Prisoner Escaped Locking Constable in the City Jail

Arresting Special Constable Manoeur, of the city police, E. Michelson, of Ketchikan, committed for trial on the charge of kidnaping and theft, locked the officer up in the room of the jail at 8:50 on Saturday night, made his escape still at large with a number of officers in pursuit. The incident occurred when Special Constable Manoeur was taking the prisoners up for the night. He had made one cell for himself, asked for a pair of blankets. This drew the officer's attention and when he made a half turn, Michelson jumped him and bolted for the door of the jail. Locking the door behind him with the officer, Michelson made for the window in the constable's cell, opening the window through and made his escape through the front office of the jail.

EIGHT CARS OF HALIBUT TODAY

- Maude, 4,000 pounds, sold to the Canadian Fish and Gold Storage Co. at 9.2c and 5c.

FIRST BIG BOAT LEAVES THURSDAY

There has been little difficulty to overcome in connection with the renewal of operations by the big fishing boats of the Canadian Fish & Gold Storage Co., but now all are cleared up and it is expected the steamer James Carruthers will leave port for the halibut banks on Thursday of this week.

TERRACE DEATH WAS OF SUICIDAL NATURE

John Conway, coroner of Anxox, accompanied by Provincial Constable Saint, returned last night from Terrace, where they investigated the death of the late Alex. McLaren. The coroner decided that death was plainly suicidal and that there was no need of a formal inquest.

PREMIER MEN NOW ALL OUT

Teamsters Left Work on Saturday and Tram Line Men on Friday

STEWART, May 16.—All business in connection with the Premier mine is tied up as a result of the strike which took place on Tuesday last when the men walked out, refusing to accept the cut of from 75c to 81.25 a day, according to the class of labor. A mass meeting was held on Wednesday when committees were chosen to handle the strike. Friday night the tram line men in meeting passed a unanimous vote to come out in sympathy and they left work on Saturday morning.

The teamsters came out Saturday and the tractors are tied up and the men refused to handle the Premier freight on the boats. All Premier business is now tied up.

The men complain of the autocratic manner of pulling the heavy wage out into effect without any corresponding cut in the cost of board.

The strike is being well conducted. There is no drunkenness and no rough stuff, and even rough talk by the men is kept open to negotiate a settlement.

TERROR REIGNS IN IRELAND

Many Shootings, Barracks Attacked—Priest Killed and Houses Raided.

BELFAST, May 15.—The daughter of Sir Charles Barrington, a Masonic leader, was shot by civilians in County Tipperary. Constable Riggs was also killed. In the area of the southern parliament there was the worst organized violence since January, 1919. Two naval officers were killed in the first attack on naval vessels.

Barracks were repeatedly attacked at Bandon and the roads south and west of Cork were entrenched. A number of bombs were thrown at military lorries.

CORK, May 15.—There was a night of terror in Cork. The house of Liam Roisite, the Sinn Fein member of Parliament, was raided. Roisite was absent but a priest found in the house was shot dead. A sergeant and four policemen when leaving the house were fired upon. Two constables were killed and one wounded.

A constable was killed at Bunshannon. Military raids continued throughout Sunday and much damage was done, several civilians being wounded.

AURORA BOREALIS DISTURBS TELEGRAPHS

Communication Cut Off Last Night With Eastern Canada.

SAN FRANCISCO, May 16.—Telegraph lines throughout the continent were crippled by unusual manifestations of the aurora borealis which was visible throughout California for the first time in years. It is believed it may have been caused by sun spots which appeared two days ago.

WINNIPEG, May 16.—All wires east of Winnipeg were lost and communication between eastern and western Canada was broken last night.

WHERE OCCUPATION OF GERMANY WAS PLANNED.

Reason of the Ruhr Valley by an allied or a French force would involve the dotted area on this map and would include the import of city of Essen, home of the Krupp works. The French are now but a few miles from Essen. The dotted portion of the map shows the present extent of the allied occupation.

Cold Storage Company Has Purchased North Island Plant for Buying Station

The plant of the Prince Rupert Fisheries at North Island, Queen Charlotte, has been purchased by the Canadian Fish and Gold Storage Co. and will be operated by them this year as a fish buying station. An announcement to this effect was made this morning by T. H. Johnson, manager of the big cold storage plant.

