STATEMENTS OF PRIVATE STOCKS ALCOHOLIC BEVERAGES ARE DEMANDED

British Coal Miners Rejected Owners' Offer of Settlement In General Vote Just Taken

LONDON, June 17.—The ballot of the coal miners on the question of a settlement of the strike, which has now been on for nearly three months, favors a continuance of the coal strike, according to an official announcement of the result that was made this afternoon. The vote stood 183,827 for acceptance of the mine owners' terms and 432,511 for rejection. The announcement of the result has cast still further gloom over the industrial interests of Great Britain. The country is now about to face times, with the continuation of the strike, that will be unprecedented in history. The owners had been confidently expecting a favorable response to their terms and an early resumption of work.

Pillage and Destruction is Still Continuing in Heart Of Ireland's Capital City

DUBLIN, June 17.—Disturbances with murder and rapine are becoming more numerous in Ireland and they are increasing in the magnitude of destruction and pillage. The warfare has again broken out in the heart of Dublin city.

One man was killed and another wounded for giving evidence in court proceedings. Two men were sentenced to ten and fifteen years' imprisonment for having ammunition in their possession.

The government forces are making a cleanup and hundreds of suspects have been arrested but only a dozen have been held.

Exploding bombs on the streets of Dublin after the ringing of the curfew terrified the citizens last night. There are no known casualties.

Troops Rounding Up.

Five thousand troops are said to be engaged in a roundup in South Managhan and the Gavin districts but the police profess ignorance of the move.

The large number of disturbances now going on are generally accredited to the efforts that the revolutionaries are making to prevent the visit of the King here next week to open the Ulster parliament. It is thought quite possible now that they may be successful in their efforts in this regard and the proposed visit of the King may have to be called off.

GOVERNMENT ENGINEERS ON INSPECTION TRIP

They are the first men to file Fort Norman leases here who went in by the Pacific route.

They left Vancouver in March and broke trail from Whitehorse to Garmack's Post and through uncharted passes through the Rocky Mountains to Fort Norman. VICTORIA, June 17.—All persons in British Columbia in possession of liquor not purchased from the government must send a statement of its quantity and kind to the Liquor Control Board before July 15, according to an announcement which was made by Liquor Commissioner W. N. Winsby here yesterday. Failure to do so will mean confiscation.

On report being made by the owners, labels will be sent to them which they will be required to affix to their stocks. There will be no house to house census of the liquor supplies by the board but the accounting will be strictly voluntary.

Commissioner Winsby stated that the sales under the Moderation Act were off to a good start but that the operation of the act was being menaced by the attitude certain individuals and companies were maintaining as to their rights to import liquor.

Threatening Letters To Premier Oliver.

Today a dispatch from Victoria tells that Premier Oliver has been threatened in anonymous letters, one even going so far as to suggest death. Although such news is rather sensational, it is not so surprising in the case of "Honest John" as it might be if a similar threat were made to others.

Not Likely They Will Frighten Him.

Evidently some of his enemies are trying a new tack to have the premier alter his policies. They are trying to intimidate him by threats of physical injury but such arguments, compelling as they may seem, are not going to have much effect on a man of his calibre.

North is Coming Into Its Own.

For the past few months every northbound vessel reaching this port has been packed with passengers coming here either to actively participate in mining development of the district or to settle upon the fertile areas open to the agriculturists in the valleys of the interior.

Mr. Breeze has been associated with the North since the earliest days of the rush to the Klondike in the late nineties.

PASSENGER RATES TO DROP AGAIN

WINNIPEG, June 17.—Passenger rates on all Canadian railroads will on July 1 return to what they were prior to Sept. 12, 1920, officials announce here. This will mean that the standard rate of 3.45 cents per mile will prevail on practically all lines.

This reduction will completely wipe out the 20 per cent. increase granted last September by the board of railway commissioners, a temporary order. Regulations at that time were to the effect that a 10 per cent reduction was to go into effect on January 1 and a further 10 per cent reduction on July 1.

In the Letter Box

Police Overtime.

The Editor, Daily News: Regarding the proposed paying of time and a half to the city police force as was reported in the Daily News last Friday, I would like to point out to the law abiding and tax paying public that the city of Prince Rupert is creating a precedent in so doing.

