Fish Car Shortage Becomes A Political Issue When the Opposition Take Up Cudgels

PRINCE RUPERT, B. C., March 15.—Prince Rupert's fish car situation was a political issue in the House of Commons yesterday when William Duff, Liberal member for Lunenburg, spoke of the ways in which the Government was treating the halibut fishery of Prince Rupert.

Duff spoke of the fact that the people of Rupert were being forced to handle the fish and as a result some of the fish were being forced to discharge their catches at American ports.

WILLIAM DUFF, Liberal Member for Lunenburg, who airs Prince Rupert's fish car grievance on the floor of the House of Commons at Ottawa.

Duff was here last year with Mackenzie King and Ernest Brown, the Liberal leaders, who were in the course of their tour through the west. He is an eloquent speaker, but he is not a politician representing a fish community on the Atlantic coast which a place like this can operate without the backing of a sympathetic government.

LESS TO FISH UNLESS CARS READY

Position Stated Today by Manager of Cold Storage

Johnston, manager of the Fish & Cold Storage Co., this morning if he was any more of his boatmen, remarked that it was difficult to outfit the boats and get them to sea if there were no fish cars. One of the reasons for their deciding to buy the three big steamers was certainly in regard to the fish. This was a loss to the community and threw them out of work.

ANG SLOW ABOUT ONTARIO'S CAPITAL

Decision Decided to Allow All Motor Vehicles to Keep Up Speed.

ONTARIO, March 15.—An attempt was made to introduce a bill into the Ontario Legislature providing that motor vehicles in cities, towns and villages should not travel beyond a certain speed. The House of Commons, however, has little sympathy with the bill and it was defeated without reaching the committee stage.

The bill was expressed that it would be better to educate the public to avoid the fast-moving cars than to slow down.

DECLARES WAR AGAINST JEWS

Anti-Semitic Congress at Vienna Urges Expulsion of Aliens.

VIENNA, March 15.—A worldwide war against Judaism was declared in resolutions passed by the Austrian anti-semitic congress held here. The resolution urges the Government to expel all alien Jews by April 1 or "accept the responsibility and grave consequences."

ALLIED SOLDIERS FREELY FRATERNIZE WITH THE GERMANS

Revelry Holds Sway in Cabarets and Dance Halls at Dusseldorf.

DUSSELDORF, March 15.—Night long revelry in which German civilians, police and allied soldiers freely fraternize, holds sway in Dusseldorf's cabarets, dance halls and wine restaurants. The popping of corks and screeching of jazz continue throughout the night.

ORDERER SPEAKS ON GOVERNMENT OWNERSHIP POLICY

MONTREAL, March 15.—In an address at Ste. Anne de Bellevue, Hon. T. A. Giesler, leader of the farmer party in the Dominion parliament said: "I do not hold with Government meddling in private business which should be handled by private people. There is far too strong an idea in this country that the Government is something of which a handle can be cranked and some benefit obtained. Why not try to make the Government do everything, you simply make a mess of the whole thing."

LOCAL MAN TELLS 'E' ST OF CONDITIONS

Jas. J. Raleigh of This City Visits Home Town, Peterborough, Ont.

Says the Peterborough Evening Examiner of recent date: "Jas. J. Raleigh, a former Peterborough boy, who is home on a flying trip from the West, gave an Examiner representative a few interesting sidelights on business conditions on the coast. Mr. Raleigh is traveling freight agent for the Canadian National and G. T. Railway, and for the G. T. P. Coast S. S. Co., with headquarters at Prince Rupert, B. C., and has affairs of trade under observation most of the time.

The Lumber Market.

Although the West has experienced a period of depression similar to that felt in the East, primarily due to the after-effects of the war, it seems to be the consensus of opinion that, with the opening up of spring things will have returned to an almost normal, pre-war status. Practically all of the western and coast industries have suffered alike from depressed markets, due largely to adverse exchange, the lumber industry in particular, the greater portion of the mills being closed at the present time. Good rough saw lumber, which during the war and after sold for from \$60 to \$70 per thousand, can now be bought at some of the mills on the coast for \$23 per thousand, and, as there are large stocks on hand, and the credit situation is easing up somewhat, the lumber men, who affirm that the domestic market is only about half supplied at the present time, are quite optimistic about the immediate future. In all likelihood, an extensive building program will be carried on throughout the West this year, Winnipeg alone having signified its intention of expending in the neighborhood of \$6,000,000 in this way."