Discussing the plans of the company on the Queen Charlottes, Mr. Johnson said the large buying scow Hippo was leaving for the west coast of the Queen Charlotte Islands and would be operated as a buying station there, taking salmon only. The other station will buy all kinds of fish including halibut.

The company will have carrying boats calling at the Hippo and from there to North Island bringing the fish to this port. The future development of the newly purchased station, Mr. Johnson says, will depend on the amount of business done there. If it is successful, there will be further developments.

LES ER PATRICK HEADS VICTORIA ROTARY CLUB

VICTORIA, May 16.—Lester Patrick, famous hockey player and one of Victoria's business-men, has been chosen president of the Rotary Club. He was one of the gang bosses responsible for the building of the Y.M.C.A. pavilion at Elk Lake. He was a yell and song leader, a director of the club and has taken a keen interest in all the club's activities.

MOUNTED POLICEMAN SHOT HIMSELF AT VANCOUVER BARRACKS

VANCOUVER, May 16.—Henry Francis Hayes, corporal in the Mounted Police, was found dead on Saturday at Shaughnessy Heights barracks with a bullet through his head and a revolver lying by his side. He is believed to have shot himself. Hayes was a war veteran and had suffered from shell shock.

Prizes Valued at \$500 to be Given at Hayseed Dance

The greatest novelty dance of the season and monster tombola will take place on Wednesday evening next. It takes the form of a Hayseed Dance with \$500 worth of prizes for those who buy tickets. If 1000 tickets are sold, every fourth person will get a prize and some of them are very valuable.

There are over 250 prizes in all, including over twenty sacks of flour. Besides that there are cases of milk, various household articles and food products, each worth more than the price of admission to the dance. As one of the directors of the exhibition remarked this morning, there never has been such an event in the history of the city.

The tombola idea is that every ticket is numbered and there will be drawings at intervals during the evening and the owners of the lucky tickets will get the prizes.

Refreshments

The ladies of the I.O.D.E., famous for their cooking and the way in which they prepare daily refreshments, will have a tea room in the building and will sell ice cream. All the proceeds will go to the one big purpose.

Ben Self will be in charge of a refreshment booth where light drinks will be sold for the same purpose.

The music of the evening will be provided by the G.W.V.A. band, which will march around town before going to the building. This band is now a most efficient organization and this will be the first time local people will have a chance to dance to music provided by it.

Committees in Charge

The executive of the Exhibition have the affair in hand, and especially the Sports Committee with George Bryant as chairman. George Frizzell will be floor manager for the evening and President Munro is in general charge of the big event.

On Saturday evening Farmers Jack Venables, W. E. Thompson and H. Pattinson went round with Stan Parker's hayrack and gathered up the prizes, many of which are now displayed in store windows, but the prizes are so numerous, many of them cannot be shown. One prize is half a ton of coal, an other eight dollars worth of photographs to be taken and many others which cannot be seen, but which will be appreciated on Wednesday.

Farmer Style

Those attending are asked to adopt farmer style of clothing, but no one will be banned. Prizes will be given for the best character costumes.

There is no limit to the number of prizes one person may win and it is said people are already buying several tickets each in order to have a chance of winning some of the valuable prizes.

REFUSED TO PAY BACHELOR TAXES

GREAT FALLS, Mont., May 16.—Declaring the "spinsters are responsible for my not being married in their refusals of me in the past," William Atzinger, aged 35, a member of the board of directors of the Montana State fair, has notified the assessor of Chouteau county that he will refuse to pay the poll tax of three dollars levied by the last legislature on bachelors. "Tax the spinsters of the same age and I will gladly pay but otherwise it is class legislation and I stand upon my rights," he declared.

INSPECTOR OF FISHERIES WAS IN THE CITY

Major Motherwell Makes First Visit to Prince Rupert on Way to Lakelse.

A visitor to the city this morning was Major J. E. Motherwell, chief inspector of fisheries, who with Alex. Finlayson, Dominion inspector of hatcheries with headquarters at Ottawa, and G. W. Harrison, British Columbia inspector of hatcheries, is making a tour of inspection of the various hatcheries of the province. All three men left this morning for Lakelse and will go from there to Stuart Lake and Babine.

