RECRUITING COMMENCES FOR PECK'S CANADIAN SCOTTISH AT VICTORIA

Prince Rupert Pulp and Paper Company Has Been Incorporated at Vancouver

New Concern has Capitalization of \$4,000,000; Is Understood to be Going to Locate in This City; Power Proposal Included it is Said

VICTORIA, January 13.—(Canadian Press)—British Columbia is to have another big pulp and paper enterprise, according to an announcement made by the provincial registrar of joint stock companies. It is the Prince Rupert Pulp and Paper Co., Ltd., which has just been incorporated and capitalized at \$4,000,000. Objects are to manufacture paper on a large scale in northern British Columbia with head office in Vancouver.

VICTORIA, January 13.—(Special).—While no particulars are given out officially here in connection with the Prince Rupert Pulp and Paper Co., it is understood this is the concern which is being organized by the Emerson interests to include the Prince Rupert lumber mill and a big pulp mill at Prince Rupert, with a capacity half as large again as that at Swanson Bay. A number of pulp mills at different points in the north are included in the deal and the financing of the company has already been arranged. There is a power proposal going with the pulp plant which may be included.

THE PROVINCE

Proportional Representation System Being Used at Vancouver and Victoria.

VANCOUVER, Jan. 13.—Voting in elections is taking place today in the towns, cities and rural municipalities throughout British Columbia. In this city there is no contest for mayor, Gale having been elected by acclamation. There are 19 candidates for eight aldermanic seats; eight or four vacancies on the school board; four for the parks board, where two are to be elected. The Federal Labor party have two candidates for the council and the Trades and Labor Council one. There is one woman candidate for the council, Mrs. Macken.

Mrs. Moody, chairman of the school board, who is retiring and leaving the city is to be married in the near future to an American educationist.

In Victoria Mayor Porter is being opposed by Alderman Patrick, father of the famous hockey players. Mr. Patrick is being supported by the reform element of the community and the fight is a strenuous one.

At New Westminster Mayor Johnson is opposed by Alderman Dodd.

In Vancouver and Victoria the proportional representation system is being used and the final results may not be known until Friday or Saturday.

Windows Broken, but Train Put Back on Track after Hitting Boulder

BELFAST, Jan. 13.—A troop train carrying fifty soldiers to Dungloe, Donegal seaboard, was derailed by a large boulder on the track. The troops replied to a heavy fire which was opened on them and although the windows were broken and riddled with bullets, the train was put back on the track.

MANY VOTES BEING CAST

Up to Noon Had Been Coming in at Rate of One a Minute.

Up till noon today votes were coming in at a rate of better than one a minute for the municipal elections and indications are that there will be a very full poll. At twelve o'clock 228 persons had voted for mayor, aldermen, school trustees and police commissioner since 10 a.m. votes had been registered for the memorial bylaw. With a maximum of 800 votes considered possible it is evident that this number will be nearly reached judging from the morning rush. In the first 45 minutes after the polls opened this morning there were 50 votes cast. A larger vote is being cast this year than last for up to 1 o'clock on election day last year only 207 voted.

Working Energetically.

This year's contest is also marked by a good deal more interest than prevailed last election.

Committees for both mayorality candidates are working energetically in behalf of their favorites, but in spite of this there seems to be an uncertainty as to who will be chosen. The Nickerson supporters are confident but there is a large silent vote that may go strongly either way. Betting is even, this thing seems certain, and that is that the memorial bylaw will be carried with a large vote. The Nickerson scrutineers were so interested in the job that they were on hand this morning at 8 o'clock, one hour before polls opened.

The election officials are: Returning officer, Ernest A. Woods; chief deputy returning officer, Harry Birch; deputy returning officers, L. M. Kendall, W. T. Barnes, James D. Lockwood and H. A. Lock; Nickerson agent, W. O. Fullon; Nickerson scrutineers, H. F. Wearmouth, Hugh Killen, J. S. Stevens and G. F. Delgarino; Rochester scrutineers, W. Blundell, W. W. Wright, W. G. Hughes, F. Smith.

OLIVER TO SIT FOR VICTORIA IN THE LEGISLATURE

VANCOUVER, Jan. 13.—Premier John Oliver, who was elected in Victoria and Delta at the recent provincial election, announces his decision to resign in Delta. A Liberal nominating convention will be held at Cloverdale next Thursday.

The by-election will be held before February 8 when the legislature opens.

The announcement was made to a meeting of constituents at Cloverdale last night.