LORNE DOCKED.

The tug Lorne is going into drydock today here for overhaul. The schooner Ambassador, which was here from Chicago Island last week, left on Saturday after being docked here.

This is sufficient milk to furnish the milk supply of 33,406 persons for a day, using the government capita consumption of figures, seven-tenths of a pound per day.

OTTAWA TO VISIT COAST

Champion Hockey Team of East will Play Vancouver or Seattle.

TORONTO, March 15.—Ottawa wins the championship in the eastern hockey league, defeating the St. Patricks last night in a game so close that at the end of the third period there was no score on either side. During the extra period two goals were secured by Ottawa, making the score 2 to 0.

VANCOUVER GETS FIRST ROUND IN HOCKEY PLAY-OFF

VANCOUVER, March 15.—Vancouver won the first game in the play-off series of the Pacific coast hockey for the championship, beating Seattle by the score of 7 to 0.

HAMBORN INCLUDED IN OCCUPIED AREA

Order of Entente Extends Area of Operations in Germany.

DUSSELDORF, March 15.—The town of Hamborn has been included in the area of Germany under occupation by the Allies in an order issued from Entente headquarters yesterday.

MORE KILLING IN FIGHTS IN CORK

CORK, March 15.—Several crown officers wearing citizens' clothing were held up at Crosshaven and in a flight two men were killed.

BREAKS ALL RECORDS.

Segis Pietertje Prospect, who has broken all records by producing 27,381.4 pounds of milk and 1,448.68 pounds of butter in 365 days, thus establishing a new "world's record" 4,000 pounds greater than the former one. This is sufficient milk to furnish the milk supply of 33,406 persons for a day, using the government capita consumption of figures, seven-tenths of a pound per day.

Attorney General Deals With Liquor Amendments; To Stock Special Brands

VICTORIA, March 15.—Discussing his amendments in committee yesterday afternoon, Attorney-General Farris said that the restricting of a person to ten purchases of liquor in a year, it was believed, would check the purchase by irresponsibles who might purchase for others who were not entitled to buy.

An amendment was passed limiting the non-resident permits to two weeks instead of thirty days as provided in the original bill.

The word package was redefined as any receiptable. The thousand dollar license on the importer, Mr. Farris explained, would not be necessary if the Dominion Government passes a law granting the sole right of import to the Provincial Government. In the event of the monopoly being granted to the province by the Dominion, the tax of \$2.50 a quart would be dropped.

The Government expressed a willingness to carry a stock of special brands of liquor to suit individual tastes.

P.G.E. an Ill-Conceived and Ill-Fated Enterprise Says Westminster Member

VICTORIA, March 15.—Speaking to the motion for the second reading of the bill to authorize a further loan of \$4,000,000 to carry on the P. G. E. Railway to Prince George, David Whiteside of New Westminster dubbed the system "an ill conceived and ill-fated enterprise" and held that Prince Rupert and not Vancouver or Squamish was the logical tidewater terminus. He suggested stopping construction at Quesnel, the section between the present terminus and Prince George and the building of feeders to existing Federal lines as a measure of developing the north.

Hon. T. D. Pattullo argued that the resources of the north justified a continuation of construction.

The bill was given its second reading.

LOOT RECOVERED DAYLIGHT SAVING FOR TORONTO CITY

Get Back \$200,000 of the Million Taken at Toledo.

TOLEDO, March 15.—Inspectors announce the recovery of \$200,000 of the million dollar loot in the recent Toledo post office robbery.

FIVE LOSE LIVES IN PULLMAN CAR

PUEBLO, Colo., March 15.—Five persons were burned to death when a Pullman car caught fire on the Denver Rio Grande line near here.

AURORA WILL NOT COME TO THE DRY DOCK

Captain Mos says that Vessel will Not be Docked on Pacific Coast

Secretary C. V. EVELL, of the Board of Trade, received the following telegram from Captain Hise, commander of the Canadian Navy, this morning:

"Yours of March 12 received. The Aurora will not be dry-docked before leaving the Pacific Coast."