This is Major Motherwell's first visit to Prince Rupert and he was agreeably surprised with the place, and especially with the delightful weather here. He says the northern hatcheries are very successful and especially so the one at Lakelse where Capt. Gatt is in charge. At present they are building the rearing ponds where the young fry are kept from six to twelve months until they become strong enough to take care of themselves. At this point and at Babine the supply of fish for spawning purposes keeps up and is just as good as ever.

Babine Lake is part of the Skeena River watershed, so there are the hatcheries at Lakelse and Babine supplying the Skeena with young fish.

Major Motherwell called at Rivers Inlet on the way north. He will return here in July to make his annual inspection of the fisheries along with Inspector Williams, who is in charge at this point.

FORMER TEACHER HERE DIED IN VANCOUVER

Mrs. W. Blain, Daughter of Mrs. E. A. Jenns, Passed Away on Saturday

The death occurred on Saturday of Mrs. W. Blain, wife of W. Blain, civil engineer, who has been for the past few months engaged with A. E. Wright of this city.

Mrs. Blain was well known in this city as formerly Miss Ivy Jenns, of the city teaching staff, having been on the staff of the local public school for several years before her marriage after which she moved to Vancouver.

Mrs. E. A. Jenns, of Dunsmuir Street, her mother, and Mr. Blain left for the south on the Princess Beatrice Saturday evening.

Prevent Much Unemployment.

The Daily News has had a good many people express approval of the suggestion that the government coal reserve be lifted in order to allow prospecting to become general.

The lifting of the reserve on the lands at Fraser Lake is resulting in the development of the coal lands and will benefit Prince Rupert and the whole of the northern part of the province.

Better Care For Children.

That pursuant to the provisions of Section 59 of the Water Act 1914 being chapter 81 of the Statutes of 1914 that the reserve of the unrecorded waters of Bear Lake, McMillin Creek and Marmot River in the Prince Rupert Water District established by Order-in-Council numbered 248 approved on the 14th day of December, 1919, be cancelled in so far as the said reserve pertains to the water of Marmot River in the Prince Rupert Water District and that notice of such cancellation be published for three months in the B. C. Gazette and for three months in one issue each month of some newspaper published in the Prince Rupert District.

CONCERT WAS VERY FINE

Miss Mary Izard and Mrs. Morkill Got Splendid Reception Last Night.

There was a fairly large and most enthusiastic audience at the Westholme Theatre last evening at the Sunday night concert given under the management of J. F. Maguire with Miss Mary Izard of Victoria and Mrs. Dalby Morkill as visiting artists, and R. Greenfield and Meth Davies, cornet and vocal soloists respectively.

The feature of the evening was the violin playing of Miss Izard. The whole program was of a classical nature and particularly suited to a Sunday evening event. Miss Izard was ably accompanied by Mrs. Morkill. Mendelssohn's concerto, which is a violin and piano duet, was the feature of the evening and both parts were splendidly executed, the audience showing their appreciation by prolonged applause and insistent demands for more.

Possibly the Irish airs at the close were the most popular with the audience, and every selection Miss Izard played was well received and much enjoyed by the audience.

Meth Davies sang well and especially in the Welsh selection at the close. Mr. Greenfield played "My Heart, at Thy Sweet Voice" on the cornet, an instrument of which he is a master.

It was announced by Mr. Maguire that there would be another concert given by the same artists next Sunday when there will be no admission fee, but a collection will be taken.

DEFENDS ACTION ON SALARY INCREASES

That if the province is to be served by men who possess first-hand knowledge of conditions and are in a position, consequent upon that knowledge, derived at much expenditure of time and effort as well as expense, to properly deal with the issues that are brought before them, the indemnity of \$2,900 per year is not too great, was the claim made by Canon Hinchliffe, Conservative member for Victoria, before an audience which almost filled the Princess Theatre, says the Victoria Colonist.

Canon Hinchliffe's statement, especially on that much-criticized "salary grab," was a frank, straightforward one, which brought him evidences of approval at many points and against which there was little evidence of disapproval.

