Ten Million Russians Are Hungry BRITISH STATESMEN WRESTLING WITH IRISH PROBLEM TODAY

Famine Stalks Through Russia and Millions Will Die Unless Preventive Measures Are Taken

RIGA, July 18.—The Moscow "Is Sevestia" says that an official appeal to all citizens of Russia to aid in alleviating the suffering caused by famine has been signed by all the members of the Government. The paper places the number of starving at not less than 10,000,000, all of whom cannot exist until next harvest without aid. The famine has taken on the character of a national calamity.

Russia being an immense country and the transportation system having to a large extent broken down since the war, it is difficult to secure a proper distribution of the food supplies on hand there. The peasants refuse in many cases to give up their grain and other products, and as trading is frowned upon by the authorities as being contrary to communistic principles, the usual incentive to better distribution is not present.

WALRONDO WILL RETURN RUPERT

Dominion Public Works Boat
 Boat Comin' Up Coast to
 Work Out of Here.

LOCAL OFFICE WILL BE
 OPEN FOR LOCAL WORK.

The local office is now awaiting word of the letting of the contracts for the new wharves at Alice Arm and Sandspit. The tenders for the former closed on July 7 and the announcement of the successful bidder should be made soon.

The Dominion Government Works Department launch, Walrondo, is now on her way up the coast from Victoria to again work out of this port. Captain Brown, formerly of the Camosun, is in charge and Eugene Hale of this city is engineer. The Walrondo has for some months been tied up at New Westminster, leaving Vancouver on Saturday, the boat is expected in Prince Rupert about the end of this week.

The reopening of the local branch office of the Dominion Public Works Department, with J. B. Lambert in charge, may not be permanent but it will remain open as long as the work in the district warrants.

Wharf at Kincolith.

At the present time the department is building a new wharf at Kincolith, W. T. Muse, of the city, having been awarded the contract. The wharf is located at the same place as the old one, which was condemned, but extends further out where the water is deeper for vessels landing. In size it is similar to the old one. Repairs are also being made to the Walrondo float on the local waterfront.

LAST PHOTO OF KING GEORGE AND QUEEN MARY

The latest photograph to arrive in this country of King George V and Queen Mary of Great Britain, taken while they attended the opening of the great Red Triangle Club at Plaitow. They were the guest of honor, and to the King fell the task of making the opening speech.

Ireland Subject of Conferences at London Today

LONDON, July 18.—De Valera, in response to an invitation, called at Number 10 Downing Street, the Premier's official residence, at 4:15 this afternoon to confer with Lloyd George on the Irish question.

DUBLIN, July 18.—Reports received at Dublin Castle indicate that there was no disturbance of the peace in rural Ireland over the week-end. In Belfast alone a feeling of uncertainty still exists.

LONDON, July 18.—General Smuts, Premier of South Africa, reappeared today as a factor in the Irish negotiations. Lloyd George, Viscount Fitzallan, Lord Lieutenant of Ireland, and General Smuts had a long discussion at the Premier's country residence. The Premier met the cabinet ministers before calling de Valera into conference.

PRAIRIE SWEEP BY HAILSTORM

Much Damage Was Done to
 Crops and Property in Sas-
 katchewan and Manitoba.

TREBERNE, Man., July 18.—A storm, six miles by two miles wide, swept by a hailstorm on Saturday damaging from fifty to one hundred percent of the crops. Trees and telegraph poles were uprooted and several small buildings were wrecked.

RDGANA, July 18.—Hundred percent damage was done to crops in a hailstorm which cut a swath of seven miles in width in this district on Saturday.

KINDERSLEY, July 18.—The total damage from the hailstorm on Saturday in this district covered a strip of seven miles in width. Damage was done both to crops and property.

FISHERMEN DROWNED

Run Down at Rivers Inlet by
 Steamer Celtic From
 Vancouver.