MODERATION BILL AGAIN

Contentious Clauses Yet to be Considered by Legislature.

VICTORIA, March 15.—The really contentious points in connection with the moderation bill are yet to be considered. Outstanding among these is the proposal to give the right to clubs and hotels to serve beer with meals. Those opposed to the measure argue that granting the privilege would create a condition almost as bad as under the former bar system, whereas those favoring it point to the German and other examples which they claim prove that it would be better than drinking so much hard liquor. The next few days are likely to bring the matter to an issue.

In the committee stage fifteen sections have been dealt with but the majority of them held over.

BOWSER KNOCKS FORESTRY BILL

Says Cumbersome, Monopolistic Legislation Giving Too Much Power to Minister.

VICTORIA, March 15.—W. J. Bowser claimed the bill to amend the Forestry Act to be cumbersome, monopolistic legislation, when discussing it on its second reading. He declared that under the proposed measure the minister was given far too much power and by elimination of restrictions under which former leases were issued, the speculation in timber licenses will flourish.

The bill was read a second time.

SEVERAL SMALL FISH BOATS ARE IN TODAY

Car Shortage is On Again so Vessels Hold Over until Tomorrow for Sale

There is only one car in the yards today, so several small boats in for this morning's fish sale are holding over until tomorrow, three more cars being due to arrive this evening.

The following are the boats offering today:

Myrtle, 6,000 pounds; Chumcellor, 10,000 pounds; Baltic, 15,000 pounds; Alliance No. 1, 16,000 pounds; Teddy J., 11,000 pounds; Gull bird, 3,000 pounds; Hanaco, 2,000 pounds; M. M. Christopher, 23,000 pounds; and Ncha, 4,000 pounds.

Hon. T. D. Pattullo has been made an honorary president of the Albion Cricket Club of Victoria.

Liquor Legislation Rather Confusing.

The liquor legislation which is before the House is rather confusing. The amendments to the bill will have the effect of changing its meaning somewhat.

The success or failure of the measure depends to a very large extent on whether the Dominion Governments grants a monopoly to the province. Without that, it will be found almost impossible to enforce the law as to make it workable.

Anyone who prophesies is always on dangerous ground, but we venture a prediction that within a very few years the people of British Columbia will have become tired of their whiskey debauch and will be only too glad to revert once more to prohibition such as obtained here during the war when the right to import was withheld.

Different Points of View in Life.

The human mind is a most wonderful thing. It is influenced in all sorts of ways. Right and wrong are to a very large extent points of view. The mind becomes obsessed with an idea and everything that interferes with the working out of that idea is wrong.

Wilhelm Hohenzollern seems to be firmly convinced that he was in the right in connection with the late war and that all the attempts to curb his wild ambitions were simply wicked machinations of his enemies. He wanted peace, but it was a peace which was to be dominated by the head of the Hohenzollerns.

Want Power and Industries.

There are two things necessary to the progress of Prince Rupert. They are power and industries. To a very large extent industries are dependent on power but not in every case. Power is necessary in order to induce industries to come, but any industry should be encouraged, whether it requires power or not.

PRINCE RUPERT TIDES

Tuesday, March 15.

High, 4:44 a.m., 19.7 feet. 17:44 p.m., 16.7 feet. Low, 11:24 a.m., 5.5 feet. 23:19 p.m., 8.1 feet.

Wednesday, March 16.

High, 5:10 a.m., 19 feet. 18:55 p.m., 16.1 feet. Low, 12:27 p.m., 6 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 percent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

AMERICAN WOULD ROW THE BRITISH WINNERS

Proposal for Oxford or Cambridge to Cross Atlantic to Meet Cornell

NEW YORK, Mar. 15.—Both Cornell University and the Inter-Collegiate Rowing Association have extended invitations to the winner of the Oxford-Cambridge regatta, to be held on the Thames, England, on March 30, for either eight to cross the Atlantic and row here. A race between Cornell and one of the English eights should prove to be an extremely interesting international contest, staged at Ithaca. Could the winner of the English 'Varsity regatta be persuaded to compete at Poughkeepsie the Hudson River races would take on world-wide importance.