No other policemen in the whole of the Empire are paid overtime as it is ruled to be contrary to authorized police rules and regulations inasmuch as it is an incentive to a police officer, particularly engaged in night duty, to make arrests of the most flimsy character in order to enable them to attend the morning court and be paid overtime.

If this were carried out the citizens would be the sufferers financially and would also suffer from over zealous police supervision which would amount to persecution which differs greatly from prosecution.

Policeman Like Soldier.

A police officer is something like a soldier. He is performing a sworn-in duty whether he be at home, in the street or in the station. He differs from the workman for he receives his fixed salary whether he is on duty or on leave.

The policeman, in addition to being paid an adequate salary with no lost time, is provided with uniform and boots, and other equipment and thus again is ahead of the manual laborer.

From a strictly legal point of view, a police officer is on duty the whole of his time. When he is patrolling the street or in the station he is on active duty. A soldier performing his sworn duty receives no overtime whether in the fighting line or in the police barracks.

No Time Off Either.

In a few of the larger forces in Britain, there is a system of allowing policemen to go off duty early for battalion drill, ambulance and life saving classes and other training. The Prince Rupert force, however, could not get time off for these purposes.

We have a police force consisting of six or seven men including a chief and two sergeants. In comparison, in larger cities it is quite common for one trained sergeant to be in charge of from forty to fifty constables.

This letter is only a smattering but it shows what an imposition it would be on the tax payer and, more particularly, the law abiding citizen if the system of police overtime were effected.

The time used in Pacific Standard, for the 120th Meridian west. It is counted from 9 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

MINERAL RESOURCES NOT YET SCRATCHED

So Said Col. Crabb, Granby Vice-President, Who Visited Here Last Week.

Col. J. T. Crabb, New York, executive vice-president of the Granby Consolidated Mining, Smelter & Power Co., of Anyox, B.C., who was a visitor in Prince Rupert last week, declared that all the mining that had yet been done in British Columbia could not even be described as a scratch on the surface, in view of the widespread and extensive mineral deposits in that wonderful section of Canada. The colonel is enthusiastic regarding possibilities and is convinced that a golden future is vouchsafed the province.

"Copper is not the only mineral in British Columbia," the colonel said; "though it is rich in that mineral, it is quite rich in gold and silver and many other valuable minerals, including iron. If much has been taken out of the province, it is as nothing to what remains. Why, the country has not been scratched. It is very rich minerally. It must become a very rich country. I can only realize that for this Canada of yours there is a wonderful future."

Miss Annie D. Wilson, arrived in the city last evening from Medicine Hat and will spend a few weeks here visiting with Mr. and Mrs. George Wilson, Fourth Avenue West.

NEW HOSPITAL MATRON NAMED

Position Given to Miss Charlotte Black, Formerly of Vancouver—Other Resignations.
Miss Charlotte Black, formerly of Vancouver, but now of Edmonton, was appointed matron of the Prince Rupert General Hospital at the regular monthly meeting of the board held last evening. Miss Black will come to Prince Rupert highly recommended by hospital authorities of the south. She had previously been offered the position here but had refused to accept it, but on being asked to reconsider her decision, a second letter was received stating that she would be willing to come here to take charge on August 1, at a salary of \$125 per month. On motion of D. G. McRae, seconded by Mrs. D. W. Morrissey, she was appointed. Miss Black has just completed a post graduate course at Montreal. There were 22 other applications for the position here. The resignations of Miss M. Hastie, operating room nurse, and Miss M. Gibson were received and accepted and the matter of appointing successors was left in the hands of the House Committee.
Miss P. V. Wall, the present night supervisor, has offered to take over the position of operating room nurse if the salary is made commensurate with that which she is receiving in her present capacity.

LABORATORY WORK WELL UNDER WAY

Matter Taken Up at Meeting of Hospital Board Last Evening.
Dr. J. A. West announced at the meeting of the hospital board last night that work on the installation of the laboratory at the institution was now well under way and today the plumbing would commence.
The matter of securing a technician was referred to by the board and a letter from Dr. R. H. Mullen, professor of bacteriology at the University of B.C. was read. Dr. Mullen was of the opinion that a suitable technician could be obtained for the place at a salary of \$125 per month. The letter was filed and no further action on the matter taken.