Con Jones Getting Stars from East to Play in Four Cities

VICTORIA, Jan. 12.—This city is to have a professional lacrosse team if grounds can be secured, according to a statement of Con Jones of Vancouver. He says there is a representative in the east getting together an all-star aggregation to bring west in the spring.

Jones favors a four-team league, Vancouver, New Westminster, Victoria and Seattle.

LIEUT.-COL. PECK

Colonel Peck is To Organize First Canadian Scottish

Recruiting has commenced at Victoria and Most of the Officers are Already Appointed from Famous 16th Battalion

VICTORIA, January 13.—Recruiting has commenced at the Armory, Bay St., for the First Canadian Scottish, formerly the 16th Battalion, commanded by Lieut.-Col. Peck, V. C., M. P., of Prince Rupert. A staff, composed almost wholly of officers from the 16th, has been appointed and the prospects are that the Canadian Scottish will be one of the crack militia regiments of the province.

The officers so far appointed include Major D. B. Martyn, D. S.O., M.C. and Croix de Guerre, and Major Eric E. N. McCullum, D.S.O., commanding No. 4 Company, who were both recommended for the highest decoration for gallantry, and other company commanders appointed had distinguished service records—Major Roger Macleith, commanding No. 3 Company, and Major Allen Lyons, M.C., D.C.M., Croix de Guerre, commanding No. 2 Company. The Medical Officer, Major Walter Bapty, has the unique record of serving both as a medical and fighting officer in an infantry battalion and also served front line service in France, and South Africa. Capt. Sydney D. Johnston, M. C. and bar, the adj.-band of which the veteran, Major Riddell, enlisted in 1914 in the Peter Riddell, will be honorary captain of the 16th, being mentioned as president, and a pipe-major will be available to members of the battalion.

Pipe Band.

The 1st Battalion, Canadian Scottish, will have a pipe band and also a first class brass band and a bugle band. The Veterans' band, consisting of men who served in France, and also served front line service in France, and South Africa, Capt. Sydney D. Johnston, M. C. and bar, the adj.-band of which the veteran, Major Riddell, will be honorary captain of the 16th, being mentioned as president, and a pipe-major will be available to members of the battalion.

Cadet Corps.

Another sphere of the battalion's activities are being made to include the high school and public school cadet corps under the leadership of Major Harvey and Captain St. Clair, and it is the intention to detail two of the officers of the battalion to assist in the training of cadets. The hope is that eventually all members of the battalions will be uniformed in kilts and despatches as corporals and second in command of companies and the subalterns and quartermaster have not yet been appointed.

Excellent Quarters.

This season will be spent in organization and also in social activity for all the messes—officers', sergeants' and men's messes intend to go in for that sphere of training of cadets. The hope is that eventually all members of the battalions will be uniformed in kilts and despatches as corporals and second in command of companies and the subalterns and quartermaster have not yet been appointed.

Opinion Expressed by President That Price of Product Would Not Materially Decrease.

OTTAWA, Jan. 13.—Complaint of the Canadian Fisheries Association regarding charges by the Canadian Express Company on the net weight of fish in carloads, including an allowance of two and a half per cent for slime and ice adhering to fish when weighed, which it was claimed was allowed by custom to fishermen, was refused in a judgment, written by Chief Railway Commissioner F. B. Carvell, issued yesterday. The complaint was based on charges that the Prince Rupert fishermen were being discriminated against and that the allowance was made at Vancouver and competing points.

Mr. Carvell, after considering the practise of the American Express Company at Seattle and the Dominion Express Company at Vancouver in charging the net allowance, states he can see nothing which would justify a continuation of the practice at Prince Rupert.

Playgrounds Will Be Live Question.

The supporters of the playgrounds movement do not mean to let the matter drop after the election. It is a live issue and one that will be up from time to time. It is one that will be revived, no matter what the result of today's contest.

Prince Rupert is peculiarly situated. There are peculiar difficulties to be overcome. However we must remember that there is no water question to be dealt with. The present supply we are told is sufficient for 40,000 people. Any money that would ordinarily go to developing the water supply may now be diverted to the playground development.

Survey Money For Playgrounds.

There is a proposal to spend \$20,000 to make surveys with a view to civic development of Thulme River basin for power purposes. That \$20,000 is needed for playgrounds. Then let a private company develop Thulme River or some other source of supply. We cannot afford to fritter away our money on non-essentials. Think what a lot of work \$20,000 would do in providing recreation grounds for the kiddies.

