(Continued from Page One.)

would be the next premier of Canada.

**Railway Policy.**

The speaker mentioned the way in which the Canadian Northern had been sloughed off on to the Government and the Grand Trunk taken over. Walter Scott had predicted that a condition like the present would follow and that an effort would be made to hand the railway over to some interests who were anxious to get it. This seemed to be the present move. The railway was opening magnificent offices at San Francisco, Los Angeles and in other American cities but here at Prince Rupert we could not get even a station as big as a packing case. The expenditures in the States were useless and the money might better be expended in fishery. The only advantage in the present policy was that it was a magnificent opportunity to furnish jobs. It was no wonder the railway was broke today.

Mr. Stork referred to the workings of the Government press bureau at Ottawa. The present leader had been chosen in a democratic way and he was worthy of their support.

**President Williams.**

W. E. Williams said that in Prince Rupert of all places they felt the heel of the present Ottawa Government. No one could feel more deeply than we the fatal railway policy, especially in connection with our fish business. Every man was aware of the troubles and trials in efforts to secure a business which would be remunerative to the railway. They had been working on it for years, but there was not a sign of a car yet. If we were not good law-abiding Canadians we should not stand for it. It was because we were law-abiding we suffered but tried to get redress. Over one thousand cars of fish had been driven from the coast last year and 650 of these would

probably have come here. Short speeches were made by several others and the meeting then adjourned.

**COPPER ADVANCE**

Half Cent a Pound Rise is Cheering News to the Anyox Management.

VANCOUVER, March 30.—The advance in the price of copper from eleven and three quarters cents a pound to twelve and a quarter yesterday for future delivery was cheering news to the Granby officials here. It is a step in the direction of Anyox once more operating on a paying basis.

**FORMER VICE-CONSUL  
 HILL TRANSFERRED TO

 FROM ECZEMA**

Complete Treatment That Gives Gratifying Results

WASHINGTON, D.C.  
 "I had an attack of Weeping Eczema so bad that my clothes would be wet through at times.

For four months, I suffered terribly, I could get no relief until I tried "Fruit-a-lives" and "Sootha-Salva".  
 Altogether, I have used three boxes of "Sootha-Salva" and two of "Fruit-a-lives", and am entirely well."  
 G. W. HALL.

Both these favorite remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

"Fruit-a-lives" is also put up in a trial size which sells for 25c.

 Low, 10:44 a.m., 4.9 feet.  
 22:44 p.m., 8.2 feet.  
**Tuesday, March 29.**  
 High, 4:56 a.m., 49.1 feet.  
 4:56 p.m., 46.7 feet.  
 Low, 11:31 a.m., 6.1 feet.  
 23:32 p.m., 9.4 feet.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours from midnight to midnight.

The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.

The height is in feet and tenths of feet above the average level of lower low water.

**NEW DIRECTORS  
 FOR WANDERERS**

Annual Meeting Held Last Evening—W. O. Fulton Resigns Secretaryship

The annual meeting of the Wanderers' Club was held last night when officers were elected and general business for the year transacted. The club was shown by financial reports to be on a very stable basis at the present time due to the capable management of the outgoing board of directors. The resignation of W. O. Fulton, who has been secretary for some years, was received with regret and a vote of thanks was accorded him for his faithful service.

The election of directors for the ensuing year resulted in Joseph Howe, Dr. J. P. Gade, W. H. Vickers, J. A. Macdonald, R. O. Miller, H. F. Wearmouth, T. B. Hooper and Douglas P. Stork being chosen. The directors will later appoint the president and secretary.

**GERMAN WHO PLOTS  
 TO BRING MONARCHY**

Hugo Stinnes, Owner of Chain of Newspapers Pulls Strings

LONDON, Mar. 30.—Hugo Stinnes, generalissimo of German industry, recently accused of plotting a strike of several hundred thousand workers in the Ruhr district to make more difficult the Allied occupation of Dusseldorf, Duisburg and Ruhrort, is referred to by the Berlin correspondent of the Times as "an earnest and dangerous patriot."