VANCOUVER, July 18.—Two white fishermen were drowned at Schooner Passage, Rivers Inlet, on Friday evening after their boat had been in collision with the Vancouver steamer Celtic of the Coast Steamship Co. The identity of the two men has not yet been established.

When the accident occurred the Celtic was bound inward. The fishing boat, it is said, swung across her bows and was run down. The men were in the act of hauling in their net at the time. They disappeared almost immediately.

MILLION DOLLAR FIRE NEW YORK

NEW YORK, July 18.—Fifty men were overcome today in fighting the big million dollar fire at the building of the Phoenix Insurance Company in this city.

AUSTRALIANS WIN TENNIS SATURDAY OVER CANADIANS

TORONTO, July 18.—Norman Park and C. V. Todd, Australians, won the Canadian open tennis championship on Saturday defeating Paul Bennett and G. D. Holmes, of Winnipeg, in the final match. The score was 6 to 4, 5 to 7, 7 to 5 and 6 to 4. The play was close and exciting and was watched by large crowds of highly interested spectators.

AERIAL DERBY WON AT TERRIFIC SPEED

H. N. James Covers 200 Miles in
 Hour and Fourteen Minutes
 or 162 Miles an Hour.

BRENDA, England, July 18.—A speed of 162 miles an hour was averaged by J. H. James in the aerial Derby, when he covered the 200-mile course here in one hour and fourteen minutes. He created a record for the 200-mile course.

MOTOR ROAD FROM EDMONTON TO COAST

Board of Trade of Alberta Capital
 Discusses Prospect of Route
 to Vancouver.

EDMONTON, July 18.—Real momentum to the scheme for putting through the motor road from Edmonton to Vancouver and giving the western link in the Halifax to Vancouver highway was given at the luncheon held in the Board of Trade rooms. The meeting was arranged by the Edmonton Automobile and Good Roads Association and the speakers included Professor W. H. Alexander, Y. J. Palmer, Walker, of the Studebaker Corporation of Canada Limited, and W. J. Pace, superintendent of construction on the Grand Trunk Pacific.

G. H. Reed, president of the association, presided and introduced the speakers. Mr. Reed referred to the twenty million dollar grant offered on terms to the provincial governments for the bettering of national highways. Alberta, so far as he knew, had not yet taken up the offer. The United States, said the president, was reaping untold benefit and profit from their interstate highways.

Alberta and the entire West had wonderful natural scenery and the highest altitude on the proposed road was 3,600 feet.

SIR SAM HUGHES BETTER.

LINDSAY, Ont., July 18.—The condition of Sir Sam Hughes is today much improved.

PRISONERS SET FIRE

Kept Back with Rifles While
 Firemen Extinguish Blaze.

PITTSBURG, July 18.—A reported outbreak of prisoners in the Western penitentiary were followed soon after noon today by a fire which quickly destroyed ten frame factory buildings within the enclosure.

Penitentiary guards were reinforced by the other police and deputy sheriffs armed with rifles and riot guns. They are holding the prisoners at bay while a heavy fire fighting force is engaged in an endeavor to extinguish the flames.

VETERANS PROPOSE MAKING A CANVASS ON DISARMAMENT

OTTAWA, July 18.—The Great War Veterans Dominion command is launching a scheme to canvass seven million ex-soldiers of the British Empire for their opinion on disarmament. They will ask Earl Haig to convey the veterans opinions to the Washington Disarmament conference.

Two Liberals Are Elected in Alberta; Other Candidates Being Chosen There Today

CALGARY, July 18.—Two Liberals are already elected today in Alberta. Premier Stewart was returned by acclamation on Monday last and A. S. Shandrow of Whitford is also elected, his opponent, M. Cornelius, being disqualified owing to a technical breach of the Elections Act.

Great interest is being taken in this election, women voting as well as men. The weather is fine and it is expected that a great majority of the 130,000 electors will be heard from at the polls. In the rural districts the polls close at 5 and in the cities at 6.

