Rix was the clergyman in charge at the church service and the graveside and he was assisted by Rural Dean W. F. Rushton.

Viewed Remains

The body lay in state at St. Andrew's Church from 11 o'clock this morning until the service and many friends passed to view the remains for the last time. The Anglican choir was in attendance and sang the hymns, "Fight the Good Fight," "There is a Happy Land," and "We Thank Thee Now, Our God."

The pallbearers, who comprised men of the Masonic Order of which Mr. McCullagh was a member, were: Captain E. McCosker, Harry Birch, W. G. Orchard, H. Pattinson, Captain C. B. Foranby and J. M. **Miss Laut Sees
 Wonderful Things.**

Visitors often see more of our country than we do. They see its possibilities and perhaps have a better basis of comparison than people who are on the ground. Miss Agnes C. Laut, the well known writer, has in MacLain's Magazine an article on the National Railway in which she speaks appreciatively of this part of the country. She says: "When Canadian oil reaches the shipping point it means Edmonton a second Pittsburg, Vancouver a second San Francisco, Prince Rupert a second Seattle, Terrace, British Columbia, a second Spokane." She also mentions that Prince George will become a second Butte or Helena, humming with mining and lumbering and pulp activity. "These things have materialized in the United States in the last twenty years and they will as inevitably materialize in Canada."

**Inside Passage
 To Vancouver.**

Miss Laut says of the scenery: "Take the Inside Passage Way down from Prince Rupert to Vancouver and American points. As a scenic route, it is the most beautiful thing in the world. There is nothing in Norway to approach it in beauty. I shall not try to describe that beauty. I shall do it elsewhere in another place. There is nothing in the East Coast or the West Coast of America to approach that beauty. It is a sea calm as a mill pond, with a Rocky Mountain panorama of moving pictures in color on both sides. It is a Grand Canyon of Colorado with the sea between."

I suppose you know that the Grand Canyon of the Colorado is what has made tourist traffic the great source of income to the Santa Fe. Well, here is a Grand Canyon for two days and a night with a sea calm as a mill pond! Do you know how many steamships our Nationals have for tourists? Two! They could fill twenty to the roof.

"I was told the rains would fall on me so continuously in this region that I would begin to sprout shoulder feathers like a duck, or fins like a fish. I was on this coast for fourteen days in the transition period from summer to autumn, when the rains are supposed to deluge your soul with gray blankets of mist and depression. There was exactly one shower and it was at night. I suppose people who hope for the very worst, will say that was a Satanic pre-arrangement to delude me."

"Well, I was deluded. I was deluded into thinking it the most beautiful coastal trip in the world; and I know the coastal trips of America from Labrador to Vera Cruz, and from California to Alaska. There is nothing else like it in the world. It is warm in winter and cool in summer, and beautiful as a dream; and our Nationals have exactly two steamers to handle the tourist traffic."

**Benefit for
 Local Lad.**

There is to be a benefit concert on Monday for a local lad who lost a hand through the bursting of a firecracker at the last Dominion Day celebration. The committee having in charge the work of putting on this public benefit points out that they are acting in purely a gratuitous manner. An action was commenced against the city and the Sons of Canada and several individual members of the celebration committee. The defendants found that there had been no carelessness on the part of any of the defendants and denied all liability. The action was discontinued and a committee was formed to take up a public subscription for the lad. It is proposed to raise as large a sum as possible to be paid to a trustee to provide for the education of the boy and to, as far as possible, compensate him for the loss sustained. The city has undertaken to put up dollar for dollar with the committee, not to exceed \$1,000.

It is unfortunate that accidents of this description should occur from time to time. Public spirited citizens who have celebrations of this kind in hand from year to year feel that parents should co-operate to prevent the use of dangerous firecrackers. Those who celebrate Dominion Day should, however, be liberal on this occasion and see that the lad gets such help as will do away with the handicap under which he lives.

**FINE CONCERT
 LAST EVENING**

May Day Performance by Presbyter-
 terian Sunday School Children
 Pretty Affair.