Ten Years Ago in Prince Rupert May 16, 1911 Frank Mobley, in charge of the census taking in Comox Allyn has named the following enumerators: Prince Rupert—C. C. Fullington, C. B. Lockhart, Thomas Trotter, Kenny Smith, A. Clapperon and T. Brown; Queen Charlotte Islands, J. K. Anderson; Telegraph Creek, George Adsit; Allyn, G. C. Brown and George Sinclair; Hazelton, Charles Pierce, Arthur Johnston, John McDougall, Emery Barger and H. J. Wallace.

The Dominion Meteorological Office has applied to the city council for a site for an observatory at Casey Place.

OIL REGULATIONS EDMONTON, May 16.—Giving transportation difficulties as the reason for the change another amendment to the oil regulations governing the North West Territories has reached the Edmonton land office. The amendment which will apply to all leases taken up in the far north beyond the provincial boundary, will give all prospectors a period of two years instead of one in which to install drilling apparatus on their lands.

Possess Good Health By Looking after THE BOWELS

A free motion of the bowels, once or twice a day, should be the rule of every one, as half the ills of life are caused by allowing the bowels to get into a constipated condition.

When the bowels are allowed to become constipated, the stomach gets out of order, and the liver does not do its work properly on account of holding back the bile so that it does not pass through the bowels, but is allowed to get into the blood, thus causing a poisoning of the whole system.

If you would escape constipation, sick and bilious headaches, heartburn, floating specks before the eyes, coated tongue, foul breath, the nasty irritating, bleeding itching and protruding piles, you should keep your liver stirred up by the use of Milburn's Laxa-Liver Pills.

These pills, being purely vegetable, keep your liver working actively, helping it to resume its proper functions, and thereby removing the bile that is circulating in the blood and poisoning the whole system.

Mrs. H. Barrows, Enfield, N. S., writes: "I was troubled with such headaches and constipation, one day a friend told me of Milburn's Laxa-Liver Pills. I got two vials, and found they did me a world of good. I therefore have great faith in them."

Milburn's Laxa-Liver Pills are 25c. a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Twenty couples attended the dance given in the O. B. U. hall on Saturday night. Arthur's orchestra provided the music, Geo. Findlay was master of ceremonies and A. McLeman was on the door.

Albert & McCaffery have bought one million feet of No. 1 fir shiplap and dimension, and are selling at lowest prices yet quoted. Also complete stock of fir finish doors and windows, and building materials. 1f

There was unusually bright show of northern lights last night. They passed in waves over the entire sky from north to south, making one of the most distinct displays that has been seen in a long time.

When he goes to England next month in command of the Canadian Bisley team, Col. Peck will cross to France to visit the battle line where many of his old command, the 16th Canadian Scottish, were killed in action and now lie buried.

The Man in the Moon SAYS:-

THE greatest hardship of all these days is when a man is willing to strike but cannot get a job to quit.

IN the absence of angleworms it is fine to think that the fishermen can easily catch trout by using salmon eggs for breakfast. As it is illegal to use them for bait, that is the only way to account for the large number carried in the fishermen's baskets.

Fisherman's Chorus.
Come fill up the cup.
Come fill up the can.
Let's fish every stream
And fill every man.

THAT story about the young person who can speak seven languages is getting overworked.

I HAPPEN to know a young man who can speak two languages. One is reserved especially for the occasion when his motorboat engine won't go.

I ALSO know a young lady who speaks two languages. One is used when conversing with a young person who does not talk.

THERE is a mystery about all worship. That is why some people worship women.

IN a great many places they are talking about swatting the fly. In Prince Rupert it would be a difficulty, as the first difficulty would be to find the fly.

THE next question to consider is what will some of the cities do with all the daylight they are saving.

Rev. and Mrs. Jolliffe, of Massett, were passengers for Victoria on the Venture Saturday evening.

Mrs. Ben Self is back from Buckley Bay where she spent a fortnight visiting with her sister Mrs. S. J. Evans.

The date for holding the court of revision under the Provincial Elections Act has been postponed from the third Monday in May to the third Monday in June.

Rev. and Mrs. Thorne left on the Venture Friday afternoon en route for Aiyansh where Mr. Thorne will take over the missionary work of the late J. B. McCullagh, who died recently.

EIGHTEENTH BABY.
IRONWOOD, Mich., May 16.—When a physician went to a home recently in response to a call he found John Mattson pondering over a list of names. He was looking for a name for the 18th baby in the family, a girl. There are fifteen of the children living. The mother is 44 and the father 46.