The fact that a number of women are candidates this time is an interesting factor in the situation. Mrs. Langford is running in Calgary and Mrs. Parly at Lacombe. Labor is trying to elect Mrs. Mellard, a socialist at Edmonton, while Mrs. Gale is offering as an independent at Calgary.

This is the first time the Conservatives have fallen down in opposition, the opposition present being represented largely by farmers and independents.

SOLD AT ONCE AS RESULT OF ADVERTISEMENT

Last week a small advertisement was inserted in the classified columns of The Daily News offering for sale an Evinrude outboard motor. There were a number of replies, and as a result the engine was sold on Saturday. Half a dozen similar engines could have been sold, judging by the people who enquired at the office of The Daily News and at the Boat Club. Some of the enquiries were from out of town.

Sam Antous, the popular Prince Rupert Hotel clerk, returned on last night's train from the three weeks' holiday in the course of which he visited Vancouver, Calgary and Edmonton making the round trip on the Canadian National lines.

SINN FEIN PRISONERS IN MUTINY

PLYMOUTH, Eng., July 18.—Ninety Sinn Fein prisoners recently brought from Ireland to Princeton prison near here mutinied on Saturday and refused to work. They had to be forced back into their cells by a large staff of wardens.

W. F. Bums, of Balmoral Cannery, spent the week-end in the city.

BIG STEAMER GOES AGROUND

Strikes at Low Sault Rapids in
 St. Lawrence and Passen-
 gers Landed.

CORNWELL, Ont., July 18.—The Rapids King ran aground at the Long Sault rapids of the St. Lawrence River on Saturday and sustained heavy damage. The passengers numbering 329 were taken off the vessel Sunday with great difficulty owing to the raging current and there were many exciting scenes in the course of landing them.

The Rapids King belongs to the Canadian Steamship line. It is believed she is not badly damaged and is already afloat under her own steam.

BIG FISH CAUGHT AT WARKE CANAL

Mr. and Mrs. George Bryant Took
 Friends for Trip at End of
 Week.

Mr. and Mrs. George Bryant, on their fine launch Harla, headed a highly successful and enjoyable fishing trip to Warke Canal at the week-end, the fish taking the bait well and were of good size, some of them weighing as high as six pounds. They looked like mountain trout but just what variety they were was not determined. Anyway, they provided good sport and tasted well. The guests of Mr. and Mrs. Bryant were Mrs. S. P. McMorris, Jarvis McLeod, Charles Poole and Harry Lipssett.

Starring at the Empress Theatre Tonight.

Today the contract between the city of Prince Rupert and Captain Babington for the laying down of Smith Island rock on the city streets is being signed.

Althol Fraser, one of Prince Rupert's real old timers, returned to the city last night on the Camosun after visiting in the south for several weeks.

Mr. and Mrs. S. S. Mazoff returned to the city last night. They have been away about two months and visited St. Paul, Winnipeg and Edmonton.

Mrs. J. Pills, of Sixth Avenue West, left on this morning's train for a two months' visit to her old home in Antigonish, N. S. This is her first visit home in 20 years.

The marriage took place in Winnipeg last Tuesday of Miss Miriam Helman and Arthur Leith, of Prince George. Mr. and Mrs. Leith are spending a honeymoon in lower coast cities and will later return to Prince George by way of this city.

Mortley Shier returned last night from a visit to Stewart. He reports that work is proceeding rapidly on the construction of the new tramline to the Premier mine, that development work is being done on the Basil cliff property and at other points up the Bear River. There is also work being done on the Marmot River. The temporary stoppage of road work is making things rather dull in the camp.

O. L. Spencer, advertising manager of the Calgary Herald, spent a day or two in the city leaving last night for Vancouver on a combined business and pleasure trip. He took a deep interest in Prince Rupert and her progress. He served overseas along with James McNeill, who is in charge of the building operations at the new Court House.