ATTRACTIVE BILL ON AT WEST HOLME THEATRE TONIGHT

Shirley Mason, in "Love's Harvest" and the Dempsey-Carpentier Pictures.
"Love's Harvest," starring Miss Shirley Mason, is the attraction which is being offered for the week-end bill at Westholme Theatre. There will be a number of charming costumes worn by this popular actress of the movies in the play tonight. It is interesting to know how Miss Mason selects her costumes. She has a number of little models—manikins which have to try on all her dresses before she wears them herself. That is to say, they try on model dresses—tiny garments that Miss Mason makes herself out of paper and scraps of silk. Every dress that she wears in a picture is chosen after a number of designs have been tried on the dolls. Once a new dress is put on a doll it is never taken off. Thus Miss Mason can set them all out in rows for comparison. This is the way the costumes in "Love's Harvest," as well as all her other plays, are chosen.
Besides this pretty feature film, the Jack Dempsey vs. Bill Brennan heavyweight bout pictures will be shown. This picture consists of five reels and will offer something that boxing fans in Prince Rupert have never before seen at such length. The knockout of Brennan by Dempsey is clearly shown and pictures taken from three cameras show the whole fight in detail.

Whist Drive and Dance Last Night Was Well Attended and Enjoyable.

The winners at whist were Miss E. Davies and Mr. Swanson, the consolation awards going to Mrs. Howard Steen and R. Arthur, Sr., W. M. Brown was master of ceremonies at the dance and Miss Mary Reid was on the door. Arthur's Orchestra provided the music.

DECIDED TO SHINGLE AND PAINT HOSPITAL

Board Last Night Adopted Report House Committee—Not to Exceed \$3,000.
The general hospital is to be shingled and painted this summer at a cost not to exceed \$3,000. This decision was reached at the meeting of the hospital board last night when a recommendation from the house committee to that effect was adopted. The directors were unanimously in favor of going ahead with the work realizing the need. When it has been done it is expected that the building will be much warmer and that the rain will not penetrate through the walls as it has done in the past. It will also lend much to the appearance of the building. The work is to be done by contract and tenders will shortly be called for.

PRINCE RUPERT AND ITS DOGS

There Are Many Good Specimens Here and Kennel Club Might Be Started.

(By Bert Finch)

Besides a large number of mongrels and cross bred dogs, there are to be seen on Prince Rupert streets some high class specimens of canines that could compete with the best anywhere. Why do the owners of these better dogs not get together and form a Kennel Club? An evening show could be held which would be of great interest to the owners and would encourage the breeding of high class animals. The raising of thoroughbreds is also a paying business. One French bull dog which I have noticed in this city is a real top-notch and could beat the best in Vancouver or Seattle or on the prairies. There is also a good representation of Gollies, Airedales, Boston Terriers, Fox Terriers and other breeds.

Better Care Needed.

These dogs should, however, get better care than is at present being given them. They should be specially fed, groomed and, above all, should not be kept tied up. A dog can do almost anything a man can do and is the most intelligent pet we have. He is also a good friend to man and all that he looks for is a kind word or a gentle pat. He would lay down his life for his master. It is a strange but true fact that a man who does not like a dog generally does not like children and often hates himself. If a dog grows at a man you may be sure that there is something wrong with that man and the dog knows it.

A. Greenwood, the manager for A. P. Slade & Co., here, is a well-known dog fancier, judge and breeder and is an authority on matters concerning them. I shall be glad to give advice, or visit any dog owners in this city while I am here regarding breeding, or sickness or exhibition of animals, and can be reached through the Daily News office. Possibly if time permits I will give the readers of the News a few stories regarding dogs and especially on the work they did in the war.

Sport Chat

The bowl shaped wooden arena at Jersey City in which the big battle between Jack Dempsey and Georges Carpentier for the world's heavyweight boxing championship will be staged on July 2, will be finished next Tuesday. It will seat sixty thousand people and will cost approximately \$250,000. More than two million feet of lumber have been used. The ring side seats will be about on the level with the ring, and if anything, a little lower. These seats cost \$50. The next row of seats will cost \$25 and many persons consider that in these the best view of the fight will be obtainable for they are raised above the level of the ring. Four Prince Rupert people will sit in these seats at the big arena. Ben Self will be with Jimmie Melville, formerly of Prince Rupert and now of New York, in the ring side. Joe Garon and Gillis Royer will be in the \$25 seats. Fred Stephens had not purchased his seat when he left a couple of weeks ago but he will be sure to be somewhere on hand if only to say he was at the fight when he returns home.

