert will sail on Monday for all Queen Charlotte Island points. tf

The school board at its meeting last night was offered the old De Mussy house in Section 2 with four lots for \$4,000 to be used for school purposes. It was shown that the building was not suited to school purposes. tf

Progress on the return of the material recently removed from the dry dock by the creditors is being steadily made. T. Allen, general manager for Wallaces, had no new developments to report this morning. tf

The contract for supplying the schools with coal has been let to the Edson Coal Co., the price being \$10.15 a ton. This was decided at the meeting of the school board last night on the recommendation of a special committee. tf

Word has been received that Theo Collart arrived at St. John, N. B., on March 2 by ss. Corsican from Liverpool, twelve days ocean passage. He left St. John the same day for Winnipeg, travelling on to Vancouver. He may be expected back in Prince Rupert on Wednesday on the Prince George. tf

The city solicitor has reported to the police commission that the corporation cannot be held liable as a result of the death of Captain McGinnis at Christmas time from paralysis after he had been arrested. The deceased had been given unusual care when in jail and had been sent to the hospital next morning. It is understood that the Deep Sea Fishermen's Union which entered a complaint as to the treatment accorded McGinnis was not proceeding with the case. tf

Moving a mountain with a teaspoon

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as:

- | | |
|---------------------------------------|-------------------------|
| What brand of collars do you wear? | What tobacco? |
| What kind of shaving soap do you use? | What razor? |
| What breakfast food? | What cigars? |
| What tea? | What mustard? |
| What cocoa? | What sugar? |
| What coffee? | What shoes? |
| What underwear? | What motor car? |
| What chewing gum? | What tires? |
| | What brand of anything? |

Irrespective of location, the answers will reveal the names of products advertised in the newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

If you are not quite sure how to go about Daily Newspaper Advertising, write to us and we will advise you.

HERRING CHASED BY SEA LIONS

Driven Ashore on Prince of Wales Island in Countless Numbers

Chased up on the beach by a great herd of sea lions, thousands of herring were beached on the shore of the Inlet at Klwak on the west coast of Prince of Wales Island recently, according to members of the crew of the Light-house tender Fern, which stopped there.

"They phone like a great live silver horde," says First Officer Charles H. Nerup, "and in places were several inches deep." The sea lions were so plentiful in the bay that none dared venture across in a small boat.

Millions of herring spawn in the vicinity of Klwak each year, especially on Fish Egg Island, where natives from Graiz and Klwak have for years gathered eggs and dried them for food. There were so many herring in the inlet last Thursday that when the sea lions appeared they simply crowded each other up on the beach, where they were left by the receding tide.

MORSE CREEK BRIDGE WORK

Bents are Now Up from Both Ends—Should be Finished April 11

The putting up of the bents for the new Morse Creek bridge is proceeding steadily under Contractor E. H. Shockley, who now has about a dozen men working on the job. The approach from the western end of Section 2 and is now up as far as the wye tracks and from the east end as far as the foot of the Second Avenue rock dump. H. L. Landry, the city building inspector, is spending a good deal of his time on the job, which he is supervising carefully. The contract signed by Mr. Shockley calls for the completion of the bridge by April 7, three months after the date of signing.

MISS MARGARET MORGAN APPOINTED MATRON OF HOSPITAL AT SIMPSON

Miss Margaret Morgan, a graduate of the local general hospital and one of Prince Rupert's best known girls, has received a temporary appointment as matron of the Port Simpson hospital and leaves at the end of the week to take up her new duties. Miss Morgan had intended going to California and was all ready to leave on last night's steamer for the south when the appointment was made.

Miss K. M. Laing, who was called east four months ago on account of the illness of her sister, has resigned after a number of years as matron at Port Simpson. Miss Macdonald, who has since been in temporary charge, has also resigned.

ALASKAN SIGNS ON FOR COAST LEAGUE

Tom Granville to Play for Seattle This Year, Pitched at Juneau.

Tom Granville has been signed by Seattle as a member of the pitching staff, and has reported to the California training camp at Pomona. He will play in the Coast League.