Stinnes, a multi-millionaire member of the Reichstag, has put through some of the greatest financial deals of his career since the armistice. He has been called "a relentlessly efficient calculating machine." It has been said that he would sacrifice every mark of his enormous fortune to bring back the monarchy.

Mine-owner and coal merchant, ship-owner, landed proprietor, head of a great chain of newspapers, proprietor of the finest hotel in Berlin, trader in oils, paper, hides, jute, peat and manufactured wares of many kinds, Stinnes, the Times correspondent says, "is today the wealthiest, most influential, best known, and at the same time the least well-known man in Germany."

Publicity and notoriety are alien to him, it is stated, and it is stated, he prefers to remain behind the curtains in the Reichstag, permitting his henchmen and lieutenants to do the talking while he pulls the strings.

**SIMPLON TUNNEL TO  
 BE COMPLETED BY  
 THE END OF JULY**

GENEVA, Mar. 30.—The second Simplon tunnel under the Alps between Switzerland and Italy will be completed by the end of July, engineers say. Railroad traffic will be diverted through it immediately and repairs made in the first tunnel, opened 30 years ago. Both will be used sometime in 1922.

The first tunnel 4 1/4 miles long, cost £2,940,000. The new bore will cost only about one-third that amount. Construction was begun before the war, but work was abandoned because the workmen were nearly all mobilized. Half-way through, sulphuretted boiling springs were uncovered and many workmen were killed.

**TORPID LIVER**  
For over 4 Months

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lax, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the excessive, clear away the waste and "effete matter" by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mag. Alice Mehl, Nanaimo, Ont., writes: "I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and am a different person today. I can safely recommend Laxa-Liver Pills to any one troubled with liver troubles."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**Moving a mountain with a teaspoon**

Moving a mountain with a teaspoon may be possible, but the method is not to be recommended.

Establishing Provincial or Dominion-wide demand for one's goods may be possible without newspaper advertising, but again the method is not to be recommended. You can prove this for yourself by asking the first twenty persons you meet such questions as:

What brand of collars do you wear?	What tobacco?
What kind of shaving soap do you use?	What razor?
What breakfast food?	What cigars?
What tea?	What mustard?
What cocoa?	What sugar?
What coffee?	What shoes?
What underwear?	What motor car?
What chewing gum?	What tires?
	What brand of anything?

Irrespective of location, the answers will reveal the names of products advertised in daily newspapers. This condition is not accidental. It is the result of ambition and vision and courage—particularly courage—upon the part of the manufacturers.

Daily newspaper advertising is not a venture to be undertaken lightly—but once started and persisted in, it will turn Dividends of Demand that no power on earth can forestall.

### NEW LADIES' LODGE BEING INSTITUTED

Mrs. Carlow Arrives From Victoria and Will Institute Royal Purple Order Formally

The initial organization meeting of the Royal Purple Lodge, Ladies' associate lodge with the Elks, was held last evening at the home of Mrs. G. J. Frizzell, Seventh street, and there were thirty prospective members in attendance. Nominations were made and tonight the election of the first officers will be held. W. J. Cash, W. E. Williscroft and W. E. Thompson, of the Elks lodge, were in attendance to direct the proceedings. The gathering concluded with the serving of delightful refreshments.

Mrs. E. Carlow arrived this morning on the Prince George to institute the lodge formally and install the officers. Mrs. Carlow will be the raison d'être of a number of social functions during her visit here.

### SHE LOVES AND LIES

Norma Talmadge Tonight at the Westholme Theatre in Triple Role.

Norma Talmadge is known to be one of the most versatile of all feminine screen stars, but her remarkable talents in this direction have never been shown to such good advantage as in her latest production "She Loves and Lies" which will be seen at the Westholme tonight.

In this adaptation of Wilkie Collins' story of the same name Miss Talmadge portrays three separate and distinct characters, each being of a different social caste, age and physical appearance. Not only does the star make her portrayals realistic but she makes them convincing.