The May Day concert put on by the Ladies' Aid of the Presbyterian Church in aid of the building fund last evening was one of the prettiest affairs seen in the city in many a day. The talent for the event was selected from the children of the Presbyterian Sunday School augmented with members of Mrs. Crowe's dancing classes. All reflected the excellent training and natural ability that must have been necessary to produce such a pleasing result as was attained. The entertainment was successful in every way and the Empress Theatre was filled with an audience that showed the full appreciation that it felt for the quality of the various numbers given. No small credit is due to the management of Mrs. R. W. Grieve who was assisted by E. Teng, conductor, Mrs. T. M. Spencer, Miss Lily Scott, Miss Jessie Scott and A. M. Bremner. Thomas McGlymont was the chairman and in the course of his opening remarks traced the history of the May Day festivities from the ancient times of the Romans up to the present day.

Crowning of Queen.
 The opening number was the chorus "Crowning of the May Queen" by a group of the girls of the school during which the May Queen, Miss Helen Morrison, followed by her maids, processioned up the aisle of the theatre through a guard of honor made up of boys of the Naval Brigade. The girls, indeed, presented a pleasing appearance in their white dresses bearing profuse bouquets. The formal ceremony of crowning the Queen of the May took place on the stage. The maids who assisted Miss Morrison were Misses Dorothy McDonald, Kathleen Stork, Dorothy Stephen, Helen McRae, Doris Candow and Lois McRae.

Drill Numbers.
 The Twining of the Maypole, a well carried out drill, followed and then a splendid chorus "Farmer Lads" sung by six small boys of the school. Another drill, which did great credit to the trainers, was the Searf Drill which, though long and intricate, was presented without a single slip. The group consisted of about twenty girls who went through the weaving and streaming of the red, white and blue scarfs producing effects that were pleasing indeed. The song and dance by the little fairies was pretty and well rendered. Miss Helen McLeod was queen of the Fairies and her maids were Misses Jean Wilson and Marguerite Manson. They were assisted by a number of little girls who sang and danced daintily.

Dancing and Singing.
 The Sisineffa Dance by Miss Margaret Acland and the Spring Dance by Miss Jean Grieve were alike intricate and precisely performed. The Russian Dance by Misses Lorna McLaren, Grace Ackroyd and Norma Rogers was pleasing as well. Misses Enid and Claire Williams sang the duet "My Fairyland" in a winning manner and responded to an encore with "Pussy Willows." Miss Kathleen Grant sang the solo "A May Morning" and was excellently received, responding to an encore with "I Love You." The rendition of selections by Mrs. Bryant's Hawaiian Quintette consisting of Mrs. Bryant, Miss Blanche Curtin, Douglas Stork, Alex. Rix and Sydney Bazzett-Jones was another charming feature of the program. The accompanists for the evening were Miss Senkler, Mrs. J. A. Hinton, Mrs. W. E. Williams and H. A. Pryce.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 3 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson. The height is in feet and tenths of feet above the average level of lower low water.

1 Pill a Laxative, 2 Pills a Cathartic, 3 Pills a Purgative, This is the Way Millburn's Laxa-Liver Pills Work.

You will never use any of the old griping, nauseating sickening, purging pills, containing as they do calomel and other drastic mineral ingredients, once you use Millburn's Laxa-Liver, a pill that is purely vegetable.

Owing to the great care used in producing the highest grade of drugs from which they are manufactured, they are as near perfect as it is possible to get a laxative remedy.

They work gently and effectively, without a cramp or pain. If you are troubled with constipation, indigestion, driven to distraction with sick headaches, if your tongue is coated, your breath bad, your complexion muddy, your eyes yellow, have floating specks before the eyes, jaundice, itching, bleeding or protruding piles, stir up your sluggish liver with a few doses of Millburn's Laxa-Liver Pills.

Mrs. Roy Mackie, Orinda, Ont., writes:-- "I desire to express my thanks for the relief I have had by using Millburn's Laxa-Liver Pills. I had been suffering for some time from constipation and had headaches. I tried all sorts of cures, which did me no good, until I was advised to try your pills. I got great relief after taking only a few doses."

WHAT TO DO -- HOW TO DO IT.

Measuring Ice.

YOU can't weigh ice as you would meat, but you can find out how much it weighs in the following manner:--Take a tape measure and measure its length, breadth and thickness. With these three dimensions compute its cubic measure and divide by thirty. The result is its weight.