NEW OWNER OF LAKELSE

Managing Director W. G. Watson Pays First Visit to the Hot Springs.

TERACE, B. C., May 16.—J. Bruce Johnstone of Lakelse Lake Hot Springs will leave tomorrow for Prince Rupert, where Mrs. Johnstone now is and where he will make his home. W. G. Watson, managing director of Lakelse Hot Springs Ltd., which company has acquired the property from Mr. Johnstone, has been making his first visit to the hot springs. The appearance of the property has pleased him much better than he had expected, he says, and he is most optimistic.

The present hotel building Mr. Watson plans to have renovated completely and partially reconstructed, and other buildings erected alongside to take care of visitors during this coming summer. A large concrete bathing pool thirty feet long will also be put in immediately to prevent visitors having to wait their turn at the individual baths now in the hotel building. Clearing operations will be commenced immediately in the vicinity of the hotel and continued into the fall, and the land brought under cultivation as soon as possible to provide garden and dairy produce for the hotel. The heat from the hot springs will be utilized to grow fruit out of season which will be an added attraction to the place.

Mr. Watson also leaves for Prince Rupert this afternoon to arrange for certain supplies for his project.

EXCELLENT RESULT HOSPITAL TAG DAY

Sum of \$431.20 Raised Towards Installation of Laboratory.

The sum of \$431.20 towards the installation of the laboratory at the general hospital was raised as a result of the tag day on Saturday.

The committee in charge comprised Mrs. S. Darton, Mrs. R. Blance and Mrs. T. C. Duncan, who were assisted in tagging by Mrs. W. B. Harper, Mrs. J. Anderson, Mrs. H. Atkins, Mrs. P. G. Groves, Mrs. W. T. Kergin, Mrs. S. L. Warrior, Mrs. J. W. Potter, Mrs. D. W. Morrissey, Miss Stone, Miss A. Hill, Miss Helen McLeod, Miss Gwen Morgan, Miss Vera Shockley, Miss Winnie Dibb and Miss Paulena Cameron.

Thanks are particularly due to the following Japanese girls who volunteered their services: Miss Mitsu, Miss Alice, Miss Kio and Miss Chiu.

THE DANSANT IN HONOR OF MRS. PECK ENJOYABLE AFFAIR

Local Troup Girl Guides Put on Pretty Event Saturday Afternoon.

The dansant given in the De Luxe hall on Saturday afternoon by the Girl Guides in honor of Mrs. C. W. Peck proved a pretty and enjoyable affair. There were thirty tables which were daintily decorated with flowers and foliage and at these the guests sat and had their tea between dances. Splendid music was provided by Miss Phoebe Senkler and William Martin. Those assisting Mrs. Robinson, the acting captain of the local Girl Guides troupe, were Misses Norah Phillipson, Constance McMullin, Betty Bloomfield, Peggy Gillett and Pete Trayne.

CHEERS FOR KING AT COMMUNIST MEETING

Woman Cuffed Wounded Officer in Trafalgar Square Meeting

LONDON, May 16.—The temper of the people toward the Communists who are permitted to preach their doctrine here unhindered, was shown by an incident in Trafalgar Square the other day.

After the strains of the "Red Flag" had been started at a Communist meeting, a former officer, wounded so badly he could scarcely stand, stood up in front of the crowd numbering several thousand, and called for cheers for the King.

The response to his appeal was ear-splitting. This so enraged one of the women members of the Communist crowd that she rushed upon the officer and cuffed him soundly. Thereupon he called for three cheers for the Queen, the Prince of Wales and finally for law and order.

This broke up the meeting.

ADAMLESS EDEN IN MIDDLE OF LONDON

LONDON, May 16.—What is described as an "Adamless Eden" is about to be opened here in the form of a small park where London working girls may rest and meditate undisturbed by young men.

The plan originated with the Metropolitan Public Gardens Association which is seeking to obtain for the purpose four acres of waste land near Hyde Park.

For International Trade

CANADA'S imports in the fiscal year of 1919-20 amounted to \$1,064,516,169 and its exports to \$1,286,658,709, a total trade of \$2,351,174,878. In financing the many transactions that go to make up such a volume of business, banking experience and resources are of paramount importance.