### GRANBY MANAGER IN RUPERT TODAY

Accompanied by Mrs. Munro and Two Little Daughters on Way to Anyox

H. S. Munro, general manager of the Granby Consolidated Mining, Smelting and Power Co., accompanied by Mrs. Munro and two daughters, is in the city today on the Prince George en route to Anyox, where Mr. Munro will now spend a month. Mr. Munro states that operations are being carried on as usual at Anyox by the company despite the downward trend of the copper market.

Within a month's time the company's business in the Boundary country will be entirely shut down, and at Grand Forks there will be but two or three watchmen left in the employ of the company taking care of what little machinery and equipment remains at the once active smelter. Mr. Munro states that there is little likelihood of operations ever again being resumed there and all the removable stock has been taken away.

### TRY TO BREAK THE JONES LAW

Effort to Show Discrimination Against Alaska in Favor of States

JUNEAU, Mar. 30.—An effort is being made to have the Jones Shipping Law, as it applies to Alaska, declared unconstitutional. It is claimed that it contrary to the powers granted to the Interstate Commerce Commission and that it discriminates against Alaska in the matter of through routing over Canadian lines, although bestowing the benefits of such routing on other parts of the country. It is part of the constitution that no preference shall be given any one state over any other.

### OLD JOHN BURROUGHS LEAVES FOR BEYOND

Famous Naturalist Dies at Age of 84—Was Famous Author.

NEW YORK, March 30.—John Burroughs, naturalist and author, is dead at the age of 84 years. He is the most noted of living naturalists and is a disciple of the famous White of Selbourne who established a new method of study by means of direct association with the subject.

Burroughs has written many books on natural history full of the life of the wild things and throbbing with sympathy.

### FOUND DAUGHTER THROUGH THE MOVIES

PITTSBURGH, Mar. 30.—The disappearance last August of a 17 year old Pittsburgh high school girl has been partly solved. Her mother, Mrs. J. A. Watkins, has reported to the police that she has viewed a motion picture in which the missing girl played the part of a "stenographer."

B. Jolliffe was fined \$50.50 this morning by Magistrate McMorde for having liquor illegally in his possession.

**NO REDUCTION IN LIGHT RATES**

City Council Feels that Time is Inopportune for Such Action and Bylaws Laid Over.

The bylaw providing for a substantial reduction in light and power rates introduced at last night's council meeting by Ald. Perry, chairman of the utilities board, was laid over indefinitely, the present time being deemed not opportune for the reductions with the ratepayers already paying taxes to capacity and the sale of bonds not yet complete.

In introducing the bylaw, Ald. Perry stated that he had expected there would be opposition to it on the ground that the reductions would not be timely and that the new system of measurement would be cumbersome. He felt, however, that these could be explained away in view of the fact that there was a general demand for lower rates.

Ald. Dybhavn, who led in the opposition to the bylaw, stated that the present time was not opportune for the reduction, the year ahead would be a difficult one and the taxation was up to the limit. It was no time to lessen the revenues of the city and before the year was out the city might be called upon to use all the funds that the utilities committee could produce.

**Good Profits.**  
Supt. Duncan explained that the Department had been making good profits and last year there had been a surplus of \$33,000 in the light department. Even with the proposed reductions there would be a surplus of \$16,000 this year.

Mayor Rochester was inclined to fall in with the views of Ald. Dybhavn, feeling that there was a general tendency in all municipalities to husband wealth. While it was a good policy to reduce rates where possible it was not wise to run too close to the wind.

**Is Laid Over.**  
Some discussion as to the allotment of the earnings of the utilities Department then followed, Ald. Perry feeling that at least some portion of them should be used in extensions and improvements to the system making for increased efficiency. Ald. Dybhavn felt that the utilities department was a part of the city as a whole and should not be treated separately but the revenue should be used where necessary always allowing sufficient to keep the system in good running order, however. It was finally decided, on suggestion of Ald. Dybhavn and motion of Ald. Perry, that the bylaw be laid over indefinitely.

The bylaw for the consolidation of bond issues of the city was read again by the city council last night. It has passed through the hands of the municipal inspector who states that he is prepared to recommend it to the attorney-general for approval.