The open golf tournament at Fontainebleau, France, is now on and the first games were played yesterday. English players are again to the fore in the opening games and from all appearances they are going to make just such good records as they did recently at Glencolles and Hoylake. Miss Joyce Wethered, the English player, yesterday eliminated Miss Alex Stirling, of Atlanta, Georgia, the American woman golf champion by 5 up and 2 to play. Miss Cecil Leitch, the British champion, eliminated Miss Molly Griffith, another English golfer, by 4 up in the fifth round.

The Callies' lineup for the Dominion football cup elimination game tonight with the sons of Canada will be as follows: Martin; Kinghorn and Williseroft; Currie, Murray and Abbott; J. M. Campbell, J. Campbell, B. Hay, George Sellars and Thomas Black; reserves, D. Wiggins and J. Boote.

DOUBLEHEADER GAME IN JUNIOR LEAGUE

Tiny Tims Scored One Victory and Suffered One Defeat Last Night.

There was a Junior Baseball League doubleheader played at the Acropolis Hill last night. The Tiny Tims, playing in both games, won the first from the Dry Dock by a score of 13 to 0, but lost the second to the King Edwards to the tune of 10 to 9. The latter game was an especially good one and proved very interesting. The batteries for the Tiny Tims were: Chester Clapp, pitcher, and Jack Kelly, catcher. They put up good play and worked nearly twelve innings between the two games. The battery for the Dry Dock comprised G. Blythe, pitcher, and J. Galbraith, catcher, and for the King Edwards, A. Mitchell and G. Edgar. G. Laporte was the referee.

Harry Lipsell has donated two baseballs and a fielder's mit to the junior leagues. The two balls were last night presented to the winners of the two games. The Junior League standing to date follows:

	W.	L.	Pct.
King Edwards	2	0	1000
Tiny Tims	2	1	666
Dry Docks	0	3	000

PRINCE GEORGE IS HAVING TROUBLE IN HOSPITAL AFFAIRS

Mass Meeting This Week Disapproves of Board's Action—Ask that it Be Reversed.

PRINCE GEORGE, June 17.—Hospital matters are the topic of general discussion around this city at the present time. Recently the hospital board decided to reduce the staff of the hospital from four to three nurses and one nurse, Miss Gagne, was let out. On account of charges of extravagance that were made by members of the board, the matron, Miss Gray, resigned.

The action of the board resulted in a mass meeting of representative citizens which was held at the first of the week in the Hills-Kifer Hall. Two hundred were in attendance and a resolution was passed, disapproving of the board's action in reducing the staff and asking that the service of Miss Gray and Miss Gagne be retained.

FINAL MEETING MUSICAL CLUB LAST EVENING

Concert Scheduled for Spring has Been Postponed Until Fall.

The closing meeting in the season's study series of the Ladies' Musical Club was held last evening at the home of Mrs. P. G. Groves, Emmerson Place.

A splendid paper on the life of Brahms was read by Mrs. G. L. Monroe, and Mrs. W. E. Williams sang the pretty song by this composer, "The Little Dustman." One of Brahms Hungarian Dances was played as a duet by Mrs. Williams and Miss Way.

Mrs. George Bryant gave a very interesting paper on Liszt which was followed by a piano duet of this gifted composer's by Miss Way and Mrs. Williams.

Owing to the illness of the president of the club, the concert planned for the closing of the season will not take place until fall. At this concert there will be a special program of instrumental and vocal music with two pianos and a ladies' quartette taking part.

ITALY LOST FROM STRIKES

Largest Number of Strikes During 1920 in History.

ROME, June 16.—Italy lost 55,000,000 days of work last year because of strikes, according to figures just published by the Ministry of Labor. This figure includes labor disorders of every kind—wage disputes, loss occasioned by the occupation of the factories by workmen from last July to September and disorders in the farming districts.

Wage disputes caused the major part of the loss, with 16,500,000 days. The Communist agitations of last year when the factories were occupied are calculated to have resulted in 10,000,000 lost days. Political strikes and other suspensions not included in the other classes are said to have lost 15,500,000 days.

The textile workers engaged in 212 strikes, the largest number in any trade, throwing out of work nearly 150,000 workmen. The most costly dispute was that of the transportation workers who had 137 strikes, affecting 241,359 workmen and losing 2,523,057 days of work.

Without advertisements, this paper would not be as interesting to you, because information about goods for sale in the stores is news—just that.