You cannot, of course, get the exact amount, but you can find out about how much you are short weighted every day. That is--Suppose that today you had a piece of ice that measures 8 by 18, or 288 cubic inches. Divided by thirty you will find that your ice weighs a bit over twenty-five pounds, while you may be paying for thirty pounds.

Clean Brown Leather Bag.

Brown leather bags may be cleaned by rubbing on a thick lather of pure white soap. Apply it with a sponge, rub hard, let it remain on a few minutes, then wipe dry with flannel cloth and polish with vaseline; rub this in with bare hand; rub very hard; don't use too much and wipe off well and your bag will look nice.

Destroys Silver Fish (Bug).

To destroy these silver fish cover bits of cardboard with boiled starch paste poisoned with arsenic and lay them on the book shelves, behind mantels, in bottom of drawers, &c. But of course take great care that this paste is not within reach of children or pets. Or dust bookshelves liberally with common Persian insect powder of pyrethrum.

Fireless Cooker.

A homemade fireless cooker will prove very useful. Use a large wooden butter-pail. For packing to hold the heat, use fine, dry sawdust. Hot bricks may be used instead of "soap stone." A closely covered lard pail is used to hold the food. Be sure the top of pail is covered also. The more closely covered the inside and outside pails, and the thicker the padding of sawdust, the more satisfactory your cooker will be. You can cook all kinds of vegetables that need to be boiled, also meats, steamed pudding and steamed breads, and you will notice that the flavor will be much better. Before putting your fireless cooker together the food must be boiling hot; kettles must be filled so as to leave no air spaces. The "bricks" or "soap stone" must be very hot.

Cleans Silver.

Many kinds of silver polish are injurious to the silver. Buy whiting, moisten with water or ammonia, and you will have an excellent paste for cleaning sil-

Leg that Wouldn't Heal

"Ever since a boy of fourteen," writes Mr. John Redmond, of West Frampton, Que. "I had trouble with a bad leg. I used many remedies. Though some appeared to heal the ulcer for a while, it always broke out again as bad as ever. This last time I suffered continuously for nine years, and the old remedies had absolutely no effect.

"The limb was in an awful state when someone advised me to get Zam-Buk right away. I had only used this herbal healer a few days when I began to see great improvement. So I continued the treatment, for even Zam-Buk needed time to have complete effect. However, I am glad to tell you that it was only by the aid of Zam-Buk that the leg was eventually thoroughly healed. Never a sign of the ulcer since."

NEW THEATRE IS PLANNED

Prince Rupert Amusement Announces Plans for Biggest Showhouse in City

WILL ALSO CONTAIN STORES AND OFFICES

Before the departure of Mitchell Albert for the south yesterday afternoon, the Prince Rupert Amusement Co., of which he is a director, announced their intention of erecting on Third Avenue a new and large theatre in a central location. The proposed building will of three storeys and will contain besides the theatre, with a capacity of from 1000 to 1200 persons, accommodation for stores and offices.

The building will be built of reinforced concrete and will be of fireproof construction. The theatre will be on the main floor on the street level and the interior will be finished in marble and tile. The stage will be the largest one in the city and will be thoroughly equipped for the production of both legitimate performances and motion pictures.

BOSTONIANS A GREAT HIT

Vaudeville Hour Given at West-home Last Night Greatly Enjoyed.

The Bostonian Brevities made a great hit last night at their opening at the Westhome. They are a fine little troupe of entertainers and reflect great credit on their trainer, Mrs. Lang, who is in charge of them.

Possibly the feature of the evening and at any rate the most popular was the song and dance by Billie Dooley, the little Irish-Canadian girl, who immediately captured the audience. She has the making of a first class vaudeville entertainer.

Joe Cooper sang well the new vaudeville medley hit "I know Where the Flies Go," which everybody is humming today and which patrons of the theatre hope he will sing again tonight. Joe has a pretty good voice and has a stage manner that carries him along well and he dances a little.