We need power. Of course we need power, and need it badly, but we also need sewers, streets, lights and a dozen other things, and just as much as anything else we need playgrounds for the children. If we can get some outside concern to develop our power, then we can devote our energies to the other essentials. The \$20,000 spent on human development of power would be far preferable to the same amount surveying for a power system which we shall probably never build.

If the parents who have been so enthusiastic during election time in asking for these playgrounds will let the new council feel that they mean it, there will be no difficulty in securing what they want. We suggest a demonstration at the city hall as soon as the new council gets down to business. Appoint a night and let all parents who are able to do so attend the council meeting with speakers who will lay their case before the city fathers. Such a demonstration would have a good effect and would be a natural corollary to the children's demonstration of Monday.

Dominion Parliament Meets Very Soon.

The Dominion Parliament will assemble next month and there is a good deal of discussion as to whether or not Mr. Meighen will be able to carry on throughout the session. His majority is not large and there is much uneasiness among the Liberal Unionists. It is understood that in some constituencies preparations are being made for an early election.

The Daily News does not credit these stories. It seems to us likely that the Government will be able to retain a majority sufficient to hold office until after a redistribution bill has been passed. It would be for the benefit of the west to have it so.

The main argument used in favor of going to the country is that the Meighen Government is afraid to face a redistribution. Under it they would be severely handicapped, for the east would lose some of its representation, while the prairie provinces and British Columbia would gain. For that reason they may decide to go to the country this coming spring. At any rate it is well to be prepared, for the election may be sprung suddenly.

Landing Field For Aeroplanes.

We must have a landing field for aeroplanes. It is a modern necessity. The grounds at Acropolis Hill are not quite large enough and, as they are the only grounds available, the natural thing will be to extend them. That will be an extra incentive to the improvement of those grounds. Only a few days ago inquiries were made regarding a landing field and others will follow. Air navigation has come as a permanent feature of transportation and we shall have to prepare for it.

16:36 p.m., 18.2 feet.
Low, 10:34 a.m., 8.2 feet.
22:49 p.m., 6.4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as *5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

PREMIER CONSULTS REGARDING DATA

Is Visiting the Constituency in
Regard to His Possible
Resignation.

VANCOUVER, Jan. 13.—Premier Oliver visited the Delta constituency yesterday to consult with his supporters as to which seat he should represent in the Legislature, Delta or Victoria. It is understood he favors sitting for the capital, but the possibility of returning a Government supporter to Delta will influence his decision.

Should the Premier decide to sit for Delta, it has been semi-officially announced that Lady McBride may be a candidate in Victoria. Dr. Ernest Hall, the independent, is also being urged by his supporters to again contest the constituency. The Liberals may put up Harry Hall, the former representative.

If Delta is thrown open, there will be approximately the same line-up against the government candidate as at the general election.

WANTS HIS PAPER WRAPPED IN HALIBUT

A. H. Allison Still Interested in
His Old Home Town

A. H. Allison, formerly of this city, writes: "I get a Vancouver paper daily with all the latest news, but the days your paper comes, I always let the Vancouver paper wait until I see how things are going in Rupert, who is running for alderman, who is selling whiskey, what is being done with low bay, if the independent party has saved the country yet, and if the drydock is still there."

"Now, Mr. Editor, I am living on a farm and if it is agreeable to you, you might wrap your paper in a halibut about once a week; I am sure it would taste fine."

The Man in the Moon SAYS:-

THAT all the problems of the city will be solved after the victory tonight.

THAT not being gifted with second sight or prophetic utterance, it is not sure to whom the victory goes.

THAT after the election all will be happy except those who have to pay the bets.

THAT the best policy is to take things as they come and if they don't come go out after them.

THAT it is said the Turkish sultan is paying more attention to his harem than to the business of the country. And there are whispers that on this side of the Atlantic ocean there are men with like proclivities who do not wear a fez.

THAT some women have rather large feet, but they can hardly fill men's shoes just like a man. There is a difference.

THAT it might be a good thing to tack a copy of the election promises on the wall for future reference.

THAT since the city is nearly safe, what about getting down to business again tomorrow morning.

Ten Years Ago in Prince Rupert

January 13, 1911.

William Manson, M.P.P., is mayor of Prince Rupert, having defeated Ald. Frank Mobley at the election yesterday by 105 majority. The new aldermen are:

Ward 1—V. W. Smith, Geo. W. Kerr and D. W. Morrissey; Ward 2—John A. Kirkpatrick, S. M. Newton, John Hilditch, W. B. Clayton and T. D. Pattullo. The school trustee contest resulted in a 401 to 333 poll in favor of O. H. Nelson over P. W. Anderson.