Tom Granville was formerly employed at Thane and pitched for Thane and Juneau teams for two seasons several years ago. Going from there to Whitehorse, he pitched for that team one season while employed in a copper mine near there. He was one of the best pitchers seen on Gastlian channel in years and was almost uncatchable. He is a big fellow, over six feet in height and weighing about 200 pounds.

CHIEF'S REPORT

Thirty-nine Cases in February Police Court Brought 35 Convictions.

Thirty-nine cases were tried in the city police court in February, according to the monthly report of Chief of Police W. H. Vickers. Convictions numbered thirty-five and the total of fines was \$973.50. Offences were as follows: Insanity 1; theft, 4; opium and drug cases, 5; prohibition act, 2; obtaining goods under false pretences, 1; theft from person, 4, and the usual quota of drunkenness. Bread and coal weights were found up to the regulations. The month's list was rather lighter than usual.

According to the report of the constables the bars in the city were orderly during the month.

POLICE COMMISSION RECOGNIZE SERVICE

Sergeant Adams is Given Month's Salary on Leaving Force After Long Service.

At the police commission meeting it was decided to give Sergt. Adams, who leaves the force at the end of the month, a month's extra salary as a mark of appreciation of the ten years' faithful service rendered in police work. This will also assist the officer in getting settled at Victoria. The officer disclaims the report that he had cleaned up \$30,000 "graft" during his service and the police commission is also unanimous in refuting the report. Sergeant Adams and his family will leave for their new home on March 31.

ACKROYD IS APPOINTED

Considerable Discussion as to the Merit of Applicant—Mayor Opposes Appointment.

William S. Ackroyd, formerly of the provincial police force, was appointed last night by the police commission to fill the next vacancy on the city police force.