ATTEND OPENING OF THE COMMUNITY HALL

Hon. Alex. Mahson left this morning for Hazelton and from there will proceed to Round Lake for the opening of the Community Hall, preparations for which are under way. Hon. Mary Ellen Smith who is to give an address at the opening has been campaigning for the Liberals in Alberta and is expected to arrive direct from that province.

BIRTH

There was born yesterday to Mr. and Mrs. J. McLean, 230 6th Avenue East, at the Prince Rupert General Hospital, a boy.

Building for the Ages.

After a block of new houses had been partly finished, the builder and his foreman went out on a tour of inspection. The former left his assistant in one house and went into the adjoining one, when the following conversation ensued:

"Can you hear me, James?"
"Yes."
"Can you see me?"
"No."

The builder rejoined the foreman and remarked, with a self-satisfied air: "Now, them's what you may call walls!"

PIONEER PROSPECTOR REVISITS SCENE OF FORTUNE'S DISCOVERY

Ole Pearson, Who Had Dream Presaging Wealth, Is in the City.

Ole Pearson, one of the original locators of the Dolly Varden mine at Alice Arm, is in the city after having spent a week in the northern silver camp renewing old acquaintances and revisiting old scenes, after an absence of seven years in Sweden his home, where he was compelled to return in 1914 on account of illness sustained as a result of the hardships undergone in the hills in prospecting days. On Wednesday morning, Mr. Pearson will again start out for Sweden.

Mr. Pearson noticed that a great and pleasing transformation had taken place in Alice Arm during his long absence. The town had grown from a few prospectors' cabins and the Dolly Varden mine had become a modern and operating plant. It was his only regret that his health does not warrant his remaining there but he feels that when he again regains strength that the tug of the B.C. hills will bring him back again to the life he loves.

Mr. Pearson is the prospector who had the romantic dream that is said to have preceded the discovery of the Dolly Varden mine. That was in 1916 when he and Ole Evindsen and a few other prospectors were the only men who had ever pierced into the rugged wilds of the Kit-sault River Valley.

PULP MEN VISITED UNION BAY POWER PROJECT AT WEEK-END

Over the week-end Mr. Emerson, accompanied by E. F. Duly, local manager and Engineers Crowell & Leland, paid a visit to the Union Bay power site at the mouth of Wark Canal. They made a preliminary examination leaving here on Saturday morning and returning to the city just before the Prince George sailed. The trip was made on the company launch, Seal Cove.

John Emerson, president of the Prince Rupert Pulp and Paper Co., returned to Vancouver last night after having spent a few days here conferring with the local officials of the company and the city council. The latter have gone on record as favoring a plebiscite on granting power and water concessions. The matter will again be discussed at tonight's meeting of the council.

HARMONY SIX HAS POPULAR DANCES

On Saturday Night Mrs. Ben Self and E. Craggs Were Winners in Waltz Competition.

The Harmony Six Orchestra gave another splendid dance in the De Luxe Hall on Saturday night at which there were about 75 couples in attendance. The feature of the evening was the prize waltz competition, which was won by Mrs. B. F. Self and Eddie Craggs. The music at the dance was of the usual high class order which makes dancing indeed a pleasure. The six-piece orchestra is made up of "Stew" Scriven, violinist and leader; Dave Fanthorpe, piano; Frank Schofield, cornet; Ball Harstead, trombone; Jimmie Provost, banjo, and Billie Martin, drums. Tommy Smith was master of ceremonies.

The Man in the Moon SAYS-

BARRIE has written a parody of Mrs. Asquith's book which he calls "Knees I Have Sat Upon." There are some things that should never be told and this is one.

I know a dumb thick-headed mutt That I should like to poke, He will accept a favor but He cannot take a joke.

BEING asked the difference between a gentleman and a gent a friend of mine replied; "A gent is a person that chews gum, gets his neck shaved and in conversation with his friends says 'I aint.'"

THESE patronize-home-industry people make me tired. The other day one of them went off and got married.