Mayor L. D. Taylor was re-elected in Vancouver yesterday by a majority of seventeen hundred votes.

The contract for the quarantine hospital at Digby Island has been awarded to Anderson & McKinnon by the Dominion Government. The building will cost \$20,000.

Alderman Rochester for mayor. The interests have no strings on him.

Had an Annoying Hacking Cough Got No Rest at Night

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes:—About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house.

"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark. Price 35¢ and 60¢ a bottle. Manufactured only by The T. Milburn Co., Toronto, Ont.

Over fifty persons attended the very enjoyable Cinderella dance in St. Andrew's Hall last night. Eddie Briggs was master of ceremonies. W. R. Martin was at the door and Arthur's Orchestra provided the music.

Tom Dow, charged with drunkenness, and J. Brown, charged with vagrancy, appeared in the police court this morning and both pleaded guilty. They were set out on suspended sentence and ordered to leave town.

Fred Riffou, a carpenter, who went overseas with the 87th Grenadiers of Montreal, arrived home last evening. He is still using crutches as a result of a wound received at Cambrai in September 1918. Since that time he has been in hospital and still walks with difficulty.

Everyday o' the Week

—any hour of the day—one of your household comes along with a nasty cut or bruise, a burn, scald or sore. It's then you realize how it pays to have Zam-Buk always handy. Just a touch and Zam-Buk takes out all fiery pain or smarting irritation. At the same time it purifies the tissues, prevents dangerous festering or ulceration, ensures speedy healing.

Zam-Buk's well-known antiseptic and healing virtues are derived from the blending of herbal oils and extracts. Animal fats and coarse drugs found in ordinary ointments and salves have no part in Zam-Buk. It's herbal throughout.

"For over ten years Zam-Buk has been our household remedy," writes Mrs. S. B. Folkins, Somerville, Mass.: "There has never been a healer made to take its place. We would the without Zam-Buk whatever it cost. It never fails in burns, scalds, cuts, chafing, and innumerable other skin troubles."

For healing cold sores, cracked hands, eczema, and chilblains Zam-Buk is invaluable. Also in warts, ringworms, abscesses, piles, poison ivy, insect bites, etc. One tube of drug and salve at 50c. 3 boxes for \$1.25. Trial sample for 10c stamp from Zam-Buk Co., Toronto.

BRINGING UP FATHER

FINAL MEETING OF CAMPAIGN

Mayor McClymont Takes Platform for Harry Rochester's Candidature.

ANONYMOUS LETTER READ LAST NIGHT

Irrrelevant Incidents Arouse Interest During Course of Proceedings.

At stages in last night's rally for Harry B. Rochester, as candidate for mayor, there were threatening moments when it appeared that some of the repartee and sensation that characterized municipal campaign meetings ten years ago might be forthcoming, but these moments did not last long and although the meeting was the liveliest of the campaign there was really little of the sensational and about it. It was largely attended, Mr. Nickerson said that they were right but there seemed to be a difficulty about the fourth. Jack Miller was named which Mr. Nickerson denied and one of the audience offered to bet \$200 it was not Miller. The matter dropped.

George H. Munro was the chairman, both mayoralty candidates with that and the fourth member and Ex-Mayor McClymont were on the platform, as well as a good number of the aldermanic, school board and police commission candidates.

Mayor McClymont.

Mayor McClymont came out flatfooted for Rochester and caused the first thrill of the evening by reading excerpts from a despicable anonymous letter that Ald. Rochester had received when the first announcement of his candidature some two months ago was made.

The mayor said that he had his feelings been lukewarm for Rochester before he had read this letter, after reading it his mind had been fully made up to support him. He did not charge the Nickerson interests with having anything to do with the letter but he knew that the boomerang would rebound and the writer would suffer the consequences.

Ald. Rochester had never been afraid to make the first move when sitting at the council board and his spine was not made of spaghetti. The mantle he himself had carried for three years could well be handed on to Ald. Rochester. His work might not be brilliant, but it would be safe and where brilliance and safety were concerned he would have safety.

No Hard Feelings.