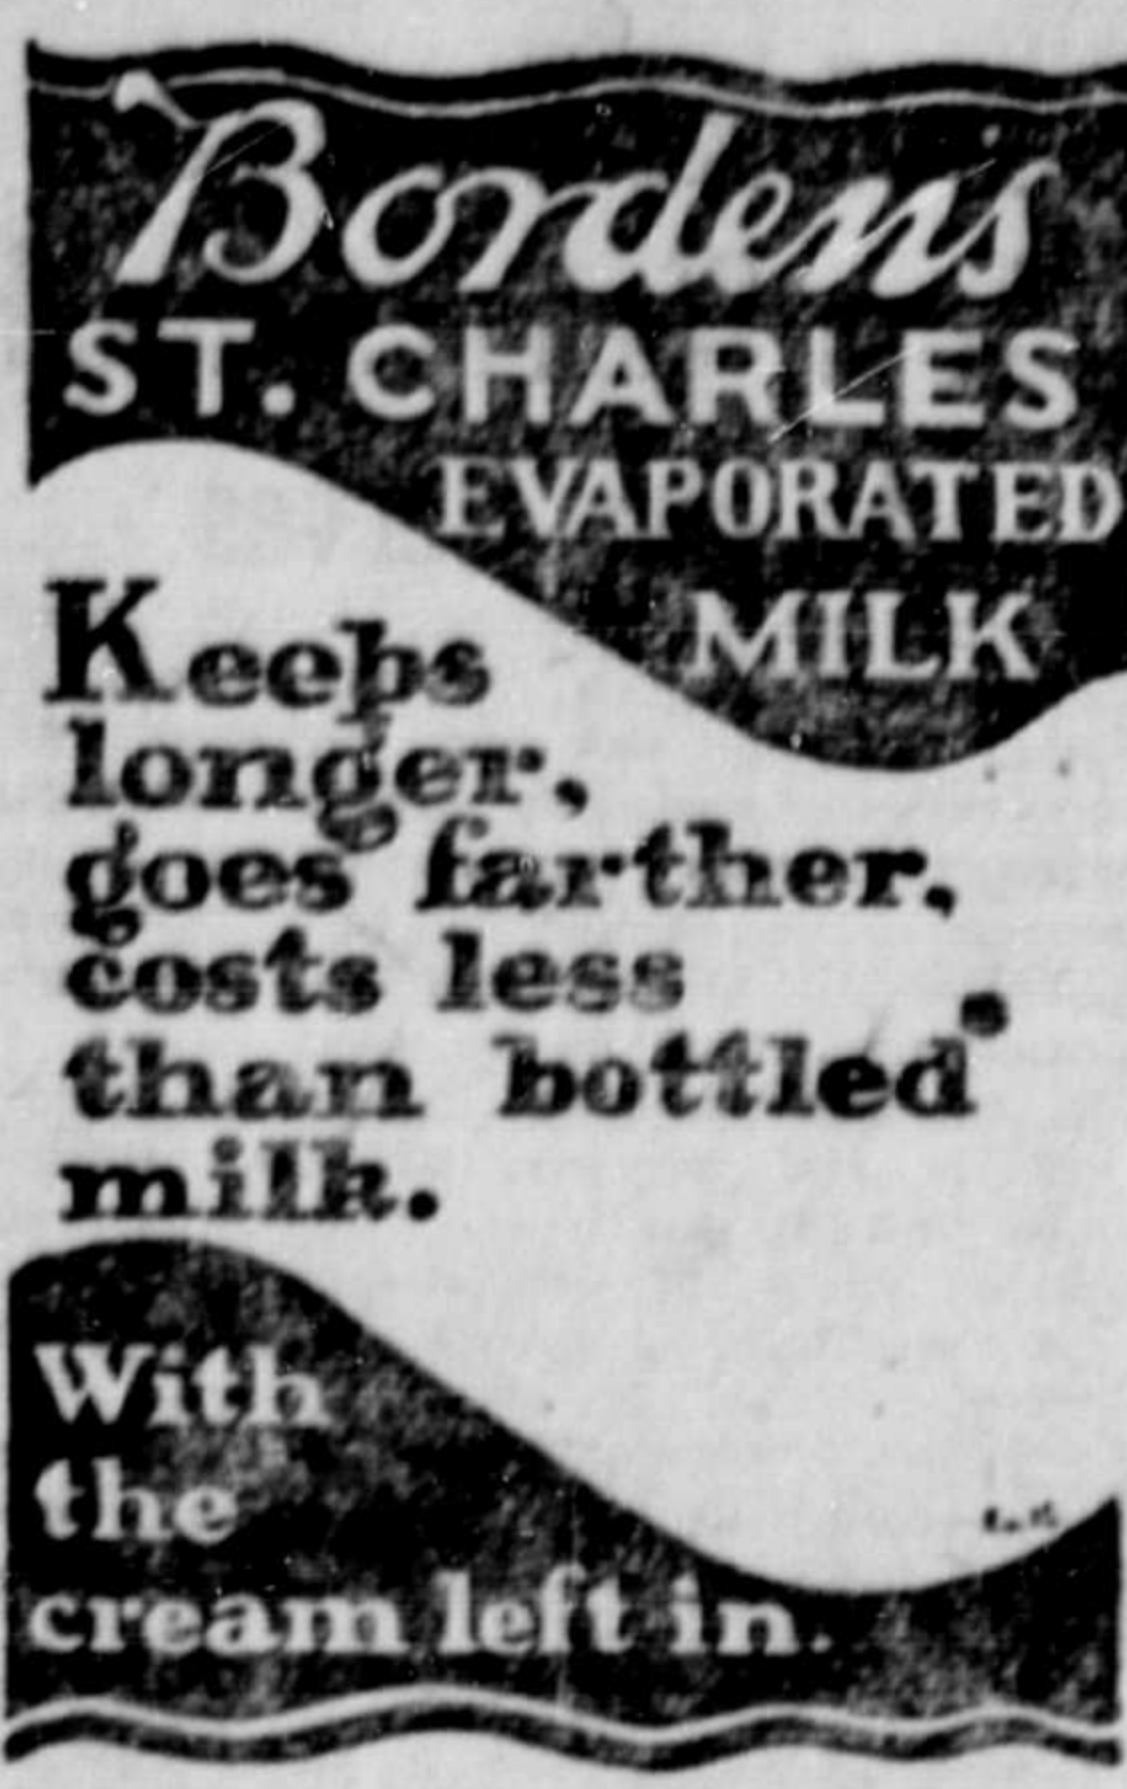

There was a lengthy discussion as to the merits of the applicant in which Mayor Rochester stated that he could not support the appointment.