THE SOLID NORTH

Members Forcing Their Districts Upon Attention of Legislature

The B.C. Veterans' Weekly in a recent number pays a compliment to the northern members of the Legislature. It says: "The members of the government's 'Solid North' are making a name for themselves. Representing, as they do, fully one-half of the province, the representatives for Atlin, Prince Rupert, Omineca, Fort George and Cariboo are slowly forcing their districts upon the attention of the legislature. This promises to direct more the attention of labor and capital to the tremendous storehouse of wealth contained in the northern half of British Columbia, and to result in unprecedented development."

MOORISH STYLE OF DRESS IS LATEST

PARIS, Mar. 15.—If the fashionable women of Paris adopt the Moorish style of dress, which is dominant in the new spring vogues now being shown by the dressmakers here, they will be seen hiding their hair under turbans and learning to walk with a swaying motion of the hips, says the Daily Mail. The Oriental note shows itself not only in the brightly colored turbans and in scarfs and sashes, but also in the use of sequins as ornaments for evening gowns. Artificial flowers of gaudy color and great size are favorite trimmings. A single bloom worn on the left hip, or a loose garland hung around the body some inches below the waistline, enhances the Oriental style.

Pyorrhea not only affects the heart and kidneys (as

singer, sing on this occasion.

Take Care
of
That Cough

Some people get a nasty cough and don't
pay much attention to it, saying, "Oh, it
will wear away in a short time." But while
it may wear off, serious injury may have
been done to the lungs, and respiratory
organs by the prolonged, harsh, racking
coughing.
On the first sign of a cough or cold get
a bottle of Dr. Wood's Norway Pine Syrup.
It will stop that nasty, troublesome cough,
ease the tightness across the chest, and
loosen the phlegm.
Mrs. Wm. Earnshaw, Apsley, Ontario,
writes:—"Last winter I caught a bad cold,
had a sore throat and a terrible hacking
cough that I could not get rid of. I could
not sleep at night. I tried quite a few
remedies, but they did not do me much
good until I got Dr. Wood's Norway Pine
Syrup. By the time I had taken two
bottles, my cough was all gone. I feel
that "Dr. Wood's" has no equal."
When you get Dr. Wood's Norway Pine
Syrup, you are not experimenting with
new and untried remedies, but one that has
a reputation extending over thirty years.
Put up in a yellow wrapper; three pine
trees the trade mark. Price 35c and 60c.
A bottle, manufactured only by The T.
Sullivan Co., Limited, Toronto, Ont.

Two big attractions, Tom Mix
in "Unlamed" and Joan and
Jacques Muncy in a vaudeville
turn. Prices, matinee 15c and 35c
and evening, 30c and 55c. West-
holme tomorrow.

In lieu of a reduction in their
light rates at the Exhibition Hall
the city council, on the recom-
mendation of the board of utilities
has made a \$20 grant to the
Prince Rupert Amateur Athletic
Association to apply on the light bill.

On the recommendation of the
board of works, the city council
has decided to demand the return
of 2,344 feet of rails borrowed by
Nick Gorychuk and taken to his coal
mine in Alberta. The rails, it was
pointed out, are needed in the city
at once.

The St. Patrick's Day concert
program is today off the press and
is being distributed to the adver-
tisers around town. A glimpse of
the advertisers' copy will indicate
to what extent the committee has
gone to make this entertainment a
successful and enjoyable one.

Jack Crawford, regular purser
of the Prince Rupert, who has
been on the Prince John since the
wreck last fall, has taken over
the office on the Prince Albert
while the John is on the 'dry' dock.
He is being assisted by Norman
McLeenan, Leslie Jones, of the
Prince John, has gone south on
holidays.

A new regulation under the
Provincial Board of Health pro-
vides that in theatres, dance halls,
skating rinks and all places of
amusement proper sanitary con-
veniences shall be provided for
both sexes with separate ap-
proaches. Notice of this regula-
tion appears this week in the B.
C. Gazette.

Tar and pitch is to be placed
between the two decks on the
Morse Creek bridge according to
the decision of the city council
last night on the recommendation
of the board of works. This will
mean an additional cost of \$150,
which it is felt will be well war-
ranted in the longer life of the
planking which will result.