THE latest sport in which the girls engage is that of "keepin' 'em danglin'." There is no need to explain the game to the men and the women know all about it already.

THE difference between fact and fiction is clear as the difference between day and night. In fiction they live happy ever after but in fact they... (sh, my wife may read this.)

The only objection to Prince Rupert is the number of old people-around who have not yet celebrated their fortieth birthday.

Be young my boy, Let naught annoy, Keep happy though You have to row The boat of life Mid care and strife, Keep smiling when With other men To all the shows Your Sweetheart goes, Stiffen your lip And take this tip Be young today Keep age at bay.

FINE OFFERING OF SUMMER PICTURES AT THE THEATRES

Lahoma is the offering at the Westholme Theatre tonight. It is a western play with all the thrills and romance of the west. It deals with early days in Oklahoma, where danger walked hand in hand with romance. It is said to be "filled with feeling, ruggedly beautiful, a story to tear your heart strings, wet your eyes and keep you smiling."

At the Empress tonight "The Miracle of Manhattan at Night" is a story of high life in New York with all its attractions. It deals with cabarets and social events and is sufficiently exciting to interest everyone.

Fred Stephens, son of Mr. and Mrs. M. M. Stephens, Emerson Place, is still in Montreal spending holidays and will return home about the middle of next week. He did not go to Jersey City to see the world's heavy-weight championship bout.

PREPARE FOR WATER GALA

Possibility of Holding It on a Sunday is Discussed Good Contest Promised.

Whenever the gala of the Prince Rupert Swimming Club is held, there is sure to be a good deal of interest taken in the long distance contest this year. There are several good swimmers who go to the lakes regularly and it is whispered that there are several who do not show themselves often at the lake but who are excellent swimmers and may give the local men a close run this year.

While no date has yet been set for the gala, it is expected it will be staged during August as it was found last year that September was rather late for the event.

Sunday Gala.

The question of holding the gala on Sunday has been discussed and there is some opposition to it. While Sunday is the day most of the swimmers enjoy their sport at the lake, a few of the athletes hold back because of religious scruples. Wednesday the banks and wholesale establishments work as well as the Drydock and the builders. On Saturday the retailers have to work until late in the evening. The only alternative is either Sunday or a public holiday. Labor Day is already taken by the labor unions, hence the difficulty.

CARPENTERS' PICNIC WAS GREAT SUCCESS

Over 200 Persons Enjoyed Yesterday on Shores of Digby Island—G.W.V.A. Band There.

The Carpenters' Union picnic to Digby Island yesterday proved in every way a complete success and 200 persons, among whom were many women and children, enjoyed it. There were races for men, women and children and these were watched with a great deal of interest. The Great War Veterans' Band was in attendance and dancing was enjoyed for a couple of hours on the Quarantine Station bridge. There was a plenitude of all kinds of refreshments. Four trips, going and coming, by the "23" handled the crowd.

Leaving at 9 o'clock in the morning all were home safely by a similar hour in the evening. The committee in charge consisted of John Vrecek, Sid Butters and Rod McLeod.

DE LUXE ICE CREAM

Having enlarged our premises and installed modern machinery, we are thoroughly equipped to take care of our ever-growing ice cream trade.

The ingredients used in "De Luxe" ice cream are of the best, our cream being imported from the south-Island weekly.

Ice cream is made daily on our premises in three flavors—Vanilla, Strawberry and Chocolate. We also specialize in Neapolitan ices.

We solicit orders for Teas, Dainties, etc., and all orders are given special attention and delivered by our own automobile. We make prompt shipments of out of town orders.

JASPER BALL TEAM COMING

Will Arrive Here on July 28 to Play Three Games with Locals.