The mayor said that in retiring from the chief magistracy of the city he had no hard feelings. The bootleggers were especial enemies of his, but he had no hard feelings against them. They were done with him and he hoped he was done with them. He had been opposed to the principle of the big school building and would have favored smaller buildings in various sections of the town. He had perhaps not achieved all the things he would have desired in his regime but he had done the best he could. As for his work the archives of the city hall were always open and if, after reading them, any wished to take issue

with him he would be willing to meet them on any platform in the city.

Wright Sits Down.

In the course of S. E. Parker's speech the "whispering" campaign of the opposition to Nickerson was referred to and the Plain-dealer mentioned.

"Do you mean to say that the Plain-dealer is conducting a whispering campaign?" interrupted F. S. Wright from the audience.

"I mean to say that the Plain-dealer is carrying on a campaign of innuendo," reiterated Mr. Parker. "If you have anything to state come up on the platform like a man and do it or sit down." Mr. Wright sat down.

The Delegation.

Another stirring moment was in the course of Douglas Sutherland's address. He referred to the mysterious delegation that was alleged to have waited on Mr. Nickerson and threatened to name them several times until Mr. Nickerson asked him to name them if he could. The names of Olier Bosner, "Dude" Robertson and Fred Duhoard were named and about it. It was largely attended, Mr. Nickerson said that they were right but there seemed to be a difficulty about the fourth. Jack Miller was named which Mr. Nickerson denied and one of the audience offered to bet \$200 it was not Miller. The matter dropped.

George H. Munro was the chairman, both mayoralty candidates with that and the fourth member and Ex-Mayor McClymont were on the platform, as well as a good number of the aldermanic, school board and police commission candidates.

Novel Passenger Travelled to
Vancouver Last Week on
Prince George

On the last trip of the Prince
Rupert southbound passengers
and crew were alike thrilled by the
antics of a young lady who was
making the trip dressed in overalls
with puttees, a sailor middy
and tennis shoes. "Ted" or
"Evelyn," as she called herself,
formed a very attractive figure
and was a typical ragamuffin, hatless
and with her hair roughly
bobbed.

Soon after leaving Prince Rupert
she made the object of her
journey known. She was beating
her way around the world and had
already been four years at the
game and on coming to Prince
Rupert had accepted aid from a
party of visitors who furnished
the wherewithal for her ticket.
Recently she had wandered over
Saskatchewan and Alberta and had
spent Christmas with her
parents in Prince George. In
Vancouver it was her intention to
work long enough to buy a pair of
heavy shoes in order to walk to
Seattle.

Daring Escapade

During the trip south she
scampered to all quarters of the
steamer where ordinary passengers
would hardly dared dream of
going. From stem to stern, from
bridge to stokehold, "Ted" made
herself known. Women nearly
fainted on the first occasion when
she climbed from deck to deck
along the outside railings of the
vessel. Nothing did she lack in
nerve, but her proposal to climb the
foremast after the boat left
Ocean Falls was quashed by the
officers.

A heavy gale disturbed things
during the crossing of Queen
Charlotte Sound and the interesting
traveller made no appearance during
the evening. Even the
efforts of the stewardess could not
rouse the strange girl from her
stateroom. However early in the
morning, towards end of the
12 to 4 watch, she found her way
to the stokehold by climbing down
the vent from the hurricane deck.
In the saloon she had an early
breakfast.

"Queen of the Hoboes"

She might aptly be called "The
Queen of the Hoboes." She is
fond of the "Diamond Dick" style
of stories and has already read
the 1920 "Glimpses." She is fond
of writing and has kept an excellent
diary which proved a source of great
interest in the observation.
Passengers wondered how
long this nineteen year old girl
(on her own statement) will continue
to carry out her rather
"devil-may-care" escapades.

**WOULD EQUALIZE
CANADIAN TARIFF**

This is Proposal of Bill Intro-
duced in United States Senate

WASHINGTON, January 12.—Should Canada impose a tariff of more than thirty cents a box on apples imported from the United States, the tariff on Canadian apples shipped to the United States would be increased automatically until it was equal with the Canadian duty, under a bill introduced by Senator Jones.

NIGHT COUGH

You know it! It begins with
a tickling, irritating sensation
in your throat. You cough to
clear the throat. In a moment
there it is again!

A minute's peace, then again
you cough and so on until you
ough your throat more and by
the time the cough is sufficiently
slayed to permit you to sleep, you are thoroughly worn
out. This kind of experience is
particularly trying to old people.

Peps make this sort of thing
quite unnecessary.

Put a Peps pastille on your
tongue and allow it to slowly
dissolve. Healing fumes are
then liberated, which mingle
with the breath and are carried
to the remotest parts of the air
passages and lungs, allaying
the irritation and soothing the
infamed membranes, thus ending
the cough and making sleep
possible.