Defended by Macdonald, Commissioner Myhill Jones said that he was not prepared to turn a man's application down on just talk.

Commissioner Myhill Jones said that a lot of detrimental statements had been made of the applicant but he had been an efficient officer and since his return from the war may have had a rough time.

Guided by Chief. "Well, I know they wouldn't. Vickers does not recommend him and in my opinion two wrongs will never make a right," declared the mayor.

Applications were also received from Detective F. W. Sheldon, Edmonton, F. G. Beale, city, and verbally from George P. Logan.

KILLED GIRL TO SAVE SUFFERING

Man Acquitted when Proved He Shot Her for Humane Purpose

BRUSSELS, March 11.—The question whether one person is guilty of a crime in hastening the death of another who is suffering from a mortal wound has been decided in the negative here in the case of a married man who shot and killed a girl who had attempted to commit suicide.

The man in the case was Jerome Hermans, 32 years old, and the girl was Coline Vandeyck, age 18. They had a love affair and the attempt at suicide resulted.

Second Shot. "Coline ran from the path into a thicket," said Hermans. "I heard a shot and ran after her. She had shot herself in the temple but was still alive. I could not see her suffer and I took her revolver and shot her in the neck. Then she was still and I shot myself."

Hermans recovered from his wound and was in prison for eight months until acquitted. Medical testimony given at the trial was to the effect that the girl's suicidal wound ultimately would have been fatal.

"THE PRINCE CHAP" AT THE WESTHOLME

Story of Sentimental Artist Who Upsets Love Affair by Acquiring a Child.

Thomas Meighen, who was so large a factor recently in the success of "The Miracle Man" and "Male and Female," is the featured player in the picturization of the well known play, "The Prince Chap" to be shown at the Westholme Theatre tonight.

Mr. Meighen is another of those young men who became actors when their fathers advised them to be something else.

In "The Prince Chap," Mr. Meighen is a sentimental artist who upsets his love affair by acquiring a four-year-old child as his ward, but who later achieves happiness.

An account from the Prince Rupert Boat House for launch hire has been returned by the police commission, the charges made being considered exorbitant.

NEVER TRUST FRIEND TO PROPOSE FOR YOU

Don't even trust your best friend to do your proposing for you!

Do that little job yourself or, well, just see "The Beloved Villain" at the Empress, tonight. In this latest comedy-drama the complications of the famous Priscilla, John Alden and Miles Standish situation are re-enacted, this time with a brilliance of wit one expects of a French setting.

As a flirtatious French wife it is said that Miss Hawley has one of the best roles of her career. It is entirely different from either "Miss Hobbs" or "Food for Scandal"—but gives the star plenty of opportunity. The very versatility of the young comedienne makes it a surety that she will be a public favorite long after other less talented stars are forgotten.

Rasmey Wallace, her new leading man, is virile and convincing as Paul Blythe, a young American doctor who is asked by a French friend to propose for him.

When Blythe falls in love with the girl himself the complications come thick and fast, ending with a carnival at Nice which is the last word in brilliancy.

NEVER TRUST FRIEND TO PROPOSE FOR YOU

Don't even trust your best friend to do your proposing for you!

Do that little job yourself or, well, just see "The Beloved Villain" at the Empress, tonight. In this latest comedy-drama the complications of the famous Priscilla, John Alden and Miles Standish situation are re-enacted, this time with a brilliance of wit one expects of a French setting.

As a flirtatious French wife it is said that Miss Hawley has one of the best roles of her career. It is entirely different from either "Miss Hobbs" or "Food for Scandal"—but gives the star plenty of opportunity. The very versatility of the young comedienne makes it a surety that she will be a public favorite long after other less talented stars are forgotten.

Rasmey Wallace, her new leading man, is virile and convincing as Paul Blythe, a young American doctor who is asked by a French friend to propose for him.

When Blythe falls in love with the girl himself the complications come thick and fast, ending with a carnival at Nice which is the last word in brilliancy.