The Jasper baseball team, which is making a tour of the towns along the Canadian National Railway between Jasper and the coast, will be here on July 28 to play a series of three games, according to arrangements which were closed yesterday between Ted Garrison, manager for the Jasper team, and the local baseball association. The visitors will arrive here on the train of July 28 and on the next day, Friday, will play one game with a local select team and a doubleheader on the Saturday if the present plans carry out. They will return East on Monday morning's train. Season tickets will be issued for the series of games by the local association. The Jasper team has been cutting quite a swath in the interior and should put up good competition with Prince Rupert. Their tour includes visits at Prince George, Vanderhoof, Smithers and Hazelton.

Sport Chat

The idea that the enthusiasm and the quality of play in the Senior Football League is slackening off as the season advances was certainly dispelled after the game between the Gallies and the Sons of Canada took place on Friday night. It was one of the very best games of the season and there surely was a lot of hard, tight playing. The offensive of both teams were hot but they were met with sturdy defence work which was largely responsible for there being but one goal scored. Of course, both sides missed chances but that does not take away from the quality of the play. Had the Sons of Canada not played off side so much there would likely have been more tallies to their credit. The next scheduled fixture is that between the Sons of England and the Sons of Canada for Wednesday evening and this will be a keenly interesting match for the winner will take the lead in the league standing. If the Sons of Canada win they will be a way out on top with a lead of three points. If the Englishmen win they will be one point ahead of the Sons of Canada at the top of the list.

TOMMY GIBBONS TO FIGHT CARPENTIER

NEW YORK, July 18.—Tommy Gibbons of St. Paul was today matched with Georges Carpentier for a bout in October for the world's light heavyweight championship.

Friendly banter is a part of modern sport and goes with all games. There is no reason why officials or players should take any offence at it though. It is generally given in a good spirit and should be so taken, as long as it is confined to generalities and there are no personalities. This is not always the way it is taken, though, either in the football or the baseball leagues here. The person who rises up in ire at a joking remark will only find himself the butt of more of them and will have gained no point by it. Sport should not be the means of creating bad feeling but should really make the friendship stronger not only among the players of one team but among the players of all groups generally. The true sportsman takes defeat and the banter that goes with it in the same spirit and with the same good feeling as he does the laurels of victory. There is no way that he shows his inexperience and poor sportsmanship more than by rising up in anger at the joking comment.

Alaska is progressing. There was a golf tournament at Skagway as a part of the Fourth of July celebration and the visiting golfers from White Horse were defeated by the Skagwayites. The golf course at the Lynn Canal town is a nine hole affair and most of the leading citizens of the White Pass Railway terminus tee off regularly. When the fact becomes generally known that there is a green at Skagway, it will not be surprising to see the tourists passing through on the Canadian Pacific Railway summer steamers toting their clubs and bags along with them. It would only afford another delight on the popular voyage which already has so many of them. It should be a pleasure for the down east golfer to say he had been in Alaska and had played golf there. It would also detract from the general idea that Alaska is a land of ice and snow where all there is to see is icebergs and glaciers.

SCOTSMEN CARRY OFF ALL HONORS FOOTBALL GAMES

PHILADELPHIA, July 18.—All efforts of the American football players to beat the visiting Scottish players has so far proved abortive. In the game with the All-Philadelphia eleven on Saturday the Scotsmen won by a score of three goals to one. At New York they also played a crack team yesterday and on that occasion the score was two to one.

Yesterday's game constituted the twenty-third straight win for the team.

WHITE STRIKE ITALIAN CITIES

Workmen Slowed Down Until Almost Nothing Was Being Done.

ROME, July 18.—The recent "white strike" of the state employees of Italy produced another series of innovations in labor disputes. The workers kept their positions and nominally did not cease to work but all "soldiered on the job" to such an extent that in many cases total absenteeism from work would not have wrought greater damage.

The strike besides involving the ordinary employees in the state administration included the postoffice forces, which in Italy comprises both the telephone and telegraph. The employees would present themselves for work in the morning and "soldier" along with their work, getting practically nothing done until 11 o'clock, when all would leave the various ministries and offices for labor meetings.