The Bank of Montreal has been assisting the merchants of Canada in import and export trade for over 100 years. It has built up an international banking organization that offers exceptional facilities to those doing business with outside countries.

The Manager of any Branch of this Bank will be glad to have you discuss banking facilities with him or you may consult on any problem connected with international trade direct with the Foreign Department at the Head Office in Montreal, where complete statistical and other information is kept on file.

Canadian firms engaged in Foreign Trade who contemplate sending representatives to Great Britain, France, South Africa, India, Australasia, China, Japan, or the West Indies, will find it to their advantage to communicate with the Foreign Department at the Head Office in Montreal.

PRAIRIE RAIN BENEFICIAL

Threatened Lack of Moisture Averted by General Precipitation Last Week

WINNIPEG, May 16.—During the week just past there have been rains almost everywhere on the prairies and the results have been most beneficial to the growing crops and especially to the late seed.

Reports from various points in the two provinces indicate that the rainfall has been general. It is estimated that between 65 and 70 per cent of the wheat acreage of western Canada is ploughed, and while but few districts have suffered from lack of moisture yet the benefits of a soaking rain, at this period in seeding operations will be very great.

In Alberta, where wheat seeding is practically complete, the weather has been reported cloudy, but little rain fell.

Sections of farm land in the vicinity of Regina and Swift Current, which suffered last week from high winds, causing drifting and the blowing out of seed will be assisted materially by the rain.

The rains followed a period of fine, warm weather which has brought vegetation along rapidly. The fall was heaviest in central Manitoba.

CHEAP ASPHALT AT FORT MCMURRAY FOR PAVING ALL CITIES

EDMONTON, May 16.—We are going to turn out asphalt and paving material so cheap that it will be within the bounds of every city, village and hamlet in the western provinces to pave their streets with the products of the great paving resources of the Fort McMurray fields. Such was the announcement made by Colonel J. K. Cornwall, of Edmonton, made by him in the Bulletin shortly after his arrival in this city from a visit to San Francisco capitalists.

Colonel Cornwall is one of the chiefs of the San Francisco and Fort McMurray Oil Refining Companies, a company of strong financial backing whose aim is to immediately develop the tar and oil sands of the Fort McMurray district in order to put the product of these fields on the markets of western Canada and the east.

Big Centre for Paving
 "We are going to make McMurray one of the biggest centres of the paving industry on the American continent," enthusiastically continued Colonel Cornwall, "and we are going to start with Edmonton first. The proposal which we will lay before this city here will be such that full consideration will have to be given to the opportunities we will offer. There will be no reason in the world why Edmonton will not be able to go ahead and commence paving every street in the city with the paving products that will be brought here from our great natural resources at McMurray."

PRINCE GEORGE

On account of the deplorable condition of roads in this district, the Prince George Board of Trade recently passed a resolution urging upon the provincial government that henceforward all roads be built on the contract plan. It was considered that the day labor system was at once expensive and inefficient.

The estimates for civic improvements this year have been adopted by the council. They are divided as follows: Board of works, \$20,000; street grading, \$12,000; sidewalks, \$8,000; fire, water and light, \$19,000; electric light extensions, \$5,000, and water works extensions, \$14,000.

M. M. Kerr and son and M. A. Aubin, of Detroit, passed through here last week bound for the Peace River country on a trip of mining inspection.

The school teachers held a dance last Thursday evening, the proceeds from which are being used to purchase athletic equipment for the school children. The patronesses were Mrs. P. E. Wilson, Mrs. John Quinn, Mrs. Abbott and Mrs. G. H. Gower.

Mrs. Herbert Ward arrived in the city last week from Nottingham, England.

LOCAL BUSINESS CHANGES HANDS

The Miggins Taxi announces that they have purchased the 29 Taxi business from C. Wilkinson who is leaving to start a taxi business in Victoria. Fred Miggins, the manager, who has had several years' experience catering to the public in the taxi business, wishes to assure all patrons that with careful drivers, and up-to-date seven-passenger cars and limousines, they are now able to give the best and quickest service in town for either day or night calls. Offices in the Helgeson Block, Phones 99 and 210.