Peps are also best for bronchitis,
laryngitis, asthma, sore throat and
colds. Try Peps at our expense.
Send the address and name
(for return postage), to
Peps Co., Toronto, and receive
FREE TRIAL PACKAGE. All
dealers, 50c. box.

Meeting at Stewart Organizes
with Kate Ryan on Executive

The supporters of Liberalism
gathered in the Ocean View Cabaret
last Tuesday evening for the
purpose of forming a Liberal
Association, says the Portland
Canal News. Messrs. Noble,
Seavil, Bennett and Mellor and
Miss K. Ryan were named as an
executive. By-laws and membership
cards are to be sent for to the
District Association. A telegram
was also ordered to be sent to H. F. Kergin, the new
member, notifying him of the
fact and requesting him, if possible,
to visit Stewart before the
session commences.

Results Show They Did Well With
Raymond Fisher and Caroline
Mitchell Excelling.

With the results of B. C. University
Christmas examinations being announced it will be noticed
that local students have done very
well in their respective classes. Raymond A. Fisher, in Agriculture,
has done particularly well and
should be well in line for a
scholarship at the end of the term.
Miss Caroline Mitchell has also
made an excellent showing in a large
"freshman" class.

The following are the records
of some of the Prince Rupert
students:

Kathleen Grant (third year)—
First class, English 18; Second
Class, English, 11; Passed, History,
English and Philosophy.

James R. Mitchell (Fourth
Year)—First Class, Structural
Geology; Second Class, English
17 and Chemistry Distinction;
Passed, Economic Geology and
Petrology.

Raymond A. Fisher (Third year)—

KANTLEEK

Rexall PRODUCT

**It Can't Leak,
Because It's Made
in One Piece**

A KANTLEEK is built like a bottle—all in one piece. Most hot-water bottles are made in sections, then cemented together. When cement dries and cracks, the bottle leaks. Every KANTLEEK Hot-Water Bag is moulded of pure soft rubber—one continuous piece. No parts, patches, cement. Even stopper socket is moulded in. And guaranteed for a full two years' service—or a new KANTLEEK free.

Don't wait until your old bag leaks. Get a KANTLEEK. Your old one may leak open tonight.

ORDERS TAKEN FOR COAL AND WOOD

STEWART

W. H. Watson was elected people's warden at the annual meeting of St. Mark's Church. The committee comprises William Jankowski, Wm. Nohle and H. Scovil.

Messrs. Lawrence & Workman have offered a proposal to supply the town of Stewart with electric light and power, water and telephone and their scheme has been endorsed by the ratepayers and citizens. An application for a franchise has been sent to H. F. Kerkin, M.L.A.

The St. Mark's Church Women's Auxiliary has chosen the following officers for the year: President, Mrs. R. Clothier; Vice President, Mrs. P. S. Jack; Secretary, Mrs. W. H. Watson; Treasurer, Miss A. Thompson.

A dinner party was given by Miss Kate Ryan to a few of her Wyder friends last Wednesday evening followed the dinner.

The Wyder wireless station is now connected by telephone with the Premier Mine.

Jack Starkey and son have gone south and intend to trek in the string for the McKenzie River oil fields. They retain their interests in Stewart.

The Great War Veterans had an enthusiastic and well attended meeting last night in the interests of the candidature of their two members, J. H. Kelly and Thomas Silversides, for the aldermanship. A. J. Galland was the chairman and the speakers were Thomas Silversides, J. H. Kelly, S. D. Macdonald, George W. Kerr, Ray Macdonald and Douglas Sutherland.

There was also a musical program in which Eddie Ross, Robert Robertson, Algie Hunter, Joe Sigotin, Frank Rogers, Captain Fermby and others took part. The accompanists were J. Webster, J. Plint and Sid Thompson. The Westholme Orchestra assisted towards the finish. Refreshments were served in the course of the evening.

As soon as signs of a cold appear start taking Grip-rix, the remedy which can be obtained at any drug store, and which will give relief in a single night. Its action on the system is almost immediate, the natural channels for carrying off systemic poisons being kept open, the feverish condition developed by colds kept down, and the accompanying muscular pains in the back and other parts relieved.

There is absolutely no secret about what is in Grip-rix. The formula is printed on every box. Show it to your family physician if you want to. Most doctors will heartily approve it.

On sale at all druggists, 25c. per box.