The whole of the state's administration would then be at a standstill for several hours, while in some cases it extended for the whole day. Besides the mass meetings, there would be local meetings in the various departments, all at the expense of the time of the government.

Central Was Busy.

The greatest public inconvenience was caused by the attitude of the postal employees, including the telegraph and telephone staffs. Dismissal was threatened those who attended the daily labor meetings but that threat only partially succeeded in restoring discipline. Telephone service was practically at a standstill. Persons would attempt to get the centrals for hours and would finally give it up in despair. Occasionally, a central operator would answer but there was never a guarantee that the connection wanted would be given.

The letter-carriers also participated in the "white strike." The street letter-boxes became filled too full for another letter. They were only emptied when it satisfied the whims of the man assigned for the work. The service was completely disorganized.

Premier Giolitti gave orders that all adhering to the "white strike" must be punished. Accordingly over 100 were discharged in Rome, 400 in Milan, 140 in Naples and large numbers elsewhere.

A Matter of Orthography.

A note from the Fellow to the Boss:

"Dear Sir: I have decided to get another job unless you raze my salary."

The reply:

"I have decided to accede to your request and raze your salary, which will allow you to start on your new job right away."—Richmond Times—despatch.

COLLECTS MONEY IN GERMANY FOR FIRM

Representative of Massey Harris Company Gets Large Sum For Big Concern.

TORONTO, July 18.—Former Finance Commissioner Thomas Bradshaw, now General Manager of the Massey Harris Co., has just carried out a neat coup which will bring a large sum of money to the treasury of the company. The money is all for German account which, when the war broke out were thought to be worthless and were written off the books. Mr. Bradshaw had to go right to Berlin, but the trip was worth while. He got all the accounts cleared up. Mr. Bradshaw is now on the ocean on his way back to Canada.

Mr. Bradshaw's work for his company was discussed in banking circles yesterday with a great deal of interest. The Massey Harris Co. is the first concern in Canada with German accounts on the books to have them cleared up and with good Canadian money.

Accompanying Mr. Bradshaw to Berlin was an officer of the Canadian Government. The Government official went to give information to the German Government regarding the large amount of money in the Canadian Treasury to the credit of German and the German Government.

Mr. Bradshaw presented his accounts at the same time with the result that the Massey Harris manager is coming back to Canada with an order upon the Dominion Treasury for the amount of his accounts which run into a large sum.

REFORM PRISONERS AT PENITENTIARIES LATEST SUGGESTION

Cost of Keeping Prisoners is High But Might Be Reduced, Says Report.

OTTAWA, July 16.—The average cost to Canada of imprisoning a prisoner in penitentiary is \$2,800. To this must be added the loss or damage resulting from the commission of the crime, together with the value of support given to dependents of the man imprisoned, as well as the cost of the prison itself.

well as the economic loss to the state of the value of the prisoner's labor. If a like amount were spent in an endeavor to help the fallen do well, as it costs to convict and imprison them, very few indeed would be sent to prison.

The foregoing paragraph in the annual report of Brig. Gen. W. St. Pierre Hughes, superintendent of penitentiaries, is followed by our expressing the opinion that penitentiaries, through reformation, may accomplish valuable work for Canada if they are given sufficient government work and segregation. These two essentials, it is stated in the report, have been denied in Canada, though in other respects the Dominion has been well ahead of other countries in regard to prison management.

"Though but a limited amount of pay work was done at the penitentiaries during the past year," the report states, a revenue of \$143,333.39 was returned to the government. If sufficient work were provided the penitentiaries could easily be made self-sustaining and wages paid to the inmates for their labor as well."

In his report, which covers the fiscal year ending March 31, 1920, the superintendent of penitentiaries points out that "penitentiaries are now fast being regarded as industries—factories to manufacture government material and to remake men. From depraved, neglected, diseased and crooked materials received, their object is to turn out, as their product, good citizens, reformed and fully qualified to take their places in the world of work."