Dorothy Pomfret, soprano, sings well. She has a fine voice which will develop. She also has a charming appearance which carries a girl a long way in vaudeville. Nellie Pomfret sings with her and in other parts. She has a powerful contralto or mezzo soprano voice and does

INCREASE Most Likely

It is interesting to note the contents of a recent letter from our London Diamond cutter. He writes: "The scarcity, together with the cost of production and marketing of fine diamonds, mean only one thing: that prices will tend to increase rather than decrease."

 Anyox; Alice Arm Represented

ANYOX, May 4.—The Elks held a fine smoker in Recreation Hall on Friday last when something like three hundred people attended. The sports committee of the Elks had charge of the event and great credit is due Cecil Parmiter, chairman of the committee, for the able manner in which the affair was arranged. Charles Wing presided and Pat Ryan refereed the boxing bouts. Mr. Bailion had charge of the musical end and Barney Buck looked after the refreshments.

The boxers showed up well and some real classy bouts were pulled off. The chief event was between Jim Ferguson and Duke Hillbert and was keenly contested. Other bouts were:

B. J. Fitzpatrick vs. B. S. Fitzpatrick, brothers,
 Jack Sherman vs. A. Andrews,
 C. Salmon vs. Paul Armour,
 O. Hutchings vs. J. Trumbull,
 Cy. Greenwell vs. Billy Welsh.

Other Events
 The songs given by Jim Thompson and Harry Chapman were very much enjoyed, while the duets by Messrs. Owens and Evans made a great hit. Joe Parker's violin solo was one of the most enjoyable features and the recitations of Sam Down, George Kinrade and George Burdell caused peals of laughter. Red Pierce was at the piano.

A number of visitors came in from Alice Arm led by the member for the district, Bert Kergin. The latter, on invitation of the chairman, spoke a few words. There was a big spread after the concert and this closed one of the most enjoyable evenings ever held here.

First Football Game May 10 and Baseball Opens May 16 with League Games

ANYOX, May 4.—At a meeting of the baseball league held Sunday evening in the Library the schedule of games for the season was drawn up, the first game to be played May 16 between the Elks and the Smelter. Judging from the pep shown at the meeting, this should be a good season for baseball. There are a number of new players in town and a strong local team should be able to hold its own against outside aggregations.

A football schedule has been drawn up with three teams in the league, the Smelter, Mine and Elks. The games start on Tuesday of next week, May 10, when the eleven from the mine play the Smelter.

The work on the new bleachers is completed and is a credit to the place. The boys are now starting to erect a dressing room.

The Gun Club held a shoot Sunday afternoon. Mr. Munro was high with 22 birds out of 25.

Next Monday a smoker, which will consist mainly of boxing bouts, will be put on in the Empress Theatre in aid of the fund to raise money to pay off the claim of the Jackson family arising out of the Dominion Day celebration last summer when their small son had his fingers blown off by an exploding fire cracker. An excellent program of contests is being arranged.

Interest in lacrosse is reviving in the south and it is likely that New Westminster will muster a team before long to compete with Vancouver for the Minto Cup which the Burrard Inlet city now holds. A challenge has also been sent out by the Montreal Shamrocks for the cup. Newsy Lalonde has offered to bring out half a team to play on the Pacific coast this season.

On June 2 the International Olympic committee will meet at Lausanne, France, to select the city where the 1924 Olympic games will be held. Paris is making a strong bid to have the big meet held in that city and will give a free grant of a site for the stadium. There is a feeling, however, that on account of the last meet having been at Antwerp the 1924 gathering should go to some more distant point than Paris.

The personnel of the Scottish all-star football team which will tour Canada and in the course of the tour visit this city on June 25 will be as follows, according to the official announcement of the Glasgow authorities: J. Brownie, J. McAndrew, J. H. Galt, Frank Walker and probably Robert Orr, of Third Lanark; J. A. Gordon, Dumferline and Rangers; Andrew Wilson, Dumferline; Scott Duncan, Gowden Leath; James McMenemy, Partick Thistle; Alex Bennett, Albion Rovers; Craig Brown, Motherwell; W. Rankin, Motherwell; P. Grossan and R. Birrell, Hearts of Midlothian; Alex. McNair, Celtic; Davey Taylor, Burnley; John Marshall, Middleborough.