Letters from Premier Meighen
and C. W. Peck, local member, on
the car shortage situation were
referred to the fisheries committee
of the city council last evening.
Ald. Parker reported a car short-
age at the present time and in-
dications for further shortage in
the next week when the eastern
market would be demanding fish
for Good Friday.

BRINGING UP FATHER

By George McMan

ROCK QUESTION WAS UP AGAIN

Board of Works Opines City Must Own Its Own Quarry.

The street rock question was again discussed at the council meeting last night when Alderman Frizzell rose to ask the board of works what progress was being made in the matter.

Ald. Parker suggested that the city call for tenders for the supplying of the rock privately, while Ald. Perry thought the city's needs should be further advertised with a view to getting more samples of rock.

Ald. Kerr said that both suggestions had been worked out but no one was willing to put in a plant to supply the city on a contract basis. If the city bought a quarry and put in a plant, then the work of bringing the rock to town could be done on the contract basis. In the meantime, the board of works was accepting the freight rates over the railway.

Ald. McNeill felt that the city should own its own quarry if it did not cost too much. Next Monday night the board of works would likely have a report for the council.

LADIES' DELEGATION BEFORE THE COUNCIL

Object Strongly to Taking Away Ladies' Rest Room—Other Quarters Being Provided.

There was an indignant delegation of ladies at last night's council meeting to protest against the taking away of the ladies' rest room in the city hall and giving it to the Board of Trade and the Fair Board for use as offices.

Mrs. Booth, who headed the delegation, stated that the seven ladies present represented 300 women and children in the city. She objected strongly to the taking away of the rest room without providing for another place. It was the only place of its kind in the city and had been a great convenience to the ladies of the town and especially to those from Seal Cove. The aldermen had stated that it was not used but when they made that statement they did not know.

Mayor Rochester replied to the delegation that another place, which would be more convenient, was being secured and would be open in a few days. In the meantime he would interview the officials of the Board of Trade and the Fair Association with a view to allowing the ladies to use the room in the city hall until the other place was ready.

The delegation comprised Mrs. Booth, Mrs. Jacobs, Mrs. E. C. Kirkpatrick, Mrs. Swanson, Mrs. Crate, Mrs. Goodsell and Miss Hudson.

A letter of protest on the subject and letters of thanks from the Board of Trade and the Fair Association were also received and filed.

PROPOSE FORCING SEWER CONNECTION

Board of Works Brings in Report to Compel Compliance.

A recommendation from the board of works to the city council making it compulsory that all house owners on streets where sewers exist be compelled to join up with those sewers on 30 days' notice, was last night laid over for a week.

In speaking to the report, Ald. Kerr, chairman of the board of works, stated that there were 46 houses in the city on sewer lines which were not connected up, three of these on Borden Street and two on Graft Hill. If there were connected up it would save the garbage removal, which was already heavy, and would prove more sanitary.

System Abolished.

Ald. Parker was not in favor of forcing people to connect up with the sewers when the city did not build the laterals to the edges of the lots. Ald. Perry favored the building of the laterals by the city but it was pointed out that this scheme had been dropped some years ago when the charging of sewer rentals had been abolished. Mayor Rochester was also against the forcing of people to connect up with the sewers when the cost of connecting up might run as high as \$400.

W. P. Marchant, inspector of customs, J. E. Millar, inspector of inland revenue, and E. F. Duby, manager of the Prince Rupert Lumber Co., are round trippers to the Queen Charlotte Islands on the Prince Albert which sailed last evening.

W. W. Wrathall has been granted the contract for the supplying of the year's literature to the Civic Reading Room at a cost of \$253.05, a slight reduction from last year.

TORPID LIVER For over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lax, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Lax-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehil, Napanee, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Lax-Liver Pills, and before I had used half of it I was much better. I only used two vials, and am a different person today. I can safely recommend Lax-Liver Pills to any one troubled with liver trouble."

Milburn's Lax-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PRINCE GEORGE

R. A. Renwick, formerly deputy minister of lands, has bought an interest in the Prince George Citizen and will join the local management.