**SHIP WHEAT TO LONDON**

Buenos Aires Carries Wheat to England from This Coast

LONDON, Mar. 30.—The arrival here of the steamer Buenos Aires with a cargo of Canadian wheat shipped by way of the British Columbia coast and the Panama Canal has attracted widespread attention here. She brought 3,200 tons of wheat.

F. C. Wade, agent general for British Columbia, has drawn special attention to the shipment which he says is destined to become historic. The Pacific coast, he says, is destined to become the front door of Canada, and shipments of wheat by that route will become steadily more frequent.

**DECOLLETTE OUTLAWED IN ARGENTINE REPUBLIC**

BUENOS AIRES, Mar. 30.—Bare arms and low-necked dresses have been outlawed by the ecclesiastical governor of Argentina. A notice has been posted in the doorways of all the Catholic churches reading:

"After Sunday, March 27, no priest for any reason will be permitted to administer holy communion to any married woman, girl or child who approaches the altar without having completely covered the breast, shoulder and arms with material that is not transparent."

**SPORT**

The Sons of Canada announced last week that they were ready and looking for an indoor baseball match with any team in the city which would oppose them. The Elks now say that they are ready for the fray and prepared to show the Sons a few more things than they know about the game. Somebody says that the only indoor baseball bat there was in town was broken in one of the practices, but in any event it should not be very long before a match is really pulled off with both teams, seemingly, so anxious for action.

Tonight when the last games of this year's schedule of the Fraternal Whist League are played, a very interesting and enjoyable series will be brought to a close. Although for some time the championship of the Knights of Columbus has been conceded, each Wednesday night the games have been thoroughly enjoyed and keenly contested. A great number of long winter evenings have been most pleasantly spent with the long series that is thus ended. The following is tonight's lineup: G.W.V.A. vs. Oddfellows; St. Andrew's vs. Knights of Pythias; Sons of Canada vs. Knights of Columbus.

The Fraternal Whist League was established in 1917 with five teams enrolled and the trophy that is still being played for was at that time put up by Ald. John Dybhavn. That season it was won by the Valhalla Society, of which Mr. Dybhavn was the president. Next season, 1919, seven teams participated in the series and the Knights of Pythias were the winners. Last year the Sons of Canada won out of a six team contest and this year the Knights of Columbus lead out of the nine teams with a big margin in their favor. In the near future a special social event will be put on at which a formal presentation of the cup to its new holders will take place.

Two-color window cards take the eye quickly. See them at the News Job Department.

**The Man in the Moon SAYS—**

NOW that spring is here and everybody has her Easter clothes, what about some tennis and boating to keep up the game.

JUDGING by the long time a woman sometimes keeps a man waiting, it becomes more and more evident that woman's work is never done.

A MAN who is on the square sometimes falls in love with a girl who is somewhat rounded off at the corners.

THE real woman is taking a big gambler's chance of getting a nutt instead of a man.

NOTHING makes a man so mad as to have his neighbor's chickens pecking over his back steps or marching up the walk of his front garden. It is so insanitary.

THERE may be a lot of things lacking in Prince Rupert, but nowhere in the world have they such cooks as are found here.

LIKE smoking with girls, swearing first becomes a habit with a man and often it develops into a fine art.

THE man who said all the nuts came from Brazil lied most monstrously.

THE police court reporter comes to believe the Biblical saying that "all men are liars." A judge has to pretend to believe somebody sometimes.

A person who attends one of the many dances this week may easily convince himself that a woman is often a lot older than she looks and a man often acts a lot younger than he ought.

PRINCE Rupert people may never be discouraged in regard to the physical difficulties of making a city when they remember that Black Rock is a summer resort.

IF a man is taxed on his net earnings, a trawler might have to pay on everything.

NO man seems to agree with a woman's idea of male beauty, unless she thinks he is the very nicest man she knows.

MANY a woman will wear almost nothing on most of her body, but if she happens to have a hole in her stocking she is ashamed of it.