CARIBOO PAPER URGES COUNTER ATTACK UPON CHURCHES OF COUNTRY

STANLEY, B.C., Mar. 11.—The Cariboo Observer carries the report of a Moderation League meeting recently and records the passing of a resolution reminiscent of the wild and woolly west as described by Bret Harte and Mark Twain. Asserting that the prohibition movement is a campaign promoted by "puritanical sectarians" against the liberty of the individual, the resolution urges a counter-attack by developing the idea that church property be not exempt from taxation.

The anti-prohibition forces explain the necessity for aggressive action by declaring that they are in general agreement with the contention of Caesar in his commentaries, "O.K.'d by Napoleon and U. S. Grant," that no position is defensible from which an attack cannot be launched.

CANADIANS ARE IMPOSED UPON

Applications for Collections for Charitable Purposes should be Examined

OTTAWA, March 11.—The annual meeting of the Central Council of the Red Cross Society attended by delegates from all over the Dominion, was presided over by his Excellency the Governor-General of Canada.

One of the subjects discussed was that of providing some means for regulating collections started on behalf of charities.

The Governor-General was of the opinion that some means should be adopted to examine and approve of collections before they are made. Outside countries, his Excellency said, were apt to consider Canada a land of unlimited wealth, and its people of unlimited generosity, the consequence being that were many appeals made which, if thoroughly examined, might not be worthy.

Canadians Very Generous

He commended very highly the generous response which Canada always made to genuine appeals, and described Canadian people as "very generous."

Judge Rimmer of Saskatchewan mentioned two appeals which are being made in the West. One is for "The Soviet Medical Relief" and the other is called the "Lead Pencil Campaign on Behalf of Russian School Children." He said considerable money had been collected by these two movements, but added that both campaigns appeared to have all the earmarks of Soviet propaganda.

Advertising is often expensive, but it is nothing like as expensive as an empty store and idle clerks.

STEWART

Lawrence & Workman have been unable to obtain a franchise for their proposition to supply water, light and power to the town of Stewart owing to the fact that they failed to advertise their intention six weeks before the legislature opened. The only way that they could obtain the franchise this year would be if Stewart were incorporated and they obtained the consent of the citizens.

Mr. and Mrs. Gene Bartholf have returned to Stewart after spending the winter at Auburn, Washington. Mr. Bartholf intends to do considerable development work on his claims up the Salmon River this summer.

The Stewart school was closed for a week recently when the teacher, Miss Thompson, was suffering from grippe.

A dance will be held by the Stewart Citizens' Association on St. Patrick's Day to assist the fire department.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is in trouble. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. H. Ryan, Sand Point, N. S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on my second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. Adv.

WIRELESS TELEPHONE WITH THE ARGENTINE

Big Station to be Erected at Buenos Aires

BUENOS AIRES, March 11.—Wireless telephone communication between Buenos Aires and Paris is a promise of the not distant future. The government has granted a concession to the General Wireless Telegraph Company of Paris to construct on the Argentine coast a powerful radio-telegraph and radio-telephone station to communicate with France and other European countries. The company, it is stated, expects to establish telephone connection with Paris by a system of continuous waves of 800 kilowatt power and over.

The duration of the concession is for 30 years. It authorizes the company to carry on experiments in long-distance radio-telephony and if at the end of three years the experiments are considered by the Argentine government satisfactory, the concession will be extended to permit commercial exploitation of wireless telephone as well as telegraph communication. Three plants are to be erected according to the plans.

MANY MARRIED MEN ENGLISH UNIVERSITY

Wives Live in Cambridge along with Their Undergraduate Husbands

CAMBRIDGE, Eng., Mar. 11.—Married men have become quite numerous among the undergraduates at Oxford and Cambridge Universities since the war. Prior to that time they were practically unknown in the student bodies of those universities. Some of them bring their wives and children to the university towns to live. One of the proctors here who was unaware of this unusual situation was so astonished recently when he saw an undergraduate pushing a carriage containing a baby that he demanded an explanation. The student told him that the child was his and that his wife was living in Cambridge. Inquiry has since brought out the fact that there are a number of married men in the Cambridge University.