The G.A.V.A. ladies' auxiliary which drove held last Wednesday provided a great success. First prizes went to Mr. and Mrs. Patterson and Mr. and Mrs. Moffatt, while Mrs. Covert, Miss Stubbs, Mr. Norrington and Vic Williams took the consolation awards.

Bitterly cold weather accompanied with cold winds prevailed here last week.

A son was born to Sheriff and Mrs. E. S. Peters last Thursday morning.

J. G. Campbell of the C.N.R. engineering department at Winnipeg, is here visiting his brothers, P. Campbell and A. D. Campbell, whom he has not seen for twenty three years.

WM. HOHENZOLLERN AND NORTHCLIFFE

Campaign of Famous Journalist Much Admired by Former Kaiser

In an article published in the Weekly Dispatch Lady Norah Bentinck gives particulars of her visit to Amerongen when the ex-Kaiser was there. She tells of the ex-Kaiser's admiration for the propaganda carried on during the war under the direction of Lord Northcliffe and the bitterness and personal animosity he showed when speaking of that campaign. She says:

"Talk of the war in all its aspects was never-ending during the ex-Kaiser's stay at Amerongen, and so it is now at Doorn and in his visits to his old host. And when, as often happens, the sudden and dramatic end of the war is discussed, it is always the British propaganda, with its deadly effect on the spirit of resistance of the German people, that he attributes his downfall."

"Ach, diese Propaganda von Northcliffe! Es war ko-loss-ah!" (Oh, that propaganda of Northcliffe! It was colossal!) And after repeating these words to me his aide-de-camp, tapping his brow with his finger-points and screwing up his eyes, ejaculated: "Was fur ein Mensch!" ("What a man!") "If we had had a Northcliffe we could have won the war," he added.

Intense Bitterness
 "I heard this often. And I learned while I was at Amerongen that this, so far as the ex-Kaiser was concerned, was not a willing tribute, but one wrung from him. He regards Lord Northcliffe with intense bitterness and looks on him as his worst and most deadly enemy; he cannot speak of the propaganda without his personal animosity clearly showing itself."

"Captain von Hseemann told me that the power wielded by Lord Northcliffe was a constant source of wonderment to the exile. 'It is incredible! What Lord Northcliffe thinks today England thinks tomorrow,' he says. 'And he is puzzled to know why.'"

EXPLOSION WHILE POLICE SEARCHING HOUSE IN DUBLIN
 Five Policemen Were Wounded and Two Civilians Were Killed.

DUBLIN, March 15.—Five policemen were wounded and two civilians killed in an explosion while the police were searching a house last night.

POOR FISHING SEASON IN NEW BRUNSWICK
 Lobsters Scarce and Smelts Less Numerous than Usual

ST. JOHN, N.B., Mar. 15.—The fisheries of New Brunswick have not been successful this winter as they usually are. An open season is partly to blame for the small size of the take and the decline in the fish market is another important factor.

In the Grand Manan district there has been a decided falling off in the quantity of lobster taken, while the low price of herring has discouraged the fishermen and resulted in a good proportion of them deserting their business. The lobster-feeding grounds are reported to have been abandoned by the long-tailed crustacean.

There is a report from all parts of the northern shores that smelt are less numerous this season than usual. In some places in which they are expected to be present in great quantities hardly any are taken. Their scarcity is attributed to the mild winter which most of the Province has enjoyed.

LOCAL EXAMINATIONS IN MUSIC FOR THE DOMINION OF CANADA.

The annual Local Examinations, Theoretical and Practical, for 1921, will be held, according to locality, in May, June and July.

Several Gold Medals and Silver Medals, also a Partial Scholarship, available within the Conservatory, are awarded annually under conditions as outlined in the Conservatory's Year Book and Annual Syllabus.

The modern character of the Conservatory's Curriculum, and the artistic prestige of the institution's corps of examiners, combine to render these examinations the most sought after and progressive standards of musical education in the Dominion of Canada.

The Conservatory's Syllabus and the Institution's Year Book will be sent to any address on request.

Applications for examinations, which should be addressed to the Registrar, Toronto Conservatory of Music, College Street, Toronto, must reach the Registrar on or before April 23rd next.