**STORAGE.**  
TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co. Ltd., whose address is Anyox, B. C., will apply for a licence for the storage of five million gallons of water out of the east branch of Hidden Creek which flows southerly and drains into Hidden Creek, about two-thirds of a mile from Granby Bay.

The storage-dam will be located 300 feet from the east boundary of lot 2274. The capacity of the reservoir to be created is about five million gallons, and it will flood several acres of land. The water will be diverted from the stream at the dam and will be used for mining and domestic purposes upon the mine described as lots 480, 481, 482, 483, 484 and 485, 1523, 1675 and 1677, 2219, 2221, 2222, 2223, 2274, 2275, 2276, 2277, 2279, 2280 and 2281. The licence applied for is to supplement an application to take and use water as per water notice posted on 1st June, 1920 (see water branch file 022050).

This notice was posted on the ground on the 23rd day of February, 1921. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

## HEART OF CHICKEN THAT NEVER LIVED CONTINUES TO BEAT

NEW YORK, Mar. 30.—Dr. Alexis Carrel, who is to sail for France soon, will leave at the Rockefeller Institute laboratories one of the surgical marvels of the age. It is the heart of a chicken that never lived, although its heart, which was removed from the embryo in 1912, still beats and feeds its tissues in a special container. The organ has been nourished artificially for eight years.

Long before the war Dr. Carrel startled scientists with the announcement that he had kept portions of animals' hearts alive for months immersed in a special antiseptic solution, and that these portions, after a comparatively short time, surrounded themselves with living cells and grew to more than sixty times their original size.

Dr. Carrel was awarded the Nobel prize in 1912 in recognition of his surgical achievements, notably the transplantation of organs and the suture of blood vessels.

## TORONTO PARSON IN FAVOR OF DANCING

Says It Always Has Been and Always Will Be, but should be Controlled

OTTAWA, Mar. 30.—In the last of a series of sermons at the First Congregational Church here, Rev. Dr. Byron Stauffer of Toronto expressed himself in favor of dancing but expressed the opinion that it should be controlled.

In a recent controversy in Toronto over the matter of dancing he had shocked some religious people by declaring that dancing always had been and always would be. But modern dancing needed controlling in three ways. There must not be too much time devoted to it, there must be no improper sexual suggestions and it must be conducted in proper associations. The church could not suppress the life of young people; it must regulate the young people's amusements. So long as the three conditions he had laid down were fulfilled he would give dancing his support.

## Take Care of That Cough

Some people get a nasty cough and don't pay much attention to it, saying, "Oh, it will wear away in a short time," and while it may wear off, serious injury may have been done to the lungs and respiratory organs by the prolonged, harsh, racking coughing.

On the first sign of a cough or cold get a bottle of Dr. Wood's Norway Pine Syrup. It will stop that nasty, troublesome cough, ease the tightness across the chest, and loosen the phlegm.

Mrs. Wm. Earnshaw, Apsley, Ontario, writes:—"Last winter I caught a bad cold, had a sore throat and a terrible hacking cough that I could not get rid of. I could not sleep at night. I tried quite a few remedies, but they did not do me much good until I got Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles, my cough was all gone. I feel that "Dr. Wood's" has no equal."

When you get Dr. Wood's Norway Pine Syrup, you are not experimenting with new and untried remedies, but one that has a reputation extending over thirty years. Put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c. A bottle, manufactured only by The T. W. Johnson Co., Limited, Toronto, Ont.

## GERMAN EMIGRANTS RUSH TO ARGENTINA

Four Hundred on First Vessel Flying German Flag to Visit Country

BUENOS AIRES, Mar. 30.—Four hundred German immigrants came to Argentina a few days ago to seek their fortunes anew on board the first passenger vessel flying the German flag which entered this port since the beginning of the war. The majority of them were members of the former German middle-class and about 80 were officers of the German army, but few are understood to have possessed any capital with which to start life afresh. Most of them were counting upon prompt employment to provide them with livelihood. The same vessel landed about 300 German immigrants in Brazil and a smaller number in Uruguay. It is understood that this was the first of several steamers which are to bring contingents of German immigrants to these shores.
